## VISION

To be the college of choice for students seeking a Christian learning community that is academically challenging, spiritually vibrant and globally engaged.

## MISSION

To educate students for Christ-centered service and leadership throughout the world.

## VALUES

Christ-centered; kingdom-focused; personal responsibility and growth; transforming community; integrity in the strategic stewardship of resources; global vision for ministry; and service to community.

# Point *forward*

FOUNDATION FOR THE FUTURE

Point University's \$20 million capital campaign seeks to raise funds to renovate existing commercial properties and construct new buildings at our West Point main campus. These buildings will be used for offices, classrooms, laboratories, sports practice areas and dormitories.

**Real estate acquisition** and renovation is a significant part of the capital campaign. Point University has and will continue to enable us to both purchase and renovate facilities in historic West Point and the Greater Valley Area - providing a high-quality education for our students.

**Gifts to the Annual Fund** are still important. These donations aid in keeping tuition costs as low as possible, providing more students with the ability to receive a quality, Christian education. Your investment in the Annual Fund ensures that we continue to operate effectively as a ministry each year.
