## **DOCUMENT GUIDELINES FOR HEALTH RELATED DISABILITIES**

*These guidelines describe documentation needed to validate eligibility for specific accommodations due to a health-related disability. Please include the following when gathering your documentation for evaluation.*

- 1. A clear statement of the diagnosis on letterhead, signed, and dated by a qualified evaluator, including the credentials** of the person making the diagnosis or presently handling the case.
2. Documentation of health-related disability within the last 6 months.
- 3. Explanation of current major life activities limiting the student**, and the degree of **impact** on the student's academic program caused by these limitations.
4. Include medical information relating to the student's needs, along with current medication or aids used by the student and their effect on the limitations listed in #3.
- 5. Provide specific recommendations for accommodations.**
