The mission of Point University is to educate students for Christ-centered service and leadership throughout the world.

Point University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and baccalaureate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Point University.

This *Access Program Catalog* presents the nontraditional curriculum and programs of Point University. For general college policies and procedures and specific information regarding the traditional curriculum and programs of Point University, please refer to the *Point University General Catalog*.

POINT ACCREDITATION STATUS INQUIRIES: Point's primary accreditor is the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Inquiries regarding the University's accreditation status may be made to the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097; or by telephone at 404-679-4501. All other inquiries, such as for admission or academic information, should be made directly to the appropriate Point office.

NONDISCRIMINATION POLICIES: Point University does not discriminate on the basis of age, gender, color, race, nationality, national or ethnic origin, or disability in the administration of admission policies, educational policies, financial aid, employment, or any other college program or activity. Point University admits qualified students whose character is compatible with the purpose of the College without regard to age, gender, color, race, nationality, national or ethnic origin, or disability.

Point University does not discriminate on the basis of disability in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal law and regulations. The designated coordinator for compliance with section 504 of the Rehabilitation Act of 1973 is the President of the college.

HOW TO INTERPRET AND USE THIS CATALOG: The *Point University ACCESS Program Catalog* is an information book and reference guide. Information contained in this catalog is accurate as of the date of publication. The statements set forth are not to be construed as the basis of a contract between the student and the institution. Point University reserves the right to change any policy, procedure, provision, student expense, course, degree program, and/or requirement for graduation through appropriate processes. Every effort will be made to publicize changes. The University further reserves the right to ask a student to withdraw at any time.

Students are expected to know and follow the policies, regulations, and procedures presented in this catalog, the *Point University General Catalog*, and *A Covenant for a Christian Community* (the student handbook). Awareness of the college calendar, critical deadlines, and all college mail received by postal service, by email and/or in a student's college mailbox is also the student's responsibility.

For specific information regarding the traditional curriculum and degree programs of Point University, please refer to the *Point University General Catalog*.

GENERAL COLLEGE INFORMATION

History

Point University (formerly Atlanta Christian College) stands in tribute to the vision and tenacity of its founders and of those who have shared their sense of mission and devotion.

The heritage of Point University includes the stories of two short-lived institutions, Lamar College (1913-15) and Southeastern Christian College (1915-25), both of which were supported by people of the Christian churches of Georgia and both of which Judge T.O. Hathcock served as a trustee.

This heritage also includes the earliest efforts to bring ACC into existence. Judge and Mrs. Hathcock provided land (part of the farm inherited by Nora Head Hathcock), a building, and financial resources for the Christian School (1925-27) and, beginning in 1928, Point University. The Great Depression forced the college to close in 1930, but the founders of ACC were determined this would not be the end of the story. Since 1937, when the doors opened once again, ACC has operated continuously. The tradition continues as Atlanta Christian College officially became Point University on July 1, 2011.

Accreditation and Recognition

Point University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate and baccalaureate degrees. Inquiries regarding the University's accreditation status may be made to the Commission at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4501 for questions about the accreditation of Point University. All other inquiries, such as for admission or academic information, should be made directly to the appropriate Point office.

All other inquiries, such as for admission or academic information, should be made directly to the appropriate University office.

The College is recognized by the U.S. Office of Education and is listed in the Education Directory. The Department of Justice, Immigration and Naturalization Service has

approved Point University for acceptance of foreign students. Students who are eligible for benefits under programs administered by the Veterans Administration, State of Georgia Rehabilitation, and Social Security are approved to receive benefits while attending the College. (NOTE: The Access program does not admit foreign students at the current time).

Point University was chartered by the State of Georgia in 1928 as a degree-granting institution and has been certified as a not-for-profit institution by the Internal Revenue Service.

Governing Body

Point University is governed by a self-perpetuating board of trustees — community and Christian leaders who provide overall guidance and direction for the institution. Members are elected by the Trustee Affairs Committee and affirmed by majority vote to serve three-year terms. Point strives to have a diverse board that reflects a balanced slate of academic, business, educational and ministry leaders

Mission and Goals

MISSION: The mission of Point University is to educate students for Christ-centered service and leadership throughout the world.

GOALS: Point University believes that the goal of adult education is the continuing development of the total person. The curriculum and the adult learning environment are designed to encourage students to grow spiritually, intellectually socially, physically, and professionally.

- 1. Spiritually By including Christ in every class, Point University seeks to encourage students to grow in faith in Jesus Christ, develop a Christian worldview, and serve others.
- 2. Intellectually Point University seeks to encourage students to think analytically and critically, communicate effectively, and demonstrate competence in biblical and theological studies, human relations, and organizational leadership degree majors.
- 3. Socially Point University seeks to encourage students to respect and influence people of various cultures and live harmoniously in community.
- 4. Physically Point University seeks to encourage students to develop lifestyles advantageous to good health.

5. Professionally – Point University seeks to encourage students to equip themselves with the knowledge and skills necessary to pursue their chosen vocation.

VISION: Point University will be the college of choice for students seeking a Christian learning community that is academically challenging, spiritually vibrant and globally engaged.

Church Identification

Point University is a private college with support from congregations and individuals of the Christian Churches and Churches of Christ. The educational program of the University is in harmony with the faith and practice of these churches. While a significant number of students also come from this fellowship, the student body includes people from a variety of churches.

Doctrinal Position

We believe in the one God, Creator of heaven and earth, who eternally exists in three persons: Father, Son and Holy Spirit.

We believe that God the Son assumed human nature, was born of a virgin, ministered in word and miracle, died for our sin, was raised bodily from the dead, ascended to God's right hand where he presently reigns.

We believe that the Holy Spirit indwells every Christian and is presently at work in the Christian community, empowering lives of godliness and service.

We believe that the Holy Bible is inspired by God, trustworthy in its teaching, and the final authority for all matters of faith and practice.

We believe that all of humanity, due to sin, is destined for death, corruption, and separation from God apart from the redemptive work of Jesus Christ.

We believe that Jesus Christ established his church to be one holy people, to glorify God, and to carry out his saving mission among all nations.

We believe in God's saving grace that calls for faith, repentance, confession, baptism, and new life and service through the Spirit.

We believe in the blessed hope of the second coming of Jesus Christ, who will raise the dead and judge all with justice and mercy, and in the consummation of the Kingdom of God.

Library Resources

The Library grows each year with carefully selected materials and from the contributions of materials of generous donors. Annual growth adds to the present 65,500 volumes of books and periodicals.

The Library has significant holdings concerning the history of the Restoration Movement and Biblical studies with emphasis on New Testament. Literature and history are also well represented thanks in part to a purchase made in 1981 by the generosity of the alumni of the University.

The Library provides access to information in electronic form. A variety of databases, including GALILEO, cover all areas of study represented by the curriculum, and more. Thousands of journals are available full-text and indexing is available for thousands more. The computer lab provides students with software to prepare papers and presentations and with access to the Internet.

The facility which houses the Library is a beautiful and spacious structure completed in 1991. The building provides space for materials, a pleasing environment for study, and various services for students and faculty. The Library is located on the East Point, Ga., campus, while electronic resources are available to all campuses.

Main Campus and Off-Site Locations

In fall 2012, Point relocated to a new main campus in West Point, Ga. The West Point campus also offers the Access program for adult learners, while the East Point campus has been repurposed to serve primarily adult students.

Founded in 1832, the idyllic town of West Point is home to 3,500 residents along a scenic stretch of the Chattahoochee River on the I-85 corridor, just an hour's drive from the capital cities of Atlanta and Montgomery, Ala., and four hours from the Gulf Coast beaches and Georgia mountains. Part of the Greater Valley Area, West Point straddles Troup and Harris Counties in Georgia and sits just minutes from the Alabama cities of LaFayette, Lanett and Valley across the border. In fact, Point's traditional students will live in apartments just across the state line in Valley.

Formerly a commercial hub for textile production, today's West Point has a thriving economy as home to Kia Motors' first U.S. automotive plant, which opened in 2010. West Point has a walkable, historic downtown with an eclectic assortment of shops -- from antiques and unique home furnishings to quaint apparel and accessories boutiques -- and eateries including Asian, Southern and pub-style cuisine. Cultural opportunities in the area include a community theater, a 600-seat town auditorium and a local outdoor amphitheater. The town sits just downstream from the 26,000-acre West Point Lake offering 500 miles of shoreline for fishing, camping and water sports. The nearby Valley Community Center and Sportsplex offers tennis courts, baseball fields, soccer fields and a 64,000-square-foot aquatic Olympic center with a walking track, basketball, racquetball and football facilities.

EAST POINT

Point's East Point location is within one of the fastest-growing areas of metro Atlanta. A city of approximately 40,000, East Point is located just inside I-285 on Atlanta's south side. Residents and businesses alike appreciate East Point's proximity to downtown Atlanta and the Atlanta airport, along with its sense of community. Downtown East Point is experiencing revitalization, with shops and restaurants opening frequently, loft-style condominiums being built in former warehouses, and upscale residential construction in several established neighborhoods. On the other side of town, a large retail complex, Camp Creek Marketplace, boasts big-box retailers as well as a variety of restaurants.

The location itself, which rests on 54 beautiful, serene acres of rolling hills and shade trees, is located just 10 miles south of downtown Atlanta in a quiet, residential neighborhood. The land was at one time a family farm, and the birthplace of Nora Head

Hathcock. The land was donated to Point University by founders Judge and Mrs. T. O. Hathcock.

PEACHTREE CITY

The Peachtree City location offers degrees through our Access program for adult learners, core curriculum for traditional students, and dual credit enrollment courses for high school students. Point's 13,500 square foot facility in Peachtree City is located 10 miles south of I-85 at the intersection of GA-54 and GA-74, directly adjacent to The Avenue, a large outdoor mall area featuring numerous shopping and dining options.

SAVANNAH

The Savannah location offers degrees through our Access program for adult learners, core curriculum for traditional students, and dual credit enrollment courses for high school students.

BIRMINGHAM, ALABAMA

Point University offers the Access program at an instructional site in Birmingham, Alabama. This location provides day and evening options for students in a nontraditional format. This site currently offers only the A.A. and B.S. degrees in Christian Ministry and is located at the Church of the Highlands.

ABOUT ACCESS

The goal of Point's Access program is to provide quality courses that integrate faith and learning in a nontraditional format for the adult student. We understand the unique challenges faced by adults who want to pursue their degrees. We strive to serve our students and look to assist them as they seek a Christ-centered education.

Our program has been developed to serve the adult student. We recognize that adults have many roles and responsibilities in their busy days, and that their time is limited. We have designed our programs to meet those needs; classes meet one night each week, and progress at an accelerated pace.

The Access program at Point is designed for the working adult, providing a rigorous, sequenced curriculum that fosters a lifelong love of learning; shared experiences; and a deep sense of commitment to the betterment of society, beginning with the betterment of the learner's understanding of the world. Programs are structured to enable students to complete undergraduate degrees while maintaining full-time employment and meeting the demands of everyday life.

The Access program is specifically designed to be flexible in order to meet the needs of adults in the marketplace. Within each program, both theoretical knowledge and practical skills are used to provide the learner with the tools necessary to be successful in the global marketplace.

As an Access student, you will join a small cohort of adult students who will track through their degree program together. Each cohort follows a sequential schedule. Each course is taught one night a week from 6:00 to 10:00p.m. and lasts five weeks. Cohorts take one course at a time, meeting on the same night and at the same time and place every week. Having classes on the same night every week gives you the convenience to plan events based on a regular schedule. The small class format provides peer support, as well as faculty who are focused on student learning.

If you desire to attend a college where you can complete your associate or bachelor's degree quickly while receiving individual attention from faculty and staff, Point University is the place for you. New cohorts are forming every other month, so you can get started right now!

Remember, we care about your academic progress and your personal success. We aspire to give every student the support he or she needs -- from your first contact to the day you receive your diploma!

ADMISSION INFORMATION

General Requirements

Admission is granted on the basis of satisfactory evidence that a student has the ability to succeed at Point University. In keeping with the mission and goals of Point University, the admission process seeks reliable confirmation of a student's academic preparation, social development, and openness to spiritual formation in a Christian context.

Admission policy and decisions for the Access program are administered by the Access Admission Committee. A student's admission does not guarantee successful completion of any particular program of study. Admission to the University's other educational programs (traditional or online) is a different process.

All applicants must have basic computer proficiency including email and internet usage.

Application Procedures

GENERAL PROCEDURES: To apply for admission to the Access Program, a person must:

- 1. Be at least 21 years old.
- 2. Complete an Application for Admission.
- 3. Submit an official high school transcript showing graduation OR an official copy of passing scores on the GED from the GED Testing Service OR an official college transcript with 12 or more semester hours (18 or more quarter hours) of transferable credit.
- 4. Submit an official academic transcript from every postsecondary school, college and/or university previously attended.
- 5. Provide at least one of the following:
 - a. A 2.00 or higher cumulative grade point average at high school graduation;
 - b. A 2.00 or higher cumulative grade point average for 12 or more semester hours (18 or more quarter hours) of postsecondary or college courses; or
 - c. Official scores on the ACT Compass placement test for Reading, Writing, and Pre-Algebra (or equivalent scores on a recognized placement test).
- 6. Report at least one year of relevant work and/or volunteer experience.
- 7. Supply one personal reference.

When the items necessary to establish admission are received, the student's application is evaluated and the student is notified of his or her admission status. Applicants are encouraged to begin and complete the admission process as soon as possible. Adequate

time must be given for other institutions to send transcripts and documentation to the Access Admission Office. Failure to receive all official transcripts would result in a delay in processing an admission application.

An application is valid for one academic year. Updated application forms are required if one year has elapsed since the application was submitted.

PROBATIONARY ADMISSION: A limited number of applicants who are not able to meet at least one of the three requirements in #5 (above) may be admitted on a probationary status based on the submission of other documented evidence of the ability to succeed at Point. Probationary admission requires the student to have earned a 2.00 grade point average at the end of the first enrolled term (12 semester hours) at Point. A student who does not meet that required grade point average for the first term will be suspended from enrollment at the University. For more information about the probationary admission and the possibilities for other documented evidence, contact the Access Admission Office.

PROOF OF ENGLISH PROFICIENCY: If English is not the student's first language, he or she must show proof of English proficiency by at least one of the following:

- a) Graduation from a high school with instruction in English;
- b) Passing scores for the GED taken in English;
- c) ACT Compass scores of 62 or higher for Writing and 79 or higher for Reading;
- d) An SAT critical reading score of 430 or higher and a writing section subscore of ___ or higher;
- e) An ACT English score of 18 or higher, Reading score of 22 or higher, and Writing score of 7 or higher;
- f) Grades of C or higher for the equivalent of freshman-level English composition courses at Point (ENG 101 and 102, Critical Reading & Writing I and II) on the student's academic transcript from an accredited U.S. college or from a foreign institution of higher education where English is the primary language;
- g) A TOEFL iBT (Internet-based) total score of 80 or higher with a minimum score of 20 in each section (skill area);
- h) A TOEFL PBT (paper-based) total score of 550 or higher with a minimum score of 55 or higher in each skill area and a TWE essay score of ___ or higher;
- i) An IELTS overall band score of 6.5 or higher with a minimum score of 6.5 in the Reading, Listening and Speaking sections and of 5.5 in the Writing section; or
- j) An iTEP Academic overall assessment level score of 4.0 or higher with a minimum level score of 4.0 in each section (skill area).

READMISSION POLICY: Students who have not been in attendance at Point University for greater than ten consecutive weeks may apply for readmission. Students

who have been previously enrolled in any Point University program may apply for readmission. The Application for Readmission must be completed and filed with the appropriate off-site location and all requested documents submitted for consideration. It is important to include the names of any academic institutions attended since enrollment at Point University. Students approved for readmission will be assigned an individual start date according to their academic standing.

Students will be considered for readmission who:

- 1. Receive approval that all previous business and academic matters have been resolved (clearance will be obtained from the University's Financial Aid, Registrar and Student Accounts Offices);
- 2. Have a minimum 2.0 GPA from Point University; and
- 3. Have not been in attendance at any Point University program for more than ten weeks.

International Students

The Access program is not accepting international students at this time.

FINANCIAL INFORMATION

The specific costs of tuition and fees for Access students are published for each academic year on the University website.

Application for Financial Aid

The Financial Aid Office coordinates the campus-wide administration of all financial aid programs. Many Access students are able to meet the costs of a college education with various types of financial assistance. New and continuing students may apply for financial aid throughout the year. In order to ensure consideration for all types of aid and the availability of funds at the time of registration, the following steps should be completed:

- 1. Apply for Federal Student Financial Aid <u>each year</u> by filing the Free Application for Federal Student Aid (FAFSA) on the Internet at <u>www.fafsa.gov</u>.
- 2. Georgia residents should complete the application for state aid on the Internet at www.GACollege411.org.

IMPORTANT: Be sure to list Point University as one of the colleges to receive the results of your evaluation. Our federal school code number is **001547**.

The financial aid programs are administered in accordance with the policies and procedures defining good standing and satisfactory progress toward a degree.

All charges for the entire semester are to be paid prior to the first class meeting of the semester.

FEDERAL GRANTS: All qualified students, based on the completed FAFSA, can be considered for the Federal Pell Grant. This program is funded by the federal government and is based on financial need.

FEDERAL STUDENT LOAN PROGRAM: Under the Federal Direct Loan Program, the federal government makes low-interest loans directly to students through the University. A subsidized student loan is awarded on the basis of financial need, based on the completed FAFSA, and the federal government pays the interest on the loan until the student graduates and/or during authorized periods of deferment. An unsubsidized student loan is not based on need and the student is charged interest from the time the loan is disbursed until it is paid in full. The Federal Direct PLUS Loan enables a parent with a good credit history to borrow funds in order to pay the educational expenses of a dependent student.

Georgia Aid Programs

HOPE SCHOLARSHIP: A student who has been a Georgia resident for at least two years and enrolled for at least 12 semester hours per semester may be eligible for the HOPE Scholarship. Other requirements apply, depending on year of graduation. To receive this grant, the student must submit a completed state aid application to the Financial Aid Office via the Georgia Student Finance Commission's web site at www.gacollege411.org.

Other Financial Aid Programs

VETERANS' BENEFITS: Veterans of the Armed Services and their dependents may qualify for educational benefits through the Veterans Administration. Information about these programs may be obtained by writing the state veterans administration office.

VOCATIONAL REHABILITATION BENEFITS: Individuals with physical disabilities classified as vocational handicaps may receive financial aid from state departments of vocational rehabilitation. Detailed information is available through the department of vocational rehabilitation in the student's home state.

Institutional Refund Policy for the Access Program

Students who officially withdraw from the University are entitled to refunds according to the following policies.

- All refunds for charges to the student's account will be granted on the basis of the date on which written notification of the student's intention was received by the Access Office.
- The application fee, if applicable, is nonrefundable.
- Only upon proper withdrawal procedures and return of undamaged books will tuition for the full session be refunded.
- Tuition refunds will only be issued upon written notification of total withdrawal based on the following guidelines.
 - Drop before first scheduled day of class

100% refund

Withdrawal after first scheduled day of class

No refund

• A student who is dismissed for disciplinary reasons forfeits the right to a refund of any charges.

Satisfactory Academic Progress for Federal Financial Aid

In accordance with the federal regulations under Title IV of the Higher Education Amendments, a student must maintain satisfactory academic progress in order to receive federal financial aid. The requirements for satisfactory academic progress for federal financial aid at Point University are defined as follows:

QUANTITATIVE: A full-time student must take at least 12 credit hours per semester or complete at least 24 credit hours during an academic year. A ¾-time student must take at least nine credit hours per semester or complete at least 18 credit hours during an academic year. A half-time student must take at least six credit hours per semester or complete at least 12 credit hours during an academic year. A student who changes enrollment status during the year must complete the requirements of the number of hours for each enrollment status. For example, a student who is enrolled full-time one semester and half-time the next must complete at least 18 hours during the academic year (12 + 6).

QUALITATIVE: Any student must successfully complete 67 percent of all credit hours attempted during the term and maintain a cumulative GPA of 2.0. Only grades of A, B, C and D will be considered as credit hours completed.

A student who does not pass at least 67 percent of the credit hours attempted during one academic semester and maintains a 2.0 GPA will be placed on federal financial aid warning for one semester. If a student who is on federal financial aid warning does not pass at least 67 percent of all credit hours taken during the next semester, that student will be placed on federal financial aid suspension. A student on federal financial aid suspension is not eligible to receive federal financial aid for the next semester for which federal financial aid is available.

A student who is not eligible to receive federal financial aid due to lack of satisfactory progress is eligible to apply for federal financial aid after: (1) enrolling in one full-time semester at one's own expense; and (2) meeting the satisfactory academic progress policy.

APPEAL OF SUSPENSION OF FEDERAL FINANCIAL AID: A student placed on federal financial aid suspension can submit an appeal to the Financial Aid Office. The appeal must be in writing with an explanation (including documentation) of the circumstance that negatively impacted the achievement of satisfactory academic progress requirements and what the student plans to do in the future to ensure that he or she will meet satisfactory academic progress. The written appeal should be submitted to the financial aid office within 30 days of receipt of written notification from the financial aid office. The appeal will be presented to the Appeals Committee, which is chaired by the vice president of enrollment management and consists of University faculty and staff. The decision of the Appeals Committee will be final. If the student's

appeal is approved by the Committee, the student will be placed on federal financial aid warning for one semester. The student will also be given an academic plan consisting of milestones the student must meet in order to continue receiving federal financial aid. Failure to meet or exceed any of the milestones outlined during any semester will result in the student being placed on federal financial aid suspension until he or she meets the satisfactory academic progress requirements detailed above.

TIME REQUIREMENTS: All Point University students have 150 percent of the required hours in their degree programs to complete the degree. For example, a student who is enrolled in a degree program that requires 120 completed hours may attempt up to 180 hours and continue to be eligible for federal financial aid. Hours used in calculating timeframe include all hours attempted at Point University and any hours the student earned at another college or university that are being accepted for credit toward his or her current degree. A student who fails to complete his or her degree within the specified timeframe will be placed on federal financial aid suspension and will no longer be eligible to receive federal financial aid.

A written institutional policy which explains in detail the procedures to be used by the institution for compliance with the provisions of Title IV of the Higher Education Amendments may be found in the Financial Aid Office. Initial inquiries concerning Title IV should be referred to the Financial Aid Office.

Student Accounts Policies

Any account balance due for any preceding session must be paid before a student will be enrolled for the succeeding session. The Registrar is not permitted to release transcripts until all indebtedness to the University is paid.

A student will be allowed to graduate only after he or she has settled all of his or her indebtedness to the University with the Student Accounts Office.

All charges for the entire session are to be paid prior to the first class meeting. Students who are admitted to the University accept the contractual terms and regulations set forth in this catalog and are liable for the payment of all charges and fees incurred during their University stay. A consent agreement is signed by each student that makes each student liable for the payment of all charges and fees incurred by the student while enrolled.

A student who has not made satisfactory arrangements with the Student Accounts Office regarding his or her account may be administratively withdrawn from the University.

ACADEMIC INFORMATION

Academic Policies and Procedures

ACADEMIC ADVISING: Each student receives a personalized schedule for degree completion after admission to the program. Students also have access to full-time faculty for each program and to the registrar's office in case questions arise or changes need to be made to the schedule. It is the student's responsibility to ensure that all coursework is completed in order for all graduation requirements to be met.

REGISTRATION PROCEDURES: An Access student can attend a course only when he or she has been registered and paid for the course. New students participate in orientation on campus before being registered for their programs.

In the first semester, students receive their schedules and the Registrar will register them once the course of study has been approved. Courses during the following years are automatically registered by the Registrar unless students contact the Registrar to make changes. All changes are considered official when received and approved by the Registrar's office.

SEMESTERS AND CREDIT HOURS: Point University's Academic Calendar is based on a 12 credit hour semester. Courses are offered on a semester-hour basis. Three semester hours (or three credit hours) signifies that a course meets for one four-hour period per week for five weeks, with additional outside assignments completed with their peers in a project team.

SEMESTERS AND COURSE LOAD: The standard course load per semester for a student is 12 credit hours. A semester is composed of four (4) sessions of five (5) weeks each (a total of 20 weeks in each semester). In order to achieve a 12 credit hour semester load, a student must register for one (1) three credit hour course in each of the four sessions in the semester:

Session One (5 weeks)	3 semester credit hours
Session Two (5 weeks)	3 semester credit hours
Session Three (5 weeks)	3 semester credit hours
Session Four (5 weeks)	3 semester credit hours
Total (20 weeks)	12 semester credit hours

A student taking up to 11 hours in one semester is considered a part-time student. A student taking 12 hours or more in one semester is classified as a full-time student.

SEMESTER OVERLOADS: A student who has completed at least 12 semester credit hours with a GPA of 3.0 or better may request to register for an academic overload. An academic overload is considered to be 13-18 semester credit hours. A student may make the request for the overload through the Registrar's Office.

A student requesting to enroll in more than 18 semester credit hours must:

- Request and complete the Request for Academic Overload Form available from the Registrar's Office.
- Have the Registrar provide a signature verifying that the student has successfully completed at least 12 semester credit hours with a cumulative GPA of 3.0 or better.
- Return the form to the Chief Academic Officer.
- Only after the Chief Academic Officer has approved the request may a student enroll in more than 18 semester hours during any given semester.

MAXIMUM OVERLOADS: The maximum number of credit hours that a student should expect to register for in a given semester is 21 credit hours. Only in extreme circumstances will approval be given for more than 21 semester hour in a given semester. A student may take a maximum of two classes per each five week period regardless of the total number of credit hour the overload is approved for.

NOTE: Academic overloads are viewed as a way for students to make up class work for which they have withdrawn or may not have completed successfully. Taking an overload such be the exception rather than the rule and should not be viewed as an avenue to significantly reduce degree completion time. The Access program is an accelerated program by design.

STUDENT CHANGES IN ENROLLMENT: Once registered through normal procedures, a student may enroll in ("add") or withdraw from ("drop") a course by completing the appropriate form which is available online and through the Access Registrar's office.

Any change in academic enrollment or schedule (drop or add) must be initiated in the Access Registrar's Office. To add or withdraw from a course, the student should complete the add/drop form available online or through Access Registrar's office.

NOTE: Students should consult the Access Registrar's before deciding on a change. Students receiving financial aid <u>must</u> also check with the Financial Aid Office regarding possible consequences before adding or dropping a course.

Students may add/change/drop a course during the first five weeks. In extenuating circumstances, a different course can be substituted for a scheduled course, provided the student makes the request at least three weeks before the start of the next course (allowing for processing and book order). Students may drop a future course at any time, but must withdraw from the present course before week five.

A student's academic transcript records the courses in which the student is enrolled at the conclusion of the drop period. Courses dropped during the drop period do not appear on the transcript for that semester. A refund of tuition is possible during this period.

NOTE: The student's enrollment at the end of the drop period is counted as that semester's "attempted hours" in financial aid considerations, especially the HOPE Scholarship, even if a course is later dropped with a "W" or "WP" or "WF".

The day prior to the first class meeting is the last day to drop classes without financial or academic penalty. Any request for withdrawal following a student's attendance of the first class session will result in a withdrawal failing (WF) or withdrawal passing (WP), as appropriate. Withdrawal before the first day of class will result in a 100% refund. There is no refund after the first scheduled day of class apart from instances of nonattendance.

All classes will appear on the Point University transcript and considered in the calculation of a student's grade point average (GPA). If the student is eligible for the Georgia HOPE Scholarship, the course(s) will count as attempted hours. Drop forms are available on the Point Learning website and in the Registrar's Office. If a student wishes to withdraw from the entire program **before** the first class meeting, the student must fill out a program withdrawal form available on the Point Learning website and in the Registrar's Office and billing charges will be adjusted.

TEN-WEEK RULE: Students are permitted to schedule ten or fewer weeks away from class without formally requesting leave. A student who does not attend class for more than 10 consecutive weeks will be automatically withdrawn from school if they have not submitted a previous request for a leave of absence (see "Leave of Absence Policy" following this section).

INVOLUNTARY WITHDRAWAL: A student may be involuntarily withdrawn from a course for reasons including, but not limited to the violation of University policies governing academics – such as the "Class Attendance, Absences, and Lateness" policy or academic dishonesty – or the violation of regulations or policies stated in a course syllabus. The student will be notified of the involuntary withdrawal by the Registrar's Office. If the student is withdrawn after the drop-add period, the professor designates a grade of "WP" or "WF," as appropriate, with a "WF" treated as an "F" for GPA calculation. Unlike a voluntary withdrawal by the student, an involuntary withdrawal may occur at any time during the semester.

A student who believes an error has been made in an involuntary withdrawal may appeal to the Registrar. The appeal must be made in writing within 48 hours of the notification of the involuntary withdrawal, giving evidence for the believed error. The student may and should continue in class attendance as long as an official appeal is pending. The Registrar will respond with the decision in a timely manner, either to reverse or uphold the involuntary withdrawal. If a student contends that the Registrar's response to the appeal is not correct, that decision may be appealed by the student to the Academic Appeals Committee. The appeal must be made in writing, addressed to the Vice President of Academic Affairs, and submitted within 24 hours of the Registrar's notification. The decision of the Vice President of Academic Affairs will be final.

In cases involving an involuntary withdrawal from one or more courses for non-academic reasons – such as the violation of University student life policies, the health or

safety of the student or others, and/or the nonpayment of fees – the student may appeal the decision to an appropriate University official according to the procedures governing that area as set forth in other University publications.

LEAVE OF ABSENCE POLICY

Point University's Access program understands that life events may require a student to modify class enrollment and schedules. The leave of absence policy is designed to allow the student flexibility in his/her program enrollment to adjust to significant life events. The leave of absence policy also allows students the opportunity to make up any courses (based upon course availability) missed during the approved leave. Students should be aware that significant periods of absence may impact timeliness of degree completion.

A student on an approved leave of absence will be considered enrolled at Point University and would be eligible for an in-school deferment for student aid loans. Federal financial aid and in-school deferment may be negatively impacted if a student fails to apply for the leave of absence or if the application is denied. This impacts students who receive Title IV federal financial aid (Federal Pell Grants, Federal Supplemental Grants, Federal Stafford Subsidized or Unsubsidized Loans, Federal Parent Loans) or who want to have a federal student loan deferred **from payment while in school.**

Who needs to request a leave of absence? Students who will be out of attendance for a period ranging from 11 - 20 weeks should request a leave of absence. Students out of class for scheduled class breaks do not need to apply for a leave of absence.

How does a student request the leave? Students seeking a leave of absence should contact the Access Registrar's Office and make a formal application for an approved leave of absence. The student must complete and sign a Leave of Absence (LOA) Request Form. A student may request the form by mail or email. The form may also be obtained in person from the Access Registrar Office or may be downloaded from the University website.

When should the leave be requested? The request should be made prior to the first day of the class period.

What are the criteria for a request to be approved? An approved leave of absence must meet the following criteria:

- The request must be made prior to the start of the leave (first day of class);
- The reason for the request must be one approved by the Registrar (military, medical, jury duty, loss of job, family emergency, employment emergency, or other reasons as approved);
- Appropriate documentation must be submitted if the request is submitted after the first day of class.

When is documentation required? What kind of documentation is required? Documentation is required if the request for the leave of absence is made after the beginning date of the leave of absence, and needs to address the nature of the reason for the request. Documentation for each circumstance will vary; the student is required to provide whatever paperwork from a third party will attest to the circumstance outlined on the application form. Examples would include physicians' statements, letters from employers, letters from pastors or counselors, court documents, etc. Documentation is also required if a request is submitted after the first day start of class deadline, and needs to address the reason for the delay in the submission of the request.

How long may a leave be? The leave of absence must not exceed 20 weeks in a 12-month period. Time in excess of 20 weeks will not be approved.

What if the leave needs to be extended? A student may request an extension to a leave providing the request is made before the end of the leave; there are unforeseen circumstances which prevent the return from the leave; and the total number of days of approved leave do not exceed 20 weeks in a 12-month period.

What if a student fails to return from a leave of absence? Failure to return from an approved leave of absence may have an impact on student loan repayment terms as well as the grace period. The first day of the leave will be reported as the beginning of the leave period.

What if a student returns early from a leave of absence? Students may return early from an approved leave of absence. The leave will be shortened according to the student's return date. Students must see their academic advisor to discuss return to class and inform the office of the Registrar of their re-engagement in classes.

What about disbursements and payments during the leave of absence? Students will not receive disbursements of Title IV student loan financial aid funds during the leave. Students are not deferred from making regularly scheduled payments to the Student Accounting Office for normal fees incurred. The student's account will be frozen and any unearned additional funds will not be disbursed and posted.

If the student cannot return on the re-entry date indicated on the LOA Request form, the student must contact the Registrar and Financial Aid Offices.

A student may request a leave-of-absence extension but students who do not return and do not notify the University of that intent will be withdrawn from the University. Any unearned financial funds will be subject to return to the originating federal or state aid source. At that point the student is responsible for any monies owed to the school.

READMIT POLICY: Students who have not been in attendance at Point University for ten consecutive weeks may be eligible for re-admission. Students who have been previously enrolled in any Point University program may apply for re-admission. The Application for Readmission must be completed and filed with the appropriate off-site location and all requested documents submitted for consideration. It is important to include the names of any academic institutions attended since enrollment at Point University. The request for readmission must be submitted thirty (30) days prior to the intended cohort start date.

Students will be considered for re-admission who:

- 1. Receive approval and clearance to affirm all previous business and academic matters have been resolved (clearance must be obtained from Point University's Student Accounts, Financial Aid, and Registrar's offices);
- 2. Have a minimum 2.0 GPA from Point University; and
- 3. Have not been in attendance at any Point University program for more than ten weeks.

CLASS ATTENDANCE, ABSENCES AND LATENESS: Class attendance is mandatory. The nature of the adult studies program requires that students be present for each class and participate in all group activities and team meetings. If you miss a class, you have missed more than just a lecture. Sharing your personal work, life and ministry experience is a critical part of adult education. If you are not in class, it impacts the entire class. While attendance is crucial for success, an extreme circumstance may occur that will prevent a student attending a class. The following policy has been developed to assist students in understanding the importance of class attendance and the potential consequences of excessive class absences:

- Class attendance is collected and recorded by the professor for each night of class.
- Students arriving after class has started or leaving prior to the class being dismissed should talk to their instructor at break or after class to catch up on any missed information. Being late or leaving prior to class dismissal will be recorded in the student's attendance.
- Students are expected to be present when class begins, and remain the entire class session. Faculty members reserve the right to factor lateness, early departures and class attendance into a student's grade, as long as it is addressed in the syllabus.
- Students are expected to make up all class work missed due to an absence. It is the student's responsibility to find out what work was missed and to contact the professor on how to complete it.
- Under emergency circumstances, a student may be allowed one entire class absence and an additional hour of class time not to exceed five hours of class time or 25% of the course. The student is responsible for contacting the faculty member concerning the absence and for all make-up work.
- A student who misses five or more hours of class time (25% or more of scheduled

- class time) will be automatically withdrawn from class and receive a grade of WF or WP.
- A student who appears on the class roll but does not attend the first two class sessions will be automatically withdrawn from the class by the Registrar's Office.

NOTE: While most classes allow for one absence, it is intended to be used for an emergency or unforeseen circumstance. It is not intended to be used by the student to miss class for any other reason. Students who elect to use their one absence to miss class for any other reason and then find that they must miss a second class due to an emergency or other unforeseen circumstance are subject to automatic withdrawal for missing more that 25 percent of scheduled class time.

Grading Policies

GRADING SYSTEM: The system of grades and point values followed by the University is as follows:

Grade	Scale	Meaning	Grade Points
A	90-100	Excellent	4
В	80-89	Above Average	3
C	70-79	Average	2
D	60-69	Below Average	1
F	-	Failing	0
P	59-0	Passing	-not calculated in GPA
I-"grade"		Incomplete	-determined by "grade"
AU		Audit	-not calculated in GPA
W		Withdrawal	-not calculated in GPA
WP		Withdrawal passing	-not calculated in GPA
WF		Withdrawal failing	-calculated in GPA as F
NG		No Grade	-not calculated in GPA
R		Repeat	-averaged for HOPE,
			replaces original grade
			for Access GPA

The number of grade points earned in any course is determined by multiplying the number of semester hours by the number of points given for the grade received for the course. A student's grade point average (GPA) is determined by dividing the total number of points earned by the number of hours taken. Grades of "P," "AU," "W," and "WP" are not considered in calculating a student's institutional GPA. The minimum cumulative GPA for all work taken at the University specified in "Student Classifications" must be maintained to remain in good academic standing (see the section on "Academic Probation and Suspension").

AUDIT OF COURSES: A student who has been accepted into a Point University Access degree program as an unclassified student may choose to audit specified courses within a core program or electives as follows:

- Audit registration is allowed on a space available basis.
- The audit fee per credit hour must accompany the registration. Audit fees are \$65 per credit hour for any Access BS program; \$50 per credit hour for any Access AA program.
- Auditing a course gives one the right to attend the course. No credit or letter grade is given. The course will be indicated as an "AU" on the student's University transcript.
- The student auditing the course is not expected to participate in classroom or study group assignments, or to complete homework, quizzes, or tests.
- The facilitator is under no obligation to grade any work an auditing student chooses to submit or to give feedback on progress.
- The materials required for the course are optional for auditing students. If one wishes to purchase materials, the fees must accompany the registration.
- The student must meet course pre-requisites or be approved by the Chief Academic Officer
- No change may be made from audit to credit or credit to audit, after registration closes.

PASS/FAIL GRADING: Some courses are designated as having pass/fail grading. The credit hours for a pass/fail course carry full academic credit (e.g., toward the required 120 hours for graduation, the satisfaction of degree requirements, and the calculation of the student's academic load, as appropriate otherwise). In a pass/fail course, the student's grade is registered as "P" for Pass or "F" for Fail. A grade of "P" for a pass/fail course is given in lieu of "A" through "D" grades, appears as a "P" on the student's transcript, and does not affect the student's GPA. A grade of "F" for a pass/fail course is calculated in the student's GPA on the same basis as any other failing grade. Adding or withdrawing from a pass/fail course is conducted on the same basis as other courses.

INCOMPLETE WORK: If a student is unable to complete work in a course because of personal illness or sickness or death in the family, the student must contact the professor and may receive a grade of Incomplete ("I"). Incompletes will be granted by the professor only if the extenuating circumstances are sufficient in his or her estimation to have made it impossible for the work to have been done before the end of the course. Any conditions for receiving an Incomplete and completing the course, such as a shortened time limit, are set by the professor.

The professor and student must fill out the Incomplete Grade form stating why the student cannot complete the course, date to be completed, and grade at the time of the agreement must be established. This work must be completed within 30 days of the course ending.

To give a student an Incomplete in a course, the professor submits a grade of "I-B," "I-C," "I-D," or "I-F." The second letter indicates the grade the student would have received if all incomplete work had been given a score of zero in the normal grading system for that course. For the purpose of calculating a student's GPA, an Incomplete grade will be given the grade point value of the letter after the "I." When the student has completed the work, the professor then submits a final grade. At the end of the 30 days, any Incomplete not replaced by a submitted final grade will automatically and permanently convert to the letter grade after the "I" which was initially submitted by the professor. The professor and the Registrar are not responsible for notifying or reminding the student regarding an Incomplete.

ACCESS PROGRAM LATE WORK POLICY: In an accelerated program it is essential for students to stay current with course assignments. There is a lot to do and not much time to get it done. For that reason alone, it is absolutely vital that students get their work done on time—even early if possible. Getting behind in a fast-moving program can make catching up seem almost impossible. Because of this, all assignments must be turned in on the day they are due.

In order to maintain the integrity of the program and to encourage students to keep up with their course work, no late work may be accepted for full credit under any circumstances, except in the cases where family emergencies or excused absences absolutely necessitate lateness. (NOTE: Students with a documented request for accommodations due to disability may also be granted additional time. In such cases, the faculty member will receive notification from the Director of Disability Services).

In order to maintain understanding for the students, late work is to be turned in at reduced grade rates. During the course, all late work will be docked 10 percent of the total grade per day late for up to four days. And all course work due on the last night of the course must be turned in within three days of the last night. If you must turn in late work, please contact the professor to let he/she know and he/she will work with you to resolve the issue.

RETAKES: A student may retake a course for which he or she has received a grade at Point University:

- If the course is retaken at the University, the lower grade and credit hours previously received are not calculated and the higher grade and credit hours are used in recalculating the University's GPA. All courses taken at Point University apply in the calculation of the HOPE GPA.
- If the student takes the course at another institution, receives a higher grade, and transfers that course to Point University subject to the normal transfer of credit practices the lower grade and credit hours previously received at the University are not calculated in the University GPA. The transfer credits and grades are not used in calculating the Point University GPA.

A student who fails a required course should retake the course the next time it is offered.

CHANGE OF GRADE: The change of an academic letter grade may be made after a final grade has been submitted if the case involves a professor's error. Grades may also be amended following a successful academic appeal by the student (see Appeal of Grades below).

APPEAL OF GRADES: A student who believes that he/she has been treated unfairly in the recording of a final course grade may file an academic appeal. The appeal must be based on evidence that a grade was assigned on a basis other than performance in the classroom. Students are urged to first address the issue with the instructor on an informal basis as most academic issues may be resolved by this approach. However, if the issue is not resolved by this approach or the student can provide evidence of a hostile relationship with the instructor that makes this approach not feasible, the student make register an academic appeal by the following:

- 1. The student must file a written academic appeal with the Director of Instructional Support using the Academic Appeal Form. The Academic Appeal Form may be downloaded from the Point University website, and/or may be emailed to a student upon request. NOTE: The appeal request MUST be received within five weeks from the day that the grade was officially posted for student viewing. The University will not consider appeals filed after that date.
- 2. Upon receipt of the appeal, the Director of Instructional Support may speak to the instructor, the student, or both in an effort to resolve the issue. After investigating the appeal, the Director of Instructional Support will make a written response (either by letter or email) to the student within 7 days of receipt of the written Academic Appeals Form.
- 3. If the Director of Instructional Support is not able to resolve the complaint, or the student is still not satisfied that the complaint has been resolved, the student may request that the written appeal be forwarded to the Vice President of Academic Affairs.
- 4. Upon receipt of the request, the Vice President of Academic Affairs will forward the written Academic Appeal Form to the Academic Appeals Committee for consideration. The committee may convene a hearing in which the student may present his/her case for the appeal. Students are allowed to bring any written documentation, witnesses, or other materials that supports their case. *NOTE:* An academic appeal hearing is not an official judicial hearing and therefore no legal representation is permitted. Appeals that are governed by institutional or academic policies or by any applicable federal, state, or local law may be decided by the committee without the convening of a hearing.
- 5. The Academic Appeals Committee will respond to the student in writing concerning the disposition of the appeal within 10 days of the hearing date. The decision of the Academic Appeals Committee is final.

ACADEMIC CONDUCT

Students are expected to exercise Christian virtues in every area of their lives. Truth and honesty, integrity, and diligence are encouraged and should characterize the academic conduct of every student at Point University. Each student is encouraged to engage in honest intellectual effort and ethical behavior in order to achieve the full development of the student's potential. Therefore, misbehavior in academic matters is considered a serious problem and an affront to the entire university community.

Whenever a faculty member, student, or staff member becomes aware of academic misconduct, that person should report the misbehavior to the course instructor or another appropriate university official. Examples of academic misconduct include but are not limited to:

- Plagiarizing essays, term papers, projects, tests, homework, and other course requirements must be the work of the student submitting them; when an idea or quotation of another is used, it must be appropriately acknowledged with proper citation.
- Cheating on a test or other assignment.
- Unauthorized collaborating a student shall not receive assistance not authorized by the instructor in the preparation of any assignment; a student shall not knowingly give unauthorized assistance to another person in such preparation.
- Selling, loaning, or sharing a copy of an examination (or information about an examination), whether past or current.
- Providing false or inaccurate information to an instructor or other academic personnel, such as marking an attendance sheet for an absent student.
- Altering an academic transcript, grade report, or other University document.
- Disrupting classroom, field trip, advising, or other academic activities, either on or off campus.
- Being rude or disrespectful toward an instructor or fellow-student.
- Misusing advanced technology in class (e.g., a laptop computer for non-class-related purposes).
- Using a cell phone, sleeping, inattentiveness, doing non-class-related work or activity, or other such inappropriate classroom behavior.
- Children in the classroom during evening class hours or unescorted children in Point University buildings at any time.

Academic misconduct is addressed by the instructor of the course in which is occurs. A professor has the prerogative to take a variety of actions, as appropriate, including but not limited to: count a student absent; require work to be redone, in whole or part; require additional work; give a lower or failing grade for an assignment or test; require the student to leave a class session; withdraw the student from the course; and/or give an immediate failing grade for the course.

In all cases of academic misconduct, the faculty member will inform the Director of Academics in writing of the occurrence and how it was resolved at the class level.

Director of Academics for the Access program keeps information documenting instances of academic dishonesty.

For the first offense of plagiarism, the student will be subject to disciplinary action including a grade of "zero" for the assignment. For a second offense, the student will receive a failing grade in the class the plagiarism occurs. For a third offense, the student will be dismissed from the Access program.

A student who believes an error has been made by an instructor in a case of academic misconduct (e.g., who denies the academic misconduct, disputes the facts of the case, believes the sanction is inappropriate) may appeal the decision and corrective action of an instructor to the Director of Instructional Support. The appeal must be made in writing and received within one week of the instructor's decision, stating evidence for the believed error. A duplicate copy of the appeal letter should be submitted to the course instructor. The Director of Instructional Support will investigate and respond to the appeal with a decision in a timely manner. The student may and should continue in class attendance and participation as long as an official appeal is pending. A student may appeal a suspension or expulsion due to academic misconduct to the President of the University, whose decision will be final.

Credits from Other Sources

TRANSFER OF CREDITS: Point University accepts credits for equivalent courses bearing "C-" or higher grades from institutions accredited as degree-granting by a regional accrediting body for higher education at the time the coursework was completed. Credits from universities that are accredited by other accrediting bodies, as recognized by the U.S. Department of Education, are considered on a case-by-case basis. Credits from non-accredited colleges and universities are not transferred.

Comparable nature, content and level of credit are considered in determining the appropriateness of the transfer. Only those courses which satisfy degree requirements are transferred. A tentative evaluation of credits for transfer may be made as part of the admission process. The Registrar will officially transfer credits after the student has been accepted and has declared a degree program.

Only credits taken at Point University contribute to the student's cumulative University GPA; transfer credits and grades are not used in calculating the Point University GPA. The credits and grades for transfer courses used to satisfy degree requirements are considered only in determining graduation honors.

CREDIT BY EXAMINATION: Point University recognizes the earning of credit by examination from sources with known validities and reliabilities. Credit by examination scores should be submitted to the Registrar to determine the applicability of particular external examinations to the requirements for a degree from Point University. The Testing Center administers the computer-based College Level Examination Program

(CLEP). The Testing Center is located at the Peachtree City instructional site of Point University.

Academic credit toward graduation requirements for a degree will be awarded for the results of credit by examination under the following conditions and limitations:

- 1. The testing program/examination is recommended as the basis for awarding university academic credit by the American Council on Education (ACE), e.g., College-Level Examination Program (CLEP), Advanced Placement (AP), DANTES Subject Standardized Tests, military courses, and other such tests.
- 2. The number of semester hours awarded is normally determined according to the ACE recommendation and Point University requirements for the specific course.
- 3. A credit-by-examination score may be used to earn 3 semester hours of credit for ENGL 101, Critical Reading & Writing I. If the AP "English Language and Composition" exam or "English Literature and Composition" exam is taken, a score of 3 or above is necessary. If the CLEP College Composition" examination is taken, a score of 50 is necessary for up to six hours of English credit (ENGL 101 and ENGL102).
- 4. Credit earned by external testing will be designated on the transcript by a grade of "P" (pass).
- 5. Credits earned by external examination are placed on the student's transcript and treated as transfer credits.
- 6. A maximum of 25% of the semester hours required for a degree may be satisfied by external examinations. An AA student may apply a maximum for 15 hours CLEP credits towards their degree. A BS student may apply a maximum of 30 hours towards their degree. All other graduation requirements also apply. NOTE: It is the student's responsibility to contact the registrar and ensure that any CLEP hours they plan to use towards his/her degree does not exceed these maximums. Students are also encouraged to take any appropriate CLEP exam early in their program.
- 7. Credit by examination will not be awarded if University credit has already been awarded through earned or transferred credit. (Example: If a student's transcript already shows credit for PSYC 101: Introduction to Psychology, the Introduction to Psychology CLEP score will not be accepted for additional credit.)

TRANSIENT STUDENTS FROM POINT UNIVERSITY AT ANOTHER

COLLEGE: A transient student is one who, with advance approval of the Registrar, takes one or more courses at another regionally-accredited institution of higher education to meet curricular requirements at Point University. Such a student is considered a Point University student while studying elsewhere. Any and all credits taken as a transient student are subject to the normal transfer of credit practices at Point University. Students are urged to contact the Registrar to ensure that transient credit for which they intend to enroll will be accepted. Associate-level students who have earned 45 semester hours or more are ineligible for transient study; bachelor's-level students who have earned 90 semester hours or more are also ineligible for transient study.

A student in the Access program wishing to take a course in the traditional program at Point University should receive permission through the Registrar's Office by completing the process as a transient student.

Change of Campus: Students may take courses at any Access instructional site.

LEARNING ASSISTANCE

Point University is focused on helping students achieve academic success. The Educational Resource Center-East Point, Writing and Computer labs, located in the Library, provides a variety of services to assist students, such as:

- Helping new students adjust to the academic and social demands of college life
- Providing instruction at any stage of the writing process and proper usage of MLA/APA writing styles.
- Equipping students with tools for effective time management and study skills
- Assisting in use of Point Learning and CampusVue

Students may receive assistance at the Educational Resource Center or by contacting the Director of Educational Resources by phone or e-mail.

AUXILIARY AIDS AND SERVICES TO STUDENTS WITH DISABILITIES:

Point University is committed to a policy of non-discrimination toward persons with disabilities, including the provision of auxiliary aids and services for students with disabilities. The University recognizes that not all hearing impaired students need sign language interpreters for all classes. Some students can tape-record lectures and have volunteers transcribe the tapes. Some students can have fellow students take notes for them. Furthermore, other auxiliary aids and services, including hearing aids and voice-recognition devices, may provide meaningful access to classroom lectures without the need for a sign-language interpreter. Finally, the University recognizes its obligation to the larger University community to provide auxiliary aids and services in the most cost-effective and least disruptive manner to its academic programs as possible while still providing meaningful access to classroom lectures for students with disabilities.

Any student requesting auxiliary aids from the University, including sign-language interpreters, must comply with the following process:

- As soon as the student is accepted into the Access Degree Completion Program, the student must contact the University Director of Disability Services for instructions on applying for disability services.
- 2. If the student waits to report the need for disability services until the middle of a term, the student must contact the Director of Disability Services with the understanding that the process will take some time to complete.

- 3. The Disability Services director will engage in an interactive process with the student, which requires completion of an application for disability services and formal requests for documentation.
- 4. The process will include consideration of any recommended reasonable accommodation that would enable the student to have an equal opportunity to benefit from the academic program and will take into consideration such factors as: the extent of the student's disability; the student's prior use of auxiliary aids; the nature and complexity of the program content; and the modes through which course content is presented.
- 5. The process may include consultation with course instructors or specialists familiar with the student's disability, where appropriate. The determination regarding auxiliary aids and academic accommodation is made after a reasoned deliberation by an individual with relevant training, knowledge and experience that includes a review of course or program requirements and available options and alternatives.

The person making any decision whether a student requires auxiliary aids and the auxiliary aids to be provided will be knowledgeable and informed about (or will make the decision based upon documentation received from a person who is knowledgeable and informed about) the nature of the student's disability, and the effect on the student's performance in all aspects of the program.

In making its determination the University may require the student to submit to an evaluation by an evaluator selected and paid for by the University. In determining whether and what aids and services to provide the student the University will take into account the cost-effectiveness of the aids and services requested, their suitability to the student, the availability of suitable, less costly, alternatives, and the disruptiveness to the academic program of the University.

Once evaluation of documentation is complete, the student will receive a Point University Accommodation Plan in writing. After discussion of its contents, both student and Director of Disability Services will sign the document and the student's new instructors will be notified of the plan every five weeks.

SECTION 504 GRIEVANCE PROCEDURES: It is the policy of Point University (the "University") not to discriminate on the basis of disability. The University has adopted an internal grievance procedure for prompt and equitable resolution of complaints alleging any action prohibited by Section 504 of the Rehabilitation Action of 1973 (29 U.S.C. 794) ("Section 504"). Section 504 prohibits discrimination on the basis of disability in any program or activity receiving Federal financial assistance.

Any person who believes they have been subjected to discrimination on the basis of disability by the University may file a grievance under this procedure. It is against the law for the University to retaliate against anyone who files a grievance or cooperates in the investigation of a grievance.

All such grievances should be addressed to Kathy David (404-669-2480;

Kathy.David@point.edu) who has been designated the University Section 504 Coordinator/Director of Disability Services.

If the grievance is against the Coordinator/Director of Disability Service, the grievance should be addressed to the Chief Academic Officer (Dr. Darryl Harrison (706-385-1098; darryl.harrison@point.edu).

General procedure for filing a Section 504 grievance is as follows:

- 1. A grievance should be filed in writing, stating the name and address of the person filing it and a brief description of the nature of the complaint.
- 2. A grievance should be filed within thirty (30) days after the person became aware of the alleged violation.
- 3. The Section 504 Coordinator or someone designated by the Coordinator shall conduct an investigation of the complaint in an impartial manner. The investigation may be informal, but it will be thorough and afford all interested persons the opportunity to submit evidence and present witnesses relevant to the complaint.
- 4. The Section 504 Coordinator will issue a written decision on the grievance within thirty days of filing. The College will take steps to prevent recurrence of any discrimination and to correct discriminatory effects if appropriate.
- 5. The person filing the grievance may appeal the decision of the Coordinator to the Chief Academic Officer within thirty days of the adverse decision. The appeal must be in writing. The Chief Academic Officer will make a written decision within thirty (30) days of the appeal.

Campus Technology

Point University provides modern, well-equipped computer facilities for student use. Computers are available in the Hathcock Center computer lab, the commuter lab across from Room 108 in the East Point facility, as well as the commuter lounge in the Hathcock Center, and other points on the East Point campus. Other locations have well-equipped computer facilities available for student use. At each location, every computer designated for student use is connected to the Internet through the University's high-speed network with access to software for word processing, spreadsheets, databases, presentations, web browsing and interactive course materials.

Wireless Internet access is available throughout all locations. Students can register for classes, check grades or transcripts, and update their personal information online.

Student Classifications

Students are classified according to the total number of semester hours completed for credit at Point University and transferred from other universities to fulfill degree

requirements. The expected minimum GPA is determined by the student's class standing at Point University. If a student earns enough hours in a given semester to move from one minimum GPA requirement to another, the higher requirement applies. Listed below are the five basic classifications of students used in all official publications:

Cumulative Semester Hours	Minimum Cumulative GPA
1-29	1.8
30-59	1.9
60-89	2.0
90+	2.0
	Semester Hours 1-29 30-59 60-89

Honors

SEMESTER: Full-time students who have a Point University semester grade point average (GPA) of 3.50 or above will be recognized on the Dean's List for that semester. The student must complete at least 12 semester hours at Point University in a given semester to qualify for the honor.

GRADUATION: Members of each year's graduating class receive their degrees *cum laude* if their cumulative GPA at Point University is 3.50-3.699, *magna cum laude* if their GPA is 3.70-3.899, and *summa cum laude* if their GPA is 3.90-4.00. A student with transfer credits may not receive graduation honors greater than the level warranted by the cumulative GPA for all courses used to fulfill degree requirements (i.e., all Point University credits and the transferred credits).

Academic Probation and Suspension

ACADEMIC WARNING: A student whose semester grade point average (GPA) falls below 2.00, but whose cumulative GPA is above the standard stated in the "Student Classifications" section, receives an academic warning prior to the following semester. A student receiving an academic warning can continue enrollment without interruption. The warning status serves as an aid in advisement and the scheduling of extra-curricular activities.

ACADEMIC PROBATION: If a student's cumulative GPA falls below the academic standard stated in the "Student Classifications" section, that student is placed on academic probation for the following semester. If the cumulative GPA is still below the expected minimum GPA the semester following being placed on probation, but the student's semester GPA is at least 2.0, the student is allowed to continue on probation for the following semester.

ACADEMIC SUSPENSION: A student may be academically suspended for the following semester under either of the following circumstances: (1) if the cumulative GPA of a student who is on academic probation continues to fall below the academic standard stated in the "Student Classifications" section the semester following being placed on probation and the student's semester average is below 2.00; or (2) if the cumulative GPA of a student falls below 1.00, whether or not that student is on academic probation. Academic suspension is a status that bars a student from continued enrollment at Point University or any other institution for one semester. After the one semester suspension, the student is eligible to reapply for admission on academic probation. Failure to have a semester GPA of at least 2.00 for the first semester after that readmission results in suspension for one semester.

APPEAL OF PROBATION OR SUSPENSION: A student who believes he/she has mistakenly been placed on academic probation or suspension may appeal to the Registrar in writing. The appeal should specify the suspected error or errors. If a student contends that the Registrar's response to the appeal is not correct, that student should appeal in writing to the Dean for Academic and Student Services. The decision of the Dean for Academic and Student Services will be final.

Requirements for Graduation

To qualify for graduation from Point University, a student must fulfill all of the following:

- Complete the curricular requirements prescribed in the catalog for the degree program that is chosen. The student is subject to the curricular requirements in the catalog in effect at the time of entrance into the University. A student whose enrollment has been interrupted and who is readmitted is subject to the catalog in effect at the time of readmission. If a degree is not completed within six years, the student may be subject to the requirements in the current catalog.
- 2. Earn the number of semester hours prescribed in the catalog for the degree that is pursued.
- 3. For the Bachelor of Science (B.S.) degree, a student must successfully complete at least 25% of the total number of required semester hours at Point University. For the Associate of Arts (A.A.) degree, a student must successfully complete at least 30 semester hours at Point University. Normally, the minimum number of semester hours required at Point University are the last hours earned for the degree. NOTE: A student enrolled in a BS program may transfer a maximum of 60 semester credit hours from a 2-year college and a maximum of 90 semester credit hours from a 4-year college or university. AA students may transfer no more than 30 semester hours. Students should remember that CLEP exam credits are treated as transfer credits which may affect the number of hours that can be transferred from a 2- or 4-year college/university.
- 4. Attain a cumulative grade point average of at least 2.00 for any degree.

- 5. Provide an application for graduation to the Registrar. The completed application must be turned in by the appropriate deadlines as published for each graduation session and be accompanied by the graduation fee set for that academic year. If the student does not complete the requirements for graduation, a new application will be required, plus the amount of any graduation fee increase(s) since the initial application. If the student's enrollment is interrupted after an application for graduation is made, the student is subject to the University's readmission processes and policies and a new application for graduation must be submitted.
- 6. The student must complete both the Bible Content Test and the ETS Proficiency Profile (no fees are assessed to the student for these tests) which are used as exit exams for institutional effectiveness research and do not affect student GPAs. Other tests might be required in the future to measure and improve the quality of the Access program.
- 7. Meet all financial obligations or make satisfactory arrangements for payment with the Business Office. Diplomas will <u>not</u> be awarded and transcripts will <u>not</u> be released if a student owes money to the University.

NOTE: It is the student's responsibility to complete all requirements for graduation and complete and submit the application for graduation.

Other Policies

STUDENT RECORDS AND RELEASE OF INFORMATION: The Family Educational Rights and Privacy Act (FERPA) of 1974 was designated to protect the privacy of education records, to establish the right of students to inspect and review the education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students are encouraged to fill out a FERPA release form naming the person or persons with whom the student gives the University permission to discuss education records. Students at Point University are accorded all of the rights and privileges as provided under the Act. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office concerning alleged failures by the institution to comply with the Act.

TRANSCRIPT: A transcript request form is available on the University website. The student's signature and pertinent information is required. While a nominal charge is made for transcript, a transcript is not released unless all financial accounts are settled.

INCLEMENT WEATHER POLICY: The official word on canceling classes or closing offices because of inclement weather will be placed on the University web site and Charger Learning. Text and e-mails will be sent and designated local media outlets will be contacted whenever such a decision is made.

STUDENT LIFE INFORMATION

The *Covenant for a Christian Community* is the University's official publication regarding student life. Students are expected to know and follow the policies, regulations, and procedures presented in this catalog and the *Covenant for a Christian Community*. Awareness of the University calendar, critical deadlines, and e-mails are also the student's responsibility.

Standards of Conduct

Standards of conduct and disciplinary procedures at Point University are presented in the *Covenant*. This handbook covers all areas of student life and is available on the University website. It is designed to encourage student conduct that reflects Christian principles, including honesty, integrity, modesty and respect for individuals and the University community. The Covenant's application for Access Program students will be appropriate for adult learners.

The Director of Student Life is the primary person responsible in matters relating to student conduct and decorum. In a case where a student does not make satisfactory adjustments to University life, the processes outlined in the *Covenant* will apply.

Discipline, which may include dismissal, will be administered as necessary when credible evidence exists that a student has engaged in an illegal activity (e.g., the possession, distribution, or use of illegal drugs) or has violated University policies and regulations. Point University is a tabacco and alcohol free environment for all students.

This section is provided for informational purposes. For complete information regarding standards of conduct, please refer to the *Covenant*.

Student Services

Student services include, but are not limited to:

- Point University's Center for Calling and Career, in East Point, West Point, and online
- Parking
- Personal counseling services (East Point)
- Access Chapels
- Prayer and devotions
- Prayer Requests on PointLearning

- Beverages and snacks
- Leisure, commons areas
- Referral to off-campus services (e.g., personal counseling, housing, health and social services, student employment opportunities)

General Grievance Policies

A student who believes that he or she has been unjustly treated may seek resolution of the issue through policies and procedures established by Point University for that purpose. The university has adopted a number of policies which address specific types of unjust treatment. These policies may be found in the Access Catalog on the Point University Website. These include policies for academic appeals, ADA/Section 504 appeals, financial aid/satisfactory academic progress appeals, etc. Appeals related to sexual harassment may be found in the Covenant for Christian Community also on the university website.

For complaints not listed above or those relating to issues with the university or its employees (including faculty), the student may file a general grievance. Students are urged to first address the issue with the employee on an informal basis as many if not most issues may be resolved by this approach. However, if the issue is not resolved by this approach or the student believes that a hostile relationship exists with the employee that makes this approach not feasible, the student may file a formal grievance using the following procedure:

- 1. The student must file a written grievance appeal with the immediate supervisor of the employee with whom the grievance is held using the General Grievance Appeal Form. The General Grievance Form is available through the Access Administrative Office, may be downloaded from the Access website, and/or may be emailed to a student upon request. (NOTE: A general grievance MUST be received within 10 business days from the day that the grievance occurred regardless of whether the student attempted an informal resolution or not). The university will not consider appeals filed after that date.
- 2. Upon receipt of the appeal, the immediate supervisor may speak to the employee, the student, or both in an effort to resolve the issue. After investigating the appeal, the immediate supervisor will make a written response (either by letter or email) to the student within 7 days of receipt of the written General Grievance Appeal Form.
- 3. Should the immediate supervisor not be able to resolve the complaint, or the student is still not satisfied that the complaint has been resolved, the student may request that the written appeal be forwarded to the Chief Academic Officer.
- 4. Upon receipt of the request, the Chief Academic Officer will forward the written Grievance Appeal Form to the Grievance Appeals Committee for consideration. The committee may convene a hearing in which the student may present his/her case for the appeal. Students are allowed to bring any documentation, witnesses,

- or other materials that supports their case. The Committee may also speak to the employee with whom the grievance is held.
- 5. After hearing and considering all the information presented, the Grievance Appeals Committee will render a decision and respond to the student in writing concerning the disposition of the appeal within 10 days of the hearing date. The decision of the Grievance Appeals Committee is final.

ACCESS DEGREE PROGRAMS

Point University offers the nontraditional student the Bachelor of Science degree and the Associate of Arts degree. In keeping with the purpose of the University, all courses and programs are designed to concur with a Christian worldview. Whether a person enrolls for only a few courses or completes a degree, the mission and vision of the University remain the same.

CORE CURRICULUM: The University's Access degree programs are based on a General Education Component and Biblical Studies courses.

DEGREE PROGRAMS: The Bachelor of Science (B.S.) degree requires a minimum total of 120 semester hours of credit. For B.S. degrees, at least 25% (30 semester hours) of the total number of required semester hours must be taken at Point University. NOTE: A student enrolled in a BS program may transfer a maximum of 60 semester credit hours from a 2-year college and a maximum of 90 semester credit hours from a 4-year college or university.

The Associate of Arts (A.A.) degree requires a minimum total of 60 semester hours of credit, at least 30 semester hours of which must be taken at Point University. AA students may transfer no more than 30 semester hours. The minimum number of semester hours which are required at Point University would normally be the last hours earned for the degree.

A student entering Point University with fewer than 45 semester hours of credit is required to apply for and complete the Associate of Arts degree. At the time of completion of the AA degree, a student may choose to continue his or her work towards the Bachelor of Science degree.

CHANGES: A Point University degree program's requirements and courses may be changed through appropriate academic channels at any time. For the most up-to-date and specific degree requirements, procedures, and semester-by-semester sequencing, see the Access Office.
