

hours after the student is determined to be missing unless the student is under 18 years of age and not emancipated, in which case a custodial parent or guardian will be notified as mandated by law.

Once notified, the parent/guardian/emergency contact person may need to work with Point University student life staff to submit additional information with outside law enforcement agencies in order to expand the investigation.

Sexual Assault

The CLMs of each residence hall will post educational material each year concerning sexual assault. During an annual security seminar, the issue of sexual assault will be addressed. If you have been assaulted in any way, get to a safe place and then call campus security.

Emergency Response Plan

The University's Emergency Response Plan provides campus administrators with guidelines on how to respond to various types of emergencies. In the event of an emergency, it is important that all students carefully follow instructions given by faculty and staff.

Other Guidelines

Elsewhere in this covenant are specific references to state and federal guidelines regarding the use of illegal drugs and alcohol by underage users. It is the policy of Point University to cooperate with law enforcement officials in the enforcement of these laws. Point security personnel may report offenses in these areas to local law enforcement agencies. Obviously, Point students are encouraged to respect such laws and are expected to obey them. However, once violations of these laws are in the hands of law enforcement officials, the University cannot rescue you. We will minister to you and help you overcome whatever issues created the situation, but we cannot interfere with the reasonable enforcement of these laws.
