

## **IT Graduate Program Coordinator**

Point University is a private institution that educates our students within a Christian worldview so they are equipped to take their faith into the marketplace and all of life while achieving their professional goals. We are training the next generation of Christian leaders to take the cross to more job sites, churches, industries, and nations than ever before.

Point University is seeking a full-time IT Graduate Program Coordinator in the following discipline for its online programs:

- Information Technology with a concentration in Information Systems Security/Cybersecurity

An academic program coordinator within Point University holds a faculty position that includes both teaching responsibilities and responsibility for helping to manage a particular educational program. Program coordinators report to the faculty department chair. The managerial responsibilities could include (but not limited to), assisting the department chair with course design and quality control, recruiting and guiding program faculty, and advising students.

In addition to meeting the educational and spiritual requirements, applicants should have expertise in a relevant Information Systems Security/Cybersecurity specialty or closely related field and demonstrated collaborative leadership skills. Additional experience and Industry certifications are a plus.

### **REQUIREMENTS**

- Doctoral degree with 18 graduate semester hours in Information Systems Security/Cybersecurity field.
- Demonstrated collaborative leadership skills.
- Prior managerial experience preferred.
- Effective teaching ability/excellent communication skills.
- Prior teaching experience at collegiate level preferred.
- Self-disciplined with excellent time management skills.
- Willingness to be a professional role model and mentor.
- Commitment to graduate education, professional growth, service and scholarship in a distinctively Christian setting, including agreement with the University's mission and goals, values, and doctrinal statement.

### **Additional Qualifications**

- Relevant Industry Experience
- Professional Industry Certifications
- Subject Matter Expertise in one or more Knowledge Units of the NSA/DHS Cyber Defense Education Requirements for Centers of Academic Excellence.

1. *In the position section, put "ONL" and the subject you are qualified to teach.*
