Point University Academic Catalog. This *Academic Catalog* presents the educational programs and policies of Point University for students entering in Fall Term 2020, Spring Term 2021, and Summer Term 2021. It describes programs offered at the main campus in West Point, Georgia, along with programs offered online and at other Point educational sites, including Dual Credit Enrollment (DCE).

Point University Accreditation. Point University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, telephone 404-679-4500, or <http://www.sacscoc.org> for questions about the accreditation of Point University. All other inquiries, such as for admission or academic information, should be made directly to the appropriate Point office.

For further information on accreditation, including teacher education and other professional accreditations, see the section of this catalog on "Accreditation and Authorizations"

State Authorizations. For purposes of Title IV (financial aid), Point University is authorized to operate in Georgia by the Governor's executive order of June 28, 2013. Point offers online degree programs to students in 49 states with appropriate state authorization through GA-SARA, NC-SARA, and other arrangements. The process to review and appropriately act on complaints arising under state laws and NC-SARA is conducted by the Georgia Nonpublic Postsecondary Education Commission (GNPEC, 2082 East Exchange Place, Suite 220, Tucker, GA 30084, www.gnpec.ga.sara or call 770-414-3300). *However, out-of-state online students must first complete the complaint process through Point University and contact GNPEC only if the complaint is not resolved.*

Nondiscrimination Policies. Point University does not discriminate on the basis of age, gender, color, race, nationality, or national or ethnic origin, or disability in the administration of admission policies, educational policies, financial aid, employment, or any other University program or activity, as specified by federal law and regulations. Point admits qualified students whose openness to spiritual formation is compatible with the purpose of the University. It hires qualified faculty and staff who support the mission and goals of the University. The designated coordinator for compliance with Section 504 of the Rehabilitation Act of 1973 is Ms. Jessica Mazaheri, the director of disability services (706-385-1480; Disability.Services@Point.edu).

How to Interpret and Use This Catalog. The *Academic Catalog* serves as a reference guide. The detailed table of contents (see next page) assists the reader in finding needed information. The information contained in the catalog is accurate as of the date of publication. As part of its quality control systems, Point University constantly reviews, assesses, and revises its educational programs and policies to meet changing world needs. Accordingly, the statements set forth in the catalogs are not to be construed as the basis of a contract between the student and the institution. Point reserves the right to change any policy, procedure, provision, student expense, course, degree program, and/or graduation requirement at any time through appropriate processes. Every effort will be made to publicize changes. The University further reserves the right to require a student to withdraw at any time.

While the University fully intends to offer all the programs and courses described in this catalog, it retains the right to alter programs and course offerings for the sake of improvement. In such cases, the faculty offers students reasonable substitutions or other accommodations if courses required under a given degree program are significantly altered or removed from the curriculum.

Candidates enrolling in a degree program enter under the catalog requirements in effect at the time they begin the program. The University permits students to complete their degrees *under the original catalog requirements* as long as they maintain continuous enrollment and finish the degree within a reasonable timeframe. For details, see "Maximum Timeframe for Completing Degrees" in the section of this catalog devoted to "Academic Policies & Procedures."

Students are responsible for knowing and following the policies, procedures, and regulations presented in the *Academic Catalog*, the *Point Community Honor Code*, and *A Covenant for a Christian Community*. The *Honor Code* (student handbook) and *Covenant* appear on the "Spiritual Formation" page of the Point website (<https://point.edu/student-experience/spiritual-formation>). It is also the student's responsibility to stay informed about program revisions and to be aware of the University calendar, critical deadlines, and all University mail delivered to the student's Point mailbox and/or email account.

(5) Bachelor of Business Administration with a Concentration in Logistics Management (online)	281
(a) Overview	281
(b) Modality	281
(c) Program Purpose and Student Learning Objectives.....	281
(d) Required Courses	283
(e) Recommended Course Sequence	284
(6) Bachelor of Science in Healthcare Administration (online)	284
(a) Overview	284
(b) Modality	284
(c) Program Purpose and Student Learning Objectives.....	285
(d) Required Courses	286
(e) ACHCA Membership	287
(f) Practicum and Internship Opportunities.....	288
(g) Recommended Course Sequence	288
(7) Bachelor of Business Administration in Management (on-ground)	288
(a) Overview	288
(b) Modality	288
(c) Program Purpose and Student Learning Objectives.....	288
(d) Required Courses	289
(e) Recommended Course Sequence	290
(8) Bachelor of Science in Management (online)	291
(a) Overview	291
(b) Modality	291
(c) Program Purpose and Student Learning Objectives.....	291
(d) Required Courses	293
(e) Recommended Course Sequence	294
(9) Bachelor of Science in Organizational Leadership (online)	294
(a) Overview	294
(b) Modality	294

(c) Program Purpose and Student Learning Objectives.....	294
(d) Required Courses	295
(e) Recommended Course Sequence	296
d. Master's Degree Programs	297
(1) Master of Business Administration (M.B.A.) (online)	297
(a) Overview	297
(b) Modality	297
(c) Program Purpose and Student Learning Objectives.....	297
(d) Required Courses	298
(e) Waiver from BUSI 501 Foundations for Business Administration	298
(f) Recommended Course Sequence	299
(2) Master of Business Administration (M.B.A.) in Business Transformation (online)	299
(a) Overview	299
(b) Modality.....	299
(c) Program Purpose and Student Learning Objectives.....	300
(d) Required Courses	301
(e) Waiver from BUSI Foundations for Business Administration	301
(f) Point University Lean Six Sigma Green Belt Certification	302
(g) Point University Lean Six Sigma Black Belt Certification	302
(h) Recommended Course Sequence	303
e. Minors Offered by the Management Department (on-ground)	303
(1) Adding Minors to Bachelor's Degree Programs	303
(2) Business Administration Minor	303
(3) Management Minor (<i>Business Majors</i>)	304
(4) Music Business Minor	304
(5) Sports Management Minor (<i>Business Majors</i>)	305
(6) Sports Management Minor (<i>non-Business Majors</i>)	305
f. Certification Programs	306
(1) Lean Six Sigma Green Belt Certification (LSSGB) (online)	306
(a) Overview	306
(b) Eligible Students.....	306
(c) Modality	306
(d) Program Purpose and Student Learning Objectives.....	306
(e) Required Courses.....	307
(f) Point University Lean Six Sigma Green Belt Certification	307
(g) Point University Lean Six Sigma Black Belt Certification	307
(h) Point University M.B.A. in Business Transformation	308
(i) Recommended Course Sequence	308
(2) Lean Six Sigma Black Belt Certification (LSSBB) (online)	308
(a) Overview	308
(b) Prerequisite Lean Six Sigma Green Belt	308
(c) Eligible Students	308
(d) Modality.....	309
(e) Program Purpose and Student Learning Objectives.....	309
(f) Required Courses	309
(g) Point University Lean Six Sigma Black Belt Certification	310

(h) Point University M.B.A. in Business Transformation	310
(i) Recommended Course Sequence	310
4. Marketing & Public Relations Department	311
a. Academic Programs	311
b. Associate's Degree Program	312
(1) Associate of Arts in Social Media Marketing (online)	312
(a) Overview	312
(b) Modality	312
(c) Program Purpose and Student Learning Objectives.....	312
(d) Required Courses	312
(e) Recommended Course Sequence	313
c. Bachelor's Degree Programs	313
(1) Bachelor of Science in Marketing (online)	313
(a) Overview	313
(b) Modality	314
(c) Program Purpose and Student Learning Objectives.....	314
(d) Required Courses	315
(e) American Marketing Association (AMA) Membership	316
(f) Recommended Course Sequence	316
(2) Bachelor of Business Administration in Marketing (on-ground) ..	317
(a) Overview	317
(b) Modality	317
(c) Program Purpose and Student Learning Objectives.....	317
(d) Required Courses	318
(e) Recommended Course Sequence	319
(3) Bachelor of Science in Social Media Marketing (online)	320
(a) Overview	320
(b) Modality	320
(c) Program Purpose and Student Learning Objectives.....	320
(d) Required Courses	322
(e) Recommended Course Sequence	323
d. Minor Offered by the Marketing & Public Relations Department (on-ground).....	323
(1) Adding Minors to Bachelor's Degree Programs	323
(2) Marketing Minor	323
e. Certificate Program (on-ground)	324
(1) Social Media Marketing Certificate	324
(a) Overview	324
(b) Modality	324
(c) Program Purpose and Student Learning Objectives.....	324
(d) Required Courses	325
(e) Recommended Course Sequence	325
F. COLLEGE OF EDUCATION	326
1. Personnel	326
2. Child & Youth Development Department	328
a. Academic Programs	328

b.	Associate's Degree Program	329
(1)	Associate of Arts in Child Development (online)	329
(a)	Overview	329
(b)	Modality	329
(c)	Program Purpose and Student Learning Objectives.....	329
(d)	Required Courses	329
(e)	Recommended Course Sequence	330
c.	Bachelor's Degree Programs	330
(1)	Bachelor of Science in Child Development (online)	330
(a)	Overview	330
(b)	Teacher Certification and Non-Certification	331
(c)	Modality	331
(d)	Program Purpose and Student Learning Objectives.....	331
(e)	Required Courses	333
(f)	Practicum.....	334
(g)	Recommended Course Sequence	334
(2)	Bachelor of Science in Child & Youth Development (on-ground) ...	334
(a)	Overview	334
(b)	Modality	335
(c)	Program Purpose and Student Learning Objectives.....	335
(d)	Required Courses	335
(e)	Mandatory Background Check.....	337
(f)	Recommended Course Sequence	337
3.	Teacher Education Department	340
a.	Academic Programs	340
b.	Point University Teacher Education Program (TEP)	341
(1)	Background	341
(2)	Teacher Education Program (TEP)	341

(4)	TEP Course Modalities.....	343
(5)	TEP Required Coursework.....	343
(6)	TEP Admission, Continuation, and GaPSC Certification Process	344
c.	Bachelor's Degree Programs	347
(1)	Bachelor of Arts in Elementary Education (on-ground)	347
(a)	Overview	347
(b)	Georgia Teacher Certification	347
(c)	Modality	348
(d)	Program Purpose and Student Learning Objectives.....	348
(e)	Required Courses	348
(f)	Recommended Course Sequence	350
(2)	Bachelor of Science in Elementary Education (on-ground)	351
(a)	Overview	351
(b)	Georgia Teacher Certification	351
(c)	Modality	352
(d)	Program Purpose and Student Learning Objectives.....	352
(e)	Required Courses	352
(f)	Mandatory Background Check.....	354

(g) Recommended Course Sequence	354
(3) Bachelor of Science in Middle Grades Education (on-ground)	355
(a) Overview	355
(b) Georgia Teacher Certification	355
(c) Modality	355
(d) Program Purpose and Student Learning Objectives.....	355
(e) Required Courses	356
(f) Mandatory Background Check.....	358
(g) Recommended Course Sequence	358
(4) Bachelor of Science in Secondary Education with Biology, English, or History Concentration (on-ground)	359
(a) Overview	359
(b) Georgia Teacher Certification	360
(c) Modality	360
(d) Program Purpose and Student Learning Objectives.....	360
(e) Required Courses	361
(f) Mandatory Background Check.....	363
(g) Recommended Course Sequence	363
(5) Bachelor of Science in Special Education General Curriculum (Pre-K-12 teacher certification program) (on-ground)	365
(a) Overview	365
(b) Georgia Teacher Certification	365
(c) Modality	366
(d) Program Purpose and Student Learning Objectives.....	366
(e) Required Courses	367
(f) Mandatory Background Check.....	368
(g) Recommended Course Sequence	368
G. COLLEGE OF HEALTH SCIENCES	370
1. Personnel	370
2. Health Services Department	372
a. Academic Programs	372
b. Associate's Degree Programs.....	373
(1) Associate of Science in Medical Assisting (online)	373
(a) Overview	373
(b) Modality	373
(c) Program Purpose and Student Learning Objectives.....	373
(d) Required Courses	374
(e) Recommended Course Sequence	375
(f) Satisfactory Academic Progress	375
(g) Clinical Externship	375
(2) Associate of Science in Medical Coding & Billing (online)	375
(a) Overview	375
(b) Modality	376
(c) Program Purpose and Student Learning Objectives.....	376
(d) Required Courses	376
(e) Recommended Course Sequence	377

(3) Associate of Science in Medical Office Management (online)	377
(a) Overview	377
(b) Modality	378
(c) Program Purpose and Student Learning Objectives.....	378
(d) Required Courses	379
(e) Recommended Course Sequence	380
(f) Satisfactory Academic Progress	380
(g) Clinical Externship	380
(4) Associate of Arts in Public Health (online)	380
(a) Overview	380
(b) Modality	380
(c) Program Purpose and Student Learning Objectives.....	380
(d) Required Courses	381
(e) Recommended Course Sequence	382
c. Bachelor's Degree Program	382
(1) Bachelor of Science in Public Health (online)	382
(a) Overview	382
(b) Modality	382
(c) Program Purpose and Student Learning Objectives.....	383
(d) Required Courses	384
(e) Recommended Course Sequence	385
(f) CHES Certification	385
d. Certificate Programs	385
(1) Medical Assisting Certificate (online)	385
(a) Overview	385
(b) Modality	386
(c) Program Purpose and Student Learning Objectives.....	386
(d) Required Courses	387
(e) Recommended Course Sequence	387
(f) Satisfactory Academic Progress	387
(g) Clinical Externship	387
(2) Medical Coding & Billing Certificate (online)	388
(a) Overview	388
(b) Modality	388
(c) Program Purpose and Student Learning Objectives.....	388
(d) Required Courses	389
(e) Recommended Course Sequence	389
3. Nursing Department	390
a. Academic Programs	390
b. Bachelor's Degree Program	390
(1) Bachelor of Science in Nursing	
(post-licensure RN to BSN completion program) (online).....	390
(a) Overview	390
(b) RN-BSN Admission Requirements	391
(c) Accreditation	391
(d) Modality	392
(e) Program Purpose and Student Learning Objectives.....	392

(f) Required Courses	394
(g) Recommended Course Sequence	394
(h) Satisfactory Academic Progress	395
(i) Practicum Courses	395

H.COLLEGE OF SOCIAL & BEHAVIORAL SCIENCES 396

1. Personnel 396

2. Criminal Justice Department..... 398

a. Academic Programs..... 398

b. Associate's Degree Program 398

(1) Associate of Arts in Criminal Justice (online) 398

(a) Overview 398

(b) Modality 399

(c) Program Purpose and Student Learning Objectives..... 399

(d) Required Courses 399

(e) Recommended Course Sequence 400

(f) Policy Academy Transfer Credit..... 400

c. Bachelor's Degree Programs 401

(1) Bachelor of Science in Criminal Justice (on-ground) 401

(a) Overview 401

(b) Modality 401

(c) Program Purpose and Student Learning Objectives..... 401

(d) Required Courses 402

(e) Police Academy Transfer Credit..... 403

(f) Recommended Course Sequence 403

(2) Bachelor of Science in Criminal Justice (online)..... 404

(a) Overview 404

(b) Modality 404

(c) Program Purpose and Student Learning Objectives..... 405

(d) Required Courses 405

(e) Recommended Course Sequence 407

(f) Policy Academy Transfer Credit..... 407

(3) Bachelor of Science in Criminal Justice with Pre-Law Emphasis (on-ground) 407

(a) Overview 407

(b) Modality 408

(c) Program Purpose and Student Learning Objectives..... 408

(d) Required Courses 408

(e) Policy Academy Transfer Credit..... 409

(f) Recommended Course Sequence 410

d. Minor Offered by the Criminal Justice Department (on-ground) 411

(1) Adding Minors to Bachelor's Degree Programs 411

(2) Criminal Justice Minor 411

3. Psychology & Counseling Department..... 412

a. Academic Programs..... 412

b. Associate's Degree Programs..... 413

(1) Associate of Arts in Human Relations (online) 413

(a) Overview	413
(b) Modality	413
(c) Program Purpose and Student Learning Objectives.....	413
(d) Required Courses	413
(e) Recommended Course Sequence	414
(2) Associate of Arts in Psychology (online)	415
(a) Overview	415
(b) Modality	415
(c) Program Purpose and Student Learning Objectives.....	415

(d) Required Courses	421
(e) Counseling & Human Services Internship	422
(f) Honors Program	423
(g) Recommended Course Sequence	423
(3) Bachelor of Science in Human Relations (online)	424
(a) Overview	424
(b) Modality	424
(c) Program Purpose and Student Learning Objectives.....	424
(d) Required Courses	425
(e) Recommended Course Sequence	426
(f) Honors Program	426
(4) Bachelor of Arts in Psychology (on-ground)	426
(a) Overview	426
(b) Modality	426
(c) Program Purpose and Student Learning Objectives.....	426
(d) Required Courses	427
(e) Honors Program	428
(f) Recommended Course Sequence	428
(5) Bachelor of Science in Psychology (on-ground)	429
(a) Overview	429
(b) Modality	429
(c) Program Purpose and Student Learning Objectives.....	429
(d) Required Courses	430

(e) Honors Program	431
(f) Recommended Course Sequence	431
(6) Bachelor of Science in Psychology (online)	432
(a) Overview	432
(b) Modality	432
(c) Program Purpose and Student Learning Objectives.....	432
(d) Required Courses	433
(e) Recommended Course Sequence	434
(f) Honors Program	434
d. Minor Offered by the Psychology & Counseling Department (on-ground)	435
(1) Adding Minors to Bachelor's Degree Programs	435
(2) Counseling Minor	435
(3) Developmental Psychology Minor	436
(4) Human Services Skills Minor	436
(5) Psychology Minor	437
4. Sociology & Social Work Department.....	438
a. Academic Programs	438
b. Bachelor's Degree Programs	438
(1) Bachelor of Science in Sociology with Social Work Specialization (on-ground)	438
(a) Overview	438
(b) Modality	439
(c) Program Purpose and Student Learning Objectives.....	439
(d) Required Courses	439
(e) Recommended Course Sequence	440
(2) Bachelor of Social Work (B.S.W.) (online)	441
(a) Program Mission and Overview	441
(b) Social Work Licensure	442
(c) Accreditation	442
(d) Modalities	442
(e) Program Mission and Purpose, Goals and Student Learning Objectives	443
(f) Required Courses	445
(g) Recommended Course Sequence	446
(h) Satisfactory Academic Progress	446
(i) Credit for Prior Learning.....	446
(j) Social Work Field Seminar and Internship.....	446
(k) Social Work Professional Organizations	447
I. ACADEMIC POLICIES & PROCEDURES	448
1. Behavioral Standards and Disciplinary Procedures	448
a. Student Conduct	448
b. Academic Integrity	448
c. Other Forms of Misconduct	448
d. Reporting Misconduct	449
e. Disciplinary Action for Academic Misconduct.....	449
f. Appeals for Academic Misconduct	449

g. Disciplinary Action and Appeals Process for Other Forms of Misconduct ...	450
2. Student Communications	450
3. Education Sites	450
a. Sites.....	450
b. Student Support Centers	450
4. On-Ground Students Enrolled in Online Programs	450
a. On-Ground and Online Student Support Services	450
b. Tuition Rates for On-Ground and Online Students.....	451
c. On-Ground Students Taking Online Courses	451
d. Tuition Rates for On-Ground Students Taking Online Courses.....	451
5. Academic Calendar	451
a. University Calendar Structure.....	451
b. 8-Week Session-Length Courses.....	452
c. 16-Week Term-Length Courses.....	453
d. Current Academic Calendar	453
6. Credit Hour Definition and Time Commitments	453
a. Undergraduate Credit Hour	453
b. Graduate Credit Hour.....	453
c. Course Loads and Student Time Commitments	454
7. Academic Advising.....	454
a. Declaring Programs, Majors, and Minors	454
b. Academic Advising	454
c. Student Responsibilities.....	455
8. Course Registration	455
a. On-Ground Student Course Registration.....	455
b. Online Student Course Registration	456
c. Course Loads and Student Time Commitments	457
d. Changes in the Student's Plan of Study.....	457
9. Directed Independent Studies.....	257
10. Applying Graduate Courses to Undergraduate Degrees.....	457
11. Auditing Courses	458
a. Audit Policy.....	458
b. Applying to Audit a Course.....	458
12. Textbooks and Materials.....	458
a. Textbook Service.....	458
b. Paying for Textbooks through Financial Aid	459
13. Grading System	459
a. Grades and Quality Points.....	459
b. Pass/Fail Grading	460
c. Incomplete ("I") Grade	461
d. Change of Grade	461
e. Academic Appeals Process	462
f. How to Compute a Grade Point Average (GPA)	463
g. Grade Information.....	463
14. Attendance Policy	464
a. Attendance Philosophy.....	464
b. Attendance Policy and Allowed Absences	464

c. Absence Appeals	464
d. "No Show" Policy	464
15. Severe Weather Policy	465
16. Late Assignment Policy	465
17. Adding, Dropping, or Withdrawing from Courses.....	465
a. Adding a Course.....	465
b. Dropping a Course	466
c. Administrative Drop from a Course	466
d. Withdrawing from a Course	466
e. Administrative Withdrawal from a Course	467
f. Appeal of Administrative Withdrawal from a Course.....	467
18. Retaking Courses	468
a. Retaking Courses	468
b. Financial Aid Implications	468
19. Student Classifications	469
a. Undergraduate Classifications	469
b. Graduate Students	469
c. Non-Degree Students	469
d. Transient Students	469
e. On-Ground and Online Student Status.....	470
20. Course Loads, Overloads, and Full-Time Student Status	470
a. On-Ground Undergraduate Students	470
b. Online Undergraduate Students	470
c. Graduate Students	471
21. Academic Standing for Undergraduate Students	471
a. Good Academic Standing	471
b. Academic Warning	471
c. Academic Probation	471
d. Academic Suspension and Readmission	471
e. Appeal of Probation or Suspension	472
22. Academic Standing for Graduate Students	472
a. Good Academic Standing	472
b. Academic Warning	472
c. Academic Probation	472
d. Academic Suspension and Readmission	472
e. Notification of Probation or Suspension	472
23. Changing Degree Programs, Majors, or Concentrations.....	472
24. Withdrawing from Point University	472
a. Voluntary Withdrawal	472
b. Administrative Withdrawal	473
25. Readmission After Withdrawal from Point	473
26. Credit for Prior Learning	473
a. Credit by Transfer	474
(1) Other Colleges and Universities	474
(2) Vocational Schools, Technical Colleges, or Institutes	475
(3) Concurrent Enrollment.....	475
b. Transfer Guidelines for General Education Core and Biblical Studies	476

(1) Transfer Guidelines for the General Education Core	476
(2) Transfer Guidelines for the Biblical Studies Minor, Major, and Electives ..	478

c. Credit by Examination.....	478
(1) Advanced Placement (AP)	479
(2) International Baccalaureate (IB)	481
(3) College Level Examination Program (CLEP)	483
(4) DANTES Subject Standardized Tests (DSST)	485
(5) Credit for Military Training	488
d. Credit by Demonstrated Competency (CDC)	488
27. Residency Requirements and Transfer Credits	489
a. Rationale.....	489
b. Residency Requirements	489
c. Implications for Transfer Courses.....	490
28. Graduation Requirements	490
a. Degree Requirements	490
b. Minimum Grade Point Average (GPA)	490
c. Residency Requirements	490
d. Maximum Timeframe for Completing Degrees	491
e. Senior Assessments	491
f. Graduates in Good Standing	491
g. Changes in Degree Requirements	491
h. Double Majors, Triple Majors, and Double Degrees	492
29. Graduation and Commencement	493
a. Graduation.....	493
b. Attendance at Commencement	494
c. Early Commencement	494
30. Undergraduate Academic Honors.....	495
a. Dean's List	495
b. Graduation Honors.....	495
31. Honor Society for Online Students: <i>Omega Nu Lambda</i>	495
32. Transcripts	496
33. Policy on Student Privacy and Release of Information	496
J. APPLICATION & ADMISSION.....	497
1. General Admission Requirements	497
a. University Purpose	497
b. Admission Philosophy	497
2. Application Procedures for On-Ground Undergraduate Programs (West Point campus).....	498
a. On-Ground Undergraduate Application Procedures.....	498
b. Undergraduate Admission Decisions.....	500
c. On-Ground Undergraduate Admission and Athletic Eligibility	501
3. Application Procedures for Online Undergraduate Programs	501
a. Online Undergraduate Application Procedures.....	501
b. Undergraduate Admission Decisions.....	503

4. Application Procedures for Dual Credit Enrollment (DCE) Students.....	503
a. Dual Credit Enrollment Program	503
b. DCE Funding	503
c. DCE Application Procedures	503
d. DCE Admission Decisions	504
5. Application Procedures for Graduate Programs	505
a. Graduate Application Procedures	505
b. Graduate Admission Decisions	506
6. Application Procedures for Certificate and Certification Programs.....	507
7. Additional Application Procedures for Certain Categories of Students. 508	
a. Home-Schooled Students	508
b. Military Personnel and Veterans.....	509
c. Transfer Students	509
d. Transient Students	509
e. Non-Degree Students	509
f. Non-Citizen Students	510
(1) Online International Students Residing Outside the United States	510
(2) F-1 Student Visa Holders	510
(3) Permanent Resident Card Holders.....	511
(4) Undocumented Students	511
(5) Deferred Action for Childhood Arrivals (DACA) Students	512
g. English Proficiency	513
h. International and Non-English Transcripts	514
8. Probationary Admission	514
a. Academic Requirements for Admission.....	514
b. Probationary Admission.....	515
c. Appeal of Unaccredited Bachelor's Degree	515
9. Readmission after Withdrawal from Point.....	515
a. General Readmission Policy	515
b. Readmission of Military Personnel and Veterans.....	516
10. Point University Admission Assessment, CLEP, and DSST Testing	516
K. STUDENT COSTS & FINANCIAL AID.....	518
1. Student Costs.....	518
a. Tuition and Fees	518
b. Tuition Rates for On-Ground Students Taking Online Courses.....	520
c. For More Information	520
2. Student Billing and Payment.....	521
a. Student Billing and Payment Center	521
b. Student Financial Liability	521
c. Payment Policies.....	521
d. Payment Plans	521
e. Non-Payment.....	522
3. Refunds	522
a. General Information.....	522

b. Institutional Refund Policies	522
c. Refund Policies for Active Duty Military and Veterans	523
4. Applying for Financial Aid	523
a. Applying for Financial Aid.....	523
b. Financial Aid Counseling.....	524
5. Verification Policy	524
a. Financial Aid Verification.....	524
b. Required Documentation	525
c. Assistance with Verification	528
d. Checking the Status of Verification	528
e. Deadlines	529
f. Required Referral	529
6. Federal Aid	530
a. Title IV Federal Financial Aid	530
b. Federal Pell Grant.....	530
c. FSEOG Grant	530
d. Federal Work Study	530
e. Federal Subsidized Direct Loans	530
f. Federal Unsubsidized Direct Loans	531
g. Federal Parent Loan for Undergraduate Students (PLUS)	531
h. Federal Direct Graduate PLUS Loan.....	531
7. Georgia State Aid Programs	531
a. Georgia Tuition Equalization Grant (GTEG)	531
b. HOPE Scholarship	532
c. Zell Miller Scholarship	532
d. Georgia Public Safety Memorial Grant	532
8. Point University Aid Program	532
a. Point Aid	532
b. Endowed Scholarships	533

GENERAL INFORMATION

POINT UNIVERSITY

PRESIDENT: DEAN C. COLLINS, M.Ed.

History

Point University, formerly Atlanta Christian College, was founded in 1937 by Judge T. O. Hathcock (1879-1966), who served as a judge in Fulton County, Georgia, from 1914 until 1942. He and his wife, Nora Head Hathcock, and the initial trustees were associated with a non-denominational fellowship of churches sometimes referred to simply as Christian churches. The educational program of the university has been and is in harmony with the same biblical perspective and ideals (see below).

For the first 75 years of its history, Point University operated out of East Point, Georgia, a suburb of Atlanta. The historic campus was part of a 300-acre farm inherited by Mrs. Hathcock. With a barn, livestock, and cultivated fields, the campus in its earliest days had a distinctly rural flavor.

Following its founding, Point University devoted attention primarily to the education of ministers, missionaries and other church-related workers. In 1965, the university became an accredited member of the American Association of Bible Colleges (AABC, now the Association for Biblical Higher Education or ABHE). In 1990, in conjunction with a broadening of the curriculum, the university was accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and voluntarily withdrew from the AABC.

Moving into the 21st century, the university grew rapidly by adding evening programs for working adults, Dual Credit Enrollment (DCE) programs for high school students seeking university credit, and off-site locations in Peachtree City, Savannah, and elsewhere. On July 1, 2011 the institution was renamed Point University. The main campus relocated from East Point to West Point, Georgia, in summer 2012.

In 2015 Point organized the College of Graduate & Professional Studies (CGPS) to oversee its strategic expansion into online and graduate programs. This move produced over 40 new degree programs in four years, including Point's first master's degrees.

In 2019 the faculty reorganized into six discipline-related colleges—namely, the College of Arts & Sciences, College of Business & Leadership, College of Biblical Studies and Ministry, College of Education, College of Health Sciences, and College of Social & Behavioral Sciences. The faculty subject matter experts in each college oversees all programs in their field, regardless of level (undergraduate or graduate), modality (on-ground, online, or hybrid), or location (main campus or other education sites).

The university has had seven presidents: Mr. George W. BonDurant (1937-1947), Dr. Orvel C. Crowder (1947-1955), Mr. James C. Redmon (1955-1978), Mr. Paul K. Carrier (1978-1984), Dr. James C. Donovan (1984-1993), Dr. R. Edwin Groover (1993-2006), and Mr. Dean C. Collins, the current president.

Mission Statement

The mission of Point University is to educate students for Christ-centered service and leadership throughout the world.

Goals

Point University believes that the goal of education is the development of the total person. The curriculum—biblical and theological studies, arts and sciences, professional studies—and the learning environment are designed to encourage students to grow spiritually, intellectually, socially, physically and professionally.

- *Spiritually*—Point University seeks to encourage students to grow in faith in Jesus Christ, develop a Christian worldview, live by Christian virtues, and serve others.
- *Intellectually*—Point University seeks to encourage students to think analytically and critically, communicate effectively, and demonstrate competence in biblical and theological studies, the arts and sciences, and professional studies in which they major.
- *Socially*—Point University seeks to encourage students to respect and influence people of various cultures and live harmoniously in community.
- *Physically*—Point University seeks to encourage students to develop lifestyles advantageous to good health.
- *Professionally*—Point University seeks to encourage students to equip themselves with the knowledge and skills necessary to pursue a chosen vocation.

Vision

Point University will be the college of choice for students seeking a Christian learning community that is academically challenging, spiritually vibrant and globally engaged.

Church Identification

Point University is a private university with support from congregations and individuals of the Christian Churches and Churches of Christ. The educational program of the University is in harmony with the faith and practice of these churches. While a significant number of students come from this fellowship, the student body includes people from a variety of churches.

Doctrinal Position

Point University is committed to the Lordship of Jesus Christ, the oneness of Christians, and the evangelization of the world. Since the unity of the church is created and maintained through a common faith in Jesus Christ, Point looks to the inspired biblical record for the foundation of its faith. The Bible is the source of our knowledge of God and His Son, Jesus Christ. The academic program of Point has at its center the integration of faith

into every discipline and a recognition of the importance of the Bible in shaping a Christian worldview. Every undergraduate degree includes a major or minor in Biblical Studies.

The trustees and employees of Point affirm the biblical concepts reflected in this statement of faith and have committed themselves to living a life that reflects their presence:

- We believe in the one God, Creator of heaven and earth, who eternally exists in three persons: Father, Son and Holy Spirit.
- We believe that God the Son assumed human nature, was born of a virgin, ministered in word and miracle, died for our sin, was raised bodily from the dead, ascended to God's right hand where he presently reigns.
- We believe that the Holy Spirit indwells every Christian and is presently at work in the Christian community, empowering lives of godliness and service.
- We believe that the Holy Bible is inspired by God, trustworthy in its teaching, and the final authority for all matters of faith and practice.
- We believe that all of humanity, due to sin, is destined for death, corruption and separation from God apart from the redemptive work of Jesus Christ.
- We believe that Jesus Christ established his church to be one holy people, to glorify God, and to carry out his saving mission among all nations.
- We believe in God's saving grace that calls for faith, repentance, confession, baptism, and new life and service through the Spirit.
- We believe in the blessed hope of the second coming of Jesus Christ, who will raise the dead and judge all with justice and mercy, and in the consummation of the Kingdom of God.

Spiritual Formation at Point University

Spiritual Formation Goals. In accordance with its mission and goals, Point University promotes spiritual formation in its students, faculty, and staff. Spiritual formation includes being with Christ, becoming like Christ, and participating in the redemptive work of Christ. Point encourages all to confess "Jesus is Lord" and to live out that confession by growing in biblical knowledge, developing a Christian worldview, embracing Christian values, showing compassion, serving others, and applying their education in ways that impact the culture for Christ.

Point is focused on three important spiritual formation goals for students:

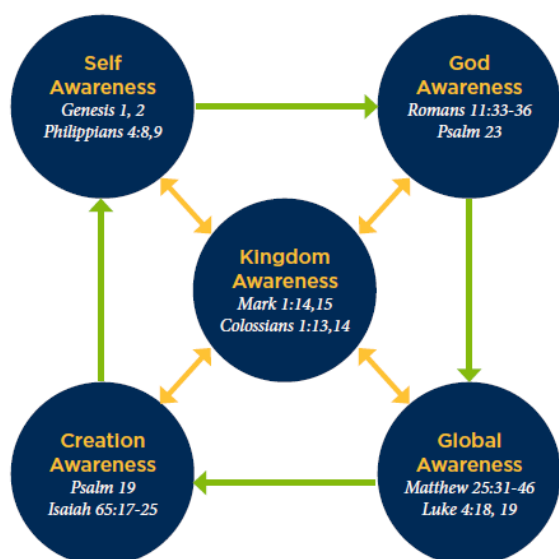

- (1) Every student will see community ministry as an essential part of what it means to say, "Jesus is Lord." This will be seen in areas such as:
 - Concern for the poor
 - Concern for social justice
 - Seeing themselves first as citizens of God's Kingdom;

- Racial reconciliation
 - Concern for peacemaking, from personal disputes to world war
 - Concern for victims of economic disparity
 - Concern for educational issues such as literacy, high school dropout rates, and basic moral values
 - Concern for health issues such as unwed pregnancies, abortion rates, and AIDS
- (2) Every student at Point University will see the importance of integrating faith and vocation. This means that they strive to:
- Practice the idea of the priesthood of all believers
 - See vocation, regardless of what it is, as mission
 - Learn how to effectively bear witness to their faith in any setting, without being overbearing
 - Learn in every course the relationship of the subject at hand to Christian faith
 - Ensure that no student graduates without having been exposed to the ideal of integration of faith and vocation
- (3) Some students at Point University will sense that they are called to ordained ministry. Thus, some will find themselves in:
- Church settings as preachers, worship leaders, educational leaders, spiritual formation facilitators, student and children's ministers, administrators, and in other roles;
 - Global settings as missionaries, campus ministers, church planters, relief workers, educators, health workers, and in other roles; and
 - Parachurch settings such as colleges, seminaries, camps, convalescent centers, orphanages, relief agencies, urban ministries, campus ministries, and other Kingdom endeavors.

The diagram below (see next page) also highlights important aspects of spiritual maturity promoted by Point University.

A Covenant for Christian Community. *A Covenant for a Christian Community* is the university's official publication regarding student life and spiritual formation. It and *The Point Community Honor Code* provide guidance for students, faculty, and staff. Both documents are accessible through the "Spiritual Formation" page of the Point website (<https://point.edu/student-experience/spiritual-formation>).

Biblical Studies Minor. Every baccalaureate student at Point completes a 15-credit Biblical Studies Minor (or Biblical Studies Major) that lays a foundation for spiritual formation. Point promotes faith integration throughout the curriculum.

One University, Multiple Sites

Point University currently operates on-ground academic programs at multiple locations in Georgia and elsewhere. Point also offers online programs through which it extends its educational mission across the nation and around the world.

MAIN CAMPUS: West Point, Georgia (507 W. 10th Street, West Point, GA 31833; Telephone: 706-385-1000). In fall 2012, Point University relocated from its old campus in East Point, Georgia, to a new main campus in West Point. The site hosts on-ground residential programs while also offering support for students in *Point Online* and *Point Connect* hybrid programs.

Founded in 1832, the idyllic town of West Point is home to 3,500 residents along a scenic stretch of the Chattahoochee River on the I-85 corridor, just an hour's drive from the capital cities of Atlanta and Montgomery, Alabama, and four hours from the Gulf Coast beaches and Georgia mountains. Part of the Greater Valley Area, West Point straddles Troup and Harris Counties in Georgia and sits just minutes from the Alabama cities of LaFayette, Lanett, and Valley.

Formerly a commercial hub for textile production, today's West Point has a thriving economy as home to KIA Motors' first U.S. automotive plant, which opened in 2010. West Point has a walkable, historic downtown with an eclectic assortment of shops—from

antiques and unique home furnishings to quaint apparel and accessories boutiques —and eateries including Asian, Italian, Southern, and pub-style cuisine. Cultural opportunities in the area include a community theater, a 600-seat town auditorium, and a local outdoor amphitheater. The town sits just downstream from the 26,000-acre West Point Lake offering 500 miles of shoreline for fishing, camping, and water sports. The nearby Valley Community Center and Sportsplex offers tennis courts, baseball fields, soccer fields and a 64,000-square-foot aquatic Olympic Center with a walking track, basketball, racquetball, and football facilities.

Peachtree City, Georgia (800 Commerce Drive, Peachtree City, GA 30269; Telephone: 678-593-3100). Point's 13,500 square foot facility in Peachtree City is located 10 miles south of I-85 at the intersection of GA-54 and GA-74, directly adjacent to The Avenue, a large outdoor mall area featuring numerous shopping and dining options. The site hosts dual credit enrollment programs while also providing support for students in *Point Online* and *Point Connect* programs.

Savannah, Georgia (Compassion Christian Church, Adult Ministry Center, 55 Al Henderson Blvd., Savannah, GA 31419; Telephone: 912-629-3855). Located on the campus of Compassion Christian Church, this site offers core curriculum for on-ground students, dual credit enrollment courses for high school students, and support for students in *Point Online* and *Point Connect* programs.

Columbus, Georgia (North Highland Church, 7300 Whittlesey Blvd., Columbus, GA 31909; Telephone: 706-561-7777). The North Highland Church in Columbus hosts Point University's Columbus Ministry Practicum, a residential mentored ministry training experience. This site is also known as the Columbus Leadership Campus (CLC). Most CLC students are enrolled in the A.A. or B.S. in Applied Ministry programs. However, the practicum is also open to other students as a general elective or internship option.

Phoenix, Arizona (Christ's Church of the Valley, 7007 W. Happy Valley Road, Peoria, AZ 85023; Telephone: 623-376-2444). Christ's Church of the Valley (CCV) hosts Point's Master of Strategic Ministry program, which features an advanced ministry apprenticeship program at CCV's various sites in the Phoenix area.

Other Sites. Alongside the primary education sites, Point offers occasional courses at other locations, such as Dual Credit Enrollment (DCE) courses and ministry practica hosted by church partners.

Online Campus. Point University offers over 40 online programs at the associate, baccalaureate, and master levels. These programs allow students to earn a degree from almost every state in the U.S. and many foreign countries—anywhere with a reliable Internet connection. The university provides a full array of “virtual” support services for such students.

Accreditation and Authorizations

SACSCOC Institutional Accreditation. Point University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, telephone 404-679-4500, or <http://www.sacscoc.org> for questions about the accreditation of Point University. All other inquiries,

such as for admission or academic information, should be made directly to the appropriate Point office.

SACSCOC is recognized by the United States Department of Education and the Council of Higher Education Accreditation (CHEA).

GaPSC Teacher Education Accreditation. The Georgia Professional Standards Commission (GaPSC, www.gapsc.com) governs teacher certification in the State of Georgia. Within Point's College of Education, GaPSC has approved the Teacher Education Department and all educator programs that lead to state certification. Approved programs include the Elementary Education preparation program (preschool through fifth grades), the Middle Grades Education preparation program (fourth through eighth grades), the Secondary Education program in the areas of Biology, English, and History (sixth through twelfth grades), the Special Education General Curriculum program (grades PreK-12), and the English to Speakers of Other Languages (ESOL) endorsement program.

CSWE Social Work Accreditation. Point University launched its Bachelor of Social Work (B.S.W.) program in 2019-2020. The university has received approval from its SACSCOC institutional accrediting body to offer this program. Point is also seeking professional accreditation from the Council on Social Work Education (<https://www.cswe.org>) with the aim of achieving initial accreditation by the time the first students graduate. Point has aligned its Social Work Major with CSWE's nine Core Competencies and other standards, so that the program will prepare students for licensure as a social worker. In February 2020 the CSWE Commission on Accreditation granted candidacy status to Point's B.S.W. program (see <https://www.cswe.org/Accreditation/Information/COA-Decisions/COA/February-2020-COA-Decisions>). For updates on Point's CSWE accreditation progress, contact Dr. Aisha Williams, BSW program coordinator and chair of the Sociology & Social Work Department (Aisha.Williams@Point.edu).

U.S. Department of Education Recognition. Point University is recognized by the U.S. Department of Education and is listed in the Education Directory. For the purposes of Title IV (federal financial aid), Point University is authorized to operate in Georgia by the Governor's executive order of June 28, 2013.

USCIS Approval for Serving International Students. United States Citizenship and Immigration Services (USCIS) of the Department of Homeland Security has approved Point University for acceptance of foreign students. Students who are eligible for benefits under programs administered by the Veterans Administration, State of Georgia Rehabilitation and Social Security are approved to receive benefits while attending the university. Point University has been certified as a nonprofit institution by the Internal Revenue Service.

Georgia State Authorization and Student Complaint Process. As an institution that participates in the federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended, Point University is authorized to operate by the State of Georgia. Point is authorized by name to operate educational programs beyond secondary education in Georgia by the Governor's executive order of June 28, 2013.

In Georgia, the Georgia Non-Public Post-Secondary Education Commission (GNPEC) conducts the process to review and appropriately act on complaints arising under State

laws, including damage or loss as a result of any act or practice by a nonpublic post-secondary educational institution. *However, out-of-state online students must first complete the complaint process through Point University and contact GNPEC only if the complaint is not resolved.*

A student who has an unresolved complaint may initiate the GNPEC's Authorized School Complaint Procedure by:

- Submitting an Authorized School Complaint Form found on the GNPEC website (www.gnpec.ga.sara);
- Calling the GNPEC at (770) 414-3300; or
- Visiting the GNPEC at the following address during normal office hours with a scheduled appointment:

Georgia Nonpublic Postsecondary Education Commission
2082 East Exchange Place, Suite 220
Tucker, Georgia 30084-5305

State Authorization for Online Learning. Point University complies with all applicable state regulations governing online programs offered across state lines. Point is a member of SARA, the State Authorization Reciprocity Agreement, at both the state level in Georgia (GA-SARA, www.gnpec.ga.sara) and the national level (NC-SARA, <http://nc-sara.org>). SARA membership and other state authorizations currently allow Point to offer online programs in 49 states—all U.S. states except Massachusetts.

Memberships

Point University is a member of the Council for Christian Colleges & Universities (CCCU, www.cccu.org).

Consumer Information

Published Information. The primary sources of information about Point University are the institutional website (www.point.edu) and this *Academic Catalog*, which is posted on the website.

Title IX. The Point website includes a section on “Title IX” (<https://point.edu/title-ix>), which articulates the university’s commitment to be “a learning community that is free from discrimination regarding sex, age, disability, nationality, race, ethnicity, and other protected classifications.” This includes a commitment to reporting and preventing campus sexual violence and other crimes in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. For more information concerning any Point University Title IX issues, contact the lead Title IX officer (Bernard.Hill@Point.edu) and/or those assisting in the areas of Students (Laura.Schaff@Point.edu), Staff (Margaret.Hodge@Point.edu), or Athletics (Chad.Simpson@Point.edu).

Consumer Information. The “Consumer Information” section of the website (<http://point.edu/disclosures>) includes important data and policies, such as those related to:

- Student demographics
- Student achievement
- Tuition and fees
- Accreditation
- Federal and state authorizations
- Student privacy rights under the Family Educational Rights and Privacy Act (FERPA)
- Campus health, safety, and security policies
- Drug and alcohol abuse prevention and intervention policies related to the 1989 amendments to the federal Drug-Free Schools and Communities Act (DFSCA)
- Disability services related to Title IX (<https://point.edu/title-ix>) of the Educational Amendments of 1972 and subsequent re-authorization of that act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 and subsequent amendments to that act

Institutional Policies. Other policies are published in the “Institutional Policies” section of *MyPoint* (<http://intranet.point.edu/institutional-policies>), the private intranet site accessible to all Point University students, faculty, and staff. Examples include policies related to:

- Security, confidentiality, and release of student information (FERPA)
- Title IX (<https://point.edu/title-ix>)
- The Campus Sexual Violence Elimination (SaVE) Act of 2013 (<http://intranet.point.edu/institutional-policies>)
- The Violence Against Women Reauthorization Act of 2013 (VAWA) (<http://intranet.point.edu/institutional-policies>)
- Written Complaints

Certain key policies are summarized below. For the full policies, see the Internet and intranet sites referenced above.

Nondiscrimination Policies

Point University does not discriminate on the basis of age, gender, color, race, nationality, or national or ethnic origin, or disability in the administration of admission policies, educational policies, financial aid, employment, or any other University program or activity, as specified by federal law and regulations. Point admits qualified students whose openness to spiritual formation is compatible with the purpose of the university. It hires qualified faculty and staff who support the mission and goals of the university.

Disability Support Services

Point University is committed to providing qualified students with disabilities an equal opportunity to access a Point education through the provision of reasonable and appropriate accommodations and support services. Accordingly, Point complies with Title IX (<https://point.edu/title-ix>) of the Educational Amendments of 1972 and the subsequent reauthorization of that act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 and subsequent amendments to that act. For more information about Disability Support Services, see the “Consumer Information” section of the website (<http://point.edu/disclosures>) and the “Student Services” section of this catalog, or contact the director of disability services, Ms. Jessica Mazaheri, by telephone at 706-385-1480 or by email at [Disability.Services@ Point.edu](mailto:Disability.Services@Point.edu). Ms. Mazaheri also serves as Point’s designated coordinator for compliance with Section 504 of the Rehabilitation Act of 1973.

Policy on Student Privacy and Release of Information

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, Point University is committed to protecting the confidentiality of student records and the rights of students to (a) inspect and review their education records, (b) seek correction of inaccurate or misleading data through informal and formal hearings, (c) consent to disclosure of their educational records, and (d) file a formal complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the Act. For the full policy, see the “Consumer Information” section of the university website (<http://point.edu/disclosures>).

Student Grievance Policies

Types of Grievances. Students who believe they have been unjustly treated may seek resolution of the issue through policies and procedures established by Point University for that purpose. The university has adopted a number of policies which address specific types of unjust treatment. These policies may be found on the *MyPoint* intranet and/or in the academic catalog posted on the university website. They include, for example, policies for academic appeals (<http://intranet.point.edu/academicappeal>), Americans with Disabilities Act Section 504 appeals (<https://point.edu/academics/academic-support/disability/grievance-policy-procedure>), and Title IX sexual harassment appeals (<https://point.edu/title-ix>). Point University’s full policy regarding “Written Complaints” likewise appears in the “Institutional Policies” section of *MyPoint*.

General Grievances. For other complaints or those relating to issues with the university or its employees (including faculty), the student may file a general grievance. Students are urged first to address the issue with the employee on an informal basis as many if not most issues may be resolved by this approach. However, if the issue is not resolved by this approach, or the student believes a hostile relationship with the employee makes this approach not feasible, the student may file a formal grievance using the following procedure:

1. The student must submit a *General Grievance Form* available on the *MyPoint* intranet (<https://point.edu/academics/academic-support/disability/grievance-policy-procedure>). This form will go to the dean of academic operations and insti-

tutional effectiveness, Bethany Huxford-Davis (Bethany.Davis@Point.edu), who will send it to the immediate supervisor of the employee with whom the grievance is held or to appropriate administrator, based on the nature of the grievance. A general grievance MUST be received within 10 business days from the date the grievance occurred regardless of whether the student attempted an informal resolution or not). The university will not consider appeals filed after that date.

2. Upon receipt of the appeal, the supervisor/administrator may speak to the employee, the student, or both in an effort to resolve the issue. After investigating the appeal, the supervisor/administrator will make a written response to the student (either by letter or email) within seven days of receipt of the written *General Grievance Form*.
3. If the supervisor/administrator is not able to resolve the complaint, or the student is still not satisfied that the complaint has been resolved, the student may request that the written appeal be forwarded to the chief academic officer (CAO), Dr. Stephen Waers (Stephen.Waers@Point.edu).
4. Upon receipt of the request, the CAO will forward the written *General Grievance Appeal Form* to the grievance appeals committee for consideration. The committee may convene a hearing in which the student may present his/her case for the appeal. Students are allowed to bring any documentation, witnesses, or other materials that support their case. The committee may also speak to the employee with whom the grievance is held.
5. After hearing and considering all the information presented, the grievance appeals committee will render a decision and respond to the student in writing concerning the disposition of the appeal within 10 days of the hearing date. The decision of the grievance appeals committee is final.

INTRODUCTION TO ACADEMICS

CHIEF ACADEMIC OFFICER: STEPHEN E. WAERS, Ph.D.

Academic Organization

Senior Academic Administrator. The chief academic officer (CAO), Dr. Stephen Waers, leads the academic division of Point University. He reports to the president, who reports to the board of trustees. The CAO serves on the president's senior leadership team. His primary responsibility is to ensure alignment of every aspect of academic operations with the university mission and values, including programs, personnel, policies, facilities, and finances.

Six Colleges. Point has organized its faculty into six colleges focusing on particular academic fields or disciplines—namely, the (1) College of Arts & Sciences, (2) College of Biblical Studies & Ministry, (3) College of Business & Leadership, (4) College of Education, (5) College of Health Sciences, and (6) College of Social & Behavioral Sciences. Each college is led by a dean, who reports to the chief academic officer. Within their respective colleges, the deans oversee faculty department chairs, who oversee program coordinators and remaining faculty. Faculty subject matter experts within each college oversee all academic programs related to their field, regardless of level (undergraduate or graduate), modality (on-ground, online, or hybrid), or location (main campus or other education sites).

Academic Programs and Organization. A full list of colleges, departments, and academic programs appears below (see the next ten pages). For information concerning a given program or area, contact the appropriate dean, department chair, or program coordinator.

Academic Support Services. A professional staff works alongside the faculty to provide various types of academic support services for faculty and students. Examples include registrar, library, technical, instructional design, enrollment, advising, tutoring, counseling, disability, financial, and administrative services.

University Academic Council. Decisions that affect only students within a given department or program are generally made at the department or college level (e.g. course curricula, practicum requirements). Decisions that require a broader “university perspective” are made by the university academic council (e.g. admission standards, academic calendar, General Education Core requirements, new program development). Chaired by the chief academic officer (CAO), the university academic council (UAC) focuses primarily on issues related to educational programs, policies, assessment, quality control, and accreditation. The UAC consists of the chief academic officer (chair), the deans of the six colleges, the vice president for academic initiatives & accreditation, dean of Point academic support services, director of library resources, registrar, and any others the CAO may add to that team.

<div>Point University</div> <div>ACADEMIC PROGRAMS AND ORGANIZATION</div>	
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning	ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning
COLLEGES, DEPARTMENTS, PROGRAMS	DEANS, DEPARTMENT CHAIRS, PROGRAM COORDINATORS
COLLEGE OF ARTS & SCIENCES	Dean: Dedra Woolfolk, Ph.D. (Dedra.Woolfolk@Point.edu)
Humanities Department	Chair: Susan Ryan, Ed.D. (Susan.Ryan@Point.edu)
General Education	
➤ General Education Core (OG) (included in all undergraduate programs as part of the Point Core Curriculum)	Susan Ryan, Ed.D. (Susan.Ryan@Point.edu) Math Curriculum: Tammy Burch, M.S. (Tammy.Burch@Point.edu)
➤ General Education Core (ONL) (all undergraduate programs)	Kyle Malmberg, M.S., Ed.D. candidate (Kyle.Malmberg@Point.edu) Math Curriculum: Tammy Burch, M.S. (Tammy.Burch@Point.edu)
➤ Dual Credit Enrollment Courses (OG, OL)	Aretha Walker, Ph.D. (Aretha.Walker@Point.edu)
Associate's Degree Programs	
• AA General Studies (ONL)	Kyle Malmberg, M.S., Ed.D. candidate (Kyle.Malmberg@Point.edu)
Bachelor's Degree Programs	
• BA English (OG)	Susan Ryan, Ed.D. (Susan.Ryan@Point.edu) First-Year Writing Experience: William Grant Vickery, M.A. (William.Vickery@Point.edu)
• BA English & Biblical Studies (OG)	Susan Ryan, Ed.D. (Susan.Ryan@Point.edu) First-Year Writing Experience: William Grant Vickery, M.A. (William.Vickery@Point.edu)
• BA History (OG)	Kimberly C. Macenczak, Ph.D. (Kim.Macenczak@Point.edu)

• BA History & Biblical Studies (OG)	Kimberly C. Macenczak, Ph.D. (Kim.Macenczak@Point.edu)

Types of Degree Programs

The American education system consists of “preschool” and “kindergarten” (typically ages 2-5), “elementary education” (grades 1-6, ages 6-12), “secondary education” (grades 7-12, ages 13-18), and “higher education” (college and university programs, ages 18+).

The higher education system awards “degrees”—that is, diplomas signifying that a student has successfully demonstrated the competencies associated with a prescribed course of study. There are four basic types of degrees—namely, associate’s, bachelor’s, master’s, and doctor’s degrees. Each degree lays a foundation for the next degree level above it (see diagram below). Point University defines these degree levels as follows:

Associate’s Degrees. The first degree beyond secondary education is the associate’s degree, which includes a minimum of 60 credit hours. Some associate’s degrees provide a broad foundation without specialization, while other “professional” associate’s degrees include specific competencies for particular vocations. Point University associate’s degrees typically include four major components: (1) a 31-32 credit General Education Core that lays a broad, coherent foundation for students’ university studies and for lifelong learning as servants of Christ; (2) a 9-credit Biblical Studies Component that

grounds students in the Christian Scriptures and promotes spiritual formation; (3) a 15-credit Professional Component that develops foundational competencies related to the student's chosen vocation or discipline; and (4) 5 credits of General Electives, which enable students to explore additional areas of interest. All associate's degree programs are aligned with the mission and goals of Point University, which facilitate students' intellectual, social, physical, professional, and spiritual growth.

At the associate's level, Point seeks to equip students with:

- Essential habits and skills for lifelong learning, such as the ability to read, write, and speak clearly; think critically and develop reasoned arguments; locate and use information resources; utilize computer technology; work well with others; and maintain a healthy lifestyle
- Basic content and methodologies of the principal areas of knowledge, including the Humanities, Fine Arts, Social and Behavioral Sciences, Natural Sciences, and Mathematics
- Biblical and theological foundations for a Christian worldview and faith integration
- Foundations for spiritual formation—that is, being with Christ, becoming like Christ, and participating in Christ's redemptive work
- The ability to form, maintain, and enjoy healthy relationships with others, including persons from different backgrounds and cultures
- Where applicable, foundational professional knowledge and skills (professional associate's degree programs)
- Knowledge, skills, and competencies needed to pursue a bachelor's degree

Bachelor's Degrees. The bachelor's or "baccalaureate" degree includes a minimum of 120 credit hours (60 hours beyond the associate's degree). Baccalaureate degrees typically include four major components: (1) a 31-32 credit General Education Core that lays a broad, coherent foundation for students' university studies and for lifelong learning as servants of Christ; (2) a 15-credit Biblical Studies Minor or full Biblical Studies Major that grounds students in the Christian Scriptures, promotes spiritual formation, and integrates faith and vocation; (3) a 45+ credit Professional Major consisting of focused studies in a given academic discipline or professional field; and (4) General Electives, which enable students to explore additional areas of interest. All baccalaureate degree programs are aligned with the mission and goals of Point University, which facilitate students' intellectual, social, physical, professional, and spiritual growth.

At the bachelor's level, Point seeks to develop in students:

- Highly developed habits and skills for lifelong learning, such as the ability to read, write, and speak clearly; think critically and develop reasoned arguments; locate and use information resources; utilize computer technology; work well with others; and maintain a healthy lifestyle

- Basic content and methodologies of the principal areas of knowledge, including the Humanities, Fine Arts, Social and Behavioral Sciences, Natural Sciences, and Mathematics
- Biblical and theological foundations for a Christian worldview and faith integration
- Foundations for spiritual formation—that is, being with Christ, becoming like Christ, and participating in Christ’s redemptive work
- The ability to form, maintain, and enjoy healthy relationships with others, including persons from different backgrounds and cultures
- A theological foundation, theoretical framework, and practical skills for Christian leadership
- A philosophical and theoretical framework for practicing one’s chosen discipline or profession
- An ethical and theological framework for exercising one’s discipline or profession as a servant of Christ (integration of faith and vocation)
- General acquaintance with professional tools and literature, along with basic research skills
- Entry- and intermediate-level knowledge, skills, and competencies for one’s chosen discipline or profession
- Practical experience in one’s chosen discipline or profession
- Knowledge, skills, and competencies needed to pursue a master’s degree

Master’s Degrees. A master’s degree includes no fewer than 30 credit hours beyond the bachelor’s degree. Graduates demonstrate further mastery of a specialized discipline resulting in high-level professional practice. All master’s degree programs are aligned with the mission and goals of Point University, which facilitate students’ intellectual, social, physical, professional, and spiritual growth. At the master’s level, Point seeks to develop in students:

- Advanced experiential knowledge, skills, and competencies for one’s chosen profession, which enable graduates to mentor others in that profession
- A highly developed philosophical and theoretical framework that enables students to exercise their professions in contextually appropriate ways
- A highly developed ethical and theological framework for exercising one’s profession as a servant of Christ (integration of faith and vocation)
- Active involvement with professional tools and literature, along with advanced research skills
- Advanced practical experience in one’s chosen discipline or profession
- Advanced expertise in a specialized discipline, which enables them to conduct research in the field

- Christian commitment displayed in active discipleship and participation in Christ's redemptive mission to the nations
- Knowledge, skills, and competencies needed to pursue a doctor's degree, a professional credential, and/or licensure

Doctor's Degrees. Point currently offers no doctoral degrees. However, a doctor's degree or "doctoral degree" or "doctorate" typically includes no fewer than 60 credit hours beyond the bachelor's degree (including the prerequisite master's degree). Doctoral programs develop advanced expertise in a specialized discipline, which enables students to conduct research and make original contributions to the theory and/or practice of that field.

Undergraduate versus Graduate Degrees. Traditionally, the first degree earned at a college or university was the bachelor's degree. Accordingly, students who have *not yet graduated* with a bachelor's degree are referred to as "under-graduate students," and associate's and bachelor's degrees are called "undergraduate degrees." Students who graduate with a bachelor's degree and then continue with more advanced studies are "graduate students," and master's and doctoral degrees are called "graduate degrees."

First-, second-, third-, and fourth-year undergraduate students are traditionally called "freshmen, sophomores, juniors, and seniors."

Lower versus Upper Division Courses. In many cases, an associate's degree represents essentially the first half of a bachelor's degree. Thus, Point sometimes uses the term "Lower Division" to refer to undergraduate courses taken at the associate's level (i.e. freshman or sophomore courses numbered 100-299). More advanced under-graduate studies (i.e. junior or senior courses numbered 300-499) are called "Upper Division" courses. *All Point University courses at the level of 100 or above meet transfer level quality accreditation standards.*

As they progress through the Lower Division into the Upper Division, Point University intentionally moves students toward higher levels of intellectual activity and professional skill. Accordingly, Lower Division courses generally exhibit the following characteristics:

- *Breadth*—understanding the extent of a discipline and how it relates to other fields of study
- *Foundations*—principles, terms, methods, literature, and perspectives of a discipline as a basis for more specialized study; basic analytical thinking and theoretical application
- *General Competencies*—essential skills, attitudes, and practices (such as reading, writing, speaking, critical thinking, and problem solving) as preparation for more advanced studies and lifelong learning
- *Knowledge, Comprehension, Interpretation, and Application*—a focus on acquiring and remembering basic facts and concepts related to a discipline, understanding those facts in context and relating them to other fields and processes, and applying this knowledge to new situations

- *Academic Rigor and Dependence*—rigor appropriate for foundational courses with students dependent on instructors as subject matter experts
- *Preparation*—courses typically require few college-level prerequisites

Upper Division courses generally display the following characteristics:

- *Depth*—in-depth study of a discipline’s theories and methods, including understanding of the applications and limitations of those theories and methods; awareness and use of scholarly literature in the field
- *Specialization*—intellectual and professional abilities necessary for success and progress in a given field; intellectual and professional skills necessary for graduate studies
- *Refinement of Competencies*—applying general competencies and skills more discerningly and in more challenging contexts
- *Analysis, Evaluation, Synthesis, and Creation*—a focus on advanced analytical and evaluative skills, integrating and synthesizing knowledge and insights from a variety of sources, and solving problems creatively
- *Increased Rigor and Independence*—greater responsibility and independent learning on the part of the student
- *Preparation*—courses often require Lower Division prerequisites

LOWER DIVISION	UPPER DIVISION
Breadth	Depth
Foundations	Specialization
General Competencies	Refinement of Competencies
Knowledge, Comprehension, Interpretation, and Application	Analysis, Evaluation, Synthesis, and Creation
Introductory Rigor and Dependent Learning	Increased Rigor and Independent Learning
Few or No Prerequisites	Often Require Prerequisites

Arts versus Sciences. The most common types of undergraduate degrees are the Associate of Arts or Associate of Science, and the Bachelor of Arts or Bachelor of Science.

The term “science” refers to any branch of knowledge concerned with establishing and systematizing facts, principles, and methods. Examples include biology and geology (examples of “natural sciences” aimed at understanding the physical world), psychology and economics (examples of “social sciences” or “behavioral sciences” aimed at understanding people in groups), and mathematics.

The term “art” refers to any branch of creative work and its principles, especially making or doing things that display special form, beauty, or insight. Examples include painting, sculpture, and architecture (sometimes called “visual arts” or “fine arts”); music, drama,

and the dance (sometimes called “performing arts”); and poetry and prose (sometimes called “literary arts”).

Undergraduate programs are called “arts” degrees or “science” degrees depending on their major focus. At Point, Bachelor of Arts degrees usually include 14+ credits of foreign language study, whereas Bachelor of Science degrees typically include additional Natural Science and/or Social and Behavioral Science courses.

Apart from the A.A., A.S., B.A. and B.S., Point also offers more specialized types of undergraduate degrees, such as the Bachelor of Business Administration (B.B.A.) and Bachelor of Social Work (B.S.W.).

Majors and Minors. A bachelor’s degree must, by definition, include a “major”—that is, an integrated series of courses focusing on a particular field or discipline. At Point, a “major” must include a minimum of 30 credits. Majors typically include 45+ credits, with at least 30 credits in the Upper Division.

Students pursuing a bachelor’s degree have the *option* of adding a minor(s) to that degree beyond the normal program requirements. A “minor” is a shorter series of courses focusing on a particular field or discipline. At Point, a “minor” includes 15+ credits, with at least 9 credits in the Upper Division. The sections of this catalog describing each academic department include descriptions of any minors offered by that department.

The following policies govern the offering of minors:

- The Biblical Studies Minor is a requirement in all bachelor’s degree programs that do not include a Biblical Studies Major. If students select another minor, they complete it in addition to the Biblical Studies Minor.
- Students may add a minor to any bachelor’s degree program that does not include that specific area of study as its major and/or as noted otherwise. Students may not add minors to associate’s degrees.
- For a minor to appear on student transcripts as a “minor,” at least 12 credits required for the minor must be beyond those required in the Core Curriculum (General Education and Biblical Studies) and professional major of the student’s chosen degree program. A maximum of two courses may be used to satisfy both Core Curriculum and minor requirements. A maximum of two courses may be used to satisfy requirements for both the professional major and the minor. A maximum of two courses may be used to satisfy requirements of more than one minor.
- If a specific course required for the student’s major is also required for the minor, students should substitute another course in the same discipline to fulfill the required minimum number of credits for the minor. Any course used to replace an upper division course should also be upper division (300 or 400 level).
- At least 6 credits within the minor must be completed at Point University.
- For purposes of academic planning and financial aid, Point recommends that students declare their desired minor(s) as soon as possible—preferably (but not necessarily) at the same time they declare their major. See the policy on “Declaring Programs, Majors, and Minors” in the section of this catalog devoted to “Academic Advising.”

- Point awards minors and places them on transcripts only when the baccalaureate degree is awarded.
- The proper sequencing of courses to include a minor in a degree program is the student's responsibility.

Concentrations and Specializations. Some undergraduate majors and graduate programs include a “concentration” or “specialization,” which consists of 12+ credits focusing on a particular field, discipline, or specialty. One example is the B.S. in Information Technology, for which students may choose a concentration in Information Systems Security or Network Administration.

Certificates. Point occasionally forms groups of courses into certificate programs. A “certificate” consists of 12-30 credit hours in a focused area of study. Guidelines for certificates appear below under “Academic Regulations.”

Academic versus Professional Degrees. “Academic” degrees (e.g. M.Phil. and Ph.D., Th.M. and Th.D.) advance the *theory* of a given field typically through original research, while “professional” degrees (e.g. M.Min. and D.Min., M.Ed. and Ed.D.) advance the *practice* of a given profession through applied research and field investigations.

Terminal Degrees. Doctorates are also called “terminal degrees” because, as the highest level degree, they typically represent the end point or “termination” of one's formal education. In some fields, such as Fine Arts, the highest degree typically offered is the master's. Thus, for example, the Master of Fine Arts (M.F.A.) degree is sometimes called a “terminal master's degree.”

Traditional versus Non-Traditional, On-Ground versus Online. In “traditional” academic programs, students typically complete several courses at one time, on-campus, in sessions lasting 10 weeks (quarter system) or 15-16 weeks (semester system). Traditional programs were originally designed with the expectation that students would live on campus (“residential programs”) or commute from nearby, devoting most or all of their time to their studies. In contrast, “non-traditional” programs are designed for working adults. The academic year often consists of a series of shorter sessions in which students typically take only one or two courses at a time. Students study online or attend classes only once or twice per week.

Point University offers both “traditional” and “non-traditional” academic programs. However, *since Point's traditional programs often include non-traditional “virtual” elements, the university generally designates students and programs as primarily “on-ground” or “online.”*

On-Ground, Point Online, and Point Connect Course Modalities. Point University offers coursework in three primary modalities:

- *On-Ground Courses*—Students typically meet face-to-face with instructors at the main campus in West Point or another Point education site for about 3 hours each week.
- *Point Online*—In this fully-online format, students engage in educational activities through a customized *Point Online* course website that facilitates interaction between students, their instructor, and their fellow learners. Students may access their *Point Online* courses at any time from any location with an Internet connection. Students

must log into their course sites every week to register attendance and complete assignments. They *should* log in nearly every day to participate in ongoing class discussions and other interactive learning activities. However, *Point Online* courses are “asynchronous” in that they do not require all students to log in at the same time. This arrangement offers more flexibility for students who have different work schedules or live in different time zones.

- *Point Connect*—This online format features a weekly live, synchronous, 2-hour class session supplemented by asynchronous learning activities offered through the online course website. For most *Point Connect* courses, the live session takes the form of a “virtual meeting” or videoconference allowing two-way, face-to-face interactions between students, their instructor, and their fellow learners (“*Point Connect Virtual*”). For other *Point Connect* courses, the live session takes the form of an on-ground session at a Point education site (“*Point Connect Ground*”). Live sessions typically meet one evening per week from 6:00 to 8:00 or 8:00 to 10:00 p.m. EST. Students *must* participate in the weekly live sessions to register attendance and engage in interactive learning activities. They should also log into the course site regularly throughout the week—at the times of their choosing—to complete other assignments. This blend of synchronous and asynchronous elements offers students the “best of both worlds”—the flexibility of an online program with the benefit of a weekly gathering.

Which modality is best for a given student depends partly on that student’s personal circumstances, maturity, motivation, and learning style. In choosing a format, students should consider the following factors:

- Numerous research studies show that, in terms of educational effectiveness (meeting student learning objectives), *On-Ground* and *Point Online* modalities are nearly equal. Some studies rate online a bit higher than on-ground because, in an online course, students cannot “hide in the back of the classroom” but must actively engage in all course learning activities. Nearly all studies give the highest rating to the blended *Point Connect* format, which combines the best features of asynchronous and synchronous learning.
- In *Point Connect*, the live class sessions are *mandatory* and student participation is essential to the instructional design. Accordingly, students who cannot commit to attend the weekly sessions should choose *Point Online*.
- All Point courses are intentionally designed to incorporate educational “best practices” and accommodate a variety of learning styles. For more information, see below under “Instructional Design.”

Credits. Studies required for a degree program are measured in “credit hours.” In accordance with traditional U.S. higher education standards (the “Carnegie Unit”) and regulations issued by the U.S. Department of Education, Point defines an undergraduate “credit hour” as representing a minimum of 37.5 clock hours of active engagement in learning activities inside and/or outside the classroom. A graduate “credit hour” includes a minimum 50 clock hours of study.

For more information, see the discussion of the “Academic Calendar” in the “Introduction to Academics” section of this catalog. See also the discussion of “Credit Hour Definition” under “Academic Policies & Procedures.”

Prerequisites and Corequisites. Some courses carry “prerequisites”—that is, courses students are required to complete *before* they enroll in the course in question. (For example, students must complete ENGL 101 Critical Reading & Writing I, or its equivalent, prior to enrolling in ENGL 102 Critical Reading & Writing II.) Some courses carry “corequisites”—that is, courses students must complete *either before or during* their enrollment in the course in question. When applicable, prerequisites and corequisites are listed at the end of each course description later in this catalog.

Overview of Associate’s and Bachelor’s Degree Structure

Point undergraduate degrees include four types of courses—namely, General Education Core courses, Biblical Studies, Professional Studies, and General Electives. Associate’s degrees are “nested” within certain bachelor’s degrees in that all A.A. coursework also applies to the corresponding baccalaureate degree. In the table below, a 60-credit associate’s degree *typically* includes the coursework in the shaded areas. Students then complete the remaining courses to earn a 120-credit bachelor’s degree.

ASSOCIATE’S DEGREE	BACHELOR’S DEGREE
General Education Core (31 credits)	General Education Core (31 credits)
Biblical Studies Component	Biblical Studies Minor
Introductory Studies (9 credits)	Introductory Studies (9 credits)
	Advanced Studies (6 credits)
Professional Component	Professional Major
Introductory Studies (15 credits)	Introductory Studies (15 credits)
	Advanced Studies (30 credits)
General Electives	General Electives
AA Electives (5 credits)	AA Electives (5 credits)
	Additional BS Electives (24 credits)

General Education Core. The General Education Core aligns with Point University’s mission and goals for promoting students’ spiritual, intellectual, emotional, physical, and professional growth. Many of the principles, theories, issues, and skills addressed in Point’s professional programs build on what students learn in core courses. For a detailed description of the General Education Core, see below under the “College of Arts & Sciences.”

Biblical Studies. Biblical Studies ground students in the Christian Scriptures as a foundation for spiritual formation, faith integration, and a Christian worldview. Asso-

ciate's degrees typically include 9 credits of Biblical Studies. Bachelor's students either complete an additional 6 credits to earn a 15-credit Biblical Studies Minor or complete a full 30+ credit Biblical Studies Major. For detailed descriptions of the Biblical Studies Minor and Biblical Studies Major, see below under the "College of Biblical Studies & Ministry."

Professional Studies. Point associate's degrees include 15+ credits of Professional Studies focusing on the student's chosen field or discipline. Bachelor's students complete additional credits to earn a 45+ credit Professional Major. Point offers majors in a variety of fields, such as accounting, biblical studies, business, child development, criminal justice, education, English, history, humanities, human relations, information technology, leadership, marketing, medical assisting, ministry, music, psychology, public health, and social work. For a complete list, see below under "Academic Programs." Detailed descriptions of professional programs appear in the sections of this catalog devoted to each of the six Point University colleges.

General Electives. General Electives consist of university-level courses that do not duplicate other courses within a student's degree program. Students may fulfil General Elective requirements through either Lower Division courses (100- or 200-level) or Upper Division courses (300- or 400-level). However, Upper Division courses offer advantages to students planning to enter graduate school because they represent more advanced levels of study.

Internships. The internship requirement in many degree programs involves the assignment of upper-class students to selected fields of service under the supervision of an instructor and a field supervisor. From 2 to 30 credit hours may be received in internships, depending on the program of study. The utilization of internships is based on the belief that the higher education learning experience is strengthened by practice. An internship gives the student an opportunity for supervised practical experience.

Total Credits. Students must complete a minimum of 60 credit hours to earn an associate's degree and 120 credit hours to earn a bachelor's degree from Point University. If the General Education Core, Biblical Studies Minor, and the student's chosen Professional Major total fewer than 120 credits, students must complete enough General Electives to meet the minimum requirement. Some bachelor's degree programs, such as teacher education degrees, include more than 120 credits.

Characteristics of Point University Professional Majors and Graduate Programs

In accordance with Point University's mission and educational goals (described above), every professional major and graduate program gives attention to:

- Specialized knowledge, skills, and attitudes pertinent to a given field or discipline
- Philosophical approaches and theoretical models for engaging in that field or discipline
- Significant practical experiences in that field or discipline
- Legal and ethical issues related to that professional field or discipline

- Worldview issues raised by that professional field or discipline
- Integration of faith and learning—that is, the ongoing quest to understand the discipline in all of its complexity from within the framework of a Christian worldview, and then to live out its moral and spiritual implications at the levels of intellectual assumptions, motivations, and applications
- Biblical principles, theoretical bases, and practical skills for Christ-like servant leadership in that field or discipline
- Contemporary models and case studies of how Christians have used that discipline or profession to promote the Kingship of God and carry out His redemptive work in the world
- Development of the student’s personal philosophy for practicing that discipline or profession as a Christian ambassador for the Lord

In short, Point University professional majors and graduate programs equip students to think and act theoretically, practically, theologically, and redemptively in their chosen disciplines and professions.

Academic Calendar

University Calendar Structure. Point University operates year-round on an academic calendar organized as follows:

FALL TERM (16 weeks)		SPRING TERM (16 weeks)		SUMMER TERM (16 weeks)	
Fall 1 (8 weeks)	Fall 2 (8 weeks)	Spring 1 (8 weeks)	Spring 2 (8 weeks)	Summer 1 (8 weeks)	Summer 2 (8 weeks)

Traditional Academic Year

- Each calendar year includes three 16-week “terms” (*excluding school holidays and special events*). “Spring Term” typically extends from early January through early May, “Summer Term” from early May through late August, and “Fall Term” from late August through mid-December.
- Each 16-week term includes two 8-week “sessions” referred to as “Spring 1, Spring 2, Summer 1, Summer 2, Fall 1, and Fall 2.”
- For purposes of state and federal financial aid, Point is an attendance-taking school and students are considered to be on a “standard term semester system.”
- For undergraduate students, 12 credits per term constitute “full-time” status. For master’s students, 6 credits per term constitute “full-time” status.

Within this common University framework, Point offers courses of varying lengths according to the needs of a given academic program.

8-Week Session-Length Courses. Point University offers almost all of its courses within the session structure, making them 8 weeks in length. Please note:

- Undergraduate students enrolled in *Point Online* or *Point Connect* programs typically complete one or two courses each 8-week session *year-round*. Students must complete at least 12 credits per 16-week term to qualify as “full-time” students for purposes of financial aid. New online students may enroll at the beginning of any 8-week session year-round (a “continuous enrollment” model).
- Undergraduate students enrolled in *on-ground, residential programs at the West Point campus* typically complete two or three 8-week courses each session during *Fall and Spring Terms only* (the “traditional academic year”), taking a break during Summer Term (with optional “summer school” courses available). They too must complete at least 12 credits per 16-week term to qualify as “full-time” students for purposes of financial aid. New on-ground students may enroll at the beginning of Fall Term or Spring Term, the times of year when campus services are ready to receive them.
- Graduate students typically complete one 8-week course each session *year-round*. They must complete at least 6 credits per 16-week term to qualify as “full-time” students for purposes of financial aid.
- The first week of an 8-week session or 16-week term always begins with new student orientations on Monday and Tuesday followed by a half week of courses extending from Wednesday through Sunday. During this half week students must attend on-ground class sessions and/or log onto their online course websites, introduce themselves to their instructor and fellow learners, review course syllabi, participate in course orientations, complete any initial assignments, and work ahead if they wish. Most instructors do not make *major* assignments due during this half-week to give students time to get oriented and plan their educational strategy.
- The remaining seven course “weeks” always begin on Monday and end on Sunday. They include a variety of focused learning activities.
- The Academic Calendar (see below) specifies course start and end dates, add/drop/withdrawal deadlines, holidays and breaks, and key events for students operating within the 8-week session structure.
- If a major holiday (most often July 4 or Independence Day) falls on a day of the week when a *Point Connect* live class session normally meets, Point will cancel the synchronous class session and conduct all learning activities in asynchronous online format during that week.

16-Week Term-Length Courses. Due to the nature of the course content, Point offers some on-ground courses in West Point in a 16-week term-length format. Thus, on-ground students may be enrolled in both 8-week and 16-week courses within the same term. The 16-week courses operate in much the same way as 8-week courses (described above), but with different deadlines as shown on the calendar (see below).

Dual Credit Enrollment (DCE) courses are also offered in a 16-week term-length format aligned with the calendar of the host school.

2020-2022 Academic Calendars. Point University academic calendars for 2020-2021 and 2021-2022 appear below (see following pages):

<div style="text-align: center;">  Academic Calendar 2020-2021 Dual Credit Enrollment (DCE) courses are offered over the full term (16 weeks) rather than in two 8-week sessions. Select residential courses may also be offered in a 16-week format. <i>Due to the need for flexibility in response to COVID-19, this calendar may be changed in order to safeguard the health of students, staff, and faculty.</i> </div>		
Fall Term 2020 (August 26 – December 20)		
Fall Session 1 (August 26 – October 18)		
BREAK & ORIENTATIONS August 24-25	New student orientations	August 24-25 (Monday – Tuesday)
	Term break for returning students	August 24-25 (Monday – Tuesday)
August 26-30	Courses begin (Getting Started week for fully-online courses) West Point convocation	August 26 (Wednesday)
August 31 – September 6	Courses continue	August 31 (Monday)
	Last day to add/drop course without notation	September 2 (2 nd Wednesday of term/session)
September 7-13	Labor Day holiday (no West Point, Peachtree City, or Savannah classes; office closed)	September 7 (Monday)
September 14-20	Last day to withdraw from course voluntarily with “W”	September 18 (4 th Friday of session)
	Midterm grades due	September 20 (Sunday)
September 21-27		
September 28 – October 4		
October 5-11		
October 12-18	Courses end (residential courses end Friday, October 16; online courses end Sunday, October 18)	October 18 (Sunday)
	Final grades due (award letter grade or “Incomplete” by this date)	October 21, 11:59 p.m. (Wednesday)
Fall Session 2 (October 21 – December 20)		
BREAK & ORIENTATIONS October 19-20	New student orientations (online programs)	October 19-20 (Monday – Tuesday)
	Midterm break for returning students	October 19-20 (Monday – Tuesday)
October 21-25	Courses begin (Getting Started week for fully-online courses)	October 21 (Wednesday)

October 26 – November 1	Courses continue	October 26 (Monday)
	Last day to add/drop course without notation	October 28 (2 nd Wednesday of session)
November 2-8	Registration begins for spring term	November 2 (10 th Monday of term)
November 9-15	Last day to withdraw from course voluntarily with “W”	November 13 (4 th Friday of session, 13 th Friday of term)
	Midterm grades due	November 15 (Sunday)
November 16-22		
BREAK: November 23-29	Thanksgiving Break (no West Point, Peachtree City, Savannah, or online classes; offices closed November 26-27)	November 23 – 29 (Monday - Sunday)
Nov. 30 – December 6		
December 7-13		
December 14-20	Fall Commencement	December 19 (Saturday)
	Courses end (residential courses end Friday, December 18; online courses end Sunday, Dec. 20)	December 20 (Monday)
December 21 – January 5	Final grades due (award letter grade or “Incomplete” by this date)	December 23, 11:59 p.m. (Wednesday)
	Christmas Break (offices closed December 21 – January 1)	Dec. 21 – Jan. 5
Spring Term 2021 (January 6 – May 2)		
Spring Session 1 (January 6 – February 28)		
ORIENTATIONS January 4-5	New student orientations	January 4-5 (Monday – Tuesday)
January 6-10	Courses begin (Getting Started week for fully-online courses)	January 6 (Wednesday)
January 11-17	Courses continue	January 11 (Monday)
	Last day to add/drop course without notation	January 13 (2 nd Wednesday of term/session)
January 18-24	Dr. Martin Luther King, Jr. Holiday (no West Point, Peachtree City, or Savannah classes; offices closed)	January 18 (Monday)
January 25-31	Last day to withdraw from course voluntarily with “W”	January 29 (4 th Friday of session)
	Midterm grades due	January 31 (Sunday)
February 1-7		
February 8-14		
February 15-21		
February 22-28	Courses end (residential courses end Friday, February 26; online courses end Sunday, February 28)	February 28 (Sunday)

BREAK: March 1-9	Spring Break (no West Point, Peachtree City, Savannah, or online classes)	March 1-7
	Final grades due (award letter grade or “Incomplete” by this date)	March 3, 11:59 p.m. (Wednesday)
<i>Spring Session 2 (March 10 – May 2)</i>		
ORIENTATIONS March 8-9	New student orientations (online programs)	March 8-9 (Monday – Tuesday)
March 10-14	Courses begin (Getting Started week for fully-online courses)	March 10 (Wednesday)
March 15-21	Courses continue	March 15 (Monday)
	Last day to add/drop course without notation	March 17 (2 nd Wednesday of session)
March 22-28	Registration begins for summer and fall terms	March 22 (10 th Monday of term)
March 29 – April 4	Last day to withdraw from course voluntarily with “W”	April 2 (4 th Friday of session, 12 th Friday of term)
	Good Friday Holiday (no West Point, Peachtree City, or Savannah classes; offices closed)	April 2
	Midterm grades due	April 4 (Sunday)
April 5-11		
April 12-18		
April 19-25		
April 26 – May 2	Spring Commencement	May 1 (Saturday)
	Courses end (residential courses end Friday, April 30; online courses end Sunday, May 2)	May 2
	Final grades due (award letter grade or “Incomplete” by this date)	May 5, 11:59 p.m. (Wednesday)

Academic Calendar 2021-2022

Dual Credit Enrollment (DCE) courses are offered over the full term (16 weeks) rather than in two 8-week sessions. Select residential courses may also be offered in a 16-week format.

Due to the need for flexibility in response to COVID-19, this calendar may be changed in order to safeguard the health of students, staff, and faculty.

Summer Term 2021 (May 5 – August 22)

Summer Session 1 (May 5 – June 27)

BREAK & ORIENTATIONS May 3-4	New student orientations	May 3-4 (Monday – Tuesday)
	Term break for returning students	May 3-4 (Monday – Tuesday)
May 5-9	Courses begin (Getting Started week for fully-online courses)	May 5 (Wednesday)
May 10-16	Courses continue	May 10 (Monday)
	Last day to add/drop course without notation	May 12 (2 nd Wednesday of term/session)
May 17-23		
May 24-30	Last day to withdraw from course voluntarily with “W”	May 28 (5 th Friday of session)
	Midterm grades due	May 30 (Sunday)
May 31 - June 6	Memorial Day Holiday (no West Point classes)	May 31
June 7-13		
June 14-20		
June 21-27	Courses end (residential courses end Friday, June 25; online courses end Sunday, June 2)	June 27 (Sunday)
	Final grades due (award letter grade or “Incomplete” by this date)	June 30, 11:59 p.m. (Wednesday)

Summer Session 2 (June 30 – August 22)

BREAK & ORIENTATIONS June 28-29	New student orientations	June 28-29 (Monday – Tuesday)
	Midterm break for returning students	June 28-29 (Monday – Tuesday)
June 30 – July 4	Courses begin (Getting Started week for fully-online courses)	June 30 (Wednesday)
	Independence Day Holiday	July 4 (Sunday)

July 5-11	Courses continue	July 5 (Monday)
	Last day to add/drop course without notation	July 7 (2 nd Wednesday of session)
July 12-18		
July 19-25	Last day to withdraw from course voluntarily with “W”	July 23 (4 th Friday of session, 11 th Friday of term)
	Midterm grades due	July 25 (Sunday)
July 26 – August 1		
August 2-8		
August 9-15		
August 16-22	Courses end (residential courses end Friday, August 20; online courses end Sunday, August 22)	August 22 (Sunday)
	Final grades due (award letter grade or “Incomplete” by this date)	August 25, 11:59 p.m. (Wednesday)
Fall Term 2021 (August 25 – December 12)		
<i>Fall Session 1 (August 25 – October 17)</i>		
BREAK & ORIENTATIONS August 23-24	New student orientations	August 23-24 (Monday – Tuesday)
	Term break for returning students	August 23-24 (Monday – Tuesday)
August 25-29	Courses begin (Getting Started week for fully-online courses) West Point convocation	August 25 (Wednesday)
August 30 – September 5	Courses continue	August 30 (Monday)
	Last day to add/drop course without notation	September 1 (2 nd Wednesday of term/session)
September 6-12	Labor Day Holiday (no West Point, Peachtree City, or Savannah classes; offices closed)	September 6 (Monday)
September 13-19	Last day to withdraw from course voluntarily with “W”	September 17 (4 th Friday of session)
	Midterm grades due	September 19 (Sunday)
September 20-26		
September 27 – October 3		
October 4-10		
October 11-17	Courses end (residential courses end Friday, October 15; online courses end Sunday, October 17)	October 17 (Sunday)
	Final grades due (award letter grade or “Incomplete” by this date)	October 20, 11:59 p.m. (Wednesday)

Fall Session 2 (October 20 – December 19)		
BREAK & ORIENTATIONS October 18-19	New student orientations	October 18-19 (Monday – Tuesday)
	Midterm break for returning students	October 18-19 (Monday – Tuesday)
October 20-24	Courses begin (Getting Started week for fully-online courses)	October 20 (Wednesday)
October 25-31	Courses continue	October 25 (Monday)
	Last day to add/drop course without notation	October 27 (2 nd Wednesday of session)
November 1-7	Registration begins for spring term	November 1 (10 th Monday of term)
November 8-14	Last day to withdraw from course voluntarily with “W”	November 12 (4 th Friday of session, 12 th Friday of term)
	Midterm grades due	November 14 (Sunday)
November 15-21		
BREAK: November 22-28	Thanksgiving Break (no West Point, Peachtree City, Savannah, or online classes; offices closed November 25-26))	November 22 – 28 (Monday - Sunday)
Nov. 29 – December 5		
December 6-12		
December 13-19	Fall Commencement	December 18 (Saturday)
	Courses end (residential courses end Friday, December 17; online courses end Sunday, Dec. 19)	December 19 (Sunday)
BREAK: December 20 – January 4	Final grades due (award letter grade or “Incomplete” by this date)	December 22, 11:59 p.m. (Wednesday)
	Christmas Break (dates office closed TBD)	December 20 – January 4
Spring Term 2022 (January 5 – May 1)		
Spring Session 1 (January 5 – February 27)		
ORIENTATIONS January 3-4	New student orientations	January 3-4 (Monday – Tuesday)
January 5-9	Courses begin (Getting Started week for fully-online courses)	January 5 (Wednesday)
January 10-16	Courses continue	January 10 (Monday)
	Last day to add/drop course without notation	January 12 (2 nd Wednesday of session)
January 17-23	Dr. Martin Luther King, Jr. Holiday (no West Point, Peachtree City, or Savannah classes; offices closed)	January 17 (Monday)

January 24-30	Last day to withdraw from course voluntarily with “W”	January 28 (4 th Friday of session)
	Midterm grades due	January 30 (Sunday)
Jan 31 – Feb. 6		
February 7-13		
February 14-20		
February 21-27	Courses end (residential courses end Friday, February 25; online courses end Sunday, Feb. 27)	February 27 (Sunday)
BREAK: Feb. 28 – Mar. 6	Spring Break (no West Point, Peachtree City, Savannah, or online classes)	February 28 - March 6
	Final grades due (award letter grade or “Incomplete” by this date)	March 2, 11:59 p.m. (Wednesday)
<i>Spring Session 2 (March 9 – May 1)</i>		
BREAK & ORIENTATIONS March 7-8	New student orientations	March 7-8 (Monday – Tuesday)
	Midterm break for returning students	March 7-8 (Monday – Tuesday)
March 9-13	Courses begin (Getting Started week for fully-online courses)	March 9 (Wednesday)
March 14-20	Courses continue	March 14 (Monday)
	Last day to add/drop course without notation	March 16 (2 nd Wednesday of session)
March 21-27	Registration begins for summer and fall terms	March 21 (10 th Monday of term)

	Midterm grades due	April 3 (Sunday)
April 4-10		
April 11-17	Good Friday Holiday (no West Point, Peachtree City, or Savannah classes; offices closed)	April 15
April 18-24		
April 25 – May 1	Spring Commencement	April 30 (Saturday)
	Courses end (residential courses end Friday, April 29; online courses end Sunday, May 1. 27)	May 1
	Final grades due (award letter grade or “Incomplete” by this date)	May 4, 11:59 p.m. (Wednesday)

Online Learning

Technology-Mediated Learning. As noted above, Point University offers coursework in three primary modalities:

- *On-Ground Courses*—Students typically meet face-to-face with instructors at the main campus in West Point or another Point education site for about 3 hours each week.
- *Point Online*—In this fully-online format, students engage in educational activities through a customized *Point Online* course website that facilitates interaction between students, their instructor, and their fellow learners. Students may access their *Point Online* courses at any time from any location with an Internet connection. Students *must* log into their course sites every week to register attendance and complete assignments. They *should* log in nearly every day to participate in ongoing class discussions and other interactive learning activities. However, *Point Online* courses are “asynchronous” in that they do not require all students to log in at the same time. This arrangement offers more flexibility for students who have different work schedules or live in different time zones.
- *Point Connect*—This online format features a weekly live, synchronous, 2-hour class session supplemented by asynchronous learning activities offered through the online course website. For most *Point Connect* courses, the live session takes the form of a “virtual meeting” or videoconference allowing two-way, face-to-face interactions between students, their instructor, and their fellow learners (“*Point Connect Virtual*”). For other *Point Connect* courses, the live session takes the form of an on-ground session at a Point education site (“*Point Connect Ground*”). Live sessions typically meet one evening per week from 6:00 to 8:00 or 8:00 to 10:00 p.m. EST. Students *must* participate in the weekly live sessions to register attendance and engage in interactive learning activities. They should also log into the course site regularly throughout the week—at the times of their choosing—to complete other assignments. This blend of synchronous and asynchronous elements offers students the “best of both worlds”—the flexibility of an online program with the benefit of a weekly gathering.

Student learning objectives and course content are virtually identical in *Point Online* and *Point Connect* programs. When creating courses, the faculty first develops the *Point Online* version. They then decide which of the weekly learning activities would be most appropriate for the live class session. They remove those elements from the online site and place them in the faculty guide, resulting in the *Point Connect* version of the course.

Canvas Online Learning Management System (LMS). *Point Online* and *Point Connect* utilize *Canvas*, an online Learning Management System (LMS) hosted and serviced by its parent company, Instructure. Instructure offers comprehensive technical support, collaborative development services, and robust learning tools. Point University is able to provide all these powerful services at a very low price funded through technology fees.

Online Course Sites. Point’s *Canvas* course sites facilitate online presentations, the sharing of educational resources, communications with instructors and other students, course assignments, and assessments of student learning. Each online course site also features links to most student service departments (e.g. academic advising, career ser-

vices, counseling services, disability services, educational resource center, financial aid, library services, registrar, and textbook services).

Students enter *Point Online* and *Point Connect* courses by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the “Point Online” icon, and then clicking on the desired course.

Online Instructional Design. Point University has developed an online course design model based on “best practices” in adult and online andragogy. Contemporary, tech-enhanced education has shifted away from a teacher-centered model focused on content delivery to a student-centered model focused on student learning. Point department chairs and professional instructional designers work closely with faculty subject matter experts (SMEs) to ensure every course meets Point standards and accomplishes program goals. The design model requires SMEs to give attention to important issues, such as student learning objectives, academic rigor, the variety of learning styles, faith integration, and intentionally moving students from lower order thinking skills (e.g. understanding and recalling information) to higher order thinking skills (e.g. evaluating and applying information in creative ways). The *Point University Course Design Guide* and accompanying tools provide a detailed description of the instructional design process and rationale.

Online Course Andragogy. To deliver full “online courses,” Point has adopted a “flipped classroom” or “high tech, high touch” model. In this model, faculty members move away from the traditional role of the “the sage on the stage,” who spends class time delivering information through lectures (“chalk and talk”). Instead, most course-related information appears on the course website, where students can access it at will in the form of readings or audio-visual presentations (“high tech”). This frees online faculty to spend their time acting as educational “guides” and “facilitators” and “men-tors” by engaging with students, discussing concepts, answering questions, offering timely feedback on assignments, and otherwise facilitating student learning (“high touch”). The goal is for instructors to offer (1) substantive interaction and feedback (2) to each and every student (3) each and every week. Thus, *the Point model emphasizes “faculty presence,” which studies show is a key to educational effectiveness, student satisfaction, and student retention.* This “high tech, high touch” model supports human connection, communication, reflection, and engagement. Content interaction, faculty interaction, and student interaction help to build strong learning communities, which strengthen motivation and retention.

Accordingly, Point discourages course designers from using synchronous live *Point Connect* class sessions for lectures or mere delivery of information, which can just as well be communicated online (“high tech”) and tend to place students in the *passive* role of “listener.” Instead, Point directs course designers to take advantage of the times when students are physically or “virtually” present with one other to engage them in more *active and interactive* learning experiences.

Point’s center for excellence in teaching and learning (CETL) provides mandatory training for all faculty in the “high tech, high touch” method of student engagement, course management, university mission and values, faith integration, and student privacy and other policies.

Online Course Delivery System for Point Online and Point Connect Programs

Course Carousels. One perennial challenge of adult education is: How does the university provide the courses students need to complete their programs in a timely manner when each student needs a different combination of courses, depending on their program, start date, transfer credits, location, and other factors? Point University meets this challenge by offering most of its online degree programs and courses in carousel format. A “*carousel*” consists of a series of 8-week courses offered continuously on a rotating basis. Point’s online master course schedule includes multiple carousels running parallel to one another. There are five basic types of carousels:

- *Adult Learning Carousels* include two courses designed to prepare adult online students for university success—namely, APSP 105 Introduction to Adult Learning and APSP 110 Effective Thinking. Point offers APSP 105 every session throughout the year, and it offers APSP 110 every other session throughout the year. This schedule allows new students to begin every 8 weeks in a “continuous enrollment” model.
- *General Education Carousels* include courses required to meet undergraduate General Education Core and Biblical Studies requirements.
- *Professional Carousels* include professional coursework required for professional associate’s degrees and baccalaureate majors. (See below for a more detailed description of Professional Carousels.)
- *Elective Carousels* include courses students may use to fulfil General Elective requirements or requirements for the A.A. in General Studies.
- *Graduate Carousels* include courses required for master’s degrees.

Students typically complete the Adult Learning Carousel first, then move to the General Education Carousel, and then proceed to the more advanced Professional Carousel for their chosen major. This sequence intentionally moves students from lower order to higher order thinking skills.

These five basic types of carousels operate in different sites or modalities, depending on program needs. To illustrate:

- *Point Online Carousels*—There are Adult Learning, General Education, Professional, Elective, and Graduate Carousels that serve students in fully-online programs—or students who want to incorporate online courses into their on-ground programs.
- *Point Connect Carousels*—There are Adult Learning, General Education, and Professional Carousels offering a combination of asynchronous online learning and weekly synchronous live class sessions. For some *Point Connect* Carousels, the live sessions take the form of a “virtual meeting” or videoconference (*Point Connect Virtual*). For others, the live session takes the form of an on-ground meeting at a Point education site (*Point Connect Ground*).

Again, the many course carousels run parallel to one another on a continuous rotation. This system offers maximum flexibility for course scheduling. To illustrate: On-ground students may hop onto a General Education Carousel for several sessions to complete core

courses at their home site, step over to an Online Carousel for one session to complete an Elective of interest to them, move into a Professional Carousel for several sessions to complete their undergraduate major, and then shift to an Elective Carousel to complete their degree requirements. When new students enter Point, academic advisors listen to their educational goals and then guide them through the carousel system, creating a clear “roadmap” from start to graduation. The system operates as a “continuous enrollment model” (rather than a cohort model) in that new online students may enter the system at the beginning of any 8-week session throughout the year.

Most online undergraduate students complete two courses per session in *Point Online* or *Point Connect* formats. Most graduate students complete one course per session in online format.

Point Connect courses include one 2-hour live session per week conducted either as an online virtual meeting (*Point Connect Virtual*) or on-ground at a Point site (*Point Connect Ground*). Live sessions are typically scheduled for 6:00-8:00 p.m. or 8:00-10:00 p.m. in the evening. With careful planning a student could, for example, complete (1) two courses between 6:00 and 10:00 p.m. one evening per week, (2) or one course at 8:00-10:00 p.m. on one evening and a second course at 8:00-10:00 p.m. on another evening, (3) or one course at 6:00-8:00 p.m. in the evening and a second course online, (4) or two courses online. Using the flexibility of the carousel system, academic advisors help build a schedule that enables students to work their jobs, meet their family responsibilities, and reach their educational goals.

Professional Carousels. Fully-online bachelor’s degrees typically include a fifteen course (45-credit) professional major. Most associate’s degrees include a five course (15-credit) professional component. The professional component for an associate’s degrees usually consists of the first five courses in the corresponding baccalaureate major. To illustrate: The professional component of the A.A. in Business Administration consists of the first five courses of the professional major for the B.S. in Business Administration. Accordingly, students who complete the A.A. degree and then decide to continue into the B.S. program have already completed one-third of their baccalaureate major.

The online master course schedule includes two types of Professional Carousels:

- *Introductory Carousels* include the professional courses required for associate’s degrees—that is, the first five courses in the baccalaureate major. Thus, associate’s and bachelor’s students often study together in the Introductory Carousels.
- *Advanced Carousels* include the remaining professional courses required for a baccalaureate major. Thus, Advanced Carousels include only Upper Division bachelor’s students—with an occasional associate student completing an advanced course as a General Elective.

Once students enter a Professional Carousel, they typically remain in it for several months until they complete their professional coursework or major. Thus, Professional Carousels take on a “cohort feel” as students with similar career goals learn together over an extended period of time.

To be successful, students must complete certain requirements *prior to* entering professional carousels:

- *Introductory Carousels*—Before enrolling in Introductory Carousel courses, students must complete the following courses or their equivalents: (1) APSP 105 Introduction to Adult Learning; (2) APSP 110 Effective Thinking; (3) ENGL 101 Critical Reading & Writing I; (4) ENGL 102 Critical Reading & Writing II; and (5) either MATH 115 Quantitative Reasoning, MATH 117 Introductory Statistics, or MATH 120 College Algebra as required by the student's degree program.
- *Advanced Carousels*—Before enrolling in Advanced Carousel courses, students must complete a minimum of 45 university credits, including the following courses or their equivalents: (1) APSP 105 Introduction to Adult Learning; (2) APSP 110 Effective Thinking; (3) ENGL 101 Critical Reading & Writing I; (4) ENGL 102 Critical Reading & Writing II; and (5) either MATH 115 Quantitative Reasoning, MATH 117 Introductory Statistics, or MATH 120 College Algebra as required by the student's degree program.

Course Weeks. All online courses are offered in either *Point Online* (fully-online) or *Point Connect* format (weekly live session supplemented by online learning activities). All such courses are 8 weeks in length. Please note:

- *Week 1 of the Session*—The first week of a session always begins with new student orientations on Monday and Tuesday followed by a half week of learning activities extending from Wednesday through Sunday. During this half week students must log onto their online course websites, introduce themselves to their instructor and fellow learners, review course syllabi, participate in course orientations, complete any initial assignments, and work ahead if they wish. Most instructors do not make *major* assignments due during this half-week to give students time to get oriented and plan their educational strategy.
- Online course sites open to students no later than Wednesday of Week 1 when the half week of studies begins. Many faculty open their sites earlier.
- *Weeks 2-8 of the Session*—The remaining seven course “weeks” always begin on Monday and end on Sunday. They include a variety of focused learning activities.
- The first day of a course or session does not necessarily coincide with the first live videoconference of a *Point Connect* course. To illustrate: The first live class session may not take place until Thursday evening, but the course still starts on Wednesday. Accordingly, students should log into the course website and begin working early in the week because some course assignments may be due prior to Thursday.
- Unless stated otherwise in the course syllabus, all weekly assignments are due by midnight on Sunday, Eastern Standard Time (EST).
- *Point highly recommends that online students begin logging into the course website and working on assignments early in the week, doing a little each day. Waiting until the end of the week to complete assignments can be overwhelming.*
- Online course sites close 30 days after the course ends, allowing time for students to review course materials and final grades as desired. If students want to keep any of their research papers or other learning products, they should retrieve them from the

course site during this 30-day period because they will no longer be accessible afterwards.

Academic Programs

Point University currently offers the following educational programs:

Point University					
ACADEMIC PROGRAMS					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning		ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

COLLEGE OF ARTS & SCIENCES

DEAN: DEDRA R. WOOLFOLK, PH.D.

Personnel

College Dean

Dedra R. Woolfolk, Ph.D. in Pharmacology, M. S. in Biological and Biomedical Sciences—Dean of the College of Arts & Sciences, Professor of Natural Science

Department Chairs

Donald B. Cook, Jr., M.Ed. in Science Education, Ed.D. in Teaching and Curriculum—Science & Mathematics Department Chair, Associate Professor of Natural Science
Chapel John McCullough, Ph.D. in Music Education—Fine Arts Department Chair, Instructor in Music, Director of Athletic Bands

Philip Partain, M.S. in Management/Information Systems Security; M.Div. candidate in Ministry—Information Technology Department Chair, Assistant Professor of Information Technology

Susan S. Ryan, M.A. in English, Ed.D. in Curriculum Studies—Humanities Department Chair, Professor of English and Education

Other Full-Time Faculty

David P. Adams, Ph.D. in History and Sociology of Medicine—Adjunct Instructor in History

Rebecca L. Aquino, D.O. in Osteopathy—Assistant Professor of Science

Kristen J. R. Berry, M.A. in Human Communication Studies—Instructor in Communication

Taylor Bowman, Ph.D. in English Literature—Instructor in English

Tammy Burch, M. S. in Education (Math)—Instructor in Mathematics

Katie L. Cartwright, Ph.D. in Music—Professor of Music

Dallas J. (“DJ”) Dycus, Ph.D. in English—Professor of English and Humanities

Randall George Howell, M.Ed. in Biological Sciences—Instructor in Biology

Sarah G. Huxford, Master of Mass Communication—Associate Professor of Communication

Allison M. Kemper, D.P.T. in Physical Therapy—Associate Professor of Exercise Science

Kimberly P. Macenczak, Ph.D. in Social Foundations of Education—Professor of History and Education

Kay Radunski, M.Ed. in Mathematics Education—Instructor in Mathematics

William Grant Vickery, M.A. in English, Ph.D. candidate in English—Assistant Professor of English

Donna M. Weaver, M.Mus. in Vocal Performance—Instructor in Music, Director of Choral Activities
 Beverly Walker, B.S. Marine Biology, Instructor of Environmental Science

Part-Time Faculty

Agbasi Adobi, M.A. in English—Adjunct Instructor in English
 Christopher L. Banks, Ed.S. in Physical Education—Adjunct Instructor in Health Science
 Roger Beale—Adjunct Instructor of Applied Voice
 Yolonda Beckom, M. S. in Math Education—Adjunct Instructor in Mathematics
 Justin Belew—Adjunct Instructor of Music Technology
 Ann Marie Brezina, M.S. in Science Education—Adjunct Instructor in Science
 Richard Bumpers, D. Min. in Ministry—Adjunct Instructor in Ministry and Adult Learning
 Byron Cartwright, Doctor of Musical Arts in Voice—Adjunct Instructor in Music
 Robert W. Charles, M.A. in Military History—Adjunct Instructor in History
 Liliam Crowley, M.A. in Spanish—Adjunct Instructor in Spanish
 Michael Daniell, M.C.M. in Church Music—Adjunct Instructor of Applied Brass
 Tammy J. Dycus, M.S. in Mathematics—Adjunct Instructor in Mathematics
 William Fry, Doctor of Musical Arts—Adjunct Instructor in Music
 Ingrid Gamboa de Arce, M.A. in Spanish—Adjunct Instructor in Spanish and TESOL
 Leslie Ann Garner, B.S. in Mathematics; M.M. candidate in Applied and Industrial Mathematics—Adjunct Instructor in Mathematics
 Luann Mullins Gladden, M.A. in Secondary English Education—Adjunct Instructor in English
 Tiffany Gilbert, B.S. in Mathematics, M.Ed. in Mathematics Education—Adjunct Instructor in English
 Eric Scott Harvey, M.S. in Information Systems, M.A. in Christian Apologetics, Ph.D. in Biostatistics—Adjunct Instructor in Information Technology and Biostatistical Research
 Candiluz Moreno Holland, M.Ed. in Foreign Language Education—Adjunct Instructor in Spanish
 Victor Hull, M.A. in Journalism & Public Affairs—Adjunct Instructor in English
 Tyler Jagt, M. A. in English Literature—Adjunct Instructor in English
 Kimbrel Kierce, M.S. in Social Science Education, Florida State University; Ed.D. in General Education—Adjunct Instructor in US Government
 Obie Killcreas, M.S. in Post-Secondary Education, History—Adjunct Instructor in History
 Toby Killcreas, M.S. in Post-Secondary Education, History—Adjunct Instructor in History
 Randall Kimbrough, B.A. in Music, M.S. in Education—Adjunct Instructor in Music
 Shane Marie Krotz, M.Ed. and Spanish Certification—Adjunct Instructor in Spanish
 David H. Leonard, Ph.D. in Philosophy—Adjunct Instructor in Humanities and Bible
 Heydon McDaniel, M.Ed. in Music Education—Adjunct Instructor in Music
 Shelley McNeight, M.A. in English Education—Adjunct Instructor in English
 James Chance McPherson, M.Ed. in Adolescent Education, Education Specialist in Instructional Design—Adjunct Instructor in Mathematics

Traci Garrett McPherson, M.Ed. in Adolescent Education with Concentration in English and Language Arts—Adjunct Instructor in English
 Garrett Motes, B.S. Music—Adjunct Instructor of Applied Guitar
 Leigh-Anne Rosella Paul, M.Ed. in Education with a Specialization in Secondary Science—Adjunct Instructor in Biology
 Stephen Peprah, M.S. in Mathematics—Adjunct Instructor in Mathematics
 Daniel Plunkett, M.S. in Mathematics—Adjunct Instructor in Mathematics
 Charles Powers, M. A. in History – Adjunct Instructor in History
 Jerry Rigdon, M.A.T. in English—Adjunct Instructor in English
 Jennifer Rinkenberger, M.Ed. in Mathematics Education—Adjunct Instructor in Mathematics
 Margaret (“Meg”) M. Rodgers, Master of Social Science (History and Political Science)—Adjunct Instructor in History
 Savage, Kimberly, M.Ed. in English Education, Ed.D. Educational Leadership—Adjunct Instructor in English
 Stella Marie Rostkowski-Ankarlo, M.S. in Information Technology, Ph.D. in Organization and Management with Specialization in Information Technology Management—Adjunct Instructor in Information Technology
 Patricia Schernekau, M.A. in English, Ed.S. in Educational Leadership—Adjunct Instructor in English
 April Stallings, M.Ed. in Mathematics Education—Adjunct Instructor in Mathematics
 Jennifer Summers, M.Ed. in Mathematics Education—Adjunct Instructor in Mathematics
 Sandra Swindall, Ed.S. in Science Education—Adjunct Instructor in Biology
 Malaika Syphertt, M.S. for Teachers (Secondary), Ed.D. in Leadership and Learning—Adjunct Instructor in Cultural Anthropology and Education.
 Mike Titus, M.E. in Mathematics Education—Adjunct Instructor in Mathematics
 Blair Walker; M.P.H. in Public Health—Adjunct Instructor in Physical Fitness
 Jerald West, M.S. in Network and Communication Management Information Security, Doctor of Science in Cybersecurity—Adjunct Instructor in Information Technology and Cybersecurity
 Ashley C. Williams, M.Ed. in Secondary Mathematics—Adjunct Instructor in Mathematics
 Philandria Williams, M.Ed. in English—Adjunct Instructor in English
 Cynthia Wilson, M.A. in Music—Adjunct Instructor of Applied Strings
 Edward (“Chip”) Winters, M.A. in English—Adjunct Instructor in English
 Murphy M. Wood, MA. in History—Adjunct Instructor in History
 Woolfolk, Barbara, M.Ed. Secondary Education (Mathematics)—Adjunct Instructor in Mathematics
 Nicci Wooley, M.A. in Professional Communication—Adjunct Instructor in Communications

Interdisciplinary Faculty

Jennifer Allen Craft, M.Litt. in Theology, Imagination and the Arts, Ph.D. in Divinity—Assistant Professor of Humanities and Theology
 Ingrid Gamboa de Arce, M.A. in Spanish—Adjunct Instructor in Spanish and TESOL
 Jessica M. Mazaheri, M.A. in English Literature—Instructor in English, Director of Educational Resource Centers and Disability Services

Administrative Faculty

Adam E. Daum (Head Athletic Trainer) B.S. in Athletic Training; M.A.T. in Physical Education—Adjunct Instructor in Exercise Science

James William “Bill” Dorminy, Sr. (Director of Information Technology), M.B.A. in Technology Management—Adjunct Instructor in Information Technology

Bernard Hill (Chief Student Development and Retention Officer), Ph.D. in Higher Education Administration—Adjunct Instructor in Effective Thinking

Kyle Malmberg (Director of Online Learning and Instructional Design), M.S. in Curriculum and Instruction with Specialization in Educational Technology—Adjunct Instructor in Adult Learning

Lanier M. Motes (Director of Fine Arts Center), M.Mus. in Music Technology, Instructor in Music

Kathryn (“Kate”) J. Nelson (Academic Advisor), Ph.D. in Adult Education—Adjunct Instructor in Education

Jennifer Perkins Tyler (Head Coach), M.A. in Teaching—Adjunct Instructor in Physical Education

Aretha Walker (Dual Enrollment Academic Coordinator), Ph.D. in Humanities with a Concentration in English—Adjunct Instructor in English, Humanities, and Communication

Michael L. Bain (Director of Library Services), M.L.S. in Library and Information Studies, M.Div. in Theology 1976—Professor of Biblical Studies

NOTE: (1) This list of personnel is intended to show Point University’s strength in the area of Arts and Sciences. For a more complete list of faculty credentials, see the section of this catalog on “Point University Personnel.” (2) Interdisciplinary faculty members are assigned to another college, but teach courses in the College of Arts & Sciences. (3) Administrative faculty members are full-time administrators who hold academic credentials in a field related to Arts and Sciences. They influence academic programs, but may or may not teach on a regular basis.

Point University
College of Arts & Sciences
Humanities Department

DEPARTMENT CHAIR: SUSAN S. RYAN, ED.D.

Academic Programs

The Humanities Department oversees the following academic programs. Baccalaureate programs that do not include a dual major in Biblical Studies include a Biblical Studies Minor.

<div style="text-align: center;">  ACADEMIC PROGRAMS </div>					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning	ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

Role of General Studies in the Point University Core Curriculum

The Point University Core Curriculum

Background: The Point University Core Curriculum. All Point University associate's degree programs include courses in General Studies (Liberal Arts) and Biblical Studies. All Point bachelor's degree programs include a full 30+ credit General Studies Core and either a Biblical Studies Minor or Major. Together, the General Studies and Biblical Studies components form Point University's "Core Curriculum," a broad foundation for lifelong learning and more advanced professional studies.

Relationship of the Core Curriculum to Point's Gen Ed Competencies. Point University's mission and goals include facilitating students' intellectual, spiritual, and social growth. In accordance with these aims, Point's Core Curriculum develops certain broad General Education Competencies in all associate and baccalaureate degree students, regardless of program, location, or modality. The following table lists those competencies, along with instruments used to assess student attainment:

The student will be able to:	Assessment measure(s)
1. Communicate effectively.	ETS <i>Proficiency Profile</i> , subscores in Writing and Reading
2. Operate in the areas of humanities, social science, and natural science.	ETS <i>Proficiency Profile</i> , subscores in Humanities, Social Science, and Natural Science
3. Demonstrate skills in critical thinking and mathematics.	ETS <i>Proficiency Profile</i> , subscores in Critical Thinking and Mathematics
4. Demonstrate an awareness of the major movements within the biblical narrative and their implications for the Christian life.	Point's <i>Bible Content Test</i>

The student learning objectives for the General Education Core build on Point's General Education Competencies and directly contribute to students' ability to achieve those competencies.

General Education Core ***(on-ground)***

Program Coordinator: Susan Ryan, Ed.D.
Math Curriculum: Tammy Burch, M.S.

Overview. All Point University associate's and bachelor's degree programs are based on a General Education Core, which includes foundational coursework in five areas of the Liberal Arts: (1) Essential Skills related to written communication, oral communication, and critical thinking; (2) Humanities & Fine Arts; (3) Natural Sciences; (4) Mathematics; and (5) Social & Behavioral Sciences.

Modality. Point University offers the General Education Core in both on-ground format and *Point Online* format. Both versions develop General Education competencies in the five areas listed above. However, the on-ground version of the Core taught on the West Point campus (shown here) offers students more course choices within each area.

Program Purpose and Student Learning Objectives

Purpose. The on-ground General Education Core equips students with a grounding in the Liberal Arts as a foundation for life and learning.

The General Education Core builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

Objective 1: Communicate effectively orally and in writing.

Objective 2: Demonstrate an integrated Christian worldview.

Objective 3: Operate in the areas of humanities, social and behavioral sciences, and natural sciences.

Objective 4: Demonstrate skills in critical thinking, mathematics, and computer literacy.

Objective 5: Demonstrate a basic understanding of the content of the Old and New Testaments (all degrees) and of biblical theology and the basic principles of biblical interpretation (baccalaureate degrees).

Required Courses. The on-ground General Education Core consists of the following courses. Students have a choice of courses within some categories. However, many of the principles, theories, issues, and skills addressed in each degree program's professional component are based on what students learn in Core courses. Accordingly, *some programs mandate that students complete specific courses among the Core offerings.* See the program descriptions in this catalog for General Education Core requirements for a particular degree program. The registrar also publishes a *General Studies Course Selection Guide* to guide students in course selection.

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3

ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

*Select 6 credits from the following HFA core courses
from at least two different areas/prefixes:* 6

- ENG 202 American Literature to 1860 (3)
- ENG 203 American Literature since 1860 (3)
- ENG 204 British Literature to 1800 (3)
- ENG 205 British Literature since 1800 (3)
- ENG 207 World Literature (3)
- HUM 101 Introduction to Humanities (3)
- MUS 102 Music Appreciation (3)
- PHL 201 Introduction to Philosophy (3)
- PHL 225 History of Philosophy (3)

Natural Sciences

Select one Science core course with associated lab: 4

- NSC 101 & 101L Survey of Biology with Lab (4)
- NSC 103 & 103L Biology I with Lab (4)
- NSC 106 & 106L Environmental Science with Lab (4)
- NSC 110 & 110L Physical Science with Lab (4)
- NSC 215 & 215L Human Anatomy & Physiology with Lab (4)
- NSC 228 & 228L General Chemistry I with Lab (4)

Mathematics

Select one Math core course: 3

Students should select the course that fulfills the mathematics requirement for their chosen associate's or bachelor's degree. If students are not ready for these courses, lower-level courses are available to prepare them for the higher-level courses (see below under "Undergraduate Mathematics Policy and Placement Test").

- MTH 115 Quantitative Reasoning (3)
- MTH 117 Introductory Statistics (3)
- MTH 120 College Algebra (3)
- MTH 191 Pre-Calculus (3)
- MTH 202 Basic Statistics (3)
- MTH 210 Calculus I (3)
- MTH 212 Calculus II (3)

Social & Behavioral Sciences

PSY 103 Introduction to Psychology	3
------------------------------------	---

Select one of the following History core courses: 3

- HIS 104 World History I (3)
- HIS 105 World History II (3)
- HIS 250 United States History I (3)
- HIS 251 United States History II (3)

<i>Select one of the following Sociology core courses:</i>	___3
SOC 103 Introduction to Sociology (3)	
SOC 203 Cultural Anthropology (3)	
SOC 215 Geography (3)	
TOTAL GENERAL EDUCATION CORE CREDITS:	32

General Education Core (online)

Program Coordinator: Kyle Malmberg, Ed.D.
Math Curriculum: Tammy Burch, M.S.

Overview. All Point University associate's and bachelor's degree programs are based on a General Education Core, which includes foundational coursework in five areas of the Liberal Arts: (1) Essential Skills related to written communication, oral communication, and critical thinking; (2) Humanities & Fine Arts; (3) Natural Sciences; (4) Mathematics; and (5) Social & Behavioral Sciences.

Modality. Point University offers the General Education Core in both on-ground format and *Point Online* format. Both versions develop General Education competencies in the five areas listed above. However, the on-ground version of the Core taught on the West Point campus (shown above) offers students more course choices within each area. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The online General Education Core equips students with a grounding in the Liberal Arts as a foundation for life and learning.

The General Education Core builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

Lifelong Learning

Objective 1: Students develop a plan that analyzes and capitalizes on their strengths to achieve relational, academic, and professional success.

Objective 2: Graduates employ effective study habits and time management skills.

Objective 3: Graduates locate and use information resources

Objective 4: Graduates demonstrate basic computer literacy.

Objective 5: Graduates read with understanding, think critically, and develop reasoned arguments.

Objective 6: Graduates communicate effectively orally and in writing.

Objective 7: Graduates form, maintain, and enjoy healthy relationships with others, including persons from different backgrounds and cultures.

Objective 8: Graduates work effectively to accomplish tasks both independently and within teams.

Content, principles, and methodologies of primary areas of knowledge

Objective 9: Graduates apply philosophical, literary, and artistic concepts to illuminate cultural artifacts and worldview issues.

Objective 10: Graduates apply religious, philosophical, psychological, social, political, economic, and cultural concepts to illuminate human behavior and social trends.

Objective 11: Graduates articulate and apply scientific concepts, principles, and methods.

Objective 12: Graduates apply mathematical concepts and methods to investigate and solve real-world problems and questions.

Required Courses. The online General Education Core consists of the following courses:

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

Select one of the following HFA core course: 3

HUMA 101 Introduction to Humanities (3)

ENGL 250 Modern Short Stories (3)

MUSI 102 Music Appreciation (3)

Natural Sciences

NSCI ____ Natural Science course with Lab 4

Typically NSCI 105 Introduction to Biology with Lab (4)

Mathematics

Select one Math core course: 3

Students should select the course that fulfills the mathematics requirement for their chosen associate's or bachelor's degree. If students are not ready for these courses, lower-level courses are available to prepare them for the higher-level courses (see below under "Undergraduate Mathematics Policy and Placement Test").

MATH 115 Quantitative Reasoning (3)

MATH 117 Introductory Statistics (3)

MATH 120 College Algebra (3)

Social & Behavioral Sciences

HIST 250 United States History 3

Select one SABS core course: _3

PSYC 103 Introduction to Psychology (3)

SOCI 103 Introduction to Sociology (3)

TOTAL GENERAL EDUCATION CORE CREDITS: 31

Academic Policies Related to General Education

Undergraduate Mathematics Policy. Point University offers three levels of general math courses as shown below:

Higher Level	MTH 212 Calculus II
	MTH 210 Calculus I
	MTH 202 Basic Statistics
	MTH 191 Pre-Calculus
Mid-Level (<i>Gen Ed minimum</i>)	MTH/MATH 120 College Algebra
	MTH/MATH 117 Introductory Statistics
	MTH/MATH 115 Quantitative Reasoning
	MTH/MATH 113 Intermediate Algebra
Lower Level	MTH/MATH 111 Elementary Algebra

Please note:

Each degree program has specified the “minimum” math course required for students pursuing that program. For example, students majoring in Public Health must complete MATH 117 Introductory Statistics (or higher) as their General Education math course. This lower-level statistics course prepares them to complete MATH 302 Statistics, a higher-level course that is part of the major.

- (1) *The mid-level courses are the lowest level math courses that can fulfil the General Education Core requirement to earn an associate’s or bachelor’s degree. MTH/MATH 111 Elementary Algebra and MTH/MATH 113 Intermediate Algebra do not fulfil the minimum Core requirement for any program but may be used as General Electives. Some programs require higher-level math, so students should check program requirements.*
- (2) The minimum math course is not the only way to fulfil the degree requirement because students may substitute a higher level math course for the minimum. For example, students majoring in Public Health must, at minimum, complete MATH 117 Introductory Statistics to enter the major. However, MATH 120 College Algebra also qualifies them to enter the major since it is a higher level course than MATH 117.
- (3) Students who need a review of foundational skills prior to entering their required math course may need to enroll in a lower-level course to prepare themselves. For example,
 - MTH/MATH 111 Elementary Algebra prepares students for MTH/MATH 113 Intermediate Algebra.
 - MTH/MATH 113 Intermediate Algebra prepares students for MTH/MATH 120 College Algebra.
 - MTH/MATH 120 College Algebra and MTH 191 Pre-Calculus prepare students for MTH 210 Calculus I.

Students may use these lower-level courses as General Electives.

- (4) Since mathematics lays the groundwork for many professional skills, full-time undergraduate students must enroll in an appropriate math course within the first two terms of enrollment at Point. If necessary, they must then enroll in an appropriate math course every term it is offered until they have successfully completed *the mathematics course required for their degree program with a grade of “C” or higher*.

Undergraduate Math Placement Test. The *Point University Admission Assessment* (PAA) includes a math placement test. On-ground students usually complete the PAA before or during their “Starting Point” event. Online students either take the full PAA or complete the math placement part of the PAA during PASS 100 Online Orientation. Point places students in math courses based on their PAA score.

Undergraduate English Policy. Full-time students should completed ENG/ENGL 101 Critical Reading & Writing I and ENG/ENGL 102 Critical Reading & Writing II as early as possible in their programs. Passing these courses with a grade of “C” or higher is a prerequisite for many other courses.

Writing Emphasis Courses. In the Lower Division, undergraduate students gain university-level writing skills through ENG/ENGL 101-102 Critical Reading & Writing I-II, supported by metacognitive and career-readiness strategies taught in APSP 110/EFT 101 Effective Thinking. Point further develops those skills in the Upper Division through “Writing Emphasis” (WE) courses included in the Biblical Studies Minor and each professional major. In the WE courses, students complete formal writing projects appropriate to their chosen career or discipline, which are evaluated using a university rubric. The Writing Emphasis courses are part of Point University’s current Quality Enhancement Plan (QEP) aimed at improving student learning.

Transfer Guidelines for the Gen Ed Core and Biblical Studies Minor. The faculty of Point University has specifically designed each course in the General Education Core, Biblical Studies Minor, and professional programs to serve the university mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be “transfer friendly” while remaining true to its mission, Point has established transfer guidelines. The registrar applies these guidelines in consultation with the chief academic officer and college deans. For the guidelines and full policy on course transfers, see “Credit for Prior Learning” in the section of this catalog focusing on “Academic Regulations.”

Dual Credit Enrollment Courses. Point University admits qualified high school students into its Dual Credit Enrollment program (DCE, also known as “joint enrollment”). In this program, students complete college-level courses that simultaneously fulfil requirements for both their high school diploma and a university degree from Point. For more information, see “Application Procedures for Dual Credit Enrollment Students” in the section of this catalog focusing on “Application & Admission.”

Point offers DCE courses in both on-ground and online formats. All Point DCE course curricula are approved by the State of Georgia. Virtually all DCE courses fall into the

category of “General Education” and meet Point University General Education Core requirements.

General Studies for Degree-Seeking Students with Undecided Major

For purposes of academic planning and financial aid, Point recommends that students seeking a bachelor’s degree declare their desired major as soon as possible. However, if they have not yet chosen a major, they should follow the policies outlined below.

Policy for Online Students with Undecided Major. If degree-seeking online students have not yet decided their baccalaureate major, or if they desire to complete a bachelor’s degree at another university offering a major not found at Point, they should enroll in Point’s online Associate of Arts in General Studies program (described below). This program consists almost entirely of General Education courses that will apply to any Point bachelor’s degree and will transfer to other universities. It keeps students’ options open for the future, and it allows students to apply for financial aid if needed.

Once students decide on a major, they should contact the academic advising center (telephone 706-385-1018, email Advising.Center@Point.edu) and follow the procedure for “Declaring Programs, Majors, and Minors” found in the section of this catalog devoted to “Academic Advising.”

Policy for On-Ground Students with Undecided Major. On-ground students at West Point, who intend to earn a bachelor’s degree but have not yet declared a major, are classified as “Degree-Seeking Undecided Majors” pursuing “General Studies” for purposes of receiving financial aid. Such students should enroll in courses required by Point’s General Education Core and Biblical Studies Minor. Such courses will apply to any Point undergraduate degree, keeping students’ options open for the future.

Once students decide on a major, they should contact the academic advising center (telephone 706-385-1018, email Advising.Center@Point.edu) and follow the procedure for “Declaring Programs, Majors, and Minors” found in the section of this catalog devoted to “Academic Advising.”

A recommended course sequence for full-time undecided students appears below. *Students must declare a major by the time they complete 38 credit hours or after completing three full-time terms, whichever comes first.* Students first 38 credits usually consist of all the General Studies Core requirements (32 credits) plus the first two courses required for the Biblical Studies Minor (6 credits).

Associate's Degree Programs

Associate of Arts in General Studies (online)

Program Coordinator: Kyle Malmberg, Ed.D.

Overview. The Associate of Arts in General Studies equips students with a broad grounding in the Liberal Arts and the Christian Scriptures as a foundation for life and learning.

Modality. Point University offers the A.A. in General Studies in *Point Online* format. Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in General Studies equips students with a broad grounding in the Liberal Arts and the Christian Scriptures as a foundation for life and for further studies at the baccalaureate level.

The A.A. in General Studies builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

Lifelong Learning

Objective 1: Students develop a plan that analyzes and capitalizes on their strengths to achieve relational, academic, and professional success.

Objective 2: Graduates employ effective study habits and time management skills.

Objective 3: Graduates locate and use information resources

Objective 4: Graduates demonstrate basic computer literacy.

Objective 5: Graduates read with understanding, think critically, and develop reasoned arguments.

Objective 6: Graduates communicate effectively orally and in writing.

Objective 7: Graduates form, maintain, and enjoy healthy relationships with others, including persons from different backgrounds and cultures.

Objective 8: Graduates work effectively to accomplish tasks both independently and within teams.

Content, principles, and methodologies of primary areas of knowledge

Objective 9: Graduates apply philosophical, literary, and artistic concepts to illuminate cultural artifacts and worldview issues.

Objective 10: Graduates apply religious, philosophical, psychological, social, political, economic, and cultural concepts to illuminate human behavior and social trends.

Objective 11: Graduates articulate and apply scientific concepts, principles, and methods.

Objective 12: Graduates apply mathematical concepts and methods to investigate and solve real-world problems and questions.

Biblical theology and worldview issues

Objective 13: Graduates demonstrate a basic understanding of the content of the Old and New Testaments.

Objective 14: Graduates demonstrate a basic understanding of a Christian worldview and the role of believers in the Body of Christ.

Required Courses. The A.A. in General Studies consists of the following courses:

General Education Component (43 credits)

Essential Skills

APSP 105 Introduction to Adult Learning 3

APSP 110 Effective Thinking 3

ENGL 101 Critical Reading & Writing I 3

ENGL 102 Critical Reading & Writing II 3

COMM 205 Public Speaking 3

Humanities & Fine Arts

HUMA 101 Introduction to Humanities 3

ENGL 250 Modern Short Stories 3

MUSI 102 Music Appreciation 3

Natural Sciences

NSCI ____ Natural Science course with Lab 4

Typically NSCI 105 Introduction to Biology with Lab (4)

PHED 105 Fitness & Wellness 3

Mathematics

Select one Math core course: 3

Students should select the course that fulfills the mathematics requirement for their chosen bachelor's degree. If students are not ready for these courses, lower-level courses are available to prepare them for the higher level courses.

MATH 115 Quantitative Reasoning (3)

MATH 117 Introductory Statistics (3)

MATH 120 College Algebra (3)

Social & Behavioral Sciences

HIST 250 United States History 3

PSYC 103 Introduction to Psychology 3

SOCI 103 Introduction to Sociology 3

Biblical Studies Component (9 credits)

BIBL 103 The Drama of Scripture 3

BIBL 202 Jesus: The Focus of Scripture 3

THEO 310 Spiritual Formation: Kingdom Living 3

General Elective Component (8 credits)

Elective Courses 8

TOTAL DEGREE CREDITS: 60

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor's Degree Programs

Bachelor of Arts in English
(on-ground)

English Program Coordinator: Susan Ryan, Ed.D.

First-Year Writing Experience Program Coordinator: William Grant Vickery, M.A.

Overview. The B.A. in English program prepares students with an understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview. It focuses on the study of English language and literature, writing and literary analysis. Graduates with degrees in English are prepared to engage in graduate study in a variety of disciplines, including seminary studies, and in an array of entry-level roles such as copy writer and editorial assistant.

The degree program includes a Minor in Biblical Studies, which students may choose to expand to a dual major in English and Biblical Studies (described below).

Modality. Point University offers the B.A. in English in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. in English program prepares students with an understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview.

The English Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Read and write with an advanced level of reflective, critical, and original thinking.

Objective 2: Demonstrate knowledge of a broad range of literature.

Objective 3: Demonstrate an understanding of the grammatical, literary, and linguistic foundations of English.

Objective 4: Demonstrate an advanced development in writing and literary analysis.

Objective 5: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

Objective 6: Pursue advanced studies in English or interdisciplinary programs within the humanities, independently or academically.

Required Courses. The B.A. in English program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

**Bachelor of Arts in
English and Biblical Studies (dual major)
(on-ground)**

English Program Coordinator: Susan Ryan, Ed.D.

First-Year Writing Experience Program Coordinator: William Grant Vickery, M.A.

Overview. In this Bachelor of Arts (B.A.) program, students complete both an English Major and a Biblical Studies Major. The Biblical Studies Major includes textual studies in

New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The English Major prepares students with an understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview. It focuses on the study of English language and literature, writing and literary analysis. Graduates are prepared to engage in graduate study in a variety of disciplines, including seminary studies, and in an array of entry-level roles such as copy writer and editorial assistant.

Modality. Point University offers the B.A. in English and Biblical Studies in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. in English and Biblical Studies program prepares students with an understanding of language and literature, including biblical literature, so that they engage their culture, professionally and intellectually, promoting the Christian worldview.

The dual major in English and Biblical Studies builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

English Major

Objective 1: Read and write with an advanced level of reflective, critical, and original thinking.

Objective 2: Demonstrate knowledge of a broad range of literature.

Objective 3: Demonstrate an understanding of the grammatical, literary, and linguistic foundations of English.

Objective 4: Demonstrate an advanced development in writing and literary analysis.

Objective 5: Pursue advanced studies in English or interdisciplinary programs within the humanities, independently or academically.

Biblical Studies Major

Objective 6: Exegete specific texts in the Old and New Testaments.

Objective 7: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 8: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 9: Communicate the theological themes of the Old and New Testaments.

Objective 10: Explain and apply biblical concepts of church and ministry.

Objective 11: Utilize biblical Greek or a combination of biblical Greek and biblical Hebrew.

Required Courses. The B.A. in English and Biblical Studies dual major program consists of the following courses:

General Education Core (32 credits)*Essential Skills*

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3

Bachelor of Arts in History (on-ground)

Program Coordinator: Kimberly C. Macenczak, Ph.D.

Overview. The B.A. in History program creates an important framework for understanding the present and influencing the future. Students begin with foundational courses in American and world history. A variety of in-depth upper-level courses are available for students in U.S. history and world history. Research and writing are emphasized in the program, as well as hands-on experiences through internships and study abroad. Graduates are prepared to pursue advanced studies in individual or interdisciplinary programs within history. For information on additional procedures and guidelines for this major, see the registrar or an academic advisor in the department.

The degree program includes a Minor in Biblical Studies, which students may choose to expand to a dual major in History and Biblical Studies (described below).

Modality. Point University offers the B.A. in History in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in History program is to create an important framework for understanding the present and influencing the future.

The History Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate an advanced level of reflective, critical and original thinking.

Objective 2: Develop an appreciation for history and the craft of the historian.

Objective 3: Describe the important institutional and cultural developments in world history.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Identify the events and people that have shaped history.

Objective 6: Pursue advanced studies in individual or interdisciplinary programs within history.

Required Courses. The B.A. in History program consists of the following courses:

Bachelor of Arts in Humanities (on-ground)

Program Coordinator: D. J. Dycus, Ph.D.

Overview. The B.A. in Humanities program educates students in an understanding of culture in order to engage the world, both professionally and intellectually, as ambassadors of Christ. Students investigate the development of culture, values, and worldviews through an interdisciplinary study of history, literature, philosophy, religion, and arts. The degree program includes a Minor in Biblical Studies, along with a Specialization in English, Literature, Philosophy, Writing, or Interdisciplinary Studies. Students may also choose to expand the Biblical Studies Minor into a dual major in Humanities and Biblical Studies (described below). Graduates with degrees in Humanities are prepared to engage in graduate study in a variety of disciplines, including seminary studies, and in an array of entry-level roles such as copy writer, editorial assistant, historian and archivist.

Modality. Point University offers the B.A. in Humanities in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Humanities program is to educate students in an understanding of culture in order to engage the world, both professionally and intellectually, as ambassadors of Christ.

The Humanities Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate an understanding of the different elements within culture, such as literature, philosophy, arts, religion and history.

Objective 3: Demonstrate an understanding of the major trends in the history of ideas in the Western tradition and their role in the making of the modern world.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Demonstrate an understanding of the dynamics of influencing culture as ambassadors for Christ.

Objective 6: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

Objective 7: Pursue advanced studies in individual or interdisciplinary programs within the humanities, independently or academically.

Required Courses. The B.A. in Humanities program consists of the following courses:

Bachelor of Arts in Humanities and Biblical Studies (dual major) (on-ground)

Program Coordinator: D. J. Dycus, Ph.D.

Overview. In this Bachelor of Arts (B.A.) program, students complete both a Humanities Major and a Biblical Studies Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Humanities Major educates students in an understanding of culture in order to engage the world, both professionally and intellectually, as ambassadors of Christ. Students investigate the development of culture, values, and worldviews through an interdisciplinary study of history, literature, philosophy, religion, and arts. Graduates are prepared to engage in graduate study in a variety of disciplines, including seminary studies, and in an array of entry-level roles such as copy writer, editorial assistant, historian and archivist.

Modality. Point University offers the B.A. program in Humanities and Biblical Studies in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. program in Humanities and Biblical Studies is to educate students in an understanding of culture in order to engage the world, both professionally and intellectually, as ambassadors of Christ.

The dual major in Humanities and Biblical Studies builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Humanities Major

Objective 1: Demonstrate an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate an understanding of the different elements within culture, such as literature, philosophy, arts, religion and history.

Objective 3: Demonstrate an understanding of the major trends in the history of ideas in the Western tradition and their role in the making of the modern world.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Demonstrate an understanding of the dynamics of influencing culture as ambassadors for Christ.

Objective 6: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

Objective 7: Pursue advanced studies in individual or interdisciplinary programs within the humanities, independently or academically.

Biblical Studies Major

Objective 8: Exegete specific texts in the Old and New Testaments.

Objective 9: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 10: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 11: Communicate the theological themes of the Old and New Testaments.

Objective 12: Explain and apply biblical concepts of church and ministry.

Objective 13: Utilize biblical Greek or a combination of biblical Greek and biblical Hebrew.

Required Courses. The B.A. in Humanities and Biblical Studies dual major program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3

Bachelor of Arts in University Studies (on-ground)

Program Coordinator: Jessica M. Mazaheri, M.A.

Overview. The B.A. in University Studies allows students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

A specific program of study is developed by the student in consultation with the program coordinator and one or more academic advisors who are academically qualified to oversee the student's program of study with the program coordinator. The student's program of study proposal must be approved by the chief academic officer and must include:

- Stated student learning outcomes that are aligned with the Mission and Goals of the university and the student's personal/career goals;
- A coherent, college-level course of study that is designed to achieve those student learning outcomes;
- Point University's General Education Core, Biblical Studies Minor, and University Studies Core (see below);
- One concentration of 30 credits or two concentrations that average 15 credits each;
- Two years of foreign language study for the Bachelor of Arts degree (the Bachelor of Science program in University Studies, described below, lacks the foreign language requirement);
- Two appropriate Writing Emphasis (WE) courses;
- A baccalaureate progression with appropriate 300- and 400-level courses and no fewer than 120 credit hours for the entire degree; and
- One or more academic advisors who are academically qualified regarding that program of study.

The courses to be taken by the student for the university Studies Core and the concentration(s) are normally selected from the university's curriculum of courses. The student is responsible for the proper sequencing of the courses included in the program of study. A limited number of courses may be transferred from other institutions of higher education, subject to approval by the chief academic officer and to the university's normal transfer of credit practices. In all cases, no more than 33% of the University Studies Core and of each concentration may be satisfied with transferred courses.

Graduates with the B.A. in University Studies would be prepared to pursue personal and/or professional goals, which could include graduate-level study.

Modality. Point University offers the B.A. in University Studies in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. program in University Studies is to allow students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

The student develops written learning goals and objectives for the University Studies Major in cooperation with the program coordinator and academic advisor(s). To receive final approval by the department chair and chief academic officer, the stated student learning objectives must:

- Align with and build upon Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies);
- Be aimed at achievement of the student's personal and career goals; and
- Be appropriate for a baccalaureate program of study.

Required Courses. The B.A. program in University Studies consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3

Minors

Minors Offered by the Humanities Department (on-ground)

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minors. The Humanities Department offers the following minors:

Communication Minor (17 credits)

Purpose. The Communication Minor program prepares students with a foundational understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview.

Student Learning Objectives. The Communication Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Read and write with a foundational level of reflective, critical, and original thinking.

Objective 2: Demonstrate knowledge of a range of literature.

Objective 3: Demonstrate an understanding of the grammatical, literary, and linguistic foundations of English.

Objective 4: Demonstrate a foundational development in writing and literary analysis.

Required Courses:

COM 305 Media Effects on Children and Adolescents (3)

COM 361 Introduction to Mass Communication (3)

COM 365 Media Writing (3)

COM 461 Public Relations (3)

PSY 425 Interpersonal Effectiveness (2)

Select one of the following:

ENG 415 Student Publication Practicum (3)

COM ____ Communication elective (3)

English Minor (18 credits)

Purpose. The English Minor program prepares students with a proficient understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview.

[*NOTE:* Fifteen credit hours in English would allow a Secondary Education teacher to teach English a minor portion of the day.]

Student Learning Objectives. The English Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Read and write with a proficient level of reflective, critical, and original thinking.

Objective 2: Demonstrate knowledge of a range of literature.

Objective 3: Demonstrate an understanding of the grammatical, literary, and linguistic foundations of English.

Objective 4: Demonstrate a proficient development in writing and literary analysis.

Required Courses:

ENG 207 World Literature (3)

Select one of the following English courses:

ENG 240 Linguistic Theory (3)

ENG 373 Modern Grammar (3)

ENG 375 Literary Theory (3)

Select one of the following American Literature courses:

ENG 202 American Literature to 1860 (3)

ENG 203 American Literature since 1860 (3)

Select one of the following British Literature courses:

ENG 204 British Literature to 1800 (3)

ENG 205 British Literature since 1800 (3)

Select two (2) of the following Writing courses:

COM 238 Business Communication (3)

ENG 264 Advanced Writing: Poetry & Drama (3)

ENG 362 Journalistic Writing (3)

ENG 365 Media Writing (3)

ENG 373 Modern Grammar (3)

ENG 413 Editing for Publication (3)

ENG 415 Student Publication Practicum (3)

ENG 417 Rhetoric for Writing (3)

History Minor (18 credits)

Purpose. The History Minor program creates a foundational framework for understanding the present and influencing the future.

Student Learning Objectives. The History Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate a foundational level of reflective, critical and original thinking.

Objective 2: Develop an appreciation for history and the craft of the historian.

Objective 3: Describe important institutional and cultural developments in world history.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Identify events and people that have shaped history.

Required Courses:

HIS 103 U.S. Government (3)

Select 6 credits from the following History core courses (6):

HIS 104 World History I (3)

HIS 105 World History II (3)

HIS 250 United States History I (3)

HIS 251 United States History II (3)

HIS ____ History elective (300/400 level) (3)

HUM 101 Introduction to Humanities (3)

SOC 215 Geography (3)

Humanities Minor (21 credits)

Purpose. The Humanities Minor program develops in students an understanding of culture in order to engage the world, both professionally and intellectually, as ambassadors of Christ.

Student Learning Objectives. The Humanities Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate an understanding of the different elements within culture, such as literature, philosophy, arts, religion and history.

Objective 3: Demonstrate an understanding of the major trends in the history of ideas in the Western tradition and their role in the making of the modern world.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Demonstrate an understanding of the dynamics of influencing culture as ambassadors for Christ.

Required Courses:

HUM 101 Introduction to Humanities (3)

HUM 311 Humanities: Greek & Roman (3)

HUM 315 Humanities: Medieval & Renaissance (3)

HUM 321 Humanities: Baroque through Romanticism (3)

HUM 325 Humanities: Modern World (3) [WE]*

THE 405 Christ, Culture, and Career (3) [WE]*

Select one of the following:

ENG 490 Studies in English/Literature (3)

HUM 425 Seminar in Humanities (3)

HUM 490 Studies in Humanities (3)

PHL 425 Major Worldviews (3)

Bachelor's Degree Programs

Bachelor of Arts in Music (on-ground)

Program Coordinator: Chapel McCullough, Ph.D.

Overview. The B.A. in Music program gives students a foundation in the competencies expected of a musician. Students complete a professional core of Music courses and select a specialization in Music Performance & Pedagogy, Music Production (sound reinforcement and recording), or Worship & Music Ministry. Students declare a primary area of applied music instruction and receive secondary training in piano and voice. Graduates with degrees in Music are prepared to engage in music ministry, private music instruction, music production, professional performance, and continued studies in graduate school. The Bachelor of Arts (B.A.) version of the Music program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

See below under “Guidelines and Stipulations” for additional information about this program, including applied instruction, recitals, ensembles, piano and voice proficiencies, and other important elements. Students will also meet with an academic advisor in the department to assist with scheduling.

Modality. Point University offers the B.A. in Music in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. in Music program gives students a foundation in the competencies expected of a musician.

The Music Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate competence in sight singing and ear training, music theory, and music history and literature.

Objective 2: Perform solo with appropriate techniques in the student’s primary applied music area and with basic skills in a secondary area.

Objective 3: Perform in an ensemble with appropriate musical and social skills.

Music Performance & Pedagogy Specialization only

Objective 4: Demonstrate advanced performance and teaching skills in the primary applied music area.

Music Production Specialization only

Objective 5: Support the requirements of programming for sound reinforcement and recording.

Worship & Ministry Specialization only

Objective 6: Organize and lead the music program of a local church.

Required Courses. The B.A. in Music program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

TOTAL DEGREE CREDITS:

125

*Writing Emphasis course

**Acceptance into the Music Performance & Pedagogy Specialization requires faculty approval following a sophomore-year jury (4 terms of study).

Guidelines and Stipulations for Music Majors. The following policies apply to students majoring in Music:

- Each music major must complete a performance audition for acceptance into the program. Information about the performance auditions can be found online. Each music major declares a primary area of applied music instruction based on his/her audition. Students may choose a secondary area of applied instruction with special permission from the department and a separate performance audition.
- Students who wish to be considered for advanced standing in music theory may take a placement exam prior to the start of their first term.
- All music majors must pass a piano proficiency exam prior to graduation. Students without piano background will satisfy this requirement through successful completion of four terms of class piano (MAP 113, MAP 123, MAP 233, and MAP 253 for a total of 4 credits). Students with a piano background should see a faculty advisor to evaluate needs.
- All music majors must complete a level of vocal proficiency prior to graduation. Non-vocal majors will satisfy this requirement through successful completion of two terms of voice class (MAP 112 and MAP 232 for a total of 2 credits). Vocal majors should see a faculty advisor to evaluate needs.
- Each music major must enroll as a member of an approved Point ensemble each term, as appropriate to the student's area of applied music.
- At the end of their sophomore year, all music majors will choose and declare an area of specialization from the following: Performance and Pedagogy, Music Production, and Worship, and Music Ministry.
- All music majors perform a junior recital in their primary area of applied music instruction. Students in their senior year must complete a project or recital based on their degree specialization.

Point University Music Programs Available for Non-Majors. The Music faculty provides certain courses and services to non-music majors:

- Non-music majors may enroll in MUS 102 Music Appreciation to fulfil the Humanities & Fine Arts requirement in the General Education Core.
- The music faculty offers private applied instruction to non-music majors if they meet prerequisites and secure permission from the Fine Arts department chair.
- All Point University students are also eligible to participate in musical ensembles, such as Concert Choir, Marching Band, Concert Band, Signature Voices, and String Ensemble. Audition requirements may be applicable.

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Minors

Minors Offered by the Fine Arts Department (on-ground)

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minors. The Fine Arts Department offers the following minors:

Music Minor (22 credits)

(for non-Music majors)

Purpose. The Music Minor program gives students an introductory foundation in the competencies expected of a musician.

Student Learning Objectives. The Music Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate competence in sight singing and ear training, music theory, and music history and literature.

Objective 2: Perform solo with appropriate techniques in the student's primary applied music area and with introductory skills in piano and voice.

Objective 3: Perform in an ensemble with appropriate musical and social skills.

Required Courses:

MUS 103 Music Theory I (3)

MUS 103L Functional Theory Skills I (1)

MUS 104 Music Theory II (3)

MUS 104L Functional Theory Skills II (1)

MAP ____ Applied Instruction (4)

MEN ____ Performance Ensemble (4)

MAP ____ Piano Classes (2)

MAP ____ Intermediate Piano Class or Beginning Voice Class (1)

MUS ____ or MAP ____ course(s) (3)

Music Business Minor (18 credits)

(offered with the Management Department of the College of Business & Leadership)

Purpose. The Music Business Minor program gives students a foundation in the competencies expected of successful employment in the music business field.

Student Learning Objectives. The Music Business Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate competence in business management and marketing.

Objective 2: Demonstrate an understanding and the ability to apply the use of music technology tools in the music business field.

Objective 3: Demonstrate knowledge of the history and current practices of relevant music business topics, such as publishing and copyright law.

Required Courses:

BUS 225 Principles of Management (3)

BUS 247 Principles of Marketing (3)

MUS 325/BUS 325 Survey of Music Business (3)

MUS 315 Music Technology I (3)

MUS 316 Music Technology II (3)

MUS 410 Music Publishing & Copyright Law (3)

Associate's Degree Program

Associate of Science in Information Technology (IT) (online)

Program Coordinator: Philip Partain, M.S., M.Div.

Overview. The Associate of Science in Information Technology (IT) equips students with a broad grounding in the Liberal Arts, along with a foundational working knowledge of computer systems and devices, networks, operating systems, IT support, troubleshooting, and security. The A.S. program is specifically designed to prepare students to earn two highly respected professional certifications from the Computing Technology Industry

Association (CompTIA)—namely, CompTIA Linux and CompTIA A+ (see details below). Graduates are prepared for tier 1 positions in business, non-profit, church, or parachurch organizations. Examples include IT helpdesk representative, IT support technician, and field or service technician. They may also continue their studies to earn the Bachelor of Science degree in Information Technology with a Concentration in Network Administration or Information Systems Security.

Modality. Point University offers the A.S. in Information Technology in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Science in Information Technology (IT) equips students with a broad grounding in the Liberal Arts, along with a foundational working knowledge of computer systems and devices, networks, operating systems, IT support, troubleshooting, and security.

The A.S. in Information Technology builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Foundational knowledge and skills in information technology

Objective 1: Students locate and survey industry-related tools and resources.

Objective 2: Students identify and describe a variety of information technologies, support services, and operating systems.

Principles, methods, and legal and ethical standards for IT support

Objective 3: Students describe the role of technology in the workplace.

Objective 4: Students demonstrate effective, ethical, and secure practices for troubleshooting a variety of technologies.

Functions and components of a desktop personal computing devices

Objective 5: Students employ critical thinking to diagnose and recommend the appropriate technology troubleshooting techniques or tool.

Objective 6: Students demonstrate basic knowledge of information technology best practices, safety, security, and preventive measures.

Required Courses. The A.S. in Information Technology (IT) consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

Select one HFA core course: 3

HUMA 101 Introduction to Humanities (3)

ENGL 250 Modern Short Stories (3)

MUSI 102 Music Appreciation (3)

Natural Sciences

NSCI ____ Natural Science course with Lab 4

Typically NSCI 105 Introduction to Biology with Lab (4)

Mathematics

MATH 120 College Algebra (or higher) 3

Social & Behavioral Sciences

HIST 250 United States History 3

Select one SABS core course: 3

PSYC 103 Introduction to Psychology (3)

SOCI 103 Introduction to Sociology (3)

Biblical Studies Component (9 credits)

BIBL 103 The Drama of Scripture 3

BIBL 202 Jesus: The Focus of Scripture 3

THEO 310 Spiritual Formation: Kingdom Living 3

Professional Component (15 credits)

CISM 100 Introduction to Information Technology 3

CISM 210 Information Technology Applications I 3

CISM 220 Information Technology Operating Systems 3

CISM 215 Information Technology Applications II 3

CISM 230 Technical Writing [WE]* 3

General Elective Component (5 credits)

Elective Courses 5

TOTAL DEGREE CREDITS: 60

*Writing Emphasis course

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Professional Certifications. Courses within the A.S. in Information Technology program are specifically designed to prepare students to earn up to two highly respected professional certifications from the Computing Technology Industry Association (CompTIA), a leading IT industry trade organization. Point strongly urges students to complete the certification exams as they progress through the academic program because these high-demand industry certifications will give them a significant advantage in the job market. The certifications, the Point courses that support them, and the current exam

costs appear below. Point does not guarantee that students will pass every exam. However, if they master the knowledge and skills taught in the Point courses, students should be well-prepared to complete the exams successfully.

Professional Certifications	Supporting Courses	Current Cost
<u>CompTIA Linux+</u> (exams LXO-103 and LXO-104)	CISM 100 Introduction to Information Technology CISM 210 Information Technology Applications I CISM 220 Information Technology Operating Systems	\$194 per exam
<u>CompTIA A+</u> (exams 801, 802, 901, and 902)	CISM 100 Introduction to Information Technology CISM 210 Information Technology Applications I CISM 220 Information Technology Operating Systems CISM 215 Information Technology Applications II	\$199 per exam

Bachelor's Degree Programs

Bachelor of Science in Information Technology (IT) with a Concentration in Information Systems Security (online)

Program Coordinator: Philip Partain, M.S., M.Div.

Overview. The B.S. program in Information Technology (IT) with a Concentration in Information Systems Security offers students a broad foundation in networks, network administration, and data management, along with specialized expertise in systems security, risk mitigation, and disaster recovery. The B.S. program is specifically designed to prepare students to earn four highly respected professional certifications from the Computing Technology Industry Association (CompTIA)—namely, CompTIA Linux, CompTIA A+, CompTIA Security+, and CompTIA Network+ (see details below). Graduates are prepared for mid- to senior-level positions in business, non-profit, church, or parachurch organizations. Examples include cybersecurity analyst, information management analyst, IT administrator, IT security consultant, and security operations center (SOC) analyst. They are also prepared to pursue graduate degrees, such as the M.S. in Information Technology or M.S. in IT Management.

Modality. Point University offers the B.S. in Information Technology/Information Systems Security in fully-online format. *Point Online* students engage in asynchronous Learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The B.S. program in Information Technology (IT) with a Concentration in Information Systems Security prepares students to glorify God through Christ-centered ethical leadership and vocational excellence in the IT field, with an emphasis on networks, network administration, data management, systems security, risk mitigation, and disaster recovery.

This Information Technology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Foundational knowledge and skills in information technology

Objective 1: Students locate and survey industry-related tools and resources.

Objective 2: Students identify and describe a variety of information technologies, support services, and operating systems.

Principles, methods, and legal and ethical standards for IT support

Objective 3: Students describe the role of technology in the workplace.

Objective 4: Students demonstrate effective, ethical, and secure practices for troubleshooting a variety of technologies.

Functions and components of a desktop personal computing devices

Objective 5: Students employ critical thinking to diagnose and recommend the appropriate technology troubleshooting techniques or tool.

Objective 6: Students demonstrate basic knowledge of information technology best practices, safety, security, and preventive measures.

Computer networks and troubleshooting

Objective 7: Students identify network configurations, topologies, and protocols.

Objective 8: Students explain connectivity and communication standards.

Objective 9: Students apply troubleshooting techniques and tools to network installation, maintenance, and configuration of devices.

Objective 10: Students compare and contrast servers, administration (deployment, management, directories, storage), and recovery solutions.

Systems security, risk mitigation, and disaster recovery

Objective 11: Students identify network classifications (e.g. LAN, WAN, MAN) and network typologies.

Objective 12: Students recognize security vulnerabilities and preventive measures.

Objective 13: Students create effective, usable security policies and procedures for troubleshooting, maintenance, and prevention.

Objective 14: Students understand and describe the proper implementation of advanced security applications, such as Intrusion Detection and Prevention Systems, Network and System Firewalls, Anti-Virus, Security Information and Event Management (SIEM), and data encryption.

Objective 15: Students perform risk analyses and assessments to create disaster recovery and business continuity plans reflecting "best practices."

Required Courses. The B.S. in Information Technology with a Concentration in Information Systems Security consists of the following courses:

General Education Core (31 credits)*Essential Skills*

<u>CompTIA Network+</u>	CISM 100 Introduction to Information Technology CISM 210 Information Technology Applications I CISM 220 Information Technology Operating Systems CISM 300 Networking Fundamentals	\$285

Students may also pursue additional security-related certifications from professional associations such as ISACA, (ISC)², and the SANS Institute. Point encourages students to discuss the range of career options with the IT program coordinator.

***Bachelor of Science in Information Technology (IT)
with a Concentration in Network Administration
(online)***

Program Coordinator: Philip Partain, M.S., M.Div.

Overview. The B.S. program in Information Technology (IT) with a Concentration in Network Administration offers students a broad foundation in networks, security, web development, project and data management, and network administration. The B.S. program is specifically designed to prepare students to earn five highly respected professional certifications from the Computing Technology Industry Association (CompTIA) and from Microsoft—namely, CompTIA Linux, CompTIA A+, CompTIA Project+, CompTIA Security+, and CompTIA Network+ (see details below). Graduates are prepared for mid- to senior-level positions in business, non-profit, church, or parachurch organizations. Examples include IT helpdesk representative, IT support technician, field or service technician, IT administrator, and IT consultant. They are also prepared to pursue graduate degrees, such as the M.S. in Information Technology, M.S. in IT Management or M.S. in IT Security.

Modality. Point University offers the B.S. in Information Technology/Network Administration in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The B.S. program in Information Technology (IT) with a Concentration in Network Administration prepares students to glorify God through Christ-centered ethical leadership and vocational excellence in the IT field, with an emphasis on networks, security, web development, project and data management, and network administration.

This Information Technology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Foundational knowledge and skills in information technology

Objective 1: Students locate and survey industry-related tools and resources.

Objective 2: Students identify and describe a variety of information technologies, support services, and operating systems.

Principles, methods, and legal and ethical standards for IT support

Objective 3: Students describe the role of technology in the workplace.

Objective 4: Students demonstrate effective, ethical, and secure practices for troubleshooting a variety of technologies.

Functions and components of a desktop personal computing devices

Objective 5: Students employ critical thinking to diagnose and recommend the appropriate technology troubleshooting techniques or tool.

Objective 6: Students demonstrate basic knowledge of information technology best practices, safety, security, and preventive measures.

Computer networks and troubleshooting

Objective 7: Students identify network configurations, topologies, and protocols.

Objective 8: Students explain connectivity and communication standards.

Objective 9: Students apply troubleshooting techniques and tools to network installation, maintenance, and configuration of devices.

Objective 10: Students compare and contrast servers, administration (deployment, management, directories, storage), and recovery solutions.

Website development and hosting

Objective 11: Students write web content for a target audience.

Objective 12: Students examine a variety of web layouts using Cascading Style Sheets (CSS) and Hypertext Markup Language (HTML).

Objective 13: Students evaluate methods for hosting and maintaining a website.

Security protocols and procedures for computer networks

Objective 14: Students identify network classifications (e.g. LAN, WAN, MAN) and network typologies.

Objective 15: Students recognize security vulnerabilities and preventive measures.

Objective 16: Students create effective security policies and procedures for troubleshooting, maintenance, and prevention.

Information technology management and business management strategies

Objective 17: Students analyze all phases of project management during a system's life cycle.

Objective 18: Students explain managing quality assurance and customer service for helpdesk and support environments.

Programming knowledge and data management skills

Objective 19: Students identify data structures, algorithms, and paradigms.

Objective 20: Students survey a variety of programming languages and their uses.

Objective 21: Students compare and contrast differentiations of data.

Objective 22: Students explain the use of Standard Query Language (SQL), Data Definition Language (DDL), and Data Manipulation Language (DML).

Required Courses. The B.S. in Information Technology with a Concentration in Network Administration consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3

Minors					
• Biology Minor	X				

Bachelor's Degree Programs

Bachelor of Science in Biology (on-ground)

Program Coordinator: Rebecca Aquino, D.O.

Overview. The B.S. in Biology program provides a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate

degrees in science-related disciplines, medicine, and other health sciences. The program introduces majors to the concepts and role of biology as an integrative science, helping them to discover and interpret the characteristics of nature as part of God's creation. Students who take courses in the Biology curriculum are expected to understand the concepts and processes of biology as a scientific discipline. Students are provided a depth of classroom instruction and laboratory and field work in a breadth of science courses.

Students may also pursue the B.S. in Biology with a Pre-Professional Option (described below). The faculty encourages students to complete the Pre-Professional Option if they intend to pursue admission to a graduate professional program to become, for example, a physician, dentist, or veterinarian

Modality. Point University offers the B.S. in Biology in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Biology program is to provide a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences.

The Biology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate a knowledge base within the study of biology.

Objective 2: Understand the process by which biological data is gathered, analyzed, and interpreted.

Objective 3: Develop a foundation for understanding humans in relation to the living environment.

Objective 4: Demonstrate personal integrity and an awareness of the ethical issues in the life sciences.

Objective 5: Develop an internally consistent philosophy of life that integrates science and Scripture.

Objective 6: Outline a basic foundation for employment in biology-related vocations.

Required Courses. The B.S. in Biology program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

Select 6 credits from the following HFA core course
from at least two different areas/prefixes:

- ENG ____ English Course (3)
HUM ____ Humanities Course (3)
MUS 102 Music Appreciation (3)
PHL ____ Philosophy Course (3)

6

Natural Sciences

NSC 106 and 106L Environmental Science with Lab

4

Mathematics

MTH 120 College Algebra (or higher in addition to MTH 117 below)

3

Social & Behavioral Sciences

HIS ____ History core elective

3

PSY 103 Introduction to Psychology

3

Select one of the following Sociology courses:

3

- SOC 103 Introduction to Sociology (3)
SOC 203 Cultural Anthropology (3)
SOC 215 Geography (3)

Biblical Studies Minor (15 credits)

BBS 102 The Drama of Scripture

3

BBS 202 Jesus: The Focus of Scripture

3

BBS 304 Scripture: Reading & Interpretation

3

BBS ____ Biblical Studies elective

3

THE 405 Christ, Culture & Career [WE]*

3

Biology Major (53 credits)

MTH 117 Introductory Statistics (in addition to MTH 120 above)

3

NSC 103 and 103L Biology I with Lab

4

NSC 104 and 104L Biology II with Lab

4

NSC 215 and 215L Human Anatomy & Physiology I with Lab

4

NSC 216 and 216L Human Anatomy & Physiology II with Lab

4

NSC 228 and 228L General Chemistry I with Lab

4

NSC 229 and 229L General Chemistry II with Lab

4

NSC 303 Methods in Research [WE]*

3

NSC 307 and 307L Microbiology with Lab

4

NSC 310 Cell Biology

3

NSC 401 Ethics in Science

3

NSC 421 and 421L Genetics with Lab

4

NSC ____ Science or related elective course 1

4

NSC ____ Science or related elective course 2

4

TOTAL DEGREE CREDITS:**120**

*Writing Emphasis course

Satisfactory Academic Progress. To graduate with the B.S. in Biology degree, students must complete all courses in the Biology Major—and any prerequisites for Natural Science courses in the major—with a minimum grade of “C” (2.00). Students must retake courses with lower grades as soon as possible.

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Recommended Course Sequence for B.S. in Biology	
<p>FIRST YEAR</p> <p>BBS 102 The Drama of Scripture (3) EFT 101 Effective Thinking (1)</p> <p><i>ENG 101 Critical Reading & Writing I (3)+</i> <i>ENG 102 Critical Reading & Writing II (3)+</i></p> <p><i>NSC 103-103L Biology I with Lab (4)+</i> <i>NSC 104-104L Biology II with Lab (4)+</i></p> <p>MTH 120 College Algebra [or higher] (3) PHE 201 First Aid & CPR (1) PSY 103 Introduction to Psychology (3) SOC Sociology core selection (3) <u>General Elective (3)</u> <i>TOTAL CREDITS: 31</i></p>	<p>SECOND YEAR</p> <p>BBS 202 Jesus: The Focus of Scripture (3) COM 205 Public Speaking (3) HFA core selections 1-2 (6) HIS ____ History core elective (3)</p> <p><i>NSC 215-215L Human Anat/Phys I w/Lab (4)+</i> <i>NSC 216-216L Human Anat/Phys II w/Lab (4)+</i></p> <p><i>NSC 228-228L Gen. +Take these courses in consecutive sessions

Bachelor of Science in Biology with Pre-Professional Option (on-ground)

Program Coordinator: Rebecca Aquino, D.O.

Overview. The B.S. in Biology program with the Pre-Professional Option provides a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences. The program introduces majors to the concepts and role of biology

as an integrative science, helping them to discover and interpret the characteristics of nature as part of God's creation. Students who take courses in the Biology curriculum are expected to understand the concepts and processes of biology as a scientific discipline. Students are provided a depth of classroom instruction and laboratory and field work in a breadth of science courses.

Like most higher education institutions, Point University does not offer pre-medical, pre-dental, or pre-veterinary as undergraduate majors. Students interested in pursuing careers as physicians, dentists, or veterinarians may choose any number of majors. However, it is critical that they choose appropriate science courses in order to meet the course prerequisites for admission to medical, dental, or veterinary schools and to achieve higher scores on standardized admission tests for those professional graduate programs.

The B.S. in Biology program with the Pre-Professional Option is designed to assist students in preparing for that graduate study. Admission to most professional programs of study after the completion of a bachelor's degree is a highly competitive process. In addition to the selected program and courses at Point, the successful applicant would need to be competitive in overall grade point average (GPA), science GPA, Medical College Admission Test (MCAT) or Dental Admission Test (DAT) score, number of hours worked in a medical setting and types of experiences, strength of recommendation letters, and interview quality. See a faculty academic advisor for assistance if interested in that process.

Modality. Point University offers the B.S. in Biology with Pre-Professional Option in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Biology program with the Pre-Professional Option is to provide a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences.

The Biology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate a knowledge base within the study of biology.

Objective 2: Understand the process by which biological data is gathered, analyzed, and interpreted.

Objective 3: Develop a foundation for understanding humans in relation to the living environment.

Objective 4: Demonstrate personal integrity and an awareness of the ethical issues in the life sciences.

Objective 5: Develop an internally consistent philosophy of life that integrates science and Scripture.

Objective 6: Prepare to take entrance exams and fulfil the entrance requirements of the student's chosen graduate or professional school.

Required Courses. The B.S. in Biology program with Pre-Professional Option consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

TOTAL DEGREE CREDITS:**120****Writing Emphasis course*

Satisfactory Academic Progress. To graduate with the B.S. in Biology degree with Pre-Professional Option, students must complete all courses in the Biology Major, including Pre-Professional Option courses, with a minimum grade of “C” (2.00). Likewise, they must complete any prerequisites for Natural Science (NSC) courses with a minimum grade of “C” (2.00). Students must retake courses with lower grades as soon as possible.

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Bachelor of Science in Exercise Science (on-ground)

Program Coordinator: Allison Kemper, D.P.T.

Overview. The B.S. in Exercise Science program provides a foundational, scientifically-based preparation for entry-level careers in healthcare or related fitness industries, successful completion of national certifications, and/or the pursuit of advanced or professional degrees in related fields of study. It provides a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

Students may also pursue the B.S. in Exercise Science with a Pre-Professional Option (described below). The faculty encourages students to complete the Pre-Professional Option if they intend to pursue admission to a graduate professional program to become, for example, a physical therapist.

Modality. Point University offers the B.S. in Exercise Science in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Exercise Science program is to provide a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

The Exercise Science Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Read and write with an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate a knowledge base within the study of exercise science.

Objective 3: Identify critical elements of the bones and muscles involved in human movement and combine the concepts related to anatomy and physiology with biomechanics.

Objective 4: Describe physiological concepts related to exercise testing (e.g., maximal aerobic testing, anaerobic testing, and body composition analysis).

Objective 5: Demonstrate the ability to develop safe and effective exercise programs for normal and special populations.

Objective 6: Demonstrate a basic understanding of sound nutritional concept and safe weight management techniques.

Objective 7: Understand and debate current exercise physiology principles based on historical and technological changes.

Required Courses. The B.S. in Exercise Science program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

Select 6 credits from the following HFA core course from at least two different areas/prefixes: 6

- ENG ____ English elective (3)
- HUM ____ Humanities elective (3)
- MUS 102 Music Appreciation (3)
- PHL ____ Philosophy elective (3)

Natural Sciences

NSC 103 and 103L Biology I with Lab	4

Bachelor of Science in Exercise Science with Pre-Professional Option (on-ground)

Program Coordinator: Allison Kemper, D.P.T.

Overview. The B.S. in Exercise Science program with the Pre-Professional Option provides a foundational, scientifically-based preparation for entry-level careers in healthcare or related fitness industries, successful completion of national certifications, and/or the pursuit of advanced or professional degrees in related fields of study. It provides a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

Like most higher education institutions, Point University does not offer pre-physical therapy as an undergraduate major. Students interested in pursuing a career as a physical therapist may choose any number of majors. However, it is critical that a student choose

appropriate science courses in order to meet the course prerequisites for admission to graduate schools in physical therapy and to achieve higher scores on standardized admission tests for professional graduate programs.

The B.S. in Exercise Science program with the Pre-Professional Option is designed to assist students in preparing for that graduate study. Admission to most professional programs of study after the completion of a bachelor's degree is a highly competitive process. In addition to the selected program and courses at Point, the successful applicant would need to be competitive in overall grade point average (GPA), science GPA, number of hours worked in a therapy setting and types of experiences, strength of recommendation letters, and interview quality. See a faculty academic advisor for assistance if interested in that process.

Modality. Point University offers the B.S. in Exercise Science with Pre-Professional Option in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Exercise Science program with the Pre-Professional Option is to provide a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

The Exercise Science Major with Pre-Professional Option builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Read and write with an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate a knowledge base within the study of exercise science.

Objective 3: Identify critical elements of the bones and muscles involved in human movement and combine the concepts related to anatomy and physiology with biomechanics.

Objective 4: Describe physiological concepts related to exercise testing (e.g., maximal aerobic testing, anaerobic testing, and body composition analysis).

Objective 5: Demonstrate the ability to develop safe and effective exercise programs for normal and special populations.

Objective 6: Demonstrate a basic understanding of sound nutritional concept and safe weight management techniques.

Objective 7: Understand and debate current exercise physiology principles based on historical and technological changes.

Objective 8: Be prepared to fulfill entrance requirements to the student's chosen graduate or professional school.

Required Courses. The B.S. in Exercise Science program with Pre-Professional Option consists of the following courses:

General Education Core (32 credits)*Essential Skills*

EFT 101 Effective Thinking	1

Minors

Minor Offered by the Science & Mathematics Department (on-ground)

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minor. The Science & Mathematics Department offers the following minor:

Biology Minor (18 credits)

Purpose. The Biology Minor introduces foundational concepts and methodologies of biology, with an emphasis on human anatomy and physiology, within an ethical framework and a Christian worldview.

Student Learning Objectives. The Biology Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate a foundational knowledge base within the study of biology with emphasis on human anatomy and physiology.

Objective 2: Demonstrate personal integrity and an awareness of the ethical issues in the life sciences.

Required Courses:

NSC 1031-103L Biology I with Lab (4)

NSC 215-215L Human Anatomy & Physiology I with Lab (4)

NSC 216-216L Human Anatomy & Physiology II with Lab (4)

NSC 401 Ethics in Science (3)

NSC ____ Natural Science elective (300/400 level) (3)

COLLEGE OF BIBLICAL STUDIES & MINISTRY

DEAN: SAMUEL L. (“WYE”) HUXFORD, M.Div.

Personnel

Salaries of faculty members who teach in the Biblical Studies Department are funded in part by the Mount Olive Christian Church Trust Endowment.

College Dean

Samuel W. (“Wye”) Huxford, M.Div. in New Testament and Theology—Vice President for Spiritual Formation and Dean of the Chapel, Dean of the College of Biblical Studies & Ministry, Professor of Biblical Studies

Department Chairs

Holly J. Carey, Ph.D. in New Testament and Christian Origins—Biblical Studies Department Chair, Professor of Biblical Studies
Joshua F. Rice, Ph.D. in New Testament Studies—Christian Ministries Department Chair, Instructor in Biblical Studies

Other Full-Time Faculty

Jennifer Allen Craft, M.Litt. in Theology, Imagination and the Arts, Ph.D. in Divinity—Assistant Professor of Humanities and Theology
Gordon E. Griffin, D.Min. in Ministry—Instructor of Biblical Studies and Ministry
John H. Morris, Ph.D. in New Testament—Associate Professor of Biblical Studies

Part-Time Faculty

David Allgire, M.Div. in Urban Ministry; M.A.R. in Old Testament—Adjunct Instructor in Biblical Studies and Ministry
Mark J. Anthony, M.A. in Ministerial Leadership, Doctor of Intercultural Studies—Adjunct Instructor in Intercultural Ministry
Barry Lee Blackburn, Sr., Ph.D. in New Testament Exegesis—Professor Emeritus of New Testament
Matthew Benson, M.Div. in Ministry, M.B.A. in Business, D.Min. in Ministry—Adjunct Instructor in Biblical Studies, Ministry, and Business
Dennis Bloodworth, M.A. in Ministry—Adjunct Instructor in Worship
Kevin Scott Bussey, M.Div. in Ministry, M.A. in Education—Adjunct Instructor in Biblical Studies and Ministry
Jubilee Criswell, M.A. in Biblical Studies, M.Div. in Theological Studies—Adjunct Instructor in Biblical Studies and Ministry
Nick Demos, Master of Sports Leadership—Adjunct Instructor in Sports Ministry
Jeffrey A. Easley, M.Th. in Theology, D.Min. candidate in Ministry—Adjunct Instructor in Biblical Studies and Ministry

Jonathan Cortez Frazier, D.Min. in Missions and Cross-Cultural Studies—Adjunct Instructor in Biblical Studies and Ministry

Steven Paul Gross, M.A. in Elementary Education—Adjunct Instructor in Education

Rachel L. Hall, M.Div. in Ministry—Adjunct Instructor in Ministry

W. Darryl Harrison, M.A. in Christian Education, Ed.D. in Instructional Leadership—Professor of Ministry and Leadership, ordained minister—Adjunct Instructor in Biblical Studies and Ministry

Dirk A. Haupt, M.B.A. in Business Administration—Adjunct Instructor in Administration

David Hemingway, M.Div. in Ministry—Adjunct Instructor in Intercultural Ministry

Darryl Randall (“Randy”) Hemphill, D.Min. in Ministry—Adjunct Instructor in Biblical Studies and Ministry

Jeffrey M. Horner, M.A. in Theological Studies, M.Litt. in Religious History, Ed.D. in Education and Leadership—Adjunct Instructor in Biblical Studies and Ministry

Lisa R. Horner, M.A. in Christian Leadership—Adjunct Instructor in Ministry

John David Hull, D.Min. in Ministry—Adjunct Instructor in Biblical Studies and Ministry

Matt J. King, M.A. in Education—Adjunct Instructor in Education

Mike Kofahl, M.A. in Ministerial Leadership—Adjunct Instructor in Ministry

Dennis B. Lacy, M.A. in Christian Ministry—Adjunct Instructor in Ministry

David Mark Miller, M.S.M. in Sacred Music—Adjunct Instructor in Worship Music and Theology

Mark E. Moore, Ph.D. in Biblical Studies—Adjunct Instructor in Biblical Studies and Ministry

Michael Plank, M.A. in Theology, D.Min. in Ministry—Adjunct Instructor in Biblical Studies and Ministry.

Reggie Rice, D.Min. in Ministry—Adjunct Instructor in Ministry

Jonathan D. Roe, D.Min. in Ministry—Adjunct Instructor in Ministry

Matthew D. Scott, Sr., D.Min. in Evangelism and Church Growth—Adjunct Instructor in Christian Ministry

James Grady E. Shelton, M.A. in New Testament Exposition and Preaching, M.Div. in Ministry, D.Min. candidate in Christian Spirituality—Adjunct Instructor in Biblical Studies and Ministry

Philip Shomo, Master of Transformative Ministry—Adjunct Instructor in Biblical Studies and Christian Ministry

Mark Smith, M.A. in Christian Ministry in Discipleship and Church Ministry—Adjunct Instructor in Ministries

James Street, A.B. in Christian Ministries; M.Ed. in Guidance & Counseling, Ph.D. in Child and Family Development—Adjunct Instructor in Counseling and Ministry

David VanDonge, M.A. in Christian Leadership—Adjunct Instructor in Ministry

Timothy R. Woodruff, M.A. in Religion, M.S. in Human Resource Development, Ed.D. in Leadership—Adjunct Instructor in Christian Ministries

Ashley Wooldridge, M.B.A. in Business Administration and Finance, Th.M. in Theology candidate—Adjunct Instructor in Finance and Stewardship

Andrea Rachel Wozniak, M.A. in Biblical Studies—Adjunct Instructor in Biblical Studies

Mark M. Yarbrough, Ph.D. in Biblical Studies Exposition—Adjunct Instructor in Biblical Studies

Interdisciplinary Faculty

Donovan, James, Ph.D. in Education, M.Ed. in Education—Instructor in Counseling and Ministry.

David H. Leonard, Ph.D. in Philosophy—Adjunct Instructor in Humanities and Biblical Studies

Shirley Thompson-Lewis, M.S.W in Social Work, M.A. in Christian Studies, D.Min. in Spirituality, LISW-S—Social Work Field Education Director, Instructor in Human Relations and Social Work

Point University Administrative Faculty

Michael L. Bain (Director of Library Resources), M.Div. in Theology, M.L.S. in Library and Information Studies—Professor of Biblical Studies

Mark Boyd (Instructional Support Technician), M.A. in Theological Studies, D.Min. in Ministry—Instructor in Christian Ministries

Christopher A. Davis (Vice President for Academic Initiatives and Accreditation), Ph.D. in Biblical Studies, D.Min. in Ministry, ordained minister—Professor of Biblical Theology and Ministry

Stephen E. Waers (Chief Academic Officer), M.Div., Ph.D. in Historical Theology — Assistant Professor of Biblical Studies

Bobby Weaver (Academic Operations Manager), Master of Divinity—Instructor in Biblical Studies and Ministry

NOTE: (1) This list of personnel is intended to show Point University's strength in the area of Biblical Studies and Christian Ministry. For a more complete list of faculty credentials, see the section of this catalog on "Point University Personnel." (2) Interdisciplinary faculty members are assigned to another college, but teach courses in the College of Biblical Studies & Ministry. (3) Administrative faculty members are full-time administrators who hold academic credentials in a field related to Biblical Studies and Ministry. They influence academic programs, but may or may not teach on a regular basis.

Point University
College of Biblical Studies & Ministry

➤ Youth & Family Ministry Specialization (for non-Biblical Studies majors)	DISCONTINUED Students should consider the on-ground B.A. or B.S. in Biblical Studies & Youth Ministry or the online B.S. in Youth & Family Ministries.				

Role of the Biblical Studies Major and Minor in the Point University Core Curriculum

The Point University Core Curriculum

Background: The Point University Core Curriculum. All Point University associate's degree programs include courses in General Studies (Liberal Arts) and Biblical Studies. All Point bachelor's degree programs include a full 30+ credit General Studies Core and either a Biblical Studies Minor or Major. Together, the General Studies and Biblical Studies components form Point University's "Core Curriculum," a broad foundation for lifelong learning and more advanced professional studies.

Relationship of the Core Curriculum to Point's Gen Ed Competencies. Point University's mission and goals include facilitating students' intellectual, spiritual, and social growth. In accordance with these aims, Point's Core Curriculum develops certain broad General Education Competencies in all associate and baccalaureate degree students, regardless of program, location, or modality. The following table lists those competencies, along with instruments used to assess student attainment:

The student will be able to:	Assessment measure(s)
1. Communicate effectively.	ETS <i>Proficiency Profile</i> , subscores in Writing and Reading
2. Operate in the areas of humanities, social science, and natural science.	ETS <i>Proficiency Profile</i> , subscores in Humanities, Social Science, and Natural Science
3. Demonstrate skills in critical thinking and mathematics.	ETS <i>Proficiency Profile</i> , subscores in Critical Thinking and Mathematics
4. Demonstrate an awareness of the major movements within the biblical narrative and their implications for the Christian life.	Point's <i>Bible Content Test</i>

The student learning objectives for the Biblical Studies Minor build on Point's General Education Competencies and directly contribute to students' ability to achieve those competencies.

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Transfer Guidelines for the Gen Ed Core and Biblical Studies Minor. The faculty of Point University has specifically designed each course in the General Education Core, Biblical Studies Minor, and professional programs to serve the university mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be "transfer friendly" while remaining true to its mission, Point has established transfer guidelines. The registrar applies these guidelines in consultation with the chief academic officer and college deans. For the guidelines and full policy on course transfers, see "Credit for Prior Learning" in the section of this catalog focusing on "Academic Regulations."

Biblical Studies Minor (on-ground)

Program Coordinator: Jennifer Craft, Ph.D.

Overview. All Point University bachelor's degree programs include a Biblical Studies Major or Minor designed to ground students in the Christian Scriptures as a foundation for spiritual formation, faith integration, and a Christian worldview. Together, Point's Christ-centered General Studies Core, professional majors, and Biblical Studies Major or Minor equip students to practice their chosen professions as ambassadors for the Lord.

Modality. Point University offers the Biblical Studies Minor in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a grade-book and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The Biblical Studies Minor equips students with biblical and theological foundations for a Christian worldview and faith integration in their chosen vocation.

The Biblical Studies Minor builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

Objective 1: Students identify the essential nature of narrative (story) to the human experience.

Objective 2: Students articulate a view of scripture as a unified, cohesive narrative.

Objective 3: Students identify the historical context in which Jesus lived.

Objective 4: Students identify the major events in the gospel narratives.

Objective 5: Students demonstrate a working knowledge of the canonical gospels, their relationship to one another, and their varying portrayals of the life of Jesus.

Objective 6: Students critique the importance of preliminary knowledge important to interpreting Scripture.

Objective 7: Students demonstrate the ability to use the primary principles of language.

Objective 8: Students validate their appreciation for Scripture as God's revelation to His people.

Objective 9: Students understand the relationship between their culture and their worldview.

Objective 10: Students articulate a Biblical worldview in contrast to other contemporary worldviews.

Objective 11: Students articulate the concept of spiritual formation, its purposes within the framework of the New Testament concept of the kingdom of God, and its historical processes.

Objective 12: Students analyze some of the challenges and opportunities for living out the gospel in all areas of life.

Objective 13: Students prepare themselves for their role within the Biblical story.

Objective 14: Students articulate how they can integrate their faith in their projected career field.

Required Courses. The on-ground Biblical Studies Minor consists of the following courses:

BBS 102	The Drama of Scripture	3
BBS 202	Jesus: The Focus of Scripture	3
BBS 304	Scripture: Reading & Interpretation	3
BBS ____	Biblical Studies elective (<i>see instructions below*</i>)	3
THE 405	Christ, Culture & Career	<u>3</u>
TOTAL CREDITS IN MINOR:		15

Students should complete these courses in the order shown, finishing with the capstone course THEO 405 Christ, Culture & Career.

***Biblical Studies Elective.** To fulfil the Biblical Studies Elective requirement for the Biblical Studies Minor, students must choose a course from one of the following four categories (prerequisites apply):

BBS - Biblical Studies
 NTS - New Testament Studies
 OTS - Old Testament Studies
 THE - Theology (THE)

Students may not use BBS 201 Biblical Interpretation to fulfil the elective requirement because it is too similar to BBS 304 Scripture: Reading & Interpretation, which is included in the minor:

Biblical Studies Minor ***(online)***

Program Coordinator: John Morris, Ph.D.

Overview. All Point University bachelor's degree programs include a Biblical Studies Major or Minor designed to ground students in the Christian Scriptures as a foundation for spiritual formation, faith integration, and a Christian worldview. Together, Point's Christ-centered General Studies Core, professional majors, and Biblical Studies Major or Minor equip students to practice their chosen professions as ambassadors for the Lord.

Modality. Point University offers the Biblical Studies Minor in *Point Online* format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Biblical Studies Minor equips students with biblical and theological foundations for a Christian worldview and faith integration in their chosen vocation.

The Biblical Studies Minor builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

- Objective 1:* Students identify the essential nature of narrative (story) to the human experience.
- Objective 2:* Students articulate a view of scripture as a unified, cohesive narrative.
- Objective 3:* Students identify the historical context in which Jesus lived.
- Objective 4:* Students identify the major events in the gospel narratives.
- Objective 5:* Students demonstrate a working knowledge of the canonical gospels, their relationship to one another, and their varying portrayals of the life of Jesus.
- Objective 6:* Students critique the importance of preliminary knowledge important to interpreting Scripture.
- Objective 7:* Students demonstrate the ability to use the primary principles of language.
- Objective 8:* Students validate their appreciation for Scripture as God's revelation to His people.
- Objective 9:* Students understand the relationship between their culture and their worldview.
- Objective 10:* Students articulate a Biblical worldview in contrast to other contemporary worldviews.
- Objective 11:* Students articulate the concept of spiritual formation, its purposes within the framework of the New Testament concept of the kingdom of God, and its historical processes.
- Objective 12:* Students analyze some of the challenges and opportunities for living out the gospel in all areas of life.
- Objective 13:* Students prepare themselves for their role within the Biblical story.
- Objective 14:* Students articulate how they can integrate their faith in their projected career field.

Required Courses. The online Biblical Studies Minor consists of the following courses:

BIBL 103	The Drama of Scripture	3
BIBL 202	Jesus: The Focus of Scripture	3
BIBL 306	Scripture: Reading & Interpretation	3
THEO 310	Spiritual Formation: Kingdom Living	3
THEO 405	Christ, Culture & Career	<u>3</u>
TOTAL CREDITS IN MINOR:		15

Biblical Studies Major ***(on-ground)***

Program Coordinator: Holly J. Carey, Ph.D.

Overview. In accordance with Point University's Christian mission and values, all bachelor's degree programs include either a Biblical Studies Major or Minor. The full Biblical Studies Major is currently available only in certain on-ground programs offered

at the university's main campus in West Point, Georgia. All other on-ground and online baccalaureate programs include the Biblical Studies Minor.

The Biblical Studies Department has partnered with other university departments to embed the Biblical Studies Major in the following professional programs. *See under the appropriate department for degree requirements.*

Humanities Department

- BA in English & Biblical Studies (dual major)
- BA in History & Biblical Studies (dual major)
- BA in Humanities & Biblical Studies (dual major)

Christian Ministries Department

- BA in Biblical Studies and Preaching Ministry (dual major)
- BS in Biblical Studies and Preaching Ministry (dual major)
- BA in Biblical Studies and Youth Ministry (dual major)
- BS in Biblical Studies and Youth Ministry (dual major)
- BA in Biblical Studies with a specialization in Children's Ministry, Christian Ministry, Intercultural Missions, Preaching Ministry, Seminary Preparation, or Youth & Family Ministry
- BS in Biblical Studies with a specialization in Children's Ministry, Christian Ministry, Intercultural Missions, Preaching Ministry, Seminary Preparation, or Youth & Family Ministry

Honors Program in Biblical Studies. The Honors Program of the Biblical Studies Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to seminary and graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), study in biblical languages, and successful completion of the capstone course NTS 495 or OTS 495 Research Methods in Biblical Studies (required as an elective). Notation of the Honors Program appears on the graduate's academic transcript. See an academic advisor for the policies, requirements and procedures of the Honors Program.

Bachelor's Degree Programs

B.A. in Biblical Studies and English, History, or Humanities. The Biblical Studies Department and Humanities Department cooperate to offer on-ground Bachelor of Arts degrees with dual majors in Biblical Studies and English, History, or Humanities. Requirements appear in this catalog under the Humanities Department.

***Bachelor of Arts in
Biblical Studies and Preaching Ministry (dual major)
(on-ground)***

Program Coordinator: Wye Huxford, M.Div.

Overview. In this Bachelor of Arts (B.A.) program, students complete both a Biblical Studies Major and a Preaching Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Preaching Ministry Major develops competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.A. in Biblical Studies and Preaching Ministry typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies and Preaching Ministry in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. program in Biblical Studies and Preaching Ministry prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on preaching ministry.

The dual major in Biblical Studies and Preaching Ministry builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Objective 6: Utilize biblical Greek or a combination of biblical Greek and biblical Hebrew.

Preaching Ministry Major

Objective 7: Apply an exegetical understanding of a scriptural text in writing biblical sermons.

Objective 8: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 9: Plan, prepare, and deliver biblically and theologically sound sermons of a variety of forms.

Objective 10: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 11: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Required Courses. The B.A. in Biblical Studies and Preaching Ministry dual major program consists of the following courses:

General Education Core (32 credits)*Essential Skills*

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Bachelor of Science in Biblical Studies and Preaching Ministry (dual major) (on-ground)

Program Coordinator: Wye Huxford, M.Div.

Overview. In this Bachelor of Science (B.S.) program, students complete both a Biblical Studies Major and a Preaching Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Preaching Ministry Major develops competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies and Preaching Ministry typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching

ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.S. in Biblical Studies and Preaching Ministry in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.S. program in Biblical Studies and Preaching Ministry prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on preaching ministry.

The dual major in Biblical Studies and Preaching Ministry builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Preaching Ministry Major

Objective 6: Apply an exegetical understanding of a scriptural text in writing biblical sermons.

Objective 7: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 8: Plan, prepare, and deliver biblically and theologically sound sermons of a variety of forms.

Objective 9: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 10: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

***Bachelor of Arts in Biblical Studies
with Specialization
(on-ground)***

Program Coordinator: Wye Huxford, M.Div.

Overview. In this Bachelor of Arts (B.A.) program, students complete a Biblical Studies Major, a Ministry Core, and a specialization in one of the following areas: Children's Ministry, Christian Ministry, Intercultural Missions, Preaching Ministry, Seminary Preparation, or Youth & Family Ministry. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Ministry Core develops foundational competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Minor develops additional competencies in the student's chosen area of specialization. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies with a specialization typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies with a Specialization in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. program in Biblical Studies with a Specialization prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on the student's chosen area of specialization.

The Biblical Studies Major and Specialization build on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Objective 6: Utilize biblical Greek or a combination of biblical Greek and Hebrew.

Ministry Core

Objective 7: Apply an exegetical understanding of a scriptural text in writing biblical sermons and lessons.

Objective 8: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 9: Plan, prepare, and deliver biblically and theologically sound sermons.

Objective 10: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 11: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Specialization

For the student learning objectives for a given specialization, see below under “Specializations.”

Bachelor of Science in Biblical Studies with Specialization (on-ground)

Program Coordinator: Wye Huxford, M.Div.

Overview. In this Bachelor of Science (B.S.) program, students complete a Biblical Studies Major, a Ministry Core, and a specialization in one of the following areas: Children's Ministry, Christian Ministry, Intercultural Missions, Preaching Ministry, Seminary Preparation, or Youth & Family Ministry. The Biblical Studies Major includes textual studies in New Testament and Old Testament, along with historical-theological studies. The Ministry Core develops foundational competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Minor develops additional competencies in the student's chosen area of specialization. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies with a specialization typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point

University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies with a Specialization in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.S. program in Biblical Studies with a Specialization prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on the student’s chosen area of specialization.

The Biblical Studies Major and specialization build on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Ministry Core

Objective 6: Apply an exegetical understanding of a scriptural text in writing biblical sermons and lessons.

Objective 7: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 8: Plan, prepare, and deliver biblically and theologically sound sermons.

Objective 9: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 10: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Specialization

For the student learning objectives for a given specialization, see below under “Specializations.”

Required Courses. The B.S. program in Biblical Studies with a Specialization consists of the following courses. For the specific courses required for a given minor, see below under “Minors.”

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1

Bachelor of Arts in Biblical Studies and Youth Ministry (dual major) (on-ground)

Program Coordinator: Joshua Rice, Ph.D.

Overview. In this Bachelor of Arts (B.A.) program, students complete both a Biblical Studies Major and a Youth & Family Ministries Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Youth & Family Ministries Major provides a broad preparation for Christ-centered leadership and service in churches and ministry organizations, with primary emphasis on promoting healthy spiritual, emotional, and social development of parents and their children. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.A. in Biblical Studies and Youth & Family Ministry typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies and Youth & Family Ministry in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The B.A. program in Biblical Studies and Youth & Family Ministry equips students with biblical and theological foundations, theoretical frameworks, and practical skills for promoting healthy relationships and spiritual formation in families.

The dual major in Biblical Studies and Youth & Family Ministry builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Objective 6: Utilize biblical Greek or a combination of biblical Greek and biblical Hebrew.

Youth & Family Ministry Major

Objective 7: Students explain major elements of the spiritual, psychological, physiological, and social development of human beings, including how parents influence, teach, guide, and disciple children and adolescents.

Objective 8: Students demonstrate a working knowledge of family dynamics, including biblical and scholarly insights into human nature, as well as cultural and societal influences, such as mass media and contemporary courtship and marriage trends.

Objective 9: Students distinguish between healthy and unhealthy approaches to parenting throughout the lifespan, explaining common spiritual, psychological, social, and behavioral outcomes of different parenting styles and family structures.

Objective 10: Students demonstrate understanding of biblical concepts of holistic ministry and servant leadership, along with the ability to apply those principles in multicultural ministry environments.

Objective 11: Students assess contemporary approaches to youth and family ministry in a variety of contexts from theological, philosophical, and practical perspectives.

Objective 12: Students offer sound principles, resources, and practical support to parents as they implement strategies to promote healthy physical, emotional, social, and spiritual growth in their families.

Objective 13: Students demonstrate practical skills for youth and family ministry, such as assessing needs, planning, organizing, and implementing ministry programming.

Objective 14: Students apply interpersonal skills important for ministry, such as volunteer mobilization, team assessment and formation, classroom management, and pastoral care for youth and families.

Objective 15: Students utilize tools and resources appropriate for their ministry goals.

Objective 16: Students consistently conduct themselves in a legal and ethical manner as Christian ministry professionals.

Objective 17: Students demonstrate mastery of foundational competencies for youth and family ministry through a mentored ministry practicum.

Required Courses. The B.A. in Biblical Studies and Youth & Family Ministry dual major program consists of the following courses:

General Education Core (32 credits)

Specializations

Ministry Specializations Offered by the Biblical Studies Department (on-ground)

Adding Ministry Specializations to Bachelor's Degree Programs. Students may add a ministry "specialization" to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a Preaching Major will not also receive a Preaching Specialization even though courses in the specialization are included in the major.) Students may not add specializations to associate's degrees.

Specializations. The Biblical Studies Department offers the following specializations:

Children's Ministry Specialization (12 credits)

(version for Biblical Studies majors only)

Purpose. The Children's Ministry Specialization develops theoretical frameworks and foundational competencies for successful development and implementation of children's ministries.

Student Learning Objectives. The Children's Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:** Students explain major elements of the spiritual, psychological, physiological, and social development of human beings with an emphasis on children.
- Objective 2:** Students apply sound educational theory and best practices to teaching children.
- Objective 3:** Students demonstrate practical skills for children's ministry, such as assessing needs, planning, organizing, implementing, and administering children's ministry programming.
- Objective 4:** Students demonstrate mastery of foundational competencies for children's ministry through a mentored ministry practicum.

Required Courses:

EDU 301 Principles & Methods of Teaching (3)

EDU 402 Educational Administration (3)

MIN 497 Children's Ministry Internship (3)

PSY 204 Developmental Psychology (3)

Children's Ministry Specialization (18 credits)*(version for non-Biblical Studies majors)*

Purpose. The Children's Ministry Specialization develops theoretical frameworks and foundational competencies for successful development and implementation of children's ministries.

Student Learning Objectives. The Children's Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students explain major elements of the spiritual, psychological, physiological, and social development of human beings with an emphasis on children.

Objective 2: Students apply sound educational theory and best practices to teaching children.

Objective 3: Students demonstrate practical skills for children's ministry, such as assessing needs, planning, organizing, implementing, and administering children's ministry programming.

Objective 4: Students demonstrate mastery of foundational competencies for children's ministry through a mentored ministry practicum.

Required Courses:

EDU 301 Principles & Methods of Teaching (3)

EDU 402 Educational Administration (3)

MIN 202 Educational Ministries (3)

MIN 497 Children's Ministry Internship (3)

Select one of the following Ministry courses:

MIN 313 The Practice of Christian Ministry (3) [WE]

MIN 317 Pastoral Counseling (3)

MIN 340 Christian Spiritual Formation (3)

MIN 400 Administration & Leadership in Ministry (3)

MIN 464 Healthy Congregations (3)

PSY 204 Developmental Psychology (3)

Christian Ministry Specialization (12 credits)*(version for Biblical Studies majors only)*

Purpose. The Christian Ministry Specialization program develops foundational knowledge and skills for working with churches and parachurch organizations.

Student Learning Objectives. The Christian Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 2: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 3: Students demonstrate practical skills for their chosen ministry, such as pastoral counseling or ministry programming.

Objective 4: Students demonstrate mastery of foundational competencies for ministry through a mentored ministry practicum.

Required Courses:

MIN 497 Ministry Internship(s) (6)

Select 6 credits from any of the following areas:

ICM ____ Intercultural Missions

MIN ____ Ministry

PRM ____ Preaching Ministry

Christian Ministry Specialization (18 credits)

(version for non-Biblical Studies majors)

Purpose. The Christian Ministry Specialization program develops foundational knowledge and skills for working with churches and parachurch organizations.

Student Learning Objectives. The Christian Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 2: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 3: Students demonstrate practical skills for their chosen ministry, such as pastoral counseling or ministry programming.

Objective 4: Students demonstrate mastery of foundational competencies for ministry through a mentored ministry practicum.

Required Courses:

MIN 202 Educational Ministries (3)

MIN 313 The Practice of Christian Ministry (3)

MIN 497 Ministry Internship (3)

PRM 201 Introduction to Preaching (3)

Select 6 credits from the following Ministry courses:

MIN 317 Pastoral Counseling (3)

MIN 340 Christian Spiritual Formation (3)

MIN 400 Administration & Leadership in Ministry (3)

MIN 464 Healthy Congregations (3)

Church Administration Specialization (12 credits)

(version for Biblical Studies majors only, offered with the College of Business & Leadership)

Purpose. The Church Administration Specialization program develops foundational competencies for leading and managing the business side of churches and parachurch organizations

Student Learning Objectives. The Church Administration Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 2: Students demonstrate practical skills for their chosen area of emphasis, such as church and human resource management, financial management, marketing a public relations, project management and navigating change.

Objective 3: Students demonstrate mastery of foundational competencies for church administration through a mentored ministry practicum.

Required Courses:

MIN 435 Church Administration (3)

MIN 497 Ministry Internship: Church Administration (3)

Select 6 credits from the following Business courses:

BUS 203 Business Analytics (3)

BUS 209 Computer Information Systems (3)

BUS 211 Financial Accounting (3)

BUS 212 Managerial Accounting (3)

BUS 225 Principles of Management (3)

BUS 238 Business Communication (3)

BUS 247 Principles of Marketing (3)

BUS 310 Process Improvement & Organizational Change (3)

BUS 327 Project Management (3)

BUS 370 Marketing Communication (3)

BUS 375 Digital Marketing (3)

BUS 450 Human Resource Management (3)

BUS 461 Public Relations (3)

BUS 465 Strategic Management & Planning (3)

NOTE: The faculty recommends the following course pairings:

BUS 203 Business Analytics (3)

BUS 209 Computer Information Systems (3)

BUS 211 Financial Accounting (3)

BUS 212 Managerial Accounting (3)

BUS 225 Principles of Management (3)

BUS 310 Process Improvement & Organizational Change (3)

BUS 225 Principles of Management (3)
BUS 327 Project Management (3)

BUS 225 Principles of Management (3)
BUS 450 Human Resource Management (3)

BUS 225 Principles of Management (3)
BUS 465 Strategic Management & Planning (3)

BUS 247 Principles of Marketing (3)
BUS 370 Marketing Communication (3)

BUS 247 Principles of Marketing (3)
BUS 375 Digital Marketing (3)

BUS 247 Principles of Marketing (3)
BUS 461 Public Relations (3)

BUS 238 Business Communication (3)
BUS 461 Public Relations (3)

Church Administration Specialization (18 credits)

(version for Business majors only, offered with the College of Business & Leadership)

Purpose. The Church Administration Specialization program develops foundational competencies for leading and managing the business side of churches and parachurch organizations.

Student Learning Objectives. The Church Administration Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:** Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.
- Objective 2:** Students demonstrate practical skills for their chosen area of emphasis, such as church and human resource management, financial management, marketing a public relations, project management and navigating change.
- Objective 3:** Students demonstrate mastery of foundational competencies for church administration through a mentored ministry practicum.

Required Courses:

MIN 313 The Practice of Christian Ministry (3)
MIN 400 Administration & Leadership in Ministry (3)
MIN 435 Church Administration (3)
MIN 464 Health Congregations (3)
MIN 497 Ministry Internship: Church Administration (3)

Select one of the following courses:

MIN 202 Educational Ministries (3)
MIN 340 Christian Spiritual Formation (3)
PRM 201 Introduction to Preaching (3)

Intercultural Missions Specialization (12 credits)

(version for Biblical Studies majors only)

Purpose. The Intercultural Missions Specialization gives students an introductory foundation in competencies needed for cross-cultural and intercultural ministry.

Student Learning Objectives. The Intercultural Missions Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Students demonstrate an understanding of the requirements of leading or serving in cross-cultural and intercultural ministry environments.
- Objective 2:* Students demonstrate an introductory understanding of the elements of culture and principles for successful cross-cultural and intercultural interactions.
- Objective 3:* Students demonstrate an introductory understanding of major world religions.
- Objective 4:* Students demonstrate foundational competencies in selected areas of intercultural ministry, such as preaching, counseling, and pastoral care.
- Objective 5:* Students demonstrate mastery of foundational competencies for intercultural ministry through a mentored ministry practicum.

Required Courses:

- ICM 202 Introduction to World Missions (3)
- ICM 497 Intercultural Missions Internship (3)
- PHL 330 World Religions (3)
- SOC 203 Cultural Anthropology (3)

Intercultural Missions Specialization (18 credits)

(version for non-Biblical Studies majors)

Purpose. The Intercultural Missions Specialization program gives students an introductory foundation in competencies needed for cross-cultural and intercultural ministry.

Student Learning Objectives. The Intercultural Missions Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Students demonstrate an understanding of the requirements of leading or serving in cross-cultural and intercultural ministry environments.
- Objective 2:* Students demonstrate an introductory understanding of the elements of culture and principles for successful cross-cultural and intercultural interactions.
- Objective 3:* Students demonstrate an introductory understanding of major world religions.

Objective 4: Students demonstrate foundational competencies in selected areas of intercultural ministry, such as preaching, counseling, and pastoral care.

Objective 5: Students demonstrate mastery of foundational competencies for intercultural ministry through a mentored ministry practicum.

Required Courses:

ICM 202 Introduction to World Missions (3)

ICM 497 Intercultural Missions Internship (3)

Select one of the following Ministry courses:

MIN 313 The Practice of Christian Ministry (3)

MIN 317 Pastoral Counseling (3)

MIN 340 Christian Spiritual Formation (3)

MIN 400 Administration & Leadership in Ministry (3)

PHL 330 World Religions (3)

PRM 201 Introduction to Preaching (3)

SOC 203 Cultural Anthropology (3)

Music & Worship Ministry Specialization (18 credits)

(version for any major, offered with the Fine Arts Department of the College of Arts & Sciences)

Purpose. The Music & Worship Ministry Specialization gives students an introductory foundation in the competencies expected of a musician and worship minister.

Student Learning Objectives. The Music & Worship Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate introductory knowledge and skills in music theory, literature, and performance essential to music and worship ministry.

Objective 2: Students demonstrate foundational competencies in selected areas of music and worship ministry, such as planning and leading worship, conducting musical ensembles, and guiding children.

Objective 3: Students demonstrate mastery of foundational competencies for music and worship ministry through a mentored ministry practicum.

Required Courses:

MUS 102 Music Appreciation (3)

(NOTE: MUS 102 may also be counted as the Humanities & Fine Arts core course in the General Education Core.)

MUS 104 Music Theory II (3)

(Note prerequisite: MUS 103 Music Theory I or satisfactory placement test score)

MUS 335 Worship (3)

MUS 425 Music Ministry in the Local Church (2)

MUS 497 Music Internship: Music & Worship Ministry (3)

Select 4 credits from any of the following areas or courses:

MAP ____ Applied Music elective(s) (1-3)

MEN ____ Music Ensemble elective(s) (1-3)

MUS 104L Functional Theory Skills II (1)

MUS 311 Conducting (2)
MUS 315 Music Technology I (3)
MUS 322 Music Methods for Children (3)
MUS 338 Congregational Music (3)

Preaching Ministry Specialization (12 credits)

(for Biblical Studies majors only)

Purpose. The Preaching Ministry Specialization program develops homiletical skills for use in Christian ministry.

Student Learning Objectives. The Preaching Ministry Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Apply an exegetical understanding of a scriptural text in writing biblical sermons.
- Objective 2:* Apply theological themes of the Old and New Testaments to current life issues through preaching.
- Objective 3:* Plan, prepare, and deliver biblically and theologically sound sermons of a variety of forms, including expository sermons.
- Objective 4:* Students demonstrate mastery of undergraduate competencies for preaching through a mentored ministry practicum.

Required Courses:

PRM 320 Advanced Preaching (3)
PRM 403 Expository Preaching (3)
PRM 475 New Testament & Preaching Seminar (3)
PRM 497 Preaching Ministry Internship (3)

Seminary Preparation Specialization (12 credits)

(for Biblical Studies majors only)

Purpose. The Seminary Preparation Specialization program supplements the Biblical Studies Major through advanced studies in Bible, Theology, and/or Church History designed to prepare students for graduate study in the field.

Student Learning Objectives. The Seminary Preparation Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Students demonstrate advanced undergraduate knowledge and interpretive skills in the areas of Bible, Theology, and/or Church History.
- Objective 2:* Students demonstrate mastery of undergraduate competencies for biblically-grounded ministry through a mentored ministry practicum.
- Objective 3:* Students demonstrate readiness for graduate studies in biblical studies and ministry.

Required Courses:

MIN 497 Christian Ministry Internship (3)

NTS ____ New Testament elective (3)

OTS ____ Old Testament elective (3)

Select 3 credits from any of the following areas:

HIS ____ Church History elective(s)

THE ____ Theology elective(s)

Point University
College of Biblical Studies & Ministry
Christian Ministries Department

DEPARTMENT CHAIR: JOSHUA RICE, PH.D.

Academic Programs

The Christian Ministries Department oversees the following academic programs. Baccalaureate programs that do not include a Biblical Studies Major include a Biblical Studies Minor.

<div style="text-align: center;">  ACADEMIC PROGRAMS </div>					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning	ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

Master's Degree Programs					
• Master of Strategic Ministry			X		consists of two OL courses + extended ministry apprenticeship at Christ's Church of the Valley in Phoenix, AZ
• Master of Transformative Ministry		X			

Ministry Internships. Some Christian Ministries programs require supervised ministry internships while others allow students to complete internships as general electives. The internship program is based on the belief that academic learning in a university setting is strengthened by professional practice in the field, and vice versa.

The Christian Ministries Department assigns interns to a selected field of service under the supervision of a Point instructor and a field supervisor. *To earn academic credit, the internship must be approved in advance by both the Christian Ministries department chair and the host church or organization.* The number of credits received for an internship varies depending on the student's hours of engagement and other factors as determined by the department.

Point has longstanding partnerships with certain churches that host interns, such as the North Highland Church in Columbus, Georgia, and Christ's Church of the Valley (CCV) in Phoenix, Arizona. However, students may also request an internship in established residency programs sponsored by other healthy, growing churches.

If the evaluated and documented ministry competencies gained through an internship align with the student learning objectives for a Point University course (e.g. Introduction to Urban Ministry or Music Ministry Administration), students may receive credit for or advanced standing in that Point course (credit by demonstrated competency).

For further information about ministry internships, email Dr. Joshua Rice, the Christian Ministries department chair (Joshua.Rice@Point.edu).

Associate's Degree Programs

Associate of Arts in Applied Ministry (on-ground)

Program Coordinator: Gordon Griffin, D.Min.

Overview. Point University offers the Associate of Arts in Applied Ministry in cooperation with church partners committed to educating the next generation of Christian leaders. The program equips students with a broad grounding in the arts and sciences, along with foundational preparation for effective service in church and ministry environments. It includes an extended ministry practicum under the mentorship of Point instructors and professional staff of partner churches. Graduates have gained entry-level employment in church and parachurch settings. They may continue their studies to earn the Bachelor of Science degree in Applied Ministry.

Modality. Point University offers the A.A. in Applied Ministry in on-ground format at its main campus in West Point, Georgia. Various church partners host the practicum components.

Program Purpose and Student Learning Objectives

Purpose. The on-ground Associate of Arts in Applied Ministry program equips students with a broad grounding in the arts and sciences, along with foundational classroom and field preparation for service in church and other ministry environments.

The A.A. in Applied Ministry builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate understanding of the content of the Old and New Testaments and the principles of biblical interpretation, including awareness of the metanarrative of God's redemptive work in the world.

Objective 2: Communicate the primary theological themes of the Old and New Testaments.

Objective 3: Explain and apply biblical concepts of church and ministry.

Objective 3: Perform practical functions as a servant-leader through a mentored ministry practicum.

Required Courses. The on-ground A.A. in Applied Ministry consists of the following courses:

General Education Component (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Associate of Arts in Applied Ministry (online)

Program Coordinator: Gordon Griffin, D.Min.

Overview. Point University offers the online Associate of Arts in Applied Ministry in cooperation with church partners committed to educating the next generation of Christian leaders. The program equips students with a broad grounding in the arts and sciences, along with foundational preparation for effective service in church and ministry environments. It includes an extended on-ground ministry practicum under the

mentorship of Point instructors and professional staff of partner churches. Graduates may continue their studies to earn the Bachelor of Science degree in Applied Ministry.

Modality. Point University offers the A.A. in Applied Ministry in fully-online format, excluding the on-ground ministry practicum. Various church partners host the practicum components. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Applied Ministry equips students with a broad grounding in the arts and sciences, along with foundational competencies and practical experience in Christian ministry.

The A.A. in Applied Ministry builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 2: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 3: Students demonstrate foundational competencies for Christian ministry through a mentored ministry practicum.

Required Courses. The A.A. in Applied Ministry consists of the following courses:

General Education Component (31 credits)

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Associate of Arts in Christian Ministries ***(online)***

Program Coordinator: Gordon Griffin, D.Min.

Overview. The Associate of Arts in Christian Ministries equips students with a broad grounding in the Liberal Arts, along with foundational preparation for effective service in church and ministry environments. Graduates may continue their studies to earn the Bachelor of Science degree in Christian Ministries.

Modality. Point University offers the A.A. in Christian Ministries in *Point Online* format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Christian Ministries equips students with a broad grounding in the Liberal Arts, along with foundational competencies for Christian ministry.

The A.A. in Christian Ministries builds on the mission and goals of Point University in order to attain Point's general education competencies and accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 2: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 3: Students assess and utilize people's individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 4: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Required Courses. The A.A. in Christian Ministries consists of the following courses:

Associate of Arts in Youth Ministry (online)

Program Coordinator: Joshua Rice, Ph.D.

Overview. The Associate of Arts in Youth Ministry equips students with a broad grounding in the Liberal Arts, along with foundational preparation for effective service in Christian ministry with an emphasis on youth. Graduates may continue their studies to earn the Bachelor of Science degree in Youth & Family Ministries.

Modality. Point University offers the A.A. in Youth Ministry in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Youth Ministry equips students with a broad grounding in the Liberal Arts, along with foundational competencies for Christian ministry to young people.

The A.A. in Youth Ministry builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate understanding of biblical concepts of ministry and servant leadership, along with the ability to apply those principles in ministry environments.

Objective 2: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 3: Students assess contemporary approaches to youth ministry in a variety of contexts from theological, philosophical, and practical viewpoints.

Objective 4: Students apply a basic working knowledge of human development to the task of helping young people grow to maturity in Christ.

Objective 5: Students demonstrate practical skills for ministry, such as assessing needs, planning, organizing, and implementing ministry programming.

Objective 6: Students apply interpersonal skills important for ministry, such as volunteer mobilization and classroom management.

Objective 7: Students utilize tools and resources appropriate for their ministry goals.

Objective 8: Students articulate principles for effective leadership and service in multi-cultural ministry environments.

Required Courses. The A.A. in Youth Ministry consists of the following courses:

General Education Component (24 credits)

Essential Skills

Bachelor’s Degree Programs

Bachelor of Science in Applied Ministry (online)

Program Coordinator: Gordon Griffin, D.Min.

Overview. Point University offers the Bachelor of Science in Applied Ministry in cooperation with church partners committed to educating the next generation of Christian leaders. The program equips students with a broad grounding in the arts and sciences, along with foundational preparation for effective service in church and ministry environments. It includes an extended ministry practicum under the mentorship of Point instructors and professional staff of partner churches. All courses in the program are intended for transfer.

Modality. Point University offers the B.S. in Applied Ministry in fully-online format, excluding the on-ground ministry practicum. Various church partners host the practicum components. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Applied Ministry Major provides an undergraduate knowledge base, foundational skills, and practical experience for careers in church and ministry organizations.

The Applied Ministry Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Use of scripture in ministry

Objective 1: Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 2: Students apply appropriate methods of interpretation to the study, teaching, and preaching of the Old and New Testaments.

Foundational competencies for Christian ministry

Objective 3: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 4: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 5: Students assess and utilize people's individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 6: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 7: Students apply biblical principles of worship in planning meaningful worship experiences.

Objective 8: Students demonstrate an understanding of counseling principles and techniques appropriate for ministry settings, including referral.

Objective 9: Students demonstrate an understanding of accounting and financial principles pertinent to church ministry.

Objective 10: Students demonstrate foundational competencies for Christian ministry through a mentored ministry practicum.

Required Courses. The B.S. in Applied Ministry program consists of the following courses:

Required Ministry Practicum. The B.S. in Applied Ministry also includes a *required* ministry practicum either as part of the A.A. in Applied Ministry, which forms the foundation for the B.S. program, or in place of certain General Electives in the B.S. degree. The practicum includes the following components:

<i>Columbus (GA) Ministry Practicum—North Highland Church</i>	
MINI 105A Columbus Ministry Practicum 1A	1.5
MINI 105B Columbus Ministry Practicum 1B	1.5
MINI 105C Columbus Ministry Practicum 1C	1.5
MINI 105D Columbus Ministry Practicum 1D	1.5
MINI 205A Columbus Ministry Practicum 2A	1.5
MINI 205B Columbus Ministry Practicum 2B	1.5
MINI 205C Columbus Ministry Practicum 2C	1.5
MINI 205D Columbus Ministry Practicum 2D	1.5

In Columbus, the following 3rd- and 4th-year practicum courses are available as electives:

MINI 305A Columbus Ministry Practicum 3A (1.5)

MINI 305B Columbus Ministry Practicum 3B (1.5)

MINI 305C Columbus Ministry Practicum 3C (1.5)

MINI 305D Columbus Ministry Practicum 3D (1.5)

MINI 405A Columbus Ministry Practicum 4A (1.5)

MINI 405B Columbus Ministry Practicum 4B (1.5)

MINI 405C Columbus Ministry Practicum 4C (1.5)

MINI 405D Columbus Ministry Practicum 4D (1.5)

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Science in Christian Ministries ***(online)***

Program Coordinator: Gordon Griffin, D.Min.

Overview. The Bachelor of Science in Christian Ministries program provides a broad preparation for positions of leadership and service in churches and ministry organizations. The program also equips students for graduate studies in related disciplines.

Modality. Point University offers the B.S. in Christian Ministries in *Point Online* format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Christian Ministries Major provides an undergraduate knowledge base and foundational skills for careers in church and ministry organizations.

The Christian Ministries Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 2: Students apply appropriate methods of interpretation to the study, teaching, and preaching of the Old and New Testaments.

Objective 3: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 4: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 5: Students assess and utilize people's individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 6: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 7: Students apply biblical principles of worship in planning meaningful worship experiences.

Objective 8: Students demonstrate an understanding of counseling principles and techniques appropriate for ministry settings, including referral.

Objective 9: Students demonstrate an understanding of accounting and financial principles pertinent to church ministry.

Required Courses. The B.S. in Christian Ministries program consists of the following courses:

Bachelor of Science in Youth & Family Ministries (online)

Program Coordinator: Joshua Rice, Ph.D.

Overview. The Bachelor of Science program in Youth & Family Ministries provides a broad preparation for Christ-centered leadership and service in churches and ministry organizations, with primary emphasis on promoting healthy spiritual, emotional, and social development of parents and their children. The program also equips students for graduate studies in related disciplines.

Modality. Point University offers the B.S. in Youth & Family Ministries in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. Students may complete the required ministry practicum at a Point-approved site near their home under a Point-approved field mentor.

Program Purpose and Student Learning Objectives

Purpose. The Youth & Family Ministries Major equips students with biblical and theological foundations, theoretical frameworks, and practical skills for promoting healthy relationships and spiritual formation in families.

The Youth & Family Ministries Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Scripture in Ministry

- Objective 1:* Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.
- Objective 2:* Students apply appropriate methods of interpretation to the study, application, teaching, and preaching of the Old and New Testaments.
- Objective 3:* Students apply central theological themes of the Old and New Testaments, including a biblical theology of the family, in ministering to families and youth.

Parents and Children

- Objective 4:* Students explain major elements of the spiritual, psychological, physiological, and social development of human beings, including how parents influence, teach, guide, and disciple children and adolescents.
- Objective 5:* Students demonstrate a working knowledge of family dynamics, including biblical and scholarly insights into human nature, as well as cultural and societal influences, such as mass media and contemporary courtship and marriage trends.
- Objective 6:* Students distinguish between healthy and unhealthy approaches to parenting throughout the lifespan, explaining common spiritual, psychological, social, and behavioral outcomes of different parenting styles and family structures.

Youth and Family Ministry

- Objective 7:* Students demonstrate understanding of biblical concepts of holistic ministry and servant leadership, along with the ability to apply those principles in multicultural ministry environments.
- Objective 8:* Students assess contemporary approaches to youth and family ministry in a variety of contexts from theological, philosophical, and practical perspectives.
- Objective 9:* Students offer sound principles, resources, and practical support to parents as they implement strategies to promote healthy physical, emotional, social, and spiritual growth in their families.

Objective 10: Students demonstrate practical skills for youth and family ministry, such as assessing needs, planning, organizing, and implementing ministry programming.

Objective 11: Students apply interpersonal skills important for ministry, such as volunteer mobilization, team assessment and formation, classroom management, and pastoral care for youth and families.

Objective 12: Students utilize tools and resources appropriate for their ministry goals.

Objective 13: Students consistently conduct themselves in a legal and ethical manner as Christian ministry professionals.

Objective 14: Students demonstrate mastery of foundational competencies for youth and family ministry through a mentored ministry practicum.

Required Courses. The B.S. in Youth & Family Ministries program consists of the following courses:

General Education Core (31 credits)

Master’s Degree Programs

Master of Strategic Ministry (on-ground in Phoenix, Arizona)

Program Coordinator: Joshua Rice, Ph.D.

Overview. Christian leaders minister in a complex and rapidly changing world. Effective leadership in this context requires a biblically-based philosophy of ministry, skillful analysis of cultural dynamics, the capacity to think and plan strategically, and the ability to lead and equip people to extend the Kingdom of God in His world. Point University’s Master of Strategic Ministry program involves a partnership between the academy and the church that equips students for this kind of effective, strategic Christian leadership.

The program includes biblical and theological foundations for ministry, a study trip to Israel, and a 9-month ministry apprenticeship at Christ's Church of the Valley (CCV) in Peoria, Arizona (<http://ccv.church>). Students complete a Strategic Ministry Leadership Core and choose two of nine Ministry Concentrations in children and family ministry, church administration, church planting, intercultural ministry, pastoral ministry, special needs ministry, sports ministry, worship ministry, or youth ministry. Throughout the program, apprentices are mentored by Point University instructors, some of whom serve on the CCV staff.

Each Ministry Concentration includes three "tracks" or areas of emphasis. For example, the Children & Family Ministry Concentration includes tracks in Classroom Management, Equipping Parents, and Safety & Security. Over the course of the apprenticeship, students complete dozens of ministry projects related to the Leadership Core and their chosen Concentrations. Students must complete a minimum of two projects in each track.

CHRIST'S CHURCH OF THE VALLEY CCV Partnership. The Master of Strategic Ministry involves a partnership between Point University and Christ's Church of the Valley (<http://ccv.church>). CCV's Leadership Institute hosts the apprenticeship and provides housing and other support. Prior to the apprenticeship, students complete the online course THEO 510 The Emerging Kingship of God. During the final two months of the apprenticeship, they complete online the STMN 590 Strategic Ministry Capstone.

Acceptance into the CCV Leadership Institute is required, but does not guarantee admission into Point University's Master of Strategic Ministry program. For application materials and further information, see the Institute website (<http://my.ccv.church/leadershipinstitute>) or email: leadership@ccv.church.

Modality. Students complete the one-year, 34-credit Master of Strategic Ministry program in three phases: (1) The program begins during Summer Term with a 3-credit online course focusing on biblical and theological foundations for ministry. (2) It continues during Fall and Spring Terms with a 30-credit graduate ministry apprenticeship at Christ's Church of the Valley (CCV) in Peoria, Arizona. Students complete one Ministry Concentration during Fall Term and a second during Spring Term. (3) It concludes with a 1-credit online capstone course in which students reflect on their experience, refine their personal philosophy of ministry, and prepare for the next stage of strategic ministry.

Program Purpose and Student Learning Objectives

Purpose. The Master of Strategic Ministry program equips Christian graduate students with theological foundations and advanced skills in strategic leadership, missional ministry, and effective management of people and resources to extend the Kingship of God among all nations. The master's program builds on undergraduate foundations to accomplish the following student learning objectives:

Strategic Ministry Leadership Core

Objective 1: Students summarize the biblical metanarrative and Christians' role in it.

Objective 2: Students perceive the redemptive movement of God's Spirit in large and small manifestations of God's Kingship.

- Objective 3:* Students research the historical context and character of Jesus' ministry through the Gospel records, scholarly insights, and a guided study tour of Israel.
- Objective 4:* Students implement concrete steps toward growth in Christlikeness.
- Objective 5:* Students analyze the ministry practices of Christ and of Christians with a proven track record of effective, strategic leadership.
- Objective 6:* Students discern how lessons learned during their 9-month apprenticeship can translate into various ministry contexts.
- Objective 7:* Students synthesize advanced studies in ecclesiology, congregational research, leadership principles, ministry experience, and spiritual formation into a clear personal philosophy of ministry.
- Objective 8:* Students articulate best practices for recruiting, developing, and managing paid ministry staff.
- Objective 9:* Students articulate and apply best practices for mobilizing unpaid volunteers for ministry.
- Objective 10:* Students design, plan, manage, and evaluate ministry projects and events, employing sound principles of project management.

Children & Family Ministry Concentration

- Objective 11:* Students analyze and apply effective classroom management strategies that motivate children and facilitate their growth.
- Objective 12:* Students equip parents to provide spiritual guidance for their children.
- Objective 13:* Students design and implement safety and security strategies for specific ministry contexts.

Church Administration Concentration

- Objective 14:* Students utilize creative technologies in communication and marketing.
- Objective 15:* Students create personal and program budgets that reflect biblical principles of generosity and stewardship.
- Objective 16:* Students design and implement safety and security strategies for specific ministry contexts.

Church Planting Concentration

- Objective 17:* Students create personal and program budgets that reflect biblical principles of generosity and stewardship.
- Objective 18:* Students analyze the context and apply best practices for launching a new church site.
- Objective 19:* Students develop and implement sound principles, policies, and strategies for evangelism and pastoral care.
- Objective 20:* Students develop and implement personal strategies for maintaining life balance and their personal relationship with God.

Intercultural Ministry Concentration

Objective 21: Students evaluate mission contexts and choose strategies that empower a particular church or ministry to make a global impact.

Objective 22: Students assess local needs and implement neighborhood ministry projects aimed at Kingdom impact.

Objective 23: Students design and lead a global outreach effort, such as a short-term mission trip or ministry project.

Pastoral Ministry Concentration

Objective 24: Students synthesize skills in biblical interpretation, cultural interpretation, practical application, homiletical organization, and public speaking to write and deliver effective sermons to large groups.

Objective 25: Students assess local needs and implement neighborhood ministry projects aimed at Kingdom impact.

Objective 26: Students develop and implement sound principles, policies, and strategies for evangelism and pastoral care.

Objective 27: Students develop and implement personal strategies for maintaining life balance and their personal relationship with God.

Special Needs Ministry Concentration

Objective 28: Students demonstrate basic working knowledge of applications, methods, and strategies for teaching exceptional students with mild to moderate disabilities.

Objective 29: Students analyze and apply sound techniques for managing and motivating behaviors among people with special needs.

Objective 30: Students equip parents to provide spiritual guidance for their special needs children.

Objective 31: Students assess needs and design programs and events for special needs people and their families.

Sports Ministry Concentration

Objective 32: Students evaluate sports ministry opportunities and develop those that will best help a church minister to people in its particular community.

Objective 33: Students analyze the best possible ways to operate sports ministry programs both on and off campus, utilizing existing community resources and systems.

Objective 34: Students promote a sports ministry event and evaluate the effectiveness of these promotion efforts.

Objective 35: Students design and implement safety and security strategies for sports ministry contexts.

Worship Ministry Concentration

Objective 36: Students develop the proper heart and perspective needed to be a well-grounded pastor and performer of worship and the arts.

Objective 37: Students integrate lessons learned about worship leadership into the planning and directing of worship services.

Objective 38: Students utilize media/video production skills to create content for a variety of church ministries.

Youth Ministry Concentration

Objective 39: Students design and execute effective educational experiences for adolescent youth and families.

Objective 40: Students equip parents to provide spiritual guidance for their children as youth and young adults.

Objective 41: Students assess pastoral needs and implement strategies for care and growth.

Required Courses. The Master of Strategic Ministry degree program consists of the following courses:

Strategic Ministry Leadership Core Curriculum (25 credits)

†STMN 500	Strategic Ministry Orientation	0
†THEO 510	The Emerging Kingship of God	3

STMN 567C-D	Special Needs Ministry (4.5)

STMN 568C-D Sports Ministry (4.5)
 STMN 569C-D Worship Ministry (4.5)
 STMN 570C-D Youth Ministry (4.5)

TOTAL DEGREE CREDITS:

34

†Delivered online. All other courses are delivered on-ground at the CCV campus or in Israel.

Recommended Course Sequence. As Master of Strategic Ministry students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which terms from start to graduation. These customized plans take into account degree requirements, chosen concentrations, transfer credits, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Master of Transformative Ministry ***(online)***

Program Coordinator: Joshua Rice, Ph.D.

Overview. The interdisciplinary Master of Transformative Ministry program equips students for dynamic leadership roles in churches and parachurch organizations. Under the guidance of experienced ministry professionals, students learn to partner with the Holy Spirit to transform individuals, communities, and organizations as they embrace the emerging Kingship of God. Course and project options allow students to explore personal interests, applying course insights to their own ministry contexts. The program is designed for men and women entering Christian leadership as a second career, experienced pastors who desire to upgrade their knowledge and skills, and young ministers seeking a deeper foundation for effective Kingdom work.

Modality. Point University offers the Master of Transformative Ministry degree in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Master of Transformative Ministry program equips students for dynamic leadership roles in churches and parachurch organizations that embrace the emerging Kingship of God. The master’s program builds on undergraduate foundations to accomplish the following student learning objectives:

Theology of Transformation

- Objective 1:* Students summarize the biblical metanarrative and Christians’ role in it.
- Objective 2:* Students perceive the redemptive movement of God’s Spirit in large and small manifestations of God’s Kingship.
- Objective 3:* Students describe biblical and historical examples of holistic ministry and social action that embody God’s Kingship.
- Objective 4:* Students articulate a personal philosophy of ministry rooted in the Christian Scriptures and the *Missio Dei*.

Objective 5: Students employ sound exegetical and hermeneutical principles in interpreting and applying the Christian Scriptures.

Objective 6: Students promote the Kingship of God through biblically-grounded teaching and preaching.

Personal Transformation

Objective 7: Students engage with classic spiritual disciplines and writings that promote spiritual formation (i.e. being with Christ, becoming like Christ, and engaging in the work of Christ).

Objective 8: Students articulate and apply principles of servant leadership after the model of Christ.

Objective 9: Students articulate and apply strategies for developing spiritually mature Christian leaders.

Objective 10: Students demonstrate a working knowledge of legal and ethical standards for ministry professionals.

Community Transformation

Objective 11: Students demonstrate understanding of human development across the lifespan and the characteristics of “healthy” relationships.

Objective 12: Students apply basic family systems theory to analyze interpersonal dynamics and nurture healthy relationships in common ministry situations.

Objective 13: Students demonstrate “cultural agility” by articulating the key elements of a “culture,” analyzing the culture of a given community, and forming ministry strategies appropriate for the cultural context.

Objective 14: Students analyze and explain contemporary models of holistic ministry employed by “missional” churches and parachurch organizations.

Objective 15: Students demonstrate basic counseling and referral skills needed to help others interface with social services, such as relief agencies and counseling services.

Organizational Transformation

Objective 16: Students reflect on trends that may shape the future of the Church and the world.

Objective 17: Students practice essential leadership functions that prepare organizations for the future, including analyzing organizational culture, vision casting, renewing the organizational life cycle, strategic planning, project management, and change management.

Objective 18: Students employ best practices in management in areas such as organizational development, employee and volunteer recruitment and engagement, and budget development and monitoring.

Objective 19a: Students reflect on models and best practices for church reproduction.

OR

Objective 19b: Students employ key principles for developing and supporting nonprofit organizations in areas such as marketing, fundraising, and public relations.

Lifelong Learning

Objective 20: Students critically engage thought leaders in key areas of ministry.

Objective 21: Students research issues and formulate practical, contextualized approaches to ministry challenges.

Objective 22: Students sharpen their skills and strengthen their character through mentored ministry experiences.

Required Courses. The Master of Transformative Ministry degree program consists of the following courses:

MINI 500 Graduate Ministry Orientation	0
<i>Theology of Transformation</i>	
THEO 510 The Emerging Kingship of God	3
THEO 525 The Church as God's Agent of Transformation	3
PREA 510 Preaching & Teaching for Change	3
<i>Personal Transformation</i>	
<i>Select one Theology course:</i>	3

Russ Carfagno, Ph.D. in Organizational Leadership—Adjunct Instructor in Business and Leadership

Claudette Chin-Loy, D.B.A. with Human Resource Management Specialization—Adjunct Instructor in Human Resource Management

Debrua Coleman, M.S. in Healthcare Administration, Ph.D. in Epidemiology—Adjunct Instructor in Healthcare Administration and Epidemiology

- Jimmie Flores, M.Ed. in Curriculum, Instruction, and Assessment, Ph.D. in Human and Organizational Development, Doctor of Management in Information Systems and Technology—Adjunct Instructor in Business
- Peter M. Garibaldi, M.S. in Systems Management, Master of Strategic Studies, D.Mgt. candidate in Organizational Leadership—Adjunct Instructor in Business
- Ella N. Gibson, M.Acc. in Accountancy, CPA—Adjunct Instructor in Business and Accounting
- Donna Gwaltney, M.S. in Human Resource Development and Administration, Ph.D. in Organizational Leadership, SPHR, SHRM-SCP—Adjunct Instructor in Organizational Leadership and Human Resource Management
- Katherine E. Hyatt, D.B.A. in Management—Adjunct Instructor in Business and Management
- Kathleen Irwin, Ph.D. in Organization and Management, post-doctoral studies in Accounting and Finance—Adjunct Instructor in Accounting and Finance
- Meredith P. Jackson, D.B.A. in Accounting—Adjunct Instructor in Accounting
- Angeliki Javarinis, M.B.A. in Business Administration with Accounting Forensics and Fraud Concentration, M.B.A. in Business Administration with Healthcare Management Concentration, CM—Adjunct Instructor in Business
- Queena N. Jenkins, M.B.A. in Business Administration, M.Acc. in Accounting, CPA—Adjunct Instructor in Accounting
- Kara Johnson, M.B.A. in Business Administration, certificate in advertising—Adjunct Instructor in Business
- Carolyn Ann Koepke, M.B.A. in Management—Adjunct Instructor in Business
- Lam D. Nguyen, D.Mgt. in Management—Adjunct Instructor in Business and Management
- Thomas S. Parrott, D.Min. in Counseling, M.Acc. in Management and Forensic Accounting, LPC, CPA, CMA, CPIM—Adjunct Instructor in Counseling, Accounting, and Finance
- Veronica Paz, D.B.A. in Business Administration with a Concentration in Accounting—Adjunct Instructor in Accounting
- Christopher Peak, D.B.A. in Business Administration with Concentration in Accounting—Adjunct Instructor in Accounting
- David A. Peiffer, Juris Doctor—Adjunct Instructor in Business Law and Ethics
- Philipp Alexander Rauschnabel, Ph.D. in Business Administration with Concentration in Marketing—Adjunct Instructor in Marketing
- Lawrence A. Reeves, III, D.B.A. in Global Supply Chain candidate—Adjunct Instructor in Business Administration and Supply Chain Management
- Kristie Roberts-Lewis, Ph.D. in Public Policy and Administration, CM—Professor of Public Administration
- Ashia R. Sims, M.B.A. in Business Administration—Adjunct Instructor in Social Media Marketing
- Larry Singh, D.B.A. in International Business—Adjunct Instructor in Business
- Greg Steely, Doctor of Strategic Leadership—Adjunct Instructor in Organizational Leadership
- Speakman, Michael, J.D., Washington and Lee University—Adjunct Instructor in Business Law

Yolanda Strayhorn, M.S. in Library and Information Studies—Adjunct Instructor in Management Information Systems

Roy Gwen Taunton, Ph.D. in Information Services—Adjunct Instructor in Business Information Services

Sheila Toppin, D.P.A. in Public Administration—Adjunct Instructor in Public Administration

Debra Touhey, M.S. in Accountancy, D.B.A. with Concentration in Finance, CFE—Adjunct Instructor in Accounting and Finance

Christy Turner, M.B.A. in Business—Adjunct Instructor in Business

Daisy Valentin, M.B.A. in Business Administration with Specialization in Accounting, D.B.A. in Business Administration with Concentration in Accounting candidate—Adjunct Instructor in Accounting and Finance

Kyan M. Ware, Juris Doctor—Adjunct Instructor in Business Law and Ethics

Natasha Webster, M.S. in Healthcare Administration, Ph.D. candidate in Organizational Leadership with a Concentration in Education—Adjunct Instructor in Healthcare Administration

Helen L. White, M.B.A. in Business Administration with Concentration in Human Resources, M.Acc. in Accountancy, Ph.D. in Business Administration with Concentration in Management—Adjunct Instructor in Accounting

Christopher R. Zapalski, Doctor of Law, D.B.A. in Business Administration candidate, M.B.A. in Business Administration, Master of Accounting, M.P.A. in Public Administration, Master of Information Systems Management, Master of Human Resource Management, M.S. in Criminal Justice—Adjunct Instructor in Business and Business Law

Interdisciplinary Faculty

Matthew Benson, M.B.A. in Business, M.Div. in Ministry; D.Min. candidate in Ministry—Instructor in Bible, Ministry, and Business

Simone Cox, M.B.A. in Financial Management, M.A. in Marriage and Family Therapy, LMFT, LPC—Assistant Professor of Counseling and Human Services

Dirk A. Haupt, M.B.A. in Business Administration—Adjunct Instructor in Administration

Sarah G. Huxford, Master of Mass Communication—Associate Professor of Communications

Aisha Delores Williams, M.Mgt. in Management, M.S.W. in Social Work with Specialization in Management, Ph.D. in Social Work Policy, Planning, and Administration—Sociology & Social Work Department Chair; Associate Professor of Social Work, Human Relations, and Management; Social Work Program Director

Timothy R. Woodruff, M.A. in Religion, M.S. in Human Resource Development, Ed.D. in Leadership—Adjunct Instructor in Christian Ministries

Point University Administrative Faculty

Stacy A. Bartlett (Chief Advancement and Enrollment Officer), M.B.A. in Business Administration, Ph.D. in Educational Leadership—Instructor in Business and Leadership

Randy Douglas (Head Soccer Coach), Master of Sports Science—Instructor in Sports Management

Bernard Hill (Chief Student Development and Retention Officer), Ph.D. in Higher Education Administration—Instructor in Sport Law
Tiffany Schoenhoff Wood (Vice President for Strategic Initiatives), M.S. in International Affairs—Instructor in Business and Leadership

NOTE: (1) This list of personnel is intended to show Point University's strength in the area of Business and Leadership. For a more complete list of faculty credentials, see the section of this catalog on "Point University Personnel." (2) Interdisciplinary faculty members are assigned to another college, but teach courses in the College of Business & Leadership. (3) Administrative faculty members are full-time administrators who hold academic credentials in a field related to Business and Leadership. They influence academic programs, but may or may not teach on a regular basis.

Associate's Degree Program***Associate of Arts in Accounting
(online)***

Program Coordinator: Jeffrey A. Haverly, D.Mgt., CPA

Overview. The Associate of Arts in Accounting equips students with a broad grounding in the Liberal Arts, along with foundational elements of business and accounting. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Bachelor of Science degree in Accounting with a Concentration in Forensics & Fraud.

Modality. Point University offers the A.A. in Accounting in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The A.A. in Accounting equips students with a broad grounding in the Liberal Arts, along with foundational elements of business and accounting.

The A.A. in Accounting builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.
- Objective 2:* Graduates prepare and interpret basic financial statements.
- Objective 3:* Graduates apply sound accounting principles.
- Objective 4:* Graduates apply sound principles in preparing individual income tax returns.
- Objective 5:* Graduates demonstrate proficiency with hardware and software utilized in current business practice.
- Objective 6:* Graduates understand principles of mathematics and can apply them to aid in making business decisions.

Required Courses. The A.A. in Accounting consists of the following courses:

General Education Component (31 credits)***Essential Skills***

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

Select one HFA core course: 3

HUMA 101 Introduction to Humanities (3)

ENGL 250 Modern Short Stories (3)

MUSI 102 Music Appreciation (3)

Natural Sciences

NSCI ____ Natural Science Course with Lab 4

Typically NSCI 105 Introduction to Biology with Lab (4)

Mathematics

MATH 120 College Algebra (or higher) 3

Social & Behavioral Sciences

HIST 250 United States History 3

Select one SABS core course: 3

PSYC 103 Introduction to Psychology (3)

SOCI 103 Introduction to Sociology (3)

Biblical Studies Component (9 credits)

BIBL 103 The Drama of Scripture 3

BIBL 202 Jesus: The Focus of Scripture 3

THEO 310 Spiritual Formation: Kingdom Living 3

Professional Component (15 credits)

BUSI 211 Financial Accounting 3

BUSI 212 Managerial Accounting 3

BUSI 214 Managing Information Systems 3

BUSI 332 Accounting Information Systems 3

BUSI 364 Income Tax Accounting 3

General Elective Component (5 credits)

General electives 5

TOTAL DEGREE CREDITS: 60

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor's Degree Programs

Bachelor of Science in Accounting with a Concentration in Forensics & Fraud (online)

Program Coordinator: Jeffrey A. Haverly, D.Mgt., CPA

Overview. The B.S. in Accounting with a Concentration in Forensics & Fraud provides a foundation by which forensic accounting principles may be applied in diverse financial transactions, such as mergers and acquisitions, bankruptcies, and contract disputes. It prepares students to enrich the accounting profession through examining, scrutinizing, inspecting, and investigating fraud. Applied learning is crucial, and course projects frequently involve identifying how forensic accounting findings are currently used in court cases to detect business scandals and prosecute white-collar criminals. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A. or Master of Accountancy.

Modality. Point University offers the B.S. in Accounting/Forensics & Fraud in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Accounting Major with a Concentration in Forensics & Fraud prepares students to glorify God through Christ-centered ethical leadership and vocational excellence in the accounting profession, with an emphasis on forensics and fraud aimed at improving and optimizing organizational performance across business functions.

The Accounting Major with a Concentration in Forensics & Fraud builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Theoretical foundations, principles, and practical skills for accounting

- Objective 1:* Graduates demonstrate broad understanding of the accounting field and career opportunities it holds, including the role played by each accounting specialty.
- Objective 2:* Graduates articulate, interpret, and apply sound financial management and accounting concepts and principles, including the Generally Accepted Accounting Principles (GAAP).
- Objective 3:* Graduates effectively perform essential accounting functions, such as processing transactions, reconciling accounts, computing assets and liabilities, analyzing cash flow, producing and interpreting financial statements, assessing organizational performance, and creating reports that inform managerial decision making.
- Objective 4:* Graduates develop and implement processes, procedures, and models useful for forecasting, planning and control, cost analysis, performance evaluation, and other managerial functions.

Objective 5: Graduates demonstrate the capacity to develop, communicate, and execute an integrated financial plan for an organization based on sound accounting principles.

Objective 6: Graduates apply sound auditing standards and financial controls.

Objective 7: Graduates distinguish between government, for-profit, and nonprofit accounting, including procedures associated with internal and external reviews and reporting.

Objective 8: Graduates apply sound principles for preparing individual income tax returns.

Objective 9: Graduates apply quantitative, technological, analytical, and critical thinking skills to problem solving and decision making in the accounting field.

Forensic accounting

Objective 10: Graduates articulate theoretical foundations for forensic accounting, including crime causation theories.

Objective 11: Graduates apply strategies and tools to detect and deter fraud, such as the fraud triangle, internal controls, and various investigative techniques.

Communication and collaboration

Objective 12: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Objective 13: Graduates engage constructively and collaboratively with others.

Technological skills

Objective 14: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 15: Graduates demonstrate proficiency with hardware and software utilized in current accounting practice, including the Financial Accounting Standards Board (FASB) Codification Database.

Objective 16: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Objective 17: Graduates apply theoretical concepts of information systems.

Ethical, legal, regulatory, and professional considerations

Objective 18: Graduates comply with legal and regulatory requirements governing the accounting field.

Objective 19: Graduates integrate God-honoring ethical and professional standards, informed by Christian perspectives, into their accounting practice.

Objective 20: Graduates effectively utilize professional literature, tools, and resources, including those available through the Financial Accounting Standards Board (FASB) and the Association of Certified Fraud Examiners (ACFE).

Required Courses. The B.S. in Accounting with a Concentration in Forensics & Fraud consists of the following courses:

General Education Core (31 credits)*Essential Skills*

The faculty highly recommends that students preparing to pursue a master's degree (e.g. the M.B.A. in Accounting or Master of Accountancy) complete the following courses as part of their General Electives: BUSI 202 Business Statistics, BUSI 230 Principles of Management, BUSI 320 Principles of Microeconomics, BUSI 321 Principles of Macroeconomics, BUSI 347 Principles of Marketing, and BUSI Business Statistics & Management.

TOTAL DEGREE CREDITS:**120**

**Writing Emphasis course*

Professional Memberships. Accounting majors are assessed a \$25 annual fee for student membership in the Institute of Management Accountants (IMA), a leading professional organization in the field (www.imanet.org). IMA offers the Certified Management Accountant (CMA) certification, the global benchmark for management accountants and financial professionals.

The faculty also urges Accounting majors to join the American Institute of Certified Public Accountants (AICPA), the professional organization that sets ethical standards, auditing standards, and develops the CPA exam (www.aicpa.org). Membership is free for full- and part-time students enrolled in a domestic or Non-U.S. college or university.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

***Bachelor of Business Administration
in Accounting
(on-ground)***

Program Coordinator: Jeffrey A. Haverly, D.Mgt., CPA

Overview. The B.B.A. degree program in Accounting prepares students to glorify God through Christ-centered leadership and vocational excellence in accounting professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of accounting practices and concepts. Students prepare for a variety of roles in high-demand fields that spans every area of commerce. The B.B.A. in Accounting also provides a solid foundation for considering the certified public accountants exam (CPA).

Modality. Point University offers the B.B.A. in Accounting in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.B.A. degree program in Accounting is to prepare students to glorify God through Christ-centered leadership and vocational excellence in accounting professions.

The Accounting Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.
- Objective 2:* Demonstrate competence in the business core including management, marketing, business law, and ethics.
- Objective 3:* Prepare and analyze financial statements and managerial reports using various accounting standards, theories and techniques.
- Objective 4:* Evaluate and perform all steps in the financial accounting cycle for profit-oriented businesses using the guidelines as prescribed by Generally Accepted Accounting Principles (GAAP).
- Objective 5:* Use technology to solve accounting problems and improve decision making skills.
- Objective 6:* Identify the ethical and social responsibilities of accounting professionals and apply professional judgment to present financial statements fairly.

(on-ground)***

Program Coordinator: Jeffrey A. Haverly, D.Mgt., CPA

Overview. The B.B.A. degree program in Financial Management prepares students to glorify God through Christ-centered leadership and vocational excellence in financial management professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of financial management practices and concepts. Students prepare for a variety of roles in high-demand fields that spans every area of commerce.

Modality. Point University offers the B.B.A. in Financial Management in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.B.A. degree program in Accounting is to prepare students to glorify God through Christ-centered leadership and vocational excellence in financial management professions.

The Financial Management Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.
- Objective 2:* Demonstrate competence in the business core including management, marketing, business law, and ethics.
- Objective 3:* Prepare and analyze financial statements and managerial reports using various accounting standards, theories and techniques.
- Objective 4:* Evaluate and perform all steps in the financial accounting cycle for profit-oriented businesses using the guidelines as prescribed by Generally Accepted Accounting Principles (GAAP).
- Objective 5:* Use technology to solve accounting problems and improve decision making skills.
- Objective 6:* Identify the ethical and social responsibilities of accounting professionals and apply professional judgment to present financial statements fairly.
- Objective 7:* Demonstrate an understanding of corporate financial management including an emphasis on financial markets, financial institutions, and investing.

Required Courses. The B.B.A. in Financial Management program consists of the following courses:

General Education Core (32 credits)*Essential Skills*

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select 6 credits from the following HFA core course from at least two different areas/prefixes:</i>	6

Minor

Minor Offered by the Accounting & Finance Department (on-ground)

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with an Accounting Major will not also receive an Accounting Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minor. The Accounting & Finance Department offers the following minor:

Accounting Minor (18 credits)

Purpose. The Accounting Minor provides a basic foundation in accounting theories, standards, and techniques as applied in a variety of accounting functions.

Student Learning Objectives. The Accounting Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Prepare and analyze financial statements and managerial reports using various accounting standards, theories and techniques.

Objective 2: Evaluate and perform all steps in the financial accounting cycle for profit-oriented businesses using the guidelines as prescribed by Generally Accepted Accounting Principles (GAAP).

Required Courses:

- BUS 211 Financial Accounting (3)
- BUS 212 Managerial Accounting (3)
- BUS 311 Intermediate Accounting (3)
- BUS 364 Income Tax Accounting (3)
- BUS 405 Cost Accounting (3)
- BUS ____ Accounting elective (3)

Point University

Associate's Degree Programs

Associate of Arts in Business (on-ground)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.B.A. degree program in Accounting prepares students to glorify God through Christ-centered leadership and vocational excellence in accounting professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of accounting practices and concepts. Students prepare for a variety of roles in high-demand fields that spans every area of commerce. The B.B.A. in Accounting also provides a solid foundation for considering the certified public accountants exam (CPA).

The Associate of Arts degree program in Business provides a first level of preparation for students to function with effectiveness in a business environment. Graduates with A.A. degrees in Business are engaged in entry-level management positions, office positions, and baccalaureate level study.

Modality. Point University offers the A.A. in Business in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the A.A. in Business degree program is to provide a first level of preparation for students to function with effectiveness in a business environment.

The A.A. in Business builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Utilize written and oral communication in a business environment.

Objective 2: Utilize information systems using current software for word processing, data management, and business presentations.

Objective 3: Demonstrate knowledge of accounting, management, and marketing principles.

Objective 4: Demonstrate effective interpersonal skills in relationships in one-on-one and group situations.

Required Courses. The A.A. in Business program consists of the following courses:

General Education Core (32 credits)

Associate of Arts in Business Administration (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The Associate of Arts in Business Administration equips students with a broad grounding in the Liberal Arts, along with foundational elements of business management and accounting. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Bachelor of Science degree in Business Administration, Management, Organizational Leadership, Marketing, or Social Media Marketing.

Modality. Point University offers the A.A. in Business Administration in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Business Administration equips students with a broad grounding in the Liberal Arts, along with foundational elements of business management and accounting.

The A.A. in Business Administration builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.
- Objective 2:* Graduates apply sound accounting principles.
- Objective 3:* Graduates employ effective communication and organizational skills to promote high levels of organizational performance.
- Objective 4:* Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.
- Objective 5:* Graduates demonstrate proficiency with hardware and software utilized in current business practice.
- Objective 6:* Graduates understand principles of mathematics and can apply them to aid in making business decisions.

Required Courses. The A.A. in Business Administration program consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Associate of Arts in Business Administration with a Concentration in Hospitality Leadership (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The Associate of Arts in Business Administration with a Concentration in Hospitality Leadership equips students with a broad grounding in the Liberal Arts, foundations for faith integration and spiritual formation, and first-level preparation for hospitality leadership and management. As part of the program, students have the opportunity to earn the Lean Six Sigma Green Belt (LSSGB), a globally-recognized industry credential highly sought by employers. Graduates may continue their studies to earn the Bachelor of Science degree in areas such as Business Administration or Hospitality Management.

Eligible Students and Hospitality Practicum Elements. The primarily online A.A. program includes on-ground practicum experiences completed in a hospitality business setting under a Point instructor and university-approved field supervisor—usually the owner or manager of the business. Practica often integrate corporate training programs

of the host organization. For this reason, applicants for the A.A. degree program must be employed by and recommended by hospitality managers approved by Point University.

Point faculty designed the program in conversation with representatives of Chick-fil-A. However, other hospitality business may also meet the criteria for participation. For more information contact Dr. Todd Weaver, dean of the College of Business & Leadership (Todd.Weaver@Point.edu).

Modality. Point University offers the A.A. in Business Administration with a Concentration in Hospitality Leadership in fully-online format, excluding the on-ground hospitality practica (described above). *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The A.A. program in Business Administration with a Concentration in Hospitality Leadership equips students with a broad grounding in the Liberal Arts, along with foundations for faith integration and spiritual formation, and first-level preparation for hospitality leadership and management.

The A.A. in Business Administration with a Concentration in Hospitality Leadership builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates employ effective communication and organizational skills to promote high levels of organizational performance.
- Objective 2:* Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.
- Objective 3:* Graduates articulate and apply Christ-centered principles of customer care and service.
- Objective 4:* Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.
- Objective 5:* Graduates describe the key drivers, accountability, roles, and interests in the retail business environment.
- Objective 6:* Graduates develop, implement, and follow effective marketing strategies for both products and services.
- Objective 7:* Graduates apply Lean principles and relevant tools for eliminating waste and improving organizational efficiency.
- Objective 8:* Graduates apply Six Sigma principles and relevant tools for eliminating process deficiencies and solving real-world problems.
- Objective 9:* Graduates articulate and apply Christ-centered principles of servant leadership and stewardship.

Required Courses. The A.A. in Business Administration program with a Concentration in Hospitality Leadership consists of the following courses:

Bachelor’s Degree Programs

Bachelor of Science in Business Administration (on-ground)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.S. in Business Administration program prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions. It is designed to provide a broad preparation for the Christian to lead and serve effectively in business and society. The degree requires professional studies courses focusing on the business environment, information systems, accounting, economics, management, finance and marketing.

Modality. Point University offers the B.S. in Business Administration in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Business Administration program is to prepare students to glorify God through Christ-centered leadership and vocational excellence in business professions.

The Business Administration Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.
- Objective 2:* Manage human, financial, and physical resources to achieve stated objectives.
- Objective 3:* Demonstrate knowledge of accounting, finance, and marketing principles and their applications.
- Objective 4:* Utilize computer technology and analytical skills to apply mathematical, economic, and statistical concepts for problem solving and decision making in business enterprises.
- Objective 5:* Identify and apply ethical considerations, laws and regulations governing business operations.
- Objective 6:* Serve in positions of responsibility in private, public, government, and non-profit organizations, exemplifying Christian character and influence.

Required Courses. The B.S. in Business Administration program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Bachelor of Science in Business Administration (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.S. in Business Administration provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the Master of Management, M.B.A., M.S. in Human Resource Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Business Administration in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions.

The Business Administration Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Objective 9: Graduates demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Accounting, finance, and marketing principles and applications

Objective 10: Graduates apply sound accounting and financial principles.

Objective 11: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 12: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 13: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 14: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 15: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical, economic, and statistical concepts

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 18: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

TOTAL DEGREE CREDITS:***120*****Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Science in Entrepreneurship (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The Bachelor of Science program in Entrepreneurship provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics. The program places special emphasis on small business creation and management for entrepreneurs. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and this major offers students training in identifying business opportunities in a leadership role by applying their own ideas to become effective business decision-makers. Graduates are prepared to start a small business, become business consultants, or enter into managerial-level employment. They are also prepared to pursue graduate degrees in business, such as the Master of Business Administration (M.B.A.).

Modality. Point University offers the B.S. in Entrepreneurship in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The B.S. in Entrepreneurship program prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions.

This Entrepreneurship Major builds on the mission and goals of Point University and the General Education Core in order to attain Point's general education competencies and accomplish the following program goals and student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 7: Graduates understand the interplay and integration of business functions, including management.

Objective 8: Graduates employ critical thinking, analysis, and decision-making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 9: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 10: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Accounting, finance, and marketing principles and applications

Objective 11: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 12: Graduates explain essential theories, principles, and concepts of consumer behavior developed in psychology, economics, sociology, and anthropology.

Objective 13: Graduates understand how social media marketing integrates with and supports the overall marketing strategy of an organization.

Ethical, legal, and regulatory considerations

Objective 14: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 15: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and business data

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Entrepreneurial and small business principles and practices

Objective 18: Graduates explore the processes of starting a new business as an entrepreneur.

Objective 19: Graduates demonstrate the ability to analyze new and ongoing entrepreneurial ventures.

Objective 20: Graduates formulate plans and address evolving opportunities as a small business owner.

Objective 21: Graduates employ strategies to evaluate innovative opportunities as an entrepreneur and small business owner.

***Bachelor of Science in Business Administration
with a Concentration in Hospitality Leadership
(online)***

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.S. program in Business Administration with a Concentration in Hospitality Leadership provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics, with an emphasis on the hospitality industry. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. As part of the program, students have the opportunity to earn the Lean Six Sigma Green Belt (LSSGB), a globally-recognized industry credential highly sought by employers. Graduates are prepared to assume a variety of positions in hospitality, corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the Master of Business Administration (M.B.A.).

Eligible Students and Hospitality Practicum Elements. The primarily online B.S. program includes on-ground practicum experiences completed in a hospitality business setting under a Point instructor and university-approved field supervisor—usually the owner or manager of the business. Practica often integrate corporate training programs of the host organization. For this reason, applicants for the B.S. degree program must be employed by and recommended by hospitality managers approved by Point University.

Point faculty designed the program in conversation with representatives of Chick-fil-A. However, other hospitality business may also meet the criteria for participation. For more information contact Dr. Todd Weaver, dean of the College of Business & Leadership (Todd.Weaver@Point.edu).

Modality. Point University offers the B.S. in Business Administration with a Concentration in Hospitality Leadership in fully-online format, excluding the on-ground hospitality practica (described above). *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major with a Concentration in Hospitality Leadership prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions with special focus on the hospitality industry.

The Business Administration Major with a Concentration in Hospitality Leadership builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Business communication

- Objective 1:* Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.
- Objective 2:* Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.
- Objective 3:* Graduates engage constructively and collaboratively with others.
- Objective 4:* Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

- Objective 5:* Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.
- Objective 6:* Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.
- Objective 7:* Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.
- Objective 8:* Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.
- Objective 9:* Graduates demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Accounting, management, and marketing

- Objective 10:* Graduates apply sound accounting and financial principles.
- Objective 11:* Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.
- Objective 12:* Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

- Objective 13:* Graduates integrate biblical ethical principles into the conduct of their business activities.
- Objective 14:* Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.
- Objective 15:* Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical, economic, and statistical concepts

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 18: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Hospitality Leadership

Objective 19: Graduates describe the key drivers, accountability, roles, and interests in the retail business environment.

Objective 20: Graduates develop, implement, and follow effective marketing strategies for both products and services.

Objective 21: Graduates apply Lean principles and relevant tools for eliminating waste and improving organizational efficiency.

Objective 22: Graduates apply Six Sigma principles and relevant tools for eliminating process deficiencies and solving real-world problems.

Objective 23: Graduates articulate and apply Christ-centered principles of servant leadership and stewardship.

***Bachelor of Business Administration
with a Concentration in Logistics Management
(online)***

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The Bachelor of Business Administration program with a Concentration in Logistics Management provides a broad foundation in the major facets of business, including planning, operations, management, marketing, communication, human resources, finance, accounting, law, and ethics. Students also gain special expertise in logistics management, including the planning, control, implementation, storage, and flow of goods moving into and out of a business. Applied learning is crucial, and class projects frequently involve solving real-world problems related to information, transportation, warehousing, inventory, materials handling, packaging, disposal, and security. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations—including specialized service as logistics and supply chain planners, managers, analysts, and consultants. They are also prepared to pursue graduate degrees in business, such as the Master of Management, M.B.A., M.S. in Operations Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Business Administration with a Concentration in Logistics Management in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major with a Concentration in Logistics Management prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions, with special emphasis on business logistics and supply chain management.

Business Administration Major with a Concentration in Logistics Management builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Elective Courses	<u>14</u>
------------------	-----------

TOTAL DEGREE CREDITS:**120****Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Science in Healthcare Administration (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.S. in Healthcare Administration program provides a foundation in major facets of business administration with a special focus on the healthcare industry. Emphases include healthcare systems, communication, financial management, human resource management, risk management, patient advocacy, quality improvement, accountability, legal and regulatory issues, and professional ethics. The program prepares students to enrich the healthcare profession by applying best principles and practices in the industry. Students gain tremendous value from an interdisciplinary and integrated learning approach that explores the realities of the healthcare system. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the Master of Management, M.B.A., Master of Healthcare Administration, Master of Healthcare Management, or Master of Public Health.

Modality. Point University offers the B.S. in Healthcare Administration in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The B.S. in Healthcare Administration program prepares students to glorify God through Christ-centered leadership and professional excellence in the healthcare industry.

The Healthcare Administration Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Working knowledge of the healthcare industry necessary

- Objective 1:* Graduates reflect on the historical development of the health-care industry and forces that have shaped it, including the significant role of the Church in offering healthcare to glorify God and serve the human community in the name of Christ.
- Objective 2:* Graduates demonstrate a foundational working knowledge of contemporary healthcare sectors, systems, service delivery structures, and issues.
- Objective 3:* Graduates effectively utilize professional literature, tools, and resources, including those available through the American College of Health Care Administration (ACHCA) and other professional associations.
- Objective 4:* Graduates explore career opportunities within the healthcare industry and prepare to develop and follow their personal career path.

Business communication and relational skills

- Objective 5:* Graduates communicate effectively in written and oral modes, such as reports, emails, social media, interviews, elevator speeches, and presentations.
- Objective 6:* Graduates engage constructively and collaboratively with others.
- Objective 7:* Graduates apply interrelational soft skills to demonstrate networking, interviewing, and critical thinking abilities.

Technological skills

- Objective 8:* Graduates demonstrate proficiency with hardware and software utilized in current healthcare business practice.
- Objective 9:* Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Leadership, administration, and management of healthcare operations

- Objective 10:* Graduates articulate and apply principles of servant leadership after the model of Christ.
- Objective 11:* Graduates critique various theories and styles of administration and management.
- Objective 12:* Graduates apply sound principles of organizational analysis, planning, decision making, entrepreneurship, and change navigation in the healthcare field.
- Objective 13:* Graduates apply sound principles of performance assessment and quality improvement in the healthcare field.

Objective 14: Graduates apply sound principles of organizational behavior and human resource management to create, develop, and support productive work teams and a healthy organizational culture.

Objective 15: Graduates recognize, appreciate, and cultivate a collaborative spirit and God-honoring diversity in the workplace.

Objective 16: Graduates apply sound budgeting, accounting, and financial management principles for the healthcare industry.

Objective 17: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for a healthcare organization.

Objective 18: Graduate apply knowledge and advocacy skills essential for supporting patients, families, and caregivers utilizing healthcare systems.

Objective 19: Graduates apply sound principles and techniques for negotiating and facilitating favorable agreements while minimizing conflict.

Objective 20: Graduates understand the interplay and integration of business functions, including administration and management.

Objective 21: Graduates apply analytical, and critical thinking skills to problem solving and decision making in healthcare administration.

Ethical, legal, and regulatory considerations in the healthcare industry

Objective 22: Graduates develop, implement, and follow policies and procedures that inform and guide operations, maintain legal and regulatory compliance, and minimize organizational risk while promoting ethical practices.

Objective 23: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Required Courses. The B.S. in Healthcare Administration program consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3

TOTAL DEGREE CREDITS:**120****Writing Emphasis course*

NOTE: The Associate of Arts degree in Business Administration or the A.A. in Organizational Leadership can serve as a fine springboard into the B.S. program in Healthcare Administration. The A.A. includes the entire General Education Core, three of the five courses required for the Biblical Studies Minor, and two of the professional courses required for the Healthcare Administration Major.

ACHCA Membership. Students who enroll in the Healthcare Administration Major are assessed a \$25 annual fee to secure membership in the American College of Health Care Administration (ACHCA, <http://www.achca.org>), the leading professional organization for this field since 1962.

Practicum and Internship Opportunities. The Healthcare Administration Major does not at this time require students to complete a practicum or internship. However, Point faculty will help explore for-credit, mentored healthcare practica or internships for students who desire this experience. Students should discuss such opportunities with the program coordinator, Dr. Tom Javarinis (Thomas.Javarinis@Point.edu).

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Business Administration in Management (on-ground)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The B.B.A. program in Management prepares students to glorify God through Christ-centered leadership and vocational excellence in management professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of management practices and concepts. The B.B.A. in Management provides students with the planning, problem-solving, critical thinking, and interpersonal skills necessary for successful Christian managers and leaders in the business world.

Modality. Point University offers the B.B.A. in Management in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.B.A. in Management program is to prepare students to glorify God through Christ-centered leadership and vocational excellence in management professions.

The Management Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.
- Objective 2:* Demonstrate competence in the business core including management, marketing, business law, and ethics.
- Objective 3:* Formulate managerial and strategic business decisions for a rapidly globalizing business environment.
- Objective 4:* Demonstrate development of personal and team-level decision making.

Objective 5: Develop proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, data base, and other appropriate applications.

Objective 6: Demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional.

Required Courses. The B.B.A. in Management program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

Select 6 credits from the following HFA core course from at least two different areas/prefixes: 6

- ENG ____ English Course (3)
- HUM ____ Humanities Course (3)
- MUS 102 Music Appreciation (3)

Bachelor of Science in Management (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The Bachelor of Science program in Management provides a broad foundation in the major facets of business, including organizational leadership, business administration, planning, communication, marketing, finance, law, ethics, supply chain management, operations management, and business policy. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A., Master of Management, M.S. in Human Resource Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Management in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The B.S. in Management program prepares students to glorify God through Christ-centered leadership and vocational excellence in business management.

The Management Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Business communication and relational skills

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Accounting, finance, and marketing principles and applications

Objective 9: Graduates apply sound accounting and financial principles.

Objective 10: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 11: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 12: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 13: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 14: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical and economic concepts

Objective 15: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 16: Graduates understand principles of probability and can apply them to make business decisions.

Objective 17: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Operations management, supply chain management, and business policy

Objective 18: Graduates apply sound operational management principles.

Objective 19: Graduates demonstrate the capacity to formulate a supply chain network system.

Objective 20: Graduates understand the nature, functions and realities of business policies.

Master's Degree Programs

Master of Business Administration (M.B.A.) (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The M.B.A. degree prepares business professionals to manage and lead profit and non-profit organizations in ways consistent with Judeo-Christian ethics and principles of wise stewardship of the resources entrusted to them. Graduates are prepared to assume leadership roles across functional areas in a wide range of for-profit and non-profit organizations. Examples include service as a business consultant, management analyst, operations research analyst, market research analyst, actuary, logistician, administrative service manager, industrial production manager, director of operational excellence, business continuity planner, senior project manager, operating system specialist, warehouse operations manager, manufacturing engineer, and entrepreneur.

Modality. Point University offers the M.B.A. in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. Students typically complete the program by taking one course per session over a two-year period.

Program Purpose and Student Learning Objectives

Purpose. The M.B.A. prepares students to glorify God in business vocations by enabling them to lead and manage organizational performance across business functions effectively and ethically.

The master's program builds on undergraduate foundations to accomplish the following student learning objectives:

- Objective 1:* Graduates effectively design and execute quantitative and qualitative research to answer business questions.
- Objective 2:* Graduates use appropriate statistical tests to analyze business data.
- Objective 3:* Graduates interpret research results to make sound business decisions.
- Objective 4:* Graduates apply appropriate techniques to create productive work culture and to facilitate employee engagement.
- Objective 5:* Graduates use effective persuasion and negotiation techniques to achieve business objectives.
- Objective 6:* Graduates demonstrate knowledge of current marketing strategy and practice, including mobile and social media marketing.
- Objective 7:* Graduates use marketing research to uncover unmet consumer needs and to evaluate marketing programs intended to satisfy them.
- Objective 8:* Graduates execute new product/service development processes to satisfy unmet consumer needs.
- Objective 9:* Graduates apply sound analytical techniques to understand and interpret financial data.

Objective 10: Graduates use data analytics to make financial decisions that increase economic value and improve financial results.

Objective 11: Graduates integrate Judeo-Christian ethical principles into their organizational leadership.

Objective 12: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Required Courses. The M.B.A. degree program consists of the following courses:

Foundational Courses (3 credits)

BUSI 500 Graduate Business Orientation	0
*BUSI 501 Foundations for Business Administration	1

**Students must pass the Foundations course with a grade of 80% on each learning module before proceeding to other courses in the program. For students with a business background, the graduate admission committee may grant a waiver from part or all of the Foundations course modules (see details below).*

M.B.A. Courses (30 credits)

BUSI 510 Ethics & Professional Issues in Business	3
BUSI 515 Business Intelligence	3
BUSI 530 Persuasion & Negotiation	3
BUSI 535 Financial Statement Analysis & Valuation	3
BUSI 540 Strategic Management & Leadership	3
BUSI 545 Strategic Marketing	3
BUSI 550 Business Innovation & Creativity	3
BUSI 555 Cost Management & Decision Making	3
BUSI 560 Applied Leadership: Change Management & Organizational Culture	3
HURM 510 Strategic Human Resource Management	3

TOTAL DEGREE CREDITS: 31

Waiver from BUSI 501 Foundations for Business Administration. BUSI 501 includes three online learning modules designed to equip students for success in the M.B.A. program. The modules are (1) Foundations of Financial Accounting, (2) Foundations of Managerial Accounting, and (3) Foundations of Marketing. The online Foundations course is largely self-paced. A Point instructor provides assistance as needed. Students complete a pre-test for each module to assess their strengths and weaknesses. The online system then produces a customized learning module appropriate for their individual needs. Students use the module to master key concepts and skills. They then demonstrate mastery through post-tests. *Students must pass every module in the Foundations course with a score of 80% in order to proceed to later courses in the master's program.* Through use of the learning modules, many students have developed the necessary competencies even with no prior background in the business field.

For students who already possess these foundational competencies, the graduate admission committee may grant a waiver from part or all of the Foundations modules. *To secure a waiver, students must complete the Application for Waiver included in the admission*

documents and attach evidence of the specific competencies for which they seek a waiver. Such evidence could include, for example, (1) an accredited undergraduate business degree, (2) transcripts showing college-level courses in the competency areas, (3) training certificates, (4) a résumé or CV documenting significant work experience with a written explanation of how the student gained *specific competencies*, (5) work products, and/or (6) a recommendation on company letterhead from an employer vouching for their abilities in *specific areas*.

The graduate admission committee will notify applicants in their acceptance letter of any waivers granted. Applicants may appeal the committee's decision by submitting further evidence supporting their appeal.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Master of Business Administration (M.B.A.) in Business Transformation (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. The M.B.A. in Business Transformation degree prepares business professionals to conceptualize, initiate, and manage organizational transformation initiatives, ranging from continuous improvement in a successful business to turnaround efforts in a failing business. Graduates understand how to lead such efforts in ways consistent with Judeo-Christian ethics and principles of wise stewardship of the resources entrusted to them. As part of the program, students have the opportunity to earn the Lean Six Sigma Green Belt (LSSGB) and Lean Six Sigma Black Belt (LSSBB)—two globally-recognized industry certifications highly sought by employers. If companies sponsor students, they may complete certification projects that benefit the sponsor. Graduates are prepared to assume leadership roles across functional areas in a wide range of for-profit and non-profit organizations. Examples include service as a business consultant, management analyst, operations research analyst, market research analyst, actuary, logistician, administrative service manager, industrial production manager, director of operational excellence, business continuity planner, senior project manager, operating system specialist, warehouse operations manager, manufacturing engineer, and entrepreneur.

Modality. Point University offers the M.B.A. in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. Students typically complete the program by taking one course per session over a two-year period.

Program Purpose and Student Learning Objectives

Purpose. The M.B.A. in Business Transformation prepares students to glorify God in business vocations by enabling them to improve and optimize organizational performance across business functions effectively and ethically. The master's program builds on undergraduate foundations to accomplish the following student learning objectives:

Business performance data

Objective 1: Graduates effectively design and execute quantitative and qualitative research to answer business questions.

Objective 2: Graduates use appropriate statistical tests to analyze business data.

Objective 3: Graduates interpret research results to make sound business decisions.

Frameworks and techniques for business transformation

Objective 4: Graduates demonstrate knowledge of Six Sigma principles.

Objective 5: Graduates apply Six Sigma principles to carry out a real-world business change effort.

Objective 6: Graduates demonstrate proficiency with current leadership principles and techniques.

Objective 7: Graduates exhibit knowledge of creative thinking and innovation frameworks to envision business process improvements and market innovations.

Managing human capital

Objective 8: Graduates apply appropriate techniques to create productive work culture and to facilitate employee engagement.

Objective 9: Graduates use effective persuasion and negotiation techniques to achieve business objectives.

Markets and consumers

Objective 10: Graduates demonstrate knowledge of current marketing strategy and practice, including mobile and social media marketing.

Objective 11: Graduates use marketing research to uncover unmet consumer needs and to evaluate marketing programs intended to satisfy them.

Objective 12: Graduates execute new product/service development processes to satisfy unmet consumer needs.

Data analytics in financial decision making

Objective 13: Graduates apply sound statistical and analytical techniques to understand and interpret financial data.

Objective 14: Graduates use data analytics to make financial decisions that increase economic value and improve financial results.

Judeo-Christian ethics

Objective 15: Graduates integrate Judeo-Christian ethical principles into their leadership of organizational change efforts.

Objective 16: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Required Courses. The M.B.A. in Business Transformation degree program consists of the following courses:

Foundational Courses (1 credit)

BUSI 500 Graduate Business Orientation	0
*BUSI 505 Foundations for Business Administration	1

**Students must pass the Foundations course with a grade of 80% on each learning module before proceeding to other courses in the program. For students with a business background, the graduate admission committee may grant a waiver from part or all of the Foundations course modules (see details below).*

M.B.A. Courses (42 credits)

BUSI 510 Ethics & Professional Issues in Business	3
BUSI 515 Business Intelligence	3
BUSI 520 Quantitative Analysis for Decision Making	3
BUSI 526 Lean Six Sigma Methodology for Business Transformation I	3
BUSI 527 Lean Six Sigma Methodology for Business Transformation II	3
BUSI 530 Persuasion & Negotiation	3
BUSI 535 Financial Statement Analysis & Valuation	3
BUSI 540 Strategic Management & Leadership	3
BUSI 545 Strategic Marketing	3
BUSI 550 Business Innovation & Creativity	3
BUSI 555 Cost Management & Decision Making	3
BUSI 560 Applied Leadership: Change Management & Organizational Culture	3
BUSI 690 Capstone Transformation Project I	3
BUSI 695 Capstone Transformation Project II	3
TOTAL CREDITS IN DEGREE:	43

Waiver from BUSI 501 Foundations for Business Administration. BUSI 501 includes three online learning modules designed to equip students for success in the M.B.A. program. The modules are (1) Foundations of Financial Accounting, (2) Foundations of Managerial Accounting, and (3) Foundations of Marketing. The online Foundations course is largely self-paced. A Point instructor provides assistance as needed. Students complete a pre-test for each module to assess their strengths and weaknesses. The online system then produces a customized learning module appropriate for their individual needs. Students use the module to master key concepts and skills. They then demonstrate mastery through post-tests. *Students must pass every module in the Foundations course with a score of 80% in order to proceed to later courses in the master's program.* Through use of the learning modules, many students have developed the necessary competencies even with no prior background in the business field.

For students who already possess these foundational competencies, the graduate admission committee may grant a waiver from part or all of the Foundations modules. *To secure a waiver, students must complete the Application for Waiver included in the admission*

documents and attach evidence of the specific competencies for which they seek a waiver. Such evidence could include, for example, (1) an accredited undergraduate business degree, (2) transcripts showing college-level courses in the competency areas, (3) training certificates, (4) a résumé or CV documenting significant work experience with a written explanation of how the student gained *specific competencies*, (5) work products, and/or (6) a recommendation on company letterhead from an employer vouching for their abilities in *specific areas*.

The graduate admission committee will notify applicants in their acceptance letter of any waivers granted. Applicants may appeal the committee's decision by submitting further evidence supporting their appeal.

Point University Lean Six Sigma Green Belt Certification. Point University has integrated its Lean Six Sigma Green Belt (LSSGB) certification into the M.B.A. program. Every M.B.A. candidate completes courses required for the LSSGB—namely, BUSI 520 Quantitative Analysis for Decision Making, BUSI 526 Lean Six Sigma Methodology for Business Transformation I, and BUSI 527 Lean Six Sigma Methodology for Business Transformation II. Students may then take the LSSGB Certification Exam in which they demonstrate mastery of the content and concepts of the Lean Six Sigma Methodology, as well as the requisite statistical processes and software for being a competent Six Sigma practitioner. Test scores are reviewed by the Point University Lean Six Sigma certification board. With a passing grade, students are awarded Point's LSSGB Certification.

While the LSSGB Certification Exam is integrated into the M.B.A. degree, passing the certification exam is not a requirement for earning the degree.

Students who have already earned the LSSGB at Point University are exempt from BUSI 526-BUSI 527, but may choose to enroll to sharpen their skills. Students who have already earned the LSSGB elsewhere may test out of BUSI 526-BUSI 527 or take them as refresher courses.

Point University Lean Six Sigma Black Belt Certification. After earning the Green Belt, M.B.A. candidates may further their Six Sigma education by completing the Lean Six Sigma Black Belt (LSSBB) certification track in BUSI 690 Capstone Transformation Project I and BUSI 695 Capstone Transformation Project II. In this track, students complete a Lean Six Sigma DMAIC (Define-Measure-Analyze-Improve-Control) or DFSS (Design for Six Sigma) project. Projects vary from student to student, but must demonstrate a mastery of the Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. If the project cannot be completed within the two 8-week sessions, the supervising professor evaluates student progress at the end of the second session for purposes of assigning a course grade. However, Black Belt certification will not be conferred until the project is completed to the satisfaction of the board. Students who do not finish their capstone projects by the end of the second 8-week sessions must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete. Again, while LSSBB certification is integrated into the M.B.A. program, seeking certification is not a requirement for earning the degree.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Minors

Minors Offered by the Management Department (on-ground)

Adding Minors to Bachelor’s Degree Programs. The Biblical Studies Minor is a requirement in all bachelor’s degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor’s degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a Management Major will not also receive a Management Minor even though all courses in the minor are included in the major.) Students may not add minors to associate’s degrees. For full policies concerning “Majors and Minors,” see the section of this catalog titled “Introduction to Academics.”

Minor. The Management Department offers the following minors:

Business Administration Minor (18 credits)

Purpose. The Business Administration Minor develops theoretical frameworks and foundational competencies in economics, accounting, management, and marketing.

Student Learning Objectives. The Business Administration Minor builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of accounting, management, and marketing principles.

Objective 2: Demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Required Courses:

- BUS 211 Financial Accounting (3)
- BUS 212 Managerial Accounting (3)
- BUS 225 Principles of Management (3)
- BUS 247 Principles of Marketing (3)
- BUS 320 Principles of Microeconomics (3)
- BUS 321 Principles of Macroeconomics (3)

Management Minor (18 credits)

(for Business majors only)

Purpose. The Management Minor provides a foundation in management theories, processes, and strategies.

Student Learning Objectives. The Management Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Formulate managerial and strategic business decisions for a rapidly globalizing business environment.
- Objective 2:* Demonstrate development of personal and team-level decision making.
- Objective 3:* Develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Required Courses:

- BUS 310 Process Improvement & Organizational Change (3)
- BUS 327 Project Management (3)
- BUS 329 Managerial Economics (3)
- BUS 358 Production & Operations Management (3)
- BUS 450 Human Resource Management (3)
- BUS 465 Strategic Management & Planning (3)

Music Business Minor (18 credits)

(offered with the Fine Arts Department of the College of Arts & Sciences)

Purpose. The Music Business Minor program gives students a foundation in the competencies expected of successful employment in the music business field.

Student Learning Objectives. The Music Business Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Demonstrate competence in business management and marketing.
- Objective 2:* Demonstrate an understanding and the ability to apply the use of music technology tools in the music business field.
- Objective 3:* Demonstrate knowledge of the history and current practices of relevant music business topics, such as publishing and copyright law.

Required Courses:

- BUS 225 Principles of Management (3)
- BUS 247 Principles of Marketing (3)
- BUS 325/MUS 325 Survey of Music Business (3)
- MUS 315 Music Technology I (3)
- MUS 316 Music Technology II (3)
- MUS 410 Music Publishing & Copyright Law (3)

Sports Management Minor (15 credits)

(version for Business majors only)

Purpose. The Sports Management Minor program develops foundational competencies for managing sports teams, programs, and facilities.

Student Learning Objectives. The Sports Management Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Explain principles of sports management and apply them to make business decisions.

Objective 2: Demonstrate proficiency in the administration of fitness and wellness programs.

Objective 3: Demonstrate proficiency with sports facility and events management utilized in current business practice.

Required Courses:

SPM 423 Sports Facilities Management (3)

SPM 425 Team Management (3)

SPM 427 Administration of Fitness & Wellness Programs (3)

SPM 429 Issues in Sports Management (3)

SPM 497 Sports Management Internship (3)

Sports Management Minor (18 credits)

(version for non-Business majors)

Purpose. The Sports Management Minor program develops foundational competencies for managing sports teams, programs, and facilities.

Student Learning Objectives. The Sports Management Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Explain principles of sports management and apply them to make business decisions.

Objective 2: Demonstrate proficiency in the administration of fitness and wellness programs.

Objective 3: Demonstrate proficiency with sports facility and events management utilized in current business practice.

Required Courses:

BUS 225 Principles of Management (3)

SPM 423 Sports Facilities Management (3)

SPM 425 Team Management (3)

SPM 427 Administration of Fitness & Wellness Programs (3)

SPM 429 Issues in Sports Management (3)

SPM 497 Sports Management Internship (3)

Certification Programs

Point University Lean Six Sigma Green Belt Certification (LSSGB) (online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. Point University's graduate-level Lean Six Sigma Green Belt Certification program (LSSGB) produces competent Six Sigma practitioners who successfully apply business improvement tools and methodologies informed by Christian perspectives.

Eligible Students. The graduate admission committee reviews all LSSGB student applications to determine readiness for the program. Point's LSSGB courses are offered at the graduate (master's) level. They are designed for business professionals with experiential knowledge of day-to-day business operations. Assignments sometimes call for students to apply Six Sigma principles and practices at their workplace. Accordingly, the ideal candidate for the LSSGB program is (a) a working adult (b) with 5+ years of business experience, (c) who has earned a bachelor's degree—with a business-related degree being most advantageous. However, applicants are not required to hold a bachelor's degree to enter the Green Belt program. Others are welcome to apply and may also benefit. They should include in their application a letter of introduction, a résumé or CV, and other evidence that they are capable of completing graduate-level studies, such as professional certifications; conference participation as a speaker or publisher; and/or reference letters from supervisors addressing years of experience in the field, current responsibilities, and how the applicant and organization would benefit from the LSSGB. This program is not suitable for students with little or no work experience.

NOTE: Title IV funds are not available for students seeking the non-degree LSSGB certification alone. Such students may qualify for other types of financial aid, such as private loans or payment plans.

Modality. Point University offers the Lean Six Sigma Green Belt (LSSGB) certification program in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Lean Six Sigma Green Belt Certification program (LSSGB) prepares students to apply Lean Six Sigma continuous improvement methodologies and tools in effective, ethical, God-honoring ways.

The certification program builds on the mission and goals of Point University to accomplish the following student learning objectives:

- Objective 1:* Graduates identify Lean Six Sigma principles and analyze strategic planning methods.
- Objective 2:* Graduates investigate various methods of collecting customer data in preparation for quality improvement.
- Objective 3:* Graduates integrate key drivers for business success as a means of translating a vision and providing feedback to various stakeholders.

Objective 4: Graduates effectively design and execute quantitative and qualitative research to answer business questions.

Objective 5: Graduates use appropriate statistical tests to analyze business data.

Objective 6: Graduates interpret research results to make sound business decisions.

Objective 7: Graduates apply the DMAIC methodology (Define-Measure-Analyze-Improve-Control), along with the relevant tools, to solve real-world problems.

Objective 8: Graduates apply the DFSS (Design for Six Sigma) approach to designing products and services.

Objective 9: Graduates create a team project report utilizing the Lean Six Sigma methodologies.

Objective 10: Graduates demonstrate a working knowledge of Lean Six Sigma methodologies and tools by passing the Lean Six Sigma Green Belt (LSSGB) certification exam.

Objective 11: Graduates integrate Judeo-Christian ethical principles into their continuous improvement efforts.

Required Courses. The Point University Lean Six Sigma Green Belt certification program (LSSGB) consists of the following components:

BUSI 520	Quantitative Analysis for Decision Making	3
BUSI 526	Lean Six Sigma Methodology for Business Transformation I	3
BUSI 527	Lean Six Sigma Methodology for Business Transformation II	3
	<i>Lean Six Sigma Green Belt Certification Exam</i>	<u>0</u>
TOTAL CREDITS IN CERTIFICATION:		9

Point University Lean Six Sigma Green Belt Certification (LSSGB). BUSI 520, 526, and 527 prepare students to complete the Lean Six Sigma Green Belt Certification Exam. Final Team Projects and test scores are reviewed by the Point University Lean Six Sigma certification board. With a passing grade of “B” (Team Project and Test Scores), students are awarded Point’s LSSGB Certification.

Point University Lean Six Sigma Black Belt Certification (LSSBB). After earning the Green Belt, students may further their Six Sigma education by completing the Point University Lean Six Sigma Black Belt (LSSBB) certification. The Black Belt requires two additional courses—namely, BUSI 692 Lean Six Sigma Black Belt Project I and BUSI 694 Lean Six Sigma Black Belt Project II. In these courses, students complete a Lean Six Sigma DMAIC (Define-Measure-Analyze-Improve-Control) or DFSS (Design for Six Sigma) project. Projects vary from student to student, but must demonstrate a mastery of the Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. Students who do not finish their capstone projects by the end of the second 8-week sessions must enroll in BUSI 699 Capstone Transformation Project

Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete. For a full description of the LSSBB program, see below.

Point University M.B.A. in Business Transformation. Students who desire to continue their education may apply all credits earned through the Green Belt and Black Belt programs to an M.B.A. in Business Transformation from Point University. The two belts fulfil approximately one-third of the requirements for the M.B.A. degree. For a full description of the M.B.A. program, see below. If students intend to complete the full M.B.A., the faculty recommends they enroll in the degree program—rather than the freestanding belt programs—for the optimal course sequence. They will earn the Green Belt in the middle of the program and the Black Belt at the end.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to end. These customized plans take into account program requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Point University
Lean Six Sigma Black Belt Certification (LSSBB)
(online)

Program Coordinator: Thomas George Javarinis, Ph.D.

Overview. Point University’s graduate-level Lean Six Sigma Black Belt Certification program (LSSBB) produces Six Sigma master practitioners who successfully apply business improvement tools and methodologies informed by Christian perspectives.

Prerequisite Lean Six Sigma Green Belt. Before entering the Black Belt program, students must earn the Lean Six Sigma Green Belt Certification (LSSGB) from Point University or another approved provider. A full description of Point’s online LSSGB program appears above.

Eligible Students. The graduate admission committee reviews all LSSBB student applications to determine readiness for the program. Point’s LSSBB courses are offered at the graduate (master’s) level. They are designed for business professionals with experiential knowledge of day-to-day business operations. Assignments sometimes call for students to apply Six Sigma principles and practices at their workplace. Accordingly, the ideal candidate for the LSSBB program is (a) a working adult (b) with 5+ years of business experience, (c) who has earned a bachelor’s degree, with a business-related degree being most advantageous, and (d) who has already earned the Lean Six Sigma Green Belt. Other Green Belt holders are welcome to apply and may also benefit from the program. They should include in their application a letter of introduction, a résumé or CV, and other evidence that they are capable of completing graduate-level studies, such as professional certifications; conference participation as a speaker or publisher; and/or reference letters from supervisors addressing years of experience in the field, current responsibilities, and how the applicant and organization would benefit from the LSSBB. This program is not suitable for students with little or no work experience.

NOTE: Title IV funds are not available for students seeking the non-degree LSSGB certification alone. Such students may qualify for other types of financial aid, such as private loans or payment plans.

Modality. Point University offers the Lean Six Sigma Black Belt (LSSBB) certification program in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Lean Six Sigma Black Belt Certification program (LSSBB) prepares students to demonstrate mastery of Lean Six Sigma continuous improvement methodologies and tools in effective, ethical, God-honoring ways.

The certification program builds on the mission and goals of Point University to accomplish the following student learning objectives:

- Objective 1:* Graduates demonstrate knowledge of LSSGB concepts in a real-world context and apply to LSSBB techniques.
- Objective 2:* Graduates apply team attributes, engage Lean Six Sigma principles, and analyze strategic planning methods.
- Objective 3:* Graduates assist in identifying project opportunities and refining project details and scope.
- Objective 4:* Graduates support champions and process owners with project selection, project management, and Six Sigma administration.
- Objective 5:* Graduates effectively execute the project from the tasks assigned.
- Objective 6:* Graduates use appropriate statistical (qualitative and quantitative research) tests to analyze business data.
- Objective 7:* Graduates apply research results to make sound business decisions.
- Objective 8:* Graduates justify the DMAIC methodology (Define-Measure-Analyze-Improve-Control), along with the relevant tools, to solve real-world problems.
- Objective 9:* Graduates apply the DFSS (Design for Six Sigma) approach to designing products and services in a business environment.
- Objective 10:* Graduates demonstrate mastery of Lean Six Sigma methodologies and tools by planning and executing a substantive project that earns them the Lean Six Sigma Black Belt (LSSBB).
- Objective 11:* Graduates integrate Judeo-Christian ethical principles into their continuous improvement efforts.

Required Courses. The Point University Lean Six Sigma Black Belt certification program (LSSBB) consists of the following components:

Prerequisite

Lean Six Sigma Green Belt (described above)

Black Belt Requirements

BUSI 692 Lean Six Sigma Black Belt Project I 3

BUSI 694 Lean Six Sigma Black Belt Project II 3

Lean Six Sigma Black Belt Certification Exam 0*TOTAL CREDITS IN CERTIFICATION:* 6

Point University Lean Six Sigma Black Belt Certification. In BUSI 692 and BUSI 694 (Lean Six Sigma Black Belt Project I-II), students complete a Lean Six Sigma DMAIC (Define-Measure-Analyze-Improve-Control) or DFSS (Design for Six Sigma) project. Projects vary from student to student, but must demonstrate a mastery of the Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. With a passing grade of “B” (Team Project and Test Scores), students are awarded Point’s LSSBB Certification. Students who do not finish their projects by the end of the second 8-week sessions must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.

Point University M.B.A. in Business Transformation. Associate's Degree Program***Associate of Arts in Social Media Marketing
(online)***

Program Coordinator: Todd Weaver, Ph.D.

Overview. The Associate of Arts in Social Media Marketing equips students with a broad grounding in the Liberal Arts, along with professional skills in using social media as a tool for marketing products and services. As part of this program, students are introduced to HootSuite, a social media management system for executing campaigns across multiple social networks. They also have the opportunity to qualify for certification as a Hootsuite Social Media Consultant. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Bachelor of Science degree in Social Media Marketing.

Modality. Point University offers the A.A. in Social Media Marketing in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Social Media Marketing equips students with a broad grounding in the Liberal Arts, along with professional skills in using social media as a tool for marketing products and services.

The A.A. in Social Media Marketing builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Graduates apply sound marketing principles.

Objective 2: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 3: Graduates understand how social media marketing integrates with and supports the overall marketing strategy of an organization.

Objective 4: Graduates demonstrate technical proficiency with current social media platforms and can execute marketing programs on these platforms.

Objective 5: Graduates understand the best marketing uses for different social media platforms and how they together integrate with other marketing programs.

Required Courses. The A.A. in Social Media Marketing consists of the following courses:

General Education Component (28 credits)***Essential Skills***

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

Select one HFA core course: 3

HUMA 101 Introduction to Humanities (3)

ENGL 250 Modern Short Stories (3)

MUSI 102 Music Appreciation (3)

Natural Sciences

NSCI ____ Natural Science Course with Lab 4

Typically NSCI 105 Introduction to Biology with Lab (4)

Mathematics

MATH 120 College Algebra (or higher) 3

Social & Behavioral Sciences

Select one SABS core course: 3

PSYC 103 Introduction to Psychology (3)

SOCI 103 Introduction to Sociology (3)

Biblical Studies Component (9 credits)

BIBL 103 The Drama of Scripture 3

BIBL 202 Jesus: The Focus of Scripture 3

THEO 310 Spiritual Formation: Kingdom Living 3

Professional Component (24 credits)

BUSI 271 Social Media Marketing: Foundations & Strategy 3

BUSI 272 Social Media Marketing: Twitter 3

BUSI 274 Social Media Marketing: LinkedIn 3

BUSI 275 Social Media Marketing: Facebook 3

BUSI 347 Principles of Marketing 3

BUSI 371 Social Media Marketing: Blogging & Content Marketing 3

BUSI 372 Social Media Marketing: Video & Mobile Marketing 3

BUSI 373 Social Media Marketing: Pinterest & Instagram Mobile 3

TOTAL DEGREE CREDITS: 61

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor’s Degree Programs

***Bachelor of Science in Marketing
(online)***

Program Coordinator: Todd Weaver, Ph.D.

Overview. The B.S. in Marketing program provides a broad foundation in business disciplines, including management, communication, accounting, law, and ethics, while

also providing in-depth training in various aspects of marketing, such as retailing, services marketing, digital marketing, global marketing, and marketing analytics. It develops in students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of marketing positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A., Master of Management, or Master of Science in Marketing.

Modality. Point University offers the B.S. in Marketing in fully online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Marketing Major prepares students to glorify God through Christ-centered leadership and vocational excellence in marketing and business.

The Marketing Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Communication and collaboration

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Managerial and financial principles and best practices

Objective 5: Graduates apply sound management principles.

Objective 6: Graduates apply sound accounting principles in managing organizational resources.

Objective 7: Graduates understand the interplay and integration of business functions, including marketing.

Objective 8: Graduates employ critical thinking, analysis, and decision making to assess and improve organizational performance.

Math and technology skills

Objective 9: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 10: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 11: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Marketing theories, principles, and tactics

Objective 12: Graduates explain essential theories, principles, and concepts of consumer behavior developed in psychology, economics, sociology, and anthropology.

Objective 13: Graduates describe the key drivers, accountability, roles, and interests in the retail business environment.

Objective 14: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 15: Graduates develop, implement, and follow effective marketing strategies for both products and services.

Objective 16: Graduates demonstrate understanding of the unique demands and requirements for global marketing, including cross-cultural differences in consumer behavior and business practices.

Objective 17: Graduates utilize current digital marketing technologies to understand and interact with business and consumer buyers.

Objective 18: Graduates employ critical thinking, research techniques, analytics, and decision making to evaluate qualitative and quantitative marketing data to assess marketing performance.

Ethical, legal, regulatory, and professional considerations

Objective 19: Graduates integrate biblical ethical principles into the conduct of their business and marketing activities.

Objective 20: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 21: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Required Courses. The B.S. in Marketing consists of the following courses:

General Education Core (31 credits)*Essential Skills*

American Marketing Association (AMA) Membership. Students pursuing the B.S. in Marketing are assessed an annual fee of \$50.00 for membership in the National Chapter of the American Marketing Association (AMA, www.ama.org). The AMA is one of the largest marketing associations in the world, with over 30,000 members who work, teach, and study in the field. By becoming a member, students gain access to a vast body of marketing knowledge, high-quality training programs, the latest tools and tactics, exposure to leading-edge thinking, and opportunities to interact with marketing peers around the world.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out

which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Business Administration in Marketing (on-ground)

Program Coordinator: Todd Weaver, Ph.D.

Overview. The B.B.A. degree program in Marketing prepares students to glorify God through Christ-centered leadership and vocational excellence in marketing professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of marketing practices and concepts. Studies include brand equity, customer relations, sales teams, distribution systems and pricing structures.

Modality. Point University offers the B.B.A. in Marketing in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.B.A. degree program in Marketing is to prepare students to glorify God through Christ-centered leadership and vocational excellence in marketing professions.

The Marketing Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.
- Objective 2:* Demonstrate competence in the business core including management, marketing, business law, and ethics.
- Objective 3:* Understand the marketing research process; namely, to collect, analyze, and evaluate information from and about customers.
- Objective 4:* Understand marketing strategy, including segmentation, targeting, and positioning.
- Objective 5:* Analyze the marketing environment and buyer behavior relative to a specific marketing opportunity and formulate the market offering that produces enhanced marketplace success.
- Objective 6:* Demonstrate an understanding of the ethical obligations of Christians in the workforce

Required Courses. The B.B.A. in Marketing program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3

Bachelor of Science in Social Media Marketing (online)

Program Coordinator: Todd Weaver, Ph.D.

Overview. The B.S. in Social Media Marketing program provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics, as well as an emphasis on using social media as a tool for marketing products and services. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. As part of this program, students are introduced to HootSuite, a social media management system for executing campaigns across multiple social networks. They also have the opportunity to qualify for certification as a Hootsuite Social Media Consultant. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A. or Master of Management.

Modality. Point University offers the B.S. in Social Media Marketing in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Social Media Marketing Major prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions, with an emphasis on employing social media platforms as part of an integrated marketing strategy.

The Social Media Marketing Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Business communication and collaboration

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Human, financial, and physical resource management

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Objective 9: Graduates demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Accounting, finance, and marketing principles and applications.

Objective 10: Graduates apply sound accounting and financial principles.

Objective 11: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 12: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, regulatory, and professional considerations

Objective 13: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 14: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 15: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Math and technology skills

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Social media in marketing

Objective 18: Graduates understand how social media marketing integrates with and supports the overall marketing strategy of an organization.

Objective 19: Graduates demonstrate technical proficiency with current social media platforms and can execute marketing programs on these platforms.

Objective 20: Graduates understand the best marketing uses for different social media platforms and how they together integrate with other marketing programs.

Required Courses. The B.S. program in Social Media Marketing consists of the following courses:

TOTAL DEGREE CREDITS:**120****Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Minor

***Minor Offered by the
Marketing & Public Relations Department
(on-ground)***

Program Coordinator: Todd Weaver, Ph.D.

Adding Minors to Bachelor’s Degree Programs. The Biblical Studies Minor is a requirement in all bachelor’s degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor’s degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a Marketing Major will not also receive a Marketing Minor even though courses in the minor are included in the major.) Students may not add minors to associate’s degrees. For full policies concerning “Majors and Minors,” see the section of this catalog titled “Introduction to Academics.”

Minor. The Marketing & Public Relations Department offers the following minor.

Marketing Minor (18 credits)*(for Business majors only)*

Purpose. The Marketing Minor provides a foundation in marketing theories, processes, and strategies.

Student Learning Objectives. The Marketing Minor builds on Point University’s mission, values, Core Curriculum (General Studies and Biblical Studies), and Business Major to accomplish the following student learning objectives:

Objective 1: Demonstrate basic competence in business management and planning.

Objective 2: Understand the marketing research process; namely, to collect, analyze, and evaluate information from and about customers.

Objective 3: Understand marketing strategy, including segmentation, targeting, and positioning.

Objective 4: Analyze the marketing environment and buyer behavior relative to a specific marketing opportunity and formulate the market offering that produces enhanced marketplace success.

Required Courses:

BUS 349 Marketing Metrics (3)

BUS 375 Digital Marketing (3)

BUS 380 Brand Management (3)

BUS 421 Consumer Behavior (3)

BUS 423 Professional Selling (3)

BUS 465 Strategic Management & Planning (3)

Certificate Program

Social Media Marketing Certificate (online)

Program Coordinator: Todd Weaver, Ph.D.

Overview. The Social Media Marketing Certificate develops professional skills in using social media as a tool for marketing products and services. As part of this program, students are introduced to HootSuite, a social media management system for executing campaigns across multiple social networks. They also have the opportunity to qualify for certification as a Hootsuite Social Media Consultant. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Associate of Arts or Bachelor of Science degree in Social Media Marketing.

NOTE: Title IV funds are not available for students seeking the Social Media Marketing Certificate alone. However, they may be available for students enrolled in the A.A. or B.S. in Social Media Marketing, which include all the certificate courses. Students seeking only the certificate may qualify for other types of financial aid, such as private loans.

Modality. Point University offers the Social Media Marketing Certificate in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Social Media Marketing Certificate develops professional skills in using social media as a tool for marketing products and services.

The certificate program builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Marketing principles and applications

Objective 1: Graduates apply sound marketing principles.

Objective 2: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Social media in marketing

Objective 3: Graduates understand how social media marketing integrates with and supports the overall marketing strategy of an organization.

Objective 4: Graduates demonstrate technical proficiency with current social media platforms and can execute marketing programs on these platforms.

Objective 5: Graduates understand the best marketing uses for different social media platforms and how they together integrate with other marketing programs.

Required Courses. The Social Media Marketing Certificate program consists of the following courses:

BUSI 347	Principles of Marketing	3
BUSI 271	Social Media Marketing: Foundations & Strategy	3
BUSI 272	Social Media Marketing: Twitter	3
BUSI 274	Social Media Marketing: LinkedIn	3
BUSI 275	Social Media Marketing: Facebook	3
BUSI 371	Social Media Marketing: Blogging & Content Marketing	3
BUSI 372	Social Media Marketing: Video & Mobile Marketing	3
BUSI 373	Social Media Marketing: Pinterest & Instagram Mobile	3
TOTAL CERTIFICATE CREDITS:		24

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

COLLEGE OF EDUCATION

Associate's Degree Program***Associate of Arts in Child Development
(online)***

Program Coordinator: Lacey Southerland, Ph.D.

Overview. The Associate of Arts in Child Development provides students with foundational coursework in human development, education, and sociocultural contexts. Career possibilities include supervising infants, toddlers, preschoolers, and young children in day care centers, community-based programs such as the YMCA and Boys & Girls Club, and nonprofit early childhood programs such as church preschools.

Modality. Point University offers the A.A. in Child Development in *Point Connect* format, which features a live 2-hour videoconference each week. Apart from the videoconference, online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates throughout the week.

Program Purpose and Student Learning Objectives

Purpose. The A.A. in Child Development prepares Christian men and women to provide developmentally-appropriate, Christ-centered care and nurturing to young children.

The A.A. in Child Development builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates articulate a basic knowledge of the proper growth and development principles as they apply to young children from birth through age 8.
- Objective 2:* Graduates demonstrate key understandings in the basic care and nurturing of infants, toddlers, preschoolers, and young children.
- Objective 3:* Graduates respond appropriately to the needs expressed by families with young children who have diverse ethnic and socio-economic backgrounds.
- Objective 4:* Graduates serve young children with developmentally-appropriate choices in nutrition, proper rest, movement, and other physical needs.
- Objective 5:* Graduates provide developmentally-appropriate contexts for young children's healthy social and emotional development.
- Objective 6:* Graduates plan developmentally-appropriate activities and environments to promote young children's cognitive development.

Required Courses. The A.A. in Child Development consists of the following courses:

Bachelor’s Degree Programs***Bachelor of Science in Child Development
(online)***

Program Coordinator: Lacey Southerland, Ph.D.

Overview. The Child Development Major equips students to work with very young children (birth through age 8) in a variety of settings, preparing activities and environments that foster children’s development physically, socially, emotionally, spiritually, and

cognitively. Coursework is designed to lead students toward becoming Christ-centered, service-focused mentors to young children and their families. Constructivist philosophy is emphasized, which focuses on learners as individuals with unique skills, needs, and learning styles. Graduates of the program are equipped to work in preschools, camps, daycare centers, private Christian schools, churches, non-profit programs, community organizations, and other settings that serve children and their families.

Teacher Certification and Non-Certification. Please note the following important information. Direct questions to the B.S. in Child Development program coordinator, Dr. Lacey Southerland (Lacey.Southerland@Point.edu).

- The online B.S. in Child Development does not meet requirements for Georgia state teacher certification at the elementary level (PreK-5th grade). Students who desire such certification should enroll in Point's on-ground B.A. or B.S. program in Elementary Education. For more information about the Elementary Education program, contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).
- The online B.S. in Child Development does meet the minimum education requirement to be a Lead Teacher in a Georgia PreK classroom. For more information, contact the Georgia Department of Early Care and Learning (www.decal.ga.gov).
- The online B.S. in Child Development does satisfy course requirements for an Early Education (birth through PreK) teacher certificate from the Association of Christian Schools International (www.acsi.org). Upon graduation, students may choose to apply for this certificate from ACSI.

Modality. Point University offers the B.S. in Child Development in *Point Connect* format, which features a live 2-hour videoconference each week. Apart from the videoconference, online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates throughout the week.

Program Purpose and Student Learning Objectives

Purpose. The Child Development Major prepares students to be Christ-centered, service-focused mentors to young children, focused on fostering their development physically, socially, emotionally, spiritually, and cognitively.

The Child Development Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Child development

Objective 1: Graduates demonstrate familiarity with the milestones of physical, social, emotional, spiritual, and cognitive development children are expected to display from birth through age 8.

Objective 2: Graduates accurately assess whether or not individual children are progressing appropriately in their growth, behavior, communication, and interactions with others.

Objective 3: Graduates use appropriate measures in response to children's development to maximize positive outcomes for them.

Constructivist philosophy in child education

Objective 4: Graduates define constructivist philosophy in the context of learning, and the implications of constructivism for teachers of young children.

Objective 5: Graduates design organized lesson plans that include goals, materials, procedures, and assessments appropriate for the learners.

Objective 6: Graduates are familiar with a variety of curricula, methods, and materials that can be used effectively with young children.

Objective 7: Graduates skillfully manage the setup and implementation of environments and activities for young children.

Objective 8: Graduates are proactive in managing children's behavior and use appropriate responses when necessary.

Objective 9: Graduates practice the skills associated with being an educator of young children by engaging in preparation, implementation, management, and assessment as an intern in an appropriate environment.

History, philosophical models, laws, trends, and issues in child education

Objective 10: Graduates are able to describe a variety of philosophies about human development, and apply Christian principles when relevant.

Objective 11: Graduates are familiar with the historical figures and important events that shaped the establishment of schools and the education and spiritual development of children.

Objective 12: Graduates are familiar with significant laws that govern educational requirements, the credentials and behavior of educators and those who work with young children, and the operation of schools and facilities that serve children.

Objective 13: Graduates are able to describe the current trends and issues that are prominent and credible with regard to the care and education of young children.

Christ-centered professionalism

Objective 14: Graduates demonstrate professional dispositions appropriate for leaders of young children.

Objective 15: Graduates demonstrate qualities associated with being a caring mentor to the children and families they serve, using Christ as the role model.

Objective 16: Graduates display an attitude of ministry toward the children, families, peers, and supervisors with whom they interact.

Objective 17: Graduates communicate in oral and written contexts with professionalism.

Objective 18: Graduates use reflection to effectively self-assess their strengths and needs and respond to constructive criticism.

Objective 19: Graduates are positive, productive colleagues who contribute creatively to any team.

Serving diverse students

Objective 20: Graduates demonstrate the belief that all children can learn, regardless of ability.

Objective 21: Graduates are able to describe and demonstrate appropriate responses while interacting with children and families who are from cultures that have different expectations and practices than the student's.

Objective 22: Graduates are able to describe the healthy development of gender identity, and display an awareness of the appropriate responses to boys and girls when gender is a relevant factor.

Objective 23: Graduates are well-prepared to accommodate and serve children with special needs.

Objective 24: Graduates demonstrate a Christ-like attitude of ministry toward the children and families of all backgrounds whom they serve.

Required Courses. The B.S. in Child Development program consists of the following courses:

General Education Core (31 credits)*Essential Skills*

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select one of the following HFA core course:</i>	3
HUMA 101 Introduction to Humanities (3)	
ENGL 250 Modern Short Stories (3)	
MUSI 102 Music Appreciation (3)	

Natural Sciences

NSCI 105 Introduction to Biology with Lab	4
---	---

Mathematics

MATH 115 Quantitative Reasoning	3
---------------------------------	---

Social & Behavioral Sciences

HIST 250 United States History	3
--------------------------------	---

<i>Select one SABS core course:</i>	3
-------------------------------------	---

PSYC 103 Introduction to Psychology (3)	
SOCI 103 Introduction to Sociology (3)	

Biblical Studies Minor (15 credits)

BIBL 103 The Drama of Scripture	3
BIBL 202 Jesus: The Focus of Scripture	3
THEO 310 Spiritual Formation: Kingdom Living	3
BIBL 306 Scripture: Reading & Interpretation	3
THEO 405 Christ, Culture & Career	3

Child Development Major (45 credits)

EDUC 102	Educational Foundations	3
HREL 202	The Family	3
EDUC 203	Child Development	3
EDUC 201	Principles & Methods of Teaching	3
EDUC 300	Educational Psychology [WE]*	3
COMM 305	Media Effects on Children & Adolescents	3
EDUC 310	Preschool Methods & Materials	3
ECHL 314	Creative Arts for Early Childhood	3
EDUC 401	The Exceptional Child	3
EDUC 407	Classroom Management	3
ESLA 442	Culture & Education [WE*]	3
EDUC 490	Child Development Practicum I	6
EDUC 491	Child Development Practicum II	<u>6</u>
TOTAL CREDITS IN MAJOR:		45

**Writing Emphasis courses*

Practicum. The Child Development program culminates with a combination of two practicum experiences. Students may complete the two experiences in one setting, or they may opt to complete each experience in a different setting. Child Development Practicum I (6 credits) consists of about 16 hours per week at the site and 16 hours per week of online learning activities. Child Development Practicum II (6 credits) consists of about 25 hours per week at the site and 7 hours per week of online learning activities. For both practica, students have the option of replacing some of the online activities with more time at the site. Students will be supervised, observed, and evaluated by a Point University professor and an on-site supervisor. Proof of tort liability and a background check will be required one term before the practicum begins. Students may complete the background check through Point University's human resources (HR) department.

Students must apply in advance to give the supervising professor time to make arrangements for the practicum experience, which begins in January. The deadline for applying is December 1.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Bachelor of Science in Child & Youth Development (on-ground)

Program Coordinator: Lacey Southerland, Ph.D.

Overview. The B.S. in Child & Youth Development program prepares servant leaders of children and youth who demonstrate the knowledge and skills necessary to effectively lead a variety of young learners in a diversity of settings. It is designed to prepare students

to enter child and youth care settings, including day care centers, community-based programs such as the YMCA and Boys & Girls Club, youth corrections programs, children's ministry, and nonprofit early childhood programs such as church preschools. Students take foundational coursework in human development, education, and socio-cultural contexts. Students select an area of specialization—Children's Ministry, Early Childhood (non-licensure), or Youth Programs Administration—and complete a 12-credit internship in the area of specialization.

Modality. Point University offers the B.S. in Child & Youth Development in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Child & Youth Development program is to prepare servant leaders of children and youth who demonstrate the knowledge and skills necessary to effectively lead a variety of young learners in a diversity of settings.

The Child & Youth Development Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Demonstrate an understanding of the theories that underlie the study of child and adolescent growth and development.
- Objective 2:* Explain the developmental changes which take place from conception through puberty, examined through various developmental perspectives.
- Objective 3:* Demonstrate an understanding of the linkages between physical, cognitive, emotional, and social development.
- Objective 4:* Demonstrate an understanding of how the environment (cultural, community, family, physical, etc.) affects and interacts with an individual's growth and development.
- Objective 5:* Utilize the knowledge, skills, attitudes, Christian behaviors, and positive interpersonal relationships associated with a selected specialization within the field of Child and Youth Development (Children's Ministry, Early Childhood, or Youth Programs Administration).

For information on additional procedures and guidelines for this major, contact the program coordinator, Dr. Lacey Southerland (Lacey.Southerland@Point.edu).

Required Courses. The B.S. in Child & Youth Development program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1

Point University Teacher Education Program (TEP)

Elementary Education (ELE)

Middle Grades Education (MGE)

Secondary Education (SED)

Special Education General Curriculum (SPE)

Program Coordinator: James Donovan, Ph.D.

Background. The Teacher Education Department of Point University's College of Education offers teacher preparation programs leading to Georgia state certification. The Georgia Professional Standards Commission (GaPSC, www.gapsc.com) governs teacher certification in the State of Georgia. To qualify for GaPSC certification, applicants must hold an appropriate bachelor's or master's degree and successfully complete the GACE examinations (Georgia Assessments for Certification of Educators, www.gace.ets.org) pertinent to their desired area of certification. At the pre-kindergarten through grade 12 level (PreK-12), GaPSC bases its standards on the national Model Core Teaching Standards for PreK-12 teachers, which were published and revised in 2011 by the Interstate Teacher Assessment and Support Consortium (InTASC) under the auspices of the Council of Chief State School Officers (CCSSO, www.ccsso.org). Accordingly, the Point faculty has aligned its teacher education programs with both GaPSC and InTASC standards, as applicable.

Teacher Education Program (TEP). To prepare students to meet GaPSC requirements, the Teacher Education Department has developed what it calls the "Teacher Education Program" or "TEP." The TEP is not a self-standing degree program. Instead, it consists of (1) *coursework embedded within teacher certification programs* to meet GaPSC standards, and (2) *a process for seeking certification*. The TEP specifically prepares students to earn a Georgia teacher Certificate of Eligibility followed by an Induction Certificate (IC), the standard entry-level credential awarded by the Georgia Professional Standards Commission (GaPSC, www.gapsc.com). The Point faculty has embedded the TEP within the following five degree programs, which aim toward the Induction Certificate:

- B.A. in Elementary Education (PreK-5th grade)
- B.S. in Elementary Education (PreK-5th grade)
- B.S. in Middle Grades Education (4th-8th grades)
- B.S. in Secondary Education with Biology, English, or History Concentration (6th-12th grades)
- B.S. in Special Education General Curriculum (PreK-12th grade)

NOTE: The Elementary, Middle Grades, and Secondary Education programs also include the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). The Special Education degree includes a Content Concentration in Reading.

For more information, contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Point University Teacher Education Program (TEP) graduates are in high demand and employed in the state of Georgia, the United States, and around the world. They are valued because of their moral character, integrity, and faith-based values. The University produces graduates who are compassionate, responsible, and caring, as well as knowledgeable, confident, and innovative.

TEP Conceptual Framework. As noted above, the Point Education faculty has aligned its teacher education program with InTASC standards, as applicable. These standards articulate the common principles and foundations of teaching practices that cut across all subject areas and grade levels, and that are necessary to improve student achievement. The standards outline what teachers should know and be able to do to ensure that every PreK-12 student reaches the goal of being ready to enter college or the workforce in today's world. The ten InTASC standards serve as the conceptual framework for Point's teacher education program:

Standard #1 – Learner Development

The teacher candidate understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard #2 – Learning Differences

The teacher candidate uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard #3 – Learning Environments

The teacher candidate works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Standard #4 – Content Knowledge

The teacher candidate understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

Standard #5 – Application of Content

The teacher candidate understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Standard #6 – Assessment

The teacher candidate understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

Standard #7 – Planning for Instruction

The teacher candidate plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8 – Instructional Strategies

The teacher candidate understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Standard #9 – Professional Learning and Ethical Practice

The teacher candidate engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard #10 – Leadership and Collaboration

The teacher candidate seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

TEP Course Modalities. Point University offers Teacher Education Program (TEP) courses in on-ground format at its main campus in West Point, Georgia. Students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Degree-seeking teacher education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

TEP Required Coursework. The professional courses constituting Point's Teacher Education Program (TEP) prepare students to complete GACE examinations (Georgia Assessments for Certification of Educators, www.gace.ets.org) required by the Georgia Professional Standards Commission (GaPSC, www.gapsc.com).

Point's TEP courses embody the ten InTASC (Interstate Teacher Assessment and Support Consortium) standards, but they do it through different courses in different degree programs. There are three primary types of TEP courses, as outlined below:

TEP Prerequisite (Pre-Admittance) Courses. Students pursuing a teacher certification program, such as the B.S. in Elementary Education, must pass the certain prerequisite courses with a minimum grade of "C" *before* receiving official admittance to the Teacher Education Program. These core courses introduce key concepts and practical applications of content as a foundation for more advanced TEP courses. For a complete list of prerequisite or pre-admittance courses by degree program, see below under "TEP Admission, Continuation, and GaPSC Certification Process."

TEP Professional Courses. Students accepted into the Teacher Education Program complete a series of TEP professional courses customized according to their degree program and desired area of certification. For a complete list of required professional courses, see the program descriptions for each degree that appear later in this catalog.

TEP Field Education Courses. The Teacher Education Program also includes experiential learning in the form of Lab Experiences and a Teaching Practicum (student teaching). The Georgia Professional Standards Commission (GaPSC, www.gapsc.com) requires that teacher education programs work "with partners to design clinical experiences of sufficient depth, breadth, diversity, coherence, and duration to ensure that candidates demonstrate their developing effectiveness and positive impact on all students' learning and development. Clinical experiences, including technology-enhanced learning opportunities, are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates' development of the knowledge, skills, and professional dispositions, as delineated in Standard 1, that are associated with a positive impact on the learning and development of all PreK-12 students." To meet this need, the Teacher Education Department has designed and sequenced its TEP field experiences to increase gradually the complexity and levels of engagement with which participants apply, reflect upon, and expand their knowledge and skills.

The GaPSC requires that students in PreK-12 degree programs acquire field experiences at the elementary (P-2 and 3-5), middle grades (4-8), and/or secondary (6-12) grade levels, depending on their desired certification. The Teacher Education Department has therefore designed Lab Experiences at each level that immerse participants in public school classroom settings 18 hours per week for 4 weeks. They then engage in a full-time supervised Teaching Practicum (student teaching) during spring term of their senior year. Together, the field experiences and student teaching help participants gain professional experience while systematically increasing their level of engagement in the classroom. For a complete list of required field experiences, see the program descriptions for each degree, which appear later in this catalog.

TEP Admission, Continuation, and GaPSC Certification Process. The Georgia Professional Standards Commission (GaPSC, www.gapsc.com) governs teacher certification in the State of Georgia. To qualify for GaPSC certification, applicants must hold an appropriate bachelor's or master's degree and successfully complete the GACE examinations pertinent to their desired area of certification (Georgia Assessments for Certification of Educators, www.gace.ets.org). Point University's Teacher Education program (TEP) specifically prepares students to earn a Georgia teacher Certificate of Eligibility followed by an Induction Certificate (IC), the standard entry-level credential awarded by GaPSC. Earning a bachelor's degree with a GaPSC Induction Certificate (IC) is a four-step process:

STEP 1: Teacher Education Program Admission. To enter the Teacher Education Program (TEP), students must submit a *Teacher Education Application Form* to Point's Teacher Education Department through its chair, Dr. James Donovan (Jim.Donovan@point.edu). The application must demonstrate that students have met the following TEP entrance requirements for Elementary Education (ELE), Middle Grades Education (MGE), Secondary Education (SED), or Special Education (SPE). Students must receive formal written notice of admission to the program prior to enrolling in Block 1 TEP courses.

1. *Before entering the TEP*, students must earn a passing score in each of the three basic skill areas of the *GACE Program Admission Assessments*—namely, Reading (test 200), Mathematics (test 201), and Writing (test 202). Students must present passing scores to the department by August 1 between their sophomore and junior years. For more information, visit the Program Admission Testing Requirement page on the GaPSC website (https://www.gapsc.com/Educator_Preparation/Assessment/BasicSkillsInfo.aspx).

As an alternative to the *Program Admission Assessments*, students may submit acceptable scores on one of the following three standardized tests: *SAT* (1000 Verbal/Critical Reading and Math), *ACT* (43 English and Math), *GRE* (1030 Verbal and Quantitative if taken before 8/1/2011 or 297 Verbal and Quantitative if taken after that date).

2. Applicants must have completed at least 45 semester credit hours of General Education Core courses and other degree requirements with a minimum cumulative grade point average (GPA) of 2.80 on a 4-point scale. These credits must include the following courses designated for the student's chosen program, or their equivalent, with a minimum grade of "C" for each course.

Transfer students must have completed the equivalent courses or received permission from the department for an alternative schedule.

Teacher Education Program Pre-Admittance Courses	BA/BS Elementary Education	BS Middle Grades Education	BS Secondary Education	BS Special Education

Applicants must have discussed program requirements with the Teacher Education department chair through a formal face-to-face meeting.

- Applicants must have completed the GAPSC Pre-Certification Application provided at the program orientation by the Point placement officer, Lynn Wiseley (Lynn.Wiseley@point.edu).
- Applicants must also undergo a secure background check, which is part of the GaPSC Pre-Certification Application process completed by the state of Georgia. Students are required to have a secure background check completed prior to working with students in any laboratory experiences during freshman and sophomore years, which is separate from the GaPSC Pre-Certification process.
- Applicants must hold active student membership in the Georgia Association of Educators (GAE, <https://gae.org>) or the Professional Association of Georgia Educators (PAGE, <https://www.pageinc.org>), which offer liability insurance. Students must submit proof of membership prior to starting EDU 204 Developmental Psychology, which is the first course with a Lab Experience.

STEP 2: Continuation in the Teacher Education Program. To remain and continue in the Teacher Education Program (TEP), students must meet the following conditions:

- Maintain a minimum cumulative grade point average of 2.80 ("C+") on a 4-point scale. If a student's cumulative GPA falls below 2.80 after admission to the TEP,

that student may not enroll in additional education courses until the GPA is raised to 2.80 or higher. Students may apply for readmission no more than twice.

2. Complete all Lab Experiences with a minimum grade of “C.”
3. Exhibit responsible professional and ethical behavior at all times.
4. Maintain active student membership in the Georgia Association of Educators (GAE, <https://gae.org>) or the Professional Association of Georgia Educators (PAGE, <https://www.pageinc.org>), which offer liability insurance.

STEP 3: Admission to the Teaching Practicum (Student Teaching). The Teacher Education Department will grant TEP students permission to begin their Teaching Practicum (ELE 497, MGI 497, SED 497, or SPE 497, also known as “student teaching”) only if they meet the following requirements:

1. Complete all degree program requirements other than the Teaching Practicum with a minimum grade of “C” in each TEP professional course.
2. Hold a minimum cumulative grade point average (GPA) of at 2.80 (“C+”) on a 4-point scale.
3. Submit a formal application for student teaching to the Point Student Teacher Supervisor, Lynn Wiseley (Lynn.Wiseley@point.edu), during the term prior to beginning the experience (typically by November 1 for a fall term start).
4. Complete the “Beginning School Experience” during fall term of the senior year. This laboratory experience includes attending pre-planning and the first 5 days of school with students, with one supervising Georgia certified teacher in the applicable certification field.
5. *Before beginning the Teaching Practicum*, students must earn a passing score on at least one of two parts of the *GACE Content Exam(s)* focusing on their chosen major (Elementary Education, Middle Grades Education, Secondary Education, or Special Education). For more information, visit the GACE website (www.gace.ets.org).

NOTE: If students pass only one part of the GACE, they will receive a grade of “I” (Incomplete) for the Teaching Practicum. Faculty will not convert the “I” to a permanent grade until students pass the remaining part of the GACE. Students may not graduate until the faculty awards a grade for the Teaching Practicum. The student has one year from the conclusion of the Teaching Practicum to pass the second part of the GACE. Any students who choose to pursue and complete an alternative degree will forfeit the opportunity to receive a teacher education degree and will not be recommended for GaPSC certification.

NOTE: Students may not enroll in any other course, including an online course, while engaged in student teaching.

STEP 4: Applying for a GaPSC Induction Certification (IC). Prior to graduation, students must complete the following requirements:

1. Meet all GACE requirements.

2. *Prior to program completion*, students must pass the *GACE Educator Ethics Assessment* (<http://gace.ets.org/ethics/about>). A passing score on this assessment is required for Point Teacher Certification Program (TEP) completion.
3. Complete an exit interview with members of the Teacher Education Department faculty. If students meet all criteria, the department will recommend them to the GaPSC for state certification.
4. When all requirements are complete, GaPSC awards a Certificate of Eligibility allowing the applicant to work in Georgia schools.
5. Upon recommendation from the completer's employer, the GaPSC awards a Georgia teaching certificate at the Induction level or higher.

For information on additional procedures and guidelines for the Teacher Education Program, see an academic advisor in the department and the *Teacher Education Handbook* located on the Teacher Education Program Candidates' website (<https://sites.google.com/site/tepcandidates>)

Bachelor's Degree Programs

Bachelor of Arts in Elementary Education (on-ground)

Program Coordinator: James Donovan, Ph.D.

Overview. The B.A. in Elementary Education (ELE) program develops and trains early childhood educators equipped to teach at the pre-kindergarten through 5th grade levels (PreK-5), who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student teaching experience in a local public elementary school. The Bachelor of Arts (B.A.) version of the Elementary Education program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not. For information on additional procedures and guidelines for this program, contact the program coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Georgia Teacher Certification. The B.A. in Elementary Education (ELE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia PreK-5th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The ELE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.A. in Elementary Education in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Elementary Education program is to develop and train early childhood educators equipped to teach at the PreK-5 level who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Elementary Education Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of PreK-5 general content and pedagogy.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate constructivist instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective mentor teacher with all students.

Objective 8: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

Required Courses. The B.A. in Elementary Education program consists of the following courses:

General Education Core (35 credits)

Essential Skills

EFT 101 Effective Thinking	1

Bachelor of Science in Elementary Education (on-ground)

Program Coordinator: James Donovan, Ph.D.

Overview. The B.S. in Elementary Education (ELE) program develops and trains early childhood educators equipped to teach pre-kindergarten through 5th grade levels (PreK-5), who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student-teaching experience in a local public elementary school. The Bachelor of Arts (B.A.) version of the Counseling & Human Services program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not. For information on additional procedures and guidelines for this program, contact the program coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Georgia Teacher Certification. The B.S. in Elementary Education (ELE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia PreK-5th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The ELE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Elementary Education in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Elementary Education program is to develop and train early childhood educators equipped to teach pre-kindergarten through 5th grade levels (PreK-5) who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Elementary Education Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Demonstrate knowledge of PreK-5 general content and pedagogy.
- Objective 2:* Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.
- Objective 3:* Plan and implement an effective classroom management system.
- Objective 4:* Demonstrate proficiency in the use of technology as a teaching and learning tool.
- Objective 5:* Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.
- Objective 6:* Demonstrate constructivist instructional strategies that reflect InTASC standards.
- Objective 7:* Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective mentor teacher with all students.

For information on additional procedures and guidelines for this major, contact the program coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Bachelor of Science in Middle Grades Education (on-ground)

Program Coordinator: Edward W. Clark, Jr., M.Ed.

Overview. The B.S. in Middle Grades Education (MGE) program develops and trains middle grades educators equipped to teach 4th through 8th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences. Students choose two of the following four areas as a primary concentration and secondary concentration: Language Arts, Math, Science, and Social Studies. For information on additional procedures and guidelines for this program, contact the program coordinator, Associate Professor Edward W. Clark (Eddie.Clark@Point.edu).

Georgia Teacher Certification. The B.S. in Middle Grades Education (MGE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia 4th through 8th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The MGE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the “Point University Teacher Education Program (TEP)” that appears earlier in this catalog. Students may also contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Middle Grades Education in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Middle Grades Education program is to develop and train educators equipped to teach 4th through 8th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Middle Grades Education Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of general content and pedagogy for grades 4-8, as well as selected specializations in Language Arts, Math, Science, or Social Studies.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate classroom instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with all students.

Required Courses. The B.S. in Middle Grades Education program consists of the following courses:

General Education Core (35 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Teacher Education Program (TEP)—Block 4

MGI 497 Teaching Practicum	12
----------------------------	----

Primary Concentration

(15) 12

Choose one of the four MGE concentrations shown below as a “primary concentration.” Complete all 15 credits included in that concentration. One course in the concentration may also be used to fulfil General Education Core requirements. Thus, the primary concentration adds only 12 credits to the degree program.

Secondary Concentration

(9) 6

Choose another of the four MGE concentrations as a “secondary concentration.” Select 9 credits of coursework included in that concentration. One course in the concentration may also be used to fulfil General Education Core requirements. Thus, the secondary concentration adds only 6 credits to the degree program.

MGE CONCENTRATION COURSES***Language Arts Concentration***ENG 207 World Literature (3) *(included in Gen Ed Core)*

ENG ____ English electives (6-12)

The teacher education faculty recommends that MGE students include the following electives in their concentration:

ENG 332 History & Literature of Women in America (3)

ENG 490 Studies in English/Literature (3)

Mathematics Concentration

MTH 113 Intermediate Algebra (3)

MTH 115 Quantitative Reasoning (3)

MTH 120 College Algebra (3) *(included in Gen Ed Core)*

MTH 191 Pre-Calculus (3)

MTH 210 Calculus I (3)

Science ConcentrationNSC 103 and 103 Biology I with Lab (4) *(included in Gen Ed Core)*

NSC ____ Science electives (5-11)

The teacher education faculty recommends that MGE students include the following electives in their concentration:

NSC 104 Biology II (3)

NSC 106 & 106L Environmental Science with Lab (4)

NSC 110 Physical Science (3)

Either NSC 1104L Biology II Lab (1)

or NSC 110L Physical Science Lab (1)

Social Studies ConcentrationHIS 250 United States History I (3) *(included in Gen Ed Core)*

Bachelor of Science in Secondary Education with Biology, English, or History Concentration (on-ground)

Program Coordinators: Edward W. Clark, Jr., M.Ed., and Kimberly C. Macenczak, Ph.D.

Overview. The B.S. in Secondary Education (SED) program develops and trains educators equipped to teach 6th through 12th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student teaching experience in a local public middle or high school. Students select one of the following three concentrations toward the goal of teaching that subject at the secondary level: Biology,

English, or History. For information on additional procedures and guidelines for this program, contact the program coordinators, Associate Professor Edward W. Clark (Eddie.Clark@Point.edu) and Kimberly C. Macenczak, Ph.D. (Kim.Macenczak@Point.edu).

Georgia Teacher Certification. The B.S. in Secondary Education (SED) program includes the courses and field experiences necessary for the successful student to teach children in Georgia 6th through 12th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The SED program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the “Point University Teacher Education Program (TEP)” that appears earlier in this catalog. Students may also contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Secondary Education in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Secondary Education program is to develop and train early educators equipped to teach 6th through 12th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Secondary Education Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Demonstrate knowledge of general content and pedagogy for grades 6-12, as well as specialized knowledge developed through a selected concentration in Biology, English, or History.
- Objective 2:* Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.
- Objective 3:* Plan and implement an effective classroom management system.
- Objective 4:* Demonstrate proficiency in the use of technology as a teaching and learning tool.
- Objective 5:* Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate classroom instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with all students.

Required Courses. The B.S. in Secondary Education program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

ENG 207 World Literature	3
HUM 101 Introduction to Humanities	3

Natural Sciences

<i>Select the Natural Science core course required for one's chosen concentration:</i>	4
BIOLOGY: NSC 103 and 103 Biology I with Lab (4)	
ENGLISH OR HISTORY: NSC ____ Natural Science elective w/ Lab (4)	

Mathematics

<i>Select the Mathematics core course required for one's chosen concentration:</i>	3
BIOLOGY: MTH 120 College Algebra (3) (or higher)	
ENGLISH OR HISTORY: MTH 115 Quantitative Reasoning (3) (or higher)	

Social & Behavioral Sciences

HIS 250 United States History I	3
PSY 103 Introduction to Psychology	3
SOC 215 Geography	3

Biblical Studies Minor (15 credits)

BBS 102 The Drama of Scripture	3
BBS 202 Jesus: The Focus of Scripture	3
BBS 304 Scripture: Reading & Interpretation	3
THE 405 Christ, Culture & Career [WE]*	3
<i>Select the course required for one's chosen concentration:</i>	3
BIOLOGY: NSC 401 Ethics in Science (3)	
ENGLISH: ENG 350 Christian Literature (3)	
HISTORY: HIS 201 Church History I (3) or HIS 204 History of Religion in America (3)	

Secondary Education Major (73 or 84 credits)

Education Foundations

EDU 102 Educational Foundations	3
---------------------------------	---

EDU 204 Developmental Psychology	3
EDU 300 Educational Psychology [WE]*	3

Teacher Education Program (TEP)—Block 1

ESL 442 Culture & Education [WE]*	3
SED 331 Secondary Methods	3
SED 391 Block 1 Lab Experience: Secondary School	1

Teacher Education Program (TEP)—Block 2

EDU 405 Integration of Technology	3
EDU 433 Differentiated Instruction	2
ESL 240 Linguistic Theory	3
SED 392 Block 2 Lab Experience: Middle School	1

Teacher Education Program (TEP)—Block 3

EDU 350 Curriculum & Assessment	2
EDU 401 The Exceptional Child	3
EDU 407 Classroom Management	3
ESL 441 Methods for English to Speakers of Other Languages (ESOL)	3
SED 493 Block 3 Lab Experience: ESOL	1

Teacher Education Program (TEP)—Block 4

SED 497 Teaching Practicum	12
----------------------------	----

Concentration

Choose one of the following concentrations (24 or 35 credits): 24 or 35

Biology Concentration (35 credits)

- MTH 117 Introductory Statistics (3)
- NSC 104-104L Biology II with Lab (4)
- NSC 106-106L Environmental Science with Lab (4)
- NSC 110-110L Physical Science with Lab (4)
- NSC 228-228L Chemistry I with Lab (4)
- NSC 229-229L Chemistry II with Lab (4)
- NSC 250-250L Botany with Lab (4)
- NSC 307-307L Microbiology with Lab (4)
- NSC 421-421L Genetics with Lab (4)

English Concentration (24 credits)

- **ENG 202 American Literature to 1860 (3)
- **ENG 203 American Literature since 1860 (3)
- **ENG 204 British Literature to 1800 (3)
- **ENG 205 British Literature since 1800 (3)
- ENG 262 Advanced Writing: Non-Fiction (3)
- ENG 330 Adolescent Literature (3)
- ENG 373 Modern Grammar (3)
- ENG 375 Literary Theory (3)

History Concentration (21 credits)

- HIS 103 U.S. Government (3)
- HIS 104 World History I (3)
- HIS 105 World History II (3)

HIS 251 United States History II (3)
 HIS 430 Historiography with Georgia History (3)
 HIS ____ History electives (6)

TOTAL DEGREE CREDITS: 120 (English or History) or 131 (Biology)

*Writing Emphasis course

** These courses are offered on a 2-year cycle.

Mandatory Background Check. Students majoring in Secondary Education will be subject to a background check before entering schools for laboratory experiences.

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

***Bachelor of Science in
Special Education General Curriculum
(PreK-12 teacher certification program)
(on-ground)***

Program Coordinator: Edward W. Clark, Jr., M.Ed.

Overview. The B.S. in Special Education General Curriculum develops professional educators equipped to serve in special education settings at the PreK-12 level (preschool through 12th grade). Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences at different levels plus one term of student teaching experience in a local public school. The Special Education General Curriculum Major includes a Content Concentration in Reading. The program promotes best practices in special education, along with specialized knowledge, skills, professional dispositions, and Christian attitudes associated with effective teachers. For information on additional procedures and guidelines for this program, contact the program coordinator, Associate Professor Edward W. Clark (Eddie.Clark@Point.edu).

Georgia Teacher Certification. The B.S. in Special Education General Curriculum (SPE) program includes the courses and field experiences necessary for the successful student to serve in special education settings at the PreK-12 level in Georgia classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Special Education General Curriculum in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Program Purpose and Student Learning Objectives

Purpose. Point University’s B.S. in Special Education General Curriculum program develops effective, Christ-centered PreK-12 special education professionals who demonstrate knowledge, skills, professional dispositions, and Christian attitudes associated with effective certified teachers.

The Special Education General Curriculum Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Demonstrate knowledge and skills related to the foundations of Special Education.
- Objective 2:* Demonstrate knowledge and skills related to development and characteristics of learners.
- Objective 3:* Demonstrate knowledge and skills related to individual learning differences of children with disabilities.
- Objective 4:* Demonstrate knowledge and skills related to instructional strategies for learners with disabilities.
- Objective 5:* Demonstrate knowledge and skills related to providing appropriate learning environments and social/emotional interactions for learners with disabilities.
- Objective 6:* Demonstrate knowledge and skills related to understanding and enhancing language skills of learners with disabilities.
- Objective 7:* Demonstrate knowledge and skills related to instructional planning for learners with disabilities.
- Objective 8:* Demonstrate knowledge and skills related to assessment of learners with disabilities.
- Objective 9:* Demonstrate knowledge and skills related to professional and ethical practice of special educators.
- Objective 10:* Demonstrate knowledge and skills related to collaboration designed to enhance understanding of and services to learners with disabilities.
- Objective 11:* Demonstrate their knowledge and skills related to effective instruction of learners with disabilities.
- Objective 12:* Demonstrate appropriate professional dispositions.

Objective 13: Demonstrate the use of skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with students with disabilities.

Required Courses. The B.S. in Special Education General Curriculum program consists of the following courses:

General Education Core (35 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

ENG 207 World Literature	3
HUM 101 Introduction to Humanities	3

Natural Sciences

NSC 103 and 103 Biology I with Lab	4
NSC 106 Environmental Science	3

Mathematics

MTH 115 Quantitative Reasoning (3) (or higher)	3
--	---

Social & Behavioral Sciences

HIS 250 United States History I (3)	3
PSY 103 Introduction to Psychology	3
SOC 215 Geography	3

Biblical Studies Minor (15 credits)

BBS 102 The Drama of Scripture	3
BBS 202 Jesus: The Focus of Scripture	3
BBS 304 Scripture: Reading & Interpretation	3
BBS ____ Biblical Studies elective	3

The Special Education faculty recommends the following electives for SPE students:

NTS 203 The Acts of the Apostles (3)	
NTS 402 Gospel of John (3)	
THE 405 Christ, Culture & Career [WE]*	3

Special Education General Curriculum Major with Content Concentration in Reading (78 credits)

Education Foundations

EDU 102 Educational Foundations	3
EDU 204 Developmental Psychology	3
EDU 300 Educational Psychology [WE]*	3
SPE 201 Survey of Special Education	3
SPE 210 Contemporary Issues & Collaboration in Special Education	3
SPE 220 Characteristics of Mild Disabilities	3

Teacher Education Program (TEP)—Block I

MGI 300 Adolescent Literature	3
-------------------------------	---

Tankiyah Smith, A.S. in Medical Assisting, M.S. in Leadership and Management, M.S. in Public Administration, Ed.D. candidate in Higher and Postsecondary Education, Registered Medical Assisting certification, Allied Health Instructor certification—Adjunct Instructor in Medical Assisting

Interdisciplinary Faculty

David A. Adams, M.P.H. in Public Health with Concentration in Epidemiology, Ph.D. in History and Sociology of Medicine—Instructor of Health Science

Rebecca L. Aquino, D.O. in Osteopathy—Assistant Professor in Science

Debrua Coleman, M.S. in Healthcare Administration, Ph.D. in Epidemiology—Adjunct Instructor in Healthcare Administration and Epidemiology

Eric Scott Harvey, M.S. in Information Systems, M.A. in Christian Apologetics, Ph.D. in Biostatistics—Adjunct Instructor in Information Technology and Biostatistical Research

Allison M. Kemper, D.P.T. in Physical Therapy—Associate Professor of Exercise Science

Dedra R. Woolfolk, Ph.D. in Biological and Biomedical Science (Pharmacology)—Dean of the College of Arts & Sciences, Professor of Natural Science

NOTE: (1) This list of personnel is intended to show Point University's strength in the area of Health Sciences. For a more complete list of faculty credentials, see the section of this catalog on "Point University Personnel." (2) Interdisciplinary faculty members are assigned to another college, but teach courses in the College of Health Sciences. (3) Administrative faculty members are full-time administrators who hold academic credentials in a field related to Health Sciences. They influence academic programs, but may or may not teach on a regular basis.

Point University
College of Health Sciences
Health Services Department

DEPARTMENT CHAIR: DINA M. SWEARNGIN, Ed.D, M.S.N., RN

Academic Programs

The Health Services Department oversees the following academic programs. Baccalaureate programs include a Biblical Studies Minor.

Point University					
ACADEMIC PROGRAMS					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning	ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

Associate's Degree Programs

Associate of Science in Medical Assisting (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The Associate of Science in Medical Assisting (AS-MOA) leads students toward becoming Christ-centered, service-focused healthcare providers. Graduates of the program are equipped to work in many healthcare settings, including but not limited to hospitals, clinics, public health departments, and physician practices. This degree prepares graduates for post-program certification exams, such as the Certified Medical Assistant credential (AAMA, <http://www.medicalassistanttrainings.com/national-center-for-competency-testing-ncct-for-medical-assistants>) from the National Center for Competency Testing (NCCT, <https://www.ncctinc.com>). The faculty highly recommends that graduates take certification exams at the completion of the program and as soon as they meet all requirements of the certifying bodies. For certain medical assisting positions, an associate's degree is highly desirable and may be required. Program graduates may continue their education by seeking a bachelor's degree from Point University, such as the B.S. in Healthcare Administration.

Modality. Point University offers the A.S. in Medical Assisting in a fully-online asynchronous format, with the exception of the on-ground Clinical Externship at the end of the program. *Point Online* students engage in asynchronous learning through a website that facilitates interaction with their instructor and classmates throughout the week. Students may complete the Externship at a Point-approved site near their home under a Point-approved preceptor. For more information on the Externship, see below.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Science in Medical Assisting equips students with a broad grounding in the Liberal Arts, along with theological foundations and professional skills for God-honoring work in the healthcare field.

The A.S. in Medical Assisting builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Principles of lifetime health and fitness

Objective 1: Graduates demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 2: Graduates identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 3: Students remain current with medical practices by seeking out and remaining current with evidence-based practice.

Technology in the medical field

Objective 4: Students use electronic medical records in the clinical setting with beginning mastery.

Objective 5: Students document patient records with accuracy and maintain patient privacy in accordance with HIPAA and other applicable federal regulations.

Objective 6: Graduates use medical equipment correctly and with patient safety as a top priority.

Medical office functions and management

Objective 7: Graduates correctly assist with insurance coding and billing.

Objective 8: Graduates use appropriate medical terminology to communicate with office personnel, physicians, and other medical entities.

Objective 9: Graduates practice the highest ethical principles in accordance with a Christian view of their profession.

Required Courses. The A.S. in Medical Assisting consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select one HFA core course:</i>	3
HUMA 101 Introduction to Humanities (3)	
ENGL 250 Modern Short Stories (3)	
MUSI 102 Music Appreciation (3)	

Natural Sciences

NSCI 105 Introduction to Biology with Lab	4
---	---

Mathematics

MATH 120 College Algebra (or higher)	3
--------------------------------------	---

Social & Behavioral Sciences

HIST 250 United States History	3
--------------------------------	---

<i>Select one SABS core course:</i>	3
-------------------------------------	---

PSYC 103 Introduction to Psychology (3)	
SOCI 103 Introduction to Sociology (3)	

Biblical Studies Component (9 credits)

BIBL 103 The Drama of Scripture	3
BIBL 202 Jesus: The Focus of Scripture	3
THEO 310 Spiritual Formation: Kingdom Living	3

Professional Component (19 credits)

NSCI 214 Human Anatomy & Physiology for Health Professionals	3
MEDI 200 Medical Terminology	3
MEDC 200 Introduction to Medical Coding & Billing	3
MEDM 210 Medical Systems & Procedures	3

MEDI 220 Medical Ethics & Legal Considerations*	3
MEDM 298 Clinical Externship in Medical Assisting	4
General Elective Component (3 credits)	
Elective Course	<u>3</u>
TOTAL DEGREE CREDITS:	62

**Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Satisfactory Academic Progress. Students must earn a minimum grade of “C” in each of the six professional courses in order to graduate from the AS-MOA program.

Clinical Externship. The capstone course for the A.S. in Medical Assisting consists of an externship in a clinical facility under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified medical assistant holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and preapproved by Point’s Health Services department chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed.

Associate of Science in Medical Coding & Billing (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The Associate of Science in Medical Coding and Billing (AS-MCB) leads students toward becoming Christ-centered, service-focused healthcare providers. Graduates of the program are equipped to work in many healthcare settings, including but not limited to hospitals and physician practices. This degree prepares graduates for certification exams offered through AAPC (<https://www.aapc.com/certification/cpc>), the American Health Information Management Association (AHIMA, <http://www.ahima.org>), and the National Healthcareer Association (NHA, www.nhanow.com). Over 20 specialty certifications are available depending on the graduate’s chosen career interest. The faculty highly recommends that graduates take the certification exams at the completion of the program and as soon as they meet all requirements of the certifying bodies. For certain medical billing and coding jobs, an associate’s degree is highly desirable and may be required. Program graduates may continue their education by seeking a bachelor’s degree from Point University, such as the B.S. in Healthcare Administration.

Modality. Point University offers the A.S. in Medical Coding & Billing in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Science in Medical Coding & Billing equips students with a broad grounding in the Liberal Arts, along with theological foundations and professional skills for God-honoring work in the healthcare field.

The A.S. in Medical Coding & Billing builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Foundational knowledge for healthcare providers

Objective 1: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems pertinent to health professionals.

Objective 2: Students demonstrate a foundational working knowledge of medical terminology employed in healthcare professions.

Medical coding and billing

Objective 3: Students demonstrate a working knowledge of International Classification of Diseases (ICD) nomenclature.

Objective 4: Students demonstrate a working knowledge of Current Procedural Terminology (CPT) nomenclature.

Objective 5: Students analyze patient care and assign correct codes for medical issues and procedures.

Objective 6: Students follow correct procedures for processing insurance claims.

Objective 7: Students follow correct procedures for patient billing, collections, and reimbursement.

Objective 8: Graduates practice the highest ethical principles in accordance with a Christian view of their profession.

Required Courses. The A.S. in Medical Coding & Billing consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3

Elective Courses	3
<i>TOTAL DEGREE CREDITS:</i>	61

**Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Associate of Science in Medical Office Management (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The Associate of Science in Medical Office Management (AS-MOM) leads students toward becoming Christ-centered, service-focused healthcare providers. Graduates of the program are equipped to work in many healthcare settings, including but not limited to hospitals, clinics, public health departments, and physician practices. This degree prepares graduates for post-program certification exams, such as the Certified Physician Practice Manager credential (CPPM, <https://www.aapc.com/certification/cppm>) offered by AAPC (<https://www.aapc.com>). The faculty highly recommends that graduates take certification exams at the completion of the program

and as soon as they meet all requirements of the certifying bodies. For certain medical office management positions, an associate's degree is highly desirable and may be required. Program graduates may continue their education by seeking a bachelor's degree from Point University, such as the B.S. in Healthcare Administration.

Modality. Point University offers the A.S. in Medical Office Management in a fully-online asynchronous format, with the exception of the on-ground Clinical Externship at the end of the program. *Point Online* students engage in asynchronous learning through a website that facilitates interaction with their instructor and classmates throughout the week. Students may complete the Externship at a Point-approved site near their home under a Point-approved preceptor. For more information on the Externship, see below.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Science in Medical Office Management equips students with a broad grounding in the Liberal Arts, along with theological foundations and professional skills for God-honoring work in the healthcare field.

The A.S. in Medical Office Management builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Principles of lifetime health and fitness

- Objective 1:* Graduates demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.
- Objective 2:* Graduates identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Medical office functions and management

- Objective 3:* Students use electronic medical records in the clinical setting with beginning mastery.
- Objective 4:* Students document patient records with accuracy and maintain patient privacy in accordance with HIPAA and other applicable federal regulations.
- Objective 5:* Graduates have a sound foundation in personnel leadership and management that enables them to integrate crisis intervention and conflict in a professional manner.
- Objective 6:* Graduates correctly assist with insurance coding and billing.
- Objective 7:* Graduates use appropriate medical terminology to communicate with office personnel, physicians, and other medical entities.
- Objective 8:* Graduates practice the highest ethical principles in accordance with a Christian view of their profession.
- Objective 9:* Graduates remain current with medical practices by seeking out and remaining current with evidence-based practice.

Objective 10: Graduates are prepared to manage personnel, financial, ethical, and legal aspects of the medical practice.

Biblical theology and worldview issues

Objective 11: Students articulate a biblical and theological perspective on lifetime health and fitness and its impact on individual and community wellness.

Required Courses. The A.S. in Medical Office Management consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3

Clinical Externship. The capstone course for the A.S. in Medical Office Management consists of an externship in a clinical facility under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified medical office manager holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and preapproved by Point’s Health Services department chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed. Students must complete a minimum 160 clinical hours to qualify for certification.

Associate of Arts in Public Health (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The public health profession focuses on helping individuals and communities improve and maintain their overall health and wellness using a holistic approach. The Associate of Arts in Public Health equips students with foundational knowledge and skills needed to help others make healthy lifestyle decisions. Students may continue their education by seeking the Bachelor of Science in Public Health.

Modality. Point University offers the A.A. in Public Health in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Public Health equips students with a broad grounding in the Liberal Arts, along with foundational skills for meeting physical and spiritual needs of the community through healthy lifestyle decisions.

The A.A. in Public Health builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Principles of lifetime health and fitness

Objective 1: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 2: Students identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 3: Students acquire and apply principles of physical fitness in pursuit of achieving optimal health and wellness.

Objective 4: Students acquire and apply principles of nutrition and weight management in pursuit of achieving optimal health and wellness.

Health literacy

Objective 5: Students critically evaluate the validity of health information, consumer products, and services in light of sound research methodologies.

Objective 6: Students examine different sources of health information and determine appropriate materials to be used when working with diverse groups of individuals.

Biblical theology and worldview issues

Objective 7: Students articulate a biblical and theological perspective on lifetime health and fitness and its impact on individual and community wellness.

Bachelor’s Degree Program

Bachelor of Science in Public Health (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. Public health professionals focus on helping individuals and communities improve and maintain their overall health and wellness using a holistic approach. In contrast to the “clinical” approach doctors and other healthcare professionals take to cure disease, public health educators focus on “preventive” measures designed to minimize illness and promote long-term wellbeing.

The Bachelor of Science in Public Health equips students to influence and empower others by providing the education, skills, and resources needed to make healthy lifestyle decisions. Students who successfully complete the program may pursue graduate studies in the field or choose from a variety of career paths, including entry-level employment in a variety of settings, such as community-based health programs, state and local health departments and agencies, hospitals, nursing homes, voluntary health agencies, religious organizations, and mission agencies. The bachelor’s program also prepares students to see graduate degrees, such as the Master of Public Health.

Modality. Point University offers the B.S. in Public Health in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Public Health Major prepares students for entry-level positions in a variety of settings, such as state and local health departments, nursing homes, hospitals, voluntary health agencies, fitness centers, community-based health programs, religious organizations, and mission agencies.

The Public Health Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Principles of lifetime health and fitness

Objective 1: Students articulate a biblical and theological perspective on lifetime health and fitness and its impact on individual and community wellness.

Objective 2: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 3: Students identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 4: Students acquire and apply principles of physical fitness in pursuit of achieving optimal health and wellness.

Objective 5: Students acquire and apply principles of nutrition and weight management in pursuit of achieving optimal health and wellness.

Objective 6: Students acquire and apply effective methods and strategies for preventing the spread of infectious diseases.

Objective 7: Students acquire and apply effective drug abuse prevention methods and strategies in pursuit of achieving optimal health and wellness.

Objective 8: Students assess the social, cultural, economic, political, and physical environments in applying holistic approaches to community health and wellness.

Health literacy

Objective 9: Students critically evaluate the validity of health information, consumer products, and services in light of sound research methodologies.

Objective 10: Students examine different sources of health information and determine appropriate materials to be used when working with diverse groups of individuals.

Disease prevention and health promotion programs

Objective 11: Students assess need, plan, implement, and evaluate disease prevention and health promotion programs utilizing evidence-based strategies.

Objective 12: Students employ instructional methods and strategies appropriate for the context, considering factors such as age, gender, ethnicity, culture, and physical environment.

Utilizing health care systems

Objective 13: Students demonstrate a foundational working knowledge of health care systems within the United States, including similarities and differences to the systems employed in other countries.

Objective 14: Students demonstrate a working knowledge of leadership and management skills appropriate for public health organizations, such as budgeting, resource management, and grant writing.

Objective 15: Students critically examine issues related to the intersection of public health, legal standards, faith, and ethics in professional practice.

Required Courses. The B.S. in Public Health program consists of the following courses:

General Education Core (31 credits)*Essential Skills*

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

CHES Certification. The National Commission for Health Education Credentialing (NCHEC, www.nchec.org) offers an exam through which public health professionals may earn the designation Certified Health Education Specialist (CHES). Applicants must hold a bachelor's, master's or doctoral degree from an accredited college or university. They must also send NCHEC an official transcript detailing their health education coursework. After health educators pass the CHES exam, they must complete 75 hours of continuing education during a 5-year timeframe in order to maintain certification. The B.S. in Public Health prepares graduates to meet some of the requirements for this certification.

Certificate Programs

Medical Assisting Certificate (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The Medical Assisting Certificate prepares graduates for post-program certification exams, such as the Certified Medical Assistant credential (AAMA, <http://www.medicalassistantrainings.com/national-center-for-competency-testing-ncct-for-medical-assistants>) from the National Center for Competency Testing (NCCT, <https://www.ncctinc.com>). The faculty highly recommends that graduates take certification exams at the completion of the program and as soon as they meet all requirements of the certifying bodies.

The certificate program features faith integration in every course, encouraging students toward becoming Christ-centered, service-focused healthcare providers. Graduates of the

program are equipped to work in many healthcare settings, including but not limited to hospitals, clinics, public health departments, and physician practices.

For certain medical assisting positions, an associate's degree is highly desirable and may be required. Program graduates may continue their education by seeking a degree from Point University, such as the A.S. in Medical Assisting and then the B.S. in Healthcare Administration.

NOTE: Title IV funds are not available for students seeking the Medical Assisting Certificate alone. However, they may be available for students enrolled in the A.S. in Medical Assisting, which includes all the certificate courses. Students seeking only the certificate may qualify for other types of financial aid, such as private loans.

Modality. Point University offers the Medical Assisting Certificate in a fully-online asynchronous format, with the exception of the on-ground Clinical Externship at the end of the program. *Point Online* students engage in asynchronous learning through a website that facilitates interaction with their instructor and classmates throughout the week. Students may complete the Externship at a Point-approved site near their home under a Point-approved preceptor. For more information on the Externship, see below.

Program Purpose and Student Learning Objectives

Purpose. The Medical Assisting Certificate equips students with professional skills for God-honoring work in the healthcare field.

The certificate program builds on the mission and goals of Point University to accomplish the following student learning objectives:

Lifelong learning

Objective 1: Graduates read with understanding and think critically.

Objective 2: Graduates communicate effectively orally and in writing.

Objective 3: Graduates apply mathematical concepts and methods to investigate and solve real-world problems and questions.

Lifetime health and fitness

Objective 4: Graduates demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 5: Graduates identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 6: Students remain current with medical practices by seeking out and remaining current with evidence-based practice.

Medical technology

Objective 7: Students use electronic medical records in the clinical setting with beginning mastery.

Objective 8: Students document patient records with accuracy and maintain patient privacy in accordance with HIPAA and other applicable federal regulations.

Objective 9: Graduates use medical equipment correctly and with patient safety as a top priority.

Medical office functions and management

Objective 10: Graduates correctly assist with insurance coding and billing.

Objective 11: Graduates use appropriate medical terminology to communicate with office personnel, physicians, and other medical entities.

Objective 12: Graduates practice the highest ethical principles in accordance with a Christian view of their profession.

Required Courses. The Medical Assisting Certificate consists of the following courses:

General Education Prerequisites (6 credits)

ENGL 101	Critical Reading & Writing I	3
MATH 120	College Algebra	3

Professional Courses (19 credits)

NSCI 214	Human Anatomy & Physiology for Health Professionals	3
MEDI 200	Medical Terminology	3
MEDC 200	Introduction to Medical Coding & Billing	3
MEDM 210	Medical Systems & Procedures	3
MEDI 220	Medical Ethics & Legal Considerations*	3
MEDM 298	Clinical Externship in Medical Assisting	4

TOTAL CERTIFICATE CREDITS: ***25***

All of these courses apply toward the A.S. in Medical Assisting should students decide to continue their education toward that degree.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Satisfactory Academic Progress. Students must earn a minimum grade of “C” in each of the six professional courses in order to graduate from the certificate program.

Clinical Externship. The capstone course for the Medical Assisting Certificate consists of an externship in a clinical facility under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified medical assistant holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and preapproved by Point’s Health Services department chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed.

Medical Coding & Billing Certificate (online)

Program Coordinator: Dina M. Swearngin, Ed.D., M.S.N., RN

Overview. The Medical Coding & Billing Certificate (AS-MCB) prepares students for post-program certification exams offered through AAPC (<https://www.aapc.com/certification/cpc>), the American Health Information Management Association (AHIMA, <http://www.ahima.org>), and the National Healthcareer Association (NHA, www.nhanow.com). Over 20 specialty certifications are available depending on the student's chosen career interest. The faculty highly recommends that graduates take the certification exams at the completion of the program and as soon as they meet all requirements of the certifying bodies.

The certificate program features faith integration in every course, encouraging students toward becoming Christ-centered, service-focused healthcare providers. Graduates of the program are equipped to work in many healthcare settings, including but not limited to hospitals and physician practices.

For certain medical billing and coding jobs, an associate's degree is highly desirable and may be required. Program graduates may continue their education by seeking a degree from Point University, such as the A.S. in Medical Coding & Billing and then the B.S. in Healthcare Administration.

NOTE: Title IV funds are not available for students seeking the Medical Coding & Billing Certificate alone. However, they may be available for students enrolled in the A.S. in Medical Coding & Billing, which includes all the certificate courses. Students seeking only the certificate may qualify for other types of financial aid, such as private loans.

Modality. Point University offers the Medical Coding & Billing Certificate in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Medical Coding & Billing Certificate equips students with professional skills for God-honoring work in the healthcare field.

The certificate program builds on the mission and goals of Point University to accomplish the following student learning objectives:

Lifelong learning

Objective 1: Graduates read with understanding and think critically.

Objective 2: Graduates communicate effectively orally and in writing.

Objective 3: Graduates apply mathematical concepts and methods to investigate and solve real-world problems and questions.

Foundational knowledge for healthcare providers

Objective 4: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems pertinent to health professionals.

Objective 5: Students demonstrate a foundational working knowledge of medical terminology employed in healthcare professions.

Medical coding and billing

Objective 6: Students demonstrate a working knowledge of International Classification of Diseases (ICD) nomenclature.

Objective 7: Students demonstrate a working knowledge of Current Procedural Terminology (CPT) nomenclature.

Objective 8: Students analyze patient care and assign correct codes for medical issues and procedures.

Objective 9: Students follow correct procedures for processing insurance claims.

Objective 10: Students follow correct procedures for patient billing, collections, and reimbursement.

Objective 11: Graduates practice the highest ethical principles in accordance with a Christian view of their profession.

Required Courses. The Medical Coding & Billing Certificate consists of the following courses:

General Education Prerequisites (6 credits)

ENGL 101	Critical Reading & Writing I	3
MATH 115	Quantitative Reasoning	3

Professional Courses (18 credits)

NSCI 214	Human Anatomy & Physiology for Health Professionals	3
MEDI 200	Medical Terminology	3
MEDC 205	ICD Medical Coding & Billing	3
MEDC 210	Insurance Claim Procedures	3
MEDC 220	CPT Medical Coding & Billing	3
MEDC 225	Hospital Coding & Billing	3

TOTAL CERTIFICATE CREDITS: **24**

The faculty highly recommends, but does not require that certificate students complete five additional courses: APSP 105 Introduction to Adult Learning, APSP 110 Effective Thinking, and ENGL 102 Critical Reading & Writing II. All of these courses apply toward the A.S. in Medical Coding & Billing should students decide to continue their education toward that degree.

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Point University
College of Health Sciences
Nursing Department

DEPARTMENT CHAIR: SUSAN J. SANNER, PH.D., M.S.N., APRN-BC, FNP

Academic Programs

The Nursing Department oversees the following academic programs. Baccalaureate programs include a Biblical Studies Minor.

 ACADEMIC PROGRAMS					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning	ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

Bachelor's Degree Program

Bachelor of Science in Nursing
(post-licensure RN to BSN completion program)
(SACSCOC approval received; CCNE approval pending)*
(online)

Program Coordinator: Susan J. Sanner, Ph.D., M.S.N., APRN-BC, FNP

Overview. Point University's RN-to-BSN completion program is designed for students who have already earned an accredited associate's degree in nursing or a hospital-based nursing diploma, who have already achieved licensure as a Registered Professional Nurse (RPN or RN), and who desire to continue their education by earning the Bachelor of Science in Nursing degree. Baccalaureate-prepared nurses focus on helping individuals

and communities gain, improve, and maintain their overall health and wellness using a holistic approach. The RN-BSN program builds on the student's prior education by adding the following content: preventative and acute care, research methodologies, health assessment, leadership, management, and community health.

In accordance with Point's mission to "educate students for *Christ-centered* service and leadership," the program encourages students to develop their personal philosophy of service as they reflect on how Christians have used nursing and healthcare to carry out God's redemptive purposes in the world. As Jesus said, "Heal the sick *and* tell them, 'The Kingship of God has come near to you'" (Luke 10:9). The theoretical basis of the program is the Watson Caring Model (see objectives 17-21 below), which emphasizes care for the whole person including the student, faculty, and most importantly the patient.

Students who successfully complete the program may choose from a variety of career paths, such as service and leadership roles in community-based health programs, state and local health departments and agencies, hospitals, nursing homes, voluntary health agencies, religious organizations, and mission agencies. The bachelor's program also prepares students to seek graduate degrees, such as the Master of Public Health or Master of Science in Nursing in various specialties.

RN-BSN Admission Requirements. Applicants for the RN-BSN program must meet the normal undergraduate Point admission requirements (see the section of this catalog focusing on "Application & Admission"). They must also submit:

- Proof of graduation from an institutionally accredited institution with either an associate's degree in nursing or a hospital-based nursing diploma

NOTE: If the student's program includes a minimum 60 semester credit hours, a General Education component that meets minimum SACSCOC standards, 8+ credits in Anatomy & Physiology with lab, 8+ credits in Chemistry with lab, and significant professional and clinical components (which are nearly always the case with such programs), Point will accept the full 60+ credits toward the 120-credit BSN degree in fulfillment of General Education Core and other requirements. Nursing faculty and registrar staff will review all student transcripts as part of the admission process and notify them of their credit status.

- Proof of an unencumbered license as a Registered Professional Nurse (RPN or RN), proof of tort liability, a urine drug screen, and a background check in preparation for clinical work. Students may complete the background check through Point University's human resources (HR) department.
- Current résumé
- 1-2 page essay outlining career goals

BSN applicants must also complete an interview with the Nursing Faculty either at a Point site or by telephone or videoconference.

***Accreditation.** The post-licensure RN-BSN completion program has been approved by the Point University faculty, administration, and board of trustees, as well as the SACSCOC institutional accrediting body. Point is now seeking approval from the Commission on Collegiate Nursing Education (CCNE). In accordance with CCNE policy, Point has designed the RN-BSN program to align with *The Essentials of Baccalaureate Education for Professional Nursing Practice* (<http://www.aacnnursing.org/Portals/42/>

[Publications/BaccEssentials08.pdf](#)) developed by the American Association of Colleges of Nursing (AACN, <http://www.aacnnursing.org>). For the status of the CCNE application, contact Dr. Dina Swearngin, dean of the College of Health Sciences (Dina.Swearngin@Point.edu).

Modality. Point University offers the RN-BSN program in fully-online format with the exception of three on-ground practicum courses students may complete at their place of employment or a preapproved healthcare facility near their home. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. For more information about the practicum components, see below.

Program Purpose, Goals, and Student Learning Objectives

Purpose. The post-licensure RN-BSN completion program equips students with theological foundations and professional skills for God-honoring work in the healthcare field.

The post-licensure RN-BSN completion program builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Principles of lifetime health and wellness

Objective 1: Students articulate a biblical and theological perspective on lifetime health and wellness and its impact on individual and community wellness.

Objective 2: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 3: Students identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 4: Students demonstrate and apply effective methods and strategies for preventing the spread of infectious diseases.

Objective 5: Students assess the social, cultural, economic, political, and physical environments in applying holistic approaches to community health and wellness.

Health literacy

Objective 6: Students critically evaluate the validity of health information, consumer products, and services in light of sound research methodologies.

Objective 7: Students examine different sources of health information and determine appropriate materials to be used when working with diverse groups of individuals.

Objective 8: Students understand and demonstrate the use of evidence-based practice and remain current in the literature to provide the most clinically appropriate care.

Objective 9: Students demonstrate mastery of electronic medical record use using virtual and real-world activities.

Disease prevention and health promotion programs

Objective 10: Students assess, plan, implement, and evaluate disease prevention and health promotion programs utilizing evidence-based strategies.

Objective 11: Students employ instructional methods and strategies appropriate for the context, considering factors such as age, gender, ethnicity, culture, and physical environment.

Objective 12: Students work within communities to support primary healthcare for diverse populations.

Healthcare systems leadership

Objective 13: Students demonstrate a working knowledge of healthcare systems within the United States, including similarities and differences to the systems employed in other countries.

Objective 14: Students demonstrate a working knowledge of leadership and management skills appropriate for health organizations, such as budgeting, resource management, personnel management, and conflict resolution strategies.

Objective 15: Students critically examine issues related to the intersection of public health policies, legal standards, faith, and ethics in professional practice.

Objective 16: Students verbalize the need for involvement in local, state, and national nursing organizations to become effective change agents.

God-honoring healthcare informed by the Caring Science Theory developed by Dr. Jean Watson (www.watsoncaringscience.org)

Objective 17: Students practice of loving-kindness and equanimity.

Objective 18: Students offer authentic presence, enabling deep belief of others (patient, colleague, family, community).

Objective 19: Students cultivate their own spiritual practice toward wholeness of mind/body/spirit-beyond ego.

Objective 20: Students put into practice “being” the caring-healing environment.

Objective 21: Students maintain openness to God and to unexpected and inexplicable life events, allowing miracles to happen.

Biblical theology and worldview issues

Objective 22: Graduates demonstrate a basic understanding of the content of the Old and New Testaments.

Objective 23: Graduates demonstrate a basic understanding of a Christian worldview and the role of believers in the Body of Christ.

Objective 24: Students articulate a biblical and theological perspective on lifetime health and fitness and its impact on individual and community wellness.

Required Courses. The RN-BSN completion program consists of the following courses:

Prerequisites for entering the completion program

Associate's degree or hospital-based diploma in Nursing 60

This credential must be from a institutionally accredited institution. It must include 60+ semester credit hours, a General Education component that meets minimum SACSCOC standards, 3+ credits in College Algebra, 8+ credits in Anatomy & Physiology with lab, 8+ credits in Chemistry with lab, and significant professional and clinical components.

Licensure as a Registered Professional Nurse (RPN or RN)

RN-BSN Completion (40 credits)

NURS 100	RN-BSN Orientation	0
ENGL 102	Critical Reading & Writing II	3
NURS 300	Pathophysiology	3

THEO 405	Christ, Culture & Career	3

General Electives (5 credits)

General electives	5
-------------------	---

TOTAL DEGREE CREDITS:

120

**Writing Emphasis courses*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Satisfactory Academic Progress. Students must earn a minimum grade of “C” in each RN-BSN Completion course in order to graduate with the Bachelor of Science in Nursing (B.S.N.) degree.

Practicum Courses. The RN-BSN Completion Program includes three practicum courses—namely, NURS 310L Health Assessment Practicum (3 credits), NURS 420L Community & Population Health Practicum (3 credits), and NURS 440L Leadership & Management II Capstone Practicum (4 credits). Together, the practicum courses represent about 400 hours of supervised clinical education and service.

Students must arrange to complete these learning experiences at their place of employment or at another appropriate healthcare facility. They must be supervised, observed, and evaluated by a qualified preceptor preapproved by the RN-BSN program coordinator. *Students must apply in advance for clinical rotations* to give the coordinator time to make arrangements for the practicum experience. The deadline for applying is two sessions (16 weeks) before the practicum is scheduled to begin.

An unencumbered license as a Registered Professional Nurse, proof of tort liability, a urine drug screen, and a background check are required for admission to the RN-BSN practica and must remain valid throughout progression. Students may complete the background check through Point University’s human resources (HR) department. Students may be drug tested at any time during the program or at the suggestion of a clinical faculty member. Any additional requirements mandated by the practicum facility—such as a flu vaccine, PPD, or other vaccinations—will be the responsibility and expense of the student.

COLLEGE OF SOCIAL & BEHAVIORAL SCIENCES

DEAN: GREGORY K. MOFFATT, Ph.D., LPC

Personnel

College Dean

Gregory K. Moffatt, M.S. in Community Counseling, B.Th. in New Testament, Ph.D. in Educational Psychology, LPC—Dean of the College of Social & Behavioral Sciences, Director of Counseling Services, Professor of Counseling and Human Services

Department Chairs

Forrest B. (“Butch”) Beach, M.S. in Criminal Justice, M.P.A. in Justice Administration, D.P.A. in Public Administration—Criminal Justice Department Chair, Professor of Criminal Justice

Simone Cox, M.A. in Marriage and Family Therapy, M.B.A. in Financial Management, LMFT, LPC—Psychology & Counseling Department Chair, Associate Professor of Counseling and Human Relations

Aisha Delores Williams, M.S.W. in Social Work with Specialization in Management; Ph.D. in Social Work Policy, Planning, and Administration; LMSW—Sociology & Social Work Department Chair; Social Work Program Director; Associate Professor of Social Work, Human Relations, and Management

Other Full-Time Faculty

Maurita M. Hodge, Ed.D. in Counseling Psychology, LPC—Associate Professor of Human Relations

Lyndsey A. Lyfer, M.A. in Professional Counseling, GAPC—Adjunct Instructor in Psychology and Counseling

Andrea Pope-Smith, M.S.W. in Social Work—Instructor in Sociology and Social Work

Trishawna Stuart, M.S.W. in Social Work, LMSW—Instructor in Sociology and Social Work

Shirley Thompson-Lewis, M.S.W. in Social Work, D.Min. in Spirituality, LISW-S—Social Work Field Education Director, Instructor in Human Relations and Social Work

Part-Time Faculty

Sara Banks, M.S. in Counseling—Adjunct Instructor in Psychology

Jennifer M. Cook, M.S. in Education with Major in Educational Counseling Psychology—Adjunct Instructor in Counseling and Human Relations

Darren L. Cooper, D.S.W. in Social Work—Adjunct Instructor in Social Work

Associate's Degree Program

Associate of Arts in Criminal Justice (online)

Program Coordinator: Forrest B. (“Butch”) Beach, D.P.A.

Overview. The Associate of Arts in Criminal Justice equips students with a broad grounding in the Liberal Arts, along with foundational knowledge and skills in human

relations and Criminal Justice. Graduates are prepared for entry-level positions in helping professions. They may also continue their studies to earn the Bachelor of Science degree in Criminal Justice.

Modality. Point University offers the A.A. in Criminal Justice in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Criminal Justice equips students with a broad grounding in the Liberal Arts, along with foundational knowledge and skills in human relations and Criminal Justice.

The A.A. in Criminal Justice builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates articulate principles for effective interpersonal interactions, including relationship building, problem solving, and dealing with difficult people.
- Objective 2:* Graduates articulate the powers and civil rights granted by the United States Constitution and Bill of Rights.
- Objective 3:* Graduates explain basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police.
- Objective 4:* Graduates identify and discuss the impact that societal, psychological, and environmental factors have on criminal behavior and how these may be addressed in the criminal justice system.
- Objective 5:* Graduates identify and discuss the differential effects and treatment of people by and/or within the criminal justice system based on racial, ethnic, gender, and age characteristics.

Required Courses. The A.A. in Criminal Justice consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select one HFA core course:</i>	3
HUMA 101 Introduction to Humanities (3)	
ENGL 250 Modern Short Stories (3)	
MUSI 102 Music Appreciation (3)	

<i>Natural Sciences</i>	
NSCI ____ Natural Science course with Lab	4
<i>Typically NSCI 105 Introduction to Biology with Lab (4)</i>	
<i>Mathematics</i>	
<i>Select one Math core course:</i>	3
MATH 115 Quantitative Reasoning (3)	
MATH 117 Introductory Statistics (3) [recommended]	
<i>Social & Behavioral Sciences</i>	
HIST 250 United States History	3
<i>Select one SABS core course:</i>	3
PSYC 103 Introduction to Psychology (3)	
SOCI 103 Introduction to Sociology (3)	
<i>Biblical Studies Component (9 credits)</i>	
BIBL 103 The Drama of Scripture	3
BIBL 202 Jesus: The Focus of Scripture	3
THEO 310 Spiritual Formation: Kingdom Living	3
<i>Professional Component (15 credits)</i>	
HREL 320 Group Dynamics	3
PSYC 325 Interpersonal Effectiveness	3
CJUS 200 Criminal Justice	3
CJUS 210 Criminology	3
CJUS 220 Constitutional Law	3
<i>General Elective Component (5 credits)</i>	
General electives	5
<i>TOTAL DEGREE CREDITS:</i>	60

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Police Academy Transfer Credit. Point University awards up to 9 hours of transfer credit to those who successfully complete the entire 9-week police academy training course offered by the State of Georgia (the *Georgia Peace Officer Standards and Training Council 408 Hour Basic Law Enforcement Training Course*) or the State of Alabama (the *Alabama Peace Officers Standards and Training Commission 520 Hour Basic Training Curriculum*).

- For students pursuing the A.A. in Criminal Justice, academy training fulfills the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits) and General Electives (6 credits).

- For students pursuing the B.S. in Criminal Justice or B.S. in Criminal Justice with Pre-Law Emphasis, academy training fulfills the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits), CJUS 400 or CJU 400 Criminal Law (3 credits), and CJUS 410 or CJU 410 Criminal Procedure (3 credits).
- For students enrolled in other degree programs, academy training fulfills the following degree requirements: General Electives and/or certain Social & Behavioral Sciences electives (9 credits).

Bachelor's Degree Programs

Bachelor of Science in Criminal Justice (on-ground)

Program Coordinator: Forrest B. ("Butch") Beach, D.P.A.

Overview. The degree program in Criminal Justice is designed to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system. It focuses on studies in criminal justice, sociology and related fields, the causes and consequences of criminal behavior, the justice system and how it relates to other institutions within society. Graduates with degrees in Criminal Justice are engaged in work in government agencies, law enforcement, private security and homeland security.

Modality. Point University offers the B.S. in Criminal Justice in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Criminal Justice is to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system.

The Criminal Justice Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Develop a foundational knowledge of criminal investigation and law enforcement.

Objective 2: Demonstrate knowledge and understanding of criminal law and the legal process.

Objective 3: Illustrate knowledge of corrections and its alternatives.

Objective 4: Work within the dynamics and culture of the legal system.

Objective 5: Explain the rights of individuals and recognize legal limitations.

Objective 6: Exhibit professional behavior and meet high ethical standards.

Objective 7: Identify issues that impact impressions of objectivity, impartiality, fairness, and justice.

Required Courses. The B.S. in Criminal Justice program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Bachelor of Science in Criminal Justice (online)

Program Coordinator: Forrest B. ("Butch") Beach, D.P.A.

Overview. The Criminal Justice Major takes an interdisciplinary approach to the field of law enforcement that focuses on human relations, crime, criminal law, criminal procedures, and criminal behavior. The program emphasizes the social and psychosocial context of criminal behavior, and its impact on individuals and society, to provide students with a balanced approach to understanding and effectively addressing criminal behavior. Spiritual principles embedded in the program assist students to grow personally and spiritually, enabling them to live out their faith in their chosen profession. Graduates are prepared to assume a variety of positions in law enforcement organizations and to pursue graduate studies in related disciplines. Potential career paths include local, state, or federal law enforcement officer; department of corrections; private law enforcement agency; executive law enforcement leadership; protection and security; and crime scene technician.

Modality. Point University offers the B.S. in Criminal Justice in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Criminal Justice Major equips students with a working knowledge and professional skills in human relations and Criminal Justice.

The Criminal Justice Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Theoretical foundations for human relations and criminal justice

Objective 1: Graduates articulate principles for effective interpersonal interactions, including relationship building, problem solving, and dealing with difficult people.

Objective 2: Graduates evaluate the nature, extent, causation, and prevention of crime and other social problems, including the ability to apply and critique the major theories relevant to those causes.

U.S. criminal justice system and professional skills in this field

Objective 3: Graduates articulate the powers and civil rights granted by the United States Constitution and Bill of Rights.

Objective 4: Graduates explain basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police.

Objective 5: Graduates apply the philosophy, theories, and principles of substantive, procedural, and evidentiary criminal law that regulate and guide the criminal justice system and its primary participants

Objective 6: Graduates explain the tools and procedures used by various agencies within the criminal justice system.

Objective 7: Graduates identify and discuss the impact that societal, psychological, and environmental factors have on criminal behavior and how these may be addressed in the criminal justice system.

Objective 8: Graduates identify and discuss the differential effects and treatment of people by and/or within the criminal justice system based on racial, ethnic, gender, and age characteristics.

Objective 9: Graduates articulate and apply biblically-based ethical principles pertinent to social problems and the criminal justice system.

Required Courses. The B.S. in Criminal Justice program consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3

TOTAL DEGREE CREDITS: 120

*Writing Emphasis course

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Police Academy Transfer Credit. Point University awards up to 9 hours of transfer credit to those who successfully complete the entire 9-week police academy training course offered by the State of Georgia (the *Georgia Peace Officer Standards and Training Council 408 Hour Basic Law Enforcement Training Course*) or the State of Alabama (the *Alabama Peace Officers Standards and Training Commission 520 Hour Basic Training Curriculum*).

- For students pursuing the A.A. in Criminal Justice, academy training fulfills the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits) and General Electives (6 credits).
- For students pursuing the B.S. in Criminal Justice, academy training fulfills the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits), CJUS 400 or CJU 400 Criminal Law (3 credits), and CJUS 410 or CJU 410 Criminal Procedure (3 credits).
- For students enrolled in other degree programs, academy training fulfills the following degree requirements: General Electives and/or certain Social & Behavioral Sciences electives (9 credits).

Bachelor of Science in Criminal Justice with Pre-Law Emphasis (on-ground)

Program Coordinator: Forrest B. (“Butch”) Beach, D.P.A.

Overview. The degree program in Criminal Justice with Pre-Law Emphasis is designed to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system, emphasizing the judicial processes. It focuses on studies in criminal justice, sociology and related fields, the justice system and how it relates to other institutions within society. Graduates with the degree in Criminal Justice with Pre-Law Emphasis are prepared to engage in work in government agencies, law enforcement, private security homeland security, and emergency management. They are also prepared for admission to graduate school in the field.

Students interested in pursuing careers in legal professions need to meet the course prerequisites and admission requirements for graduate schools of law and their professional graduate programs. The B.S. in Criminal Justice with Pre-Law Emphasis takes those considerations into account and has been designed to assist the student in preparing for that graduate study. Admission to law school after the completion of a bachelor's degree is usually a highly competitive process. The successful applicant would need to be competitive, as determined by the graduate school, in overall undergraduate grade point average (GPA); GPA for pertinent professional courses; admission test scores,

such as the Law School Admission Test (LSAT); types of experiences and number of hours worked in legal settings; strength of recommendation letters; and writing and/or interview quality. See a faculty academic advisor for assistance if interested in that process.

Modality. Point University offers the B.S. in Criminal Justice with Pre-Law Emphasis in on-ground format at its main campus in West Point, Georgia. An online “course company-ion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Criminal Justice with Pre-Law Emphasis is to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system, emphasizing the judicial processes.

The Criminal Justice Major with Pre-Law Emphasis builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Develop a foundational knowledge of criminal investigation and law enforcement.

Objective 2: Demonstrate knowledge and understanding of constitutional law, criminal law, and the legal process.

Objective 3: Illustrate knowledge of corrections and its alternatives.

Objective 4: Work within the dynamics and culture of the legal system.

Objective 5: Explain the rights of individuals and recognize legal limitations.

Objective 6: Exhibit professional behavior and meet high ethical standards.

Objective 7: Apply critical thinking to skills to identify issues that impact impressions of objectivity, impartiality, fairness, and justice.

Required Courses. The B.S. in Criminal Justice program with Pre-Law Emphasis consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3

Minor***Minor Offered by the Criminal Justice Department
(on-ground)***

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a Criminal Justice Major will not also receive a Criminal Justice Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minor. The Criminal Justice Department offers the following minor:

Criminal Justice Minor (18 credits)

Purpose. The purpose of the Criminal Justice Minor is to equip students with a basic theoretical foundation for understanding issues in criminal justice.

Student Learning Objectives. The Criminal Justice Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Graduates articulate the powers and civil rights granted by the United States Constitution and Bill of Rights.
- Objective 2:* Graduates explain basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of courts and police.
- Objective 3:* Graduates identify and discuss the impact that societal, psychological, and environmental factors have on criminal behavior and how these may be addressed in the criminal justice system.
- Objective 4:* Graduates identify and discuss the differential effects and treatment of people by and/or within the criminal justice system based on racial, ethnic, gender, and age characteristics.

Associate's Degree Programs

Associate of Arts in Human Relations (online)

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The Associate of Arts in Human Relations equips students with a broad grounding in the Liberal Arts, along with a foundational knowledge of the helping profession. Graduates are prepared for entry-level positions in helping professions. They may also continue their studies to earn the Bachelor of Science degree in Human Relations, Psychology or Criminal Justice.

Modality. Point University offers the A.A. in Human Relations in *Point Online* format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Human Relations equips students with a broad grounding in the Liberal Arts, along with foundational knowledge of Human Relations and sociology.

The A.A. in Human Relations builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 3: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 4: Students analyze and utilize scholarly research to explore contemporary issues in psychology, sociology, and related fields.

Objective 5: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Required Courses. The A.A. in Human Relations consists of the following courses:

General Education Component (31 credits)

Essential Skills

APSP 105	Introduction to Adult Learning	3

Bachelor’s Degree Programs

Bachelor of Arts in Counseling & Human Services
(on-ground)

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The B.A. in Counseling & Human Services program develops necessary skills for careers in the helping professions and prepares students for graduate studies in associated disciplines. It focuses on undergraduate preparation for the field of professional counseling and for other human services requiring courses in psychology, counseling, and related disciplines. An internship provides an opportunity for the integration of theory and practice. Because a graduate degree is expected in the field of counseling, the program has the preparation of students for graduate school as a primary

goal. The Bachelor of Arts (B.A.) version of the Counseling & Human Services program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with degrees in Counseling and Human Services are engaged in graduate study and entry-level counseling positions. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.A. in Counseling & Human Services program in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Counseling & Human Services program is to provide skills necessary for careers in the helping professions and to prepare students for graduate studies in associated disciplines.

The Counseling & Human Services Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology and counseling.

Objective 2: Explain the intricacies of the psychological, physiological, developmental and spiritual makeup of human beings.

Objective 3: Distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Objective 4: Integrate psychological theory and theology.

Objective 5: Demonstrate an integration of personal strengths, the analysis and utilization of current research, and the application of good helper principles.

Objective 6: Pursue advanced studies in graduate school.

Required Courses. The B.A. in Counseling & Human Services program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3

Counseling & Human Services Internship. The major in Counseling & Human Services requires students to complete at least 3 credits of CHS 497 Counseling & Human Services Internship, which provides an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. Prior to enrolling in CHS 497, students must:

- Be a junior or senior;
- Have successfully completed CHS 211 Introduction to Counseling, CHS 396 Counseling Theories & Procedures, and PSY 103 Introduction to Psychology; and
- Have successfully completed at least nine additional credits in the Counseling & Human Services Major, including at least one of the following four courses: CHS 202 The Family, CHS 312 Counseling Diverse Populations, CHS 317 Pastoral Counseling, and/or CHS 396 Counseling Theory & Procedures.

Students may not do internships during their final term at Point University.

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Bachelor of Science in Counseling & Human Services (on-ground)

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The B.S. in Counseling & Human Services program develops necessary skills for careers in the helping professions and prepares students for graduate studies in associated disciplines. It focuses on undergraduate preparation for the field of professional counseling and for other human services requiring courses in psychology, counseling, and related disciplines. An internship provides an opportunity for the integration of theory and practice. Because a graduate degree is expected in the field of counseling, the program has the preparation of students for graduate school as a primary goal. The Bachelor of Arts (B.A.) version of the Counseling & Human Services program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with degrees in Counseling and Human Services are engaged in graduate study and entry-level counseling positions. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.S. in Counseling & Human Services program in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Counseling & Human Services program is to provide skills necessary for careers in the helping professions and to prepare students for graduate studies in associated disciplines.

The Counseling & Human Services Major builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology and counseling.

Objective 2: Explain the intricacies of the psychological, physiological, developmental and spiritual makeup of human beings.

Objective 3: Distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Objective 4: Integrate psychological theory and theology.

Objective 5: Demonstrate an integration of personal strengths, the analysis and utilization of current research, and the application of good helper principles.

Objective 6: Pursue advanced studies in graduate school.

Required Courses. The B.S. in Counseling & Human Services program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Bachelor of Science in Human Relations (online)

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The Human Relations Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions, such as behavioral health agencies, education, human resources, law enforcement, and social services. It also prepares students for graduate studies in Human Relations and related fields.

Modality. Point University offers the A.A. in Human Relations in *Point Online* format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Human Relations Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions.

The Human Relations Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Theoretical foundations for human relations and related fields

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students demonstrate an understanding of the fundamentals of individual and social dynamics and ways to address human and social needs.

Objective 3: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 4: Students integrate psychological and sociological theory with biblical and theological insights. *(Alongside the Human Relations Major, the following interdisciplinary course from the General Education Core also supports this learning objective: THEO 405 Christ, Culture & Career.)*

Objective 5: Students distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Skills and professional attitudes pertinent to helping professions

Objective 6: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Objective 7: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 8: Students assess client needs and recommend services designed to meet those needs.

Objective 9: Students analyze and utilize scholarly research to explore contemporary issues in Human Relations and related fields.

Required Courses. The B.S. in Human Relations program consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select one of the following HFA core course:</i>	3
HUMA 101 Introduction to Humanities (3)	
ENGL 250 Modern Short Stories (3)	
MUSI 102 Music Appreciation (3)	

Natural Sciences

NSCI ____ Natural Science course with Lab	4
<i>Typically NSCI 105 Introduction to Biology with Lab (4)</i>

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate’s academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

Bachelor of Arts in Psychology ***(on-ground)***

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The B.A. in Psychology program provides an undergraduate knowledge base for careers in academia and research. It prepares students for graduate studies in associated fields that require studies in Psychology and related disciplines. The Bachelor of Arts (B.A.) version of the Psychology program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Modality. Point University offers the B.A. in Psychology in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a grade-book and supplementary materials. Point also offers a fully-online version of the B.S. in Psychology program.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Psychology program is to provide a knowledge base for careers in academia and research and to prepare students for graduate studies in associated fields.

The Psychology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology.

Objective 2: Explain the intricacies of the psychological, physiological, developmental, and spiritual makeup of human beings.

Objective 3: Communicate knowledge and comprehension of psychology in written and verbal media.

Objective 4: Integrate psychological theory and theology.

Objective 5: Pursue advanced studies in graduate school.

Required Courses. The B.A. in Psychology program consists of the following courses:

General Education Core (32 credits)

Bachelor of Science in Psychology (online)

Program Coordinator: Simone Cox, M.A., M.B.A.

Overview. The Psychology Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions, such as behavioral health agencies, education, human resources, law enforcement, and social services. It also prepares students for graduate studies in Psychology and related fields. Coursework included in the Psychology Major aligns with the content areas of the National Counselor Examination for Licensure and Certification (NCE) developed by the National Board for Certified Counselors.

Modality. Point University offers the B.S. in Psychology in fully-online format. *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Program Purpose and Student Learning Objectives

Purpose. The Psychology Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions.

The Psychology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Theoretical foundation for psychology and related fields

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 3: Students integrate psychological and sociological theory with biblical and theological insights. *(Alongside the Psychology Major, the following interdisciplinary course from the General Education Core also supports this learning objective: THEO 405 Christ, Culture & Career.)*

Objective 4: Students distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Skills and professional attitudes pertinent to psychology and helping professions

Objective 5: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Objective 6: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 7: Students analyze and utilize scholarly research to explore contemporary issues in psychology, sociology, and related fields.

Required Courses. The B.S. in Psychology consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3
ENGL 101 Critical Reading & Writing I	3
ENGL 102 Critical Reading & Writing II	3
COMM 205 Public Speaking	3

Humanities & Fine Arts

<i>Select one of the following HFA core course:</i>	3
HUMA 101 Introduction to Humanities (3)	
ENGL 250 Modern Short Stories (3)	
MUSI 102 Music Appreciation (3)	

Natural Sciences

NSCI ____ Natural Science course with Lab	4
<i>Typically NSCI 105 Introduction to Biology with Lab (4)</i>	

Mathematics

<i>Select one Math core course:</i>	3
MATH 115 Quantitative Reasoning [or higher] (3)	
MATH 117 Introductory Statistics (3) <i>[recommended]</i>	

Social & Behavioral Sciences

HIST 250 United States History	3

TOTAL DEGREE CREDITS:***120*****Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the

Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

Minors

Minors Offered by the Psychology & Counseling Department (on-ground)

Adding Minors to Bachelor's Degree Programs. The Biblical Studies Minor is a requirement in all bachelor's degree programs that do not include a Biblical Studies Major. If students select an additional minor(s), they complete it in addition to the Biblical Studies Minor. Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate's degrees. For full policies concerning "Majors and Minors," see the section of this catalog titled "Introduction to Academics."

Minors. The Psychology & Counseling Department offers the following minors. *These minors are open only to students pursuing majors in other departments.*

Counseling Minor (17 credits)

Purpose. The purpose of the Counseling Minor is to equip students with a basic theoretical foundation for understanding issues in counseling and related fields.

Student Learning Objectives. The Counseling Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:** Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.
- Objective 2:** Students compare and contrast the varieties of theories and techniques employed in counseling.
- Objective 3:** Students analyze and utilize scholarly research to explore contemporary issues in counseling and related fields.

Required Courses:

- CHS 211 Introduction to Counseling (3)
- CHS 396 Counseling Theory & Procedures (3)
- PSY 204 Developmental Psychology (3)
- PSY 341 Abnormal Psychology (3)

Select five credits from among the following courses:

- CHS 312 Counseling Diverse Populations (2)
- CHS 410 Family Counseling (3)
- CHS 413 Counseling the Elderly (2)
- CHS 417 Counseling Adolescents (3)
- CHS 420 Counseling Children (3)

Developmental Psychology Minor (18 credits)

Purpose. The purpose of the Developmental Psychology Minor is to equip students with a basic theoretical foundation for understanding issues in developmental psychology.

Student Learning Objectives. The Developmental Psychology Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students compare and contrast the varieties of theories and techniques employed in life-span development.

Objective 3: Students analyze and utilize scholarly research to explore contemporary issues in developmental psychology.

Required Courses:

CHS 310 Prenatal Development (2)

CHS 413 Counseling the Elderly (2)

CHS 417 Counseling Adolescents (3)

CHS 420 Counseling Children I (3)

PSY 204 Developmental Psychology (3)

PSY 305 Adolescent Psychology (3)

CHS or PSY elective (2)

Human Services Skills Minor (17 credits)

Purpose. The purpose of the Human Services Skills Minor is to equip students with a basic theoretical foundation for understanding issues in human relations and related fields.

Student Learning Objectives. The Human Services Skills Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 3: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Required Courses:

CHS 211 Introduction to Counseling (3)

PSY 204 Developmental Psychology (3)

Select one of the following courses:

PSY 315 Group Dynamics (2)

PSY 425 Interpersonal Effectiveness (2)

Select one of the following courses:

- CHS 202 The Family (3)
- CHS 396 Counseling Theory & Procedures (3)
- PSY 200 Social Psychology (3)
- PSY 305 Adolescent Psychology (3)
- PSY 341 Abnormal Psychology (3)
- PSY 442 Personality Theory (3)

Select six credits from among the following courses:

- CHS 312 Counseling Diverse Populations (2)
- CHS 396 Counseling Theory & Procedures (3)
- CHS 410 Family Counseling (3)
- CHS 413 Counseling the Elderly (2)
- CHS 417 Counseling Adolescents (3)
- CHS 420 Counseling Children (3)
- PSY 200 Social Psychology (3)
- PSY 305 Adolescent Psychology (3)
- PSY 341 Abnormal Psychology (3)
- PSY 442 Personality Theory (3)

Psychology Minor (17 credits)

Purpose. The purpose of the Psychology Minor is to equip students with a basic theoretical foundation for understanding issues in developmental psychology.

Student Learning Objectives. The Psychology Minor builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

- Objective 1:* Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.
- Objective 2:* Students compare and contrast the varieties of theories and techniques employed in psychology.
- Objective 3:* Students analyze and utilize scholarly research to explore contemporary issues in psychology.

Required Courses:

- CHS 202 The Family (3)
- PSY 204 Developmental Psychology (3)
- PSY 341 Abnormal Psychology (3)

Select one of the following courses:

- PSY 200 Social Psychology (3)
- PSY 442 Personality Theory (3)
- CHS and/or PSY electives (5)

Point University
College of Social & Behavioral Sciences
Sociology & Social Work Department

DEPARTMENT CHAIR: AISHA WILLIAMS, PH.D., LMSW

Academic Programs

The Sociology & Social Work Department oversees the following academic programs. Baccalaureate programs include a Biblical Studies Minor.

 ACADEMIC PROGRAMS					
OG = On-ground format, West Point PC-G = <i>Point Connect Ground</i> format featuring a weekly 2-hour on-ground class session at a Point site supplemented by online learning		ONL = <i>Point Online</i> asynchronous format—the most common format used in online programs PC-V = <i>Point Connect Virtual</i> format featuring a weekly 2-hour virtual meeting or videoconference supplemented by online learning * = planned program not yet launched

Bachelor's Degree Programs

***Bachelor of Science in Sociology
with Social Work Specialization
(on-ground)***

Program Coordinator: Aisha Williams, Ph.D., LMSW

Overview. The B.S. in Sociology with Social Work Specialization program equips students with skills for entry-level positions in the helping professions. The program requires

studies in Sociology, Social Work, and related fields. Graduates are prepared for post-graduate education in Sociology or related fields. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.S. in Sociology with Social Work Specialization in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials.

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Sociology with Social Work Specialization program is to equip students with skills for entry-level positions in the helping professions and to prepare students for graduate-level studies.

The Sociology Major with Social Work Specialization builds on Point University’s mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Understand the history and evolution of the discipline of sociology;

Objective 2: Demonstrate a knowledge of the core concepts and theories in the field of sociology;

Objective 3: Think sociologically, to identify the various social forces or conditions which hinder or help;

Objective 4: Analyze the relationships among the various social institutions;

Objective 5: Demonstrate the actions of a competent professional who respects and appreciates social and cultural diversity; and

Objective 6: Communicate effectively in written and oral presentations in academic and business settings.

Required Courses. The B.S. in Sociology with Social Work Specialization program consists of the following courses:

General Education Core (32 credits)

Essential Skills

EFT 101 Effective Thinking	1
ENG 101 Critical Reading & Writing I	3
ENG 102 Critical Reading & Writing II	3
COM 205 Public Speaking	3

Humanities & Fine Arts

Select 6 credits from the following HFA core course from at least two different areas/prefixes: 6

Bachelor of Social Work (B.S.W.) (online)

(SACSCOC approval received, seeking CSWE approval*)

Program Director: Aisha Williams, Ph.D., LMSW

Program Mission and Overview. The Bachelor of Social Work (B.S.W.) program prepares students through the Generalist Social Work model to effect positive change within individuals, groups, organizations, and communities by engaging those systems to promote the well-being of individuals and society as a whole. In accordance with Point's mission to "educate students for *Christ-centered* service and leadership," the program encourages students to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world.

Building on the liberal arts foundation provided by the General Education Core, the Social Work Major employs the person-in-environment framework to prepare students to recognize, support, and build resiliency in all human beings. Graduating students are prepared to engage in research-informed generalist social work practice and to advocate

for human rights and social and economic justice. They may work with diverse populations in a variety of helping professions as advocates, mediators, negotiators, community liaisons, human service workers, group workers, program coordinators, community organizers, and mental health workers. The B.S.W. program also prepares students for state licensure (see below), for developing a specialization, and for graduate studies in Social Work and related fields (for which B.S.W. graduates often receive advanced standing).

Social Work Licensure. Many states require licensure or certification to operate as a social worker. Requirements vary depending on state regulations, the social worker's chosen scope of practice and specialization, and other factors. Before beginning a social work program, students should familiarize themselves with requirements for their desired area of practice. The website www.SocialWorkLicensure.org provides a state-by-state licensure guide, including state licensure and certification requirements, education requirements, exam requirements, reciprocity licensure information, and professional organization contacts. The student's chapter of NASW, the National Association of Social Workers (<https://www.socialworkers.org>), may also be a helpful resource. The NASW offers several specialty certifications for social workers, including four at the bachelor's level (<https://www.socialworkers.org/Careers/Credentials Certifications>).

Many states require social workers to hold a degree from a social work program professionally accredited by the Council on Social Work Education (<https://cswe.org>) or CSWE. Point has aligned its B.S.W. program with CSWE standards (see below under "Accreditation") and licensure requirements set by the Georgia Board of Professional Counselors, Social Workers, and Marriage and Family Therapists (<http://sos.ga.gov/index.php/licensing/plb/43>). One of the first courses in the Social Work Major (SOWK 301 Introduction to Social Work) includes an overview of licensure requirements. Students may also seek information from Point's B.S.W. program coordinator.

***Accreditation.** Point University launched its Bachelor of Social Work (B.S.W.) program in 2019-2020. The university has received approval from its SACSCOC institutional accrediting body to offer this program. Point is also seeking professional accreditation from the Council on Social Work Education (<https://www.cswe.org>) with the aim of achieving initial accreditation by the time the first students graduate. Point has aligned its Social Work Major with CSWE's nine Core Competencies and other standards, so that the program will prepare students for licensure as a social worker. In February 2020 the CSWE Commission on Accreditation granted candidacy status to Point's B.S.W. program (see <https://www.cswe.org/Accreditation/Information/COA-Decisions/COA/February-2020-COA-Decisions>). For updates on Point's CSWE accreditation progress, contact Dr. Aisha Williams, BSW program director and chair of the Sociology & Social Work Department (Aisha.Williams@Point.edu).

Modalities. Point University offers the Bachelor of Social Work program in fully-online asynchronous format, with the exception of the on-ground Social Work Field Seminar and internship at the end of the program. *Point Online* students engage in asynchronous learning through a website that facilitates interaction with their instructor and classmates throughout the week. Students may complete the seminar and internship at a Point-approved site near their home under a Point-approved field supervisor. For more information regarding the seminar and internship, see below.

Program Mission and Purpose, Goals, and Student Learning Objectives

Mission. The mission of Point University's Bachelor of Social Work (B.S.W.) program is to prepare students through the Generalist Social Work model to effect positive change and improved physical, psychological, material, relational, and spiritual well-being within diverse individuals, families, groups, organizations, communities, and the global human population. Building on the liberal arts foundation provided by the General Education Core and spiritual formation supported by the Biblical Studies Minor, the Social Work Major employs the person-in-environment framework to prepare students to recognize, support, and build resiliency in all human beings. Graduating students apply research-informed, legally and ethically sound, highly contextualized prevention and intervention strategies that promote human rights and human dignity, respect for human differences, and social and economic justice. In accordance with Point's mission to "educate students for *Christ-centered* service and leadership," the program encourages students to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world.

The Social Work Major, the professional component of the B.S.W. degree, builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following goals and student learning objectives:

Goal 1: The program will equip students with theoretical and philosophical foundations for generalist social work practice, including a legal, ethical, and theological framework for service.

Objective 1.1: Students explain major elements of the physiological, psychological, sociological, and spiritual development of human beings.

Objective 1.2: Drawing upon major theories and research into human behavior in their social environment, students distinguish between healthy and unhealthy patterns of life that contribute to social problems and community success.

Objective 1.3: Students demonstrate a foundational working knowledge of major theories undergirding the social work profession, including person-in-environment and other multidisciplinary frameworks, theories of human need and human rights, and concepts of social and economic justice.

Objective 1.4: Students demonstrate a foundational working knowledge of the legal and regulatory environment for social work, including scope of practice and licensure issues, relationship to other disciplines, and social welfare structures and policies at the federal, state, and local levels.

Objective 1.5: Students demonstrate a foundational working knowledge of models for ethical decision making in social work, including the NASW (National Association of Social Workers) Code of Ethics.

Objective 1.6: Students develop their personal philosophy of generalist social work practice, integrating faith and vocation. (Alongside the Social Work Major, the Biblical Studies Minor also supports this

learning objective—particularly THEO 405 Christ, Culture & Career.)

Goal 2: The program will develop professional skills, attitudes, and behaviors essential for effective generalist social work practice.

Objective 2.1: Students practice reflection and self-regulation to manage personal values and maintain professionalism in practice situations.

Objective 2.2: Students demonstrate effective engagement skills—such as listening, reflection, interviewing, counseling, group facilitation, and relationship-building—in serving diverse individuals, families, groups, organizations and communities.

Objective 2.3: Students demonstrate effective assessment and case management skills by designing appropriate packages of services to meet the needs of diverse individuals, families, groups, organizations and communities.

Objective 2.4: Students implement effective evidence-informed intervention strategies for positive change in diverse individuals, families, groups, organizations and communities.

Objective 2.5: Students evaluate processes and outcomes to advance practice, policy, and service delivery to diverse individuals, families, groups, organizations and communities.

Objective 2.6: Students critically evaluate and apply quantitative and qualitative research methods and findings, including statistical analyses, to inform and improve generalist theory, practice, policy and service.

Objective 2.7: Students use supervision and consultation to guide their professional judgment and behavior, and they actively engage in appropriate inter-professional collaboration to address human needs and achieve the most beneficial outcomes.

Objective 2.8: Students advocate for the vulnerable and actively engage in practical strategies for promoting human rights and social and economic justice.

Objective 2.9: Students consistently conduct themselves in a legal and ethical manner in accordance with Christian values, the NASW (National Association of Social Workers) Code of Ethics, and other standards appropriate for the context.

Goal 3: Beyond graduation, the program will continue to offer students educational and professional support through (1) ongoing faculty mentoring, (2) career counseling and placement assistance in cooperation with Point's center for calling and career, (3) encouraging membership in professional organizations consistent with students' career goals, and (4) professional development workshops and other opportunities for continuing education.

Required Courses. The Bachelor of Social Work program consists of the following courses:

General Education Core (31 credits)

Essential Skills

APSP 105 Introduction to Adult Learning	3
APSP 110 Effective Thinking	3

General Electives (20 credits)

General electives	<u>20</u>
-------------------	-----------

TOTAL DEGREE CREDITS:**120****Writing Emphasis course*

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Satisfactory Academic Progress. Students must earn a minimum cumulative grade point average of “C” (2.00) for all courses in the degree and “B” (3.00) for all courses in the *Social Work Major* in order to graduate with the Bachelor of Social Work (B.S.W.) degree.

Credit for Prior Learning. In accordance with the policy of the Council on Social Work Education (CSWE), Point University does not grant course credit for life experience or previous work experience for any professional courses in the Social Work Major. Likewise, the BSW program does not accept transfer credits in place of the following practice courses because faculty must personally assess students’ knowledge base and skill level before approving them for field education among the public: SOWK 440 Social Work Practice I: Individuals & Families, SOWK 450 Social Work Practice II: Groups & Organizations, SOWK 460 Social Work Practice III: Communities, SOWK 497 Social Work Field Seminar, SOWK 498A Social Work Internship I: Fieldwork and SOWK 498B Social Work Internship II: Fieldwork. Other forms of credit for prior learning may apply, including transfer credits from other universities for other types of courses. (See “Credit for Prior Learning” in the section of this catalog focusing on “Academic Policies & Procedures.”)

Social Work Field Seminar and Internship. The B.S.W. program concludes with a Social Work Field Seminar, in which students shadow an experienced professional in a direct service setting, followed by a Social Work Internship in which students practice generalist social work competencies and demonstrate their ability to integrate theory into practice. Students complete both experiences under the mentorship of a Point instructor and a licensed social worker serving as field supervisor. Students are responsible for identifying potential sites (preferably near their home) and inquiring about potential field seminar and internship opportunities. The supervisor must be a licensed social worker who holds a bachelor’s or master’s degree in social work from a CSWE-accredited

program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the social work program director two sessions (16 weeks) prior to the start of the seminar. Point faculty assist with arrangements once the supervisor and site are confirmed. During the Internship, students complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. For more information, see the *BSW Field Education Manual*, available from the social work program director (Aisha.Williams@Point.edu).

Social Work Professional Organizations. The faculty strongly encourages all students enrolled in social work programs to join (as student members) the professional organizations that most closely align with their career goals and interests. Examples include:

- National Association of Social Workers (www.socialworkers.org)
- North American Association of Christian Social Workers (www.nacsw.org)
- National Association of Black Social Workers (<http://nabsw.org>)
- Latino Social Work Organization (<http://lswo.org>)
- National Association of Puerto Rican and Hispanic Social Workers (<http://www.naprhsw.com>)
- Association for the Advancement of Social Work with Groups (<http://www.iaswg.org>)
- American Case Management Association (<https://www.acmaweb.org>)
- Social Welfare Action Alliance (<http://www.socialwelfareactionalliance.org>)

ACADEMIC POLICIES & PROCEDURES

Behavioral Standards and Disciplinary Procedures

Student Conduct. Students, by their voluntary membership in Point's Christian community, assume responsibility to abide by all University regulations found in the *Point University Honor Code* and *A Covenant for Christian Community* available on the "Spiritual Formation" page of the Point website (<https://point.edu/student-experience/spiritual-formation>).

Academic Integrity. Because Point seeks to develop mature Christian leaders and scholars, the university strictly upholds the principles of truth, honesty, diligence, and academic integrity. The primary rule of academic integrity is that all members of the university community must do their own work, executed to the best of their ability, exclusively for the assignment for which it is presented, in order to achieve the full development of each student's potential. Examples of academic misconduct include but are not limited to:

- *Plagiarism.* Students commit plagiarism when they deliberately submit the work of someone else as their own. This offense may involve either submission of work created by someone else or directly copying work from someone else without proper attribution. Plagiarism can also occur when paraphrasing the work of another without properly attributing and documenting the source. Reusing one's own work from other courses without explicit permission from the instructor is "self-plagiarism." For demonstrable plagiarism in an assignment, students receive a minimum penalty of a grade of "F" for that assignment. The penalty may also include failing the course. The matter will be reported to the chief academic officer (CAO). Disciplinary action may lead to suspension or dismissal from Point University.
- *Unauthorized Collaboration.* In the preparation of any assignment, a student shall not receive assistance not authorized by the instructor. A student shall not give unauthorized assistance to another person in such preparation.
- *Other Violations of Academic Integrity.* Examples of other forms of academic dishonesty include, for example, (1) padding a bibliography by adding resources not actually used in the paper; (2) buying, selling, loaning, or sharing a copy of an examination or information about an examination, whether past or current; (3) copying another student's work on an exam; (4) giving answers to another student during an exam; (5) using unauthorized notes during an exam; and (6) working on the same homework with other students when the instructor does not allow it.

Other Forms of Misconduct. Point students should also refrain from other forms of detrimental behavior, such as (1) providing false or inaccurate information to an instructor or other academic personnel, including marking an attendance sheet for an absent

student; (2) altering an academic transcript, grade report, or other University document; (3) disrupting a classroom, field trip, advising, or other academic activities on campus, off campus, or online; (4) being rude or disrespectful toward an instructor or fellow student; (5) inattentiveness or sleeping in class; (6) misusing technology in class by, for example, employing a cell phone or laptop computer for non-class-related purposes; (7) engaging in non-class-related work or activities during class; (8) having children in the classroom during class hours or unescorted children in Point University buildings at any time; and (9) other inappropriate, disruptive, or destructive behaviors. *The Point Community Honor Code* includes examples of minor offences, major offenses, double major offences, and offences that may result in automatic suspension. Students may access the *Honor Code* through the “Spiritual Formation” page of the Point website (<https://point.edu/student-experience/spiritual-formation>).

Reporting Misconduct. Point views violations of behavioral standards as a serious problem and an affront to the entire University community. When a faculty member, staff member, or student becomes aware of serious misconduct, that person should report the misbehavior to the course instructor or other appropriate University official.

Disciplinary Action for Academic Misconduct. Academic misconduct in a course is first addressed by the instructor. A professor has the prerogative to take a variety of actions, as appropriate, including but not limited to counting the student absent, requiring work to be redone in whole or part, requiring additional work, giving a lower or failing grade for an assignment or test, requiring the student to leave a class session or event, withdrawing the student from the course, and/or awarding an immediate failing grade for the course.

In all cases of academic misconduct, the instructor informs the chief academic officer (CAO) in writing of the occurrence and how it was resolved at the course level. The CAO maintains records and documentation of all instances of academic dishonesty. If a student’s academic dishonesty appears egregious or repeated, the CAO has the prerogative to pursue disciplinary action beyond that of the instructor, including adjudication by the faculty judiciary committee and suspension of enrollment. For the first offense of academic dishonesty, the student is subject to disciplinary action by the instructor. For a second offense, the student typically receives a failing grade for the course in which the academic dishonesty occurred. In most cases of a third offence, the CAO suspends the student from Point University.

Appeals for Academic Misconduct. A student who believes an error has been made by an instructor in a case of misconduct (e.g., a student who denies the misconduct, disputes the facts of the case, or believes the sanction inappropriate) may appeal the decision and corrective action of an instructor to the chief academic officer (CAO). The student must make the appeal in writing, present evidence of the alleged error, and submit it to the CAO within one week of the instructor’s decision. The student should submit a duplicate copy of the appeal letter to the instructor. The CAO will investigate and respond to the appeal within seven business days. The student may and should continue attending and participating in the course while an official appeal is pending.

A student may appeal a decision by the CAO regarding academic misconduct to the faculty judiciary committee. Within three days of the CAO’s decision, the student must present the appeal in writing to the vice president for spiritual formation, Mr. Wye Huxford

(Wye.Huxford@Point.edu). The decision of the judiciary committee will be final in cases that do not end in suspension.

A student may appeal dismissal from Point University to the president. The student must present the appeal in writing within three days of notification. The president's decision is final.

Disciplinary Action and Appeals Process for Other Forms of Misconduct.

Members of the Point staff, such as the chief academic officer, dean of students, athletic director, and faculty judiciary committee, are empowered to enforce behavioral standards. *The Point Community Honor Code* includes examples of minor offences, major offenses, double major offences, and offences that may result in automatic disciplinary suspension from the university. It also outlines discipline procedures and the appeals process. Students may access the *Honor Code* through the "Spiritual Formation" page of the Point website (<https://point.edu/student-experience/spiritual-formation>).

Student Communications

All electronic communications from the university are sent to students' official Point University email addresses. Students are responsible for checking their University email daily.

Education Sites

Sites. Point University operates on-ground academic programs at multiple locations, including its main campus in West Point, Georgia. Point also offers online programs through which it extends its educational mission across the nation and around the world. For further information on each Point location, see the section of this catalog describing "One University, Multiple Sites" (found above under "General Information Point University").

Student Support Centers. Point's larger sites in West Point, Peachtree City, and Savannah, Georgia, include well-equipped classrooms, computer labs, and office spaces. These sites serve as support centers for both on-ground and online students. Students are generally served by personnel based at the site closest to their home.

Every site is equipped to serve as a support center for both on-ground and online students. Students are generally served by personnel based at the site closest to their home. Students may complete courses needed for graduation at any site offering those courses.

On-Ground Students Enrolled in Online Programs

On-Ground and Online Student Support Services. Since Point serves both on-ground and online students, the university makes all its essential support services available both on-ground and "virtually" via the Internet. Examples include admission, financial aid, advising, library, learning assistance, disability, counseling, career, and technical support services.

Point makes additional services available to on-ground residential and commuter students at the West Point campus. Examples include housing, parking, shuttle, food service, campus security, athletics, marching band, and social/spiritual formation programs.

For more detailed discussion of services, see the section of this catalog focusing on “Student Support Services.”

Tuition Rates for On-Ground and Online Students. Undergraduate students enrolled in online programs pay a lower tuition rate than residential students enrolled in on-ground programs at West Point. The rates differ based on student services for the two modalities. Online undergraduate programs are less expensive than on-ground programs because online students do not require the dormitories, cafeterias, athletic facilities, chapel buildings, and certain other services used by on-ground students.

For more detailed discussion of tuition and fees, see the section of this catalog focusing on “Student Costs & Financial Aid.”

On-Ground Students Taking Online Courses. With permission from the registrar and their academic advisor, on-ground students sometimes enroll in online courses or programs. For example, the university currently offers its Information Technology Major only in online format. Thus, an on-ground student athlete living on the West Point campus might earn the B.S. in Information Technology degree by completing the General Education Core and Biblical Studies Minor on ground, and then completing the Information Technology Major online.

Tuition Rates for On-Ground Students Taking Online Courses. Point’s student billing and payment center charges tuition and assigns students a “payment plan” *based on whether or not they use the on-ground support services in West Point*. Thus, if on-ground residential or commuter students include online courses in their schedule, they pay the on-ground rate for *all* courses because they utilize on-ground student services. In other words, Point charges tuition and fees based on the student’s on-ground or online “payment plan,” rather than on the modality of a given course.

Academic Calendar

University Calendar Structure. Point University operates year-round on an academic calendar organized as follows:

FALL TERM (16 weeks)		SPRING TERM (16 weeks)		SUMMER TERM (16 weeks)	
Fall 1 (8 weeks)	Fall 2 (8 weeks)	Spring 1 (8 weeks)	Spring 2 (8 weeks)	Summer 1 (8 weeks)	Summer 2 (8 weeks)

Traditional Academic Year

- Each calendar year includes three 16-week “terms” (*excluding school holidays and special events*). “Spring Term” typically extends from early January through early

May, “Summer Term” from early May through late August, and “Fall Term” from late August through mid-December.

- Each 16-week term includes two 8-week “sessions” referred to as “Spring 1, Spring 2, Summer 1, Summer 2, Fall 1, and Fall 2.”
- For purposes of state and federal financial aid, Point is an attendance-taking school and students are considered to be on a “standard term semester system.”
- For undergraduate students, 12 credits per term constitute “full-time” status. For master’s students, 6 credits per term constitute “full-time” status.

Within this common University framework, Point offers courses of varying lengths according to the needs of a given academic program.

8-Week Session-Length Courses. Point University offers almost all of its courses within the session structure, making them 8 weeks in length. Please note:

- Undergraduate students enrolled in *Point Online* or *Point Connect* programs typically complete one or two courses each 8-week session *year-round*. Students must complete at least 12 credits per 16-week term to qualify as “full-time” students for purposes of financial aid. New online students may enroll at the beginning of any 8-week session year-round (a “continuous enrollment” model).
- Undergraduate students enrolled in *on-ground, residential programs at the West Point campus* typically complete two or three 8-week courses each session during *Fall and Spring Terms only* (the “traditional academic year”), taking a break during Summer Term (with optional “summer school” courses available). They too must complete at least 12 credits per 16-week term to qualify as “full-time” students for purposes of financial aid. New on-ground students may enroll at the beginning of Fall Term or Spring Term, the times of year when campus services are ready to receive them.
- Graduate students typically complete one 8-week course each session *year-round*. They must complete at least 6 credits per 16-week term to qualify as “full-time” students for purposes of financial aid.
- The first week of an 8-week session or 16-week term always begins with new student orientations on Monday and Tuesday followed by a half week of courses extending from Wednesday through Sunday. During this half week students must attend on-ground class sessions and/or log onto their online course websites, introduce themselves to their instructor and fellow learners, review course syllabi, participate in course orientations, complete any initial assignments, and work ahead if they wish. Most instructors do not make *major* assignments due during this half-week to give students time to get oriented and plan their educational strategy.
- The remaining seven course “weeks” always begin on Monday and end on Sunday. They include a variety of focused learning activities.
- The Academic Calendar (see below) specifies course start and end dates, add/drop/withdrawal deadlines, holidays and breaks, and key events for students operating within the 8-week session structure.

- If a major holiday (most often July 4 or Independence Day) falls on a day of the week when a *Point Connect* live class session normally meets, Point will cancel the synchronous class session and conduct all learning activities in asynchronous online format during that week.

16-Week Term-Length Courses. Due to the nature of the course content, Point offers some on-ground courses in West Point in a 16-week term-length format. Thus, on-ground students may be enrolled in both 8-week and 16-week courses within the same term. The 16-week courses operate in much the same way as 8-week courses (described above), but with different deadlines as shown on the calendar (see below).

Dual Credit Enrollment (DCE) courses are also offered in a 16-week term-length format aligned with the calendar of the host school.

Current Academic Calendar. Point University academic calendars for 2020-2021 and 2021-2022 appear in this *Catalog* under “Introduction to Academics.”

Credit Hour Definition and Time Commitments

Point students earn “credit hours” or “credits” by successfully completing university courses. Most Point courses are 3-credit courses. The university defines a “credit hour” in a manner consistent with traditional practice in the United States (the “Carnegie Unit”) and with regulations issued by the U.S. Department of Education.

Undergraduate Credit Hour. At the undergraduate level, Point University defines a “credit hour” to include about 37.5 clock hours of learning activities, including live class sessions and/or online assignments. Accordingly, a typical 3-credit course represents a total average time commitment of about 112.5 hours (37.5 hours x 3 credits). The weekly time commitment required to complete a course depends on the length of time allotted for the course:

- *For on-ground students completing courses within a 16-week term*, a single 3-credit course represents an average time commitment of 8 hours per week. Two 3-credit courses represent a time commitment of about 15 hours per week. Three 3-credit courses represent a time commitment of about 22 hours per week. Four 3-credit courses (12 credit hours or “full-time” status) represent a time commitment of about 30 hours per week. Five 3-credit courses represent a time commitment of about 37 hours per week. Students should budget their time accordingly.
- *For on-ground and online students completing courses within an 8-week session*, a single 3-credit course represents an average time commitment of 14 hours per week. Two 3-credit courses represent a time commitment of about 28 hours per week. Three 3-credit courses represent a time commitment of about 42 hours per week. To meet these requirements, most students devote several hours each weekday plus a significant portion of the weekend to their studies. Most working adults on the undergraduate session system enroll in only two courses per 8-week session, which gives them “full-time” status.

Graduate Credit Hour. At the graduate level, Point defines a “credit hour” to include a minimum of 50 clock hours of learning activities per session. Accordingly, a typical 3-credit course represents a time commitment of about 150 hours per 8-week

session (50 hours x 3 credits) or 18 hours per week (150 hours / 8 weeks). Two 3-credit courses represent a time commitment of about 36 hours per week.

Course Loads and Student Time Commitments. When registering for courses, students should weigh multiple factors, such as the time required each week to complete those studies, the length of time to graduation under a lighter or heavier course load, and the number of credits required for “full time” status and financial aid. Helpful information appears below under “Course Loads, Overloads, and Full-Time Student Status.” Academic advisors stand ready to assist students with their academic planning.

Academic Advising

Declaring Programs, Majors, and Minors. Each degree-seeking student chooses a program of study, major, and/or minor when admitted or as soon as possible thereafter. For policies concerning “Majors and Minors,” see the section of this catalog titled “Introduction to Academics.”

For purposes of academic planning and financial aid, Point recommends that students seeking a bachelor’s degree declare their desired major and/or minor(s) as soon as possible. However, if they have not yet done so, they are placed into a “General Studies” track until they declare their program. For more information, see the policy on “General Studies for Degree-Seeking Students with Undecided Major” discussed in the portion of this catalog focusing on the Humanities Department within the College of Arts & Sciences.

Students may change programs, majors, and minors by completing the *Continuance/Degree Change Form* ([http:// intranet. point.edu/degree-change](http://intranet.point.edu/degree-change)) and submitting it to the registrar office. Point recommends that students first discuss the proposed change with an academic advisor by contacting the academic advising center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Academic Advising. Point University students receive academic advising from the academic advising center (AAC) and their faculty advisor (usually an instructor with expertise in their major area of study). The AAC is located on the West Point campus in rooms 122 and 123 of the Lanier Academic Center. Students may interact with an academic advisor by telephone, email, videoconference, or face-to-face at the academic advising center:

Academic Advising Center
Lanier Academic Center, West Point Campus
Telephone: Office (706) 385-1018
Email: Advising.Center@Point.edu

Dr. Kate Nelson, Academic Advisor
Lanier Academic Center, West Point Campus, Room 122
Telephone: Office (706) 385-1248
Email: kate.nelson@Point.edu

Ms. Sandra Tyner, Academic Advisor
Lanier Academic Center, West Point Campus, Room 123
Telephone: Office (706) 385-1044
Email: sandra.tyner@Point.edu

Academic advisors—in conversation with faculty—assist students in developing their *initial* course schedule or “plan of study.” Once students are enrolled, the academic advising center and faculty advisors provide academic advising each term on request. AAC staff guide students through their educational programs by providing on-ground and online student orientations, explaining requirements and procedures, suggesting coursework appropriate to students’ career as guided by the faculty, aiding with course registration, and recommending ways to improve academic performance. They also link students with other support services, such as financial counseling, learning assistance, disability services, and career services.

Alongside the academic advising center, faculty advisors provide guidance regarding academic matters such as course selection, progress in the student’s chosen degree program, professional development, and career preparation. The center for calling and career also assists with career counseling.

Both academic advisors and faculty advisors are available to students at any time. Academic advisors maintain an especially high level of involvement during students’ time in the lower division (freshmen and sophomores). Faculty advisors maintain an especially high level of involvement during students’ time in the upper division (juniors and seniors) and graduate school.

Student Responsibilities. Prior to registration for each term, students communicate with the academic advising center and/or their faculty advisors concerning their status and upcoming courses. However, *students are ultimately responsible for their own academic progress*. The following list outlines students’ responsibilities in the advising process:

- Read the *Academic Catalog* and other academic information provided by Point University.
- Know and comply with all current policies, procedures, and requirements for earning a degree—including internship and practicum requirements.
- Review the course schedule and discuss course options with faculty advisors and/or a member of the academic advising center staff.
- Contact the academic advising center in a timely fashion for registration, advising, and other necessary consultations.
- Obtain, complete, and submit all forms needed for registration, course changes (audit, add, drop), graduation, and related matters, according to the deadlines set by the registrar.
- Contact the academic advising center immediately with concerns about academic progress in particular courses or progress toward a degree.

Course Registration

On-Ground Student Course Registration. New on-ground students at West Point participate in “Starting Point” events on campus before registering for their first term. Returning students register online for the next term during the registration period. The registrar staff notifies students of registration dates and processes through their Point

email accounts. Registration dates also appear on the academic calendars in this *Catalog* or on the university website (<https://point.edu/academics/academic-calendar>). Students may contact the registrar office or academic advising center for questions or directions on registration.

Students who have not registered previously may do so during the first week of the term, known as the “drop/add period.” See the academic calendar for dates.

Depending on the student’s program, registration may also include other preparations, such as participating in orientation sessions and making financial arrangements. Students who do not complete necessary arrangements will be withdrawn from the university by the add/drop date.

During the first year, most undergraduate students at West Point schedule their courses in keeping with the General Education Core courses. In later years, they select courses appropriate for their major program of study. Students may consult with the academic advising center and faculty advisors, but students themselves bear responsibility for enrolling in required courses at the appropriate times in order to reach graduation.

Through Campus Nexus (the online enrollment management system used by Point University), students may track their degree progress, view courses scheduled for upcoming terms, and plan their course of study. If students have questions, they should contact the academic advising center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Online Student Course Registration. Online students are required to register for courses prior to the beginning of each term or session. Registration for the next term typically begins shortly after the midpoint of the current term. They register through the registrar office. Academic advisors notify students of registration dates and processes through their Point email accounts. The student services office can also answer questions about registration (telephone 706-385-1018; email Advising.Center@Point.edu or Point.Registrar@Point.edu).

Students who have not registered previously may do so during the first week of the session, known as the “drop/add period.” See the academic calendar for dates.

Depending on the student’s program, registration may also include other preparations, such as participating in online orientation sessions and making financial arrangements. Students who do not complete necessary arrangements will be withdrawn from the university by the add/drop date.

At the time of their initial enrollment, academic advisors assist online students in developing a course schedule, or “plan of study,” covering their entire program—a complete “roadmap” from initial enrollment to graduation. Such advance planning is necessary to achieve optimum scheduling and course sequencing for a given student. Academic advisors check with students prior to each session before registering them for the next courses in their plan. Students typically complete foundational General Education Core courses first before progressing into more advanced professional courses and general electives.

Through Campus Nexus (the online enrollment management system used by Point University), students may track their degree progress, view courses scheduled for upcoming terms, and plan their course of study. If students have questions, they should contact the

academic advising center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Course Loads and Student Time Commitments. When registering for courses, students should weigh multiple factors, such as the time required each week to complete those studies, the length of time to graduation under a lighter or heavier course load, and the number of credits required for “full time” status and financial aid. Helpful information appears above under “Credit Hour Definition and Time Commitments” and below under “Course Loads, Overloads, and Full-Time Student Status.” Academic advisors stand ready to assist students with their academic planning.

Changes in the Student’s Plan of Study. Students may change their course schedule, or “plan of study,” during the registration period and at the beginning of the new session or term. To do so, they should contact the academic advising center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Directed Independent Studies

Individual students or groups of students may request a Directed Independent Study (DIS) under the supervision of a Point University instructor. Such studies provide an opportunity to remedy unavoidable course scheduling conflicts or to explore an area of interest not covered by Point’s standard curricula. They are not intended to remedy poor academic planning on the part of the student or merely as a personal convenience (e.g. enrolling in a DIS to avoid a late evening class). Students are responsible for arranging their schedules so as to complete required courses when they become available.

Students may request a DIS by contacting the registrar (telephone 706-385-1018; email Point.Registrar@Point.edu). The registrar then initiates the approval process with academic leadership. Point University can approve only a very limited number of DIS courses due to the already heavy demands on faculty members’ time.

Students are assessed a \$50 per credit DIS fee—above and beyond normal tuition—which compensates the faculty supervisor. The faculty department chair may waive the fee if Point created the need for the DIS through, for example, an unavoidable course scheduling conflict.

Applying Graduate Courses to Undergraduate Degrees (“Swing Courses”)

Point University occasionally allows junior or senior undergraduate students to enroll in master-level courses. Enrollment in these “swing courses” must be approved by the appropriate college dean and departmental faculty. Please note:

- Course descriptions appear near the end of this catalog. Approved “swing course” substitutions appear under “Special Considerations.” Students may also use “swing courses” as General Electives.
- To enroll in “swing courses,” an undergraduate student must hold a minimum cumulative grade point average (GPA) of 3.00.
- Students enrolled in a bachelor’s degree program complete such “swing courses” at the undergraduate tuition rate.

- The university allows a maximum of 12 graduate units to apply to a bachelor's degree and a maximum of 6 graduate units to apply to *both* a master's degree and a bachelor's degree.
- Students must earn a minimum grade of "B" to apply the graduate course to a master's degree.
- Completing "swing courses" does not exempt students from graduate admission requirements if they later decide to enroll in a master's degree program.

Auditing Courses

Audit Policy. Students may audit ("listen in on") Point University courses for personal enrichment without seeking academic credit. To audit a course, students must meet course prerequisites, secure written permission from the course instructor, register for the course, and pay the audit fee of \$70 per credit hour. The university at its discretion may limit the number of audit students in a given course. Students may not change from audit to credit status, or from credit to audit status, except during the drop/add period and with the permission of both the instructor and the registrar.

Audit students may attend class sessions, complete required readings, and participate fully in on-ground and online learning activities and group discussions. Written and/or graded assignments are optional. Instructors may voluntarily grade assignments submitted by auditing students and/or give feedback on progress, but they are under no obligation to do so. Students who audit a course do not receive a final letter grade. Instead, their transcripts indicate "Audit" (AU) in place of a grade. Audited courses may not be used to meet graduation requirements for any degree program.

Financial aid is not offered for course audits.

Applying to Audit a Course. Students who are not already enrolled at Point and who wish to audit a course should begin by contacting the admission office (telephone 706-385-1000; email Admission@Point.edu) or registrar (telephone 706-385-1018; email Point.Registrar@Point.edu). They must submit the following:

- The online *Application for Admission* available on the Point University website (<https://point.edu/apply>).
- A letter of intent explaining one's reason for auditing the course
- *Audit fee* of \$70 per credit hour
- *Fees for any textbooks or course materials* the auditing student wishes to purchase

Audit students must comply with Point University behavioral standards outlined above.

Textbooks and Materials

Textbook Service. Textbook services are offered through the Point University Store, powered by eFollett and located at 817 3rd Avenue in West Point (telephone 706-385-1491; email pointu@bkstr.com). Students may order texts and other course materials online through the Store's website (<http://www.point.edu/store>) or from other vendors. New, used, or eBooks are available based on supplies. Books will be shipped directly to the

student's home, office, or other designated site. The Store also stocks Point apparel, schools supplies, computer accessories, and a variety of other products.

For questions concerning texts required for a given course, contact the Point University Store.

Paying for Textbooks through Financial Aid Book Vouchers. Students who receive financial aid may request a book voucher to assist them in purchasing required textbooks and up to \$50 in supplies at the Point University Store. New students receive book voucher information in their online orientation course, from the financial aid office, and from the Point University Store. Information also appears on the Point website (<https://online.point.edu/new-students>).

Point applies financial aid funds to tuition and fees first. In submitting a book voucher application, students give the university permission to apply excess financial aid funds toward the advance purchase of books. Students may request a book voucher only once per 16-week term. Online students should therefore purchase books needed for both 8-week sessions of the term at the same time. Book vouchers are available from 10 days prior to the term start through the drop/add date for the first session.

Grading System

Grades and Quality Points. The *standard* 4-point grade scale for Point University appears on the table below. All Point instructors use this scale unless the unique demands of their subject matter require a different approach. In such cases, the alternative grade scale appears in the course syllabus. Professors then convert final grades to the letter grade and quality point system found on this table. Grades and quality points are recorded as follows:

Grade	Scale	Points	Description	Attempted Hours for financial aid Considerations
A	90-100	4.00	Excellent. Clearly stands out. Unusually sharp insight. Initiates thoughtful questions. Sees multiple sides of an issue. Speaks and writes logically and clearly. Integrates ideas from previous courses and other disciplines. Anticipates the next step in progression of ideas. Accomplishes significantly more than the minimum requirements. Work is of the highest quality.	yes
B	80-89	3.00	Above Average. Displays a strong grasp of all subject matter and an above average understanding of all basic concepts. An active listener and participant in class discussions. Accomplishes more than the minimum requirements. Work is of high quality.	yes

C	70-79	2.00	Average. Displays a satisfactory comprehension of subject matter and a general understanding of all basic concepts. Accomplishes the minimum requirements. Oral and written communication skills consistent with those expected of a university student.	yes
D	60-69	1.00	Below Average. Quality and quantity of work are barely acceptable.	yes
F	0-59	0.00	Failing. Quality and/or quantity of work are unacceptable.	yes
P		N/A	Passing. Does not affect GPA.	yes
A^		4.00	Transfer Course with grade of "A."	yes
B^		3.00	Transfer Course with grade of "B."	yes
C^		2.00	Transfer Course with grade of "C."	yes
P^		N/A	Passing Transfer Course. Does not affect GPA.	yes
AU		N/A	Audit. Not calculated in GPA (see policy on "Auditing Courses").	no
I-(grade)		N/A	Incomplete. Not calculated in GPA until final grade is awarded (see below).	yes
IP		N/A	In Progress. Typically used for courses that continue beyond one session; replaced with a grade at course completion. Not calculated in GPA until final grade is awarded (see below).	yes
R		see at right	Repeat. Averaged with original grade for students receiving the Georgia HOPE scholarship; replaces original grade for others.	yes
W		N/A	Withdrawn with Attendance before deadline. Not calculated in GPA.	yes
WF		0.00	Withdrawn Failing after deadline due to poor academic performance or other considerations. Treated as "F" for calculating GPA.	yes
WP		N/A	Withdrawn Passing before deadline. Not calculated in GPA.	no
WX		N/A	Withdrawn without Attendance before deadline. Not calculated in GPA.	no

Pass/Fail Grading. Some courses are designated as having pass/fail grading. In such a course, instructors record the student's grade as either "Pass" or "Fail." A grade of "Pass" for is given in lieu of "A" through "D" grades, appears as a "P" on the student's transcript, and does not affect the student's GPA. A grade of "F" for a pass/fail course is calculated in the student's GPA as any other failing grade. Adding or withdrawing from a pass/fail course is conducted on the same basis as other courses.

Credit hours for pass/fail courses carry full academic credit. They apply, for example, toward the satisfaction of degree requirements, the calculation of the student's academic load, and the required hours for graduation as otherwise appropriate.

Incomplete (“I”) Grade. All assignments not completed by the end of the term automatically receive the grade of “F” unless students successfully petition the instructor for the privilege of taking an Incomplete (“I”) grade. The “I” grade is a temporary grade indicating that work for the course is not yet complete, but is expected to be complete within a short period of time. This arrangement must be made *before* the end of the term.

Instructors *should* award an “I” when students are confronted with unavoidable life situations, such as a well-documented serious illness or a death in the family, that make it impossible for the student to complete their assignments before the end of the term. Instructors *should not* award an “I” merely to allow students to improve on a bad grade due to poor performance to that point. Nor should Incompletes serve as a remedy to laziness or poor planning on the part of the student. The instructor decides if the student's request for an Incomplete falls within these guidelines. Normally, the instructor will not approve an Incomplete unless the student has finished at least 75% of the coursework prior to the end date for the course.

If instructors believe the request is justified, they must submit to their department chair an *Incomplete Grade Form* (<http://intranet.point.edu/incomplete-grade-form>) with a course completion plan, timeline, and documentation supporting the request. The chair will grant or deny the petition. The student or instructor may appeal the chair's decision to the chief academic officer, Dr. Stephen Waers (Stephen.Waers@Point.edu).

The *Request Form* must include a plan and timeline for completing the remaining course requirements. Along with the “I,” the instructor must submit a letter grade based on *all* work assigned for the course, including zero (0) points for missing assignments “I-B,” “I-C,” “I-D,” “I-F” or for Pass/Fail courses “I-PA” or “I-FA”). For the purpose of calculating a student's GPA, an “Incomplete” grade is given the grade point value of the letter after the “I.” If the student does not submit those missing assignments by the deadline on the *Request*, the “I” will automatically and permanently convert to the letter grade submitted by the instructor. If the student does submit the missing assignments, the instructor adjusts the final grade accordingly.

Normally, instructors will grant an “I” for no more than 1-2 weeks. Ideally, students should plan to complete missing assignments by the end of the first week of the next session, so as not to be overly burdened for that session. An Incomplete may extend no more than 30 days beyond the last day of the course. The instructor and registrar are not responsible for notifying or reminding the student regarding an Incomplete.

“I” grades are awarded within the framework of the Point's Attendance Policy (see below). This means that students who exceed the total allowed absences for a course may not file an *Incomplete Grade Form*, but must withdraw from the course and retake it at a later time.

Change of Grade. Point may change an academic letter grade after the grade is submitted only if the case involves an instructor's error. Grades may also be amended following a successful academic appeal by the student (see below).

Academic Appeals Process. Students who believe an error has been made in grading or other academic rulings (e.g. academic dishonesty, unfair treatment by professor) have a right to appeal the decision. The academic appeals process will proceed as follows:

Informal. Students should informally seek a resolution with their instructor. If no resolution can be agreed upon, students may begin the formal process.

Formal. To initiate a formal appeal, students must contact the registrar and complete and submit the academic appeal form in full within 10 business days of the posting of the grade or other academic ruling. Incomplete forms will not be considered. Along with the form, students must submit any supporting materials they wish considered in the appeal (assignments, instructor feedback, correspondence with instructor, etc.). In order to expedite the appeals process, additional supporting materials will not be accepted after submission of the formal appeal.

1. Demonstrate that the appeal meets one of the following criteria:
 - a. Clear error in grading
 - b. Non-responsive or non-communicative instructor
 - c. Inconsistent application of policy
 - d. Instructor not abiding by terms laid out in syllabus
 - e. Account/access issues
 - f. Clear bias against student
2. Registrar
 - a. After the registrar receives the completed appeal packet, the registrar checks with instructor to make sure there were no errors of entry. If there were not, the appeal is forwarded to the department chair and dean.
 - b. The registrar staff does not make rulings. They fact-check and facilitate the formal process.
 - c. If either the department chair or dean is the instructor in question, the appeal goes to their supervisor to avoid conflict of interest.
3. Department Chair and Dean
 - a. Review appeal packet and provide a decision to the student within 10 business days of the receipt of packet from the registrar. Instructor, registrar and CAO copied on decision to student.
 - b. If the student considers the decision unjust, a second appeal to the registrar may be made within 10 business days of receiving the decision. In such a case, the registrar will pass the appeal and decision of the department chair and dean to the academic appeals committee.
4. Academic Appeals Committee
 - a. Composition: Three faculty members from three different colleges and one member of Point Academic Support Services; the chief academic officer (CAO) serves on the committee *ex officio* (5 members total)

- b. Meet, review, and decide on academic appeals within 10 business days of receipt.
- c. The decision of AAC is final and cannot be appealed.
- d. CAO notifies student of decision in writing, copies dean of college and registrar.
- e. Final decision and correspondence are added to academic appeals repository

How to Compute a Grade Point Average (GPA). The student's grade point average (GPA) is an important index to academic achievement. Students must maintain a minimum GPA to remain enrolled in the university or a given academic program (see below under "Academic Standing"). This average also determines the student's eligibility for academic honors and financial aid. In the example given below,

- The quality point value of the letter grade for each course (see above under "Grades and Quality Points") is multiplied by the number of credit hours in the course to determine the grade points for each course. Grades of "P," "R," "W," "WP," "WX" and the associated credit hours are not considered in calculating a student's institutional GPA.
- The total grade points for all courses divided by the total credit hours yields the grade point average or "GPA" ($42.0 \div 15 = 2.80$).

Course	Grade	Quality Points		Credit Hours	Grade Points for Course
ABCD 1001	A	4.00	x	3.0	12.0
ABCD 1002	B	3.00	x	3.0	9.0
ABCD 1003	C	2.00	x	3.0	6.0
ABCD 1004	C	2.00	x	3.0	6.0
ABCD 1005	B-	3.00	x	3.0	9.0
Totals:				15.0	42.0
				GPA:	2.80

- The grade point average students earn in a single term is called the "term GPA," while the GPA earned over the course of students' entire career at Point is called the "cumulative GPA."

Only credits and grades earned at Point University contribute to the student's cumulative GPA; transfer credits and grades are not used in calculating the Point GPA. However, credits and grades for transfer courses used to satisfy degree requirements are considered in determining graduation honors (described below under "Undergraduate Academic Honors").

Grade Information. Students may view their grades and transcripts at any time in the student portal on Campus Nexus, the online enrollment management system used by Point University.

Attendance Policy

Attendance Philosophy. Point's attendance regulations are based on the belief that students benefit from the discussion and interaction that take place within a community of learners. By missing live class sessions and/or online interactions, students experience a loss that may not be reflected in a final grade but is nevertheless real.

Attendance Policy and Allowed Absences. A student is expected to participate actively in each week of the course in which he or she is enrolled. Active participation each academic week includes submitting coursework in one or more of the following activities within the course during the week they are due: discussion forums, assignments such as (but not limited to) projects, papers, presentations, case studies, quizzes, or exams.

Students may be absent up to 25% of the course. After absences exceed 25% of the session or term's total—in either consecutive or cumulative days—the student will be withdrawn from the course roster and assigned a grade on the basis of work completed at the time of withdrawal unless, because of exceptional circumstances, prior arrangements have been made with the professor and the chief academic officer.

Students representing the university, such as student athletes, remain responsible for submitting work online within the week it is due to be counted present. No student will be disadvantaged while representing the university. However, the responsibility is on the student to notify faculty no later than one week before missing class for any reason, to ensure time for content to be made available to them and for make-up work to be considered and arranged. It is expected that students will limit their absences outside of these required absences, as they will be dropped if they exceed the allowed number of absences.

Due to the need for flexibility in response to COVID-19, this policy is temporary and may be changed in order to safeguard the health of students, staff and faculty. For more information regarding Coronavirus, please visit the Point University website at <https://point.edu/consumerinformation/coronavirus/>.

WARNING: *If students are “absent” for two consecutive weeks (14 consecutive days), it may trigger loss of financial aid even if they remain in the course. Contact the financial aid office for more information (email Financial.Aid@Point.edu; telephone 706-385-1018).*

Absence Appeals. Occasionally, students must exceed the total number of allowed absences due to *extreme circumstances beyond their control*, such as a tornado, or a serious illness or injury that puts them in the hospital for several weeks. In such cases, students may submit a written *Absence Appeal* to the registrar (Point.Registrar@Point.edu). Such petitions must include an explanation and appropriate documentation (e.g. a note from a physician) of the absences for which the students seek relief. If the registrar (in consultation with the instructor, department chair, and chief academic officer) grants the appeal, students incur no grade penalties for the absences.

“No Show” Policy. The last day to petition to drop a course without penalty is the second Wednesday after courses begin. After the drop date, students are billed for courses in which they are enrolled. For the full policy, see below under “Adding, Dropping, or Withdrawing from Courses.” See also the “Sample Applications” shown below.

***NOTE:** Due to the need for flexibility in response to the COVID-19 pandemic, this attendance policy is temporary and may be changed in order to safeguard the health of students, staff, and faculty. For more information regarding Coronavirus, please visit the Point University website at <https://point.edu/consumerinformation/coronavirus>.*

Severe Weather Policy

If severe weather causes Point to cancel classes or close offices, administrators will post official notices on the university website and designated social media outlets. Students may also register online to receive text message alerts through Point's e2Campus® messaging system (<https://point.edu/campus-alert>). Weather conditions at one's home or workplace may differ from those at the education site. Accordingly, Point encourages commuters to use good judgment in deciding whether or not to travel to campus in severe weather conditions. Students should communicate with instructors in such circumstances.

Late Assignment Policy

Students should submit all course assignments by the due dates to receive full credit and avoid falling behind. Later assignments often build on earlier assignments.

For online courses, all weekly assignments are due by midnight on Sunday unless stated otherwise in the course syllabus. Deadlines for all assignments are given in Eastern Standard Time (EST).

Individual professors may impose penalties for late assignments. Such penalties will be assessed according to the terms of the course syllabus. Late assignments may impact the student's final grade.

Adding, Dropping, or Withdrawing from Courses

Policies regarding adding, dropping, or withdrawing from courses appear below. See the Academic Calendar for specific deadlines for a given term or session.

Adding a Course. Students may petition to add a course through the registrar office until the date noted in the table below. Students should consult with the academic advising center by telephone (706-385-1018) or email (Advising.Center@Point.edu) to make certain that the course meets credit hour requirements and academic goals. They should consult with a financial aid counselor regarding financial implications (email Financial.Aid@Point.edu; telephone 706-385-1018). Students receiving Veterans Administration (VA) benefits must contact Point University's VA Certifying Official before adding the course. Furthermore, students are responsible for securing required textbooks and materials in a timely fashion. If a student adds a course after the start of the term or session, any class meetings missed prior to enrollment are not counted as absences.

Adding a Course	8-Week Session-Length Course
	Before midnight EST on the 2 nd Wednesday after courses begin
	16-Week Term-Length Course
	Before midnight EST on the 2 nd Wednesday after courses begin

Dropping a Course. Students may petition to drop a course through the registrar office until the date in the table below. Students should be aware that dropping a course could affect full-time student status, financial aid, and VA benefits. Students should consult with the academic advising center to evaluate how the dropped course affects credit hour requirements and academic goals (email Advising.Center@Point.edu; telephone 706-385-1018). They should consult with a financial aid counselor regarding financial implications (email Financial.Aid@Point.edu; telephone 706-385-1018). Students receiving VA benefits must contact Point University's VA Certifying Official before dropping the course. Dropped courses do not appear on student transcripts.

Dropping a Course	8-Week Session-Length Course
	Before midnight EST on the 2 nd Wednesday after courses begin
	16-Week Term-Length Course
	Before midnight EST on the 2 nd Wednesday after courses begin

***NOTE:** The student's enrollment at the end of the drop period is counted as that term's "attempted hours" in financial aid considerations, especially the HOPE Scholarship, even if a course is later dropped with a "W" or "WP" or "WF."*

***WARNING:** Point registers students for a full 16-week term (two 8-week sessions), and state and federal governments award financial aid for the full term. If students participate in session 1 but decide not to continue into session 2, they must notify the financial aid office before session 1 ends. If they do so, Point will not charge tuition for session 2 and will return to the government any remaining financial aid awarded for that term. If students do not notify Point before session 1 ends, the university may charge session 2 tuition and then have to return financial aid. In either case, students will be responsible for any unpaid balances. Contact the financial aid office for more information (email financial.aid@point.edu; telephone 706-385-1018).*

Administrative Drop from a Course. It is the student's responsibility to drop a course in which s/he decides not to participate. If a student does not attend and does not drop the course, the instructor reports non-attendance to the registrar office and the staff removes the student from the course. The student is financially responsible.

Administrative Drop from a Course	8-Week Session-Length Course
	If reported after the 2 nd Wednesday after courses begin
	16-Week Term-Length Course
	If reported after the 2 nd Wednesday after courses begin

Withdrawing from a Course. Students may voluntarily withdraw from a course prior to the deadline in the table below. If they withdraw by the second Wednesday of the course (the "last day to drop a course without notation" noted on the academic calendar), they receive no grade and incur no charges. If they withdraw after this date, they receive a grade of "WP" (Withdrawal Passing) or "WF" (Withdrawal Failing).

Withdrawals are effective on the date the student delivers a completed *Withdrawal Form* (<http://intranet.point.edu/withdrawal-form>) to the registrar office. Forms are available in the registrar office or online.

Students are responsible for tuition and fees incurred for the course. Possible consequences of withdrawing include (1) loss of work-study hours, (2) loss of on-campus housing, (3) loss of some VA benefits, and/or (4) loss of current or future financial aid. Students should consult with the academic advising center, a financial aid counselor, and the VA Certifying Official prior to withdrawing.

Withdrawing from a Course	8-Week Session-Length Course
	After the drop deadline, but before 5:00 p.m. EST on the 4 th Friday of the course
	16-Week Term-Length Course
	After the drop deadline, but before 5:00 p.m. EST on the 13 th Friday of the course

Administrative Withdrawal from a Course. Students who do not meet attendance requirements or who violate behavioral standards may be administratively withdrawn from a course at any time during the term or session. The registrar office notifies students of administrative withdrawals. Such students receive a grade of “WP” or “WF.” Students are responsible for tuition and fees for the course. Possible consequences of withdrawing include (1) loss of work-study hours, (2) loss of on-campus housing, (3) loss of some VA benefits, and/or (4) loss of current or future financial aid.

Administrative Withdrawal from a Course	8-Week Session-Length Course
	Student has ceased participation or exceeded the total allowed time absent (25% of course)
	16-Week Term-Length Course
	Student has ceased participation or exceeded the total allowed time absent (25% of course)

Appeal of Administrative Withdrawal from a Course. Students who believe an error has been made in an involuntary administrative withdrawal from a course may appeal the decision to the registrar. The appeal must be made in writing within 48 hours of notification of the administrative withdrawal, giving evidence of the alleged error. Students may and should continue attending and participating in class sessions while an official appeal is pending. The registrar will respond in a timely manner with a decision to reverse or uphold the involuntary withdrawal. If students contend that the registrar’s response to the appeal is incorrect, they may appeal to the chief academic officer (CAO) in writing, within 24 hours of the registrar’s notification, giving evidence of the alleged error. The decision of the CAO will be final.

Retaking Courses

Retaking Courses. Students may repeat courses for personal enrichment or in an attempt to earn a higher grade. Students who fail a required course are encouraged to retake that course the next time it is offered.

Repeated courses and the new grades appear on student transcripts marked with an “R” for “Repeat.” The grade earned the last time the student completed a given course will be used for grade point average (GPA) computations—even if it is a lower grade—because it represents the most recent measure of student competency.

Certain types of courses are not processed as repeats and cannot be used to better a grade. They include courses transferred from other colleges or universities, as well as courses applied toward a degree already conferred. Certain courses may be repeated for credit without being identified as “Repeats,” including internships, applied music instruction, applied music ensembles, and 490-level “topical” courses with different content.

If a student completes a required course at Point earning a low or failing grade, and then completes an equivalent course at another institution earning a higher grade, and then transfers that course to Point to fulfil the degree requirement, the lower grade and credit hours remain on the Point transcript but are not calculated in the Point GPA. Note, however, that *all* courses taken at Point University apply in calculating student GPAs for purposes of the Georgia HOPE Scholarship.

Financial Aid Implications. According to federal regulation 34 CFR 668.2(b), financial aid eligibility depends on the grade earned for a given course. All courses for which students received a grade of “F” (Failure) may be repeated and count toward total enrollment for financial aid eligibility. In addition, all courses completed with a satisfactory grade may be repeated *once* and count toward total enrollment for financial aid eligibility if a higher grade is received the second time. If the student fails the course after earning a satisfactory grade on the previous attempt, that course may not be included in total enrollment during future attempts for financial aid eligibility.

Again, *all* courses taken at Point University apply in calculating student GPAs for purposes of the Georgia HOPE Scholarship.

All students are subject to policies regarding “Satisfactory Academic Progress for Financial Aid Eligibility” (found in the section of this *Catalog* devoted to “Student Finances”), which requires undergraduate students to complete successfully 67% (rounded from 2/3) of all courses attempted and maintain a cumulative grade point average of 2.0 for their degree programs. Graduate students must complete successfully 75% of all courses attempted and maintain a cumulative grade point average of 3.0 for their degree programs.

Veterans should consult with a financial aid advisor or their Veterans Administration (VA) representative regarding the latest regulations for retaking courses. As a general rule, financial aid does not pay for a course previously completed with a passing grade (“D” or above) unless a higher grade for that course is a requirement for graduation.

Student Classifications

Undergraduate Classifications. Point University classifies *undergraduate* students according to the number of credits they have earned at Point and/or transferred from other institutions to fulfil degree requirements. To remain in good standing, students must earn the minimum cumulative grade point average (GPA) required for each level. If a student earns enough credits in a given term to move from one minimum GPA requirement to another, the higher requirement applies.

Academic classification is important for determining the level of financial aid for which students may qualify.

Academic Classification	Cumulative Credit Hours	Required Minimum GPA
Freshman	0 – 29.9 credits	1.8
Sophomore	30 – 59.9 credits	1.9
Junior	60 – 89.9 credits	2.0
Senior	90+ credits	2.0

Point University *recommends* that students not enroll in a course more than one level above their academic classification (e.g. freshmen should generally take 100- or 200-level courses, rather than 300- or 400-level courses). Undergraduate students may enroll in a 500-level graduate course only when they reach senior classification and only with writ-ten permission from the faculty department chair who oversees their major.

Graduate Students. Graduate students are enrolled for degree credit in courses at the 500 level or above.

Non-Degree Students. “Non-degree” student status is normally reserved for persons who are not seeking a degree, but who enroll in five or fewer credit hours per session for purposes of continuing education or personal enrichment. Non-degree students follow an abbreviated admission process described below under “Application & Admission.” If non-degree students decide to seek a degree, enroll in more than five credit hours per session, or accumulate 28 total undergraduate credits or 12 total graduate credits at Point, they must complete standard application procedures.

Transient Students. “Transient” status is reserved for students enrolled at one college or university temporarily studying at another institution. Point recognizes two types of transient students:

- Degree-seeking students from another college or university may temporarily attend Point to complete coursework required by the home institution. Typically, such enrollment is limited to one term—or two terms, including the summer term.
- Point University students may, with advance approval from the registrar, complete one or more courses at another accredited institution of higher education in order to fulfil curricular requirements at Point (e.g. due to scheduling difficulties or a study abroad opportunity). Such persons are considered Point students while studying elsewhere. Credits earned as a transient student, including online or correspondence courses, are subject to Point’s normal transfer credit policies (see below under “Credit for Prior Learning”). Normally, courses from institutions other than Point are

completed and transcripts received prior to the beginning of the final term before graduation.

On-Ground and Online Student Status. Point University offers *full academic programs* in three primary modalities:

- *On-Ground Programs* offered at the main campus in West Point or another Point education site
- *Point Online Programs* offered fully-online
- *Point Connect Programs* offered primarily online but with a weekly live videoconference (*Point Connect* programs usually include some courses in *Point Online* format)

Point classifies students based on the type of *program* in which they are enrolled rather than the *courses* in which they are enrolled.

Undergraduate students enrolled in *Point Online* and *Point Connect programs* pay a lower tuition rate than students enrolled in *on-ground programs* at the main campus in West Point, Georgia. The rates differ because student services for on-ground and online students differ. *Point Online* and *Point Connect* undergraduate programs are less expensive than on-ground programs because online students do not require the dormitories, cafeterias, athletic facilities, chapel buildings, and certain other services used by on-ground residential students. For *Point Online* and *Point Connect* students the university provides “virtual” student services via the Internet.

In some cases, courses required for an online program are equivalent to those required for an on-ground program. Accordingly, students sometimes cross modalities. For example, on-ground students at West Point may enroll in an online course. However, they will pay the on-ground tuition rate because they are enrolled in an on-ground *program* and utilize on-ground student services. In other words, Point charges tuition and fees based on the student’s *program* (on-ground or online), rather than on the modality of a given course.

Course Loads, Overloads, and Full-Time Student Status

The number of credits in which students are enrolled in a given term (“course load”)—and whether or not they carry “full-time” enrollment status—determine the length of time to graduation, as well as the level of financial aid for which students may qualify.

On-Ground Undergraduate Students. For undergraduates in on-ground programs, such as those at West Point, 12 credits per 16-week term constitute “full-time” status while less than 12 represent “part-time” status. A normal full-time course load is five courses per term, or 15-16 credits. To enroll in an “overload” of more than 17 credits per term, students must have a 2.50 cumulative grade point average (GPA) and permission from their academic advisor. Enrollment in more than 19 credits per term also requires approval by the registrar.

Online Undergraduate Students. For undergraduates in *Point Online* and *Point Connect* programs, 12 credits per 16-week term constitute “full-time” status while less than 12 represent “part-time” status. A normal full-time course load is two 3-credit courses per 8-week session, or four 3-credit courses per 16-week term. To enroll in an “overload” of

three courses per session (a 42 hour per week time commitment), students must have a 2.50 cumulative grade point average (GPA) and permission from their academic advisor.

Graduate Students. For master's degree students, 6 credits per term constitute "full-time" status. A normal course load is one 3-credit course per 8-week session, or 6 credit hours per 16-week term. Due to course scheduling and workload issues, "overloads" are generally not available for graduate students.

Academic Standing for Undergraduate Students

Good Academic Standing. To remain in "good standing," undergraduate students must earn the minimum cumulative grade point average (GPA) required for their academic classification (see table below). If a student earns enough credits in a given term to move from one minimum GPA requirement to another, the higher requirement applies. The university computes GPAs and academic standing at the end of each term.

Academic Classification	Cumulative Credit Hours	Required Minimum GPA
Freshman	0 – 29.9 credits	1.8
Sophomore	30 – 59.9 credits	1.9
Junior	60 – 89.9 credits	2.0
Senior	90+ credits	2.0

To earn an associate's or bachelor's degree, students must have a minimum cumulative grade point average (GPA) of 2.0 ("C") on a 4-point scale for the entire degree program. Accordingly, students would do well to maintain their cumulative GPA at a level of 2.0 or above during their entire enrollment at Point.

Academic Warning. Undergraduate students whose *term GPA* falls below 2.00, but whose *cumulative GPA* meets the minimum standard (see table), receive an academic "warning" from the registrar prior to the following term. Students receiving a warning may continue enrollment without interruption. The warning status serves as an aid in advisement and the scheduling of extra-curricular activities.

Academic Probation. Students whose *cumulative GPA* falls below the academic standard (see table) are placed on academic probation for the following term. If their *cumulative GPA* remains below the standard, but their *term GPA* is at least 2.0, they are allowed to continue on probation for another term. The registrar notifies students in writing if they have been placed on academic probation. Such students are not eligible for an academic overload. Other conditions may also be imposed when appropriate.

Academic Suspension and Readmission. Students may be academically suspended for the following term (1) if, after one term on probation, their *cumulative GPA* remains below the standard (see table) and their *term GPA* remains below 2.00; or (2) if their *cumulative GPA* falls below 1.00, whether or not they are on academic probation. Academic suspension status bars a student from continued enrollment at Point University or any other institution for one term. After the one term suspension, the student is eligible to reapply for admission on academic probation. Failure to earn a term GPA of at least 2.00 for the first term after readmission results in suspension for one term. The registrar notifies students in writing if they have been placed on academic suspension.

Appeal of Probation or Suspension. Students who believe they have been mistakenly placed on academic probation or suspension may appeal to the registrar in writing (Point.Registrar@Point.edu). The appeal should specify the suspected error or errors. If students contend that the registrar's response to the appeal is not correct, they should appeal in writing to the academic committee chaired by the chief academic officer. The committee's decision is final.

Academic Standing for Graduate Students

Good Academic Standing. Graduate students must earn a minimum cumulative grade point average (GPA) of 3.0 ("B") on a 4-point scale to graduate from any degree program. Students are therefore in "good standing" when their cumulative GPAs are 3.0 or higher. Point University computes GPAs at the end of each term.

Academic Warning: Graduate students whose *term GPA* falls below 3.00, but whose *cumulative GPA* meets the minimum standard of 3.0, receive an academic "warning" from the registrar prior to the following term. Students receiving a warning may continue enrollment without interruption. The warning status serves as an aid in advisement and the scheduling of extra-curricular activities.

Academic Probation. If graduate students' cumulative GPA falls below 3.0, they are placed on probation but may enroll in the subsequent term. Students should contact the faculty department chair for their program and/or the educational resource center (ER) for advice on improving academic performance. In most instances, graduate students should repeat courses for which they earned a grade lower than "B."

Academic Suspension and Readmission. If the cumulative GPA remains below 3.0 at the end of the probationary term, graduate students are suspended from the university for one term. At the end of the suspension, students may re-enroll and have two terms to achieve the required GPA of 3.0 or higher. Failure to achieve a cumulative GPA of 3.0 or higher within this timeframe results in permanent suspension. Permanent suspension is reserved for students who continually fail to meet Point's expected performance requirements as measured by GPA.

Notification of Probation or Suspension. The university makes every effort to notify students of probation. Suspension letters are mailed as certified mail. However, failure of the student to receive notification does not nullify the probation or suspension.

Changing Degree Programs, Majors, or Concentrations

Students who wish to change their degree program, major, or concentration must complete the *Continuance/Degree Change Form* (<http://intranet.point.edu/degree-change>) and submit it to the registrar office. The registrar office will notify the academic advising center, appropriate faculty advisors, and financial aid director. They may want to discuss the implications of the change with the student.

Withdrawing from Point University

Voluntary Withdrawal. It is the responsibility of students who have registered for courses to participate in them or, if that is impossible, to withdraw from the university and complete the official withdrawal form with signatures. All official withdrawals from

the university are initiated through the academic advising center and include an exit interview. *Failure to complete the entire withdrawal process—including the exit interview with a member of the academic advising team or other staff member—may cause the student to forfeit any potential refunds.*

Students who officially withdraw from the university receive a grade of “W” (Withdrawal) for all courses if they complete the process prior to the deadline for withdrawing from courses (the 4th Friday of the session for an 8-week session length course or the 13th Friday of the term for a 16-week term-length course—see the academic calendar for specific dates). If the deadline has passed, they receive a grade of “F” (Failure) for all courses.

Failure to complete withdrawal procedures results in a grade of “WX” (Withdrawn Due to Excessive Absences) for each course. Such students must complete a *Returning Student Application* before enrolling in subsequent terms.

Students should confer with a financial aid counselor prior to withdrawal to ensure that they fully understand the financial implications of their decisions. Withdrawal may, for example, cause Point to remove financial aid funds from student accounts and return them to the government, or it may trigger student repayment of loans.

Administrative Withdrawal. The registrar office may administratively withdraw a student from Point University in cases of:

- Academic suspension (described below under “Academic Standing”),
- Disciplinary suspension, or
- Failure to enroll or participate in courses for a period of more than one 16-week term without written notification of return to the registrar office and verification that they have not attended another institution as anything other than a transient student.

Readmission after Withdrawal from Point

For Point’s “General Readmission Policy” and policy for “Readmission of Veterans,” see the section of this catalog devoted to “Application & Admission” (below).

Credit for Prior Learning

Students may fulfil degree requirements by successfully completing courses offered by Point University. Students may also secure credit for prior learning. Point accepts an unlimited number of credits for prior learning within the bounds of the university’s residency requirements (see below under “Residency Requirements and Transfer Credits”) and the policies outlined below. Decisions regarding the awarding of credit for prior learning are made by the registrar office staff in consultation with college deans and the chief academic officer. The registrar provides students with transcript evaluations and other documents specifying the type and amount of credit granted.

Note that students must normally complete the final 30 credits of degree requirements, including the majority of their professional requirements, during the five years immediately preceding the granting of the degree. This policy ensures that students’ knowledge and professional skills are reasonably up-to-date at the time Point awards the degree.

Credit by Transfer. Point University accepts transfer credits from the following types of institutions. Applicants must submit official transcripts from those institutions. A *tentative* evaluation of transfer credits may be made as part of the admission process. The registrar *officially* transfers credits after the applicant has been accepted and has declared a degree program.

Other Colleges and Universities. Point University accepts academic credits transferred from other colleges or universities according to the following criteria:

- The college or university must be an institution of higher education accredited by a institutional accrediting body (e.g. SACSCOC, HLC, MSACS, WASC), national accrediting body (e.g. ABHE), or professional accrediting body (e.g. NASM, NCATE) recognized by the U.S. Department of Education and the Council for Higher Education Accreditation (CHEA) at the time the credits were awarded. These accrediting bodies mandate assessment and other quality control systems that give Point University a high level of confidence in their programs.

Other educational experiences will be evaluated on a case-by-case basis according to the following criteria: course/degree content and level, faculty credentials, and student performance. Applicants may be asked to provide course syllabi or other evidence needed to make those judgments. If experience shows that Point University can have confidence in a given institution, the registrar may place it on a list of “approved” institutions, which will facilitate the transfer process. Point University reserves the right to withhold recognition of credits awarded by any college or university that does not, in the opinion of the administration, meet reasonable academic standards. Credits from non-accredited institutions are usually not transferable.

- Students must have completed the transferred courses, earning a minimum grade of “C-” for undergraduate credit or “B” for graduate credit (or “P” if the courses were offered on a Pass/Fail basis). Only credits completed at Point University contribute to the student’s cumulative grade point average (GPA); transfer credits and grades are not used in calculating the Point GPA. However, the university does use transfer credits and grades that satisfy Point degree requirements in determining graduation honors (see “Graduation Honors,” which appears below under “Undergraduate Academic Honors”).
- The transferred courses must apply to a Point University degree program as the equivalents of required courses (i.e. providing a similar knowledge base and/or competencies) or as appropriate electives. *Some fields (such as information technology) are constantly changing, so courses completed many years ago may be outdated and therefore ineligible for transfer. Departmental faculty will review transcripts and may require students to complete a newer version of a course. They will do this only when absolutely necessary for student success in the degree program and the professional field. This policy ensures that students’ professional competencies are reasonably up-to-date at the time Point awards the degree.*
- Point’s residency requirements (see below under “Residency Requirements and Transfer Credits”) limit the number of transfer credits students may apply to a

Point degree: For an associate's degree, students may transfer no more than 50% of the required courses (typically 30 credits) from another institution. For a bachelor's degree, students may transfer no more than 75% of the required courses (typically 90 credits), including a maximum 60 credits from 2-year colleges. For a master's degree, students may transfer no more than 33% of the required courses from an outside institution. These limits apply to all forms of Credit by Prior Learning, including AP, IB, CLEP, DSST, CDD, and military training, and demonstrated competency (described below).

- Students who transfer credits from non-U.S. or non-English-speaking institutions must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive transcript evaluation. For the full policy, see the discussion of "International and Non-English Transcripts" in the section of this catalog devoted to "Application & Admission."
- Point University does not grant transfer credit for remedial coursework, college orientation, high school level courses (apart from the Advanced Placement program described below), or General Education Development (GED) tests.
- Point University does not grant credit for duplicated courses (e.g. Beginning Composition completed at one college *and* Freshman English completed at another).
- If a course has been repeated for credit, the last grade earned will be used in the transfer evaluation—even if it is a lower grade—because it represents the most recent measure of student competency.

Vocational Schools, Technical Colleges, or Institutes. Degree credits earned at vocational or technical institutions may be transferred to Point according to the policies stated above. Courses equivalent in content to required Point University courses may be used to fulfil General Education Core or professional major requirements. Others may be used as General Electives.

Point has partnership arrangements with certain colleges that allow students to transfer up to 36 credits as General Electives. In such cases, Point may allow substitutions for certain General Education Core courses in order to fulfil those commitments while still meeting accreditation requirements.

Concurrent Enrollment. Students may take courses at other institutions concurrently with studies at Point University, giving them the status of "transient students." To verify that credits are transferable to Point, students should follow this procedure:

- Complete a *Transient Permission Form* (<http://intranet.point.edu/transient-permission-form>), which includes the name of the proposed course, the place and dates it is offered, an official course description, and the Point requirement the course will fulfil.
- Secure advance approval in the form of a signature from the registrar and the appropriate faculty department chair.

- The registrar will then place the signed *Petition* in the student's file as a binding agreement. If the student completes the proposed course, earning the appropriate grade, the Point requirement will be fulfilled.

Transfer Guidelines for the General Education Core and Biblical Studies. The Point University faculty has specifically designed each course in the General Education Core, Biblical Studies Minor, and professional programs to serve Point's mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be "transfer friendly" while remaining true to its mission, Point has established transfer guidelines. The registrar applies these guidelines in consultation with the dean of the college of Arts & Sciences and appropriate department chairs.

TRANSFER GUIDELINES FOR THE GENERAL EDUCATION CORE	
<i>IMPORTANT NOTE: The following table provides faculty-approved guidelines for transferring courses into the General Education Core only. A given course may be transferable into one Point program but not transferable into another based on the learning objectives for those programs. Departmental faculty make these determinations. To illustrate: A transfer course in Environmental Science may fulfil the Natural Science core requirement for the B.S. in Organizational Leadership, but it is no substitute for the Human Anatomy & Physiology course required for Point's B.S. in Exercise Science.</i>	
Point Requirement	Transfer Guidelines
<i>Essential Skills</i>	
APSP 105 Introduction to Adult Learning	Point normally does not accept transfer courses in place of APSP 105 because it includes adult student success skills, an introduction to <i>Point Online</i> and <i>Point Connect</i> course sites, and the <i>StrengthsFinder</i> used in later Point courses. Point may waive APSP 105 if students have completed 45+ college credits, including online courses.
APSP 110 Effective Thinking EFT 101 Effective Thinking	Point accepts courses promoting metacognitive strategies, critical thinking (i.e. skills of analysis, conceptualization, evaluation, logical reasoning, and argumentation), or philosophical inquiry. Examples include Logic, Comparative Religion, Philosophy, or Ethics.
ENG 101-102 Critical Reading/Writ I-II ENGL 101-102 Critical Reading/Writ I-II	Point accepts courses designed to improve students' <i>writing skills</i> . Examples include English Grammar (with writing emphasis), Freshman Composition, English Composition, College Writing, Research Writing, and Creative Writing.
COM 205 Public Speaking COMM 205 Public Speaking	Point accepts courses designed to improve students' <i>public speaking skills</i> . Examples include Speech, Debate, and Rhetoric.

<i>Humanities & Fine Arts</i>	
HUMA 101 Introduction to Humanities, ENG 202 American Literature to 1860 ENG 203 American Lit since 1860 ENG 204 British Literature to 1800 ENG 205 British Literature since 1800 ENG 207 World Literature ENGL 250 Modern Short Stories MUS 102 Music Appreciation MUSI 102 Music Appreciation PHL 201 Introduction to Philosophy PHL 225 History of Philosophy	Point accepts courses that focus on: <ul style="list-style-type: none"> • <i>Critical and historical examination of world cultures.</i> These may be broad survey courses or may focus on particular societies or aspects of human societies. Examples include History, Comparative Religion, Philosophy, Ethics, Ancient and Modern Languages, Archaeology, Political Science, and General Humanities. • <i>Critical analysis and interpretation of literary texts.</i> Examples include World Literature, Literature of the Western World, Shakespeare, or any introduction to a specific genre of literature (e.g. poetry, science fiction). • <i>Fine Arts</i> (e.g. painting, sculpture, art history or appreciation) and <i>Performing Arts</i> (e.g. theater, dramatic writing, dance, music history or appreciation, film history or appreciation).
<i>Natural Sciences</i>	
NSCI ____ Nat. Science Course w/Lab NSC 103-103L Biology I w/ Lab NSC 106-106L Environmental Sci w/ Lab NSC 110-110L Physical Science w/ Lab NSC 215-215L Human Anatomy & Physiology w/ Lab NSC 228-228L Gen Chemistry I w/ Lab	Point accepts courses focusing on the <i>physical universe</i> , such as Physics, Astronomy, Geology, Physical Geography, Oceanography, Ecology, Chemistry, Biology, Zoology, Botany, Anatomy, Physiology, and Health Sciences. To earn a bachelor's degree from Point University, students must complete at least one Natural Science course that includes a laboratory.
MATH ____ Mathematics Course	Point accepts courses designed to improve students' <i>quantitative reasoning skills</i> . Examples include college-level Mathematics, Algebra, Geometry, Trigonometry, and Calculus. (<i>Note the specific math requirement for the student's chosen program.</i>)
<i>Social & Behavioral Sciences</i>	
HIS 104 World History I HIS 105 World History II HIS 250 United States History I HIS 251 United States History II HIST 250 United States History	Point accepts courses that focus on <i>historical</i> examination of world cultures. These may be broad survey courses or may focus on particular societies or aspects of human societies. Examples include World History, American History, European History, Chinese History and Culture.
PSY 103 Introduction to Psychology PSYC 103 Introduction to Psychology SOC 103 Introduction to Sociology SOCI 103 Introduction to Sociology SOC 203 Cultural Anthropology SOC 215 Geography	Point accepts courses in any branch of the Social and Behavioral Sciences. Examples include General Psychology, Human Development, Marriage & Family, Sociology, Anthropology, Cultural Geography, Political Science, and Economics.
<i>General Electives</i>	Point accepts any college-level course not equivalent to another course on the student's transcript (e.g. Point will not transfer both Beginning Composition from one college and Freshman English from another).

TRANSFER GUIDELINES FOR THE BIBLICAL STUDIES MINOR, MAJOR, AND ELECTIVES	
<i>Biblical Studies Minor</i>	
BBS 102 The Drama of Scripture BIBL 103 The Drama of Scripture	Point accepts courses that offer broad exposure to major portions of the Christian Scriptures. Examples include Introduction to the Bible, Biblical Metanarrative, Survey of the Old or New Testament, Pentateuch, Prophets, Wisdom Literature, Pauline Epistles, General Epistles.
BIB 202 Jesus: The Focus of Scripture BIBL 202 Jesus: The Focus of Scripture	Point accepts courses focusing on Jesus. Examples include New Testament Survey, Life of Christ, the Four Gospels, Matthew, Mark, Luke or Luke-Acts, John.
THEO 310 Spiritual Formation: Kingdom Living	Point accepts courses designed to contribute to student's spiritual development (i.e. being with Christ, becoming like Christ, and engaging in the work of Christ). Examples include Spiritual Formation, Spiritual Disciplines, Devotional Classics, and Christian Ethics.
BBS 304 Scripture: Reading & Interpretation BIBL 306 Scripture: Reading & Interpretation	Point accepts courses designed focusing on principles and skills for biblical interpretation. Examples include Hermeneutics, Exegetical Method, and Biblical Interpretation.
THE Christ, Culture & Career THEO 405 Christ, Culture & Career	Since THEO 405 integrates major elements of Point's curriculum, there are few courses that would transfer. The only course that might be considered is a senior-level integrative course.
<p><i>Course Substitution Process for Biblical Studies Minor, Major, and Electives.</i> Through the following process, students may seek a course substitution for a Point-required course in the Biblical Studies Minor, Biblical Studies Major, or a Biblical Studies Elective:</p> <ul style="list-style-type: none"> • Students requesting a course substitution must do so in writing to the Biblical Studies department chair (Holly.Carey@Point.edu). • Upon receiving the request, the department chair will evaluate its validity and, when possible, speak to the course instructor or course writer as to the nature of the course. • The department chair will recommend to the dean of the College of Biblical Studies & Ministry either approval or disapproval within three days of receiving the written request. • The dean will notify the registrar office and the student of the decision within one day of receiving the department chair's decision. 	

Credit by Examination. Point University recognizes credits earned by examination from sources with known validities and reliabilities, including Advanced Placement (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), and DSST (formerly DANTES Subject Standardized Tests, now by Prometrics). For more information regarding credit for these examination programs, see below.

The educational resource center (ER) on the West Point Campus administers proctored, computer-based CLEP and DSST tests. (Students may also complete the *Point University Admission Assessment* on a personal computer without the presence of a proctor.) For details, see "Standardized Testing" in the section of this catalog devoted to "Student Support Services."

Students submit official copies of examination scores to the Point University registrar, who determines their applicability to degree requirements at Point. Please note:

- Credits earned by external examination are placed on student transcripts and treated as transfer credits. Such credits are designated on the transcript by a grade of “Pass.”
- Credits by examination awarded by another institution of higher learning may be transferred to Point only if those credits are recorded on the student’s academic transcript in a manner similar to regular course credits—that is, the transcript must specify (1) the course requirements fulfilled by the examination, (2) the number of credits awarded, and (3) either a letter grade of “C-” or higher or that institution’s designated letter or symbol for credit-by-examination or credit earned without a letter grade, such as “CR” or “P.” Point does not transfer generic credit hours awarded by examination or course requirements waived on the basis of examination.
- A maximum of 25% of the credit hours required for a Point degree may be earned through external examinations.

Point University awards AP, IB, CLEP, and DSST credit according to the following guidelines:

Advanced Placement (AP). Students who qualify through the Advanced Placement (AP) program may receive advanced standing and/or exemption from certain courses offered by Point University.

The American Council on Education (ACE) recommends that colleges and universities award credit for AP grades of “3” or higher on any AP Examination. Point follows this recommendation. Scores below “3” are not accepted. To apply AP credit to the professional major, students must earn a score of “4.” For purposes of computing grade point averages (GPA), Point assigns Advanced Placement credit a grade of “P” (Passing).

The following table lists available AP exams, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil:

	AP Examinations	Point Course Equivalents	Credits

International Baccalaureate (IB). Students who qualify through the International Baccalaureate (IB) program may receive advanced standing and/or exemption from certain courses offered by Point University.

The American Council on Education (ACE) recommends that colleges and universities award credit for IB grades of 5 or higher on any IB Examination. Point follows this recommendation. Scores below “5” are not accepted. To apply IB credit to the professional major, students must earn a score of “6.” For purposes of computing grade point averages (GPA), Point assigns IB credit a grade of “P” (Passing).

The following table lists selected IB examinations, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil. For an evaluation of other exams, consult with the registrar.

College Level Examination Program (CLEP). Students who qualify through the College Level Examination Program (CLEP) may receive advanced standing and/or exemption from certain courses offered by Point University.

To allow time for processing before graduation, students should complete all CLEP examinations prior to their final term at Point. If a student fails a Point course and then passes a CLEP equivalent, the course grade remains on the transcript but the course requirement is fulfilled. The only way to remove the course grade is to retake the same course.

The table on the following pages lists available CLEP exams, the minimum scores required to earn Point University credit, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil. In setting its requirements, Point has taken into consideration guidelines published by the American Council on Education (ACE). For purposes of computing grade point averages (GPA), Point assigns CLEP credit a grade of “P” (Passing).

NOTE: Under “Minimum Scores,” the numbers not in parentheses denote the minimum score students must earn to apply CLEP credit to Point General Education Core or General Elective requirements. The numbers in parentheses denote the minimum score students must earn to apply CLEP credit to their professional major.

DSST (DANTES Subject Standardized Tests). Students who enroll in Point University may also secure credit through DSST, the U.S. military's Defense Activity for Non-Traditional Educational Support tests (DANTES) now offered through Prometrics. The DSST tests cover more than 50 disciplines. The American Council on Education (ACE) recommends that universities award credit for the scores appearing on the table below. Point follows these recommendations.

To allow time for processing before graduation, students should complete all DSST exams prior to their final term at Point. If a student fails a Point course and then passes a DSST equivalent, the course grade remains on the transcript but the course requirement is fulfilled. The only way to remove the course grade is to retake the same course.

The following table lists available DSST exams, the minimum scores required to earn Point credit, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil.

NOTE: Under “Minimum Scores,” the first set of numbers refers to older DSST exams completed prior to 2008. The second set of numbers refers to Updated Exams completed since 2008. The numbers not in parentheses denote the minimum score students must earn to apply DSST credit to Point General Education Core or General Elective requirements. The numbers in parentheses denote the minimum score students must earn to apply DSST credit to their Point professional major.

Credit for Military Training. Point University evaluates military training courses according to the American Council on Education's (ACE) *Guide to the Evaluation of Educational Experiences in the Armed Services* (<http://www3.acenet.edu/militaryguide/CourseSearch.cfm>). Students must submit all pertinent documentation to the registrar for evaluation. Military transfer courses should be reported on an Army American Council on Education Registry Transcript (AART) or Sailor/Marine American Council on Education Registry Transcript (SMART) or, if not available, on form DD295 for personnel still in service or form DD214 for those discharged.

For more information about academic credit through the American Council on Education (ACE), see the *Student Guide to Credit for Prior Learning* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Student-Guide-to-Credit-for-Prior-Learning.aspx), the *Learner Transfer Guide* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Learner-Transfer-Guide.aspx), and frequently asked questions about the *Military Guide* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Military-Guide-FAQ.aspx). To see if a particular military examination or course has been evaluated by ACE, see the Course/Examination Search site (www2.acenet.edu/credit/?fuseaction=search.main).

Credit by Demonstrated Competency (CDC). The faculty recognizes that some students come to Point with university-level competencies that have been developed experientially or attained outside the traditional classroom. Students who enroll in Point University degree programs may obtain credit for such competencies by assembling a portfolio of appropriate evidence for each claimed competency and submitting it to the chief academic officer (CAO, Stephen.Waers@Point.edu). *In the portfolio, students must demonstrate the knowledge, skills, and philosophical grounding articulated in the learning objectives for specific courses offered by Point University.*

The portfolio must include:

- The student's résumé and an autobiographical sketch.

- A list of Point courses for which the student desires CDC credit.
- Substantial, documented evidence of competencies related to *each course*. Such evidence may include, for example, examinations, certificates, seminars, workshops, demonstrations, apprenticeships, formal on-the-job training, volunteer experiences, interviews, licenses, job descriptions, memoirs, papers, work products, publications, publicity, references, and other appropriate materials. *For each course, students should include a written narrative explaining how the evidence demonstrates achievement of course learning objectives.*

After receiving these materials, the chief academic officer, in consultation with the appropriate dean, appoints a CDC committee consisting of Point University faculty members with expertise in the area(s) under consideration. The Committee then evaluates the evidence and sends its written recommendations to the dean. Based upon the recommendations, the dean may award academic credit according to the level of mastery displayed by the student, waive a required course(s) in the student's degree program, substitute a more advanced course in the same area, or deny the student's petition for credit based on demonstrated competency.

Students may earn a maximum of 21 credit hours through CDC assessments. Students must have successfully completed 12+ credit hours of coursework in a degree program at Point University prior to receiving CDC credit. To cover expenses associated with the CDC Committee, Point charges a fee of \$75 for each credit awarded to the student. Upon receipt of this fee, the registrar records the credits on the student's transcript.

ATTENTION HUMAN RELATIONS AND PSYCHOLOGY MAJORS: The College of Social & Behavioral Sciences does not grant credit for life experience or previous work experience in place of the following field education courses: HREL 497 Human Relations Practicum, HREL 498 Human Relations Internship—Fieldwork, PSYC 497 Psychology Practicum, and PSYC 498 Psychology Internship. Other forms of credit for prior learning may apply, such as transfer credits from other universities.

ATTENTION SOCIAL WORK MAJORS: In accordance with the policy of the Council on Social Work Education (CSWE), Point University does not grant course credit for life experience or previous work experience for any professional courses in the Social Work Major. Other forms of credit for prior learning may apply, such as transfer credits from other universities.

Residency Requirements and Transfer Credits

Rationale. To receive a degree from Point University, students must complete a significant portion of the required coursework at Point. These "residency requirements" ensure that academic programs reflect Point's distinctive mission, ethos, values, and educational aims, so that the student's degree may reasonably be called a "Point University degree."

Residency Requirements. Accordingly, Point University has set the following residency requirements:

- To receive an associate's degree from Point University, students must complete at least 50% of the required coursework at Point (typically 30 credits).

- To receive a bachelor's degree, students must complete at least 25% of the required coursework at Point (typically 30 credits)—including at least 30 credits in the professional major. Students may transfer a maximum of 60 credits from 2-year colleges.
- To receive a master's degree, students must complete at least 66% of the required coursework at Point.
- To receive a non-degree certificate or credential, students must complete at least 25% of the required coursework at Point.

All types of Point University courses—on-ground, *Point Online*, *Point Connect*, residential, commuter, and dual credit enrollment courses—count toward meeting these residency requirements. Normally, the minimum number of credits required at Point are the last credits earned for the degree.

Implications for Transfer Courses. Point's residency requirements limit the number of transfer credits students may apply to a Point degree: For an associate's degree, students may transfer no more than 50% of the required courses (typically 30 credits) from another institution. For a bachelor's degree, students may transfer no more than 75% of the required courses (typically 80 credits), including a maximum 60 credits from 2-year colleges. For a master's degree, students may transfer no more than 33% of the required courses from an outside institution. These limits apply to all forms of Credit by Prior Learning, including AP, IB, CLEP, DSST, CDD, and military training (detailed below).

Graduation Requirements

To earn a degree, certificate, or other credential from Point University, students must complete all required coursework within the specified time limit, earn a sufficient grade point average, fulfil Point's residency requirements, and be in good standing with the university. Students must meet all financial obligations in order to receive their diplomas and transcripts.

Degree Requirements. For course requirements for each Point degree program, see the program descriptions included in the sections of this *Catalog* devoted to the university's six colleges (above).

Point University academic programs must, by definition, include a minimum 60 credits for an associate's degree, 120 credits for a bachelor's degree, and 30 credits for a master's degree. In some cases, students must complete general electives to meet these standards.

Minimum Grade Point Average (GPA). To earn an associate's or bachelor's degree, students must earn a minimum cumulative grade point average (GPA) of 2.0 on a 4-point scale for the entire degree, including transfer courses. To earn a master's degree, they must earn a minimum cumulative grade point average (GPA) of 3.0, including transfer courses.

Residency Requirements. To receive a Point University degree, students must meet the institution's residency requirements, which are detailed above under "Residency Requirements and Transfer Credits." In short,

- To receive an associate's degree, students must complete at least 50% of the required coursework at Point (typically 30 credits).
- To receive a bachelor's degree, they must complete at least 25% of the required coursework at Point (typically 30 credits)—including at least 30 credits in the professional major.
- To receive a master's degree, students must complete at least 66% of the required coursework at Point (typically 24 credits).
- To receive a non-degree certificate or credential, students must complete at least 25% of the required coursework at Point.

All types of Point University courses—on-ground, *Point Online*, *Point Connect*, residential, commuter, and dual credit enrollment courses—count toward meeting these residency requirements. Normally, the minimum number of credits required at Point are the last credits earned for the degree.

Maximum Timeframe for Completing Degrees. Candidates enrolling in a degree program fulfil the catalog requirements in effect at the time they enter the program. Students are responsible for arranging their schedules so as to complete those courses when they become available. Students may choose to adopt a newer catalog and its curricular requirements, but they may not combine the requirements of two catalogs.

Point recognizes that not all students will be able to complete their degree requirements within the normal timeframe (2 years for an A.A. degree, 4 years for a bachelor's degree, and 2 years for most master's degrees). Accordingly, the university permits students to complete their degrees *under the original catalog requirements* as long as they do so within 150% of the normal timeframe (e.g. 3 years for an A.A., 6 years for a bachelor's degree, and 3 years for most master's degrees). If degrees are not completed within the allotted timeframe, students must fulfil the new degree requirements. Students who do not enroll in courses for 180 days return under the catalog requirements in force at the time of re-enrollment.

Students must normally complete the final 30 credits of degree requirements, including the majority of their professional requirements, during the five years immediately preceding the granting of the degree. This policy ensures that students' knowledge and professional skills are reasonably up-to-date at the time Point awards the degree.

Senior Assessments. In order to graduate, senior undergraduates must complete both the Bible Content Test and the ETS Proficiency Profile, which are used as exit exams for institutional effectiveness research. There is no cost to the student for these exams and they do not affect student grade point averages (GPAs).

To graduate, students must also complete any required departmental and institutional exit interviews, exams, and other assessments.

Graduates in Good Standing. Candidates for Point University degrees must meet both the academic requirements and the community standards. Accordingly, no student may graduate while on academic or disciplinary probation or suspension.

Changes in Degree Requirements. As part of its quality control systems, Point University constantly reviews, assesses, and revises its educational programs to meet

changing world needs. Accordingly, this academic catalog should not be considered a contract between Point and its students. While the university fully intends to offer all the programs and courses described therein, it retains the right to alter programs and course offerings for the sake of improvement. In such cases, the faculty offers students reasonable substitutions or other accommodations if courses required under a given degree program are significantly altered or removed from the curriculum.

Double Majors, Triple Majors, and Double Degrees. If an undergraduate student completes 120-149 credits that include all courses required for two Point University majors (e.g. a Human Relations Major and Psychology Major), then Point awards a single bachelor's degree with a "double major."

If an undergraduate student completes 120-149 credits that include all courses required for three Point University majors (e.g. a Human Relations Major, Psychology Major, and Child Development Major), then Point awards a single bachelor's degree with a "triple major."

If an undergraduate student completes 150+ credits that include all courses required for two Point majors, then Point awards two bachelor's degrees, each with a professional major (e.g. a B.S. in Human Relations and a B.S. in Psychology).

If an undergraduate student completes 150-179 credits that include all courses required for three Point majors, then Point awards two bachelor's degrees—one with a double major and a second bachelor's degree with a third professional major.

If an undergraduate student completes 180+ credits that include all courses required for three Point majors, then Point awards three bachelor's degrees (e.g. a B.S. in Human Relations, a B.S. in Psychology, and a B.S. in Child Development).

If an undergraduate student completes 150+ credits that include all courses required for two Point majors plus a Point minor, then Point awards two bachelor's degrees under the following conditions: One degree must include a professional major and the professional minor, and the other degree must include a professional major. Point does not award bachelor's degrees that do not include a major.

To earn a second bachelor's degree, the student must complete an additional 30 credits beyond the 120 credits required for the initial bachelor's degree—that is, 150+ credits. The additional 30 credits correspond to the Point residency requirement for the second bachelor's degree, so a student earning two bachelor's degrees must complete a combined total of 60+ credits at Point University.

All associate degree programs offered by Point University include three primary components—namely, the General Education Component, Biblical Studies Component, and Professional Component (some also include General Electives). The General Education and Biblical Studies Components are identical or nearly identical in most programs, so the primary difference between two associate's degrees lies with the Professional Component. Students may earn two associate's degrees from Point if they complete all required courses for both degrees. In most cases, this means they must fulfill all requirements for one associate's degree and then add the professional courses required for the second. If the second degree has a different General Education requirement—such as a higher-level math requirement—then students must also fulfil that requirement for the second degree. In accordance with Point's residency requirement, students must

complete at least 50% of the professional courses for the second degree at Point University.

A given course may simultaneously fulfil requirements for more than one major or minor, provided that students complete the total number of required credits for their degree(s).

Graduate students may earn multiple master's degrees from Point University, provided that no more than 50% of the coursework for one degree is applied to the other degree.

Graduation and Commencement

Students *graduate* when Point University certifies they have completed all degree requirements and posts the degree on official student transcripts. *Commencement* is not the actual awarding of a degree, but a formal ceremony marking the actual or anticipated completion of that degree. Point holds commencement ceremonies twice each year in April/May and December. The following policies govern graduation and commencement.

Graduation. Students nearing the end of their degree programs follow six steps to complete the graduation process:

Step 1: Students must submit the ***Intent to Graduate*** form two terms prior to graduation. This form is available on the Point intranet (<http://intranet.point.edu/intent-to-graduate>).

Step 2: During their final term at Point University, students must register in either GRAD 200 Associate Degree Graduation, GRD 400 (on-ground) or GRAD 400 (online) Bachelor Degree Graduation, or GRAD 500 Master Degree Graduation. This zero-credit "course" notifies the registrar of their intent to graduate at the end of that term. The registrar then verifies that the student will have met the academic requirements for graduation.

Step 3: Students must submit the ***Application for Graduation*** available on the Point intranet (<http://intranet.point.edu/graduation>). The *Application* includes a ***Completion Plan*** showing the courses remaining for students to fulfil all graduation requirements. Deadlines for submitting the *Application for Graduation* are September 30 for fall commencement and February 28 for spring commencement. Failure to submit the form in a timely fashion may cause the student to wait until the next commencement ceremony.

Step 4: The registrar office conducts a ***preliminary degree audit*** to verify students' readiness for graduation. If students are not ready, the registrar assists them in revising their *Completion Plan*. If students are ready, the registrar approves the *Application for Graduation* and places the graduation fee on the student's account.

Step 5: Students fulfil their ***completion plans***.

If a student does not complete the requirements for graduation, a new *Application* will be required, along with the amount of any graduation fee increases since the initial *Application*.

Likewise, if the student's enrollment is interrupted after an *Application for Graduation* is made, the student is subject to the university's readmission

processes and policies and a new *Application for Graduation* must be submitted.

Step 6: After final grades are received, the registrar completes a ***final degree audit*** to verify that students have met all degree requirements. If so, the registrar posts the degree at the next posting date. Once the degree is posted, students' transcripts show that they have "graduated" from Point University.

Transcripts may be ordered immediately, and graduates should receive their diplomas shortly after posting via certified U.S. mail. However, *the university will not release diplomas or transcripts until students receive clearance from the business office for all financial obligations incurred up to the time of graduation.*

It is the student's responsibility to complete all graduation requirements and to complete and submit the Application for Graduation.

Attendance at Commencement. Point invites all students—both on-ground and online—to participate in the commencement ceremony. All on-ground students on the West Point campus are expected to participate unless their written request for non-attendance is approved by the chief academic officer. Those who cannot attend must nevertheless pay the graduation fee to cover the costs of diplomas and the ceremony.

Students may "walk"—that is, walk across the stage and receive their diplomas—only in the commencement ceremony immediately following the completion of their degree requirements. To illustrate: A student who completes all coursework in time for the December commencement must walk at that ceremony and may not wait until the May commencement. Under certain circumstances, students may walk prior to completing degree requirements by exercising the "early commencement" option outlined below.

Early Commencement. Point students who, at the time of commencement, do not hold a posted degree may participate in the ceremony under the following conditions:

- Students must file an *Application for Graduation* for fall or spring commencement. The *Petition* must include a *Completion Plan* and the graduation fee.
- The registrar must approve the students' *Completion Plan*. To qualify for early commencement approval, the *Plan* must meet three criteria:
 - It must list specific coursework students will take to complete degree requirements, including the institution(s) offering those courses and the scheduled dates.
 - *It must show that students will be within 6 credits of completing all degree requirements at the time of commencement—or that they will be completing all other degree requirements simultaneously with those 6 credits.*
 - The anticipated completion date for all remaining coursework must be in reasonable proximity to the commencement ceremony—typically within one term of the ceremony.

PLEASE NOTE: *Students who take advantage of this "early commencement" privilege cannot qualify for graduation honors (described below) because, technically, they are not part of the graduating class. Such honors are based on students' grade point*

average (GPA), and the final GPA remains unknown until all coursework is completed and the degree is posted.

Students must notify the registrar office when degree requirements have been met. The degree will be posted at the end of the term in which the degree was completed.

If students do not complete their degree within one year of the commencement ceremony, they must meet the requirements of the current catalog in order to graduate.

Undergraduate Academic Honors

Dean's List. As an incentive to academic achievement, the registrar publishes an undergraduate Dean's List at the end of each term. Full-time, degree-seeking undergraduate students who earn a Point University term grade point average (GPA) of 3.50 or higher are recognized on the Dean's List for that term. The student must complete at least 12 credit hours at Point University in a given term to qualify for this honor.

Graduation Honors. Point University awards graduation honors to students who demonstrate academic excellence throughout their undergraduate career. In recognition of this achievement, they receive a gold cord to wear at Commencement.

- Students earning a cumulative grade point average (GPA) of 3.50 to 3.699 graduate *cum laude* ("with honors").
- Students earning a GPA of 3.70 to 3.899 graduate *magna cum laude* ("with high honors").
- Students earning a GPA of 3.90 to 4.00 graduate *summa cum laude* ("with highest honors").

In determining graduation honors, Point computes students' cumulative GPAs based on *all Point credits and all transfer credits used to fulfil Point degree requirements*. The university does not include additional credits earned elsewhere but not applied to the Point University degree.

Since final grades may not arrive in the registrar office until after the commencement ceremony, Point calculates graduation honors and awards gold cords based on grades earned through the student's next-to-last term prior to graduation. If grades from the final term later show that the student has qualified for honors, Point will note that fact on the student's official transcript.

Point does not award graduation honors to master's degree students. Since such students must perform at a high level simply to graduate (3.0 cumulative GPA), graduation itself is considered honor enough.

Honor Society for Online Students

Omega Nu Lambda

Point University sponsors the Delta Chapter of Omega Nu Lambda (ONL), the only national collegiate honor society exclusive to online students (www.omeganulambda.org). The society is dedicated to enhancing the online experience by encouraging online students, acknowledging their achievements, and connecting the online student community. To qualify for membership, students must:

- Be a non-campus, fully online, degree-seeking, undergraduate or graduate student;
- Complete at least 15 credit hours of online learning; and
- Hold a minimum cumulative grade point average (GPA) of 3.2.

Some of the benefits of membership include a certificate and honor cords at graduation, nationwide networking, and scholarship opportunities. For more information, contact the campus sponsor, Ms. Valarie Williams, the dean of Point academic support services (706-385-1015; Valarie.Williams@Point.edu).

Transcripts

The registrar office maintains students' educational records, including academic transcripts showing credits earned. The registrar furnishes students with transcripts upon written request. A nominal fee is collected for sending official transcripts to third parties. *Transcript Request* forms are available on the Point University website (<https://point.edu/transcripts>). Point releases transcripts only if students have settled all financial accounts with the university.

Policy on Student Privacy and Release of Information

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, Point University is committed to protecting the confidentiality of student records and the rights of students to (a) inspect and review their education records, (b) seek correction of inaccurate or misleading data through informal and formal hearings, (c) consent to disclosure of their educational records, and (d) file a formal complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the Act. For the full policy, see the "Consumer Information" section of the university website (<http://point.edu/disclosures>).

APPLICATION & ADMISSION

DEAN OF ENROLLMENT MANAGEMENT: RUSTY HASSELL

General Admission Requirements

University Purpose. Point University exists to carry out a specific mission, vision, and goals:

The mission of Point University is to educate students for Christ-centered service and leadership throughout the world.

Point University will be the college of choice for students seeking a Christian learning community that is academically challenging, spiritually vibrant and globally engaged.

Point's curriculum and the learning environment are designed to encourage students to grow spiritually, intellectually, socially, physically and professionally.

Admission Philosophy. Point University's dean of enrollment management, along with the undergraduate and graduate admission committees, administer student admission policies and decisions. In keeping with Point's mission and purpose, the admission process seeks satisfactory evidence of a student's ability to succeed in the university setting. Point does not accept all students who apply for admission, so candidates should view the application process as an opportunity to make a case for acceptance. The application of an acceptable candidate will demonstrate academic readiness, social development, maturity, motivation, integrity, and openness to spiritual formation in a Christian context.

- Applicants demonstrate *academic readiness* by submitting school transcripts, standardized test scores, and/or other documents demonstrating adequate preparation for university studies. Applicants must possess basic computer proficiency, including email and Internet usage.
- Applicants demonstrate *integrity* by not providing false or misleading information. Unacceptable practices include not reporting all schools previously attended or seeking admission for purposes not in harmony with the institutional mission and values of Point University. The university will not consider for admission—and may suspend—any applicant who knowingly submits false or misleading information.
- Applicants demonstrate *maturity and motivation* through timeliness in submitting application materials and seriousness of purpose in pursuing a Christian university education.

Point's admission committees make admission decisions based on a careful evaluation of *all* application materials. The administration considers it unethical to admit, retain, and collect tuition from students who do not demonstrate the academic ability and/or willingness to complete their chosen program of study at Point University.

A student's admission to Point does not guarantee successful completion of any particular program of study. Students must meet all program requirements in order to graduate. For more information, see "Graduation Requirements" in the portion of this catalog dedicated to "Academic Policies & Procedures." See also the description of a given program.

Prospective students who desire to apply or learn more about educational programs may communicate with admission staff through email (Admission@Point.edu), the Point University website (<https://point.edu/admissions>), or by calling 706-385-1000 and asking for an admission counselor.

Application Procedures for On-Ground Undergraduate Programs (West Point campus)

On-Ground Undergraduate Application Procedures. Applicants are encouraged to begin and complete the admission process as soon as possible. Students who do not complete their files until after August 1 for the Fall Term and December 1 for the Spring Term may not be admitted in time for the beginning of the term. Adequate time must be given for other institutions to send transcripts and documentation to Point University. Failure to receive all official transcripts delays processing of an application. Delays in the admission process could adversely affect housing and certain types of financial aid considerations.

To apply for admission to an on-ground undergraduate program offered at Point University's main campus in West Point, a person must:

1. Complete and submit the **online *Application for Admission*** available on the Point University website (www.point.edu/apply). An application is valid for one year. Updated application forms are required if one year has elapsed since the application was submitted.
2. Send **proof of high school graduation, or its equivalent**, to Point University. If still in high school, submit a transcript with credits and grades achieved thus far, and prepare to send a final transcript upon completion of high school or its equivalent. (*NOTE: This requirement does not apply to Dual Credit Enrollment or "DCE" students, who are still in the process of completing high school studies. See below for more information regarding DCE.*) Applicants may document high school graduation or the equivalent with an official copy of the following:
 - a. A transcript from an accredited high school with appropriate preparation for college-level education that states the date of graduation. Note that grade point average (GPA) alone does not guarantee acceptance at Point since other admission requirements are a factor.
 - b. A transcript from an accredited college or university showing 24+ earned, college-level semester credit hours (or 36+ quarter credit hours), with a cumulative

grade point average (GPA) of 2.00+ on a 4-point scale. Note that grade point average (GPA) alone does not guarantee acceptance at Point since other admission requirements are a factor.

While only 24 completed college credits are required for an admission review, the financial aid office may, for purposes of verification, request a high school transcript documenting graduation if the student has not completed 60+ college credits and/or an associate's degree.

- c. A transcript from an accredited college or university stating that an associate's degree has been awarded
- d. A transcript from an International Baccalaureate (IB) Diploma Program that states the date of graduation
- e. A transcript of home school education equivalent to a recognized high school curriculum with appropriate preparation for college-level work that states the date of graduation
- f. A General Educational Development (GED) certificate that states the applicant's passing score, along with the score for each of the sub-tests in the battery
- g. A transcript from a foreign (non-U.S.) high school or the equivalent, translated and evaluated course-by-course by an international credential translation and evaluation service (see below under "International and Non-English Transcripts"), that states the equivalency to a U.S. high school education and the date each credential was earned

Applicants may submit unofficial copies of documentation (e.g. an unofficial transcript) for purposes of facilitating the admission process and receiving preliminary decisions regarding admission and financial aid. In all such cases, an official copy of the required documentation, as determined and requested by Point, must be submitted and received by the university prior to starting courses and receiving financial aid. Otherwise, the admission may be rescinded and aid returned by the university. Applicants must contact these institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833.

3. *If applicable*, submit **official academic transcripts** from *every postsecondary school, technical or vocational school, community college, four-year college and/or university, or dual credit enrollment (DCE) program currently or previously attended*. Applicants must contact those institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833; Attention: Admission (FAX 706-645-9473; email AdmissionDocuments@Point.edu). If currently enrolled, prepare to send a final transcript upon completion of the term.

➤ **NOTE:** Students who transfer credits from non-U.S. or non-English-speaking institutions must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive transcript evaluation. For details, see below under "International and Non-English Transcripts."

4. If English is not the applicant's first language, demonstrate **English speaking and writing proficiency** as outlined below under "English Proficiency."
5. **Optional:** Point does not require applicants to submit **standardized test scores (SAT or ACT)** in order to be considered for admission. The grade point average from an accredited high school has been determined to be a more reliable predictor of Point academic performance than SAT or ACT test scores. Applicants may choose to submit official standardized test scores in order to demonstrate academic ability and, in most cases, are encouraged to do so. However, applicants may choose not to submit them, especially when they think the test scores are not an accurate reflection of their academic abilities. When taken, send an official report of scores for the SAT and/or the ACT to Point University (Point's code for the SAT is 5029; Point's code for the ACT is 0785).

After reviewing applicants' files, the admission committee may ask them to submit additional materials in order to establish adequate academic preparation or ability, which could include standardized test scores, information regarding the student's high school education or an equivalent, and/or other objective third-party assessments.

6. Complete and submit the **Spiritual & Personal Reference Form** available on the university website (<https://point.edu/admissions/traditional-undergraduate/application-process>) or from the admission office. References must be completed on the official University form. The reference requested on the form should come from someone in a position of spiritual leadership or care, such as a minister, Bible study teacher, Christian educator, or other staff minister. This reference may not come from a relative.
7. Submit **any other information** the applicant may wish to provide the admission committee as evidence of the ability to complete university-level studies.

Undergraduate Admission Decisions. After *all* required items are received, Point's admission committee evaluates the application and notifies students of their admission status. The committee assesses each applicant's file on a case-by-case basis, weighing evidence regarding the applicant's academic preparation, social development, and openness to spiritual formation in a Christian context. If needed, the committee may request additional information to evaluate the applicant's readiness for university studies.

As soon as possible after admission to Point University—and prior to registration for courses—the student must:

1. Send final, **official transcripts** of completed high school or post-secondary/college work, if not submitted previously (steps 2 and 3 above) or if requested for verification by Point University or the U.S. Department of Education.
2. Submit a completed **Point University Health & Immunization Form** (<https://point.edu/wp-content/uploads/2019/09/Point-University-Health-Immunization-Form.pdf>).
3. Campus housing is administered by the student life office. An admitted student who desires to live in University housing must submit a completed **Request for**

Campus Housing form (retrievable online *after admission* through the Campus-Vue student portal) and pay a \$100 nonrefundable security deposit.

On-Ground Undergraduate Admission and Athletic Eligibility. Admission to Point University does not determine eligibility for intercollegiate athletics. The National Association of Intercollegiate Athletics (NAIA) requires all student-athletes who have never played a championship sport in the NAIA to have their eligibility determined before they can play. Every prospective student-athlete is encouraged to go to the online *NAIA Eligibility Center* (<http://www.playnaia.org/eligibility-center>) to get complete information and to begin the process. High school graduates and transfer students are required to submit indicators of academic ability directly to the NAIA in order to establish athletic eligibility. These indicators may include standardized test scores (SAT or ACT) even if the test scores were not submitted to Point in the admission process. A person's NAIA eligibility does not ensure admission to Point. Nor does a person's NAIA ineligibility prevent admission to Point.

Application Procedures for Online Undergraduate Programs

Online Undergraduate Application Procedures. Applicants are encouraged to begin and complete the admission process as soon as possible. Adequate time must be given for other institutions to send transcripts and documentation to Point University. Failure to receive all official transcripts delays processing of applications and financial aid.

To apply for admission to an online undergraduate program offered by Point University, a person must:

1. Complete and submit the **online Application for Admission** available on the Point University website (<https://applyonline.point.edu>). An application is valid for one year. Updated application forms are required if one year has elapsed since the application was submitted.
2. Send **proof of high school graduation, or its equivalent**, to Point University. If still in high school, submit a transcript with credits and grades achieved thus far, and prepare to send a final transcript upon completion of high school or its equivalent. (*NOTE: This requirement does not apply to Dual Credit Enrollment or "DCE" students, who are still in the process of completing high school studies. See below for more information regarding DCE.*) Applicants may document high school graduation or the equivalent with an official copy of the following:
 - a. A transcript from an accredited high school with appropriate preparation for college-level education that states the date of graduation and shows a cumulative grade point average (GPA) of 2.00+ on a 4-point scale. Students who do not meet these GPA requirements may qualify for "Probationary Admission" (described below). However, GPA alone does not guarantee acceptance at Point since other admission requirements are also a factor.
 - b. A transcript from an accredited college or university showing 12+ earned, college-level semester credit hours (or 18+ quarter credit hours), with a cumulative grade point average (GPA) of 2.00+ on a 4-point scale. Students who do not meet these GPA requirements may qualify for "Probationary Admission" (described

below). However, GPA alone does not guarantee acceptance at Point since other admission requirements are also a factor.

While only 12 completed college credits are required for an admission review, the admission committee may request a high school transcript documenting graduation if the student has not completed 60+ college credits and/or an associate's degree.

- c. A transcript from an accredited college or university stating that an associate's degree has been awarded
- d. A transcript from an International Baccalaureate (IB) Diploma Program that states the date of graduation
- e. A transcript of home school education equivalent to a recognized high school curriculum with appropriate preparation for college-level work that states the date of graduation
- f. A General Educational Development (GED) certificate that states the applicant's passing score, along with the score for each of the sub-tests in the battery
- g. A transcript from a foreign (non-U.S.) high school or the equivalent, translated and evaluated course-by-course by an international credential translation and evaluation service (see below), that states the equivalency to a U.S. high school education and the date each credential was earned

Applicants may submit unofficial copies of documentation (e.g. an unofficial transcript) for purposes of facilitating the admission process and receiving initial decisions regarding admission and financial aid. In all such cases, an official copy of the required documentation, as determined and requested by Point, must be submitted and received by the university prior to starting courses and receiving financial aid. Otherwise, the admission may be rescinded and aid returned by the university. Applicants must contact these institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833.

3. *If applicable*, submit **official academic transcripts** from *every postsecondary school, technical or vocational school, community college, four-year college and/or university currently or previously attended*. Applicants must contact those institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833; Attention: Admission (FAX 706-645-9473; email AdmissionDocuments@Point.edu). If currently enrolled, prepare to send a final transcript upon completion of the term.

➤ **NOTE:** Students who transfer credits from non-U.S. or non-English-speaking institutions must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive transcript evaluation. For details, see below under "International and Non-English Transcripts."

4. If English is not the applicant's first language, demonstrate **English speaking and writing proficiency** as outlined below under "English Proficiency."

5. Submit **any other information** the applicant may wish to provide the admission committee as evidence of the ability to complete university-level studies.

Undergraduate Admission Decisions. After *all* required items are received, Point's admission committee evaluates the application and notifies students of their admission status. The committee assesses each applicant's file on a case-by-case basis, weighing evidence regarding the applicant's academic preparation, social development, and openness to spiritual formation in a Christian context. If needed, the committee may request additional information to evaluate the applicant's readiness for university studies.

Application Procedures for Dual Credit Enrollment (DCE) Students

Dual Credit Enrollment Program. Point University admits qualified high school students into its Dual Credit Enrollment program (DCE, also known as "joint enroll-ment"). In this program, students complete college-level courses that simultaneously fulfill requirements for both their high school diploma and a university degree from Point. DCE students must be recommended by their high school guidance counselor, who often helps coordinate their Point courses with the prescribed graduation requirements of that high school.

DCE Funding. The Dual Enrollment (DE) Program of Georgia provides funding for students enrolled in a DCE program at a participating eligible high school or home study program in Georgia and at Point University. To be eligible for the DE scholarship program, a student must:

- Be enrolled in the tenth, eleventh or twelfth grade of a private or public high school in Georgia or a home study program within the State of Georgia operated in accordance with O.C.G.A. §20-2-690(c);
- Be admitted to Point University as a Dual Credit Enrollment student;
- Be enrolled in courses listed in the approved DCE Course Directory; and
- Maintain satisfactory academic progress as defined by Point's policies.

DCE Application Procedures. Applicants are encouraged to begin and complete the admission process as soon as possible. Adequate time must be given for other institutions to send transcripts and documentation to Point University. Failure to receive all official transcripts delays processing of applications and scholarships.

To apply for admission to the Dual Credit Enrollment (DCE) program offered by Point University, a person must:

1. Complete and submit the ***Application for Admission*** available on the Point University website (www.point.edu/apply). An application is valid for one academic year. Updated application forms are required if one year has elapsed since the application was submitted.
2. Complete and submit the ***Dual Credit Enrollment Form*** available on the Point University website (<https://point.edu/admissions/dual-enrollment/georgia-dual-enrollment>). This form includes a required recommendation from a high school guidance counselor.

3. Send a **high school transcript or equivalent** showing grades and credits earned thus far. Applicants must contact their high school(s) and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833.
4. *If applicable*, submit **official transcripts** from *every postsecondary school, university, and/or dual credit enrollment program currently or previously attended*. Applicants must contact those institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833; Attention: Admission (telephone 706-385-1209; email AdmissionDocuments@Point.edu; FAX 706-645-9438). If currently enrolled, prepare to send a final transcript upon completion of the term.
5. *If a high school sophomore*, submit official reports of **standardized test scores** (e.g. SAT or ACT) in order to demonstrate adequate academic preparation. Point University's code for the SAT is 5029; its code for the ACT is 0785.
If the applicant is a high school junior or senior with a cumulative grade point average (GPA) of 3.00 or above on a 4-point scale, submission of standardized tests scores is optional. If the applicant has a lower GPA, Point requires test scores from either the SAT, ACT, or the Point University Admission Assessment (PAA).
6. *If applicable*, submit **official test scores** from any credit-by-examination testing service, such as the Advanced Placement (AP) and College Level Examination Program (CLEP).
7. Complete and submit the ***Spiritual & Personal Reference Form*** available on the university website (<https://point.edu/admissions/dual-enrollment/georgia-dual-enrollment>) or from the admission office. References must be completed on the official University form. The reference requested on the form should come from someone in a position of spiritual leadership or care, such as a minister, Bible study teacher, Christian educator, or other staff minister. This reference may not come from a relative. [*NOTE: This form is waived for students from public partner schools under contract with Point.*]
8. Submit **any other information** the applicant may wish to provide the admission committee as evidence of the ability to complete university-level studies.

DCE Admission Decisions. After *all* required items are received, Point's admission committee evaluates the application and notifies students of their admission status. The committee assesses each applicant's file on a case-by-case basis, weighing evidence regarding the applicant's academic preparation, social development, and openness to spiritual formation in a Christian context. If needed, the committee may request additional information to evaluate the applicant's readiness for university studies, such as standardized test scores, the *Point University Admission Assessment*, more information about the student's home school education program, and/or other objective third-party assessments.

Application Procedures for Graduate Programs

Graduate Application Procedures. Applicants are encouraged to begin and complete the admission process as soon as possible. Adequate time must be given for other institutions to send transcripts and documentation to Point University.

Point University seeks master's degree applicants whose goals are commensurate with both the *institutional mission* and the *intended outcomes of the desired graduate program*. Applicants express their goals in an admission essay (described below).

To apply for admission to a master's program offered by Point University, a person must:

1. Complete the online *Application for Graduate Admission* available on the Point University website (<https://applyonline.point.edu>). An application is valid for one academic year. Updated application forms are required if one year has elapsed since the application was submitted.
2. Hold a bachelor's degree (or higher degree) from an accredited college or university with a cumulative grade point average (GPA) of 3.00+ on a 4-point scale. Students who do not meet the GPA requirement—or who graduated from an unaccredited institution—may qualify for “Probationary Admission” (described below).
3. Submit official academic transcripts from every college or university currently or previously attended. Applicants must contact those institutions and request official transcripts in sealed envelopes sent *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833; Attention: Admission (telephone 706-385-1209; email AdmissionDocuments@Point.edu; FAX 706-645-9438). If currently enrolled, prepare to send a final transcript upon completion of the term.
 - Students who graduated from non-U.S. or non-English-speaking institutions must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive transcript evaluation. For details, see below under “International and Non-English Transcripts.”
4. Submit a résumé or *curriculum vitae* (CV), including contact information (name, telephone number, email address) for two professional references who can speak to the applicant's character, ability, and readiness for graduate studies. *For Master of Strategic Ministry and Master of Transformative Ministry applicants*, at least one reference should be a minister or spiritual mentor, who can speak to the applicant's spiritual maturity and readiness for advanced ministry studies.
5. Submit a well-written, 1-3 page admission essay that includes:
 - A brief self-introduction
 - Reasons for pursuing the chosen master's degree at Point University
 - Educational, professional, and personal experiences that have shaped the decision and prepared the applicant for graduate studies
 - Personal life and career goals, and how master's studies will help accomplish those goals

- Christian commitment, church involvement, and ministry experiences (*applies only to Master of Strategic Ministry and Master of Transformative Ministry applicants*)
 - Any additional information the applicant may wish to provide the admission committee as it considers the application
6. If English is not the applicant's first language, demonstrate English speaking and writing proficiency as outlined below under "English Proficiency."
 7. *For Master of Strategic Ministry Applicants Only:* To apply for admission to Point's Master of Strategic Ministry program (MSM), a person must meet two additional admission requirements:
 - Be a professing Christian seeking spiritual formation and ministry development.
 - Be accepted into the CCV Leadership Institute, which brings approval to work at CCV sites. To apply, visit the Institute website <http://my.ccv.church/leadershipinstitute>) and complete the online application. For questions or more information, email leadership@ccv.church.
 8. *For Master of Transformative Ministry Applicants Only:* Submit evidence of higher-level writing skills and qualitative skills (e.g. responsibility, flexibility, creativity, teamwork, continuous learning, research, critical thinking, and decision making). Evidence could include, for example,
 - Samples of academic or professional research and writing ability, such as research papers, published articles, sermons, or work products
 - Official scores for standardized tests, such as the:
 - Graduate Record Examination (GRE, www.ets.org/gre), which measures verbal, quantitative reasoning, analytical writing, and critical thinking skills
 - Graduate Management Admissions Test (GMAT, www.gmac.com/gmat.aspx), which assesses quantitative, analytical, problem solving abilities, reading and writing, and other skills important for business and management
 - Miller Analogies Test (MAT, www.milleranalogies.com), a high level assessment of mental ability
 - Professional licensures, certifications, or training experiences
 - Pertinent awards or achievements

Applicants are encouraged to begin and complete the admission process as soon as possible. Adequate time must be given for other institutions to send transcripts and documentation to the admission office. Failure to receive all official transcripts delays processing of an application.

Graduate Admission Decisions. After *all* required items are received, Point's graduate admission committee evaluates the application and notifies students of their admission status. If needed, the committee may request additional information to evaluate the applicant's readiness for graduate studies.

Application Procedures for Certificate and Certification Programs

Point University offers several non-degree undergraduate-level certificate programs, including the:

- Medical Assisting Certificate
- Medical Coding & Billing Certificate
- Social Media Marketing Certificate

Point also offers graduate-level certificate or certification programs, including the:

- Point University Lean Six Sigma Green Belt Certification (LSSGB)
- Point University Lean Six Sigma Black Belt Certification (LSSBB)

For more information on a given certificate or certification, see the program descriptions that appear earlier in this catalog.

Certificate and certification courses are often embedded in full degree programs, but students may choose to complete only the certificate/certification courses without pursuing a full degree.

NOTE: Title IV funds are not available for students seeking a certificate or certification alone. However, they may be available for students enrolled in a degree program that includes all the certificate/certification courses. Students seeking only the certificate/certification may qualify for other types of financial aid, such as private loans.

Students who desire to enroll only in a certificate or certification program follow the admission process outlined below:

1. Complete the online *Application for Admission* available on the Point University website (<https://applyonline.point.edu>)
2. Submit a one-page letter of introduction explaining one's purpose for pursuing studies at Point University.
3. For graduate-level certificate and certification programs, students must meet the additional eligibility requirements shown below:

Student Eligibility for the Human Resource Management Certificate (HRMC). The graduate admission committee reviews all HRMC student applications to determine readiness for the program. Point's HRMC courses are offered at the graduate (master's) level. They are designed for business professionals holding a bachelor's degree and experiential knowledge of day-to-day business operations. Accordingly, the ideal candidate for the HRMC program is (a) a working adult (b) with 5+ years of business experience, (c) who has earned a bachelor's degree in a business-related field. Applicants holding bachelor's degrees in other fields are welcome to apply and may also benefit. This program is not suitable for students with little or no work experience.

Students should submit with their application:

- A 1-3 page letter of introduction that includes (a) a self-introduction; (b) reasons for pursuing the HRMC at Point University; (c) educational, professional, and personal experiences that have shaped the decision and prepared the applicant for HRMC studies; (d) personal life and career goals, and how the HRMC will help accomplish those goals

- A résumé or CV, along with evidence that they are capable of completing graduate-level studies, such as professional certifications; conference participation as a speaker or publisher; and/or reference letters from supervisors addressing years of experience in the field, current responsibilities, and how the applicant would benefit from the HRMC
- Any additional information the applicant may wish to provide the admission committee as it considers the application

Student Eligibility for the Lean Six Sigma Green Belt Certification (LSSGB). The graduate admission committee reviews all LSSGB student applications to determine readiness for the program. Point's LSSGB courses are offered at the graduate (master's) level. They are designed for business professionals with experiential knowledge of day-to-day business operations. Assignments sometimes call for students to apply Six Sigma principles and practices at their workplace. Accordingly, the ideal candidate for the LSSGB program is (a) a working adult (b) with 5+ years of business experience, (c) who has earned a bachelor's degree—with a business-related degree being most advantageous. However, applicants are not required to hold a bachelor's degree to enter the Green Belt program. Others are welcome to apply and may also benefit. They should include in their application a letter of introduction, a résumé or CV, and other evidence that they are capable of completing graduate-level studies, such as professional certifications; conference participation as a speaker or publisher; and/or reference letters from supervisors addressing years of experience in the field, current responsibilities, and how the applicant and organization would benefit from the LSSGB. This program is not suitable for students with little or no work experience.

Point University

Lean Six Sigma Black Belt Certification (LSSBB)

Student Eligibility for the Lean Six Sigma Black Belt Certification (LSSBB). The graduate admission committee reviews all LSSBB student applications to determine readiness for the program. Point's LSSBB courses are offered at the graduate (master's) level. They are designed for business professionals with experiential knowledge of day-to-day business operations. Assignments sometimes call for students to apply Six Sigma principles and practices at their workplace. Accordingly, the ideal candidate for the LSSBB program is (a) a working adult (b) with 5+ years of business experience, (c) who has earned a bachelor's degree, with a business-related degree being most advantageous, and (d) who has already earned the Lean Six Sigma Green Belt. Other Green Belt holders are welcome to apply and may also benefit from the program. They should include in their application a letter of introduction, a résumé or CV, and other evidence that they are capable of completing graduate-level studies, such as professional certifications; conference participation as a speaker or publisher; and/or reference letters from supervisors addressing years of experience in the field, current responsibilities, and how the applicant and organization would benefit from the LSSBB. This program is not suitable for students with little or no work experience.

If certificate students later decide to seek a full degree, they must complete standard application procedures.

Additional Application Procedures for Certain Categories of Students

Home-Schooled Students. Point University admits students who have completed a home school program of study equivalent to a recognized high school curriculum with appropriate preparation for college-level work. Such students follow the application procedures for undergraduate programs outlined above. As part of their application, they must submit a transcript of the home school education and, if available, a diploma or certificate of completion from a recognized home-schooling agency or state department of education. If necessary, the admission committee may request additional materials needed to establish academic readiness, such as further information regarding the home

school education program, standardized test scores, the *Point University Admission Assessment*, and/or objective third-party assessments.

Military Personnel and Veterans. Point University courses are approved for veterans' training. For further information about financing, see "Veterans Benefits" in the section of this catalog focusing on "Student Costs & Financial Aid."

Transfer Students. Students who have attended another college, university, or post-secondary institution prior to Point follow the appropriate "Application Procedures" outlined above with the following stipulation: For admission to Point, the applicant must be in good standing with the institutions previously attended. The most recent institution attended documents this standing through a required *Transfer Recommendation Form*.

For the full policy on transferring credits to Point, see the section of this catalog focusing on "Credit for Prior Learning" under "Academic Policies & Procedures." The policy appears under the subheadings "Credit by Transfer" and "Other Colleges & Universities."

Transient Students. "Transient" status is reserved for students enrolled at one college or university temporarily studying at another institution. Point recognizes two types of transient students:

- Degree-seeking students from another college or university may temporarily attend Point to complete coursework required by the home institution. Typically, such enrollment is limited to one term.
- Point University students may, with advance approval from the registrar, complete one or more courses at another accredited institution of higher education in order to fulfil curricular requirements at Point (e.g. due to scheduling difficulties or a study abroad opportunity). Such persons are considered Point students while studying elsewhere. Credits earned as a transient student, including online or correspondence courses, are subject to Point's normal transfer credit policies (see "Credit for Prior Learning").

Persons in the process of seeking a degree from another college or university (the home institution), who are in good standing with that institution, may apply for admission to Point University as transient students. Such students follow the abbreviated admission process outlined below:

1. Complete the online *Non-Degree Student Application* available on the Point University website (<https://point.edu/transient>).
2. Submit the *Transient Student Agreement* form available on the Point University website (<https://point.edu/transient>). In this form, students acknowledge that they understand Point's policies and provide a list of Point courses in which they intend to enroll. The appropriate academic and financial officials from the students' home institution sign the form, granting authorization and permission to complete the planned courses as a "transient student at Point."

Another type of "transient student" is the "non-degree" student described below.

Non-Degree Students. "Non-degree" student status is normally reserved for persons who are not seeking a degree, but who enroll in five or fewer credit hours per term for

purposes of continuing education or personal enrichment. Non-degree students follow the abbreviated admission process outlined below:

1. Complete the abbreviated online *Application for Admission* available on the Point University website (<https://www.point.edu/nds>).
2. Complete and submit the ***Spiritual & Personal Reference Form*** available on the university website (<https://point.edu/admissions/dual-enrollment/georgia-dual-enrollment>) or from the admission office. References must be completed on the official University form. The reference requested on the form should come from someone in a position of spiritual leadership or care, such as a minister, Bible study teacher, Christian educator, or other staff minister. This reference may not come from a relative.

Academic advisors and/or the registrar may set limits on course enrollments during the admission process at the beginning of each term. The university may choose to verify any student-reported data.

If non-degree students decide to seek a degree, enroll in more than five credit hours per term, or accumulate 28 total undergraduate credits or 12 total graduate credits at Point, they must complete standard application procedures.

Non-Citizen Students. Non-citizen students include persons who enter the United States as international students who reside and remain outside the United States while enrolled in online programs, students holding an F-1 student visa to study at Point's West Point campus in Georgia, those who hold a permanent resident card or "green card," undocumented students, and undocumented students receiving Deferred Action for Childhood Arrivals (DACA). Special requirements for each category appear below:

Online International Students Residing Outside the United States. International students who reside and remain outside the United States may enroll in Point University's *online* undergraduate or graduate programs by following the "Application Procedures for Online Undergraduate Programs" or those for "Graduate Programs" outlined above. Such applicants must *also* provide the following:

1. Certified, translated, and evaluated copies of the academic transcripts or records from each non-U.S. high school and college attended. For specific requirements, see below under "International and Non-English Transcripts."
2. Proof of English speaking and writing proficiencies for students whose first language is not English. For specific requirements, see below under "English Proficiency."

F-1 Student Visa Holders. Point University is a certified school in the U.S. government's "Student and Exchange Visitor Program" (SEVP). Accordingly, international students may also apply to enter the *on-ground* undergraduate programs offered by Point University at its main campus in West Point, Georgia. Such students fall into one of two categories—namely, (1) non-immigrants seeking to obtain an F-1 student visa to enter the United States to study at Point University; or (2) non-immigrants currently studying in the United States on an F-1 visa, who seek to transfer to Point University.

Such students follow the “Application Procedures for On-Ground Undergraduate Programs (West Point campus)” outlined above. They must *also* provide the following:

1. Certified, translated, and evaluated copies of the academic transcripts or records from each non-U.S. high school and college attended. For specific requirements, see below under “International and Non-English Transcripts.”
2. Proof of English speaking and writing proficiencies for students whose first language is not English. For specific requirements, see below under “English Proficiency.”
3. A *Certificate of Finances*. Since international students are not generally permitted to hold a job off campus and may work a maximum of 20 hours per week on campus, they must supply documented evidence of financial ability to attend Point University. The *Certificate of Finances* details their means of support and the amount of contribution committed by each supporting party. The *Certificate* must be completed with original signatures, and notarized or certified by bank officials.

After Point receives all required documents and grants acceptance to international applicants, the university’s designated school official (DSO) issues them a *Form I-20 (Certificate of Eligibility for Nonimmigrant Student Status)*. The international student may then use the I-20 to secure an F-1 visa to study as a full-time student in the United States. The admitted international student is responsible for complying with all rules and regulations of the United States and Point University in order to maintain that international student status.

IMPORTANT NOTE: Point University does NOT grant I-20 forms to students seeking to enroll in online undergraduate or graduate programs since such programs do not require the student’s physical presence in the United States.

Permanent Resident Card Holders. *Permanent Resident Card* holders are non-citizen students lawfully residing within the United States. The *Permanent Resident Card*, known as the “green card” or USCIS Form 1-551, is issued with an expiration date. Permanent residents may enroll in on-ground and online programs offered by Point University.

Undocumented Students. “Undocumented persons” are those who are not U.S. citizens, authorized immigrants, or authorized residents of the United States, who have nevertheless been residing in the U.S. This “undocumented” category includes those holding a certificate of approval for Deferred Action for Childhood Arrivals (DACA) issued by the U.S. Citizenship and Immigration Services (USCIS). See below for more information regarding DACA students.

NOTE: The “undocumented student” category does not include two other categories described above—namely, international students residing outside the United States and students seeking or holding an F-1 student visa. Unlike the undocumented, those students have not been residing in the United States.

Undocumented persons who have earned a U.S. high school diploma or equivalent may apply for admission to Point University. No federal or state law prohibits the admission of undocumented students to a college or requires them to prove citizenship or authorized residency to enroll in an institution of higher education. Such

students follow the “Application Procedures” pertaining to their desired degree program, as outlined above. Those whose first language is not English must provide proof of English speaking and writing proficiencies. For specific requirements, see below under “English Proficiency.”

Undocumented students are usually not eligible to receive federal financial aid, but may be eligible for Point institutional aid and/or scholarships from foundations and local organizations. Point therefore encourages undocumented students to file the *Free Application for Federal Student Aid (FAFSA®)*, www.fafsa.ed.gov and check the box of “neither citizen nor eligible noncitizen.” The FAFSA® aids Point in determining need and eligibility for institutional aid. Scholarships and grants may also be available from private organizations and groups. Seeking such financial aid is the student’s responsibility. For more information, see the section of this catalog devoted to “Student Costs & Financial Aid.”

Undocumented students are advised that Point University cannot guarantee that completion of a Point degree program will result in the ability to secure a specific licensure or certification, such as teacher certification by the State of Georgia. The student is responsible for satisfying the requirements of the entity that grants the license or certificate, which may include documentation of citizenship or authorized residency.

Deferred Action for Childhood Arrivals (DACA) Students. DACA students are a subgroup of undocumented students holding a certificate of approval for Deferred Action for Childhood Arrivals issued by the U.S. Citizenship and Immigration Services (USCIS). The certificate allows such students to remain and work in the U.S. temporarily. It also allows the student who has received a high school diploma or its equivalent in the United States to attend post-secondary institutions, such as Point University, during the time period granted by Deferred Action approval.

DACA students must follow the “Application Procedures” for their desired degree program, as outlined above. They must *also* present the following:

1. Their Employment Authorization Document (EAD) card, which has a 2-3 year expiration deadline and must be renewed; and
2. Their I-797 Notice of Action form from the U.S. Citizenship and Immigration Services (USCIS), approving Deferred Action. Students are responsible for renewing their Deferred Action and providing proof of the extension of Deferred Action in order to remain enrolled at Point.

DACA students are not eligible for federal grants and scholarships, but may be eligible for institutional scholarships or scholarships from foundations and local organizations. DACA students may enroll in Point University programs.

DACA students are advised that Point University cannot guarantee that completion of a Point degree program will result in the ability to secure a specific licensure or certification, such as teacher certification by the State of Georgia. The student is responsible for satisfying the requirements of the entity that grants the license or certificate, which may include documentation of citizenship or authorized residency.

English Proficiency. If English is not the applicant's first language, s/he must show proof of English speaking and writing proficiency in *at least one* of the following forms, sent directly from the issuing agency to Point:

- A transcript showing graduation from an accredited high school where English was the primary language of instruction and learning
- An English-language General Educational Development (GED) certificate, including the standard score for each of the five sub-tests in the battery with a passing score for the Language Arts/Writing test
- A Spanish- or French-language General Educational Development (GED) certificate that includes the English as a Second Language (ESL) Test of Reading Comprehension, with the standard score for each of the five sub-tests in the battery and a passing score for the ESL test (normally, a minimum score of 41 on a 20-80 scale or a minimum score of 450 on a 200-800 scale)
- A transcript showing earned grades of "C" or higher for an English Composition course completed at an accredited U.S. college, or foreign institution of higher education where English is the primary language, and deemed equivalent to Point's ENGL 101-102 Critical Reading & Writing I-II
- SAT (Scholastic Aptitude Test) Evidence-Based Reading and Writing score of 470 or higher (see <https://collegereadiness.collegeboard.org/sat>)
- ACT (American College Testing) test score of 18 or higher for English and a score of 22 or higher for Reading (see www.act.org)
- TOEFL CBT (Test of English as a Foreign Language, computer-based) total score of 213+ with minimum scores of 21 in Reading, 21 in Listening, and 58 in Writing (see www.ets.org/toefl)
- TOEFL iBT (Test of English as a Foreign Language, Internet-based) total score of 80+ with minimum scores of 20 in Reading, 20 in Listening, and 20 in Writing (see www.ets.org/toefl)
- TOEFL PBT (Test of English as a Foreign Language, paper-based) total score of 550+ with minimum scores of 55 in Reading, 55 in Listening, and 24 in Writing (see www.ets.org/toefl)
- An IELTS (International English Language Testing System, www.ielts.org) overall band score of 6.5+ with minimum scores of 6.5 in Reading, 6.5 in Listening, 6.5 in Speaking, and 5.5 in Writing
- An iTEP (International Test of English Proficiency) academic overall score of 4.0+ with minimum scores of 4.0 in each skill area (see www.itepexam.com)
- Successful completion of an ESL (English as a Second Language) or Intensive English Program at a U.S. college or university with a letter of recommendation endorsing admission and enrollment in college-level courses

- Assurance of the applicant's English language competency from a University-approved source

International and Non-English Transcripts. Students who have graduated from non-U.S. high schools or colleges, or who desire to transfer credits from non-U.S. or non-English-speaking institutions, must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive course-by-course transcript evaluation. Point accepts transcript evaluations only from recognized agencies, such as those that hold membership in the National Association of Credential Evaluation Services (NACES, www.naces.org) or the Association of International Academic Credential Evaluators (<http://www.aice-eval.org>). Agencies accepted by Point include AACRAO International Education Services (<http://ies.aacrao.org>), Educational Credential Evaluators, Inc. (www.ece.org), and InCred: Credential Evaluation Service for athletes (<http://www.playnaia.org/InCred>).

Applicants select the agency and provide the academic records to it for evaluation (and translation, if required). The agency must mail the certified translation/evaluation in a sealed envelope *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 31833. Applicants are responsible for paying all associated costs and for ensuring timely submission to Point. Foreign credential evaluation services typically require 3-6 weeks (sometimes much longer) to provide evaluation reports.

The translation/evaluation of each document must be in American English and provide *all* the following information with the recommended U.S. academic equivalence:

- Identification of the document (e.g., academic transcript, examination record, diploma, etc.), the issuing institution, and its location;
- Explanation of the status of the institution, purpose of the educational program, and level of study;
- Confirmation of each credential earned;
- A course-by-course evaluation of all post-secondary (college-level) work that lists each subject studied by academic year with the level of study, credit hours, and grade (A, B, C, D or F); and
- The final cumulative (overall) grade point average on a 4-point scale for each educational program.

A copy of each transcript in the native language must accompany the certified translations/evaluations.

For Point University transfer policies, see the section of this catalog devoted to "Credit for Prior Learning."

Probationary Admission

Academic Requirements for Admission. As noted above, applicants for undergraduate programs should hold a high school diploma (or equivalent). Applicants for master's programs should hold a baccalaureate degree (or higher degree) with a cumulative GPA of 3.00+ on a 4-point scale. GPA alone does not guarantee acceptance at Point since other admission requirements are also a factor (see above).

Probationary Admission. A limited number of applicants who do not meet these GPA requirements may be admitted on probationary status if their application materials include other evidence of their ability to succeed at Point.

Students who complete 12 undergraduate credit hours at Point with a 2.0+ GPA—or 9 graduate credit hours with a 3.0+ GPA—will be removed from probationary status. Students who do not meet these standards will be withdrawn from the program. For more information about probationary admission and the possibilities for documented evidence, contact the admission office.

Appeal of Unaccredited Bachelor's Degree. Master's degree applicants who earned their bachelor's degree from an unaccredited institution may be considered for probationary admission if they score in the 50th percentile or higher on the verbal portion of the GRE General Test and if, in the judgment of the graduate faculty, the programs and reputation of the university justify such admission. Students from unaccredited institutions must provide evidence of the breadth, depth, and quality of their programs through, for example, course syllabi and faculty credentials.

Readmission after Withdrawal from Point

General Readmission Policy. Students who have withdrawn from Point University may apply for readmission by following the abbreviated admission process outlined below:

1. Complete the online *Application for Readmission* available on the Point University website (<https://applyonline.point.edu>).
2. Submit official academic transcripts from every college and/or university attended since the last enrollment at Point. Applicants must contact those institutions and request that they send official transcripts in sealed envelopes *directly* to: Admission Office, Point University, 507 West 10th Street, West Point, GA 30324; Attention: Enrollment (email AdmissionDocuments@Point.edu; FAX 706-645-9473).
3. Submit a one-page letter that includes the reason for leaving, the purpose for resuming studies at Point, and any other information the applicant may wish to provide to the admission committee.

Students who have been away from Point for one full year or more, and who seek readmission to an *on-ground program at the West Point campus*, should submit two additional items:

4. A new and current spiritual reference.
5. Updated immunization records.

Students will be considered for readmission if they:

- Receive clearance from the student billing & payment center and the financial aid office indicating that all financial issues have been resolved;
- Have a minimum cumulative grade point average (GPA) of 2.0 GPA from Point University; and

- Have not been in attendance in any Point University program for a minimum of 16 weeks.

In considering applications for readmission, the admission committee will consult with appropriate personnel from academics, student life, and/or other departments regarding possible disciplinary issues or social concerns.

Readmitted students are subject to the academic catalog in effect at the time of readmission. If they are readmitted on probation, they are subject to the university's normal probation and suspension policies.

Readmission of Military Personnel and Veterans. Students who leave Point University for military service may re-enter the institution upon returning from service. Such students must apply for readmission within five years of completion of military service, following the procedure outlined above. Eligible veterans are admitted into the same (or most similar) academic program with the same enrollment status (full- or part-time), same number of credits, and same academic status (satisfactory, warning, or probation) earned prior to departure. If veterans are not prepared to be readmitted, Point will make reasonable efforts to help them become prepared at no extra cost to the student. Point University is not required to readmit a veteran if Point can demonstrate through a preponderance of evidence that the student is not prepared to resume the program or will not be able to complete it.

Point University Admission Assessment, CLEP, and DSST Testing

Point University provides the web-based *Point University Admission Assessment* (PAA) for the purpose of determining academic preparation/readiness for college-level work. If requested to take this assessment by the admission committee, the applicant:

- Pays a \$20 test fee to Point's student services office;
- Receives an access code and instructions from the enrollment office; and
- Uses the access code to complete the web-based assessment, the results of which are automatically transmitted to Point.

Point also provides students the opportunity to complete the College-Level Examination Program (CLEP) and the DSST (formerly DANTES Subject Standardized Tests, now by Prometrics) exams, with which the student may earn college-level academic credits. Students interested in arranging CLEP and/or DSST testing may do so by contacting the testing site administrator at 706-385-1121. Registration costs for CLEP and DSST exams are paid by the student:

- Students must pay for a CLEP test online *prior to the day of the exam* through the following website: <https://cleportal.collegeboard.org/myaccount>. The student is required to print the registration ticket from the CLEP website and present the registration ticket and two types of photo ID upon arrival at the Point testing center.
- DSST students may pay for the test only by debit/credit card at the Point testing center on the day of the exam. Two types of photo ID are required.

- An additional processing fee of \$20.00 for all non-Point University applicants/students is payable only by debit/credit card at the Point testing center on the day of the exam.

Students with documented disabilities must submit that documentation, along with a request for auxiliary aid or services, to the director of the testing center.

If an appointment time for testing is set and cannot be met, the person is requested to call and reschedule so the time slot may be given to another person

STUDENT COSTS & FINANCIAL AID

DIRECTOR OF STUDENT ACCOUNTS: AMANDA SCHMIDT

DIRECTOR OF FINANCIAL AID: RACHAL WORTHAM

Student Costs

Tuition and Fees. Point University publishes costs for tuition and fees, room and board, and other services on its website (<https://point.edu/admissions/tuition-aid/tuition-fees>), in this academic catalog, and in a supplement available from the student services office. The following tables provide a summary of Point University student costs for the 2020-2021 academic year:

<div>Point University</div> <div>TUITION AND FEES</div> <div>On-Ground Undergraduate Programs (West Point campus)</div> <div>2020-2021</div>		
Undergraduate Tuition	Fall or Spring Term	Annual
Full-Time Students:		
12-18 credit hours	\$10,350	\$20,700
Over 18 credit hours (per hour)	\$450	
Part-Time Students:		
6-11 credit hours (per hour)	\$650	
1-5 credit hours (per hour)	\$250	
Audit fee (per credit hour)	\$70	
Summer Term (per credit hour)	\$250	
Room & Board	Fall or Spring Term	Annual
3-4 per room (Nest, Summit)	\$2,000	\$4,000
Double (Lofts)	\$2,250	\$4,500
Standard apartments (LLC: 1 bath)	\$2,400	\$4,800
Elite apartments (Skyhawks Hall: 2 baths)	\$2,500	\$5,000
Board (options below)		
19 meals per week	\$2,000	\$
15 meals per week	\$1,750	\$3,500
10 meals per week	\$1,450	\$2,900
5 meals per week (for commuter and non-required housing only)	\$700	\$1,400

Fees	Fall or Spring Term	Annual
Activity Fee:		
6 or more credit hours	\$175	\$350
5 or fewer credit hours	\$90	\$180
Library/Technology Fee:		
6 or more credit hours	\$250	\$500
5 or fewer credit hours	\$125	\$250
Transportation/Parking Fee:		
6 or more credit hours	\$50	\$100
5 or fewer credit hours	\$25	\$50
Accident Insurance Fee		
Accident Insurance Fee (full-time students only)	\$100	\$200
Total costs* for 2020-2021: \$28,750 – 30,850 (full-time, residential student)		
<i>*This price does not include books or any special fees for individual courses or private music instruction. The most common fees are listed below.</i>		
Special Course and Service Fees		
Science lab fee: \$75		
Applied music class instruction: \$85		
Applied music private instruction: \$175		
Applied music accompanist: \$100		
Health and PE for elementary education fee: \$55		
Project management CAPM exam fee: \$350		
Student teaching practicum fee: \$500		
Transcript Fee: See https://point.edu/transcripts		

<div>Point University</div> TUITION AND FEES Online and Hybrid Undergraduate and Graduate Programs 2020-2021		
Undergraduate Program	Tuition	Fees
All undergraduate programs (associate- and bachelor-level)	\$410/credit hour	Term Fee: \$250*
A.S. and B.S. in Healthcare Administration		Annual ACHCA Membership: \$25
B.S. in Accounting		Annual IMA Membership: \$25
B.S. in Marketing		Annual AMA Membership: \$50

Graduate Program	Tuition	Fees
M.B.A. in Business Transformation	\$515/credit hour	Term Fee: \$250*
M.S. in Human Resource Management	\$515/credit hour	Term Fee: \$250* Annual SHRM Membership: \$40
M.S. in Information Tech/Cybersecurity	\$515/credit hour	Term Fee: \$250*
M.P.A. in Public Administration	\$515/credit hour	Annual ASPA Membership: \$50
M.S.M. in Strategic Ministry	\$450/credit hour	Annual Student Fee: \$500
M.T.M. in Transformative Ministry	\$450/credit hour	Term Fee: \$250*
Other Fees		
Audit Fee: \$70 per credit		
Credit by Demonstrated Competency (CDC) Fee: \$75 per credit awarded		
Directed Independent Study Fee: \$50 per credit		
Graduation Fee: \$100		
Transcript Fee: See https://point.edu/transcripts		
<i>NOTE: Students may incur additional costs for certain programs, such as background checks and liability insurance for education and counseling programs.</i>		
<i>*Term Fees charged for each 16-week term primarily cover costs related to online technology and digital library services.</i>		

Tuition Rates for On-Ground Students Taking Online Courses. Undergraduate students enrolled in Point's online and hybrid *programs* pay a lower tuition rate than students enrolled in on-ground *programs* at the main campus in West Point, Georgia. The rates differ based on student services for the two modalities. Online undergraduate programs are less expensive than on-ground programs because online students do not require the dormitories, cafeterias, athletic facilities, chapel buildings, and certain other services used by on-ground residential students. For online students, Point provides “virtual” student services, which learners may access from anywhere via the Internet.

With the permission of the registrar and their academic advisor, students enrolled in an on-ground *program* may occasionally enroll in online courses. However, they will pay the on-ground tuition rate because they are enrolled in an on-ground program and utilize on-ground student services. In other words, Point charges tuition and fees based on the student's *program* (on-ground or online), rather than on the modality of a given course.

For More Information. Detailed information appears below concerning student billing and payment, financial aid, and related issues. Student support staff are also available to assist students in determining the best way to manage the costs associated with their education at Point University. If students or their families have questions, they may contact the student services office by visiting suite 155 of the Lanier Academic Center on the West Point campus, or telephoning 706-385-1018. Student services representatives will either address the questions themselves or connect the inquirer with the appropriate office or staff. Students and their families may also email offices directly:

- For questions about student accounts, billing, or payment plans, contact the student billing and payment center at Student.Billing@Point.edu.
- For questions about financial aid or scholarship options, contact the financial aid office at Financial.Aid@Point.edu.
- For questions about housing, the housing lottery, and meal plan options, contact the student life office at Housing@Point.edu.

Student Billing and Payment

Student Billing and Payment Center. Point University's student billing and payment center staff stands ready to assist students and their families with:

- Information regarding costs and student accounts
- Billing for tuition and fees, campus housing, and other education-related expenses
- Payment options, including e-checks
- Form 1098-T tax benefits

Students may access the center through the student services office (SSO), where a representative will refer them to the appropriate person in the student billing and payment center. Students may contact the student services office by (1) visiting suite 155 of the Lanier Academic Center on the West Point campus; or (2) telephoning 706-385-1018, extension 1019. They may also email the student billing and payment center directly at Student.Billing@Point.edu.

Student Financial Liability. Students admitted to Point University accept the terms and regulations set forth in this catalog and other Point publications. All students are liable for payment of all charges and fees they incur during their University stay.

Payment Policies. Students must either (1) pay all charges for a given term prior to the university's published payment deadline; or (2) establish a University-approved payment arrangement, which could include receipt of financial aid and/or a payment plan (described below). Students who have not made satisfactory arrangements with the student billing and payment center may be administratively withdrawn from the university.

Students must pay any account balance due for the preceding 8-week session or 16-week term before enrolling for the next session or term. For this reason, both students and their families should plan well in advance.

Point will not issue student transcripts or diplomas until all indebtedness to the university has been settled through the student billing and payment center.

Payment Plans. Payment plans are available to students unable to meet their financial obligations through financial aid and/or prepayment of their bills. This option is also available for those who prefer to pay through installments. Details on payment plans are available through the student services office (706-385-1018). It is important to note that the primary responsibility for paying for one's education lies with the student and the student's family.

Non-Payment. Students who fail to make payment arrangements for their educational costs by the published payment deadline are not eligible to enroll in courses, occupy campus housing, or participate in Point-sponsored extra-curricular activities. Likewise, students who do not pay an outstanding balance or fail to comply with an agreed-upon payment plan are prohibited from re-enrolling in future terms and prohibited from receiving a transcript and/or diploma.

Refunds

General Information. Point recognizes the occasional necessity for students to withdraw totally from courses or the university for a variety of valid reasons. Point acknowledges that a refund policy must be reasonable and equitable for both the student and the university. The student, through registration, makes a financial commitment to the University upon which the institution determines its expenditure patterns and obligations. Since the university is unable to reduce its costs significantly if a student partially or totally withdraws, the refund policy includes a time schedule with reasonable and equitable withdrawal refund deadlines.

In its academic calendar, Point publishes the last day to add or drop a course for each 8-week session or 16-week term (see above under “Introduction to Academics” and “Academic Calendar”). This policy enables students to make necessary adjustments near the beginning of a session or term without undue penalty. (For more information see “Adding, Dropping, or Withdrawing from Courses” in the “Academic Policies & Procedures” section of this *Catalog*.)

Students who leave a course *prior* to the add/drop date are said to have “dropped” the course. Students who leave a course *after* the add/drop date “withdraw” from the course. Students who drop or withdraw from *all* their Point courses are said to have “withdrawn” from the university. There are financial implications for each action.

Financial charges and aid amounts are based on the total number of credits in which students are enrolled at the end of the course add/drop period. If students “drop” a course *prior* to the add/drop date, but remain enrolled in other courses, they are not held responsible for the costs of the course dropped and financial aid may adjust accordingly. If students “withdraw” from a course *after* the add/drop date, they do *not* receive a refund for the course.

Institutional Refund Policies. Students must provide official written notification to the registrar office of any course drops or withdrawals. Likewise, they must provide written notification to the student life office of any change in their meal plan or housing. Any refunds for charges to the student’s account will be granted on the basis of the date on which written notification of the student’s intention was received by the appropriate office. Students who provide official notification are entitled to refunds as indicated on the table below (*see next page*). Please note:

- Technology fees and most other fees are non-refundable.
- The refund policy applies whether the change in enrollment, housing, or food service is voluntary or involuntary (with the exception of certain military personnel—see below).

INSTITUTIONAL REFUNDS		
Type of Charge	Time of Change	Refund
Tuition and Fees	Before the drop-add period ends (see <i>Academic Calendars</i>)	100%
	After the drop-add period ends	0%
Housing	Before move-in day	100%
	After move-in day (<i>including early move-in, e.g., fall sports</i>)	70%
	After the drop-add period ends	0%
Food Service	Before the first meal is served	100%
	After the first meal is served	70%
	After the drop-add period	0%

- Students who receive financial aid in excess of allowable charges (e.g., tuition, fees, housing, food service, books) will receive a refund within 14 days of the date the credit balance occurs unless those students submit written authorization for the university to hold the excess funds in their student account for use in future terms.
- *Residents suspended from housing for disciplinary reasons receive no housing refund.*
- *Students dismissed from the university for disciplinary reasons forfeit the right to a refund of any charges.*
- See also the section below on “Return of Title IV Federal Financial Aid as a Result of Withdrawal.”

Refund Policies for Active Duty Military and Veterans. Military personnel who withdraw from the university as a result of a call to active duty receive a 100% refund of tuition.

Eligible U.S. military veterans and dependents may receive aid through the Veterans Administration or “VA.” (For further information, see the section below on “Veterans Benefits.”) The refund policy for VA students enrolled in online undergraduate and graduate programs is based on the “module” attended. A module is an 8-week course session within the overall 16-week term by which the student is initially charged. When a refund calculation is performed, charges for unattended modules are refunded at 100%.

Applying for Financial Aid

At Point University, many financial aid programs are offered in cooperation with the federal government, and many institutional scholarships and grants are offered for both first-time students and returning students. These programs are offered to assist those with proven financial need in meeting their educational costs.

Applying for Financial Aid. The financial aid office coordinates the university-wide administration of all financial aid programs. For up-to-date information from this office,

visit the “Tuition & Financial Aid” section of the Point University website (<https://point.edu/admissions/tuition-aid>). It includes information on applying for financial aid and scholarships, frequently asked questions (FAQs) about financial aid, and useful tools such as Net Price Calculators.

Many students are able to meet the costs of a university education with various types of financial assistance, including scholarships, grants, loans, and work-study programs. New and continuing students may apply for financial aid throughout the year. To ensure consideration for all types of aid and the availability of funds at the time of registration, students should complete all the following steps no later than March 15 for the fall term and October 1 for the spring term:

1. Complete the application process for admission to Point University (see the section of this catalog devoted to “Application & Admission”).
2. For all federal and state aid, students must complete the *Free Application for Federal Student Aid (FAFSA®)* at www.fafsa.ed.gov by the priority deadline of April 1 for continuing students or at least 30 days before the start of a the next term for new students. Financial aid is available to cover expenses related only to courses included in the student’s degree program. Courses taken outside the student’s degree program are not included when determining a student’s enrollment status. The Point federal school code number is: 001547.
3. If a resident of the State of Georgia, complete the GSFAPPS application for the Georgia Tuition Equalization Grant Program, Zell Miller Scholarship, and HOPE Scholarship for private colleges, available online at www.GAcollge411.org.
4. Submit additional required documents to the financial aid office as requested.

Applications completed and/or submitted after the stated deadlines will be deemed late applications and cannot be given priority consideration. Completing the financial aid application process late may result in reduced assistance and/or the need to use personal funds to pay for tuition and fees at the time of registration. Students should make and retain a copy of each completed form before mailing it.

A student who receives federal or state financial aid must: (1) be a U.S. citizen or permanent resident alien; (2) meet Selective Service registration requirements; (3) not be in default on a prior student loan; (4) not owe a refund on federal or state financial aid; and (5) maintain satisfactory academic progress (described below).

Financial Aid Counseling. The financial aid office is open from 8:00 a.m. to 5:00 p.m. EST, Monday through Friday. To schedule a personal appointment with a financial aid counselor, students may call the financial aid office at 706-385-1018 or email <https://www.gafutures.org>.

Verification Policy

Financial Aid Verification. Students who submit a *Free Application for Federal Student Aid (FAFSA®)* may be selected for review in a process called “verification.” In this process, the financial aid office compares information provided on the FAFSA® with tax transcripts (if requested) and other information. Federal law indicates that the financial aid officer has the right to ask for this documentation before disbursing federal and state

aid. All aid, including student loans, will not be finalized until verification has been completed and any corrections have been processed by the U.S. Department of Education.

The financial aid office will make any required corrections to the FAFSA® based on the documentation provided. The student will receive an updated Student Aid Report (SAR) from the U.S. Department of Education which shows the corrections made. If these corrections change the student's eligibility for aid, the student will also receive an updated award notice.

Required Documentation. The documentation required to complete verification will be listed on the Student Requirements page on the Student Portal. Forms will indicate the specific year(s) for which information is being requested.

The student, his/her spouse, and his/her parents, as applicable, may be asked to provide some or all the following information:

As mandated by the Department of Education

- Adjusted gross income (AGI)
- U.S. income tax paid
- Education credits
- Untaxed IRA distributions
- Untaxed pensions
- IRA deductions and payments
- Tax-exempt interest
- Other untaxed income
- Income earned from work
- Household size
- Number in college
- Supplemental Nutrition Assistance Program (SNAP) benefits
- Child support paid
- High school completion status (*V4 and V5 only*)
- Identity/statement of educational purpose (*V4 and V5 only*)

Identity and use of financial aid

- Proof of identity (an unexpired, valid, photo identification issued by a U.S. government entity)
- Statement of educational purpose confirming that financial aid will only be used for educational expenses

Completion of high school or equivalent

- Proof of high school completion or proof of completion of a state-authorized equivalent (such as GED, HiSET, or TASC), homeschooling, or an associate's degree or higher. Individuals who served in the military and are unable to obtain an official high school transcript may submit their DD Form 214 Certificate of Release or Discharge from Active Duty if the form indicates that they are a high school graduate or equivalent.

Household members

- Documentation of the names, ages, and college enrollment status of the individuals in the household, along with their relationship to the student

Income information

- *Tax filers.* For individuals who were required to file a federal income tax return, information from the IRS confirming federal income tax information for the requested year. Individuals must provide an IRS Tax Return Transcript of their federal income tax return. Beginning 2018-2019, students and parents are highly encouraged to use the IRS Data Retrieval Tool when completing the FAFSA® to copy IRS information to the FAFSA®. Individuals who choose not to, or are unable to, use the IRS Data Retrieval Tool must provide an IRS Tax Return Transcript of their federal income tax return. Confirmation of eligibility to file under a filing status may be required. Copies of all W-2's for the student, spouse, and/or parents for the requested year may also be required.
- *Rollovers.* For individuals who have a rollover listed on their federal tax return for the requested year, a signed copy of their federal tax return showing it was a rollover or a copy of their 1099-R should be submitted, along with the IRS Tax Return Transcript.
- *Amended Returns.* Individuals who filed an amendment to their federal income tax return must submit the following:
 1. An IRS transcript or any other IRS tax transcript for the tax year that includes all the income and tax information to be reported on the FAFSA®;
AND
 2. A signed copy of the IRS Form 1040X which has been filed with the IRS.
- *Filing Extensions.* Individuals who have been granted a filing extension by the IRS must provide the following:
 1. Documentation of filing extension:
 - a. For 2017-2018, provide a copy of the IRS Form 4868 "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return", and (if applicable) a copy of the IRS approval of an additional extension.
 - b. Effective 2018-2019, individuals who only have an automatic six-month extension to file must file their return, then provide an IRS Tax Return Transcript or use the IRS Data Retrieval Tool. Individuals who have been granted a filing extension beyond the automatic extension must provide a copy of the IRS Form 4868 "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return," and a copy of the IRS approval of an additional extension.
 - c. Instead of providing IRS Form 4868, an individual called up for active duty or qualifying National Guard duty during war or other military operation or national emergency may provide a signed statement certi-

fyng that s/he has not filed a return or requested an extension because of this service.

2. A copy of all W-2's for the requested year
 3. A signed statement certifying any adjusted gross income and the federal income tax paid in the requested year from self-employment
 4. Confirmation of non-filing from the IRS or other relevant taxing authority dated on or after October 1 of the year that the FAFSA® is available. Individuals can obtain the IRS documentation by checking box 7 on IRS Form 4506-T.
- *Tax information not available.* Individuals who filed a tax return, did not retain a copy, and whose information cannot be located by the IRS, must submit the following:
 1. Copies of all W-2's or an equivalent document;
 2. Documentation from the IRS or other relevant taxing authority that indicates that the individual's tax account information cannot be located; and
 3. A signed statement that indicates that the individual did not retain a copy of his/her tax account information. Self-employed individuals must list their adjusted gross income and income taxes paid on the statement. Additional documentation of income may be requested.
 - *W-2's not available.* Individuals who are required to submit W-2's but did not keep a copy should request a duplicate from the employer who issued the original or from the government agency that issued the equivalent document.
 - *Non-filers.* Individuals who did not file a federal tax return for the requested year because they were not required to do so must provide copies of all W-2's for the requested year, a signed statement certifying that they have not filed and are not required to file, and a listing of the sources and amounts of income earned from work. For 2017-2018, individuals must provide confirmation of non-filing from the IRS or other relevant taxing authority dated on or after October 1 of the year that the FAFSA® is available. Effective 2018-2019, individuals other than dependent students must provide confirmation of non-filing from the IRS or other relevant taxing authority dated on or after October 1 of the year that the FAFSA® is available.
 - *IRS identity theft.* Individuals who were a victim of IRS tax-related identity theft must submit the following:
 1. A Tax Return DataBase View (TRDBV) transcript or equivalent document obtained from the IRS's Identity Protection Specialized Unit at 1-800-908-4490; AND
 2. A signed and dated statement by the tax filer indicating that he or she was a victim of IRS tax-related identity theft of which the IRS has been made aware
 - *Foreign tax returns and wage statements.* Individuals who filed a foreign income tax return must provide a transcript (obtained at no cost) of the foreign tax return

from the country's central government taxing authority, along with an English translation (if the return is not in English). If a transcript cannot be obtained at no cost, a signed copy of the original income tax return may be provided. Individuals who did not file and were not required to file a tax return, for whom W-2's are requested, may be required to provide a copy of the wage and tax statement from the foreign taxing authority.

- *Family support.* Confirmation of a family's ability to provide sufficient financial support for the number of household family members reported
- *Support of a dependent.* Documentation of a student's ability to provide more than 50% of the financial support for a dependent
- *Clarifying documents.* Documentation to clarify income and adjustments to income as reported on the FAFSA®

Other information

- Additional documentation as requested by the financial aid office. This includes, but is not limited to documentation to confirm information provided on the FAFSA®, information provided on application materials or forms, or information provided verbally or in writing to college faculty or staff.

Assistance with Verification. Students should contact Financial.Aid@Point.edu for assistance with verification requirements if they are unable to provide the required documentation due to one or more of the following situations:

For dependent students

- The parents are residing in a country other than the United States and cannot be contacted by normal means of communication.
- Both parents are mentally incapacitated.

For independent students who are/were married

- The spouse is deceased.
- The spouse is mentally incapacitated.

For refugees, asylees, or victims of human trafficking

- Documentation of completion of secondary school education cannot be obtained.

Checking the Status of Verification. Students can check the status of their verification on the student portal. On the Student Requirements page, the requested verification items will be listed. Below is a listing of what each status means:

- *Requested – Required:* The financial aid office needs the document attached. Make sure the document is submitted in order to complete the verification requirement.
- *Received, but Rejected:* The student's verification materials have been received but there is an issue. Please contact the financial aid office to inquire what needs to be fixed. Materials are generally reviewed within two weeks after being submitted. Allow additional processing time near the beginning of each term.
- *OK:* The financial aid office has received your document and the requirement has been fulfilled successfully.

- **NA:** The requirement has been fulfilled and the document is no longer needed.

Deadlines. To ensure verification is complete by the time first disbursements occur, students should submit all requested documentation to the financial aid office as soon as possible.

Verification must be completed by these deadlines

- For the Federal Pell Grant, verification must be completed within 120 days of the student's last date of attendance, or the federal deadline, whichever is earlier.
- For Federal Work-Study, verification must be completed prior to the 60th day of the term in which the student is receiving Federal Work-Study funds.
- For all other aid, verification must be completed within 120 days of the student's last date of attendance, or one week prior to the end of the spring term, whichever is earlier.

Students who do not complete verification within the required deadlines will not qualify for federal aid and certain state and college aid programs. Federal and state aid funds will not be disbursed, and stipends, if any, will not be available until verification is completed and corrections (if necessary) have been processed and sent to Point University from the U.S. Department of Education.

Students selected for verification after financial aid disbursements have been made will receive a written notice containing a deadline to submit documents, which is approximately 30 days after the date of the letter. If documents are not submitted by the deadline, the student will be ineligible for the grant aid which was received. If the grant aid is not repaid, the student will be considered to have an overpayment and will become ineligible for all federal financial aid at any school.

Students selected for additional verification after financial aid disbursements have been made will receive a written notice containing a deadline to submit documents, which is approximately 30 days after the date of the letter. If documents are not submitted by the deadline, the student will be ineligible for all federal aid which was received, and may also become ineligible for other aid. The student will be responsible for repaying funds to the U.S. Department of Education. If the grant aid is not repaid, the student will be considered to have an overpayment and will become ineligible for all federal financial aid at any school.

Required Referral. The financial aid office is required by federal regulations to refer students to the U.S. Department of Education's Office of Inspector General if there is evidence of potential fraud or other criminal misconduct related to the student's application, including but not limited to false claims of independent student status, false claims of citizenship, use of false identities, forgery of signatures, and false statements of income.

***NOTE:** All information regarding verification is subject to change based on changes to federal law, regulation, or college policy and procedure. If changes are made, students must abide by the new policy.*

Federal Aid

Title IV Federal Financial Aid. Point University participates in federal student financial aid programs authorized under Title IV of the Higher Education Act of 1965, as amended. To be eligible to receive Title IV aid, Point students must have a valid high school diploma or the equivalent. If a student is designated for high school credential validation, the director of financial aid evaluates and validates that person's high school transcript or the equivalent for the purpose of financial aid. The director conducts this evaluation based on criteria established by the U.S. Department of Education (USDOE). The student may appeal the decision of the director of financial aid to the high school diploma appeal committee for a final decision.

Federal Pell Grant. The Pell Grant is a federal program designed to assist students with high financial need. Recipients are not required to repay the grant. Baccalaureate degree holders are no longer eligible. The amount of the award is determined by completing the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). The maximum grant is \$5,920 annually for full-time students. Award amounts may be adjusted based on enrollment status.

FSEOG Grant. The Federal Supplementary Educational Opportunity Grant (FSEOG) is campus-based federal aid and designed to assist the neediest undergraduate students. Recipients must be eligible for the Pell Grant. The award amount is determined by completing the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). Awards range from \$100 to \$1,500 annually, based on the availability of funds. FSEOG funds may be awarded to adult students who meet federal regulations on a need-by-need basis. However, FSEOG funds are awarded to on-ground residential/commuter students first.

Federal Work-Study. The Federal Work-Study (FWS) program allows students who exhibit financial need to obtain certain on-campus jobs. Recipients must be eligible for the Federal Pell Grant. A limited number of community service job opportunities are also available. All work positions are eligible to work 20 hours per week. The pay rate for FWS is \$8.25 per hour.

Application for Federal Work-Study is made through the financial aid office. Placement in a campus job is made through the human resources office. Point University cannot guarantee job placement for every student, nor can it guarantee the total number of hours students will work or the total amount they may earn. Students who are not eligible for FWS, but who desire to work, may apply for positions as part-time, temporary employees of the university. Limited student employment is available.

Federal Subsidized Direct Loans. Under the Federal Direct Loan Program, the U.S. Department of Education makes low-interest loans directly to students through the university. This program allows undergraduate students to borrow up to \$3,500 as freshmen, \$4,500 as sophomores, and \$5,500 as juniors and seniors. Students demonstrating financial need may qualify for an interest subsidy, by which the government pays the interest while the student is enrolled in at least 6 credits per term and/or during authorized periods of deferment. The application process begins with submission of the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). Point's financial aid office will provide instructions for requesting a Federal Subsi-

dized Direct Loan (or see www.studentloans.gov). Repayment may be deferred while the student is enrolled at least half-time. Graduate students are not eligible.

Federal Unsubsidized Direct Loans. Federal Unsubsidized Direct Loans are not based on need, and the student is charged interest from the time the loan is disbursed until it is paid in full. This program allows undergraduate students to borrow \$2,000 annually or the remainder of their annual eligibility if ineligible for the full subsidized amount. Independent students and dependent students whose parents are denied the PLUS loan (described below) may borrow either \$4,000 or \$5,000 of additional unsubsidized loans, based on number of credits earned. Graduate students are eligible for up to \$20,500 per year. The application process begins with submission of the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). Point's financial aid office will provide instructions for requesting a Federal Unsubsidized Direct Loan (or see <https://studentloans.gov>). Repayment may be deferred while the student is enrolled at least half-time. Interest continues to accrue during this time.

Federal Parent Loan for Undergraduate Students (PLUS). Through the PLUS loan, parents with a good credit history may borrow funds to pay the educational expenses of a dependent student. They may borrow up to the cost of their child's education minus financial aid at a fixed interest rate. Independent students are not eligible for PLUS loans. To receive a PLUS Loan, applicants must:

- Be the parent (biological, adoptive, or, in some cases, step-parent) of a dependent undergraduate student enrolled at least half-time,
- Not have an adverse credit history, and
- Meet the general eligibility requirements for federal student aid.

The application process begins with submission of the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). Point's financial aid office will provide instructions for seeking a PLUS Loan (or see <https://studentloans.gov>).

Federal Direct Graduate PLUS Loan. To receive a federal Direct Graduate PLUS Loan, applicants must:

- Be a graduate or professional degree student enrolled at least half-time in a program leading to a degree or certificate,
- Not have an adverse credit history; and
- Meet the general eligibility requirements for federal student aid.

The application process begins with submission of the *Free Application for Federal Student Aid (FAFSA®)* available online (www.FAFSA.ed.gov). Point's financial aid office will provide instructions for requesting a Direct Graduate PLUS Loan (or see <https://studentloans.gov>). For graduate students, the borrowing limit on such loans is \$138,000, of which no more than \$65,500 may be subsidized.

Georgia State Aid Programs

Georgia Tuition Equalization Grant (GTEG). Students who have been Georgia residents for at least two years, who are attending a private college or university in Georgia

(such as Point), and who are enrolled full-time in at least 12 credits per term may be eligible for the Georgia Tuition Equalization Grant (GTEG). Eligible students may receive the GTEG for up to a 127 attempted credit hour limit or the attainment of a bachelor's degree, whichever should occur first. The amount of the grant is set by the Georgia Legislature and is subject to change from year to year.

HOPE Scholarship. The HOPE Scholarship provides tuition assistance to students pursuing an undergraduate degree at Point University or another participating college or university in Georgia. This scholarship is a merit-based (rather than need-based) award available to Georgia residents who have demonstrated academic achievement. Hope Scholarship recipients must have graduated from a Georgia high school with a minimum 3.0 grade point average (GPA) in specific academic courses—namely, English, mathematics, science, social studies, and foreign language. Recipients are evaluated annually at the end of the spring term and after the term in which they attempt their 30th, 60th, and 90th credit hours. At the postsecondary or college level, students must maintain a minimum 3.0 cumulative GPA to remain eligible. A HOPE Scholar can lose and regain eligibility only one time. The Georgia Student Finance Commission (GSFC) determines final eligibility. Eligible students may receive the HOPE Scholarship for up to a 127 attempted credit hour limit or the attainment of a bachelor's degree, whichever should occur first. A seven-year limit exists for students first receiving the HOPE Scholarship during the 2011-2012 academic year (FY12) or later. The amount of the scholarship is set by the Georgia Legislature and is subject to change from year to year.

Zell Miller Scholarship. The Zell Miller Scholarship is awarded to Georgia residents who graduated from a Georgia high school as the valedictorian or the salutatorian, or who graduated with a minimum 3.7 cumulative grade point average (GPA) combined with a minimum score of 1200 on the Math and Reading portions of the SAT or a minimum composite score of 26 on the ACT in a single test administration. If eligible, students may receive the Zell Miller Scholarship for up to a 127 attempted credit hour limit or the attainment of a bachelor's degree, whichever should occur first. The amount of the scholarship is set by the Georgia Legislature and is subject to change from year to year.

Georgia Public Safety Memorial Grant. The Georgia Public Safety Memorial Grant is available to eligible Georgia residents who are dependent children of Georgia public safety officers who have been permanently disabled or killed in the line of duty. The award covers the cost of attendance at a private college or university, such as Point, minus any other financial aid received by the student, not to exceed \$18,000 per academic year.

Point University Aid Program

Point Aid. Point University awards scholarships and grants based on academic achievement, talent, residency, and other non-need based criteria. Point awards a number of merit-based scholarships annually. Scholarship recipients must maintain the applicable grade point average (GPA) and good standing with the university to retain their scholarships. Information on these scholarships and grants is available on the Point website (<https://point.edu/admissions/tuition-aid/financial-aid>). They include:

- Founder's Scholarship
- Leadership Scholarship

- Out-of-State Scholarship
- Merit-Based Scholarship
- Byron and Katie Cartwright Music Scholarship
- Dual Enrollment Scholarship
- CCCU College Tuition Waiver
- Restoration College Tuition Waiver
- Endowed Scholarships

Endowed Scholarships. Point University awards endowed scholarships each academic year, which range in the amounts awarded annually. Point University's institutional awards may be applied only to tuition for courses taken from the university unless specified otherwise. The sum of all tuition-specific scholarships and grants, including institutional awards, may not exceed the total amount of tuition. In situations where all tuition specific scholarships and grants do exceed total tuition, institutional awards will be adjusted accordingly. Contact the financial aid office for details, requirements and conditions of renewability/continuation for each of the institutional awards. A list of the endowed scholarships appears below:

James and Virginia Aldridge Scholarship
 Dr. William Ambrose Preaching Scholarship
 Wendell and Lynda Baggett Preaching Scholarship
 Terrell and Elma Harris and Kelsie and Sara Baldwin Scholarship
 Dorothy A. Bartley Music Scholarship
 J. Marvin Blackwell Preaching Scholarship
 Levi and Betty Bohannon Scholarship
 Dr. James Bowers Music Scholarship
 Larry and Paulette Bradberry Scholarship
 Myrtle Broome Scholarship
 Claudia Burchfield Scholarship
 Paul and Donna Carrier Scholarship
 Regina White Chastain Scholarship
 Christian Youth of Georgia Scholarship
 Melvin Lee Clay Scholarship
 Jim and Mildred Click Scholarship
 Clark and Suzette Cregger Scholarship
 Patsy Crowe Memorial Scholarship
 Keith and Harlene Davenport Scholarship
 Marlin H. and Doris J. Day Scholarship
 Bob Disharoon Scholarship
 Russell and Ellen Doles Scholarship
 Treavor Donaldson Scholarship
 Jim and Robin Donovan Scholarship
 Jim and Dura Dyer Scholarship
 Steve and Sherri Eidson Scholarship
 W. Edward and Billye Joyce Fine Scholarship General Scholarship
 Georgia Women's Retreat Scholarship
 Marshall and Margaret Glass Scholarship
 J. T. "Jake" Goen Scholarship
 Melvin and Margaret Greenway Memorial Scholarship
 Melvin and Margaret Greenway Scholarship
 Homer and Ida Brown and Ashley and Addie Greer Scholarship
 Charles and Ruth Groover Scholarship
 Judy and John Hardman Scholarship

Dennis and Sara Harris Preaching Scholarship
 Olin W. Hay Preaching Scholarship
 Madeline Hayes Scholarship
 Clay Henry Scholarship
 Charles J. Herndon Ministry of Gospel Scholarship
 Guy and Ann Hill Scholarship
 Hubert and Dorothy Hollums Scholarship
 W. S. Hughes Scholarship
 Jefferson Park Christian Church Scholarship
 Johnson County Scholarship
 John Kennedy Memorial Scholarship
 Hazel Kiger Memorial Scholarship
 Earl and Nita Kindt Scholarship
 Catherine S. Lee Scholarship
 Paul and Mary Leslie Scholarship
 Lilly Family Leaders Scholarship
 James and Caroline Mackey Scholarship
 Robert W. McGuire Preaching Scholarship
 Frank and Jeanette McKinney Scholarship
 Roy McKinney Scholarship
 Roy and Viola Miller Scholarship
 Agnes Howie Morgan and Evelyn Cawthon Morgan Scholarship
 Mount Olive Christian Church Scholarship
 Larry and Peggy Musick Scholarship
 North Druid Hills Christian Church Scholarship
 Northshore Christian Church Scholarship
 Billy W. Pate Scholarship
 A. C. "Al" Peacock Scholarship
 Tom Phelps Preaching Scholarship
 Scott H. Phillips Preaching Scholarship
 Lois H. Black and Scott H. Phillips Scholarship
 Tom and Carol Plank Scholarship
 Point Music Scholarship
 Bob and Doreen Puckett Scholarship
 Forrest Lee and Helen Ramser Scholarship
 Fred and Margaret Ramser Memorial Scholarship
 James C. Redmon Scholarship
 Bill and Billie Repella Scholarship

Bernard Riley Memorial Missions Scholarship
 Jay Romans Scholarship
 Lester Shell Preaching Scholarship
 Doug Shippy Scholarship
 Denver and Helen Sizemore Missions Scholarship
 Werner G. Smith Scholarship
 James W. Sosebee Scholarship
 William M. and Lanette L. Suttles Scholarship
 Ralph and Evelyn Swearngin Scholarship
 Nancy Taylor Scholarship
 Hayward and Vera Thames Music Scholarship
 Charles F. and Anne Turner Scholarship
 Urban Link Scholarship
 James Vaughn Memorial Scholarship

James D. Vernon Memorial Scholarship
 John W. and Barbara Wade Scholarship
 Rupert and Alene Wallace Preaching Scholarship
 Ralph and Helen Warren Scholarship
 Robert O. and Mildred Weaver Scholarship
 Fred and Linnell Wellborn Scholarship
 West Gwinnett Christian Church Memorial Preaching
 Scholarship
 Clyde P. Wheeler Preaching Scholarship
 Courtney Griggs and Josh Wilson Scholarship
 Clark F. Woods Scholarship
 Lois Yarbrough Scholarship
 Andrew M. Yarchuk Scholarship
 Shelia Zimmermann Scholarship

Veterans Benefits

Eligible U.S. military veterans and dependents are welcome to apply for educational benefits. Students may verify eligibility and receive current information by telephoning the Department of Veterans Affairs (VA) at 1-800-827-1000. This number is accessible from anywhere in the United States and connects callers to the nearest regional office. They may also visit www.gibill.va.gov or call 1-888-442-4551.

Certification to the VA. Point's School Certifying Official (SCO) reports enrollment for each fall and spring enrollment period, noting credit hours, start/end dates, tuition, and fees.

Montgomery GI Bill (Chapter 30). The Montgomery GI Bill, known as the MGIB, is a program providing educational benefits to individuals who entered active duty for the first time after June 30, 1985, and who received an honorable discharge. Active duty includes full-time National Guard duty performed after November 29, 1989. To receive the maximum benefit, participants generally must have served continuously for three years.

Montgomery GI Bill (Chapter 1606). MGIB-SR (Montgomery GI Bill-Selected Reserve Educational Assistance Program, chapter 1606 of title 10, U.S. Code) is for members of the Selected Reserve. The Selected Reserve includes the Army, Navy, Air Force, Marine Corps, Coast Guard, Army National Guard, and Air National Guard. The reserve components decide who is eligible for the program.

Vocational Rehabilitation Assistance (Chapter 31). Vocational Rehabilitation is a program of services for active duty military and veterans with service-connected physical and/or mental disabilities.

Post-Vietnam Era Veterans Educational Assistance Program (Chapter 32). Under VEAP, active duty personnel voluntarily participated in a plan for education or training in which their savings were administered and supplemented by the federal government. Service persons were eligible to enroll in VEAP if they entered active duty for the first time between January 1, 1977 and June 30, 1985.

Post-9/11 GI Bill / Yellow Ribbon Program (Chapter 33). The Post-9/11 GI Bill is for training pursued on or after August 1, 2009. Benefits may include tuition and fees, monthly housing allowance, books and supplies stipend, and miscellaneous expenses. Benefits are based on students' entitlement percent and enrollment status.

Dependents Educational Assistance Program (Chapter 35). This program provides education and training opportunities to eligible dependents of certain veterans. Students who wish to verify eligibility should contact the regional office of the Department of Veterans Affairs and provide the veteran's service dates and the VA file number.

Vocational Rehabilitation Assistance

Vocational Rehabilitation Assistance is available to qualified students. The local office of the student's hometown can provide specific information about this resource.

Other Sources of Financial Aid

In addition to federal, state, and institutional financial aid programs, students are encouraged to investigate other potential sources of assistance, such as corporate and non-profit organizations and foundations, churches, employers, labor unions, civic groups, and professional organizations. Free scholarship search engines are available on the Internet to aid students in scholarship searches, such as www.fastweb.com or www.scholarship.com. Additional information may be obtained through the financial aid office.

Satisfactory Academic Progress (SAP) for Financial Aid

Satisfactory Academic Progress. In accordance with federal regulations under Title IV of the Higher Education Act of 1965, as amended, a student must maintain "satisfactory academic progress" in order to receive federal financial aid. Point University uses its Satisfactory Academic Progress (SAP) standard to determine if an enrolled student is making satisfactory academic progress in his or her educational program (regardless of whether s/he is receiving Title IV aid) and for a variety of other purposes. The SAP policy provides a consistent application of standards to all students, supporting and requiring both the quality of academic work and the completion of a student's program within the maximum timeframe.

Point University's SAP Policy provides that a student's academic performance will be evaluated at the end of each term. The SAP Policy applies both qualitative and quantitative standards, as defined below.

Qualitative Standard. The qualitative standard is based on the student's cumulative grade point average (GPA), which includes *all* grades received at Point University and (for transfer students) *all* grades earned at institutions other than Point. To satisfy the quality standard, a student must meet the following GPA at each evaluation:

UNDERGRADUATE	
Total Credit Hours Earned	Minimum Cumulative Grade Point Average
0 – 16	2.0
17 – 32	2.0
33 – 48	2.0
49 - 63	2.0
64 – 128	2.0
GRADUATE	
Total Credit Hours Earned	Minimum Cumulative Grade Point Average
0-30	3.0
30-60	3.0

A student with a cumulative GPA below the stated minimum will be put on Financial Aid Warning for the next term and must meet the cumulative GPA standard at the end of the Financial Aid Warning payment period. Student who do not meet the SAP standard by the end of the warning period are placed on Financial Aid Probation and become ineligible for financial aid. Probation status can be appealed (see below).

Quantitative Standard. To satisfy the quantitative standard, undergraduate students must successfully complete a minimum of 67% (rounded from 2/3) of all attempted credits each academic year. Graduate students must successfully complete 75% of all attempted credits each academic year. Only grades of A, B, C and D are considered as credit hours completed. Please note that repeat and incomplete courses ARE counted toward the quantitative measure.

Quantitative Formula = Successfully Completed Credits

Attempted Credits

There are two components to the quantitative standard: (1) maximum timeframe allowed for program, and (2) cumulative completion percentage (pace). Both standards will be checked at the end of each payment period.

- *Maximum Timeframe.* Students must complete their degree requirements within 150% of the published length of their program (number of credits needed to complete degree requirements). For example, a program requiring 120 credits to graduate will be limited to 180 credits of financial aid eligibility.

120 x 150% = 180 hours (Maximum Timeframe)

All coursework is counted, including but not limited to repeat and incomplete coursework, transfer credits, and coursework completed for a prior degree or major for which a degree was not conferred.

- *Cumulative Completion Percentage (pace)*. Undergraduate students must successfully complete a minimum of 67% (rounded from 2/3) of all courses attempted within their academic degree. Graduate students must successfully complete a minimum of 75% of all courses attempted within their degree. Pace is calculated at the end of every term to determine if the student is making the necessary progression to complete the degree program within the maximum timeframe. Students who do not meet pace are placed on Financial Aid Probation and become ineligible for financial aid. Probation status can be appealed (see below).

Pace Formula = Cumulative Successfully Completed Credits

Cumulative Attempted Credits

IMPORTANT: All credits are part of the calculation, including but not limited to repeat and incomplete coursework, transfer credits, and coursework completed for a prior degree or major for which a degree was not conferred. The only time a student may start over is after a degree is conferred.

PLEASE NOTE: Students interested in receiving state aid (such the Hope Scholarship and Zell Miller Scholarship) must also meet state SAP standards established for each aid program.

Explanation of Terms:

- *Transfer Credit*. Point University will count transfer credits, CLEP, DSST, and Advanced Placement hours accepted toward a student's educational program as both attempted and successfully completed hours.
- *Attempted Credit*. All credits are part of the calculation, including but not limited to repeat and incomplete coursework, transfer credits, and coursework completed for a prior degree, certificate or major for which a degree or certificate was not conferred, regardless of receiving financial aid.
- *Incomplete and Withdrawals*. Courses with incomplete and withdrawal grades (W, WP, WF) at the time of the SAP review count as attempted but are not counted as successfully completed hours. An incomplete grade that is converted later will be considered during the next term SAP review.
- *Repeat Courses*. Courses that are repeated will count in attempted hours. Repeated courses that are excluded from the academic record will not count as successfully completed hours or in the GPA calculation.
- *Dropped Courses*. Courses that are dropped with a non-attendance code are not counted in attempted hours, except when a student has retained a refund of loan proceeds made prior to the start of courses. All other dropped courses will count in attempted hours. Dropped courses do not count in successfully completed hours.

SAP Determination. The financial aid office evaluates SAP for all students at the end of each payment period to determine financial aid eligibility for the next term. Students

who have failed to meet federal SAP requirements are placed on Financial Aid Probation and become ineligible for financial aid. Probation status can be appealed (see below).

EVALUATION TIMEFRAME		
Two-term programs	December and May	End of each term
Three-term programs (online and summer attending students)	December, May, and August	End of each term

SAP Notification. Students who are not making satisfactory academic progress (SAP) at the end of any term will receive an email to their Point email address to alert them of their SAP status and its impact on their financial aid (FA).

- **FA Warning** is the first status a student receives, after failing to reach the criteria of a 2.0 and/or a 67% completion rate. Also, this status is given if a student makes an “F” in any course during the term. Students can receive aid for one term while on FA Warning.
- **FA Probation** is the second status a student receives, after failing to meet the FA SAP standards while on FA Warning. **The student loses all FA awards while on this status.** This status can be appealed (see below). A student who is not eligible to receive federal financial aid due to lack of satisfactory progress is eligible to apply for federal aid after: (1) enrolling in one full-time term at one’s own expense; and (2) meeting the satisfactory academic progress policy.
- **FA Appeal** status is awarded through a successful completion and approval of an Financial Aid Appeal (see below). This status allows the student one term to satisfy the SAP standards. This status is only good for one term. If a student fails to meet the standards, the student will automatically be placed on FA Probation for one year.
- **FA Academic Plan** requires a student to meet several criteria to keep this status. These are outlined in the SAP Academic Plan contract (see below). The student can continue to receive Federal Aid while on the Academic Plan.

SAP Appeal. A student with extenuating circumstances may appeal the denial of student financial aid by submitting a *Satisfactory Academic Progress (SAP) Appeal Form* within 15 days from the day the failure notice was sent. The appeal must be made in writing, addressed to the Satisfactory Academic Progress Committee in care of the financial aid office, and include the following documentation:

- Completed *SAP Appeal Form* available from the financial aid office
- A letter written and signed by the student describing why the student has failed SAP and what has changed that will allow the student to meet SAP successfully in the future

- Additional supporting documents; each appeal must have two forms of supporting documentation.

A student's appeal may be approved on a probationary basis for one term, if it is feasible for the student to meet all SAP requirements within one term. If not, an academic plan must also be included with the appeal. Late appeals will not be accepted. Generally, the financial aid office will only approve one appeal per academic degree.

SAP Academic Plan. If it is not feasible for a student to meet all SAP requirements within one term, an academic plan must be developed with the student's academic advisor. The academic plan will outline grade and credit requirements that will allow the student to successfully meet SAP. If necessary, the academic plan may extend beyond the current academic year. If SAP failure was based on the quantitative measure only, it is not necessary to establish an academic plan. If SAP failure was based on the maximum timeframe measure, the student must complete all credits required for degree completion by the end of the last term of the academic plan.

Under an academic plan, a student's progress will be monitored at the end of each term in order to ensure that the student is progressing according to the requirements of the plan. As long as the student is progressing accordingly, the student will remain eligible for financial aid. If the student is not meeting the requirements of the plan, the student will not be eligible to receive financial aid until all components of SAP have been met.

SUMMARY OF REQUIREMENTS BY DEGREE LEVEL	
Undergraduate Students	Graduate Students
• <i>Qualitative Measure:</i> minimum GPA 2.00	• <i>Qualitative Measure:</i> minimum GPA 3.00
• <i>Quantitative Measure:</i> successful completion of at least 67% (rounded from 2/3) of all credits attempted annually at Point University	• <i>Quantitative Measure:</i> successful completion of at least 75% of all credits attempted annually at Point University
• <i>Maximum Timeframe:</i> financial aid limited to 150% of the published length of the program	• <i>Maximum Timeframe:</i> financial aid limited to 150% of the published length of the program
• <i>Pace:</i> successful completion of at least 67% of all attempted credits	• <i>Pace:</i> successful completion of at least 75% of all attempted credits

Financial Aid Warning and Probation. The financial aid office monitors the quality and quantity of students' academic progress at the end of each term by reviewing their grade reports. Students who do not maintain satisfactory academic progress incur the following penalties:

- Failure to meet the *quality and/or quantity standards* for one term places students on "warning" status. Students may receive financial aid for *one* term while on warning.
- Failure to meet the *quantity standard* for two consecutive terms places students on financial aid "probation."

Appeal of Suspension of Federal Financial Aid. Students placed on Financial Aid Probation become ineligible to receive financial aid. Such students have the right to appeal by submitting required documentation to the financial aid office, including a written explanation of circumstances that negatively impacted "satisfactory academic

progress” and what the student plans to do in the future to ensure that he or she will meet SAP standards. Students should submit the written appeal to the financial aid office within 30 days of receipt of written notification from the financial aid office.

The university may consider individual mitigating circumstances in determining a student’s progress. Mitigating circumstances may include student injury, illness, death of a relative, or undue hardship as the result of special circumstances. Students must provide two (2) forms of documentation to support the appeal.

As part of the appeal, students have the option to file a *Financial Aid Academic Plan*. Such plans are used when students cannot meet (1) the quality standard of a 2.0 undergraduate or 3.0 graduate cumulative GPA, and/or (2) the quantitative standard of 67% undergraduate or 75% graduate credit hours completed. The plan should project a clear and timely pathway toward meeting these standards and progressing toward graduation.

The appeal and the *Academic Plan* must be approved by the financial aid appeals committee. The decision of the appeals committee will be final. If the committee approves the appeal, the student will be placed on federal Financial Aid Warning for one term. Failure to meet or exceed any of the milestones outlined in the *Academic Plan* will result in the student being placed on federal Financial Aid Probation until he or she meets the satisfactory academic progress requirements detailed above.

Reestablishing Financial Aid Eligibility after Probation. Students placed on financial aid probation may reestablish eligibility by (1) completing one or more terms without financial aid, (2) achieving a minimum cumulative GPA of 2.0 at the undergraduate level or 3.0 at the graduate level, and (c) successfully completing 67% of cumulative credit hours for an undergraduate program or 75% for a graduate program.

Maximum Timeframe for Completing Degrees. Any student has potential financial aid eligibility to cover 150% of the credit hours required to complete the degree program. Students in the associate degree program typically have 90 credit hours for financial aid eligibility. Students in the bachelor degree program typically have 180 credit hours for financial aid eligibility. Point recognizes that not all students will be able to complete their degree requirements within the normal timeframe. However, to maintain financial aid eligibility, students must complete their program of study within a maximum timeframe of no more than 150% of the normal length of the program (e.g. 3 years for an associate’s degree, 6 years for a bachelor’s degree).

Return of Title IV Federal Financial Aid as a Result of Withdrawal

Title IV Financial Aid. Title IV federal financial aid funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws or ceases to attend, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive.

Return of Title IV Funds Policy. The Return of Title IV Funds Policy applies to recipients of Title IV financial aid who withdraw or cease attending all courses for the payment period or term after aid has been disbursed. Repayment of aid is determined

according to this policy. Financial aid recipients considering withdrawing from all coursework are advised to contact the financial aid office prior to withdrawal.

When a student is considered to have totally withdrawn during a payment period or term in which s/he has begun attendance and received federal Title IV financial aid, the university is required to determine the amount of earned and unearned Title IV aid. A student is only eligible to retain the percentage of Title IV aid disbursed that is equal to the percentage of the payment period or term that was completed by the student. The unearned Title IV aid must then be returned to the appropriate federal aid program(s). If more than 60% of the payment period or term has been completed by the student, no Title IV aid needs to be returned.

In accordance with federal regulations, unearned Title IV aid shall be returned to these programs in the following order:

- Federal Direct Unsubsidized Stafford Loan
- Federal Direct Subsidized Stafford Loan
- Federal Direct Parent or Graduate PLUS Loan
- Federal Pell Grant
- Federal Supplemental Educational Opportunity
- Other Title IV Programs

The unearned portion of the aid will be charged back to the student's billing account and must be repaid by the student. A hold will be placed on the student's account by the student accounts office if the outstanding balance is not repaid. The financial aid office will send notification to the student's University email account notifying the student of the withdrawal date, the percent of the payment period or term completed, the amount of aid returned to the federal program(s), and the balance the student currently owes.

There are three types of withdrawals that fall under the Return of Title IV Funds federal calculation regulations:

- *Official Withdrawals.* The student has completed the formal withdrawal process by submitting the online *Withdrawal Form* available on the university website (<http://intranet.point.edu/withdrawal-form>). The withdrawal date is the date the student notifies Point of intent to withdraw (*Withdrawal Form* received by Point) or the date the student resigns from all courses online.
- *Unofficial Withdrawals.* If a student begins to attend a course, receives federal Title IV aid, but then ceases to attend without providing official notification to the University, the federal government considers this an "unofficial withdrawal." This includes students who earn failing grades in all courses, if it is determined the student ceased attending prior to the end of the payment period or term. The withdrawal date for students who unofficially withdraw is the last date of attendance reported by the student's instructor(s). The refund rules for Title IV aid recipients who withdraw are then followed to determine the unearned portion of Title IV aid that must be returned to the appropriate aid program(s).

WARNING: Point registers students for a full 16-week term (two 8-week sessions), and state and federal governments award financial aid for the full term. If online students participate in session 1 but decide not to continue into session 2, they must notify the financial aid office before session 1 ends. If they do so, Point will not charge tuition for session 2 and will return to the government any remaining financial aid awarded for that term. If students do not notify Point before session 1 ends, the university may charge session 2 tuition and then have to return financial aid. In either case, students will be responsible for any unpaid balances. Contact the financial aid office for more information (email Financial.Aid@Point.edu; telephone 706-385-1018).

- **Module Withdrawals.** A module withdrawal refers to a course or courses in a program that do not span the entire length of the payment period or term, such as an 8-week online course falling within a 16-week term. If a student withdraws from an individual module and does not complete all of the days s/he was initially scheduled to attend prior to ceasing attendance, a return of Title IV funds calculation must be performed to determine the percentage of financial aid earned and unearned.

If a student provides written confirmation of his/her intent to attend a future module within the term, it is not necessary to perform the recalculation. However, the student's future attendance within the term must be tracked. If it is determined that the student failed to attend a future module, a recalculation must be performed. Even if a student completes more than 60% of the payment period or term, Point University will complete the Return of Title IV calculation to ensure that the student is not entitled to a post-withdrawal disbursement.

Examples of Title IV Calculations

- **EXAMPLE 1:** Jane Doe is enrolled in the major of Elementary Education. Her term begins on August 24 and ends December 13. On October 4 (42 days into the term), she drops her courses.

Jane's institutional charges are as follows:

Item	Cost
Tuition	\$9,750.00
Fees	\$550.00
Books	\$ -
Room	\$2,250.00
Meal Plan	\$ 1,700.00
Total:	\$14,250.00

Item	Cost
Federal Direct Subsidized Loan	\$1,732.00
Federal Direct Unsubsidized Loan	\$990.00
Federal Pell Grant	\$2,888.00
Federal FSEOG	\$750.00
Federal Direct Plus Loan	\$10,815.00
Total:	\$17,175.00

Amount refunded to Jane: \$2,925.00

As Jane has completed 43 days (40.6%) of her term, according to the federally mandated calculation, 60.4% of the unearned portion of her aid, equaling \$8,587.50, must be returned.

Point University must return all of the following aid applied toward Jane's institutional charges:

Item	Cost
Federal Direct Subsidized Loan	\$1,732.00
Federal Direct Unsubsidized Loan	\$990.00
Federal Direct Plus Loan	\$8,587.50
Total:	\$8,857.50

In addition, Jane is required to return \$1,462.50 of the amount refunded to her to the servicer of the Federal Direct Parent PLUS Loan.

Jane is not eligible to receive a tuition reversal because she dropped her courses after the refund period. A collections HOLD is placed on Jane's account at the time the funds are returned to the lender, which prevents Jane from registering for any additional courses or receiving transcripts before paying her balance.

- **EXAMPLE 2:** Karen Williams is a graduate student at Point University. Her term begins August 23 and ends December 6. On November 24 (93 days into the term), Karen accepts a full-time job and drops her courses.

Karen's institutional costs consist of the following:

Item	Cost
Tuition	\$2,970.00
Fees	\$250.00
Books	\$ -
Room	\$
Meal Plan	\$
Total:	\$3,220.00

Item	Cost
Federal Direct Unsubsidized Loan	\$8,141.00
Total:	\$8,141.00

Based on Karen's attendance (69.8% of the term), Karen has "earned" all of her financial aid for the term and will not have to return any funds.

- **EXAMPLE 3:** Robert Jones is a student in the B.S. in Biblical Studies program. His term begins on May 9 and ends on August 18. His federal student loan funds are credited to his student account on April 27. On the same day, the loan proceeds are applied to cover Robert's institutional charges, and the funds in excess of those charges are refunded to him. On April 28, Robert drops his courses due to unforeseen circumstances.

Because Robert dropped his courses prior to the first day of the course, he is not subject to the Title IV calculation. A 100% reversal of tuition and fees will be made to his student account, creating a credit balance. When a course is dropped before the student attends the first course, Point University is required to return all funds that were applied to tuition and fees. Therefore, the credit balance will be returned to the appropriate Title IV account(s). In addition, Robert is required to return to the lender the refund that he received. It is recommended that students return their loan refunds directly to Point University's student billing & payment center, which will return the funds to the lender. This will ensure that there is documentation on the student's Point University student account.

- **EXAMPLE 4—Part of the Term (online):** Point University offers courses that span a standard 16-week term as well as courses that span two 8-week sessions within a term. Jordan Thomas is enrolled in two 8-week sessions during the 16-week fall term (Fall Session 1 and Fall Session 2). On September 2, he drops all courses in Fall Session 1.

	UNDERGRADUATE FALL SESSION 1 AUG. 22 - OCT. 16	UNDERGRADUATE FALL SESSION 2 OCT. 17 - DEC. 11
ENROLLED	No Longer Enrolled	Still Registered
	September 2	

On September 4, Jordan receives a notification to his Point University email from the registrar office requesting that he complete an *Intent to Enroll* form within the next 5 business days.

The chart below summarizes the actions that Jordan may take:

STUDENT ACTION	CONSEQUENCE
IF	THEN
<p>YES</p> <p>If Jordan selects YES, I will attend course(s) during the second session of the term . . .</p>	<p>The financial aid office (FAO) will not need to take further action and Jordan may retain the federal financial aid funds advanced to him for the term. (However, if he fails to attend courses as indicated, he will be considered withdrawn from the term, and the financial aid office will be required to perform the Return of Title IV Funds calculation which may result in an outstanding balance on Jordan's student account.)</p>

<p style="text-align: center;">NO</p> <p>If Jordan selects NO, I will not attend courses during the second session of the term . . .</p>	<p>Jordan's Fall 2 courses will be dropped and the FAO will be required to perform a Return of Title IV calculation which will determine how much of his federal financial aid Jordan will have to return as unearned. This choice may result in an outstanding balance on Jordan's account.</p>
<p style="text-align: center;">NO ACTION for 5 business days</p> <p>If Jordan does not complete and submit the <i>Intent to Enroll</i> form . . .</p>	<p>The FAO must assume that Jordan will NOT attend courses during the second part of the term and the FAO will perform a Return of Title IV calculation. Jordan's Fall 2 courses will be dropped. The calculation will determine how much of his federal financial aid funds will have to be returned as unearned. This may result in an outstanding balance on Jordan's student account.</p>

STUDENT SUPPORT SERVICES

VICE PRESIDENT FOR SPIRITUAL FORMATION & DEAN OF THE CHAPEL
SAMUEL W. (WYE) HUXFORD, M.Div.

CHIEF STUDENT DEVELOPMENT & RETENTION OFFICER:
BERNARD HILL, Ph.D.

DEAN OF POINT ACADEMIC SUPPORT SERVICES:
VALARIE WILLIAMS, M.S.

DIRECTOR OF TECHNOLOGY:
BILL DORMINY, M.B.A.

Education Sites

Point University currently operates on-ground academic programs at multiple locations in Georgia and elsewhere. Point also offers online programs through which it extends its educational mission across the nation and around the world. For further information on each Point location, see the section of this catalog describing “One University, Many Sites” (found above under “General Information: Point University”).

Main Campus. The main campus in West Point, Georgia, hosts on-ground residential programs while also offering support for students in *Point Online* and *Point Connect* hybrid programs. West Point includes student housing, a cafeteria, athletic facilities, a library and learning commons, a fine arts center, science labs, student life programs, and other amenities supporting residential students.

Student Support Centers. In addition to the main campus, Point University offers on-ground undergraduate programs in Peachtree City and Savannah, Georgia. These larger sites include well-equipped classrooms, computer labs, and office spaces. They serve as support centers for both on-ground and online students. Students are generally served by personnel based at the site closest to their home.

Other Sites. Point sites in Columbus, Georgia, and Phoenix, Arizona, host certain ministry education programs. Point also offers occasional courses at other locations, such as Dual Credit Enrollment (DCE) courses.

Support Services Available to All Students

On-Site and “Virtual” Student Support Services. Since Point serves both on-ground and online students, the university makes most of its support services available both on-site and “virtually” via the Internet. The primary support services available to *all students* are outlined below. The next section of the catalog describes additional services available to on-ground residential and commuter students at the West Point campus. These on-ground students pay a higher tuition rate because they require physical classrooms, housing, food service, athletic facilities, parking, campus activities, and other

services not used by online students. Further information about online academic support services also appears on the university website (<https://point.edu/academics/academic-support/support-services>).

Technical Services. Point University's information technology (IT) department facilitates the services described below. Mr. Bill Dorminy supervises the IT team as director of technology (Bill.Dorminy@Point.edu). The IT office is located on the West Point campus in room 261 of the Lanier Academic Center.

Computer Hardware and Software. *Point University requires all students enrolled in online programs to provide their own computer devices for online learning.* The university recommends that on-ground students also purchase their own laptops or personal devices. *Technology Guidelines* and *Minimum System Requirements* appear below. However, computer labs (see below) are available for all students during facility business hours as a supplement. Through the Student Portal (described below), students gain free access to the Microsoft Office 365 software package.

Campus Wi-Fi Connectivity. Point provides free Internet access through the wireless network found in all University education sites and residence halls. During orientation, students receive instructions for logging into the university network using their Point passwords. For access instructions, guidelines, and the *Acceptable Use Policy*, see the Point Intranet (<http://intranet.point.edu/wifi>).

Computer Labs. Point University provides modern, well-equipped computer lab facilities for students at its education sites in West Point, Peachtree City, and Savannah. At the main campus in West Point, computers are available in the learning commons, the Computer Lab, and the Computer Classroom. Additional computer kiosks are available at various locations around campus. In the Scott Fine Arts Center (413 W. 10th Street), students have access to a Mac lab. All campus computers are connected to the Internet through the university's network, with access to Microsoft Office 365 software for word processing, spreadsheets, databases, presentations, web browsing and interactive course materials.

Tech Support and Helpdesk. The Information Technology (IT) staff provide 24x7 technical support via email, telephone, an online helpdesk, and an on-site helpdesk in room 126 of the learning commons at West Point:

- For help and technical support, send an email to ITSupport@Point.edu. Include as many details as possible in your message.
- Users may access the online SysAid helpdesk by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, and then clicking on the "SysAid" icon.
- Users may also telephone the helpdesk at any time (706-385-1493) to speak with a live representative who can assist with issues such as password resets and basic assistance with *Point Online* and other computer applications. After hours (5:00 p.m. – 8:00 a.m.), weekend, and holiday telephone support are currently limited to password resets and basic user functions for the Single Sign-On portal to ensure that users can access learning resources. Some support questions may require

escalation from the afterhours support desk. In this case, a ticket will be created and a technician will contact the user the following business day.

For email and telephone support, students should have their Student ID number available to verify their identity. For information on where to find one's student ID, visit <http://point-oit.wikispaces.com/How+to+find+your+Student+ID>.

University Website. Point's main website (www.point.edu) gives students access to general information about the university, along with news and updates, academic catalogs, digital library resources, financial aid information, institutional policies, and a variety of other resources and services.

The Consumer Information section of the website (<http://point.edu/disclosures>) offers public disclosures required by the Higher Education Opportunity Act of 2008. It includes information on many aspects of University operations, such as accreditation, student achievement, campus security, emergency procedures, student privacy, and Title IX sex discrimination protections (<https://point.edu/title-ix>).

Student and Faculty Portal. The Point University Student & Faculty Portal provides convenient access to many services, such as (1) CampusNexus®, through which students may view their final grades, degree audits, transcripts, financial aid status, account balance, and more; (2) "Office 365," where students may check their Point email and use a variety of office software; (3) *Point Online*, through which students enter online course sites; and (4) SysAid®, through which students may submit IT technology service requests. The portal also includes direct links to many of the student services described below. Users enter the portal by logging into the *MyPoint* Single Sign-On portal (<http://my.point.edu>) and entering their Point username and password.

Intranet. Point's Intranet (<http://intranet.point.edu>) offers direct links to (1) student resources, such as the academic catalog and consumer information; (2) a wide variety of student services, such as food services, health services, counseling, and other services described below; and (3) various forms and applications, such as the degree change form, academic appeal form, and transcript request form.

Point University Email. Point email accounts facilitate communication between students, faculty, and support staff. *All student correspondence with instructors, participation in Point Online and Point Connect courses, and submission of course assignments must occur via the student's assigned Point University email account or through Point's online course platforms.* Students should check their Point email accounts daily for messages from the university. Users may access their email by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, and then clicking on the "Office 365" icon.

Online Course Websites. For online students, the university offers *Point Online* and *Point Connect* courses through the *Canvas* Learning Management System (LMS). Online course sites, which utilize the *Canvas* LMS, facilitate online presentations, the sharing of educational resources, communications with the instructor and other students, assignments, and assessments of student learning. Each online course site also features links to most of the service departments described below. For further information concerning *Canvas* and Point's approach to online course design and

andragogy, see the portion of this catalog devoted to “Online Learning,” which appears above in the “Introduction to Academics.”

Students access *Point Online* and *Point Connect* courses by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the “Point Online” icon, and then clicking on the desired course.

Training for students enrolled in *Point Online* and *Point Connect* courses is provided by the instructional design department and through an online Student Video Library (<http://intranet.point.edu/video>) featuring tutorials on *Canvas*, Zoom video-conferencing, writing style guides, library services, and other topics.

Online Course Companions. For on-ground courses, some instructors use online “Course Companions” developed in the *Canvas* Learning Management System. These “Course Companions” do not carry all the features of full online courses. However, they include supplementary materials and an electronic gradebook for the on-ground course.

Students access “Course Companions” by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the “Point Online” icon, and then clicking on the desired course.

Technology Guidelines and Minimum System Requirements. Point University is dedicated to providing a high quality education and learner-centered experience while managing diverse instructional delivery modes and various academic technologies. The university strives to equip students, faculty, and staff with the development of technology skills and competencies needed within these modalities.

Point University requires all students enrolled in online programs to provide their own computer devices for online learning. The university recommends that on-ground students also purchase their own laptops or personal devices, but computer labs are available on campus for those who need access to computer technology. Point asks students, faculty, and staff to adhere to the following technology policies and guidelines to ensure optimum user experience.

Acceptable Use of Technology. Technology equipment, network connections, and resources are to be used for supporting the mission, instruction, and services of Point University. Any use which compromises or interferes with the mission, character, and security of Point University is prohibited, regardless of whether the equipment is Point University property or private property. This policy applies to all physically present, virtual, and/or remote transmissions of data within any Point University network or resource. Participation in activities that are disruptive, illegal, or destructive to the Point University mission, students, faculty, or employees will result in disciplinary action, revocation, and/or referral to appropriate law enforcement agencies and authorities.

Point reserves the right to define and apply what is considered to be acceptable use of technology and its resources under these policies and guidelines.

Minimum System Requirements. *Canvas* is the current Learning Management System (LMS) used for Point’s online courses and for on-ground “course companions.”

For best user results, Point recommends that students and faculty evaluate their computer or device with the following checklist prior to logging into courses:

- Windows PC or Mac with the most recent version of these browsers:
 - Google Chrome (www.google.com/intl/en/chrome)
 - Mozilla Firefox (www.mozilla.org/en-US/firefox/new)
- Windows PC or Mac with audio (sound card with speakers or headphones/ear buds).
 - Typically found in most computers by clicking on the Start icon, then Control Panel, and/or Sound.
- Windows PC or Mac with video capabilities (webcam and microphone within device or stand-alone)
- High speed Internet access.
 - Typically found in most computers by clicking on the Start icon, then Control Panel, and Network or Internet.
- Adobe Reader (<https://get.adobe.com/reader>)
- Access to a printer or scanner (depending on course activities)

It is the users' responsibility to maintain their personal Internet connection, computer, or device with the necessary hardware, software, and browser updates.

Alternate Technology Plans. There may be occasions in which students need an alternate technology plan due to unforeseen circumstances, such as Internet outages at home. In preparation for such circumstances, students should identify an alternate location with free Wi-Fi, a computer lab, and/or other needed accommodations. Examples include a Point University education site during facility hours, public library, or restaurant.

Admission Services. Point provides enrollment information and services to new students entering the university. Admission counselors and academic advisors help students assess institutional fit and assist them through admission processes. Students may communicate with admissions staff through email (admission@point.edu), the Point University website (<https://point.edu/admissions> or <http://online.point.edu/online-admissions>), or by calling 706-385-1000 and asking for an admission counselor. Mr. Rusty Hassell oversees admission services as dean of enrollment management (Rusty.Hassell@Point.edu).

Academic Support Services. Point Academic Support Services (PASS) aid students in reaching their educational goals. Ms. Valarie Williams oversees many of these areas as dean of Point academic support services (706-385-1015; Valarie.Williams@Point.edu).

Academic Catalog. The *Academic Catalog* provides detailed information on nearly every aspect of Point University including, for example, history and mission, accreditation, faculty and staff, academic organization, education sites and modalities, application and admission, student costs and financial aid, university policies and

procedures, degree programs, course descriptions, and student support services. A digital version of the catalog is available online at <http://point.edu/catalogs> or <http://intranet.point.edu/catalogs>.

Student Services Office. The student services office (SSO) is located on the West Point campus in suite 155 of the Lanier Academic Center. It serves as a “one-stop-shop” for students who have questions or need help with registration, academic advising, financial aid, student billing and payment, transcripts, and other matters. SSO staff will address students’ needs and connect them with the appropriate department. Students may meet with an SSO representative by coming to the office or by telephoning 706-385-1018.

Registrar Services. The registrar office assists students with a variety of academic functions, such as course registration, course schedules and classroom assignments, enrollment verification, course and schedule changes (“drop-add” and withdrawal), transcript evaluations and transcript requests, credit transfer, assessing and enforcing academic statuses (e.g. probation and suspension), grade appeals, graduation audits, commencement, and academic records. Students may contact a registrar team member by telephone (706-385-1018), email (Point.Registrar@Point.edu), or by visiting the student services office (see above). Ms. Cassidy Witt serves Point University as registrar (Cassidy.Witt@Point.edu). For more information, see the university website (<https://point.edu/academics/registrar>).

Academic Advising. Point University students receive academic advising from the academic advising center (AAC) and their faculty advisor (usually an instructor with expertise in their major area of study). The AAC is located on the West Point campus in rooms 122 and 123 of the Lanier Academic Center. Students may interact with an academic advisor by telephone, email, videoconference, or face-to-face at the academic advising center:

Academic Advising Center
Lanier Academic Center, West Point Campus
Telephone: Office (706) 385-1018
Email: Advising.Center@Point.edu

Dr. Kate Nelson, Academic Advisor
Lanier Academic Center, West Point Campus, Room 122
Telephone: Office (706) 385-1248
Email: Kate.Nelson@Point.edu

Ms. Sandra Tyner, Academic Advisor
Lanier Academic Center, West Point Campus, Room 123
Telephone: Office (706) 385-1044
Email: Sandra.Tyner@Point.edu

Academic advisors—in conversation with faculty—assist students in developing their *initial* course schedule or plan of study. Once students are enrolled, the academic advising center and faculty advisors provide academic advising each term on request. AAC staff guide students through their educational programs by providing on-ground and online student orientations, explaining requirements and procedures, suggesting coursework appropriate to students’ career as guided by the faculty, aiding with course

registration, and recommending ways to improve academic performance. They also link students with other support services described below, such as financial counseling, learning assistance, and career services.

Alongside the academic advising center, faculty advisors provide guidance regarding academic matters such as course selection, progress in the student's chosen degree program, professional development, and career preparation. The center for calling and career (described below) also assists with career counseling.

The assistance of academic advisors does not relieve the student of responsibility for completing required work and following program and university procedures. In situations where student grades and evaluations indicate a student is unsuited for a given program, faculty advisors and the academic advising center facilitate the student's move to a more appropriate field.

Standardized Testing (CLEP, DSST, and Point Admission Assessment).

CLEP (College-Level Examination Program) and DSST (DANTES Subject Standardized Tests) are college-level subject tests which, when passed, allow students to earn college credit. Test credits may be used in place of coursework required for the student's degree program or as elective credits. Students may earn no more than 25% of their degree credits by examination. For more information, see "Credit by Examination" in the section of this catalog describing "Credit for Prior Learning."

The *Point University Admission Assessment (PAA)* is an instrument used to measure applicants' readiness for university-level studies.

Point provides proctored, computer-based testing at its West Point main campus (507 West 10th Street, 706-385-1480) for CLEP and DSST. (Students may complete the PAA on a personal computer without the presence of a proctor.) Students may make an appointment for testing by contacting Ms. Jessica Mazaheri, the educational resource center director (Jessica.Mazaheri@Point.edu; 706-385-1480). To schedule a CLEP exam, they may also email CLEP@Point.edu. If the appointment cannot be kept, students are asked to call and reschedule, so that their time slot may be given to another person.

The registration cost for CLEP exams is \$87 per exam. Students must pay for the CLEP test online at <https://clepportal.collegeboard.org/myaccount> prior to the day of the exam. CLEP students are required to print the registration ticket from the website. They must present a registration ticket and a photo ID upon arrival at the testing site.

DSST students may pay for the test only by debit/credit card at the testing center on the day of the exam. A photo ID is required. Students with documented disabilities must submit that documentation *in advance* to the director of the testing center, along with a request for auxiliary aid or services.

For more information on the CLEP and DSST exams, advice on preparing for the exams, and registration procedures, see the "CLEP and DSST Testing" page on the Point University Intranet (<http://intranet.point.edu/clep-dsst>).

Point University Campus Store and Textbook Services. Textbook sale and rental services are offered through the Point University Campus Store, powered by eFollett. The store is physically located at 817 3rd Avenue in West Point (706-385-1491;

pointu@bkstr.com). Students may also order texts and other course materials online through the store's website (<http://www.point.edu/store>) or from other vendors. New, used, or eBooks are available based on supplies. Books are shipped directly to the student's home, office, or other designated site. The Store also stocks Point apparel, school supplies, computer accessories, and a variety of other products.

For questions concerning texts required for a given course, contact the Point University Campus Store.

Library Services. In support of its academic programs, Point University makes a vast collection of library resources available to students and faculty working both online and on-ground. The library website provides a helpful overview of resources and services, including links to the library catalog and extensive online resources (<http://intranet.point.edu/library>). Mr. Michael Bain, M.L.S., M.Div. serves as director of library resources (Michael.Bain@Point.edu; 706-385-1097). He supervises assistant librarian Richard Coleman, M.L.S. (Richard.Coleman@Point.edu), and a trained staff dedicated to meeting student and faculty needs. Primary services include:

Library Resources. In light of the fact that Point operates on multiple campuses and online, the university has adopted a philosophy that prefers electronic information resources over physical resources. Accordingly, electronic resources are now considered the university's primary collections, and the physical collection has been reduced to approximately 13,500 volumes housed mainly in the learning commons at the West Point campus. Additional materials are located in the Scott Fine Arts Center (413 W. 10th Street, West Point) for fine arts and in the Teacher media center (room 222 of the Lanier Academic Center in West Point) for education.

The electronic collection grows each year with materials carefully selected to support Point's academic programs. Students and faculty enjoy online access to (1) *Galileo*, a collection of over 200 databases, including many thousands of books, journals, reference works, and newspapers; (2) *eBooks on EBSCOhost*, featuring more than 148,000 electronic books in English across multiple disciplines; (3) the *JSTOR* scholarly journal archive devoted to history, literature, music, business, and science; (4) *Films on Demand*, which includes streaming video of nearly 7,500 titles; and (5) many other resources, tools, research guides, and tutorials.

Students and faculty may access the electronic learning resources on campus or remotely from any off-campus location with an Internet connection. To gain access, they log into the library section of the Point Intranet with a University-issued login and password (<http://intranet.point.edu/online-resources>).

Library Orientations. Rather than maintain a system of library instruction that depends on the direct provision of services only by library staff, Point has adopted a more decentralized approach. The director of library resources and assistant librarian help train the faculty, educational resource center directors, and others to provide instruction and assistance to students in all locations and modalities. Faculty and library staff include formal library orientations and research training for all students in certain introductory courses (e.g. APSP 105 Introduction to Adult Learning and BUSI 500 Graduate Business Orientation), intermediate courses in the undergraduate General Education Core (e.g. ENGL 101 Critical Reading & Writing I), and advanced

professional courses in both undergraduate and graduate programs (e.g. HREL 304 Introduction to Research and BUSI 515 Business Intelligence).

Research Assistance. For assistance with research and reference questions, students may contact professional library staff. Director of library resources Michael Bain, M.L.S., serves as the primary resource for undergraduate students at the West Point campus (Michael.Bain@Point.edu; 706-385-1097) while assistant librarian Richard Coleman, M.L.S., serves as the primary resource person for students at other sites and online, including graduate students (Richard.Coleman@Point.edu). Coleman's responsibilities also include providing support for students in certain master-level courses. Students may meet with library personnel by telephone, email, or by appointment at a Point University education site (<http://intranet.point.edu/library>).

Learning Assistance—On-Ground and Online Educational Resource Center (ER). Point University's mission and focus is helping students achieve academic success. Toward this end, the university has established an on-ground educational resource center (ER) in the first-floor learning commons of the Lanier Academic Center in West Point. ER staff members regularly visit other sites. Students may enroll in an online version of the ER through their *Canvas* portal (<https://point.instructure.com/enroll/4Y97MW>). The ER provides a variety of support services for on-ground students at West Point, as well as for online students using "virtual" formats.

Ms. Jessica Mazaheri, the ER director, oversees all sites and online (Jessica.Mazaheri@Point.edu; 706-385-1480). Students may meet with ER personnel by telephone, email, video conference, or by appointment at a Point education site.

Examples of *undergraduate* services for both on-ground and online students include:

- Helping new students adjust to the academic and social demands of university life.
- Providing instruction and tools for effective time management, study, and testing skills.
- Assisting with the use of online course sites and Campus Nexus.
- Providing academic support for at-risk students.
- Assisting with reasonable accommodations for students who are eligible for disability services (described below), and working with faculty and staff to meet those needs as appropriate.
- Directing students to tutoring in various disciplines.
- Coordinating make-up testing for students who miss exams for athletic events, marching band, or other extenuating circumstances, as permitted by the students' instructors.
- Providing free, one-on-one writing center support (described below).
- Providing free, one-on-one Math Lab tutoring services. (As part of PASS 100 Online Orientation or APSP 105 Introduction to Adult Learning, online students also gain 6 months' access to the ALEKS Prep and Learning Module through which they may refresh and improve their math skills.)

At the *graduate* level, Point University does not provide tutoring services as it does for undergraduates. Instead, learning assistance comes primarily from course instructors as part of Point's "high tech, high touch" educational model (see "Instructional Design and Delivery" in the section of this catalog providing an "Introduction to Academics"). However, the university's educational resource centers do offer certain services to master's students, such as access to writing center staff (<http://intranet.point.edu/writing-center>).

For more information, see the "Educational Resource Center" page on the Point University Intranet (<http://intranet.point.edu/educational-resource-center>).

Learning Assistance—On-Ground Writing Center and Online Writing Lab (OWL). The on-ground writing center is located in room 119 in the learning commons in the Lanier Academic Center in West Point. The center provides free, one-on-one support to students at any stage of the writing process, including proper usage of style guides. For much more information on the writing center, including hours and guidelines, see the Point Intranet (<http://intranet.point.edu/writing-center>).

As a virtual extension of the writing center, the online writing lab (OWL) houses helpful resources for any stage of the writing process, regardless of academic discipline. Students may submit drafts of writing assignments for feedback and review. Those enrolled in Writing Emphasis (WE) courses and first-year writing courses are especially encouraged to submit their work. The OWL assists with many aspects of writing, such as interpreting assignments, brainstorming, organization, grammar and mechanics, argumentation, rhetorical styles, evaluating and integrating sources from research, citation and documentation, and avoiding plagiarism. The OWL also includes other learning resources, such as library orientations. Online students may enroll in the OWL through their *Canvas* portal (<https://point.instructure.com/enroll/AAYKDJ>).

Teacher Media Center. Students enrolled in teacher education programs have exclusive use of the teacher media center located on the West Point campus in room 222 of the Lanier Academic Center. This large, well-stocked resource includes (1) curricula, including publications related to Elementary, Middle Grades, Secondary, and Special Education; (2) textbooks and teacher support publications; (3) a collection of children's books; (4) equipment such as computer terminals with educational software, a color printer, paper cutters, a binding machine, a laminator, and a die cut machine; and (5) office and craft supplies. Ms. Sara Clark serves as director (706-385-1068; Sara.Clark@Point.edu).

Business & Leadership Online Student Center. The College of Business & Leadership provides a "virtual" student center in *Point Online* for support of business and leadership majors. The center includes announcements, faculty information, academic resources, APA style guidance and training, access to the online writing lab (OWL) and other student services, discussion forums and prayer requests, and many other types of support. The online center offers a place for students and faculty to interact and grow in community. The College also hosts a business and leadership faculty center featuring resources for instructors. Dr. Todd Weaver, dean of the College of Business & Leadership, oversees the online student center (706-385-1096; Todd.Weaver@Point.edu).

Study Abroad. Point University students can participate in study abroad opportunities around the world. Time in a foreign country provides valuable insight into other cultures as students prepare for their career or ministry. Whether it's a short-term trip or a semester-long experience, education abroad can be very rewarding. For more information, see the Point intranet (<http://intranet.point.edu/study-abroad>) or contact Dr. Stephen Waers, the chief academic officer (706-385-1348; Stephen.Waers@Point.edu).

Financial Services. Point provides financial aid and student account services that assist learners with the monetary side of university life:

Student Billing and Payments. The student billing and payments center provides students with individualized counseling and services related to billing for tuition, fees, housing, textbooks, and other school-related charges; payment options and e-checks; stipends and refunds; Form 1098-T tax benefits; and other issues related to student accounts. Students may speak with an accounts representative by telephone (706-385-1018), email (Student.Billing@Point.edu), or by visiting the student services office (suite 155 of the Lanier Academic Center in West Point). For more information, see the "Student Billing and Payments" page on the Point website (<https://point.edu/admissions/tuition-aid/student-billing-and-payments>). Ms. Amanda Schmidt oversees the department as director of student accounts (706-385-1065; Amanda.Schmidt@Point.edu).

Financial Aid. Staff members from the financial aid office provide individualized counseling and services related to student scholarships, grants, loans, completing the FAFSA® (Free Application for Federal Student Aid), financial aid packaging and verification, and related issues. Students may speak with a financial aid counselor by telephone (706-385-1018), email (Financial.Aid@Point.edu), or by visiting the student services office (suite 155 of the Lanier Academic Center in West Point). For more information, see the "Financial Aid" page on the Point website (<https://point.edu/admissions/tuition-aid/financial-aid>). Ms. Rachal Wortham oversees the department as director of financial aid (706-385-1066; Rachal.Wortham@Point.edu).

Other Student Support Services. Point provides all students with additional support in the form of counseling, disability, and career services.

Counseling and Telemental Health Services. Point offers students personal counseling by trained professionals at two education sites—West Point and Peachtree City. Limited Telemental Health Services (via videoconference) are available to students in Georgia and some other locations, subject to state regulations. At the West Point campus, the counseling offices are located in rooms 214 and 216 of the Lanier Academic Center.

Services include, but are not limited to, psychological support and career counseling. Counselors also provide referrals to appropriate off-campus services. To schedule an appointment, email Counseling@Point.edu or visit the counseling office in person. For office hours and more information, see the university website (<http://intranet.point.edu/counseling>).

Students may see the Point counseling staff for up to six sessions. If further care is needed, the staff will refer them to external agencies. Students will be exempt from

session limitations if they are mandated clients, high risk clients, or in situations where counselor availability is not an issue.

Telemental Health Services (also called Telehealth, Online Counseling, Telebehavioral Health, or Telepsychiatry) is the use of telecommunications technology to provide behavioral health services. Telemental Health is an integral part of the Telemedicine movement, which uses computer programs, video conferencing, Internet programs, teleconferencing, and smartphone applications for the remote delivery of mental health services, including assessment, diagnosis, system tracking, and treatment.

Providers follow all state and federal laws regarding licensure, confidentiality, and interjurisdictional requirements. Additionally, the technology utilized in providing Telemental Health Services meets and/or exceeds standards outlined by the American Telemedicine Association (www.americantelemed.org), the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and other professional associations. Students with questions or concerns may contact Dr. Greg Moffatt, licensed professional counselor (LPC) and director of counseling services (Greg.Moffatt@Point.edu).

Disability Services. Point University offers disability services in compliance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. The director of disability services, who is based at Point's main campus in West Point, determines reasonable accommodations for students with documented disabilities. She then communicates the approved accommodations to the student and the student's instructors. For more information, see the university website (<https://point.edu/academics/academic-support/disability>), which includes the application process for disability services, frequently asked questions, and the grievance policy and procedure. Students may also contact Ms. Jessica Mazaheri, director of disability services and College ADA/ Section 504 coordinator, by telephone (706-385-1480) or email (Disability.Services@Point.edu). The disability services office is located in room 122 of the first-floor learning commons in the Lanier Academic Center on the West Point campus.

Career Services. Point University's center for calling and career is located in room 147 of the Lanier Academic Center at the West Point campus. The center helps students identify and boldly pursue their callings, equips them to communicate their gifts to potential employers and organizations, and serves as a relational link between employers seeking students for internships and job opportunities.

To meet the needs of today's students, the staff uses Campus Nexus to schedule advising appointments, review résumés, post jobs, provide direct connections with employers, and more. Students may see available jobs by going to the "My Career" tab in their Campus Nexus student portal, or they may contact the center directly by email Career.Center@Point.edu or telephone (706-385-1487). For additional resources, students may also visit the "Center for Calling & Career" page on the Point website (<https://point.edu/academics/academic-support/center-for-calling-career/students>). Ms. Natalie Brown serves as director (NBrown@Point.edu).

Additional Support Services Primarily for Residential and Commuter Students at Point's Main Campus in West Point

Alongside the support services offered to all students (see above), Point provides additional services to meet the needs of on-ground residential and commuter students at the West Point campus. The higher tuition rated for on-ground programs helps cover costs for these additional services generally not used by online students.

Campus Services. Point cares for residential and commuter students through housing, meal plans, shuttle service, and other services distinct to the West Point campus. Dr. Bernard Hill oversees many of these areas as chief student development & retention officer (706-385-1127; Bernard.Hill@Point.edu).

Housing. Living on the Point University campus allows students to be part of an authentic Christian community that supports each other academically, spiritually, and socially. Point provides campus housing for full-time students under the age of 26 enrolled in on-ground programs at the West Point campus. The university *requires* full-time freshmen and sophomores to live on campus unless they are married, have children, or are living with parents or legal guardians within 50 miles of the campus. To request an exception, please submit an appeal form found in the eRezLife portal. All appeals must be approved by the residence life and housing committee before housing/meal plan charges will be removed. If students fall under the stipulations of the housing policy, yet live off campus without an approved appeal or falsify information submitted in their appeal, they will be subject to a \$1,000 fine which will be assessed to their student account. To avoid these charges, and possibly other disciplinary sanctions, students should refrain from making alternative housing arrangements until they have received the results of their appeal.

University housing facilities include (1) Skyhawks Hall featuring two-person bedrooms, shared bathrooms, and a full kitchen and living area; (2) the Living and Learning Community with two-person bedrooms, a shared bathroom, and a shared kitchen and living area; (3) the Lofts, where freshmen and sophomore women live in suites featuring a two-person bedroom and shared bathroom with a common kitchen and living area; (4) the Nest, a traditional dormitory-style residence hall for fresh-man men with four-person bedrooms and a common bathroom; and (5) the Summit, a women's dormitory featuring 3-4 person bedrooms and shared living area, kitchen, and restrooms. In each facility, certain students serve as Campus Life Ministers (CLMs) who mentor residents, watch out for their safety and well-being, and host activities.

For more information on campus housing, see the "Residence Life" page of the Point website (<https://point.edu/student-experience/residence-life>); contact Ms. Clarice Dillard, the student life office and housing manager (706-385-1060; Clarice.Dillard@Point.edu) or visit the student life office in suite 115 of the Lanier Academic Center in West Point.

Parking and Shuttle Service. Point requires all West Point based students, faculty, and staff to register their vehicles with the campus Safety and security office located in room 260 of the Lanier Academic Center. All must park in their assigned lot—usually the lot nearest to their housing facility.

The university also operates a shuttle bus service that makes regular stops at the Lanier Academic Center, Skyhawks Hall, the field house, and the gymnasium.

For more information on parking and the shuttle schedule, see the “Parking, Transit, and Shuttle” page on the Point intranet (<http://intranet.point.edu/parking-transit>). Students may also contact the student life office by email (StudentLife@Point.edu), telephone (706-385-1072), or in person (suite 115 of the Lanier Academic Center in West Point).

Food Services. Point partners with SAGE Dining Services®, the leading food service provider for independent schools and colleges throughout North America (www.sagedining.com). SAGE’s unparalleled expertise in nutrition, sustainability, and culinary trends produces exceptional dining experiences that delight the senses, inspire minds, and foster community. The West Point campus features three dining facilities:

- *The Dining Hall* is located at 817 3rd Avenue in West Point, in the same building that houses the Point University Campus Store. It provides full meals and meal plans.
- *McKinney’s Coffeehouse* is also located at 817 3rd Avenue, adjacent to the Dining Hall and Campus Store. The menu includes Starbucks® products such as coffee, lattes, hot chocolate, smoothies, Tazo teas, and Frappuccinos. McKinney’s also offers a range of Coca Cola products and snack items.
- *The Food Court*, located in room 142 of the Lanier Academic Center, features light breakfast and lunch fare. Snack and drink machines are located here and in the Hub.

For more information on food services and meal plans, along with online menus, see the “Dining and Coffee” page on the Point intranet (<http://intranet.point.edu/food>). Mr. Bill Bain, Point’s Food Services Director for SAGE Dining Services, welcomes student questions (706-385-1014). Students may also contact the student life office by email (StudentLife@Point.edu), telephone (706-385-1072), or in person (suite 115 of the Lanier Academic Center in West Point).

Health Services. To serve students at the West Point main campus, Point University has established a partnership with Lanier Health Services in nearby Valley, Alabama (<https://www.eamc.org>). Lanier includes an urgent care facility, general medical offices (including family care, a primary care physician, multiple specialists, and more), and 24-hour emergency care services, including a level three trauma center.

Point requires full-time students and student athletes to have health insurance prior to enrollment. For information concerning affordable plans, students may contact the student life office by email (StudentLife@Point.edu), telephone (706-385-1072), or in person (suite 115 of the Lanier Academic Center in West Point). Information concerning student health insurance and immunization policies also appears in the “Consumer Information” section of the Point website under “Campus Health, Safety, and Security” (<https://point.edu/consumerinformation>).

Campus Safety and Security. Point’s campus safety and security office is located in room 260 of the Lanier Academic Center in West Point. Security personnel regularly

patrol campus facilities and the surrounding area. Students may contact security at any time by email (Campus.Security@Students.Point.edu) or by telephone:

- 706-385-1500: Daytime on-duty officer
- 404-232-5420: 24-hour service

Point uses the Rave Alert text-messaging system to alert students, faculty and staff of emergency situations on campus. To register for this service, users must follow the instructions on the Point website (<https://point.edu/campus-alert>).

The “Consumer Information” section of the Point website contains further information on “Campus Health, Safety, and Security” (<https://point.edu/consumer-information>). The site includes policies on campus crime prevention, campus crime reporting, missing persons, fire safety, and campus emergency procedures. Point’s *Annual Security & Fire Safety Report* (<https://point.edu/wp-content/uploads/2019/09/2019-ASR-AFSR-Final.pdf>) and *Emergency Response Plan* (<https://point.edu/wp-content/uploads/2018/03/ERP3.19.2018.pdf>) are also published on this site.

Mail Service. The university’s Mail Room is located in room 151 of the Lanier Academic Center in West Point. There students may purchase stamps, send and pick up mail, and be assigned a post office box on request. Students may contact the mail room by telephone (706-385-1067) or email (Mail.Room@Point.edu).

Lost and Found. The West Point campus provides a lost and found service. If students lose an item, they should submit the “Lost and Found Submission” form found on the Point website (<http://intranet.point.edu/lost-and-found>).

Campus Life. Point understands students as holistic beings. Accordingly, the student life department supports students spiritually, emotionally, socially, physically, and vocationally. University students make lifelong friends while studying, working, and living in the close-knit campus setting. Point urges students to take full advantage of the educational, social, and community service opportunities available on the West Point campus. Ms. Laura Schaff oversees many aspects of campus life as dean of students (706-385-1122; Laura.Schaff@Point.edu).

Authentic Christian Community. Point University takes seriously its mission to “educate students for *Christ-centered* service and leadership throughout the world.” Accordingly, the university is very intentional about spiritual formation. It creates a supportive and enjoyable campus culture that encourage students to grow spiritually as they develop intellectually, socially, and professionally.

Members of the Point community strive to live and interact with others in ways that honor Christ. The *Point University Honor Code* and *A Covenant for Christian Community* outline standards and policies that support a healthy campus community that moves students and staff toward greater spiritual maturity. These documents are appear on the “Spiritual Formation” page of the Point website (<https://point.edu/student-experience/spiritual-formation>).

Examples of opportunities for spiritual growth at Point University include chapel, Adventure Groups, the Gathering, Holy Communion, community ministry, Sky Pilots, special events, emphasis weeks, devotions, personal guidance and counseling, men-

toring and discipleship, and the Global Mission Conference. The nearby Spring Road Christian Church also sponsors an excellent campus ministry called “Feast.” The Feast House, which sits adjacent to the campus, has become a favorite student hangout. For more information, see the “Spiritual Formation” section of the University website (<https://point.edu/student-experience/spiritual-formation>). Students may also contact Mr. Wye Huxford, vice president for spiritual formation and dean of the chapel (706-385-1012; Wye.Huxford@Point.edu).

Skyhawks Athletics. Point University is a member of the National Association of Intercollegiate Athletics (NAIA, <https://www.naia.org>) and fields 19 NAIA teams—namely, baseball, men and women’s basketball, cheerleading, men and women’s cross country/distance track, football, men and women’s golf, men and women’s lacrosse, men and women’s soccer, softball, men and women’s swimming, men and women’s tennis, and volleyball. Skyhawk spirit is an integral part of the Point community. Students can often be found cheering on their classmates, roommates, and friends at sporting events in the evenings and weekends. The university also sponsors many intramural sports.

For detailed information about athletic programs, coaches, staff, facilities, and events, see the Point Skyhawks website (<http://www.pointskyhawks.com>) and the “Athletics & School Spirit” page of the university website (<https://point.edu/student-experience/athletics-school-spirit>). Students may also contact the athletic director, Mr. Alan Wilson (706-385-1059; Alan.Wilson@Point.edu).

Marching Band. The Marching Skyhawks were founded in 2015 and have quickly established a tradition of excellence and achievement in the Southeast. Each year the band performs for thousands of fans at home and away football games and in exhibition performances for high school band competitions.

All members of the Marching Skyhawks receive a performance scholarship for their participation. For more information, visit the Marching Skyhawks website (<https://marchingskyhawks.org>) or send an email to Band@Point.edu. Students may also contact Dr. Chapel McCullough, Fine Arts department chair and director of bands (334-707-0759; Chapel.McCullough@Point.edu). See also the Fine Arts webpage, accessed through the “Student Experience” section of the Point website (<https://point.edu/student-experience>). The Fine Arts email address is FineArts@Point.edu.

Campus Organizations and Activities. Student life and other departments sponsor many campus organizations, activities, and service opportunities that let students try new things, meet new people, develop their leadership skills, and enjoy an active, well-rounded, enjoyable university experience. There are many ways to get plugged in at Point, including:

- Leadership development opportunities, such as connect leader mentoring, student government association (SGA, <http://intranet.point.edu/student-government-association>), campus activities board (CAB), campus life ministers (CLMs), chapel planning committee, clubs, internships, campus employment, and service learning
- Chapel, the Gathering, student ministry, and other spiritual formation events and opportunities (described above)

- Musical ensembles, open to any Point students, including marching/concert band, concert choir, string ensembles, and more. See also the Fine Arts webpage, accessed through the “Student Experience” section of the Point website (<https://point.edu/student-experience>). The Fine Arts email address is FineArts@Point.edu.
- NAIA athletic teams (described above) and intramural sports
- Impact Days and other community service events
- Homecoming, Spring Formal, Dorm Wars, Finals Frenzy, emphasis weeks, residence hall activities, and other special events
- The Hub student lounge (409 W. 10th Street) and the Game Room (Lanier Academic Center, room 145), both of which contain snack and drink machines
- Much more

For more information, see the sections of the Point website devoted to “Groups & Organizations” (<https://point.edu/student-experience/groups-organizations>) and “Campus Activities” (<https://point.edu/student-experience/groups-organizations/campus-activities>). Students may also contact the dean of students, Ms. Laura Schaff (706-385-1122; Laura.Schaff@Point.edu).

POINT UNIVERSITY PERSONNEL

Board of Trustees

MARVIN BUSSEY, Director, Teens at Work, Inc. (Atlanta, GA)

ANDREW CATHY, Senior Vice President, Chik-Fil-A (Atlanta, GA)

ANTHONY L. COLLINS, Manager, Lanier/ECE LLC (Lanett, AL)

ROBERT M. DAY, Covenant Company (Atlanta, GA)

DAVID A. DEETER, Founding Partner, Frazier & Deeter, CPA (Atlanta, GA)

JEREMY FINE, Chief Financial Officer, Chicago Transit Authority (River Forest, IL)

J. ROSS GREENE, Founder and CEO, Greene Consulting (Peachtree City, GA)

T. CAMPBELL HUXFORD, Sr. Pastor, Compassion Christian Church (Savannah, GA)

ANDRÉ T. KENNEBREW (chair), Senior Manager Talent Acquisition, Chik-Fil-A (Decatur, GA)

PAUL LESLIE, Senior Minister, McDonough Christian Church (McDonough, GA)

DAVID MCDANIEL, Partner of Huntington Industrial Partners (Atlanta, GA)

ROB RAYNOR, Pastor, Lakepoint Community Church (Covington, GA)

FAITH SIMPSON, Assistant Principal, Gainesville Middle School (Gainesville, GA)

JIM SLODERBECK, Emergency Physician, Piedmont Hospital (Newnan, GA)

ALAN STITH, Retired (Smyrna, GA)

RALPH SWEARNGIN, Retired Exec. Dir., Georgia High School Assoc. (Perry, GA)

MICHAEL D. WAERS, Lead Pastor, Northridge Christian Church (Milledgeville, GA)

Trustees Emeritus

GERALD B. ANDREWS, Retired (West Point, GA)

LARRY BRADBERRY, Minister, Macedonia Christian Church (Bonneau, SC)

ARTHUR B. DANA, Retired Partner, TJS Deemer Dana, LLP (Savannah, GA)

BILLYE JOYCE FINE, Professor of Education, Milligan College (Elizabethton, TN)

LARRY VIERLING, Retired (Carrollton, GA)

Senior Leadership Team

Under the direction of the president of the university, the senior leadership team is responsible for the implementation of policies set by the board of trustees.

DEAN C. COLLINS, M.Ed., President (2006)

STACY A. BARTLETT, Ph.D., Chief Advancement and Enrollment Officer (2005)

BERNARD HILL, Ph.D., Chief Student Development and Retention Officer (2018)

NADEENA A POWER, M.B.A., Chief Financial Officer (2018)

STEPHEN E. WAERS, Ph.D., Chief Academic Officer (2018)

Faculty ***(alphabetical listing)***

Under the oversight of the chief academic officer, college deans, and faculty department chairs, the faculty is responsible for academic programs at all Point locations, levels, and modalities. For lists of faculty members arranged by college and full-time or part-time status, see the section of this *Catalog* devoted to each college. Parentheses indicate the year they joined Point University.

DAVID P. ADAMS, Adjunct Instructor in History (2015); B.A. in History and Religion 1980, Emory University; A.M. in History 1982, Washington University in St. Louis; M.Div. in Ministry 1991, Trinity Lutheran Seminary; M.P.H. in Public Health with Concentration in Epidemiology 1994, Ohio State University College of Medicine; Ph.D. in History and Sociology of Medicine 1987, University of Florida; additional post-doctoral studies at London School of Hygiene and Tropical Medicine, Louisiana State University Medical Center, McGill University, University of Alabama at Birmingham, University of Georgia, and University of Tennessee at Knoxville

ADOBI P. AGBASI, Adjunct Instructor of English (2017); B.A. in English, University of Maryland Eastern Shore; M.A. in English, Clark Atlanta University

DAVID ALLGIRE, Adjunct Instructor in Bible and Ministry (2012); B.A. in Biblical Studies 1992, Puget Sound Christian College; M.A.R. (Master of Arts in Religion) in Old Testament 2013, M.Div. in Urban Ministry 1995, Emmanuel Christian Seminary; ordained minister

BARBARA A. ALSTON, Adjunct Instructor in Business and Insurance (2018); B.B.A. in Business Administration 2000, Averett College; M.B.A. in Business Administration 2001, Averett University; D.B.A. in Human Resource Management and Business 2009, Nova Southeastern University; SHRM Certified Professional certification (SHRM-CP), Florida Resident Insurance License for Health, Life, and Variable Annuity; Manager/Independent Broker, Equis Financial

HELEN L. WHITE, Adjunct Instructor in Accounting (2017); B.S. in Accounting 1995, Excelsior (formerly Regents) College; M.B.A. in Business Administration with Concentration in Human Resources 2004, Morehead State University; M.Acc. in Accountancy 2017, Gardner-Webb University; Ph.D. in Business Administration with Concentration in Management 2013, Northcentral University; National Association of Certified Public Bookkeepers (NACPB) Certifications in Accounting Fundamentals 2014, QuickBooks 2013, Tax 2013, Bookkeeping 2013, and Payroll 2013; Volunteer Income Tax Assistance/ Tax Counseling for the Elderly (VITA/TCE) Certifications in Intake/Interview and Quality Review 2016, Basic Tax Preparation 2017, Health Savings Accounts 2017, and Advanced Tax Preparation

KAYLA R. WHITTLE, Adjunct Instructor of Psychology (2013); B.A. in Psychology, M.Ed. in Professional Counseling, University of West Georgia

AISHA DELORES WILLIAMS, Sociology & Social Work Department Chair; Associate Professor of Social Work, Human Relations, and Management; Social Work Program Director (2011); B.S.W. in Social Work 2001, Clark Atlanta University; M.S.W. in Social Work with Specialization in Management 2003, Washington University in St. Louis; M.Mgt. in Management 2015, Shorter University; Ph.D. in Social Work Policy, Planning, and Administration 2010, Clark Atlanta University; Licensed Master Social Worker (LMSW)

ASHLEY C. WILLIAMS, Adjunct Instructor in Mathematics (2016); B.S. in Mathematics 2004, Faulkner University; M.Ed. in Secondary Mathematics 2006, Auburn University

PHILANDRIA WILLIAMS, Adjunct Instructor in English (2020); M.A. in English, M.Ed. in English, Columbus State University

VALARIE PRICE WILLIAMS, Instructor in Education, Dean of Point Academic Support Services (2015); B.S. in Secondary Education 2011, Jacksonville State University; M.S. in Instructional Technology 2013, Troy University; Research Fellowship in Instructional Design and Development (Ph.D. coursework), University of South Alabama

CYNTHIA WILSON, Instructor of Applied Strings (2016); B.S. in Music, University of West Georgia; M.Mus. in Music, Columbus State University

EDWARD “CHIP” WINTERS, Adjunct Instructor in English (2013); B.A. in English 1975, St. Vincent’s College; M.A. in English 1979, Carnegie-Mellon University

LYNN H. WISELEY, Instructor in Education, Director of Educational Research and Student Teacher Supervisor (2008); B.S. in Early Childhood Education 1990, Point University; M.Ed. in Early Childhood Education 1993, University of West Georgia; Georgia Educator Certificate

MURPHY M. WOOD, Adjunct Instructor in History (2015); B.A. in History 1988, Auburn University; M.A. in History 2006, James Madison University

TIFFANY SCHOENHOFF WOOD, Instructor in Business and Leadership, Vice President for Strategic Initiatives (2008); B.S. in Global Economics and Modern Languages 2007, M.S. in International Affairs 2014, Georgia Institute of Technology

TIMOTHY R. WOODRUFF, Adjunct Instructor in Christian Ministries (2010); B.Mus. in Music Education 1981, University of Georgia; M.A. in Religion, Liberty University 1991; M.S. in Human Resource Development 1996, Georgia State University; Ed.D. in Leadership 2004, Southern Baptist Theological Seminary

ASHLEY WOOLDRIDGE, Adjunct Instructor in Finance and Stewardship (2017); B.A. in Business Administration and Biblical Studies, Hope International University; M.B.A. in Business Administration and Finance, Keller Graduate School; Th.M. in Theology candidate, Fuller Seminary; Senior Pastor, Christ's Church of the Valley

NICCI WOOLEY, Adjunct Instructor in Communication (2018); B.S. in Biology 2001, Louisiana State University; M.A. in Professional Communication 2015, East Tennessee State University; M.Div. in Theology candidate, Candler School of Theology of Emory University

BARBARA J. WOOLFOLK, Adjunct Instructor of Mathematics (2008); B.S. in Mathematics, Virginia State University; M.Ed. in Secondary Education (Mathematics), Georgia State University

DEDRA R. WOOLFOLK, Dean of the College of Arts & Sciences, Professor of Natural Science (2004); B.S. in Biology 1991, Morris Brown College; M.S. in Biological and Biomedical Science 1994, Ph.D. in Biological and Biomedical Science (Pharmacology), Emory University

ANDREA RACHEL WOZNIAK, Adjunct Instructor in Biblical Studies (2009); B.A. Religion and English 2001, Hope College; M.A. in Biblical Studies 2005, Regent University

MARK M. YARBROUGH, Adjunct Instructor in Biblical Studies (2018); B.A. in Bible and Christian Education 1993, Th.M. in Bible Exposition 1996, Ph.D. in Bible Exposition 2008, Dallas Theological Seminary

CHRISTOPHER R. ZAPALSKI, Adjunct Instructor in Business and Business Law (2017); M.B.A. in Business Administration 1999, Master of Accounting with Concentration in Finance and Auditing 2001, Master of Accounting with Concentration in Taxation and Accounting 2001, Nova Southeastern University; M.P.A. in Public Administration 2009, Master of Information Systems Management 2010, Master of Human Resource Management 2010, DeVry University; LL.M. Master of Laws 2011, Western Michigan University Cooley Law School; M.S. in Criminal Justice 2014, Kaplan University; Doctor of Law 2002, Nova Southeastern University; D.B.A. in Business

Administration candidate, Colorado Technical University; postgraduate studies in Industrial/Organizational Psychology at Kaplan University, Marketing at Warner University

COURSE DESCRIPTIONS

Course Descriptions. Courses currently taught by Point University appear below in alphabetical order. Each course description includes a course number, name, the number of credit hours, and a short explanation of course content. The course number identifies the area of the curriculum using a three-letter prefix for courses offered primarily on-ground in residential format (e.g. BUS) and a four-letter prefix for those offered primarily online or in certain off-site settings (e.g. BUSI). In general, 100-level courses are taken by freshmen, 200-level courses by sophomores, 300- and 400-level courses by juniors and seniors, and 500- and 600-level courses by graduate students. Any prerequisites or corequisites for a course are indicated, along with any special considerations applicable to that course.

Courses and their descriptions may change, be added, or be deleted without notice through normal academic processes. The university reserves the right to withdraw any scheduled course for which there is insufficient registration. Not all courses described in the following pages are offered each year.

APSP: ADULT & PROFESSIONAL STUDIES (online)

APSP 105 Introduction to Adult Learning (3 credits)

This course prepares students to work in the dynamic environment that surrounds academic discourse, research, and learning. It introduces keys to academic success in adult education, including effective study habits, time management, access to and use of learning resources, and the ability to work successfully with others. Through the *StrengthsQuest*, students evaluate their individual strengths and learn how to capitalize on them to maximize the educational experience.

APSP 110 Effective Thinking (3 credits)

This course builds on APSP 105 by introducing requirements of university-level learning, effective habits and behaviors, metacognitive strategies, and the roles of responsibility, thinking, writing, and career-readiness in learning and academic performance.

BBS: BIBLICAL STUDIES (on-ground)

BBS 102 The Drama of Scripture (3 credits)

Students explore the “drama of scripture” from God’s creation of the heavens and earth in Genesis, through His redemptive work in Jesus Christ, to the consummation of His Kingship in Revelation. A student successfully completing this course should be able to understand and share the “major plot line” of biblical revelation.

BBS 201 Biblical Interpretation (3 credits)

This course will review basic principles of how language works, the historical stages during which Scripture was written, and practical approaches of getting from text to

teaching in a way that respects the nature of the Bible. It will prepare students to faithfully interpret the Bible for ethics, spirituality, public discourse and congregational development. *Prerequisite: BBS 102 The Drama of Scripture.*

BBS 202 Jesus: The Focus of Scripture (3 credits)

This course focuses on what Scripture says about the identity of Jesus of Nazareth as well as the implications of understanding who he is. *Prerequisite: BBS 102 The Drama of Scripture or permission from the Biblical Studies department chair.*

BBS 304 Scripture: Reading & Interpretation (3 credits)

This course helps students become more competent in using Scripture in ways that enhance their ability to engage the life of the local church, be spiritual leaders in their families, and influence their workplaces as persons of faith. *Prerequisites: BBS 102 The Drama of Scripture and BBS 202 Jesus: The Focus of Scripture, or permission from the Biblical Studies department chair.*

BBS 350 Women in the Bible (3 credits)

This study focuses on the place of women in biblical and intertestamental literature and in the socio-cultural context of antiquity. It gives special attention to the ongoing influence of biblical texts on the lives of women in the church and world. *Prerequisite: BBS 102 The Drama of Scripture.*

BBS 425 Readings in the Hebrew Bible & the Septuagint (3 credits)

This course includes comparative readings in the Hebrew Bible and Septuagint with emphasis on textual variants, translation techniques and history of interpretation. *Prerequisites: GRK 402 Greek IV and HEB 412 Hebrew II.*

BIBL: BIBLICAL STUDIES (online)

BIBL 103 The Drama of Scripture (3 credits)

Students explore the “drama of scripture” from God’s creation of the heavens and earth in Genesis, through His redemptive work in Jesus Christ, to the consummation of His Kingship in Revelation. A student successfully completing this course should be able to understand and share the “major plot line” of biblical revelation.

BIBL 202 Jesus: The Focus of Scripture (3 credits)

This course focuses on what Scripture says about the identity of Jesus of Nazareth as well as the implications of understanding who He is. *Prerequisite: BIBL 103 The Drama of Scripture or permission from the Biblical Studies department chair.*

BIBL 204 The Story of Scripture: Genesis to Revelation (3 credits)

This course features an exposition of the biblical narrative of Scripture from Genesis to Revelation with emphasis on the relationships between the content of all 66 books and the unity of what God is doing and saying throughout the entirety of canonical and biblical history. *Special Consideration: Point University offers BIBL 204 partly online and partly on ground at North Point Ministries in Atlanta, Georgia, as part of the North Point Leadership Experience undergraduate internship (<https://npleadershipexperience.com/internship>). The course extends over a full 16-week term.*

BIBL 280 Biblical Theology of the Family (3 credits)

Students explore the theme of the family in the Old and New Testaments, giving special attention to the historical progression of family relationships and key teachings on the family within wisdom literature, the Gospels, and the household codes of New Testament letters. *Prerequisite: BIBL 306 Scripture: Reading & Interpretation.*

BIBL 303 Acts of the Apostles (3 credits)

Students engage in an historical and exegetical study of the Acts of the Apostles, which contains a record of the establishment and development of the church.

BIBL 305 Isaiah (3 credits)

Students engage in an exegetical study of the biblical book of Isaiah with emphasis given to the origin, purpose and major theological themes of the text.

BIBL 306 Scripture: Reading & Interpretation (3 credits)

This course helps students become more competent in using Scripture in ways that enhance their ability to engage the life of the local church, be spiritual leaders in their families, and influence their workplaces as persons of faith. *Prerequisites: BIBL 103 The Drama of Scripture, BIBL 202 Jesus: The Focus of Scripture, and THEO 310 Spiritual Formation: Kingdom Living, or permission from the Biblical Studies department chair.*

BIBL 334 Gospel of Mark (3 credits)

This course is a study of the Gospel of Mark as theological literature and as an historical resource for understanding the life of Jesus of Nazareth. Emphases include the social, political, cultural, and literary context of the Gospel.

BIBL 390 Special Topics in Biblical Studies (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Biblical Studies. *Special Considerations: Requires approval by the Biblical Studies department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

BIBL 412 I Corinthians (3 credits)

Students engage in an exegetical study of the Apostle Paul's First Epistle to the Corinthians, including careful analysis of the text and thoughtful application to contemporary Christian life and theology.

BIBL 413 Psalms (3 credits)

Students engage in a systematic survey of ancient Hebrew hymnody, including an exegesis of selected Psalms.

BIBL 420 Advanced Hermeneutics (3 credits)

This course includes a survey of the history of interpretation and a review of basic issues related to genre, figurative and literal language, the relationship between the Old and New Covenants, and the importance of historical and literary contexts. Students learn and apply important exegetical principles for understanding biblical texts and important hermeneutical principles for applying biblical texts in the current culture. *Prerequisite: BIBL 306 Scripture: Reading & Interpretation.*

BIBL 490 Jonah (3 credits)

This course is a study of the prophetic book of Jonah using its historical, cultural, literary, and prophetic context as a tool for correct interpretation and contemporary application.

BUS: BUSINESS (on-ground)**BUS 203 Business Analytics (3 credits)**

A course designed to teach research methodologies, statistical analyses and the appropriate usage of statistical methods, with primary emphasis on the ability to use statistical methods to measure and improve business performance. Pre: BUS 209 and MTH 120 or 191 or 211. (Fall)

BUS 209 Computer Information Systems (3 credits)

This course is designed to acquaint students with the organizational use of computers so they may function better as managerial or professional users of computer resources and/or as a participants in the systems-building process.

BUS 211 Financial Accounting (3 credits)

This course provides an introductory study of accounting with emphasis on accounting cycle, accounting terminology, collection of accounting data, the recording of data into the accounting system, and the preparation and interpretation of basic financial statements. *Prerequisite: MTH 115 Quantitative Reasoning or higher math course (most business programs require MTH 120 College Algebra).*

BUS 212 Managerial Accounting (3 credits)

Building on BUS 211, this course provides an introductory study of accounting concepts which furnish management with the necessary “tools” to plan and control activities. *Prerequisite: BUS 211 Financial Accounting.*

BUS 225 Principles of Management (3 credits)

This course focuses on management functions and processes as applicable to a variety of organizations, including dominant schools of thought, fundamentals of employee management, leadership and motivation, and organizational development and change.

BUS 238/COM 238 Business Communication (3 credits)

This course focuses on the communication processes within organizations with an emphasis on skills in oral and written communication. *Prerequisites: ENG 102 Critical Reading & Writing I and COM 205 Public Speaking. Special Consideration: BUS 238 is a Writing Emphasis course.*

BUS 247 Principles of Marketing (3 credits)

This course includes a survey of marketing theory and practice, including customer segmentation and targeting, product development, pricing, distribution, advertising and marketing strategy.

BUS 271 Social Media Marketing: Foundations & Strategy (3 credits)

This course provides an introduction to the basic principles of social media marketing, including an understanding of the major steps to social media success and the development of a business plan, key phrase analysis, and content plan to create, implement, and maintain a social media marketing campaign. *Prerequisite: BUS 247 Principles of Marketing.*

BUS 272 Social Media Marketing: Twitter (3 credits)

This course focuses on principles and methods of utilizing Twitter as part of a marketing strategy, including setting up a business presence on Twitter, optimizing and managing an account, finding and following influences and leads, and engaging with prospects. *Prerequisite: BUS 271 Social Media Marketing: Foundations & Strategy.*

BUS 273 Social Media Marketing: LinkedIn (3 credits)

This course focuses on principles and methods of optimizing and managing a LinkedIn account as part of a marketing strategy, including leveraging LinkedIn Groups, using LinkedIn advance search, advertising on LinkedIn, and building a personal reputation as an industry authority. *Prerequisite: BUS 271 Social Media Marketing: Foundations & Strategy.*

BUS 311 Intermediate Accounting I (3 credits)

This course focuses on the theoretical structure of financial accounting relevant to the presentation of financial information for use in decision-making. Students learn the various forms of business, the accounting system, the accounting cycle, standard setting, the Generally Accepted Accounting Principles (GAAP), and the economic consequence on the users of financial statements. Topics include identifying, classifying and measuring assets, liabilities, equity, revenue, and expenses; recording these items; constructing financial statements; and the relationship between the income statement, balance sheet, statement of cash flows and statement of retained earnings. Students practice researching financial accounting issues using the Financial Accounting Standards Board (FASB) Codification Database. *Prerequisite: BUS 212 Managerial Accounting.*

BUS 312 Intermediate Accounting II (3 credits)

In this continuation of Intermediate Accounting I, students delve more deeply into accounting for the economic resources of a business. Topics include operational assets, intangible assets, current and long-term liabilities, bonds, stockholders' equity, investments, earnings per share, and financial statement analysis. Students continue to research accounting issues using the Financial Accounting Standards Board (FASB) Codification Database, and they examine real-world cases involving analysis of company performance using various tools, such as ratios. This includes measuring company performance against prior years, or against the industry or competitors, with heavy emphasis on the Balance Sheet and Income Statement. *Prerequisite: BUS 311 Intermediate Accounting I.*

BUS 313 Intermediate Accounting III (3 credits)

Building on Intermediate Accounting I and II, this course focuses on topics such as revenue recognition, accounting for pensions, accounting for leases, share-based compensation, and income taxes. It also covers accounting for special transactions and events, such as accounting changes, correction of errors and accompanying financial statement disclosure requirements, and restatements. Students also learn how to prepare more complex cash flow statements and how to analyze a company's cash flow statement in relation to its net earnings. *Prerequisites: BUS 311 Intermediate Accounting I and BUS 312 Intermediate Accounting II.*

BUS 320 Principles of Microeconomics (3 credits)

This course provides an introduction to consumer behavior and demand, organization of production, market structures, factor markets and the world economy in relation to microeconomics. *Prerequisite: MTH 120 College Algebra or higher math course.*

BUS 321 Principles of Macroeconomics (3 credits)

This course provides an introduction to national income analysis, money and banking, monetary and fiscal policies, inflation, unemployment, and the world economy in relation to macroeconomics. *Prerequisite: MTH 120 College Algebra or higher math course.*

BUS 325/MUS 325 Survey of Music Business (3 credits)

This course provides an overview of the music industry including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities.

BUS 327 Project Management (3 credits)

This course introduces project management from the standpoint of a manager who must organize, plan, implement, and control tasks to achieve an organization's schedule, budget, and performance objectives. *Prerequisite: BUS 225 Principles of Management.*

BUS 329 Managerial Economics (3 credits)

The course applies economic analysis to business decision-making. Economic theory and quantitative methods are applied to managerial decisions involving prices, production, and the maximization of stakeholder and shareholder value. Additionally the course will address some of the ethical considerations of managerial decision making. *Prerequisite: BUS 321 Principles of Macroeconomics.*

BUS 332 Accounting Information Systems (3 credits)

This course offers an introduction to accounting information systems with an emphasis on evaluating internal controls, designing computer-based systems, and developing technology skills. *Prerequisites: BUS 209 Computer Information Systems and BUS 212 Managerial Accounting.*

BUS 336 Principles of Finance (3 credits)

This course includes a survey of financial management and decision making, with an emphasis on financial analysis, budgeting, and capital management. *Prerequisites: BUS 203 Business Analytics, BUS 209 Computer Information Systems, and BUS 212 Managerial Accounting.*

BUS 339 Investment Analysis (3 credits)

This course provides an in-depth introduction to investment analysis and portfolio management. Major topics include portfolio theory, the Capital Asset Pricing Model (CAPM), equity valuation, and derivatives. *Prerequisites: BUS 203 Business Analytics, BUS 209 Computer Information Systems, and BUS 336 Principles of Finance.*

BUS 342 Real Estate Finance (3 credits)

This course surveys the concepts, methods, and techniques of financing real estate transactions. Major topics include real estate markets, valuing properties, mortgage analysis, and securitization. *Prerequisites: BUS 209 Computer Information Systems and BUS 336 Principles of Finance.*

BUS 349 Marketing Metrics (3 credits)

This course focuses on the contribution of marketing to overall firm strategy and performance. Statistical and analytical techniques for evaluating marketing effectiveness are introduced and applied. *Prerequisites: BUS 203 Business Analytics, BUS 209 Computer Information Systems, and BUS 247 Principles of Marketing.*

BUS 351 Computer Programming (3 credits)

This course focuses on computer programming terminology and the basic mechanics of programming. Major topics include programming terminology, Java code, identifying and fixing errors. *Prerequisite: BUS 209 Computer Information Systems.*

BUS 354 Database Management (3 credits)

This course enables students to understand the fundamentals of database systems, database design, and database administration. Major topics include relational, object-oriented, and distributed database systems; building databases using enterprise Database Management System (DBMS) products; and managing databases. *Prerequisite: BUS 209 Computer Information Systems.*

BUS 358 Production & Operations Management (3 credits)

This course focuses on issues, processes, and decision making of management for the production of goods and services, as well as operations activities within an organization. *Prerequisite: BUS 225 Principles of Management.*

BUS 364 Income Tax Accounting (3 credits)

This course focuses on principles of federal income taxation with an emphasis on the taxation of individuals, including tax rules, dangers that arise in particular tax situations and guidelines for keeping taxes at a legal minimum. *Prerequisite: BUS 212 Managerial Accounting.*

BUS 370 Marketing Communication (3 credits)

This course focuses on various means used by marketers to effectively communicate with customers, including traditional means such as advertising and personal selling as well as newer means such as shopper marketing and social media. *Prerequisite: BUS 247 Principles of Marketing.*

BUS 371 Social Media Marketing: Blogging (3 credits)

This course focuses on principles and methods of creating and executing an effective content marketing campaign as part of a marketing strategy, including the selection of the best platform, the development of a key phrase strategy, the creation of compelling blog content, the promotion of the blog within social media, and online reputation management. *Prerequisite: BUS 271 Social Media Marketing: Foundations & Strategy.*

BUS 372 Social Media Marketing: Video (3 credits)

This course focuses on principles and methods of using YouTube as part of a marketing strategy, including how to set up a business channel, customize the environment, generate views, build community, share video across other social channels, and utilize advertising on YouTube. *Prerequisite: BUS 271 Social Media Marketing: Foundations & Strategy.*

BUS 373 Social Media Marketing: Pinterest & Mobile (3 credits)

This course focuses on principles and methods of using Pinterest as part of a marketing strategy, including optimizing a business page, organizing pins and boards for the best customer experience, and integration with other social media platforms to create a

seamless social marketing campaign. Mobile marketing is introduced and related to social media marketing. *Prerequisite: BUS 271 Social Media Marketing: Foundations & Strategy.*

BUS 375 Digital Marketing (3 credits)

This course explores the Internet and digital domain in the context of marketing. The course extends beyond a narrow definition of e-commerce and explores all aspects of digital communication, including mobile and social media. The course balances theory and covers topics including online consumer behavior, search engine marketing, digital display advertising, social media, mobile email, and analytics. *Prerequisite: BUS 247 Principles of Marketing.*

BUS 380 Brand Management (3 credits)

This course is designed to develop students' understanding of the importance of brand equity as well as how to build, measure, and manage brand equity. *Prerequisite: BUS 247 Principles of Marketing.*

BUS 405 Cost Accounting (3 credits)

This course focuses on cost determination as applied to a variety of business operations. An emphasis is placed on job order, process, and standard cost accounting systems. *Prerequisite: BUS 212 Managerial Accounting.*

BUS 408 Forensic Accounting (3 credits)

This course explores fraud detection and investigation techniques. In addition, methods of analysis will be employed to determine the economic damages in fraud cases. The major topics include legal environment, fraud investigation process, fraud evidence, fraud reports, and fraud loss analysis. *Prerequisites: BUS 211 Financial Accounting and BUS 332 Accounting Information Systems.*

BUS 412 International Economic Development (3 credits)

This course provides a detailed analysis of global poverty and poverty alleviation. Topics include the cause and pervasiveness of poverty throughout the world, including historical and current underlying economic, political and sociological causes. The course also examines the solution of microfinance and microenterprise practices, theoretical and practical application within organizations created for this purpose, and the church's response to poverty including a field study of current practices. *Prerequisites: BUS 320 Principles of Microeconomics and BUS 321 Principles of Macroeconomics.*

BUS 414 Management Information Systems (3 credits)

This course focuses on the role of information technology in solving business problems at operational, tactical, and strategic levels of the organization. Topics include information systems analysis and design, database creation and management, and the strategic use of management information, with emphasis on the exploration of real-life business scenarios involving management information systems (MIS). *Prerequisite: BUS 209 Computer Information Systems.*

BUS 417 Systems Analysis & Design (3 credits)

This course explores the design, implementation, documentation, and maintenance of logical and physical information systems. Major topics include project management, process modeling, and design and prototyping. *Prerequisite: BUS 209 Computer Information Systems.*

BUS 421 Consumer Behavior (3 credits)

This course focuses on the decision process of buyers, the factors affecting purchasing decisions, customer satisfaction, and the resulting implications for marketing strategies and tactics. *Prerequisites: BUS 320 Principles of Microeconomics and BUS 247 Principles of Marketing.*

BUS 423 Professional Selling (3 credits)

This course surveys personal sales, including types of selling, sales training, communications and the psychology of selling. *Prerequisite: BUS 247 Principles of Marketing.*

BUS 426 International Business (3 credits)

This course focuses on international operations of businesses, international competition in domestic markets, and related economic, political, legal and cultural issues. *Prerequisites: BUS 247 Principles of Marketing, BUS 320 Principles of Microeconomics, BUS 321 Principles of Macroeconomics, and senior standing.*

BUS 434 Business Law (3 credits)

This course focuses on the legal environment of business; the development and change of laws relating to business; and substantive law relating to liability, employment, contracts, property, and government regulation. *Prerequisite: BUS 225 Principles of Management.*

BUS 436 Professional Ethics (3 credits)

This course focuses on ethical theories, principles, problems, and considerations, including specific applications to business administration and other professions. *Prerequisite: senior standing. Special Consideration: BUS 434 is a Writing Emphasis course.*

BUS 442 Small Business Management (3 credits)

This course examines aspects of management unique to small and entrepreneurial firms. *Prerequisite: BUS 225 Principles of Management.*

BUS 446 Auditing (3 credits)

This course focuses on standards and procedures used in examining financial statements and supporting records. Emphasis is placed on the evaluation of internal control, the auditor's responsibilities to clients and third parties, and the ethical framework in which one operates. *Prerequisite: BUS 212 Managerial Accounting.*

BUS 448 Financial Markets (3 credits)

This course explores the role of financial institutions and markets in the business environment. The major topics include bank and non-bank financing, options and futures, Federal Reserve, and the international financial system. *Prerequisite: BUS 336 Principles of Finance.*

BUS 450 Human Resources Management (3 credits)

This course provides an overview of human resources management, including job analysis, job requirements, job selection, employee training, career development, performance appraisal, motivation, supervision, leadership, compensation, discipline, and termination. *Prerequisite: BUS 225 Principles of Management.*

BUS 461/COM 461 Public Relations (3 credits)

This course introduces theory and practice of public relations, with emphasis on the responsibilities of public relations practitioners and how those practitioners deliver messages to various audiences. *Prerequisite: Junior or senior standing.*

BUS 475 Organizational Leadership (3 credits)

This course focuses on assessing organizations in light of strategic objectives and how to make recommendations for improvement. *Prerequisite: Senior standing.*

BUS 490 Studies in Business (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of business. *Prerequisites: As announced.*

BUS 497 Business Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: Permission from the Management department chair r. Special Considerations: BUS 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.*

BUSI: BUSINESS (online)**BUSI 201 Introduction to the Healthcare Industry (3 credits)**

This course surveys the historical development of the healthcare industry, including the influential role played by Christians. It focuses on contemporary healthcare sectors, systems, service delivery models, and forces that have shaped them. It includes an orientation to library and learning resources that support healthcare administration. Students also explore career opportunities in the healthcare industry and professional development services offered by the American College of Health Care Administration (ACHCA), the leading professional organization in the field.

BUSI 202 Business Statistics (3 credits)

This course focuses on research methodologies, statistical analyses, and the appropriate usage of statistical methods, with primary emphasis on the ability to use statistical methods to measure and improve business performance. *Prerequisites: MATH 120 College Algebra or equivalent.*

BUSI 208 Communication & Relationship**Management in Healthcare Administration (3 credits)**

This course equips students with a variety of communication skills, relational skills, and development tools that will enhance and project their professional identity in order to jumpstart their career in Healthcare Administration. Examples include written and oral business communication, résumés and cover letters, elevator speeches, social media, interviewing, and networking. Case studies and mentoring from experienced professionals help prepare students to formulate, organize, prepare for—and succeed—in their search for the best internships, residencies, fellowships, and career opportunities. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry. Special Consideration: BUSI 208 is a Writing Emphasis course.*

BUSI 211 Financial Accounting (3 credits)

This course provides an introductory study of accounting with emphasis on accounting cycle, accounting terminology, collection of accounting data, the recording of data into the accounting system, and the preparation and interpretation of basic financial statements. *Prerequisite: MATH 117 Introductory Statistics or MATH 120 College Algebra or equivalent.*

BUSI 212 Managerial Accounting (3 credits)

Building on BUSI 211 Financial Accounting, this course includes an introductory study of accounting concepts that furnish management with the necessary “tools” to plan and control activities. *Prerequisite: BUSI 211 Financial Accounting.*

BUSI 214 Managing Information Systems (3 credits)

This course acquaints students with the theoretical use of technology that supports organizational decision making and the management of that information. Students review case studies of notable businesses and apply learning through realistic scenarios and examples.

BUSI 230 Principles of Management (3 credits)

This course focuses on management functions and processes applicable to a variety of organizations, including dominant schools of thought, fundamentals of employee management, leadership and motivation, and organizational development and change.

BUSI 238 Business Communication (3 credits)

This course focuses on communication processes within organizations with an emphasis on skills in oral and written communication. *Prerequisite: ENGL 102 Critical Reading & Writing II. Special Consideration: BUSI 238 is a Writing Emphasis course.*

**BUSI 261 Legal & Ethical Responsibilities
in Professional Accounting (3 credits)**

Students gain a foundational working knowledge of professional, ethical, and legal responsibilities in the accounting field. Case studies provide practice in analyzing issues accountants face on a daily basis, applying relevant federal and state laws, and making ethical decisions informed by Christian perspectives. *Special Consideration: BUSI 261 is a Writing Emphasis course.*

BUSI 271 Social Media Marketing: Foundations & Strategy (3 credits)

This course introduces basic principles of social media marketing, including the major steps to social media success and the development of a business plan, key phrase analysis, and content plan to create, implement, and maintain a social media marketing campaign. Students are introduced to HootSuite, a social media management system for executing campaigns across multiple social networks. They also have the opportunity to qualify for certification as a Hootsuite Social Media Consultant. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 272 Social Media Marketing: Twitter (3 credits)

Students learn the principles and methods of utilizing Twitter as part of a marketing strategy, including setting up a business presence on Twitter, optimizing and managing an account, finding and following influences and leads, and engaging with prospects. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 274 Social Media Marketing: LinkedIn (3 credits)

Students learn the principles and methods of optimizing and managing a LinkedIn account as part of a marketing strategy, including leveraging LinkedIn Groups, using LinkedIn advance search, advertising on LinkedIn, and building a personal reputation as an industry authority. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 275 Social Media Marketing: Facebook (3 credits)

Students learn the principles and methods of optimizing and managing a Facebook account as part of a marketing strategy. They also learn advanced Facebook marketing tactics, including Facebook advertising. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 301 Principles of Logistics (3 credits)

This course provides an introductory overview of principles and practices of logistic operations. Students gain a basic understanding of how organizations achieve a competitive advantage through supply chain management, logistics theories and concepts, transportation, warehousing, customer service, third-party logistics, inventory control, manufacturing operations, and operations management in high-performance business environments.

BUSI 304 Contemporary Issues in U.S. Healthcare Administration (3 credits)

This course focuses on fundamental principles and varied perspectives on healthcare in the United States. Core issues include public health, access to healthcare, delivery, quality, cost, financing, reform, and the ethical question of whether healthcare is a right or a privilege. Students explore how these problems impact real-life situations and hone their critical thinking skills for their professional careers. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry.*

BUSI 309 Transportation Principles (3 credits)

This course provides students the opportunity to gain knowledge and skills in various transportation principles and systems. It gives attention to strategies and decisions for effectively moving goods between sellers and buyers while maintaining cost efficiency. Topics include transportation modes, the services market, management, technologies, logistics and supply chain strategy, global supply chains, and sustainability. *Prerequisite: BUSI 301 Principles of Logistics.*

BUSI 311 Intermediate Accounting I (3 credits)

This course focuses on the theoretical structure of financial accounting relevant to the presentation of financial information for use in decision making. Students learn the various forms of business, the accounting system, the accounting cycle, standard setting, the Generally Accepted Accounting Principles (GAAP), and the economic consequence on the users of financial statements. Topics include identifying, classifying and measuring assets, liabilities, equity, revenue, and expenses; recording these items; constructing financial statements; and the relationship between the income statement, balance sheet, statement of cash flows and statement of retained earnings. Students practice researching financial accounting issues using the Financial Accounting Standards Board (FASB) Codification Database.

BUSI 312 Intermediate Accounting II (3 credits)

In this continuation of Intermediate Accounting I, students delve more deeply into accounting for the economic resources of a business. Topics include operational assets, intangible assets, current and long-term liabilities, bonds, stockholders equity, investments, earnings per share, and financial statement analysis. Students continue to research accounting issues using the Financial Accounting Standards Board (FASB) Codification Database, and they examine real-world cases involving analysis of company

performance using various tools, such as ratios. This includes measuring company performance against prior years, or against the industry or competitors, with heavy emphasis on the Balance Sheet and Income Statement. *Prerequisite: BUSI 311 Intermediate Accounting I.*

BUSI 313 Intermediate Accounting III (3 credits)

Building on Intermediate Accounting I and II, this course focuses on topics such as revenue recognition, accounting for pensions, accounting for leases, share-based compensation, and income taxes. It also covers accounting for special transactions and events, such as accounting changes, correction of errors and accompanying financial statement disclosure requirements, and restatements. Students also learn how to prepare more complex cash flow statements and how to analyze a company's cash flow statement in relation to its net earnings. *Prerequisites: BUSI 311 Intermediate Accounting I, BUSI 312 Intermediate Accounting II.*

BUSI 316 Personal & Professional Accountability in Healthcare Administration (3 credits)

This course addresses trials, tests, encounters, and challenges faced by healthcare organizations as they carry out their responsibilities and maintain accountability toward internal and external constituents. It offers a more global perspective on how the United States and other countries address issues of health and healthcare. Students learn how to bring a systemic understanding of organizational principles, practices, and insight to the management of health services organizations. They gain an understanding of healthcare leaders and how these leaders efficiently strategize, design, and manage healthcare organizations while simultaneously influencing and adapting to changes. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry.*

BUSI 320 Principles of Microeconomics (3 credits)

This course provides an introduction to consumer behavior and demand, organization of production, market structures, factor markets, and the world economy in relation to microeconomics. *Prerequisite: MATH 120 College Algebra or equivalent.*

BUSI 321 Principles of Macroeconomics (3 credits)

This course provides an introduction to national income analysis, money and banking, monetary and fiscal policies, inflation, unemployment, and the world economy in relation to macroeconomics. *Prerequisites: MATH 120 College Algebra or equivalent, BUSI 320 Principles of Microeconomics.*

BUSI 324 Human Resource Management in Healthcare Administration (3 credits)

This course provides an introduction and overview of human resources management in contemporary healthcare organizations. Students develop the fundamental analytical skills and competencies required to manage and lead employees in the healthcare field. Areas of focus include job analysis and requirements, employee selection and training, career and leadership development, diversity, supervision, motivation, performance appraisal, discipline, and termination. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry.*

BUSI 332 Accounting Information Systems (3 credits)

This course introduces accounting information systems with an emphasis on evaluating internal controls, designing computer-based systems, and developing technology skills. *Prerequisites: BUSI 211 Financial Accounting, BUSI 212 Managerial Accounting, BUSI 214 Managing Information Systems.*

BUSI 334 Financial Management in Healthcare Administration (3 credits)

This course offers a wide-ranging overview of the financial side of healthcare. Topics include economic factors driving the rising costs of medical services, cost reimbursement programs, and healthcare reform through the Patient Protection and Affordable Care Act of 2010. Students learn the basics of healthcare accounting and finance including accounting fundamentals. They also explore the more complex issues of cash management, budgeting and variance analysis, and revenue cycle management. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry.*

BUSI 336 Principles of Finance (3 credits)

This course surveys financial management and decision making, with an emphasis on financial analysis, budgeting and capital management. *Prerequisites: BUSI 211 Financial Accounting, BUSI 214 Managing Information Systems.*

BUSI 339 International Logistics (3 credits)

Students explore the complexities of international standards of global trade, its impact on logistics, and key areas of concern for international logistics. Additional topics include global trade compliance, tariff schedules, U.S. government import and export trade policies and regulations, U.S. free trade agreements, and supply chain security. *Prerequisite: BUSI 301 Principles of Logistics.*

BUSI 340 Operations Management (3 credits)

This course focuses on the production and operations component of business. Topics include operations strategy, forecasting demand, design of goods and services, process, capacity and location planning, scheduling of jobs and projects, and job design. Students learn to use basic decision tools to analyze and make decisions in these areas. *Prerequisite: BUSI 230 Principles of Management.*

BUSI 342 Supply Chain Management (3 credits)

This course exposes students to topics related to design and management of supply chains, from incoming raw materials to final product delivery. Topics include supply chain network design, facility planning, capacity planning, globalization and outsourcing, information technology, and global issues in supply chain management. *Prerequisite: BUSI 230 Principles of Management.*

BUSI 343 Practicum in Hospitality Leadership (3 credits)

Students engage in a mentored hospitality leadership experience under the supervision of a Point instructor assisted by a hospitality manager. The practicum includes mentoring and application each week in a hospitality business, guided by the hospitality manager. Course material covers important general leadership principles and theories, as well as specific material pertaining to the hospitality business culture.

BUSI 344 Practicum in Quality Control (3 credits)

Students engage in a mentored quality control experience under the supervision of a Point instructor assisted by a hospitality manager. The practicum includes mentoring and

application each week in a hospitality business, guided by the hospitality manager. Course material covers important quality control principles and theories.

BUSI 345 Practicum in Process Improvement (3 credits)

Students engage in a mentored process improvement experience under the supervision of a Point instructor assisted by a hospitality manager. The practicum includes mentoring and application each week in a hospitality business, guided by the hospitality manager. Course material covers Lean Six Sigma principles, and students who successfully complete the class have the opportunity to earn the Lean Six Sigma Green Belt certification.

BUSI 347 Principles of Marketing (3 credits)

Students survey marketing theory and practice, including customer segmentation and targeting, product development, pricing, distribution, advertising, and marketing strategy.

BUSI 352 Organizational Behavior (3 credits)

Students explore how organizational goals, priorities and strategies interface with the behavior of individuals and groups inside the organization and in other affecting organizations. Attention is given to the effect of organizational culture, organizational development and creating effective work groups.

BUSI 354 Consumer Behavior (3 credits)

This course focuses on consumer purchase and consumption patterns and their implications for marketing decisions. The consumer's decision process is detailed, including need recognition, search, pre-purchase evaluation, consumption, and satisfaction, with an emphasis on individual consumer differences, the psychological process, and environmental influences. Students examine social, cultural, and psychological influences on purchasing decisions. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 364 Income Tax Accounting (3 credits)

Students learn the principles of federal income taxation with an emphasis on the taxation of individuals, including tax rules, dangers that arise in particular tax situations and guidelines for keeping taxes at a legal minimum. *Prerequisites: BUSI 211 Financial Accounting, BUSI 212 Managerial Accounting.*

BUSI 365 Marketing Research (3 credits)

This course prepares students to identify, acquire, evaluate, interpret, and report information that contributes to better marketing decisions. Students learn how to collect valid and reliable marketing data, differentiate between good and bad information, perform basic data analysis and display techniques, and generate and communicate good information more effectively. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 371 Social Media Marketing: Blogging & Content Marketing (3 credits)

Students learn the principles and methods of creating and executing an effective content marketing campaign as part of a marketing strategy, including selection of the best platform, development of a key phrase strategy, creation of compelling blog content, promotion of the blog within social media, and online reputation management. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 372 Social Media Marketing: Video & Mobile Marketing (3 credits)

Students learn the principles and methods of using YouTube as part of a marketing strategy, including how to set up a business channel, customize the environment, generate views, build community, share video across other social channels, and utilize advertising on YouTube. Streaming video apps and mobile marketing strategies are also introduced. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 373 Social Media Marketing: Pinterest & Instagram Mobile (3 credits)

Students learn the principles and methods of using Pinterest and Instagram Mobile as part of a marketing strategy, including optimizing a business page, organizing pages for the best customer experience, and integration with other social media platforms to create a seamless social marketing campaign. *Prerequisite: BUSI 271 Social Media Marketing: Foundations & Strategies.*

BUSI 374 Services Marketing (3 credits)

This course highlights the differences between product marketing and the marketing of services. Services pose unique challenges that require a distinctive approach to marketing, even though the fundamental concepts of marketing still apply. Students learn how to create and implement marketing programs to improve service quality, raise customer satisfaction levels, and generate customer loyalty. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 375 Business as Mission (3 credits)

Students explore the emerging role of business in Christian mission, including both opportunities and challenges. Major themes include the theology of work, integration of faith and work, business as mission (BAM), business for transformation (B4T), and other practical issues related to business as a vehicle for cross-cultural mission. Through business models and case studies, students consider the impact of the theoretical and theological foundations on developing businesses and maintaining one's personal faith in the workplace.

BUSI 384 Foundations of Retailing (3 credits)

Students explore the retail business environment, including retail store organization, location, layout, and store policy; pricing policies, price lines, brands, credit policies, and purchasing methods; and trends, career opportunities, retail strategies, human resources, supply chain management, and customer service. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 390 Special Topics in Business & Leadership (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Business and Leadership. *Special Considerations: Requires approval by the Management department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

BUSI 395 Cost Accounting (3 credits)

Students learn to conduct cost analyses for effective decision making in areas such as capital investments and cost control. They employ measurable and quantifiable models for forecasting, planning and control, performance valuation and assessment. Students also learn how to strategize various control systems.

BUSI 400 Social Media Marketing Capstone (3 credits)

In this capstone course for Social Media Marketing, students integrate various social media platforms to create a seamless marketing campaign. In doing so, they also focus on the underlying elements of all platforms, including incorporating Judeo-Christian ethics, social media crisis management, and maintaining a versatile strategy in a changing technological landscape. *Prerequisites: Completion of all other courses in the Social Media Marketing Major.*

BUSI 404 Introduction to Project Management (3 credits)

This course introduces students to the field of project management, key elements of the project management framework, and the role of project managers. Students gain a working knowledge of basic project management activities and are able to manage work projects effectively. Topics include projects, programs, portfolio management selection, initiating projects, project time and score, cost management, project quality resources, communication, stakeholders, risk, procurement management, executing projects, monitoring and controlling projects, and closing projects. *Prerequisite: BUSI 301 Principles of Logistics.*

BUSI 416 Quality Management (3 credits)

Students develop a broad conceptual knowledge of both the management of product quality and the process quality for creating project deliverables. Emphases include knowledge and techniques required to improve product quality, process efficiency, and measurement of production process variability. This course includes assignments which allow students to plan quality into a project, determine key metrics, and manage project and process quality. *Prerequisites: BUSI 301 Principles of Logistics and BUSI 404 Introduction to Project Management.*

BUSI 420 Procurement, Principles & Management (3 credits)

Students gain a solid grounding in policies, principles, and processes of procurement. The course highlights the continuous change and development in the field of purchasing, taking care to balance new emerging philosophies with proven and established thinking and practice in the profession. Topics include tendering procedures and documents, traditional procurement methods, design and build, management contracting, comprehensive contracts, specifications and descriptions, cycle and planning, supplier/procure/supply goods, two-stage tendering and evaluation, and ethical issues in procurement. *Prerequisite: BUSI 301 Principles of Logistics.*

BUSI 425 Auditing (3 credits)

This course introduces the discipline of auditing, accounting systems, and internal controls in public and private sectors, as well as the auditing profession and the audit process. Topics include professional ethics and responsibilities, planning, internal controls and risks, audit evidence and reports, and legal liability.

BUSI 426 International Business (3 credits)

Students explore the international operations of businesses, international competition in domestic markets, and related economic, political, legal and cultural issues. *Prerequisite: BUSI 347 Principles of Marketing and either BUSI 230 Principles of Management or BUSI 352 Organizational Behavior.*

BUSI 430 Marketing Channel Strategy (3 credits)

This course introduces students to marketing channels, focusing on how to adopt and apply real-world channel strategies. Emphases include understanding market channel structures and strategies, and designing and implementing such strategies. *Prerequisite: BUSI 301 Principles of Logistics.*

BUSI 431 Digital Marketing (3 credits)

This course provides an introduction to digital marketing, which involves the intersection of marketing and technology. Students learn the effective use of digital communication channels, such as email, paid and organic search, mobile (text, QR codes, apps, localization, and geo-fencing), Internet, and social media. Students also analyze how integrated multi-channel marketing and e-commerce work, and they examine emerging digital media. Finally, students explore ethical and public policy issues involved in digital marketing. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 432 Ethical & Legal Environment of Healthcare Administration (3 credits)

Students develop a foundational working knowledge of the laws and legal philosophies, rules and regulations, and ethical models that govern healthcare administrators and practitioners. Topics include patient rights and confidentiality, compliance and liability issues, antitrust and taxation laws, legal issues in mergers and consolidations, labor law, and general principles of risk management. The course includes Christian perspectives on these issues. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry. Special Consideration: BUSI 432 is a Writing Emphasis course.*

BUSI 433 Fraud Examination & Fraud Schemes (3 credits)

This course offers an introduction to the field of forensic accounting. Topics include the history of forensic accounting, the fraud triangle theory, financial statement misrepresentation, and fraud examination techniques, including fraud prevention and control. Students examine real-world cases in the area of forensic accounting and complete a realistic learning project as part of the course. *Special Consideration: BUSI 433 is a Writing Emphasis course.*

BUSI 434 Business Law (3 credits)

This course focuses on the legal environment of business; the development and change of laws relating to business; and substantive law relating to liability, employment, contracts, property, and government regulation. *Prerequisite: BUSI 230 Principles of Management or BUSI 352 Organizational Behavior.*

BUSI 436 Professional Ethics (3 credits)

This course focuses on ethical theories, principles, problems, and considerations, including specific applications to business administration and other professions. *Prerequisites: BUSI 230 Principles of Management or BUSI 352 Organizational Behavior. Special Consideration: BUSI 436 is a Writing Emphasis course.*

BUSI 440 Risk Management in Healthcare Administration (3 credits)

Students learn how to implement an official and formal compliance program at a healthcare facility. Real-world examples and a hands-on approach help students visualize themselves on the job guiding operations, maintaining legal and regulatory compliance, and minimizing organizational risk while promoting ethical practices. *Prerequisites:*

BUSI 201 Introduction to the Healthcare Industry, BUSI 432 Ethical & Legal Environment of Healthcare Administration.

BUSI 441 Marketing Analytics (3 credits)

Marketing is evolving from an art to a science. Many firms have extensive information about consumers' choices and how they react to marketing campaigns, but the challenge is analyzing this data to produce actionable insights to guide marketing decisions. In this course, students learn analytical techniques to take advantage of Big Data. While students employ quantitative methods, the focus of the course is not statistics; rather, students receive an accessible overview of the most widely-used analytical techniques and tools to see how they drive better marketing decisions. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 442 Business Policy (3 credits)

This course provides an overview of all essential aspects of business policy. Students gain an appreciation of the nature, functions, and realities of organizational dilemmas. The course covers governing bodies, corporate governance, board structure, and various theories. Students also reflect on the purpose of business policies as it relates to strategy formulation and policy making.

BUSI 443 Entrepreneurship (3 credits)

Students explore the process of starting a new business and effectively managing it. Emphases include traits of entrepreneurs, creating the business plan, start-up challenges, researching and evaluating markets, forms of ownership, market positioning, financial controls and sources of revenue, and promotion.

BUSI 444 Small Business Management (3)

This course focuses on opportunities and challenges distinctive to small businesses. It is designed for those who aspire to operate their own business and those who desire to upgrade their skills in their present business. It begins with a survey of the small business environment, risk taking and entrepreneurship, feasibility analysis, factors in starting or buying a small business, forms of ownership, raising capital, and how to prepare a business plan. Students then consider principles for operating a small business and essential management skills, such as planning and organizing, managing human resources, the use of business information, financing, and marketing products and services. The course also gives attention to legal and ethical issues, governmental regulation and taxation, international business, franchising, and other issues relevant to small business. *Prerequisite: BUSI 230 Principles of Management. Recommended: Courses in other major facets of business, such as BUSI 238 Business Communication, BUSI 214 Managing Information Systems, BUSI 230 Principles of Management, BUSI 336 Principles of Finance, BUSI 347 Principles of Marketing, and BUSI 450 Human Resource Management.*

BUSI 445 Patient Advocacy in Healthcare Administration (3 credits)

Students learn to function in the complex role of patient advocate. Through practical discussions and hands-on practice, they develop knowledge and skills essential to assisting and supporting patients, their families, and their caregivers in all phases of healthcare, including medical insurance coverage and treatment options. *Prerequisites: BUSI 201 Introduction to the Healthcare Industry, BUSI 432 Ethical & Legal Environment of Healthcare Administration.*

BUSI 448 Governmental & Nonprofit Accounting (3 credits)

This course focuses on fundamental principles of accounting for governmental units, colleges, healthcare providers, hospitals, clinics, health and welfare organizations, and other non-profit organizations. Students compare and contrast non-profit accounting processes with those of for-profit entities by evaluating the different regulations for budgeting, funding options, revenue recognition, recording transactions, and financial reporting.

BUSI 450 Human Resource Management (3 credits)

This course provides an overview of human resources management, including job analysis, job requirements, job selection, employee training, career development, performance appraisal, motivation, supervision, leadership, compensation, discipline, and termination.

BUSI 451 Detection & Prevention of Fraudulent Financial Statements (3 credits)

Students analyze various types of fraud and how crime causation is established. Topics include the white-collar crime theory of fraud, work-related schemes, fraudulent financial transactions, fraud risk assessment, internal controls to deter fraud, and accounting and auditing theory. The course acquaints students with the Association of Certified Fraud Examiners (ACFE) Code of Professional Ethics and prepares them for two sections of the Certified Fraud Examiner (CFE) exam—namely, Fraud Prevention & Deterrence and Financial Transactions & Fraud Schemes.

BUSI 453 Facilitation & Negotiation in Healthcare Administration (3 credits)

Students learn practical skills essential for effective facilitators and negotiators, including a systematic approach to making favorable agreements that minimize conflict and maximize benefits. Topics include strengths and weaknesses in personal negotiating styles, as well as the role of relationships in facilitating good agreements. Students apply strategic techniques and practice their skills in simulated exercises and negotiations. *Prerequisite: BUSI 201 Introduction to the Healthcare Industry.*

BUSI 455 Change Management (3 credits)

This course focuses on the systematic discipline needed for building, maintaining, and extending competitive advantage through the managerial process. Study areas include change agents, consulting activities, resistance to change, organizational diagnosis, and organizational structure changes. Case studies are employed.

BUSI 456 Forensic & Investigative Accounting (3 credits)

This capstone course addresses the substance of forensics, litigation, criminology and the investigative auditing expertise of accounting. Topics include basic accounting fraud schemes, theories of crime causation related to fraud (classical theories, routine activities theory, psychological theories, biological theories, social structure theories, and social process theories), regulations related to fraud, and investigative techniques related to white-collar crime. Students synthesize crime causation theories, theories of human behavior, and the fraud triangle practice. *Prerequisites: Completion of all other courses in the Accounting Major with a Concentration in Forensics & Fraud.*

BUSI 458 Quality Improvement in Healthcare Administration (3 credits)

In this integrative course, students address a wide range of problems and concerns encountered by public, non-profit, and for-profit healthcare organizations toward the goal of improving quality of service. Case studies raise issues of leadership, strategic planning, organization and governance, budgeting, human resources, organizational behavior, change management, and legal and ethical challenges. *Prerequisites: Completion of all other courses in the Healthcare Administration Major.*

BUSI 460 Organizational Leadership (3 credits)

Participants learn how to assess organizations in light of strategic objectives and make recommendations for improvement. Topics include strategic planning, organizational culture, large scale change, systems thinking, entrepreneurial and intrapreneurial behavior, and “new leadership” development. *Prerequisite: BUSI 230 Principles of Management or BUSI 352 Organizational Behavior.*

BUSI 461 Global Marketing (3 credits)

This course develops an understanding of marketing functions, decision making, and policy formulation relative to the cultural, political, legal, and economic aspects of doing business in global markets. This course further emphasizes international marketing policies relating to product adaptation, data collection and analysis, channels of distribution, pricing, communication, and cost analysis. *Prerequisite: BUSI 347 Principles of Marketing.*

BUSI 465 Strategic Management & Planning (3 credits)

This course focuses on the integration of business concepts, methods, and skills for the formulation of strategy and policy within an organization. Emphases include analysis, decision making, and ethical considerations. *Prerequisites: BUSI 436 Professional Ethics and either BUSI 230 Principles of Management or BUSI 352 Organizational Behavior.*

BUSI 500 Graduate Business Orientation (0 credits)

In this online orientation, students are introduced to the courses in the M.B.A. program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.B.A. students.

BUSI 501 Foundations for Business Administration (1 credit)

This course includes three online learning modules designed to equip students for success in the M.B.A. in Business Transformation program. The modules are (1) Foundations of Financial Accounting, (2) Foundations of Managerial Accounting, and (3) Foundations of Marketing. The course is largely self-paced. A Point instructor provides assistance as needed. Students complete a pre-test in each area to assess their strengths and weaknesses. The online system then produces a customized learning module appropriate for their individual needs. Students use the module to master key concepts and skills. They then demonstrate mastery through post-tests. Students may repeat each post-test an unlimited number of times during the 8-week session to earn a passing grade. Through use of the learning modules, many students have developed the necessary foundational competencies even with no prior background in the business field. For students who already possess these competencies, the graduate admission committee may grant a waiver from part or all of the Foundations modules. To secure a waiver, students must complete the *Application for Waiver* included in the admission documents and attach evidence of the specific competencies for which they seek a waiver. *Special Considera-*

tion: Passing this course with a grade of 80% on every module is a prerequisite for all other courses in the M.B.A. in Business Transformation program.

BUSI 5010 Business Foundations Demonstrated Competency (1 credit)

Special Consideration: M.B.A. students granted a waiver from BUSI 501 Foundations for Business Administration based on demonstrated competency receive credit on their Point University transcript as BUSI 5010 Foundations Demonstrated Competency.

BUSI 510 Ethics & Professional Issues in Business (3 credits)

Students are introduced to alternative ethical theories and learn how they relate to, and often support, Judeo-Christian ethics. Students then learn to apply an ethical framework to professional dilemmas common to business transformation, including hiring/firing, new product development, financial reporting, stakeholder relations, and environmental sustainability. Students also explore ways Christians have used their business skills to promote the Kingship of God and carry out His redemptive work in the world (e.g. “business as mission”).

BUSI 515 Business Intelligence (3 credits)

Acquiring data is essential to business transformation, not only to establish the current situation but also to identify areas for improvement and measure progress toward goals. In this course, students learn qualitative and quantitative research methods that can be employed to gather data on both internal (e.g. employees) and external (e.g. customers) stakeholders.

BUSI 520 Quantitative Analysis for Decision Making (3 credits)

This course approaches statistics from a practical perspective. Students learn to utilize commercially available statistical software to manipulate and analyze data, and to interpret the results for relevant business applications. By the end of the course, students can select appropriate tools for analysis and conduct multiple statistical tests, such as descriptive statistics, hypothesis tests, Chi Square tests, linear and multiple regression, t-tests, and control charts.

BUSI 526 Lean Six Sigma Methodology for Business Transformation I (3 credits)

In BUSI 526 and BUSI 527, students receive instruction in Lean Six Sigma continuous improvement methodologies. They apply the DMAIC methodology (Define-Measure-Analyze-Improve-Control) and the DFSS (Design for Six Sigma) approach to designing products and services, along with the relevant tools, to solve real-world problems. At the conclusion of this two-course sequence, students are prepared to sit for the Lean Six Sigma Green Belt (LSSGB) certification exam. Students may then pursue Lean Six Sigma Black Belt (LSSBB) certification as they complete BUSI 690 and BUSI 695 Capstone Transformation Project I-II. *Prerequisite: BUSI 520 Quantitative Analysis for Decision Making. Special Consideration: Students who have already earned the LSSGB elsewhere may test out of BUSI 526 and BUSI 527 or take them as refresher courses.*

BUSI 527 Lean Six Sigma Methodology for Business Transformation II (3 credits)

In BUSI 526 and BUSI 527, students receive instruction in Lean Six Sigma continuous improvement methodologies. They apply the DMAIC methodology (Define-Measure-Analyze-Improve-Control) and the DFSS (Design for Six Sigma) approach to designing

products and services, along with the relevant tools, to solve real-world problems. At the conclusion of this two-course sequence, students are prepared to sit for the Lean Six Sigma Green Belt (LSSGB) certification exam. Students may then pursue Lean Six Sigma Black Belt (LSSBB) certification as they complete BUSI 690 and BUSI 695 Capstone Transformation Project I-II. *Prerequisite:* BUSI 526 *Lean Six Sigma Methodology for Business Transformation I*. *Special Consideration:* Students who have already earned the LSSGB elsewhere may test out of BUSI 526 and BUSI 527 or take them as refresher courses.

BUSI 530 Persuasion & Negotiation (3 credits)

The ability to persuade and negotiate is essential to leading business transformation. In this course, students learn current best practices in persuasion and sales in order to enhance their ability to gain support for change efforts using currently available professional literature. Students also learn techniques for negotiating with parties that are unwilling or unable to volunteer their support in order to arrive at agreements that create value for both parties.

BUSI 535 Financial Statement Analysis & Valuation (3 credits)

Students integrate concepts from accounting, economics, finance, and business strategy to evaluate financial statements and value firms. In doing so, they quantitatively evaluate firm strategies, forecast financial statements, and apply sensitivity analysis techniques. The course utilizes business case studies from professional literature, along with appropriate technologies, to enable students to practice various analysis and valuation techniques. *Prerequisite:* BUSI 520 *Quantitative Analysis for Decision Making*.

BUSI 540 Strategic Management & Leadership (3 credits)

Students develop an understanding of best practices in management and leadership as they learn techniques and strategies that focus on leveraging leadership for realizing organizational goals. Students engage with practical leadership strategies that aim at developing high performance teams and building other future organizational leaders. Case studies obtained from professional literature, along with real-world examples of organizational leadership, are used to communicate essential attributes of exceptional leadership. Students are then challenged to apply the cognitive aspects of leadership learning to practical applications in their own professional and personal lives. At the conclusion of the course, students are able to apply leadership concepts and tools, so that they may more effectively lead their own organizations.

BUSI 542 Servant Leadership Theory & Development (3 credits)

This course focuses on leadership theory with special attention given to the biblical concept of servant leadership. Topics include principles for leadership within the Christian community, approaches to developing such leaders in their cultural context, and legal and ethical issues that impact Kingdom-oriented leadership.

BUSI 544 Nonprofit Management (3 credits)

This course develops management skills pertinent to the nonprofit sector of ministry. Areas of emphasis include board development, employee recruitment and management, volunteer recruitment and engagement, marketing and public relations, fundraising, grant writing, and professional ethics.

BUSI 545 Strategic Marketing (3 credits)

This course introduces the strategic role marketing plays in business transformation. Students acquire models and frameworks for approaching marketing problems as they research leading-edge thinking on marketing strategy and state-of-the-art marketing tactics. Students also learn how to measure marketing performance and ensure accountability for marketing investments.

BUSI 550 Business Innovation & Creativity (3 credits)

This course focuses on how to establish and maintain creative and innovative business atmospheres. Participants study organizations that put an emphasis on creativity and innovation, such as Apple, Google, and Ideo, in order to identify best practices and develop strategies for implementing creative and innovative cultures within their own organizations.

BUSI 552 Organizational Innovation & Creativity (3 credits)

This course focuses on innovation and creativity in church and other nonprofit contexts. Students develop skills for researching and evaluating philosophical, cultural, and global trends that may shape the future. They formulate creative and innovative responses to those trends from the perspective of contextualized theology and ministry.

BUSI 555 Cost Management & Decision Making (3 credits)

This course covers cost accounting concepts so vital in a changing business environment. Topics include, but are not limited to, activity-based costing, strategic cost management, balanced scorecard, environmental cost management, lean accounting, pricing and profitability analysis, and capital budgeting. Integrative exercises enable students not only to perform the necessary calculations, but also to understand how applicable cost concepts help managers make decisions that transform the organization. *Prerequisite: BUSI 520 Quantitative Analysis for Decision Making.*

BUSI 560 Applied Leadership:**Change Management & Organizational Culture (3 credits)**

This course focuses on the importance of building positive and engaging business cultures, along with strategies for leading and managing organizational change within disruptive environments. Students acquire leadership techniques and strategies for effectively leading change, building other resilient leaders, and creating healthy and adaptive cultures. Students also reinforce their individual managerial skill sets for dealing with complex leadership issues.

BUSI 562 Strategic Planning & Change Management (3 credits)

Students apply principles of strategic planning and change management in ministry contexts. Major emphases include analyzing the ministry context and organizational culture, vision casting, strategic planning, change management, and project management.

BUSI 690 Capstone Transformation Project I (3 credits)

In BUSI 690 and BUSI 695 students prepare—and in some cases execute—a substantive project demonstrating in a real-world context the transformation techniques learned in the M.B.A. program: (1) Students desiring to pursue the Lean Six-Sigma Black Belt (LSSBB) certification identify, engage in, and complete a Lean Six Sigma DMAIC [Define-Measure-Analyze-Improve-Control] or DFSS [Design for Six Sigma] project. Projects vary

from student to student, but must demonstrate mastery of Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. If the project cannot be completed within one session, the board evaluates student progress at the end of the session for purposes of assigning a course grade. However, the Lean Six Sigma Black Belt (LSSBB) will not be conferred until the project is completed to the satisfaction of the board. (2) Students who do not desire to pursue the Lean Six Sigma Black Belt, and/or desire to work on a transformation project tailored to their specific interests or job demands, will identify, engage in, and complete a project approved by their faculty advisor. Projects will vary from student to student, but must demonstrate mastery of transformation techniques learned in the M.B.A. program. The project may be focused on functions such as marketing, financial decision making, change management, or leadership/human capital. The project must be completed by the end of the second session and will be evaluated by the faculty advisor. *Prerequisites: All other courses in the M.B.A. in Business Transformation or M.S. in Operations Management program are prerequisites for BUSI 690 Capstone Transformation Project I. Special Consideration: Students who do not finish their capstone projects by the end of the second 8-week session must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.*

BUSI 692 Lean Six Sigma Black Belt Project I (3 credits)

In BUSI 692 and BUSI 694 students prepare and execute a substantive project demonstrating in a real-world context the transformation techniques learned in the LSSBB program. Students identify, engage in, and complete a Lean Six Sigma DMAIC [Define-Measure-Analyze-Improve-Control] or DFSS [Design for Six Sigma] project. Projects vary from student to student, but must demonstrate mastery of Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. If the project cannot be completed within a given session, the board evaluates student progress at the end of the session for purposes of assigning a course grade. However, the Lean Six Sigma Black Belt (LSSBB) will not be conferred until the project is completed to the satisfaction of the board. *Prerequisites: Lean Six Sigma Green Belt (i.e. BUSI 520 Quantitative Analysis for Decision Making, BUSI 526 Lean Six Sigma Methodology for Business Transformation I, and BUSI 527 Lean Six Sigma Methodology for Business Transformation II). Special Consideration: Students who do not finish their Black Belt Projects by the end of the second 8-week session must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.*

BUSI 694 Lean Six Sigma Black Belt Project II (3 credits)

This course is a continuation of BUSI 692 Lean Six Sigma Black Belt Project I. In BUSI 692 and BUSI 694 students prepare and execute a substantive project demonstrating in a real-world context the transformation techniques learned in the LSSBB program. Students identify, engage in, and complete a Lean Six Sigma DMAIC [Define-Measure-

Analyze-Improve-Control] or DFSS [Design for Six Sigma] project. Projects vary from student to student, but must demonstrate mastery of Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. If the project cannot be completed within a given session, the board evaluates student progress at the end of the session for purposes of assigning a course grade. However, the Lean Six Sigma Black Belt (LSSBB) will not be conferred until the project is completed to the satisfaction of the board. *Prerequisites: Lean Six Sigma Green Belt (i.e. BUSI 520 Quantitative Analysis for Decision Making, BUSI 526 Lean Six Sigma Methodology for Business Transformation I, and BUSI 527 Lean Six Sigma Methodology for Business Transformation II). Special Consideration: Students who do not finish their Black Belt Projects by the end of the second 8-week session must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.*

BUSI 695 Capstone Transformation Project II (3 credits)

In BUSI 690 and BUSI 695 students prepare—and in some cases execute—a substantive project demonstrating in a real-world context the transformation techniques learned in the M.B.A. program: (1) Students desiring to pursue the Lean Six-Sigma Black Belt (LSSBB) certification identify, engage in, and complete a Lean Six Sigma DMAIC [Define-Measure-Analyze-Improve-Control] or DFSS [Design for Six Sigma] project. Projects vary from student to student, but must demonstrate mastery of Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma certification board. If the project cannot be completed within one session, the board evaluates student progress at the end of the session for purposes of assigning a course grade. However, the Lean Six Sigma Black Belt (LSSBB) will not be conferred until the project is completed to the satisfaction of the board. (2) Students who do not desire to pursue the Lean Six Sigma Black Belt, and/or desire to work on a transformation project tailored to their specific interests or job demands, will identify, engage in, and complete a project approved by their faculty advisor. Projects will vary from student to student, but must demonstrate mastery of transformation techniques learned in the M.B.A. program. The project may be focused on functions such as marketing, financial decision making, change management, or leadership/human capital. The project must be completed by the end of the second session and will be evaluated by the faculty advisor. *Prerequisite: BUSI 690 Capstone Transformation Project I. Special Consideration: Students who do not finish their capstone projects by the end of the second 8-week sessions must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.*

BUSI 699 Capstone Transformation Project Continuation (0 credits)

Students in the M.B.A. in Business Transformation program continue the projects begun in BUSI 690 and BUSI 695 Capstone Transformation Project I-II. They enroll in this course and pay a \$100 continuation fee each session until the project is complete.

CCE: CROSS-CULTURAL EXPERIENCE (on-ground)**CCE 497 Cross-Cultural Studies (credits vary)**

This learning experience engages students to gain practical wisdom and to approach issues of global concern with cultural relevance. It enhances Point's vision to stimulate service within a cross-cultural setting by integrating faith, practice and experiential learning. *Prerequisite: Permission from the relevant faculty department chair.*

CHED: CHRISTIAN EDUCATION (online)**CHED 301 Educational Ministries (3 credits)**

This course focuses on principles of teaching and learning, and the effective use of various teaching methods in the church.

CHS: COUNSELING & HUMAN SERVICES (on-ground)**CHS 202/SOC 202 The Family (3 credits)**

This course focuses on courtship, marriage, and family relationships from both a biblical and cultural perspective. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

CHS 211 Introduction to Counseling (3 credits)

This course provides an overview of the practices and skills which facilitate personal growth in others for counselors, teachers, administrators, ministers, and others who deal with people in helping relationships. *Prerequisite: PSY 103 Introduction to Psychology. Special Consideration: CHS 211 serves as a prerequisite for other courses in counseling.*

CHS 310 Prenatal Development (2 credits)

This course focuses on human growth and development from conception through the first two years of life with an emphasis on prenatal development, labor, and delivery. *Prerequisite: PSY 103 Introduction to Psychology.*

CHS 312 Counseling Diverse Populations (2 credits)

This course is designed to broaden the counselor's understanding and skills when counseling people of various backgrounds. Different approaches to counseling will be considered with regard to ethnic groups, women, the elderly, homosexuals, and people with various disabilities. *Prerequisites: CHS 211 Introduction to Counseling and SOC 103 Introduction to Sociology.*

CHS 317/MIN 317 Pastoral Counseling (3 credits)

This course focuses on counseling principles and techniques within the context of ministerial functions. *Prerequisite: CHS 211 Introduction to Counseling or MIN 313 The Practice of Christian Ministry.*

CHS 343 Communication Skills for Social Services (2 credits)

This course focuses on the usual communication patterns between the social work generalist and client systems, emphasizing the true meaning of good communication in the process of problem solving through both written and oral communication. The role of technology in facilitating and managing communication is examined for its application to social work. *Prerequisite: CHS 211 Introduction to Counseling or SOC 341 Introduction to Social Work.*

CHS 345 Case Management (2 credits)

This course focuses on the practice of case management, describing how service providers assess needs of the client and family as well as arrange, coordinate, advocate for, monitor, and evaluate the package of multiple services designed to meet the client's needs. *Prerequisite: SOC 341 Introduction to Social Work or permission from the Psychology and Counseling department chair.*

CHS 392 Careers in Helping Professions (2 credits)

This course exposes a student to career opportunities in various fields of counseling and human services. *Prerequisite: CHS 211 Introduction to Counseling.*

CHS 396 Counseling Theory & Procedures (3 credits)

This course surveys various counseling theories and an evaluation of these theories from a Christian worldview. *Prerequisites: CHS 211 Introduction to Counseling and PSY 204 Developmental Psychology.*

CHS 410 Family Counseling (3 credits)

This course encourages students to consider the family as a system in which each member influences and is influenced by other members. Healthy and unhealthy relationships will be explored with some understandings of how each develops. *Prerequisites: CHS 211 Introduction to Counseling, PSY 204 Developmental Psychology, and SOC 103 Introduction to Sociology.*

CHS 413 Counseling the Elderly (2 credits)

This course is designed to explore the unique stresses of dealing with aging parents, retirement, lower incomes, long term illness, and ways of offering help in these tough times. *Prerequisite: CHS 211 Introduction to Counseling.*

CHS 417/YTH 417 Counseling Adolescents (3 credits)

This course focuses on significant clinical issues facing adolescents in the areas of physical, emotional, social, and cognitive development. *Prerequisite: CHS 211 Introduction to Counseling or MIN 313 The Practice of Christian Ministry.*

CHS 420 Counseling Children (3 credits)

This course provides an overview of counseling methods and theories, practice in counseling children through role play sessions, and discussion of practical applications of counseling methods with children. *Prerequisites: CHS 211 Introduction to Counseling, PSY 204 Developmental Psychology, and SOC 103 Introduction to Sociology.*

CHS 437 Conflict Management (3 credits)

This course develops skills and strategies for the effective intervention and resolution of conflict with applications in a variety of personal, interpersonal, group, and organizational contexts. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

CHS 490 Studies in Counseling & Human Services (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of counseling and human services. *Prerequisites: As announced.*

CHS 497 Counseling & Human Services Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in

cooperation with an approved field observer. *Prerequisites:* (1) Junior or senior standing; (2) successful completion of CHS 211 Introduction to Counseling, CHS 396 Counseling Theories & Procedures, and PSY 103 Introduction to Psychology; and (3) successful completion of at least 9 credit hours in the Counseling and Human Services major, including at least one of the following four courses: CHS 202 The Family, CHS 312 Counseling Diverse Populations, CHS 317 Pastoral Counseling, and/or CHS 396 Counseling Theory & Procedures. *Special Considerations:* CHS 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.

CISM: COMPUTER INFORMATION SYSTEMS MANAGEMENT (online)

CISM 100 Introduction to Information Technology (3 credits)

This course introduces students to Information Technology (IT) as a discipline, including the various roles and functions of the IT department in business support. The course surveys professional literature, systems and services, network and security, scripting and programming, data management, the business of IT, the technologies used in every area and how they relate to one other and to the business, and legal and ethical standards for IT professionals. Students also begin to develop their personal philosophy of service as they reflect on how Christians have used information technology to carry out God's redemptive purposes in the world.

CISM 210 Information Technology Applications I (3 credits)

Students gain an understanding of personal computer components and their functions in desktop and other systems. Areas of emphasis include computer data storage and retrieval; classifying, installing, configuring, optimizing, upgrading, diagnosing, and troubleshooting printers, laptops, and portable devices; recommending appropriate tools, diagnostic procedures, preventative maintenance and troubleshooting techniques for personal computer components in a desktop system; strategies for identifying, preventing, and reporting safety hazards and environmental/human accidents in technological environments; effective communication with colleagues and clients; and job-related professional behavior. *Corequisite:* CISM 100 Introduction to Information Technology.

CISM 215 Information Technology Applications II (3 credits)

Students apply the knowledge and skills learned in CISM 210 Information Technology Applications I at a more advanced level, with an emphasis on operating systems, networks, and safety and security protocols. *Prerequisite:* CISM 210 IT Applications I.

CISM 220 Information Technology Operating Systems (3 credits)

Students gain a foundational working knowledge of various types of operating systems (e.g. Windows, Mac) and their role in the workplace. They learn to install and configure specified operating systems; troubleshoot devices and drivers; and manage and monitor security, performance, and reliability. The course also includes basic optimization and administration strategies. *Prerequisite:* CISM 210 IT Applications I.

CISM 230 Technical Writing (3 credits)

This course covers basic elements of technical writing, including research, professional written communication proficiency, writing for different audiences, technical style,

grammar, and syntax. *Prerequisites: ENGL 101-102 Critical Reading & Writing I-II, CISM 100 Introduction to Information Technology. Special Consideration: CISM 230 is a Writing Emphasis course.*

CISM 300 Networking Fundamentals (3 credits)

This course focuses on network topologies, including protocols, ports, addressing schemes, routing, and wireless communication standards; physical and logical topologies, including wiring standards; differentiating, installing, and configuring network devices; and troubleshooting network connectivity. *Prerequisite: CISM 220 IT Operating Systems.*

CISM 315 Risk Mitigation and Security Policy (3 credits)

This course focuses on “non-technical” aspects of risk mitigation in an organization. Major emphases include “insider threats,” how user behavior influences security, and how to minimize risk through security awareness training and “usable” security. Students create effective security policies based on an organization’s unique requirements, as well as applicable laws and regulations. *Prerequisites: CISM 230 Technical Writing, and CISM 320 Introduction to Network Security. Special Consideration: CISM 315 is a Writing Emphasis course.*

CISM 320 Introduction to Network Security (3 credits)

This course introduces students to the components of a computer network, along with the concept and role of communication protocols. It covers widely used categorical classifications of networks (i.e. CAN, LAN, MAN, WAN), as well as network topologies, physical devices, and layered abstraction. Students also learn basic concepts of security, vulnerabilities of networks and mitigation techniques, security of physical media, security policies and procedures, and how to track performance for optimization. *Prerequisite: CISM 300 Networking Fundamentals.*

CISM 325 Network Security Applications (3 credits)

This course builds upon CISM 320 Introduction to Network Security with a focus on developing and implementing security strategies within a network, diagnosing and troubleshooting to prevent security threats, and procedures for authenticating and accessing data. *Prerequisite: CISM 320 Introduction to Network Security.*

CISM 330 Foundations of Website Development (3 credits)

This course introduces fundamentals of website development, which enable the student to design, develop, and deploy a website. Students create web content using Hypertext Markup Language (HTML) 5 and style layouts using Cascading Style Sheets (CSS). Students also learn how to host and upload a website to a free web server. *Prerequisite: CISM 100 Introduction to Information Technology.*

CISM 400 Introduction to Programming (3 credits)

This course introduces programming by focusing on data structures, algorithms, and programming paradigms, with an emphasis on the concept of an object and the importance of an object-oriented paradigm. Students also survey programming languages and learn the distinction between interpreted and compiled languages. *Prerequisite: CISM 220 IT Operating Systems.*

CISM 410 Introduction to Data Management (3 credits)

This course introduces students to concepts and terminology used in the field of data management. Students become familiar with Structured Query Language (SQL) and learn to use Data Definition Language (DDL) and Data Manipulation Language (DML) commands to define, retrieve, and manipulate data. The course also covers differentiations of data, including structured, unstructured, and quasi-structured (e.g. relational, hierarchical, XML, textual, visual); aspects of data management (quality, policy, storage methodologies); and foundational concepts of data security. *Prerequisite: CISM 220 IT Operating Systems.*

CISM 415 Advanced Security Applications (3 credits)

Building on the skills learned in CISM 320 and CISM 325, this course focuses on various tools and technologies utilized to perform network traffic analysis for threat detection and mitigation. Technologies include Intrusion Detection and Prevention Systems, Network and System Firewalls, Anti-Virus, Security Information and Event Management (SIEM), and data encryption. Students will learn the proper implementation of these technologies, taking into consideration the capabilities and limitations of the tools, their operational requirements, and the organization in which they are deployed. *Prerequisite: CISM 325 Network Security Applications.*

CISM 420 Network Management (3 credits)

This course introduces students to the Windows Server environment and Hyper-V technology. Students become familiar with creating and managing group policies. The course covers installation, configuration, and deployment of Core network services, along with basic administration of servers and Active Directory. *Prerequisites: CISM 215 Information Technology Applications, CISM 325 Network Security Application.*

CISM 430 Technical Project Management (3 credits)

This course introduces the project management and business analysis process within the context of an Information Technology project. It focuses on fundamental concepts of project management and the phases of project management during a system life cycle, including business analysis, requirements capturing, issue tracking, and release planning. Additional topics include development environments (development, integration, QA, production), help desk and support, and IT planning for business continuity. *Prerequisites: CISM 215 IT Applications II, CISM 230 Technical Writing. Special Consideration: CISM 430 is a Writing Emphasis course.*

CISM 435 Information Systems Disaster Recovery (3 credits)

This course introduces students to “best practices” for business continuity and disaster recovery used in the IT environment. Students learn how to perform risk analyses and assessments (including threat, impact, and organizational) to create a business continuity plan that integrates technical data with operational constraints, which include budget, IT team capabilities, and unique organizational constraints. *Prerequisites: CISM 315 Risk Mitigation & Security Policy and CISM 415 Advanced Security Applications.*

CISM 440 Server Administration (3 credits)

This course introduces students to configuration and access of network services, including file and print servers, related services, and network policy server infrastructure. Students develop strategies for installing, deploying, and managing servers, including Active Directory and group policies. *Prerequisite: CISM 420 Network Management.*

CISM 475 Capstone Project in Secure Information Systems (3 credits)

Students complete an IT capstone project with a security component under the mentorship of an experienced IT professional. The capstone consists of a project plan approved by the student's mentor, the technical work product itself, a report detailing the various aspects of the product, and a journal that contemporaneously describes the candidate's experience in developing the capstone. Requirements and instructions for completing the capstone are available from the IT Program Coordinator. Examples of projects include, but are not limited to, developing an organizational security policy and/or disaster recovery plan; designing, installing, and maintaining a secure network environment; installing and maintaining authentication systems; and projects related to troubleshooting and support. *Prerequisites: All other Information Technology/Information Systems Security Major courses or permission from the IT Program Coordinator. Special Consideration: With permission from the Coordinator, students may extend the 3-credit Capstone Project to a 4-, 5-, or 6-credit project. They may apply the extra credits to the bachelor's degree in place of General Electives.*

CISM 480 Information Technology (IT) Capstone Project (3-6 credits)

Students complete an IT capstone project under the mentorship of an experienced IT professional. The project consists of a project plan approved by the student's mentor, the technical work product itself, a report detailing the various aspects of the product, and a journal that contemporaneously describes the candidate's experience in developing the capstone. Requirements and instructions for completing the capstone are available from the Information Technology department chair. Examples of projects include, but are not limited to website development, web hosting, IT portfolio, troubleshooting/support, refurbishing devices/hardware, installing or maintaining a network, developing a security strategy or prevention plan, and authentication installation. *Prerequisites: All other Information Technology/Network Administration Major courses or permission from the Information Technology department chair. Special Consideration: With permission from the Chair, students may extend the 3-credit Capstone Project to a 4-, 5-, or 6-credit project. They may apply the extra credits to the bachelor's degree in place of General Electives.*

CJU: CRIMINAL JUSTICE (on-ground)**CJU 300 Introduction to Criminal Justice (3 credits)**

This course is an introduction to the basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police. *Prerequisites: SOC 103 Introduction to Sociology and SOC 200 Social Psychology.*

CJU 310 Criminology (3 credits)

This course focuses on theories and practices surrounding crime, its nature and causes, and the nature and causes of the crimes and offenders. This course examines how law enforcement works to curtail these crimes. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 321 Constitutional Law: Government Powers (3 credits)

This course examines the creation and allocation of authority among the several government institutions, including the distribution of power across the branches of the

federal government and between the federal and individual state governments in the United States. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 322 Constitutional Law: Rights & Liberties (3 credits)

This course examines the guarantees of individual rights and liberties derived from the due process, equal protections, among other clauses in the Bill of Rights and post-Civil War Amendments. *Prerequisites: CJU 300 Introduction to Criminal Justice and CJU 321 Constitutional Law: Government Powers.*

CJU 330 Introduction to Corrections (3 credits)

This course examines the historical development of correctional policies and strategies to achieve the five goals of correction, retribution, deterrence, incapacitation, and rehabilitation. The examination is accomplished through discussion of the primary institutions of the American correctional system: jail, prison, probation, and parole. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 334 Community Corrections (3 credits)

This course examines the philosophy and administrative procedures of community-based corrections operations, introducing an alternative to traditional incarceration of those convicted of criminal offenses. Further, the course identifies the differences in the nature and responsibilities of probation and parole officers and in pre-trial diversion and other pre-conviction rehabilitative programs. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 335 Critical Thinking for Criminal Justice (3 credits)

This course examines the process by which one develops and supports one's beliefs and evaluates the strength of arguments made by others in true life situations. Students will analyze media, the current political environment, and their own beliefs and moral inclinations while learning to appraise information and influences to discuss controversial topics intelligently. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 340 Criminal Investigation (3 credits)

This course focuses on the nature and complexities of criminal investigations. Discussions will include such topics as: the fundamentals of investigation, interviews and interrogations, and crime scene processing including the gathering and processing of forensic evidence. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 350 Introduction to Policing (3 credits)

This course is designed to examine the history of the police and police agencies, the three eras of policing, the organizational development of the modern police agency, and the police recruitment and hiring process. Further examined are the problem-solving strategy of SARA (Scanning, Analysis, Response, and Assessment), the three styles of policing, and the police officer's "working personality." The philosophy and implementation of Community-Oriented Policing will also be discussed. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 400 Criminal Law (3 credits)

This course focuses on the necessary elements of crime in modern society. *Actus reus, mens rea*, intent, causation, concurrence and other principles are examined in addition to various criminal defenses used in courts of law. *Prerequisites: CJU 300 Introduction*

to Criminal Justice, CJU 321 Constitutional Law: Government Powers, and CJU 322 Constitutional Law: Rights & Liberties.

CJU 410 Criminal Procedure (3 credits)

This course focuses on rules and regulations surrounding the criminal justice system. Topics include arrest, interrogation, search and seizure, arrest and search warrants, and the various rights of a suspected offender. *Prerequisites: CJU 321 Constitutional Law: Government Powers and CJU 322 Constitutional Law: Rights & Liberties.*

CJU 411 Judicial Process (3 credits)

This course is an introduction to the Judicial Process in the American Criminal Justice system. It examines the organization of courts, selection of judges, judicial decision-making, and policy making. The course draws distinctions between state and federal courts, as well as appellate and trial courts. *Prerequisite: CJU 300 Introduction to Criminal Justice.*

CJU 420 Police Administration (3 credits)

This course examines theories of organization, management, and administration as they relate to criminal justice agencies. Leadership, human resources process, resource management, and other critical administrative issues are addressed. *Prerequisite: senior standing in the Criminal Justice Major.*

CJU 430 Professionalism & Ethics in Criminal Justice (3 credits)

Inherent in the criminal justice system is the power to make discretionary decisions of great magnitude that affect the offenders, victims, and society. This is a study of theories and practices of legality, morality, values, and ethics as they pertain and are applied in criminal justice. Included are such topics as police corruption, excessive use of force, and methods of dealing with such practices in the context of professional conduct. *Prerequisite: senior standing in the Criminal Justice Major. Special Consideration: CJU 430 is a Writing Emphasis course.*

CJU 440 Civil Liability for Criminal Justice (3 credits)

This course will examine the law of torts related to police, corrections, and other criminal justice agencies. The legal concepts are negligence, intent, duty of care, good faith defenses, and duty to protect. Both state and federal tort law will be examined, particularly, the federal statutes, 42 USC 1983, 18 USC 241 and 242. Major United States Supreme Court cases will be studied. The difference in criminal and civil processes will be explored and damages, injunctions, and other remedies for civil wrongs will be discussed. *Prerequisites: CJU 300 Introduction to Criminal Justice, CJU 321 Constitutional Law: Government Powers, and CJU 322 Constitutional Law: Rights & Liberties.*

CJU 461/PSY 461 Forensic Psychology (3 credits)

The purpose of this course is to examine the various applications of psychology in the legal arena from competency hearings and jury selection to evaluation of eyewitness testimony. This course will cover the many applications of psychological theory to the law.

CJU 490 Studies in Criminal Justice (credits vary)

This course, flexible in procedure and content, focuses on a selected field of study in the field of Criminal Justice. *Prerequisite: Senior standing in the Criminal Justice Major.*

CJU 497 Criminal Justice Internship (6 credits)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Special Considerations: CJU 497 is limited to Criminal Justice majors and requires approval by the Criminal Justice department chair. CJU 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.*

CJUS: CRIMINAL JUSTICE (online)**CJUS 200 Criminal Justice (3 credits)**

This course is an introduction to the basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police.

CJUS 210 Criminology (3 credits)

This course focuses on theories and practices surrounding crime, its nature and causes, and how law enforcement works to curtail crime. *Prerequisite: CJUS 200 Criminal Justice.*

CJUS 220 Constitutional Law (3 credits)

This course focuses on powers granted to government entities and civil rights granted to citizens under the United States Constitution and Bill of Rights. *Prerequisite: CJUS 200 Criminal Justice.*

CJUS 390 Special Topics in Criminal Justice (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Criminal Justice. *Special Considerations: Requires approval by the Criminal Justice department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

CJUS 400 Criminal Law (3 credits)

This course focuses on elements of crime in modern society. Emphases include the principles of *actus reus*, *mens rea*, intent, causation, and concurrence, along with various criminal defenses used in courts of law. *Prerequisite: CJU 220 Constitutional Law.*

CJUS 410 Criminal Procedure (3 credits)

This course focuses on rules and regulations surrounding the criminal justice system. Topics include search warrants, search and seizure, arrest, interrogation, and rights of suspected offenders. *Prerequisite: CJU 220 Constitutional Law.*

CJUS 420 Police Administration (3 credits)

Students examine theories of organization, management, and administration as they relate to criminal justice agencies. Leadership, human resources processes, resource management, and other critical administrative issues are addressed.

CJUS 429 Violence & Society (3 credits)

This course focuses on the nature of violence and violent crimes in contemporary society. Students examine how the American criminal justice system attempts to prevent violent acts, and the nature and treatment of the offenders.

CJUS 430 Professionalism & Ethics in Criminal Justice (3 credits)

Inherent in the criminal justice system is the power to make discretionary decisions of great magnitude that affect the offenders, victims, and society. This course focuses on theories and practices of legality, morality, values, and ethics as applied in criminal justice. Topics include police corruption, excessive use of force, and methods of dealing with such practices in the context of professional conduct. *Special Consideration: CJUS 430 is a Writing Emphasis Course.*

COM: COMMUNICATION (on-ground)**COM 205 Public Speaking (3 credits)**

This course focuses on communication and rhetorical theory with emphasis on preparation and presentation of both informative and persuasive speeches. Students learn to be critical consumers of public speaking by studying effective listening, basic argument construction, and basic criticism. *Prerequisite: ENG 102 Critical Reading & Writing II.*

COM 238/BUS 238 Business Communication (3 credits)

This course focuses on the communication processes within organizations with an emphasis on skills in oral and written communication. *Prerequisites: ENG 102 Critical Reading & Writing I and COM 205 Public Speaking. Special Consideration: COM 238 is a Writing Emphasis course.*

COM 305 Media Effects on Children & Adolescents (3 credits)

This course focuses on media literacy with an emphasis on the psychological, social, and educational effects on children and adolescents.

COM 361/ENG 361 Introduction to Mass Communication (3 credits)

This course provides an introduction to the theories, major forms, and systems of today's media marketplace, including print, radio, film, television, advertising, public relations and Internet. This survey includes the consideration of how moral and religious issues are addressed by secular news and entertainment media. *Prerequisite: ENG 102 Critical Reading & Writing II.*

COM 461/BUS 461 Public Relations (3 credits)

This course introduces theory and practice of public relations, with emphasis on the responsibilities of public relations practitioners and how those practitioners deliver messages to various audiences. *Prerequisite: junior or senior standing.*

COMM: COMMUNICATION (online)**COMM 205 Public Speaking (3 credits)**

This course focuses on communication and rhetorical theory with emphasis on the preparation and presentation of both informative and persuasive speeches. Students learn to be critical consumers of public speaking by studying effective listening, basic argument construction, and basic criticism. Students offer speeches to live audiences, which are recorded, shared, and critiqued by the class. *Prerequisite: ENGL 102 Critical Reading & Writing II.*

COMM 305 Media Effects on Children & Adolescents (3 credits)

This course is a study of media literacy with an emphasis on the psychological, social, and educational effects on children and adolescents.

ECHL: EARLY CHILDHOOD LEARNING (online)**ECHL 314 Creative Arts for Early Childhood (3 credits)**

This course provides an overview of the principles of creativity in art, music, and drama. Students learn techniques utilized in integrating creative arts in the general curriculum areas of early childhood, including how to facilitate the development of sensitivity and perception, as well as the communication of ideas and feelings. *Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDU: EDUCATION (on-ground)**EDU 102 Educational Foundations (3 credits)**

This introductory study of the foundations of American education covers issues related to the areas of pedagogy, historical and philosophical movements in education, and social factors that influence classroom interactions.

EDU 204 Developmental Psychology (3 credits)

Participants engage in a study of human growth and development from conception and the prenatal period through adolescence. Special emphasis is given to applications in the school setting. *Prerequisite: PSY 103 Introduction to Psychology.*

EDU 300 Educational Psychology (3 credits)

Participants engage in a study of learning theory and its application to such problems as classroom control, the organization of learning activities, understanding individual differences, and evaluating teaching and assessing learning. Emphasis is given to factors which facilitate and/or interfere with the learning process. *Prerequisite: EDU 204 Developmental Psychology. Special Consideration: EDU 300 is a Writing Emphasis course.*

EDU 301 Principles & Methods of Teaching (3 credits)

This course emphasizes the principles of teaching, learning, and provides insight into various methods of teaching and their effective use. *Prerequisite: Either EDU 204 Developmental Psychology, MIN 202 Educational Ministries, or PSY 204 Developmental Psychology.*

EDU 306 Characteristics of Learning Disabilities (3 credits)

Students gain knowledge, insight and understanding of children with learning disabilities in the areas of cognition, perceptual impairment, hyperactivity, attention disorders, tension, language coordination, academics and socio-familial problems with appropriate field work. *Prerequisites: Admission to the Teacher Education Program and permission from the Teacher Education department chair.*

EDU 350 Curriculum & Assessment (2 credits)

This course includes a comprehensive introduction to assessment in education, including standardized tests and informal strategies, selection and administration, classroom assessment of academic achievement, and the appropriate interpretation and use of findings. A study of the history and theory of curriculum and modern trends in curriculum. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 3 TEP courses.*

EDU 401 The Exceptional Child (3 credits)

This course focuses on the characteristics by which exceptional children are identified in the school setting and the special needs of children with learning disabilities. Students also survey learning disorders, assessment techniques and the use of appropriate instructional strategies and materials. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP), or junior or senior standing in the Child & Youth Development Major. Prerequisites or corequisites: Other Block 3 TEP courses.*

EDU 402 Educational Administration (3 credits)

This course focuses on theories and practices of leadership and administration with relevant application to school and ministry settings.

EDU 405 Integration of Technology (3 credits)

This course offers practical training in the usage of technology for the classroom. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP), or junior or senior standing in the Child & Youth Development Major. Prerequisites or corequisites: Other Block 2 TEP courses.*

EDU 407 Classroom Management (3 credits)

This course focuses on the interaction process and patterns of communication in the classroom designed to increase student and teacher effectiveness as an influence on the learning process. Attention is given to both preventive and remedial techniques for handling discipline problems in the classroom. *Prerequisites or corequisites: All Block 2 courses in the Teacher Education Program (TEP), or junior or senior standing in the Child & Youth Development Major. Prerequisites or corequisites: Other Block 3 TEP courses.*

EDU 410 Reading Diagnosis & Remediation (2 credits)

This course focuses on the nature and diagnosis of reading problems and the techniques, methods and materials involved in remediation. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 3 TEP courses.*

EDU 433 Differentiated Instruction (2 credits)

Students explore the many different teaching methods that adapt curriculum and instructional approaches to the specific and individual learning needs of each student in the diverse classroom. *Prerequisites or corequisites: Other Block 1 courses in the Teacher Education Program (TEP).*

EDU 497 Child & Youth Internship (credits vary)

This course provides students an opportunity to work in an early childhood or youth setting, practicing the skills and professionalism associated with supervising and leading children and youth. *Prerequisites: EDU 300 Educational Psychology and junior or senior standing in the Child & Youth Development Major. Special Consideration: EDU 497 is a 16-week, term-length course.*

EDUC: EDUCATION (online)**EDUC 102 Educational Foundations (3 credits)**

This course provides an introductory study of the foundations of American education that covers issues related to the areas of pedagogy, historical and philosophical movements in

education, and social factors that influence classroom interactions. Participants begin to develop their personal philosophy of service as they reflect on how Christians have advanced God's redemptive purposes in the world through educational initiatives. *Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 201 Principles & Methods of Teaching (3 credits)

This course emphasizes principles of teaching and learning, providing insight into various methods of teaching and their effective use. *Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 203 Child Development (3 credits)

Students explore the physical, social, emotional, and cognitive development of the child from conception and the prenatal period through age 8. *Prerequisite: PSY 103 Introduction to Psychology. Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 300 Educational Psychology (3 credits)

Students explore learning theory and its application to such problems as classroom control, the organization of learning activities, understanding individual differences, and evaluating teaching and assessing learning. The course emphasizes factors that facilitate and/or interfere with the learning process. *Prerequisite: EDUC 203 Child Development or PSYC 204 Developmental Psychology. Special Consideration: EDUC 300 is a Writing Emphasis course. Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 310 Preschool Methods & Materials (3 credits)

This course provides an overview of the elements necessary to plan, administer, and implement educational programs for infants, toddlers, and preschoolers. *Prerequisite: EDUC 300 Educational Psychology. Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 390 Special Topics in Education (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Education. *Special Considerations: Requires approval by the Child & Youth Development or Teacher Education department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

EDUC 401 The Exceptional Child (3 credits)

This course focuses on characteristics of children with exceptionalities as identified by school officials, including students designated as gifted and those with disabilities. The course begins with a study of how all learning occurs and how these insights can be used to create lesson plans reflecting best practices and research related to student readiness. Next, participants discuss appropriate modifications of curricula in light of students' language and culture. Participants then survey common learning disorders, assessment

techniques, the use of appropriate instructional strategies and materials, and the differences between educational accommodations and modifications. The course gives special attention to state and federal legal requirements and case law as they pertain to all students with exceptionalities. Against this background, participants make practical applications toward serving students with exceptionalities, both gifted and those associated with disabilities. *Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 407 Classroom Management (3 credits)

This course focuses on the interaction process and patterns of communication in the classroom with the goal of increasing student and teacher effectiveness as an influence on the learning process. Participants discuss research on the relationship between motivation and engagement and how to apply these insights to create better classroom environments for diverse learners. A key component is understanding students' individual differences, cultural diversity, and human development as they relate to student outcomes in the classroom. The course also gives attention to both preventive and remedial techniques for handling discipline problems in the classroom. *Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 490 Child Development Practicum I (6 credits)

Students spend about 16 hours per week working in an educational setting for infants, toddlers, or prekindergartners. They observe the children's development and assist the lead teacher in planning, implementing, managing, and assessing activities. The onsite practicum is accompanied by online learning activities. *Prerequisite EDUC 300 Educational Psychology. Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EDUC 491 Child Development Practicum II (6 credits)

Students spend about 25 hours per week working in an educational setting for infants, toddlers, or prekindergartners. They practice the dispositions and skills necessary for leading young children. The onsite practicum is accompanied by online learning activities. *Prerequisite EDUC 490 Child Development Practicum I. Special Consideration: The faculty offers this course in Point Connect format, which combines online studies with weekly live videoconference with the instructor and peers.*

EFT: EFFECTIVE THINKING (on-ground)

EFT 101 Effective Thinking (1 credit)

Designed for students new to the residential college experience, EFT 101 Effective Thinking (First Year Experience) serves as an introduction to the Point University community. This course encourages each student to participate actively in discovering his or her own learning strategies, value systems, and professional goals. EFT 101 also provides a general orientation to the functions, support services, and resources of the university as a whole.

ELE: ELEMENTARY EDUCATION (on-ground)**ELE 232 Math & Science for Teachers (3 credits)**

This course is designed to give students an understanding of the content, concepts and processes of mathematics and science needed for teaching preschool through fifth grade (PreK-5), focusing on problem solving, reasoning, and methods of inquiry. *Prerequisites or corequisites: One Natural Sciences (NSC) and one Mathematics (MTH) course. Special Consideration: ELE 232 is limited to Elementary Education majors.*

ELE 300 Children's Literature (3 credits)

This course focuses on literature appropriate for children in preschool through fifth grade, with emphasis on selection of materials and techniques for creating interest and enjoyment through presentation. *Prerequisites: Admission to the Teacher Education Program (TEP) and permission from the Teacher Education department chair. Prerequisites or corequisites: Other Block 1 TEP courses or junior or senior status in the Child & Youth Development Major.*

ELE 301 Social Studies for Elementary Grades (3 credits)

This course focuses on concepts and skills taught and developed in the social studies curriculum in the elementary grades, with emphasis on integrating social studies units with other subject-matter areas. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 2 TEP courses.*

ELE 302 Reading Skills (3 credits)

This course focuses on dynamics of the reading process and major issues in reading instruction for elementary classrooms. *Prerequisite: Admission to the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 1 TEP courses.*

ELE 303 Health & Physical Education for Elementary Grades (2 credits)

This course is designed to expose the student to health education and physical education activities in the elementary grades, with emphasis on giving the student experience in actually teaching physical education activities. All students will become infant and child cardio-pulmonary resuscitation (CPR) certified by the Heart Association as partial fulfillment of course requirements. *Prerequisites or corequisites: Other Block 1 TEP courses or junior or senior status in the Child & Youth Development Major.*

ELE 305 Mathematics for Elementary Grades (3 credits)

This course deals with the concepts and materials which are appropriate for the cognitive development of the young child, with a portion of the class devoted to mathematics principles. *Prerequisites: All Teacher Education Program (TEP) Block 1 courses. Prerequisites or corequisites: Other Block 2 TEP courses.*

ELE 310 Language Arts Skills for Elementary Grades (3 credits)

This course focuses on the elementary classroom and the nature of language and how it is acquired. Students will demonstrate knowledge of content and competence in materials selection and teaching methodology. *Prerequisite: Admission to the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 1 TEP courses.*

ELE 314 Creative Arts for Elementary Grades (3 credits)

This course provides an overview of the principles of creativity in art, music and drama, the techniques utilized in integrating creative arts in the general curriculum areas of

elementary education, the facilitation of the development of sensitivity and perception, and the communication of ideas and feelings. *Prerequisites: All Block 2 Teacher Education Program (TEP) courses, or junior or senior status in the Child & Youth Development Major. Prerequisites or corequisites: Other Block 3 TEP courses.*

ELE 391 Block 1 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 1 Teacher Education Program (TEP) courses. *Corequisites: Admission to the TEP or junior or senior status in the Child & Youth Development Major and enrollment in ELE 303 Health & Physical Education for Elementary Grades. Special Consideration: ELE 391 is a 16-week, term-length course.*

ELE 392 Block 2 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 2 Teacher Education Program (TEP) courses. *Prerequisites or corequisites: Other Block 2 TEP courses. Special Consideration: ELE 391 is a 16-week, term-length course.*

ELE 401 Science for Elementary Grades (3 credits)

This course focuses on the selection and organization of content and materials for instruction, the application of scientific principles and laws of learning to science instruction, and the identification of goals in science instruction in the elementary grades, with an emphasis on a discovery approach to learning. *Prerequisites: All Block 1 Teacher Education Program (TEP) courses. Prerequisites or corequisites: Other Block 2 TEP courses.*

ELE 490 Studies in Elementary Education (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of Elementary Education. *Prerequisites: As announced.*

ELE 493 Block 3 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 3 Teacher Education Program (TEP) courses. *Prerequisites or corequisites: Other Block 3 TEP courses. Special Consideration: ELE 391 is a 16-week, term-length course.*

ELE 497 Teaching Practicum: Student Teaching (12 credits)

Observation, participation and directed teaching in an approved school setting will be carried out under the supervision of a selected supervising PreK-5 teacher and University personnel. A seminar with the university supervisor is scheduled throughout the term of the student teaching experience. Assessment will focus on preparation and teaching procedures. *Prerequisites: Completion of all other Teacher Education Program (TEP) courses and a passing score on the GACE examinations (Georgia Assessments for Certification of Educators). Special Consideration: ELE 497 is a 16-week, term-length course.*

ENG: ENGLISH (on-ground)**ENG 101 Critical Reading & Writing I (3 credits)**

This course provides an introduction to college reading and writing. *Special Consideration: Full-time on-ground students must enroll in ENG 101 and ENG 102 during their*

freshman year in either fall term or spring term. Passing these courses with a grade of "C" or higher is a prerequisite for many other courses.

ENG 102 Critical Reading & Writing II (3 credits)

This course is a continuation of college reading and writing with emphasis on principles of argumentation and research skills. *Prerequisite: ENG 101 Critical Reading & Writing I or equivalent. Special Consideration: Full-time on-ground students must enroll in ENG 101 and ENG 102 during their freshman year in either fall term or spring term. Passing these courses with a grade of "C" or higher is a prerequisite for many other courses.*

ENG 202 American Literature to 1860 (3 credits)

This course surveys the life and literature of the American people covering the period of literature beginning with the settlement of the American colonies and ending with the start of the Civil War. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 203 American Literature since 1860 (3 credits)

This course surveys the life and literature of the American people covering the period of literature beginning with the Civil War and ending with a study of modern American authors and their works. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 204 British Literature to 1800 (3 credits)

This course involves study of the major British writers from the Middle Age through the 18th century. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 205 British Literature since 1800 (3 credits)

This course involves study of the major British writers from 1800 through the present. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 207 World Literature (3 credits)

This course includes reading and discussion of important works of world literature from the beginning of the Middle Ages to the present, with emphasis on the philosophical, political, and religious thought of the writers. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 240/ESL 240 Linguistic Theory (3 credits)

This course focuses on the nature and structure of the English language and language acquisition in order to enhance professional activity, e.g., teaching language arts, teaching English to speakers of other languages, and editing and writing. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 250 Modern Short Stories (3 credits)

This course examines the development of the short story during the 19th, 20th, and 21st centuries.

ENG 262 Advanced Writing: Non-Fiction (3 credits)

This course provides intensive practice in writing non-fiction expository prose with emphasis on rhetorical principles and style. *Prerequisite: ENG 102 Critical Reading & Writing II. Special Consideration: ENG 262 is a Writing Emphasis course.*

ENG 264 Advanced Writing: Poetry & Drama (3 credits)

This course provides an introduction to creative writing in the genres of poetry and drama in which students explore the work of a number of writers as models while creating a portfolio of their own original works. It is taught in a combined lecture/workshop atmos-

phere in which students share their own work with others. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 300 Shakespeare (3 credits)

This course includes study of representative tragedies, comedies, romances, history plays, and selected poetry of Shakespeare. Emphasis is given to critical problems and the value and importance of his works. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 330 Adolescent Literature (3 credits)

This course includes study of literature appropriate for adolescents, with emphasis on selection of materials and techniques for analyzing Young Adult Literature and employing it in Bibliotherapy. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 332/HIS 332 History & Literature of Women in America (3 credits)

This course has been designed as an introduction to the history and literature of women in the U.S. from the colonial period to the present. It surveys the field of American women's history and literature in order to understand how specific political, social and religious and economic transformation in the nation's past have affected the female half of the population.

ENG 340/HIS 340/HUM 340 African American Studies (3 credits)

This interdisciplinary course focuses on African-American culture: politics, history, literature, philosophy, religion and art. Emphasis is placed on the experience of African Americans. *Prerequisite: HUM 101 Introduction to Humanities or ENG 102 Critical Reading & Writing II.*

ENG 350 Christian Literature (3 credits)

This course includes study of John Milton and other selected works of literature written to serve the needs of Christians, works that have shaped or influenced Christian ideas, and narratives and works that interact with Christian ideas. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 361/COM 361 Introduction to Mass Communication (3 credits)

This course provides an introduction to the theories, major forms, and systems of today's media marketplace, including print, radio, film, television, advertising, public relations and Internet. This survey includes the consideration of how moral and religious issues are addressed by secular news and entertainment media. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 362 Journalistic Writing (3 credits)

This course focuses on writing intended primarily for newspapers, including magazines or professional publications. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 365 Media Writing (3 credits)

This course focuses on writing for magazines, both secular and Christian, with emphasis on analyzing published articles and markets with the goal of getting the student's original work published. It is taught in a combined lecture/workshop atmosphere. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 373 Modern Grammar (3 credits)

This course includes a thorough analysis of sentence-level grammar of English with emphasis on structure and function for rhetorical purposes. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 375 Literary Theory (3 credits)

This course includes study of literary terminology, and practice in reading and analysis of a variety of literary genres in multiple historical periods and analytical methods. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 413 Editing for Publication (3 credits)

This course includes hands-on editing and publication of student-centered writing. It may include campus newsletters and announcements, a student magazine, or material for the university website. *Prerequisites: ENG 102 Critical Reading & Writing II and permission from the Humanities department chair. Special Consideration: ENG 413 may be repeated once with a different emphasis for a total of 6 credits.*

ENG 415 Student Publication Practicum (3 credits)

This course includes advanced hands-on editing and publication of student publications, including the training and mentoring of newer staff members. *Prerequisites: ENG 413 Editing for Publication and permission from the Humanities department chair. Special Considerations: ENG 415 does not satisfy a major requirement in Writing, Literature, Humanities or English. It may be repeated for credit with permission. The course is graded on a pass/fail basis using a point scale.*

ENG 417 Rhetoric for Writing (3 credits)

This course focuses on principles and practices of classical and modern rhetoric, including logic and argumentation, through advanced practice in reading and writing expository prose. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 420/HIS 420 History & Literature of Latin America (3 credits)

This interdisciplinary course explores the rich diversity of peoples, histories, and literature that together define Latin America. History is explored by reading a number of novels by Latin American writers, and discussing the events and personages depicted therein. Same as HIS 420. *Prerequisite: ENG 102 Critical Reading & Writing II.*

ENG 425 Seminar in Literature (3 credits)

This course includes an integrated examination of a specific topic in Literature. *Prerequisite: Literature course and as announced. Special Consideration: ENG 425 may be repeated for different topics.*

ENG 490 Studies in English/Literature (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of literature. *Prerequisites: As announced.*

ENG 495 Senior Thesis: English (3 credits)

The senior thesis provides an opportunity for a senior majoring in English to complete an extended independent study project in preparation for graduate school. The project includes a rigorous research component on a topic of interest to the student and is supervised by a full-time faculty member. *Prerequisite: Permission from the Humanities department chair based on a senior thesis proposal. Special Consideration: ENG 495 is a Writing Emphasis course.*

ENG 497 English Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: ENG 497 is limited to English majors and requires permission from the Humanities department chair. Special Considerations: ENG 497 may serve as a substitute for English coursework with permission of the program coordinator. ENG 497 is graded on a pass/fail basis using a point scale.*

ENGL: ENGLISH (online)**ENGL 101 Critical Reading & Writing I (3 credits)**

This course develops university-level reading and writing skills. *Special Consideration: Full-time students must enroll in the appropriate English course every term offered until they have completed ENGL 101 and ENGL 102 with a grade of "C" or higher.*

ENGL 102 Critical Reading & Writing II (3 credits)

A continuation of ENGL 101, this course emphasizes research skills and principles of argumentation. *Prerequisite: ENGL 101 Critical Reading & Writing I or equivalent. Special Consideration: Full-time students must enroll in the appropriate English course every term offered until they have completed ENGL 101 and ENGL 102 with a grade of "C" or higher.*

ENGL 250 Modern Short Stories (3 credits)

Students examine the development of the short story during the nineteenth, twentieth, and twenty-first centuries.

ESC: EXERCISE SCIENCE (on-ground)**ESC 230 Foundations of Health & Wellness (3 credits)**

This course is an overview of personal health and wellness issues. Emphasis will be placed on lifestyle changes that promote long-term wellbeing.

ESC 240 Human Nutrition (3 credits)

This course explores the basic scientific principles as they apply to human nutrition. *Prerequisites: NSC 103 Biology I and NSC 104 Biology II.*

ESC 280 Introduction to Athletic Training (3 credits)

This course introduces students to the five domains of clinical practice from the National Athletic Trainer's Association: injury prevention, clinical evaluation and diagnosis, immediate and emergency care, treatment and rehabilitation, and organization and professional health and well-being. *Prerequisites: NSC 215 Human Anatomy & Physiology I and NSC 216 Human Anatomy & Physiology II.*

ESC 340 Kinesiology & Biomechanics (3 credits)

This course involves a study of joint structure, joint function, and the biomechanical principles underlying the kinetics and kinematics of human motion. *Prerequisite: NSC 215 Human Anatomy & Physiology I.*

ESC 350 Exercise Physiology (3 credits)

This course is an application of human physiology principles to sport, exercise, and training with regard to body systems and performance. *Prerequisite: NSC 216 Human Anatomy & Physiology II.*

ESC 420 Exercise Testing & Prescription (3 credits)

This course examines fitness testing and exercise prescription concepts with attention to developing and conducting sports specific exercise testing, proper exercise technique, designing and implementing safe and effective training and conditioning programs that include guidance on nutrition and performance enhancing substances. This course will also complete the student's preparation to sit for the Certified Strength and Conditioning Specialist Exam. *Prerequisites: NSC 215 Human Anatomy & Physiology I and NSC 216 Human Anatomy & Physiology II, ESC 230 Foundations of Health & Wellness, ESC 240 Human Nutrition, ESC 340 Kinesiology & Biomechanics, ESC 350 Exercise Physiology, ESC 430 Exercise Physiology or Special Populations, PHE 115 Cardiovascular Conditioning, and PHE 130 Weight Training.*

ESC 430 Exercise Physiology for Special Populations (3 credits)

This course provides a framework for developing exercise programs for special populations, including hot and cold environments, altitude, various age groups, gender specific considerations, and individuals with various diseases and/or limitations. *Prerequisite: ESC 350 Exercise Physiology. Special Consideration: ESC 430 is a Writing Emphasis course.*

ESL: ENGLISH TO SPEAKERS OF OTHER LANGUAGES (on-ground)**ESL 240/ENG 240 Linguistic Theory (3 credits)**

This course focuses on the nature and structure of the English language and language acquisition in order to enhance professional activity, e.g., teaching language arts, teaching English to speakers of other languages, and editing and writing. *Prerequisite for all students: ENG 102 Critical Reading & Writing II. Prerequisite for Education majors only: Admission to the Teacher Education Program (TEP) and all TEP Block 1 courses. Prerequisites or corequisites: Other Block 2 TEP courses.*

ESL 441 Methods for ESOL (3 credits)

Students examine past and current approaches, methods, and techniques for teaching English as a second language. *Prerequisites: All Block 2 Teacher Education Program (TEP) courses. Prerequisites or corequisites: Other Block 3 TEP courses.*

ESL 442 Culture & Education (3 credits)

This course is designed to give a culturally pluralistic and global perspective to the equitable education of culturally and linguistically diverse student populations. Students will examine, evaluate, and develop curricular materials for culturally and linguistically diverse populations. *Prerequisites: Admission to the Teacher Education Program (TEP). Prerequisites or corequisites: Other Block 1 TEP courses, or junior or senior status in the Child & Youth Development Major. Special Consideration: ESL 442 is a Writing Emphasis course.*

ESLA: ENGLISH TO SPEAKERS OF OTHER LANGUAGES (online)**ESLA 442 Culture & Education (3 credits)**

This course offers a culturally pluralistic and global perspective to the equitable education of culturally and linguistically diverse student populations. Students examine, evaluate, and develop curricular materials for culturally and linguistically diverse populations. *Special Consideration: ESLA 442 is a Writing Emphasis course.*

GRAD: GRADUATION (online)**GRAD 200 Associate Degree Graduation (0 credits)**

Associate's degree students register in this zero-credit "course" during their final term at Point University. Enrollment notifies the registrar of their intent to graduate at the end of that term. The registrar then verifies that the student will have met the academic requirements for graduation.

GRAD 400 Bachelor Degree Graduation: Online Program (0 credits)

Bachelor's degree students in online programs register in this zero-credit "course" during their final term at Point University. Enrollment notifies the registrar of their intent to graduate at the end of that term. The registrar then verifies that the student will have met the academic requirements for graduation.

GRAD 500 Master Degree Graduation (0 credits)

Master's degree students register in this zero-credit "course" during their final term at Point University. Enrollment notifies the registrar of their intent to graduate at the end of that term. The registrar then verifies that the student will have met the academic requirements for graduation.

GRD: GRADUATION (on-ground)**GRD 400 Bachelor Degree Graduation: On-Ground Program (0 credits)**

Bachelor's degree students in on-ground programs register in this zero-credit "course" during their final term at Point University. Enrollment notifies the registrar of their intent to graduate at the end of that term. The registrar then verifies that the student will have met the academic requirements for graduation.

GRK: GREEK (on-ground)**GRK 301 Greek I (4 credits)**

This thorough study of Koiné Greek involves acquisition of a basic vocabulary and extensive drill in grammar and syntax, with a gradually increasing emphasis on translation from the Greek New Testament. *Special Consideration: GRK 301 is a 16-week, term-length course.*

GRK 302 Greek II (4 credits)

This continuation of GRK 301 involves acquisition of a basic vocabulary and extensive drill in grammar and syntax, with a gradually increasing emphasis on translation from the Greek New Testament. *Prerequisite: GRK 301 Greek I. Special Consideration: GRK 302 is a 16-week, term-length course.*

GRK 401 Greek III (3 credits)

This course includes a review of the basic principles of Koiné Greek, with advanced study of Greek grammar and syntax and vocabulary building. Emphasis is placed on the translation and exegesis of the Greek New Testament. *Prerequisite: GRK 302 Greek II. Special Consideration: GRK 401 is a 16-week, term-length course.*

GRK 402 Greek IV (3 credits)

This continuation of GRK 401 includes advanced study of Greek grammar and syntax and vocabulary building. Emphasis is placed on the translation and exegesis of the Greek New Testament. *Prerequisite: GRK 401 Greek III. Special Consideration: GRK 402 is a 16-week, term-length course.*

GRK 422 Advanced Greek Readings (3 credits)

This course, flexible in content, emphasizes advanced acquisition of Koiné Greek. *Prerequisite: GRK 402 Greek IV.*

HEB: HEBREW (on-ground)**HEB 411 Hebrew I (3 credits)**

This study of biblical Hebrew covers grammar, the verb system, and vocabulary leading to readings in the Hebrew Scriptures.

HEB 412 Hebrew II (3 credits)

This continuation of HEB 411 covers grammar, the verb system, and vocabulary leading to readings in the Hebrew Scriptures. *Prerequisite: HEB 411 Hebrew I.*

HIS: HISTORY (on-ground)**HIS 102 Western Civilization (3 credits)**

This course offers a general survey of the history of Western culture from its beginning in the ancient Near East to the present time. Major religious, political, economic, social and global events will be emphasized within a chronological context. *Special Consideration: HIS 102 is taught only in Dual Credit Enrollment (DCE) programs.*

HIS 103 U.S. Government (3 credits)

This course will first explore the philosophical foundations of the United States government. Students will additionally examine the structure and operation of the United States federal government and the state government of Georgia. Emphasis will be given to the relationship between the United States government and the states and citizens. *Special Consideration: This course meets state legislative requirements for U.S. and Georgia constitutions.*

HIS 104 World History I (3 credits)

This course is a survey of world civilizations from the beginning of human societies through 1500. Ancient and medieval civilizations are studied to deepen the understanding of the political, social, economic, religious, and cultural dimensions of world history.

HIS 105: World History II (3 credits)

This course is a survey of world civilizations from 1500 to the present. Modern civilizations in Africa, Asia, Europe, and the Americas are studied to deepen the understanding of the political, social, economic, religious, and cultural dimensions of World history.

HIS 201 Church History I (3 credits)

This course focuses on the development of the church from AD 30 through Thomas Aquinas. The establishment, spread, and development of the Christianity is studied paying particular attention to major trends, personalities, and events influencing the life of the church as it took shape in the Jewish culture and the Greco-Roman world.

HIS 202 Church History II (3 credits)

This continuation of HIS 201 Church History I focuses on the development of the Christian Church from the scholastics through the 20th century.

HIS 204 History of Religion in America (3 credits)

This course examines the significance of religion in American society from European colonization to the present. Topics will include, but are not limited to, Puritanism, revivalism, women, slavery, ethnicity and immigration, and pluralism.

HIS 215 Native American Studies (3 credits)

This course provides an overview of Native American history from pre-colonial times until the present. Emphasis is placed on cultural interaction, U.S. policy development, and the roles played by Native American peoples to ensure their survival and on-going cultural integrity into the 21st century.

HIS 225/PHL 225 History of Philosophy (3 credits)

This course will provide an initial encounter with the great philosophers and their ideas in an historical context. The course will also provide an introduction to various philosophical concepts, including metaphysics, epistemology, ethics, and logic.

HIS 250 United States History I (3 credits)

This course is a survey of the religious, social, political, economic, and cultural development of the United States from the era of exploration through Reconstruction (1492-1877).

HIS 251 United States History II (3 credits)

This course is a survey of the religious, social, political, economic, and cultural development of the United States from Reconstruction to recent times (1877-2000).

HIS 301 Restoration History (2 credits)

This course is a study of the emergence and development of the 19th-century Restoration Movement in America. It highlights the history of the Christian churches and Churches of Christ.

HIS 320/HUM 320 Art History (3 credits)

This course is a thematic study of art produced in global cultures from antiquity to the present day. Emphasis is placed on exploring the relationship between art and its historical and cultural background.

HIS 332/ENG 332 History & Literature of Women in America (3 credits)

This course has been designed as an introduction to the history and literature of women in the U.S. from the colonial period to the present. It surveys the field of American women's history and literature in order to understand how specific political, social and religious and economic transformation in the nation's past have affected the female half of the population.

HIS 340/ENG 340/HUM 340 African American Studies (3 credits)

This interdisciplinary course focuses on African-American culture: politics, history, literature, philosophy, religion and art. Emphasis is placed on the experience of African Americans. *Prerequisite: HUM 101 Introduction to Humanities or ENG 102 Critical Reading & Writing II.*

HIS 408/OTS 408 Ancient Near Eastern History (3 credits)

The purpose of this course is to explore systematically the history and culture of the ancient Near East, focusing on Mesopotamia, Egypt, and Syria-Palestine ca. 3000-323 B.C.E.

HIS 420/ENG 420 History & Literature of Latin America (3 credits)

This interdisciplinary course explores the rich diversity of peoples, histories, and literature that together define Latin America. History is explored by reading a number of novels by Latin American writers, and discussing the events and personages depicted therein. Same as HIS 420. *Prerequisite: ENG 102 Critical Reading & Writing II.*

HIS 430 Historiography with Georgia History (3 credits)

This course includes a study of methods, interpretations, and theoretical issues of historical scholarship using Georgia history as a framework.

HIS 490 Studies in History (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of history. *Prerequisites: As announced.*

HIS 495 Senior Thesis: History (3 credits)

The senior thesis provides an opportunity for a senior majoring in history to complete an extended independent study project in preparation for graduate school. The project includes a rigorous research component on a topic of interest to the student and is supervised by a full-time faculty member. *Prerequisite: permission from the History program coordinator based on a senior thesis proposal. Special Consideration: HIS 495 is a Writing Emphasis course.*

HIS 497 History Internship (6 credits)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Special Considerations: Limited to students majoring in History and subject to approval by the History program coordinator. HIS 497 is a 16-week, term-length course. It may be used as a substitute for CCE 497 Cross-Cultural Studies for History majors only. The course is graded on a pass/fail basis.*

HIST: HISTORY (online)**HIST 250 United States History (3 credits)**

This course is a survey of the religious, social, political, economic, and cultural development of the United States from the era of exploration through Reconstruction (1492-1877).

HREL: HUMAN RELATIONS (online)**HREL 202 The Family (3 credits)**

Students explore courtship, marriage, and family relationships from both a biblical and cultural perspective. *Prerequisite: PSYC 103 Introduction to Psychology or SOCI 103 Introduction to Sociology.*

HREL 301 Introduction to Counseling (3 credits)

Students gain foundational knowledge and skills for facilitating personal growth in others. The course is designed for those who work with people in helping relationships.

HREL 304 Introduction to Research (3 credits)

This course focuses on research methodologies and statistical analyses, with primary emphasis on the ability to read and understand research, and the appropriate usage of research methods in a variety of applications. *Special Consideration: HREL 304 is a Writing Emphasis Course.*

HREL 308 Life, Work & Ethics of the Helping Profession (3 credits)

This course in applied ethics focuses on personal, professional, and moral/religious aspects of the self.

HREL 312 Counseling Diverse Populations (3 credits)

This course broadens the counselor's understanding and skills for working with people of various backgrounds. Students consider approaches to working with ethnic groups, women, homosexuals, and people with various disabilities.

HREL 320 Group Dynamics (3 credits)

Students learn how groups work and how to improve relationships in order to function effectively with all groups.

HREL 323 Biblical Resources for Counseling (3 credits)

Students explore insights and applications of scriptural truths and perspectives, which guide and may be used by the Christian counselor.

HREL 396 Counseling Theory & Procedures (3 credits)

This course focuses on various counseling theories and an evaluation of those theories from the perspective of a Christian worldview. *Prerequisite: HREL 301 Introduction to Counseling.*

HREL 414 Human Sexuality (3 credits)

Students explore male and female differences with regard to emotions, perceptions, attitudes of relationships, and power of sexuality. The course focuses on psychological and socio-cultural influences on human sexuality and incorporates a lifespan perspective.

HREL 437 Conflict Management (3 credits)

This course is designed to equip students with the understanding and skills that may be used in personal, interpersonal, intra-group and inter-group conflict situations.

HREL 445 Case Assessment & Management (3 credits)

This course focuses on how service providers assess the needs of a client and arrange, coordinate, advocate for, monitor, mediate, negotiate, and evaluate the package of services designed to meet the needs of diverse clients and constituents. The course emphasizes the use and importance of appropriate inter-professional collaboration to

achieve beneficial outcomes. *Prerequisites: Either HREL 396 Counseling Theory & Procedures and HREL 312 Counseling Diverse Populations (for Human Relations Majors) or SOWK 401 Social Welfare Theory and SOWK 402 Social Welfare Policy (for Social Work Majors).*

HREL 497 Human Relations Practicum (3 credits)

This course focuses on the assessment and continuing development of counseling and other human relations skills. Students have a variety of opportunities to receive feed-back and to evaluate their ability to integrate theory into practice. *Prerequisites: The faculty recommends that students enroll in the practicum only after completing all earlier courses in the Human Relations Major. However, if they miss a course, the academic advising center (in consultation with the faculty department chair) may approve the practicum if students have completed the following minimum prerequisites: HREL 308 Life, Work & Ethics of the Helping Profession, HREL 312 Counseling Diverse Populations, HREL 396 Counseling Theory & Procedures, and HREL 445 Case Management.*

HREL 498 Human Relations Internship: Fieldwork (3 credits)

Field education provides an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: HREL 497 Human Relations Practicum. Special Consideration: HREL 498 is graded on a pass/fail basis using a point scale.*

HUM: HUMANITIES (on-ground)

HUM 101 Introduction to Humanities (3 credits)

This course provides a general introduction to the humanities, with attention given to the nature of philosophy, art, architecture, music, and literature, with concepts from these disciplines applied to key cultural artifacts of the Western world.

HUM 311 Humanities: Greek & Roman (3 credits)

This course includes an integrated examination of Western culture from the Minoan-Mycenaean roots to the fall of the Roman empire as expressed in art, literature, music, philosophy, religion, and architecture, emphasizing the development and influence of classical ideas and values. *Prerequisite: HUM 101 Introduction to Humanities.*

HUM 315 Humanities: Medieval & Renaissance (3 credits)

This course includes an integrated examination of the dominant ideas and values of Western culture from the fall of the Roman Empire through the 16th century as expressed in art, literature, music, philosophy, religion, and architecture. *Prerequisite: HUM 101 Introduction to Humanities.*

HUM 320/HIS 320 Art History (3 credits)

This course is a thematic study of art produced in global cultures from antiquity to the present day. Emphasis is placed on exploring the relationship between art and its historical and cultural background.

HUM 321 Humanities: Baroque through Romanticism (3 credits)

This course includes an integrated examination of the dominant ideas and values of Western culture from the 17th through 19th centuries as expressed in art, literature, music, philosophy, religion and architecture. *Prerequisite: HUM 101 Introduction to Humanities.*

HUM 325 Humanities: The Modern World (3 credits)

This course includes an integrated examination of the dominant ideas and values of Western culture during the 20th century as expressed in art, literature, music, philosophy, religion, and architecture. *Prerequisite: HUM 101 Introduction to Humanities. Special Consideration: HUM 325 is a Writing Emphasis course.*

HUM 340/ENG 340/HIS 340 African American Studies (3 credits)

This interdisciplinary course focuses on African-American culture: politics, history, literature, philosophy, religion and art. Emphasis is placed on the experience of African-Americans. *Prerequisite: HUM 101 Introduction to Humanities or ENG 102 Critical Reading & Writing II.*

HUM 392 Theology & the Arts (3 credits)

This is an interdisciplinary course on the relationship between theology and the arts in both theory and practice. This course will overview the recent major work on a theology of the arts, while also investigating how theology is done through the arts. *Prerequisites: HUM 101 Introduction to Humanities and either BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life.*

HUM 425 Seminar in Humanities (3 credits)

This course includes an integrated examination of a specified topic in the humanities. *Prerequisites: HUM 101 Introduction to Humanities and one 300-level Humanities (HUM) course. Special Consideration: HUM 425 may be repeated for different topics.*

HUM 490 Studies in Humanities (credits vary)

This course, flexible in procedure and content, focuses on a selected study from the humanities. *Prerequisites: HUM 101 Introduction to Humanities and as announced.*

HUM 495 Senior Thesis: Humanities (3 credits)

The senior thesis provides an opportunity for a senior majoring in humanities to complete an extended independent study project in preparation for graduate school. The project includes a rigorous research component on a topic of interest to the student and is supervised by a full-time faculty member. *Prerequisite: Permission from the Humanities department chair based on a senior thesis proposal. Special Consideration: HUM 495 is a Writing Emphasis course.*

HUM 497 Humanities Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation for Humanities majors only. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Special Considerations: Limited to students majoring in Humanities and subject to approval by the Humanities department chair. The course is graded on a pass/fail basis using a point scale.*

HUMA: HUMANITIES (online)**HUMA 101 Introduction to Humanities (3 credits)**

This course provides a general introduction to the humanities, with special attention given to the nature of philosophy, art, architecture, music, and literature. Students apply concepts from these disciplines to key cultural artifacts of the Western world.

HURM: HUMAN RESOURCE MANAGEMENT (online)**HURM 510 Strategic Human Resource Management (3 credits)**

Students are introduced to the context of Human Resource Management (HRM) and the evolving strategic nature of this field. The course addresses management of human capital to meet the strategy, mission, and vision of the organization. It promotes the understanding of employees as an investment in the success of an organization as a framework for HRM. This framework also embraces servant leadership and HRM from a Christian faith-based perspective. Students can then concentrate on the practice and implementation of strategic issues through designing programs and policies related to the traditional functional areas, including staffing, training and development, performance management and feedback, compensation, labor relations, employee separation and retention management, and global HRM.

ICM: INTERCULTURAL MISSIONS (on-ground)**ICM 202 Introduction to World Missions (3 credits)**

This course focuses on the nature of Christian outreach and the principles, history, and methodology of worldwide missions.

ICM 310 Theology of Missions (3 credits)

Students examine the theological foundations of mission derived from a study of the history of salvation. This course encompasses a study of the mission given to Israel and to the Church, including some interaction with contemporary theologies of mission. *Prerequisites: ICM 202 Introduction to World Missions and either BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life.*

ICM 330 World Religions (3 credits)

This course includes a survey of major world religions, including Judaism, Christianity, Islam, Hinduism, Buddhism, Confucianism, Taoism, and a variety of primal religions. Attention is given to the nature of religious truth claims and their rational assessment, the challenge of religious pluralism and relativism, and the prospects for fruitful interreligious dialogue.

ICM 342 Urban Cross-Cultural Evangelism (3 credits)

This course focuses on both cultural and communication processes that enable persons from differing backgrounds to interact effectively. Skills and insights learned will be applied to evangelism. *Prerequisite: ICM 202 Introduction to World Missions.*

ICM 406 Contemporary World Issues (3 credits)

This course focuses on the basic theological, anthropological, secular, and practical issues encountered by the mission of the Church in the contemporary setting. *Prerequisites: ICM 202 Introduction to World Missions and junior standing.*

ICM 490 Issues & Trends in Missions (3 credits)

This course focuses on current missiological issues and trends, including church-mission relationships, the ecumenical movement, nationalism, and their significance to the world-wide mission of the Church. Opportunity for individual student research in a particular area of interest is provided. *Prerequisites: ICM 202 Introduction to World Missions and as announced.*

ICM 497 Missions Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: junior standing and permission from the Biblical Studies department chair. Special Considerations: ICM 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.*

ICST: INTERCULTURAL STUDIES (online or overseas)**ICST 300 Introduction to Applied Christian Missions (3 credits)**

Introduction to Applied Christian Missions provides an overview of Christ's "Great Commission" and its practical application. Emphases include biblical foundations, contemporary methods, and current progress. The course also focuses on healthy individual and team dynamics among missionary teams. During this course, students participate in both group and one-on-one mentorship. Mentors focus on personal, spiritual, cultural, relational, and leadership maturity. They help students discern their role in fulfilling the Great Commission and equip them for that role. *Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 310 Intercultural Communication & Engagement, ICST 320 Introduction to Cross-Cultural Living, and ICST 330 Global Studies Practicum. These courses are part of a 75-85 day cultural immersion experience hosted by Café 1040 (www.cafe1040.com), an international missions mentorship ministry, at one of its four bases in Europe, North Africa, Southeast Asia, and South Asia.*

ICST 310 Intercultural Communication & Engagement (3 credits)

Intercultural Communication & Engagement develops transferrable skills for interacting with people of different cultures. The course gives special attention to the process of language acquisition and communication technology. Students spend time both in the classroom learning a local language and in the community practicing their language skills on a daily basis. They also receive hands-on training in communication technology and its applications in an overseas environment. *Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 320 Introduction to Cross-Cultural Living, and ICST 330 Global Studies Practicum. These courses are part of a 75-85 day cultural immersion experience hosted by Café 1040 (www.cafe1040.com), an international missions mentorship ministry, at one of its four bases in Europe, North Africa, Southeast Asia, and South Asia.*

ICST 320 Introduction to Cross-Cultural Living (3 credits)

Introduction to Cross-Cultural Living equips students for being overseas on a short- or long-term basis in a culture vastly different from one's own. It teaches students how to navigate a new community safely and effectively. Students learn in the classroom about

travel security, logistics, travel fitness, and culture shock through dialogues, case studies, video lessons, and practical exercises. They also experience daily life in a new culture for 85 consecutive days. *Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 310 Intercultural Communication & Engagement, and ICST 330 Global Studies Practicum. These courses are part of a 75-85 day cultural immersion experience hosted by Café 1040 (www.cafe1040.com), an international missions mentorship ministry, at one of its four bases in Europe, North Africa, Southeast Asia, and South Asia.*

ICST 330 Global Studies Practicum (3 credits)

Global Studies Practicum introduces students to the history of a local people as a means to understanding their historical context and mindset. Classroom sessions cover the lives of significant figures in the local religion, the history of their holy books, and the rich history of the people and their land. Outside the classroom, students experience the living history of the country by traveling throughout the host nation and interacting with the contemporary culture. Trips include various topographies and people groups, such as metro cities, rural villages, ancient sites, religious centers, and wilderness excursions. *Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 310 Intercultural Communication & Engagement, and ICST 320 Introduction to Cross-Cultural Living. These courses are part of a 75-85 day cultural immersion experience hosted by Café 1040 (www.cafe1040.com), an international missions mentorship ministry, at one of its four bases in Europe, North Africa, Southeast Asia, and South Asia.*

ICST 510 Reading & Redeeming Culture (3 credits)

This course prepares students to apply insights from cultural anthropology, sociology, and theology to understand, adapt, and transform culture. Students demonstrate “cultural ability” by articulating the key elements of a “culture,” analyzing the culture of a given community, and forming ministry strategies appropriate for the cultural context through the conceptual framework of practical theology.

MAP: APPLIED MUSIC (on-ground)

MAP 10_ Beginning Applied Music Class

for Non-Music Majors: [Chosen Instrument] (1 credit)

Students receive group instruction in the basics of their chosen musical instrument. General categories include brass, guitar, keyboard, percussion, strings, voice, woodwinds, and other. No experience is required. *Special Considerations: MAP 10_ is designed for non-music majors. Students majoring in music should enroll in MAP 11_ Beginning Class for Music Majors. The third numeral in the MAP 10_ course number will designate the category of instrument. The student’s specific instrument will be offered as a “section” of the course category. For example, trumpet will be treated as a section of the brass course.*

MAP 112 Beginning Voice Class (1 credit)

Together, MAP 112 Beginning Voice Class and MAP 232 Intermediate Voice Class prepare non-vocal music majors to pass the vocal proficiency examination required for graduation. *Special Consideration: MAP 112 is a 16-week, term-length course.*

MAP 113 Beginning Piano Class I (1 credit)

Together, MAP 113 Beginning Piano Class I, MAP 123 Beginning Piano Class II, MAP 233 Intermediate Piano Class, and MAP 253 Advanced Piano Class prepare music majors to pass the piano proficiency examination required for graduation. *Special Consideration: MAP 113 is a 16-week, term-length course.*

MAP 11_ Beginning Applied Music Class**for Music Majors: [Chosen Instrument] (1 credit)**

Students receive group instruction in the basics of their chosen musical instrument. General categories include brass, guitar, keyboard, percussion, strings, voice, woodwinds, and other. No experience is required. *Special Considerations: MAP 11_ is designed for music majors. Students not majoring in music should enroll in MAP 10_ Beginning Class for Music Majors. The third numeral in the MAP 10_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, clarinet will be treated as a section of the woodwinds course. Special Consideration: MAP 11_ is a 16-week, term-length course.*

MAP 123 Beginning Piano Class II (1 credit)

Together, MAP 113 Beginning Piano Class I, MAP 123 Beginning Piano Class II, MAP 233 Intermediate Piano Class, and MAP 253 Advanced Piano Class prepare music majors to pass the piano proficiency examination required for graduation. *Prerequisite: MAP 113 Beginning Piano Class I.*

MAP 232 Intermediate Voice Class (1 credit)

Together, MAP 112 Beginning Voice Class and MAP 232 Intermediate Voice Class prepare non-vocal music majors to pass the vocal proficiency examination required for graduation. *Prerequisite: MAP 112 Beginning Voice Class.*

MAP 233 Intermediate Piano Class (1 credit)

Together, MAP 113 Beginning Piano Class I, MAP 123 Beginning Piano Class II, MAP 233 Intermediate Piano Class, and MAP 253 Advanced Piano Class prepare music majors to pass the piano proficiency examination required for graduation. *Prerequisite: MAP 123 Beginning Piano Class II. Special Consideration: MAP 233 is a 16-week, term-length course.*

MAP 23_ Intermediate Applied Music Class: [Chosen Instrument] (1 credit)

Students receive group instruction in intermediate techniques for their chosen musical instrument. General categories include brass, guitar, keyboard, percussion, strings, voice, woodwinds, and other. *Prerequisite: Placement or MAP 11_ Beginning Class for Music Majors. Special Considerations: The third numeral in the MAP 23_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, violin will be treated as a section of the strings course.*

MAP 242 Voice Class for Worship Leaders (1 credit)

Students receive group instruction in techniques required to lead worship with emphases on developing good habits for tone production, adapting contemporary techniques without harming the voice, and using microphones and monitors properly. *Prerequisites: Permission from the Fine Arts department chair and successful completion of MAP 11_ Beginning Class for Music Majors: Voice.*

MAP 25_ Advanced Applied Music Class (1 credit)

Students receive group instruction in advanced techniques for their chosen musical instrument. *Prerequisite: Placement or MAP 23_ Intermediate Applied Music Class. Special Considerations: MAP 25_ is a 16-week, term-length course. The third numeral in the MAP 25_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, trombone will be treated as a section of the brass course.*

MAP 253 Advanced Piano Class (1 credit)

Together, MAP 113 Beginning Piano Class I, MAP 123 Beginning Piano Class II, MAP 233 Intermediate Piano Class, and MAP 253 Advanced Piano Class prepare music majors to pass the piano proficiency examination required for graduation. *Prerequisite: MUS 233 Intermediate Piano Class.*

MAP 36_ or 37_ Private Instruction in Applied Music (1-2 credits)

Students receive advanced private instruction in techniques and repertoire for their chosen musical instrument. They must perform 10-12 minutes of music from memory on a jury exam at the end of the term. *Prerequisites: Audition and permission from the Fine Arts department chair. Special Considerations: MAP 36_ or 37_ is a 16-week, term-length course. The second and third numerals in the MAP 36_ or 37_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, oboe will be treated as a section of the woodwinds course.*

MAP 369 Applied Music Technology (1-2 credits)

Students receive private instruction in specific applications of music technology leading to a worship/concert project, publication of a CD, printed format, or a recital performance. *Prerequisites: MUS 316 Music Technology II and permission from the Fine Arts department chair. Special Consideration: MAP 369 is a 16-week, term-length course.*

MAP 388 Junior Recital (1 credit)

Students engage in guided preparation for the presentation of a 30-minute public solo recital. *Prerequisites: Permission from the Fine Arts department chair and eight credits in the applied area (two of which may be concurrent with the term of the Junior Recital). Special Considerations: MAP 388 is a 16-week, term-length course. It is also a Writing Emphasis course.*

MAP 436 Private Conducting Instruction (credits vary)

Students receive advanced private instruction in conducting techniques. *Prerequisites: MUS 311 Conducting and permission from the Fine Arts department chair.*

MAP 46_ or 47_ Advanced Private Instruction (2 credits)

Music majors pursuing the Performance & Pedagogy Specialization receive senior-level private instruction in techniques and repertoire. The student must perform 12-15 minutes

of music from memory on a jury exam at the end of the term. *Prerequisites: Senior standing and permission from the Fine Arts department chair. Special Consideration: MAP 46_ or 47_ is a 16-week, term-length course. The third numeral in the MAP 46_ or 47_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, saxophone will be treated as a section of the woodwinds course.*

MAP 472 Senior Worship Project (2 credits)

This course will cover the aspects of planning and implementation for a worship service. Attention will be given to selection of a unifying theme/idea, enlisting and rehearsing participants, choice of music/materials to be presented, coordination of technical aspects, and logistical considerations. Public presentation of the worship service will represent completion of course requirements. *Prerequisites: Senior standing and permission from the Fine Arts department chair. Special Considerations: MAP 472 is a 16-week, term-length course. The course may be taken one term before the actual worship service or concert is presented. A grade will be assigned following the public presentation. MAP 472 is also a Writing Emphasis course.*

MAP 488 Senior Recital (2 credits)

Students engage in guided preparation for the presentation of a one-hour public solo recital. *Prerequisites: Senior standing, permission from the Fine Arts department chair, successful completion of MAP 388 Junior Recital, and four credits in Advanced Private Instruction (two of which may be concurrent with the term of the Senior Recital). Special Considerations: MAP 488 is a 16-week, term-length course. It is also a Writing Emphasis course.*

MAP 495 Senior Production Project (2 credits)

This course covers the aspects of planning and implementation for a music production. Attention is given to choosing and implementing appropriate technology, sound and video design, and collaborating with the performer(s). Public presentation of the production project through a live or recorded project will represent completion of course requirements. *Prerequisites: Senior standing and permission from the Fine Arts department chair. Special Considerations: MAP 495 is a 16-week, term-length course. It is also a Writing Emphasis course.*

MATH: MATHEMATICS (online)

MATH 111 Elementary Algebra (3 credits)

This foundational course develops skills such as performing basic operations on real numbers; simplifying algebraic expressions; solving linear equations in one variable; solving algebraic formulas; using scientific notation; and solving application problems involving proportions, percentages, and ratios. *Prerequisite: An appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher-level mathematics course. MATH 111 does not meet the General Education Core math requirement, but may be used as a General Elective. The course is designed to prepare students for MATH 113 Intermediate Algebra, MATH 115 Quantitative Reasoning, and MATH 117 Introductory Statistics.*

MATH 113 Intermediate Algebra (3 credits)

Building on MATH 111 Elementary Algebra, this course develops many types of intermediate skills. Examples include solving and graphing linear equations in one and two variables, solving word problems using geometric formulas, solving problems through the use of a coordinate plane, solving quadratic and basic cubic equations by factoring, using polynomials, and performing operations on complex numbers. *Prerequisite: Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher-level mathematics course. MATH 113 does not meet the General Education Core math requirement, but may be used as a General Elective. The course is designed to prepare students for MATH 120 College Algebra.*

MATH 115 Quantitative Reasoning (3 credits)

This course develops practical skills necessary to process and communicate quantitative information found in daily life. Examples include probability, statistics, proportional reasoning, modeling data, financial mathematics, problem solving, and voting methods. *Prerequisite: Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. Special Considerations: MATH 115 satisfies the General Education Core math requirement for degree programs that do not require MATH 117 Introductory Statistics, MATH 120 College Algebra, MTH 191 Pre-Calculus, or MTH 210 Calculus I.*

MATH 117 Introductory Statistics (3 credits)

Introductory Statistics is a first course in statistics for students whose college and career paths require knowledge of the fundamentals of the collection, analysis and interpretation of data. Topics include the presentation and interpretation of univariate data using graphical and numerical methods, probability, discrete and continuous probability distributions, linear regression, an understanding of good practice in study design, statistical inference, confidence intervals, and hypothesis testing. The course emphasizes the development of statistical thinking. *Prerequisite: Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher-level mathematics course. MATH 117 satisfies the General Education Core math requirement for degree programs that do not require MATH 120 College Algebra.*

MATH 120 College Algebra (3 credits)

Building on MATH 113 Intermediate Algebra, this course develops algebraic skills such as solving equations; graphing and analyzing a variety of functions, including linear, quadratic, rational, exponential, and logarithmic; and solving systems of linear, three-variable, and non-linear equations. The course also includes an introduction to matrices, including identifying parts, performing operations, and solving polynomial and rational inequalities. *Prerequisite: Minimum final grade of 70% in MATH 113 Intermediate Algebra or equivalent, or appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher-level mathematics course. MATH 120 satisfies the General Education Core math requirement unless MTH 191 Pre-Calculus or MTH 210 Calculus I are required.*

MATH 302 Statistics (3 credits)

This course focuses on more algebraic and deeper research methodologies, statistical analyses, and the appropriate use of statistical methods, with primary emphasis on the ability to read and understand research. *Prerequisite: MATH 115 Quantitative Reasoning, MATH 117 Introductory Statistics, or MATH 120 College Algebra (recommended).*

MEDC: MEDICAL CODING (online)**MEDC 200 Introduction to Medical Coding & Billing (3 credits)**

This course introduces fundamentals of medical coding classifications and nomenclature. It includes an overview of diseases and procedures, basic coding rules, insurance claim processes, and correct billing and reimbursement practices.

MEDC 205 ICD Medical Coding & Billing (3 credits)

This course introduces students to medical coding classifications and nomenclature with a focus on International Classification of Diseases (ICD) coding. Topics include basic coding rules and an overview of diseases and procedures.

MEDC 210 Insurance Claim Procedures (3 credits)

This course offers an in-depth review of insurance documents, procedures for processing claims, procedures for handling rejections and denials of claims, billing and collection procedures, ethical standards, and reimbursement cash flow.

MEDC 220 CPT Medical Coding & Billing (3 credits)

This course focuses on medical coding for procedures using Current Procedural Terminology (CPT) nomenclature. Students also begin exploring the relationship of coding to correct reimbursement.

MEDC 225 Hospital Coding & Billing (3 credits)

This course provides experience in inpatient hospital coding and procedures. Using the most current coding system, students analyze and assign correct coding related to inpatient facility dynamics.

MEDI: MEDICAL (online)**MEDI 200 Medical Terminology (3 credits)**

This course introduces students to medical terminology essential to healthcare professions. Its learning strategy focuses on common medical prefixes and suffixes, which help students break down, understand, and use complex medical terminology. *Prerequisite: NSCI 214 Human Anatomy & Physiology for Health Professionals.*

MEDI 220 Medical Legal & Ethical Topics (3 credits)

Students explore legal and ethical implications of medical assisting from a Christian worldview, including issues related to interaction with families, physicians, and legal documentation. The course gives attention to federal laws and regulations, such as the Health Insurance Portability and Accountability Act (HIPAA). *Special Consideration: MEDI 220 is a Writing Emphasis course.*

MEDM: MEDICAL MANAGEMENT (online)**MEDM 210 Medical Systems & Procedures (3 credits)**

This course offers an in-depth review of medical systems and procedures within the medical assistant's scope of practice. It includes front office operations, patient intake, infection control procedures, basic lab tests, and other aspects of medical office operations. Students work with electronic medical record systems in a virtual format to acclimate to technology currently used in healthcare.

MEDM 220 Medical Systems & Records Management (3 credits)

This course offers an in-depth review of medical systems and procedures within the context of medical practice management. Topics include front office operations, electronic medical records (EMRs), and other technologies that assist the function of the practice. Students work with electronic medical record systems in a virtual format to acclimate to technology currently used in healthcare.

MEDM 250 Leadership & Management for Medical Professionals (3 credits)

This course focuses on leadership principles from business and medicine, using case studies to prepare the graduate for complex issues found in the medical office settings. Topics include scheduling, personnel management, conflict resolution, crisis management, and leadership strategies. The course also gives attention to federal laws and regulations, such as the Health Insurance Portability and Accountability Act (HIPAA). Students explore legal and ethical issues from a Christian worldview, including issues related to interaction with families, physicians, and legal documentation.

MEDM 298 Clinical Externship in Medical Assisting (4 credits)

In this capstone experience for the A.S. in Medical Assisting, students validate clinical skills in a hospital or agency environment under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified medical assistant holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and approved by Point's Health Services department chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed. The externship must involve a minimum 64 hours of supervised clinical training. *Prerequisites: All other courses in the AS-MOA professional component—namely, NSCI 214, MEDI 200, MEDC 200, MEDM 210, and MEDI 220.*

MEDM 299 Clinical Externship in Medical Office Management (4 credits)

In this capstone experience for the A.S. in Medical Office Management, students validate clinical skills in a hospital or office environment under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified medical office manager holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and approved by Point's Health Services department chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed. Students must complete a minimum 160 clinical hours to qualify for certification. *Prerequisites: All other courses in the AS-MOM professional component—namely, NSCI 214, MEDI 200, MEDC 210, MEDM 250, and MEDM 220.*

MEN: MUSIC ENSEMBLES (on-ground)**MEN 201 Concert Choir (1 credit)**

Students participate in a mixed choir demonstrating advanced choral tone and interpretation of repertoire. *Prerequisite: Open by audition to all non-music and music majors. Special Consideration: MEN 201 is a 16-week, term-length course.*

MEN 202 Concert Band (1 credit)

Students engage in study and performance of concert band and wind ensemble literature. *Prerequisite: Open by audition to all non-music and music majors. Special Consideration: MEN 202 is a 16-week, term-length course.*

MEN 203 Honors Ensemble (1 credit)

Students participate in a specific ensemble chosen on the basis of talent and service to community and institution. *Prerequisite: Approval from the Fine Arts department chair. Special Consideration: MEN 203 is a 16-week, term-length course.*

MEN 207 Guitar Ensemble (1 credit)

Students participate in an auditioned ensemble for 5-10 guitarists. A variety of repertoire will be performed. *Prerequisite: Open by audition to all non-music and music majors. Special Consideration: MEN 207 is a 16-week, term-length course.*

MEN 212 Marching Band (1 credit)

Students participate in an athletic band during the fall term. A mixture of competitive and entertainment-style music and marching will be performed. Students are required to attend a preseason camp, which is typically held in early August, and attend all performances as determined by the director of bands. Scholarships are offered to all participants and no audition is required. *Special Consideration: MEN 212 is a 16-week, term-length course.*

MGI: MIDDLE GRADES INSTRUCTION (on-ground)**MGI 300 Adolescent Literature (3 credits)**

Prospective teachers study literature appropriate for adolescents, with emphasis on selection of materials and techniques for creating interest and enjoyment through presentation. *Prerequisite: Admission to the Teacher Education Program (TEP). Corequisites: All other Block 1 TEP courses or permission from the Teacher Education department chair.*

MGI 302 Reading Skills (3 credits)

This course focuses on dynamics of the reading process and major issues in reading instruction for middle grades classrooms. *Prerequisite: Admission to the Teacher Education Program (TEP). Corequisites: All other Block 1 TEP courses or permission from the Teacher Education department chair.*

MGI 305 Mathematics for Middle Grades (3 credits)

This course deals with the concepts and materials which are appropriate for the cognitive development of the middle grades learner, with a portion of the course devoted to mathematics principles. *Prerequisite: Admission to the Teacher Education Program (TEP). Corequisites: All other Block 1 TEP courses or permission from the Teacher Education department chair.*

MGI 321 Social Studies for Middle Grades (3 credits)

This course focuses on concepts and skills taught and developed in the social studies curriculum in the middle grades, with emphasis on integrating social studies units with other subject-matter areas. *Prerequisites: Admission to the Teacher Education Program (TEP) and all Block 1 TEP courses. Corequisites: All other Block 2 TEP courses or permission from the Teacher Education department chair.*

MGI 330 Language Arts for Middle Grades (3 credits)

This course focuses on curriculum and methods for developing linguistic and communicative competence in language arts classes in the middle school. *Prerequisite: Admission to the Teacher Education Program (TEP). Prerequisite: Admission to the Teacher Education Program (TEP). Corequisites: All other Block 1 TEP courses or permission from the Teacher Education department chair.*

MGI 391 Block 1 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 1 education courses or one area of concentration. *Special Consideration: MGI 391 is a 16-week, term-length course.*

MGI 392 Block 2 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 2 education courses or one area of concentration. *Special Consideration: MGI 392 is a 16-week, term-length course.*

MGI 421 Science for Middle Grades Childhood (3 credits)

This course focuses on the selection and organization of content and materials for instruction, the application of scientific principles and laws of learning to science instruction, and the identification of goals in science instruction in the middle grades, with an emphasis on a discovery approach to learning. *Prerequisites: Admission to the Teacher Education Program (TEP) and all Block 1 TEP courses. Corequisites: All other Block 2 TEP courses or permission from the Teacher Education department chair.*

MGI 493 Block 3 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 3 education courses. *Special Consideration: MGI 493 is a 16-week, term-length course.*

MGI 497 Teaching Practicum: Student Teaching (12 credits)

Observation, participation, and directed teaching in an approved school setting will be carried out under the supervision of a selected supervising middle grades teacher and University personnel. A seminar with the university supervisor is scheduled throughout the term of the student teaching experience. Assessment will focus on preparation and teaching procedures. *Prerequisites: Completion of all other Teacher Education Program (TEP) courses and passing scores in two of the five the GACE examinations (Georgia Assessments for Certification of Educators) for Middle Grades. Special Consideration: MGI 497 is a 16-week, term-length course.*

MIN: MINISTRY (on-ground)**MIN 103 Ministry Practicum I (3 credits)**

Applied Ministry students engage in an introductory mentored ministry experience under the supervision of a Point instructor and qualified field supervisor.

MIN 104 Ministry Practicum II (3 credits)

In this continuation of MIN 103, Applied Ministry students engage in a mentored ministry experience under the supervision of a Point instructor and qualified field supervisor.

Prerequisite: MIN 103 Ministry Practicum I.

MIN 202 Educational Ministries (3 credits)

This survey course includes the history of Christian education and its purposes, principles, and practice in the local church. *Prerequisites: BBS 102 The Drama of Scripture and PSY 103 Introduction to Psychology.*

MIN 204 Ministry Practicum III (3 credits)

In this continuation of MIN 103-104, Applied Ministry students engage in a mentored ministry experience under the supervision of a Point instructor and qualified field supervisor. *Prerequisite: MIN 104 Ministry Practicum II.*

MIN 205 Ministry Practicum IV (3 credits)

In this continuation of MIN 103-104 and 204, Applied Ministry students engage in a mentored ministry experience under the supervision of a Point instructor and qualified field supervisor. *Prerequisite: MIN 204 Ministry Practicum III.*

MIN 313 The Practice of Christian Ministry (3 credits)

This course provides an introduction to the theological and theoretical foundations of ministry from historical and practical perspectives. *Prerequisites: BBS 102 The Drama of Scripture and sophomore standing. Special Consideration: MIN 313 is a Writing Emphasis course.*

MIN 317/CHS 317 Pastoral Counseling (3 credits)

This course focuses on counseling principles and techniques within the context of ministerial functions. *Prerequisite: MIN 313 The Practice of Christian Ministry or CHS 211 Introduction to Counseling.*

MIN 323 Small Group Ministry (3 credits)

This course includes a survey of biblical foundations, theory, and practice for small groups in congregations. The course will introduce the design, structure, administration, and ongoing evaluation of a healthy small group system. *Prerequisite: MIN 202 Educational Ministries.*

MIN 340 Christian Spiritual Formation (3 credits)

This course explores the process of being formed through historic Christian practices by identifying how God uses Scripture, people, contexts, literature, disciplines and events to transform believers through the work of the Holy Spirit. The course will also introduce principles of congregational formation. *Prerequisite: MIN 313 The Practice of Christian Ministry or permission from the Christian Ministries department chair.*

MIN 342 Introduction to Urban Ministry (3 credits)

This course explores the history of the church's relationship to the city, the role of reflection in urban mission, the importance of narrative in evangelism, relations with the poor, and community-based approaches to ministry. *Prerequisite: MIN 313 The Practice of Christian Ministry or permission from the Christian Ministries department chair.*

MIN 400 Administration & Leadership in Ministry (3 credits)

This course focuses on the functioning church and church leadership, examining organization and administration, planning, programming and ministry in the local congregation. *Prerequisite: Either MIN 313 The Practice of Christian Ministry and junior standing, or permission from the Christian Ministries department chair.*

MIN 464 Healthy Congregations (3 credits)

This course introduces the theory and practice of healthy congregational life with a focus on characteristics of healthy growing churches, cultural contexts of American culture, and leadership processes. The course will introduce congregational and personal evangelism, developing congregational identity, congregational size, systems theory, team-building, and strategic planning within the frameworks of church growth and missional models. *Prerequisite: MIN 313 The Practice of Christian Ministry and senior standing.*

MIN 495 Leadership Colloquium (2 credits)

This course includes an overview of the art of leadership, including management skills and facilitative helping skills adapted to a Christian context. Such issues as leadership styles, staffing, supervision, and personnel will be discussed, with attention given to application of concepts. *Prerequisite: MIN 400 Administration & Leadership in Ministry.*

MIN 497 Christian Ministry Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisites: Junior or senior standing and permission from the Christian Ministries department chair. Special Consideration: MIN 497 is graded on a pass/fail basis using a point scale.*

MINI: MINISTRY (online)**MINI 105A Columbus Ministry Practicum 1A (1.5 credits)**

Students engage in an introductory mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in the Prison Epistles.

MINI 105B Columbus Ministry Practicum 1B (1.5 credits)

Students engage in an introductory mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Evangelism.

MINI 105C Columbus Ministry Practicum 1C (1.5 credits)

Students engage in an introductory mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus,

Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Relationships and Ethics in Ministry. Concurrent with this part of the practicum, the North Highland Church offers a “practicum plus” experience in the form of additional training in Assembly of God History and Polity for students who desire credentialing as a Certified Minister in Assemblies of God churches.

MINI 105D Columbus Ministry Practicum 1D (1.5 credits)

Students engage in an introductory mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week. Concurrent with this part of the practicum, the North Highland Church offers a “practicum plus” experience in the form of additional training in Pentecostal Doctrine for students who desire credentialing as a Certified Minister in Assemblies of God churches.

MINI 205A Columbus Ministry Practicum 2A (1.5 credits)

Students engage in an advanced mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Missions. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D.*

MINI 205B Columbus Ministry Practicum 2B (1.5 credits)

Students engage in an advanced mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Eschatology and Systematic Theology. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D.*

MINI 205C Columbus Ministry Practicum 2C (1.5 credits)

Students engage in an advanced mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Romans. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D.*

MINI 205D Columbus Ministry Practicum 2D (1.5 credits)

Students engage in an advanced mentored ministry experience under the supervision of a Point instructor assisted by pastoral staff at North Highland Church in Columbus, Georgia. The practicum includes 10 hours of service in church ministries each week, along with studies in Effective Leadership and Conflict Management. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D.*

MINI 207 Practical Ministries (3 credits)

This course explores foundational ministry issues from a Christian, socio-cultural perspective. It seeks to equip spiritually whole and practically skilled ministers of the Gospel who are prepared to build up the Church in a rapidly changing world. The study provides opportunities for students to cultivate theory and practice of ministry in the multicultural American society, as well as the Church around the world.

MINI 213 The Practice of Christian Ministry (3 credits)

This course introduces theological and theoretical foundations of Christian ministry from historical, cultural, and practical perspectives—including principles of servant leadership.

MINI 235 Administration & Leadership in Ministry (3 credits)

This course focuses on the functioning church and church leadership, with emphasis on organization and administration, planning, programming, and ministry in the local context.

MINI 305A Columbus Ministry Practicum 3A (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D.*

MINI 305B Columbus Ministry Practicum 3B (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D.*

MINI 305C Columbus Ministry Practicum 3C (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D.*

MINI 305D Columbus Ministry Practicum 3D (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D.*

MINI 390 Special Topics in Ministry (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Ministry. *Special Considerations: Requires approval by the Christian Ministries department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

MINI 405A Columbus Ministry Practicum 4A-D (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The

residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D, MINI 305A-D Columbus Ministry Practicum 3A-D.*

MINI 405B Columbus Ministry Practicum 4A-D (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D, MINI 305A-D Columbus Ministry Practicum 3A-D.*

MINI 405C Columbus Ministry Practicum 4A-D (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D, MINI 305A-D Columbus Ministry Practicum 3A-D.*

MINI 405D Columbus Ministry Practicum 4A-D (1.5 credits)

Students engage in an advanced ministry residency under the supervision of a Point instructor and the pastoral staff at North Highland Church in Columbus, Georgia. The residency includes 10 hours of service in church ministries each week, along with team leadership, project management, and the development of a personal philosophy of ministry. *Prerequisites: MINI 105A-D Columbus Ministry Practicum 1A-D, MINI 205A-D Columbus Ministry Practicum 2A-D, MINI 305A-D Columbus Ministry Practicum 3A-D.*

MINI 411 Accounting & Finance for the Church (3 credits)

This course focuses on foundational accounting and financial principles necessary for church leadership.

MINI 417 Pastoral Care (3 credits)

This course focuses on principles and techniques of counseling and pastoral care within the context of the ministerial functions.

MINI 500 Graduate Ministry Orientation (0 credits)

In this online orientation, students are introduced to the courses in the Master of Transformative Ministry program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.T.M. students.

MINI 510 Contemporary Models for Holistic Ministry (3 credits)

This course addresses the importance of holistic ministry and social action from a global, decolonized theological perspective. Students research and evaluate missional churches and organizations in order to construct a biblical and theological approach to issues such as poverty, public health, relief, and community development.

MINI 520 Church Administration (3 credits)

This course develops advanced management skills for church-based ministry. Emphases include board development, leadership development for staff and volunteers, succession planning, budget development and monitoring, and professional ethics. Students research “best-practices” for managing real-world crises in congregational ministry.

MINI 530 Applied Family Systems Theory & Discipleship (3 credits)

This course focuses on principles of relationship building for leaders in light of sound psychological theories and common psychopathologies. Attention is given to family systems and church family systems, conflict resolution, basic counseling and referral skills, and interfacing with social structures and services relevant in the current ministry culture.

MINI 591 Mentored Practicum (3 credits)

As a capstone for the Master of Transformative Ministry program, students choose either MINI 591 Mentored Practicum, MINI 592 Supervised Project, or MINI 593 Research Project. In MINI 591 students plan and complete a mentored practicum in a church or Kingdom-oriented organization. The practicum should provide opportunities for demonstrating mastery of the over-arching ministry principles of the MTM degree. *Prerequisites: All other courses required for the Master of Transformative Ministry degree.*

MINI 592 Supervised Project (3 credits)

As a capstone for the Master of Transformative Ministry program, students choose either MINI 591 Mentored Practicum, MINI 592 Supervised Project, or MINI 593 Research Project. In MINI 592 students plan and conduct a supervised ministry project. The project should demonstrate mastery of the over-arching ministry principles of the MTM degree. *Prerequisites: All other courses required for the Master of Transformative Ministry degree.*

MINI 593 Research Project (3 credits)

As a capstone for the Master of Transformative Ministry program, students choose either MINI 591 Mentored Practicum, MINI 592 Supervised Project, or MINI 593 Research Project. In MINI 593 students propose an area of supervised research in an area germane to the over-arching ministry principles of the MTM degree. *Prerequisites: All other courses required for the Master of Transformative Ministry degree.*

MSEV: MISSIONS & EVANGELISM (online)**MSEV 302 Church Growth & Evangelism (3 credits)**

This course introduces theological and philosophical principles of church growth as applied to both homogeneous and multiethnic churches.

MTH: MATHEMATICS (on-ground)**MTH 111 Elementary Algebra (3 credits)**

This foundational course develops skills such as performing basic operations on real numbers; simplifying algebraic expressions; solving linear equations in one variable; solving algebraic formulas; using scientific notation; and solving application problems involving proportions, percentages, and ratios. *Prerequisite: An appropriate math*

placement score. *Special Considerations:* Not open to students who have successfully completed a higher-level mathematics course. MATH 111 does not meet the General Education Core math requirement, but may be used as a General Elective. The course is designed to prepare students for MATH 113 Intermediate Algebra, MATH 115 Quantitative Reasoning, and MATH 117 Introductory Statistics.

MTH 113 Intermediate Algebra (3 credits)

Building on MATH 111 Elementary Algebra, this course develops many types of intermediate skills. Examples include solving and graphing linear equations in one and two variables, solving word problems using geometric formulas, solving problems through the use of a coordinate plane, solving quadratic and basic cubic equations by factoring, using polynomials, and performing operations on complex numbers. *Prerequisite:* Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. *Special Considerations:* Not open to students who have successfully completed a higher-level mathematics course. MATH 113 does not meet the General Education Core math requirement, but may be used as a General Elective. The course is designed to prepare students for MATH 120 College Algebra.

MTH 115 Quantitative Reasoning (3 credits)

This course develops practical skills necessary to process and communicate quantitative information found in daily life. Examples include probability, statistics, proportional reasoning, modeling data, financial mathematics, problem solving, and voting methods. *Prerequisite:* Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. *Special Considerations:* MATH 115 satisfies the General Education Core math requirement for degree programs that do not require MATH 117 Introductory Statistics, MATH 120 College Algebra, MTH 191 Pre-Calculus, or MTH 210 Calculus I.

MTH 117 Introductory Statistics (3 credits)

Introductory Statistics is a first course in statistics for students whose college and career paths require knowledge of the fundamentals of the collection, analysis and interpretation of data. Topics include the presentation and interpretation of univariate data using graphical and numerical methods, probability, discrete and continuous probability distributions, linear regression, an understanding of good practice in study design, statistical inference, confidence intervals, and hypothesis testing. The course emphasizes the development of statistical thinking. *Prerequisite:* Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent, or appropriate math placement score. *Special Considerations:* Not open to students who have successfully completed a higher-level mathematics course. MATH 117 satisfies the General Education Core math requirement for degree programs that do not require MATH 120 College Algebra.

MTH 120 College Algebra (3 credits)

Building on MATH 113 Intermediate Algebra, this course develops algebraic skills such as solving equations; graphing and analyzing a variety of functions, including linear, quadratic, rational, exponential, and logarithmic; and solving systems of linear, three-variable, and non-linear equations. The course also includes an introduction to matrices, including identifying parts, performing operations, and solving polynomial and rational inequalities. *Prerequisite:* Minimum final grade of 70% in MATH 113 Intermediate Algebra or equivalent, or appropriate math placement score. *Special Considerations:*

Not open to students who have successfully completed a higher-level mathematics course. MATH 120 satisfies the General Education Core math requirement unless MTH 191 Pre-Calculus or MTH 210 Calculus I are required.

MTH 191 Pre-Calculus (3 credits)

This is a calculus preparatory course where the focus is identifying and expanding sequences and series, right-triangle trigonometry, graphing of trigonometric functions, using trigonometric identities in proofs and computations, and analyzing conics. Emphasis is placed on the aspects of these topics that are foundational for calculus, including end behavior and rates of change. *Prerequisite: An appropriate Math placement score or MTH 120 College Algebra with a grade of "C" or better.*

MTH 202 Basic Statistics (3 credits)

This algebra-based course is an introduction to descriptive statistics, random sampling, design of experiments, probability, and the Central Limit Theorem. Inferential statistics topics include the foundational concepts for confidence intervals and hypothesis testing for simple experiments. *Prerequisite: An appropriate Math placement score or MTH 120 College Algebra or MTH 191 Pre-Calculus with a grade of "C" or better.*

MTH 210 Calculus I (3 credits)

This first course in differential and integral calculus stresses limits as well as the applications of calculus to the problems of science. This course is accompanied by a 1-hour weekly lab. Lab use is determined by the instructor but is usually the place for homework questions, practical practice, quizzes, and tests. *Prerequisite: An appropriate Math placement score or MTH 191 Pre-Calculus with a grade of "C" or better.*

MTH 212 Calculus II (3 credits)

This course is a continuation of differential and integral calculus including methods of integration, sequences and series, and an introduction to partial derivatives. It is accompanied by a 1-hour weekly lab. Lab use is determined by the instructor but is usually the place for homework questions, practical practice, quizzes, and tests. *Prerequisite: An appropriate Math placement score or MTH 210 Calculus I with a grade of "C" or better.*

MUS: MUSIC (on-ground)**MUS 102 Music Appreciation (3 credits)**

This course includes a survey of various styles and forms of music, including non-western, popular, and art music. Emphasis is placed on the coordinated training of the ear, eye, memory, and mind for participatory listening.

MUS 103 Music Theory I (3 credits)

This course focuses on contemporary and traditional theory applicable to the 21st century musician including diatonic triads, added 2nds, sus chords, phrase structure, and melodic analysis. *Prerequisite: Successful entry into the Music Program. Corequisite: MUS 103L Functional Theory Skills I. Special Consideration: MUS 103 is a 16-week, term-length course.*

MUS 103L Functional Theory Skills I (1 credit)

Students make practical application of concepts studied in MUS 103, including ear training, sight singing, improvisation and guitar/keyboard harmony. *Corequisite: MUS 103 Music Theory I. Special Consideration: MUS 103L is a 16-week, term-length course.*

MUS 104 Music Theory II (3 credits)

This course focuses on contemporary and traditional theory applicable to the 21st century musician with emphasis on the use of substitute chords, non-harmonic tones, 4-part chord progressions, and modulations. *Prerequisite: MUS 103 Music Theory I or satisfactory placement test score. Corequisite: MUS 104L Functional Theory Skills II. Special Consideration: MUS 104 is a 16-week, term-length course.*

MUS 104L Functional Theory Skills II (1 credit)

Students make practical application of concepts studied in MUS 104 Music Theory II. *Prerequisite: MUS 103L Functional Theory Skills I. Corequisite: MUS 104 Music Theory II. Special Consideration: MUS 104L is a 16-week, term-length course.*

MUS 112 Survey of Music (3 credits)

This course focuses on the development of music literature throughout history. Students examine the music, composers, political climate, and culture of artistic eras from Renaissance to Contemporary. *Prerequisite: Enrollment in the Music Major or Music Minor, or permission from the Fine Arts department chair.*

MUS 205 Music Theory III (3 credits)

This course focuses on contemporary and traditional theory applicable to the 21st century musician with emphasis on upper triad structures, pentatonic scale, blues scales, and harmonies. *Prerequisite: MUS 104 Music Theory II or satisfactory placement test score. Corequisite: MUS 205L Functional Theory Skills III. Special Consideration: MUS 205 is a 16-week, term-length course.*

MUS 205L Functional Theory Skills III (1 credit)

Students make practical application of concepts studied in MUS 205 Music Theory III. *Prerequisite: MUS 104L Functional Theory Skills II. Corequisite: MUS 205 Music Theory III. Special Consideration: MUS 205L is a 16-week, term-length course.*

MUS 206 Music Theory IV (3 credits)

This course focuses on contemporary and traditional theory applicable to the 21st century musician with emphasis on modes and the application of the Nashville Numbering System. Final projects will include a synthesis of all four courses in the music theory sequence. *Prerequisite: MUS 205 Music Theory III or satisfactory placement test score. Corequisite: MUS 206L Functional Theory Skills IV. Special Consideration: MUS 206 is a 16-week, term-length course.*

MUS 206L Functional Theory Skills IV (1 credit)

Students make practical application of concepts studied in MUS 206 Music Theory IV. *Prerequisite: MUS 205L Functional Theory Skills III. Corequisite: MUS 206 Music Theory IV. Special Consideration: MUS 206L is a 16-week, term-length course.*

MUS 295 Christian Songwriting (2 credits)

This course covers the essential elements of song writing, publishing, and basic business principles which accompany performance ministry. Special attention will be given to crafting lyrics and appropriate melodies. Copyright considerations will be included. *Prerequisite: Permission from the Fine Arts department chair.*

MUS 301 Music History I (3 credits)

This course focuses on the history of Western art music from the time of the Greeks to the early Classical period with an emphasis on the cultivation of listening skills. *Prerequisite: MUS 112 Survey of Music.*

MUS 302 Music History II (3 credits)

This course focuses on the history of Western art music from the Classical period through the present day with an emphasis on listening to representative repertoire. *Prerequisite: MUS 301 Music History I.*

MUS 311 Conducting (2 credits)

This course provides an introduction to basic conducting patterns, use of baton, score preparation, and rehearsal procedures. *Prerequisites: MUS 112 Survey of Music.*

MUS 315 Music Technology I (3 credits)

This course covers basic instruction in music technology applications. Specific attention will be given to sound re-enforcement.

MUS 316 Music Technology II (3 credits)

This continuation of MUS 315 covers advanced applications of music sequencing, Finale and Sibelius notation systems, digital voice recording, and additional applications of computers and digital keyboards. *Prerequisite: MUS 315 Music Technology I.*

MUS 322 Music Methods for Children (3 credits)

This course includes a survey of materials and techniques for using music to teach children.

MUS 325/BUS 325 Survey of Music Business (3 credits)

This course provides an overview of the music industry including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities.

MUS 330 Brass Skills (1)

This course covers techniques for teaching brass skills to beginners. Students will learn concepts of tone production, fingerings, transpositions, and basic history for each brass instrument.

MUS 335 Worship (3 credits)

This course covers principles of worship from Scripture and their application in current worship styles.

MUS 338 Congregational Music (3 credits)

This course provides a survey of the development of congregational song and the use of various styles of congregational music in the worship and evangelism of a congregation. *Prerequisite: MUS 102 Music Appreciation.*

MUS 341 Keyboard Skills (2 credits)

This course focuses on practical aspects of keyboard music for accompanying solos and choirs, and playing for services.

MUS 412 Philosophy of Music (3 credits)

This course surveys the place and function of music in culture. Attention will be given to music as communication, art, entertainment, and worship. Students explore theological

and functional aspects of music in western and non-western cultures. *Corequisite: MUS 302 Music History II. Special Consideration: MUS 412 is a Writing Emphasis course.*

MUS 426 Music Ministry Administration (3 credits)

This course focuses on the philosophy and programming of the music program of a congregation. *Prerequisite: MUS 112 Survey of Music.*

MUS 431 Advanced Conducting (2 credits)

This course covers advanced techniques of instrumental and choral conducting. *Prerequisite: MUS 311 Conducting.*

MUS 432 Choral Techniques (2 credits)

This course focuses on techniques for rehearsing a choir and developing a unified, expressive choral tone. *Prerequisite: MUS 311 Conducting.*

MUS 434 Survey of Choral Literature (2 credits)

This course includes study of the music literature for choral groups. *Prerequisite: MUS 302 Music History II.*

MUS 441 Piano Literature (2 credits)

This course surveys the music literature for piano. *Prerequisite: MUS 302 Music History II.*

MUS 443 Vocal Literature (2 credits)

This course surveys the music literature for voice. *Prerequisite: MUS 302 Music History II.*

MUS 446 Music Pedagogy (3 credits)

This course focuses on methods and materials for teaching applied music. A special project is required for students who are declared applied majors. *Prerequisite: Junior standing in applied study.*

MUS 448 Vocal Pedagogy (2 credits)

This course focuses on methods and materials for teaching voice. *Prerequisite: Advanced private voice lessons.*

MUS 451 Arranging (2 credits)

This advanced theory course emphasizes techniques of vocal, choral, and instrumental arranging. *Prerequisite: MUS 206 Music Theory IV.*

MUS 453 Orchestration (2 credits)

This advanced theory course emphasizes techniques of orchestration. *Prerequisite: MUS 206 Music Theory IV.*

MUS 480 Form & Analysis (3 credits)

This course focuses on structural components of music from small forms to compound forms. *Prerequisite: MUS 206 Music Theory IV.*

MUS 490 Music Theory V (3)

This course focuses on an advanced topic of music. *Prerequisites: As announced.*

MUS 493 Music Production Internship (credits vary)

Students make practical application of principles and techniques learned in the classroom in an approved and supervised setting. *Prerequisite: Permission from the Fine Arts*

department chair. Special Consideration: MUS 493 is graded on a pass/fail basis using a point scale.

MUS 495 Worship Internship (credits vary)

Students make practical application of principles and techniques learned in the classroom in a supervised church or other approved situation. *Prerequisite: Permission from the Fine Arts department chair. Special Consideration: MUS 495 is graded on a pass/fail basis using a point scale.*

MUS 497 Music Internship (credits vary)

Students make practical application of principles and techniques learned in the classroom in a supervised church, school, or other approved situation. *Prerequisite: Permission from the Fine Arts department chair. Special Consideration: MUS 497 is graded on a pass/fail basis using a point scale. Special Consideration: MUS 497 is a 16-week, term-length course.*

MUSI: MUSIC (online)**MUSI 102 Music Appreciation (3 credits)**

Students survey various styles and forms of music, including non-western, popular, and art music. Emphasis is placed on the coordinated training of the ear, eye, memory, and mind for participatory listening.

MUSI 415 Worship Leadership (3 credits)

This course introduces principles of worship from Scripture and their application in current worship styles.

NSC: NATURAL SCIENCES (on-ground)**NSC 101 Survey of Biology (3 credits)**

This course focuses on fundamental principles of modern biology. It begins with the basic chemistry of life, moves to the cell as the basic unit of life, then to tissues and an overview of human organ systems. DNA replication, protein synthesis, and Mendelian genetics are covered in the study of heredity. *Special Consideration: This course will not satisfy the Natural Science requirement in the General Education Core for majors in Biology, Exercise Science, Elementary Education, Middle Grades Education, Secondary Education with Biology Concentration, and Special Education, which specify NSC 103 Biology I.*

NSC 101L Survey of Biology Lab (1 credit)

This laboratory course will complement the NSC 101 Survey of Biology lecture course and provide an opportunity to reinforce concepts learned in class through observation and experimentation. *Corequisite: NSC 101 Survey of Biology. Special Consideration: See the course description for NSC 101 regarding majors which cannot use this course to satisfy the Natural Science Lab course requirement in the Core Curriculum.*

NSC 103 Biology I (3 credits)

This course presents the essential concepts and principles of modern biology. Topics include the basic chemistry of life, the cell as the basic unit of life (cell structure, function, metabolism, and cell division), and the fundamentals of molecular biology and genetics.

NSC 103L Biology I Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of the biology in NSC 103. *Corequisite: NSC 103 Biology I.*

NSC 104 Biology II (3 credits)

Building on NSC 103 Biology I, this course continues the study of essential concepts and fundamental principles of modern biology with a focus on the animal kingdom, comparative animal biology, the plant kingdom, and topics in ecology. *Prerequisite: NSC 103 Biology I.*

NSC 104L Biology II Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of biology in NSC 104. *Corequisite: NSC 104 Biology II.*

NSC 106 Environmental Science (3 credits)

This course provides an introduction to the study of the human environment. Topics include general ecology, resources, pollution, aspects of health, economics, and law as related to environmental science.

NSC 106L Environmental Science Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of environmental science in NSC 106. *Corequisite: NSC 106 Environmental Science.*

NSC 110 Physical Science (3 credits)

This course is a study for non-science majors of selected topics from general physics and general chemistry. A knowledge of the physical sciences can help one become more informed in an increasingly science- and technology-based society. The course will focus on everyday phenomena in this area.

NSC 110L Physical Science Lab (1 credit)

This course covers basic techniques in chemistry and physics, such as measurement, data collection, graphing, and observing chemical properties and chemical reactions. *Corequisite: NSC 110 Physical Science.*

NSC 210 Medical Terminology (1 credit)

This course will introduce medical terminology through a unique memorization strategy that focuses on common medical prefixes and suffixes to enable students to have a greater understanding of complex medical terminology.

NSC 215 Human Anatomy & Physiology I (3 credits)

This course introduces the structure and function of the human body, including a general orientation, the integument, support and movement, and the nervous, sensory and endocrine systems.

NSC 215L Human Anatomy & Physiology I Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of human anatomy and physiology in NSC 215. *Corequisite: Human Anatomy & Physiology I.*

NSC 216 Human Anatomy & Physiology II (3 credits)

Building on NSC 215 Human Anatomy & Physiology I, this course continues the study of the structure and function of the human body, including the circulatory, excretory, immune, respiratory, digestive and reproductive systems. *Prerequisite: NSC 215 Human Anatomy & Physiology I.*

NSC 216L Human Anatomy & Physiology II Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of the human anatomy and physiology in NSC 216. *Corequisite: NSC 215 Human Anatomy & Physiology I.*

NSC 228 General Chemistry I (3 credits)

NSC 228 General Chemistry I and NSC 229 General Chemistry II emphasize the fundamental principles of chemistry including the laws of chemical combinations, gas laws, simpler structure of atoms, periodic system, states of matter, chemistry of the non-metals and their important compounds, chemistry of metallic elements and their compounds and thermochemistry. Topics include: chemical nomenclature, stoichiometry, atomic structure, bonding theories, thermochemistry, periodic properties, and gas laws.

NSC 228L General Chemistry I Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of general chemistry in NSC 228. *Corequisite: NSC 228 General Chemistry I.*

NSC 229 General Chemistry II (3 credits)

Building on NSC 228 General Chemistry I, this course continues the study of the principles of chemistry and their applications. The topics include solution properties, acids and bases, ionic equations, oxidation-reduction, equilibrium, kinetics, chemical thermodynamics, electrochemistry, nuclear chemistry, and an introduction to organic chemistry. *Prerequisite: NSC 228 General Chemistry I.*

NSC 229L General Chemistry II Lab (1 credit)

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis and critical thinking, as applied in the study of general chemistry in NSC 229. *Corequisite: NSC 229 General Chemistry II.*

NSC 303/PSY 303 Methods in Research (3 credits)

This course is a continuation of MTH 117 Introductory Statistics with primary emphasis on applications. *Prerequisite: MTH 117 Introductory Statistics. Special Consideration: NSC 303 is a Writing Emphasis course.*

NSC 307 Microbiology (3 credits)

This course focuses on the characteristics of bacteria, viruses, protozoa, and fungi, including the diseases they cause, the control of these microorganisms and their beneficial uses, and the basics of immunology. *Prerequisite: NSC 103 Biology I. Special Consideration: NSC 307 is a Writing Emphasis course.*

NSC 307L Microbiology Lab (1 credit)

This laboratory course emphasizes proper handling techniques, identification methods, and properties of microorganisms. *Corequisite: NSC 307 Microbiology.*

NSC 310 Cell Biology (3 credits)

This course offers an in-depth study of cell structure and function, including molecular components of the membrane, organelles, bioenergetics, metabolism and enzymes. Lectures will expound upon topics such as membrane transport, the endomembrane system, protein targeting and sorting, endocytosis/exocytosis, and signal transduction processes. *Prerequisite: NSC 103 Biology I.*

NSC 320 Physics I (3 credits)

This is a non-calculus based course covering the essentials of mechanics, including kinematics, vector analysis, forces, impulse and momentum, rotational forces and motion, angular momentum, torque, and fluids. Waves, including sound, will also be covered. Both a conceptual foundation and problem solving abilities are emphasized. *Prerequisite: MTH 120 College Algebra or higher math course required; MTH 191 Pre-Calculus or higher recommended.*

NSC 320L Physics I Lab (1 credit)

This laboratory course emphasizes experiments in mechanics, wave motion and should be taken concurrently with NSC 320. *Corequisite: NSC 320 Physics I.*

NSC 321 Physics II (3 credits)

This course is a continuation of NSC 320 Physics I, completing one year of physics. Included is an introduction to the concepts and problems of electricity and magnetism, light and modern physics. Topics include electrical forces and fields, electrical potential, current and resistance, circuits, capacitors and capacitance, magnetic forces and fields, force on a moving charge, Maxwell's Equation, electromagnetic waves, geometrical and physical optics, interference and diffraction, and special relativity. *Prerequisite: NSC 320 Physics I.*

NSC 321L Physics II Lab (1 credit)

This laboratory course is a continuation of NSC 320L Physics I Lab and emphasizes experiments in mechanics and wave motion. It should be taken concurrently with NSC 321. *Corequisite: NSC 321 Physics II.*

NSC 330 Organic Chemistry I (3 credits)

As an introduction to the chemistry of carbon compounds, this course presents an integration of aromatic and aliphatic compounds treating the principal classes of each with an emphasis on molecular structure theory, stereochemistry, structure and reactivity, and reaction mechanisms. *Prerequisites: NSC 228-229 General Chemistry I-II.*

NSC 330L Organic Chemistry I Lab (1 credit)

This lab course includes study of laboratory techniques in synthesis, purification and chemical and instrumental analysis of organic compounds. *Corequisite: NSC 330 Organic Chemistry I.*

NSC 331 Organic Chemistry II (3 credits)

Building on NSC 330, this course is designed to explore in more detail the specifics of the reactivity of various functional groups. Topics will include the study of aromatic compounds, including phenols and aryl halides, as well as a thorough discussion of delocalized

chemical bonding; aldehydes and ketones, amines, carboxylic acids and their derivatives; lipids such as fatty acids and triglycerides; and carbohydrates. *Prerequisite: NSC 330 Organic Chemistry I.*

NSC 331L Organic Chemistry II Lab (1 credit)

Building on NSC 330, this course is a continuation of the study of laboratory techniques in synthesis, purification and chemical and instrumental analysis of organic compounds. *Corequisite: NSC 331.*

NSC 401 Ethics in Science (3 credits)

This course provides a springboard from which students can develop a reasoned ethical approach to dilemmas faced in the sciences.

NSC 421 Genetics (3 credits)

This course focuses on the essential concepts and underlying principles of transmission genetics (patterns of inheritance), molecular genetics (biochemical understanding of hereditary material), and population genetics. Molecular technologies and the genetics of cancer are also presented. *Prerequisite: NSC 103 Biology I*

NSC 421L Genetics Lab (1 credit)

The Genetics Lab will introduce students to experimental approaches in both classical and molecular genetics. *Corequisite: NSC 421 Genetics.*

NSC 432 Introduction to Pharmacology (3 credits)

This course will introduce students to the study of drugs (natural and synthetic chemical agents), their interactions with drug receptors and chemical-signaling pathways, and how these interactions produce effects in biological systems. Students will also learn about common drugs used to treat various diseases and conditions and will be introduced to the industry of drug development and discovery. *Prerequisites: NSC 103 Biology I and NSC 215-216 Human Anatomy & Physiology I-II, and junior standing.*

NSC 440 Biochemistry (3 credits)

This multidisciplinary science course encompasses the study of biological molecules and biochemical pathways. The interrelationship of the structure and function of organic biomolecules, the behavior of enzymes, intermediary metabolism, and the integration of metabolism via cellular signaling are presented. *Prerequisite: NSC 330 Organic Chemistry I.*

NSCI: NATURAL SCIENCES (online)**NSCI 105 Introduction to Biology with Lab (4 credits)**

This course focuses on essential concepts and fundamental principles of modern biology. It begins with the basic chemistry of life, moves to the cell as the basic unit of life along with the fundamentals of DNA and genetics, and ends with an overview of human body systems. The course also compares and contrasts the theory of evolution with creation accounts in the Scriptures. The course includes a lab component.

NSCI 214 Human Anatomy & Physiology for Health Professionals (3 credits)

Students develop a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion. Emphases include the function and role of the integumentary, skeletal, muscular,

nervous, endocrine, cardiovascular, respiratory, digestive, excretory, reproductive, and immune systems, and related disease states. This course also includes an introduction to Point University healthcare programs, an orientation to online library resources pertinent to healthcare professions, and reflection on historical contributions of the Church to this field. *Prerequisite: NSCI 105 Introduction to Biology with Lab. Special Consideration: For Public Health majors, PBHE 210 Introduction to Public Health is a corequisite for NSCI 214 Human Anatomy & Physiology for Health Professionals.*

NTS: NEW TESTAMENT STUDIES (on-ground)

NTS 203 The Acts of the Apostles (3 credits)

This course includes historical and exegetical study of the Acts of the Apostles, which contains a record of the establishment and development of the church. *Prerequisite: BBS 202 Jesus: The Focus of Scripture.*

NTS 204 The Story of Jesus' Followers (3 credits)

This course includes study of the early church from Jesus' ascension to the end of the New Testament period in order to understand the faith and practices of God's people in light of Jesus Christ. *Prerequisite: BBS 102 The Drama of Scripture or BBS 202 Jesus: The Focus of Scripture. Special Consideration: Credit will not be given for NTS 204 if the student has already completed NTS 203 The Acts of the Apostles or NTS 308 Epistles of Paul.*

NTS 308 Epistles of Paul (3 credits)

This course offers a survey of Paul's writings, including their basic contents and theological themes. *Prerequisite: Either NTS 203 The Acts of the Apostles or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation. Special Consideration: Credit will not be given for NTS 308 if the student has already completed NTS 204 The Story of Jesus' Followers.*

NTS 320 Romans (3 credits)

This course includes in-depth exegetical study of Paul's epistle to the Romans, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistle. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 321 I Corinthians (3 credits)

This course includes in-depth exegetical study of Paul's first epistle to the Corinthians, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistle. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 323 Ephesians & Colossians (3 credits)

This course includes in-depth exegetical study of Paul's epistles to the Ephesians and Colossians, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes

peculiar to the epistles. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 324 Philippians & Philemon (3 credits)

This course includes in-depth exegetical study of Paul's epistles to the Philippians and Philemon, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistles. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 326 I-II Timothy & Titus (3 credits)

This course includes in-depth exegetical study of Paul's epistles to Timothy and Titus, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistles. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 330 Hebrews (3 credits)

This course includes study in-depth exegetical study of the Epistle to the Hebrews, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistle. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 332 James, I-III John & Jude (3 credits)

This course includes study in-depth exegetical study of the epistles of James, John, and Jude, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the epistles. *Prerequisite: Either both BBS 201 Biblical Interpretation and NTS 308 Epistles of Paul, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 334 Gospel of Mark (3 credits)

This course includes study of the Gospel of Mark as theological literature and as an historical resource for understanding the life of Jesus of Nazareth. *Prerequisite: Either both BBS 201 Biblical Interpretation and BBS 202 Jesus: The Focus of Scripture, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 401 The Revelation of John (3 credits)

This course includes study of the final book of the Bible, giving special attention to its historical setting, Christology, and various interpretations. *Prerequisite: Either both BBS 102 The Drama of Scripture and BBS 201 Biblical Interpretation, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 402 Gospel of John (3 credits)

This course includes in-depth exegetical study of the fourth Gospel, including careful analysis of the text and thoughtful application to contemporary Christian life and theology, focusing on the historical context and doctrinal themes peculiar to the Gospel of John. *Prerequisite: Either both BBS 201 Biblical Interpretation and BBS 202 Jesus: The Focus of Scripture, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 425 Scripture Within Scripture (3 credits)

This course includes study of the use of the Old Testament by the New Testament writers, particularly as it related to their portrayal of the work of Jesus Christ. *Prerequisite: Either BBS 201 Biblical Interpretation or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 430 The Passion & Resurrection Narratives of the Gospels (3 credits)

This course includes historical, literary, and theological study of the passion and resurrection narratives of the four canonical gospels, beginning with Matthew 26:1-5 and parallels and moving to the terminus of all the gospels. *Prerequisite: Either both BBS 201 Biblical Interpretation and BBS 202 Jesus: The Focus of Scripture, or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

NTS 490 Studies in New Testament (credits vary)

This course, flexible in procedure and content, emphasizes independent research and formal classroom presentation. Such areas as backgrounds, history, text and canon, or exegetical principles may be covered. *Prerequisites: BBS 304 Scripture: Reading & Interpretation and as announced.*

NTS 495 Research Methods in**Biblical Studies: New Testament Focus (3 credits)**

This advanced course explores the range of methods employed in Old Testament and New Testament study up to the present day. The entire research process—from delineating a thesis to the presentation of research—will be discussed, modeled, and practiced. *Prerequisites: Senior standing and permission from the Biblical Studies department chair. Special Considerations: NTS 495 Research Methods in Biblical Studies: New Testament Focus and OTS 495 Research Methods in Biblical Studies: Old Testament Focus are essentially the same course with an alternating focus each year. NTS 495 or OTS 495 is required for all Biblical Studies majors enrolled in the Honors Program.*

NURS: NURSING (online)**NURS 100 RN-BSN Orientation (0 credits)**

This brief online orientation introduces students to Point University, the RN-BSN program structure, nursing faculty, the *Canvas* online learning management system, online student support services, and the extensive educational resources available to RN-BSN students, including library research tools.

NURS 300 Pathophysiology (3 credits)

This course introduces students to pathophysiological concepts related to altered biological processes affecting individuals across the lifespan. The first part of the course emphasizes basic concepts of pathophysiology: cellular level of response, fluid and

electrolytes, acid-base balance, and the immune response. The second part of the course focuses on the application of these basic concepts to body systems and disease processes. *Prerequisites: 8+ credits in Anatomy & Physiology with Lab and 8+ credits in Chemistry with lab.*

NURS 305 Transition to Professional Nursing (3 credits)

This course enhances the registered nurse's understanding of the distinct role of the baccalaureate-prepared nurse. Students explore historical, societal, political, ethical, and legal factors impacting the profession. They analyze selected theories, issues, and current trends in nursing driven by the professional and social environment. Students also shape their personal philosophy of service as they reflect on how believers down through the centuries have labored in the healthcare professions to carry out Christ's redemptive purposes in the world: "Heal the sick *and* tell them, 'The Kingship of God has come near to you'" (Luke 10:9). *Special Consideration: NURS 305 is a Writing Emphasis course.*

NURS 310 Health Assessment (3 credits)

This course develops the knowledge and skills necessary for the professional nurse to perform health assessments across the life span. It emphasizes critical thinking skills needed to identify actual or potential alterations in health. Topics include interviewing skills, completing health histories, and differentiating between normal and abnormal physical findings when conducting a head-to-toe physical examination. *Corequisite: NURS 310L Health Assessment Practicum.*

NURS 310L Health Assessment Practicum (3 credits)

Students conduct virtual and real-life head-to-toe health assessments under the supervision of a pre-approved preceptor. Patient histories and complete charting of the assessment are included. All major body systems are reviewed. *Corequisite: NURS 310 Health Assessment.*

NURS 315 Nursing Research (3 credits)

This course focuses on qualitative and quantitative research methods related to the nursing profession. It includes an orientation to the extensive scholarly resources available through Point's online library services. It builds on MATH 302 Statistics to address issues such as sample size, descriptive statistics, and the use of statistical inferences to determine study validity. To demonstrate mastery of research methods, students prepare a written critical analysis of a selected study. *Prerequisite: Pre-requisite MATH 302 Statistics. Special Consideration: NURS 305 is a Writing Emphasis course.*

NURS 400 Leadership & Management I (3 credits)

Concepts addressed in this course include leadership and management theories from nursing and business disciplines, standards of professional nursing practice, the healthcare environment, organizational factors and strategic planning, professional development, and leadership/management of personnel.

NURS 410 Healthcare Policy (3 credits)

This course addresses the political climate of the healthcare profession, along with the role of the nurse in the political process. Emphases include healthcare access, quality, cost, healthcare financing, managed care and coverage of the uninsured, legislative and regulatory issues, and nursing advocacy. Students complete a written analysis of an issue

related to their specialty. *Special Consideration: NURS 305 is a Writing Emphasis course.*

NURS 415 Informatics in Healthcare (3 credits)

Students develop a foundational knowledge of informatics with emphasis on concepts relevant to the use of technology in healthcare. Students explore informatics-based health applications that aid decision making in the following areas: clinical, administrative, research, and education.

NURS 420 Community & Population Health (3 credits)

Students analyze community- and population- focused nursing practices that promote wellness, disease prevention, and health needs of vulnerable populations. They utilize principles of international health, community assessment, epidemiology, disaster preparedness, environmental factors, and community resources to guide evidence-based, population-focused nursing care. *Corequisite: NURS 420L Community & Population Health Practicum.*

NURS 420L Community & Population Health Practicum (3 credits)

Students are paired with a pre-approved preceptor who specializes in community or public health. They apply practices learned in NURS 420 to promote wellness and address healthcare issues specific to vulnerable populations. *Corequisite: NURS 420 Community & Population Health.*

NURS 440L Leadership & Management II Capstone Practicum (4 credits)

In this capstone course, a pre-approved clinical preceptor guides the student's transition into the distinct role of the baccalaureate-prepared professional nurse. Emphases include leadership responsibilities, management techniques, and integration of knowledge and skills gained throughout the RN-BSN program. *Prerequisites: Students must complete all other RN-BSN completion courses with a minimum grade of "C" prior to enrolling in NURS 440L Leadership & Management II Capstone Practicum.*

OTS: OLD TESTAMENT STUDIES (on-ground)**OTS 210 The Story of Israel (3 credits)**

A study of God working out his purposes through the ancient people of Israel as disclosed in the Old Testament. *Prerequisite: BBS 102 The Drama of Scripture.*

OTS 240 Old Testament Prophecy (3 credits)

This course surveys the prophetic literature of the Old Testament analyzing the origin, purpose, and basic contents of each book. *Prerequisite: Either OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 270 Old Testament Poetry (3 credits)

This course surveys the poetic literature of the Old Testament analyzing the origin, purpose, and basic contents of each book. *Prerequisite: Either OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 301 Genesis (3 credits)

This course includes exegesis of the biblical book of Genesis with emphasis given to the origin, purpose, and major theological themes of the text. *Prerequisites: Either both BBS 201 Biblical Interpretation and OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 305 Isaiah (3 credits)

This course includes exegesis of the biblical book of Isaiah with emphasis given to the origin, purpose, and major theological themes of the text. *Prerequisites: Either both BBS 201 Biblical Interpretation and OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 307 Laws of Israel (3 credits)

This course includes study of the legal literature of the Pentateuch analyzing the moral, social, and religious legislation of ancient Israel. *Prerequisites: Either both BBS 201 Biblical Interpretation and OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 313 Psalms (3 credits)

This course includes a systematic survey of ancient Hebrew Hymnody including an exegesis of several selected Psalms. *Prerequisites: Either both BBS 201 Biblical Interpretation and OTS 210 The Story of Israel or both BBS 202 Jesus: The Focus of Scripture and BBS 304 Scripture: Reading & Interpretation.*

OTS 408/HIS 408 Ancient Near Eastern History (3 credits)

The purpose of this course is to explore systematically the history and culture of the ancient Near East, focusing on Mesopotamia, Egypt, and Syria-Palestine ca. 3000-323 B.C.E. *Prerequisite: HIS 102 Western Civilization.*

OTS 490 Studies in Old Testament (credits vary)

A course flexible in procedure and content focused on a selected study from the Old Testament. *Prerequisite: BBS 201 Biblical Interpretation and as announced.*

OTS 495 Research Methods in**Biblical Studies: Old Testament Focus (3 credits)**

This advanced course explores the range of methods employed in Old Testament and New Testament study up to the present day. The entire research process—from delineating a thesis to the presentation of research—will be discussed, modeled, and practiced. *Prerequisites: Senior standing and permission from the Biblical Studies department chair. Special Considerations: OTS 495 Research Methods in Biblical Studies: Old Testament Focus and NTS 495 Research Methods in Biblical Studies: New Testament Focus are essentially the same course with an alternating focus each year. OTS 495 or NTS 495 is required for all Biblical Studies majors enrolled in the Honors Program.*

PASS: POINT ACADEMIC SUPPORT SERVICES

PASS 100 Online Orientation for Online Students (0 credits)

This self-paced, zero-credit online orientation introduces new online, degree-seeking students to Point Online and the Canvas Learning Management System. It includes introductions to Point University, Point Academic Support Services (PASS), and educational resources available to online students. Students are enrolled in the orientation during their first 8-week session at Point where they are able to ask questions about their courses, ask questions about Canvas, and interact with fellow students and the advising center.

PASS 101 Online Orientation for On-Campus Students (0 credits)

This self-paced, zero-credit online orientation introduces new on-ground, degree-seeking students to the Canvas Learning Management System and online course navigation. It includes introductions to Point University, Point Academic Support Services (PASS), and educational resources available to on-ground students. Students are enrolled in the orientation during their first 8-week session at Point where they are able to ask questions about their courses, ask questions about Canvas, and interact with fellow students and the advising center.

PBHE: PUBLIC HEALTH (online)

PBHE 210 Introduction to Public Health (3 credits)

This course introduces students to the field of public health, including core concepts and areas of public health practice. It includes an orientation to educational resources and professional research available to Public Health students. The course also includes a brief historical survey of ways Christians have used their skills to serve the human community and further God's redemptive work in the world through, for example, community health evangelism (CHE) endeavors. *Prerequisites: NSCI 105 Introduction to Biology with Lab, PSYC 103 Introduction to Psychology.*

PBHE 301 Nutrition & Wellness (3 credits)

Students pursue a scientific study of the principles of nutrition throughout the life cycle, with an emphasis on essential nutrients and their functions, weight management, and holistic approaches to health. *Prerequisite: PBHL 210 Anatomy & Physiology for Public Health Professionals.*

PBHE 304 Biostatistical Research (3 credits)

This course builds on MATH 302, placing primary emphasis on biostatistical applications related to public health. *Prerequisites: MATH 302 Statistics, NSCI 105 Introduction to Biology with Lab.*

PBHE 320 Principles of Epidemiology (3 credits)

This course addresses disease etiology, distribution, and determinants of health and disease in defined populations. It includes applications to clinical environmental and infectious disease settings, and prevention practices for communicable and non-communicable diseases. *Prerequisite: PBHE 210 Introduction to Public Health.*

PBHE 322 Public Health & Aging (3 credits)

This course focuses on the demography and epidemiology of aging, theories of aging, how aging is viewed in society today, the concept of successful aging, health services for older

adults, and other topics central to public health in an aging society. *Prerequisite: PBHE 320 Principles of Epidemiology.*

PBHE 350 Global & Environmental Health (3 credits)

Students explore health at the community and global levels by examining the interplay of many factors, including the social, cultural, economic, political, and physical environments; and access to nutritional food, safe water, sanitation, and affordable preventive care and medical care. *Prerequisites: NSCI 105 Introduction to Biology with Lab, PBHE 210 Introduction to Public Health.*

PBHE 405 Drugs & Society (3 credits)

This course provides an overview of appropriate (therapeutic) and inappropriate (recreational) uses of natural and synthetic chemical agents. Topics include symptoms of abuse and dependency, their impact on personal and community health, legal issues surrounding drug abuse, and effective prevention methods and strategies.

PBHE 410 Healthcare Systems (3 credits)

This course focuses on the healthcare delivery system in the United States, including its organization and structures, the roles of healthcare providers and government agencies, related policies and laws, financing and economics, comparisons with other countries, and challenges facing healthcare systems. *Prerequisite: PBHE 210 Introduction to Public Health.*

PBHE 415 Health Education for Diverse Populations (3 credits)

Students develop skills needed to assess, plan, implement, and evaluate health education programs for diverse populations. *Special Consideration: PBHE 415 is a Writing Emphasis course.*

PBHE 423 Health Services Administration (3 credits)

This course introduces students to concepts, principles, and methods of management and administration within the field of public health. Topics include organizational roles, leadership styles, resource management, budgeting tools, and grant writing skills. *Prerequisite: PBHE 210 Introduction to Public Health.*

PBHE 430 Legal & Ethical Issues in Public Health (3 credits)

Students explore legal and ethical theories, principles, and problems that shape public health policy and practice. The course includes Christian perspectives on these issues. *Special Consideration: PBHE 430 is a Writing Emphasis course.*

PBHE 495 Public Health Capstone (3 credits)

Students plan and engage in a capstone learning experience under the supervision of the Public Health program coordinator. The capstone may take the form of a mentored internship or practicum, service-learning project, field education, research project, senior seminar, portfolio project, or other focused learning experience adapted to the student's post-graduation goals. *Prerequisites: All other courses required for the Public Health Major. Special Considerations: Limited to students majoring in Public Health and subject to approval by the Public Health program coordinator.*

PHE: PHYSICAL EDUCATION (on-ground)**PHE 105 Physical Fitness & Wellness (1 credit)**

This course includes a total fitness program designed to acquaint students with the theory and practice of good physical fitness and wellness.

PHE 110 Leisure Life Skills I (1 credit)

This course includes co-ed instruction and activity in volleyball and/or badminton.

PHE 115 Cardiovascular Conditioning (1 credit)

This course includes instruction and activity in principles and procedures of cardiovascular conditioning.

PHE 120 Leisure Life Skills II (1 credit)

This course includes co-ed instruction and activity in racquetball and/or tennis.

PHE 125 Recreational Games (1 credit)

This course includes instruction in rules and skills of individual and team games and sports for use in school, church or playground programs.

PHE 130 Weight Training (1 credit)

This course includes instruction and activity in principles and procedures of weight training that contribute to physical fitness.

PHE 201 First Aid & CPR (1 credit)

This course emphasizes accident scene management, victim assessment and basic life support, injury management, and victim care knowledge and practice. *Special Consideration: American Heart Association certification can be earned.*

PHE 220 Exercise & Weight Control (1 credit)

This course focuses on nutrition, exercise, and weight management. Emphases include basics of proper nutrition and exercise, as well as lifestyle changes and their relationship to appropriate weight management.

PHE 300/SPM 300 Internship in Sports & Recreational Management (1 credit)

This course is a supervised, structured work experience designed to augment and develop practical experience in sports record keeping and management. *Prerequisite: permission from the Exercise Science program coordinator.*

PHED: PHYSICAL EDUCATION (online)**PHED 105 Fitness & Wellness (3 credits)**

This course equips students to incorporate theories and practices of physical fitness and wellness into their everyday lives. It introduces five major components of health and fitness: cardiorespiratory fitness, muscular strength/endurance, flexibility/joints, stress, and nutrition/weight management. Students also explore biblical perspectives on health as a foundation for developing a God-honoring fitness and wellness program.

PHL: PHILOSOPHY (on-ground)**PHL 201 Introduction to Philosophy (3 credits)**

Students examine key philosophical themes and ideas, such as the nature of the universe, the nature of knowing, human nature, and ethics, through the writings of significant philosophers.

PHL 216 Philosophy of Religion (3 credits)

Students examine classical and contemporary arguments for the existence of God and a philosophical inquiry into the coherence of Christian theism. Topics include a variety of theistic proofs, the problem of faith and reason, divine foreknowledge and human free will, the problem of evil, God's eternity, the trinity, the incarnation, and others.

PHL 225/HIS 225 History of Philosophy (3 credits)

This course will provide an initial encounter with the great philosophers and their ideas in an historical context. The course will also provide an introduction to various philosophical concepts, including metaphysics, epistemology, ethics, and logic.

PHL 302 Apologetics (3 credits)

This course focuses on the theological and philosophical defense of Christianity with an emphasis on the key aspects of a variety of models of apologetics. *Prerequisite: BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life.*

PHL 325 Ethics (3 credits)

Students examine influential theories regarding the nature of morality and the human good life through readings in Plato, Aristotle, Hobbes, Hume, Kant, Mill, and others. The course includes a focus on the relationship between religion and morality. *Prerequisite: One Philosophy (PHL) course.*

PHL 330 World Religions (3 credits)

This course surveys major world religions, including Judaism, Christianity, Islam, Hinduism, Buddhism, Confucianism, Taoism, and a variety of primal religions. Attention is given to the nature of religious truth claims and their rational assessment, the challenge of religious pluralism and relativism, and the prospects for fruitful interreligious dialogue.

PHL 425 Major Worldviews (3 credits)

Students examine different worldviews that have developed in or been introduced into the Western world and how they influence the modern mind and society. *Prerequisite: One Philosophy (PHL) course.*

PHL 490 Studies in Philosophy (credits vary)

This course flexible, in procedure and content, focuses on a selected study in the field of philosophy. *Prerequisites: As announced.*

PREA: PREACHING (online)**PREA 201 Introduction to Preaching (3 credits)**

Students learn the fundamentals of constructing and delivering sermons based on the Word of God. *Prerequisites: BIBL 306 Scripture: Reading & Interpretation, COMM 205 Public Speaking. Special Consideration: PREA 201 is a Writing Emphasis course.*

PREA 320 Advanced Preaching (3 credits)

In this continuation of PREA 201, students apply principles and skills of sermon preparation and delivery. *Prerequisites: BIBL 306 Scripture: Reading & Interpretation, COMM 205 Public Speaking, PREA 201 Introduction to Preaching. Special Consideration: PREA 320 is a Writing Emphasis Course. Special Consideration: Qualified undergraduates may complete PREA 510 Preaching & Teaching for Change as a “swing course” in place of PREA 320.*

PREA 510 Preaching & Teaching for Change (3 credits)

This course equips students to apply exegetical and hermeneutical principles for contextually appropriate preaching and teaching. Students “exegete” (analyze) a ministry context and construct a transformative preaching and teaching ministry appropriate to that context. *Special Consideration: Qualified undergraduates may complete PREA 510 as a “swing course” in place of PREA 320 Advanced Preaching.*

PRM: PREACHING MINISTRY (on-ground)**PRM 201 Introduction to Preaching (3 credits)**

This course includes study of the fundamentals of constructing and delivering sermons that are based on the Word of God. *Prerequisite: COM 205 Public Speaking.*

PRM 320 Advanced Preaching (3 credits)

Building on PRM 201 Introduction to Preaching, this course includes continuing study of the principles and skills of sermon preparation and delivery. *Prerequisite: PRM 201 Introduction to Preaching.*

PRM 403 Expository Preaching (3 credits)

This course includes advanced study in the art and science of preparing and delivering expository sermons. *Prerequisites: BBS 201 Biblical Interpretation and PRM 320 Advanced Preaching.*

PRM 405 History of Christian Preaching (3 credits)

This course surveys the history of Christian preaching from the first century C.E. to the present. *Prerequisite: PRM 320 Advanced Preaching.*

PRM 430 Preaching & Story (3 credits)

This course includes advanced study of the preparation and delivery of various forms of contemporary narrative preaching. *Prerequisite: PRM 320 Advanced Preaching.*

PRM 475 New Testament & Preaching Seminar (3 credits)

This course includes in-depth exegetical studies of designated New Testament literature including careful analysis of the text and thoughtful application to preaching. *Prerequisites: BBS 201 Biblical Interpretation and PRM 320 Advanced Preaching.*

PRM 490 Studies in Preaching (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of preaching ministry. *Prerequisites: PRM 320 Advanced Preaching and as announced.*

PRM 497 Preaching Ministry Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. The specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisites: PRM 320 Advanced*

Preaching, junior standing, and permission from the Biblical Studies department chair. Special Considerations: PRM 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.

PSY: PSYCHOLOGY (on-ground)

PSY 103 Introduction to Psychology (3 credits)

This course includes a study of psychological structures and functions designed to help students better understand themselves and others. *Special Consideration: PSY 103 is a prerequisite for all other courses in Psychology (PSY).*

PSY 200/SOC 200 Social Psychology (3 credits)

This course is designed to integrate issues in psychology and sociology as they relate to human interaction. *Prerequisites: PSY 103 Introduction to Psychology and SOC 103 Introduction to Sociology.*

PSY 204 Developmental Psychology (3 credits)

This course includes study of human growth and development from conception and the prenatal period through adulthood and death. *Prerequisite: PSY 103 Introduction to Psychology.*

PSY 303/NSC 303 Methods in Research (3 credits)

This course is a continuation of MTH 117 Introductory Statistics with primary emphasis on applications. *Prerequisite: MTH 117 Introductory Statistics. Special Consideration: NSC 303 is a Writing Emphasis course.*

PSY 305 Adolescent Psychology (3 credits)

This course includes study of human growth and development from late childhood to early adulthood. *Prerequisite: PSY 204 Developmental Psychology.*

PSY 315 Group Dynamics (2 credits)

This course includes analysis of how groups work and how to improve relationships in order to function effectively with all groups. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

PSY 414 Human Sexuality (3 credits)

This course is designed to explore male and female differences in regard to emotions, perceptions, attitudes of relationships, and power of sexuality. It focuses on psychological and socio-cultural influences on human sexuality and incorporates a life span perspective. *Prerequisite: PSY 204 Developmental Psychology.*

PSY 421 Sports Psychology (3 credits)

This course includes an overview of the psychological factors affecting behavior in exercise and sports settings.

PSY 425 Interpersonal Effectiveness (2 credits)

This course is designed to enhance the students' ability to be effective in interpersonal interaction, learning more about themselves and the skills necessary for quality communication, relationship building, problem solving, conflict resolution and dealing with difficult people. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

PSY 442 Personality Theory (3 credits)

This course surveys major theories of personality from Freud to the present, including psychodynamic theory, influences of genetic and biochemical factors on behavior, social learning and environmental influences, and internal versus external locus of control. *Prerequisite: PSY 204 Developmental Psychology.*

PSY 461/CJU 461 Forensic Psychology (3 credits)

The purpose of this course is to examine the various applications of psychology in the legal arena from competency hearings and jury selection to evaluation of eyewitness testimony. This course will cover the many applications of psychological theory to the law.

PSY 465 Psychology of Religion (3 credits)

This course is designed to develop an understanding of the development of religion from historical, cultural, developmental, and psychological perspectives. *Prerequisite: senior standing or permission from the Psychology & Counseling department chair. Special Consideration: PSY 465 is a Writing Emphasis course.*

PSY 490 Studies in Psychology (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of psychology. *Prerequisites: as announced.*

PSY 497 Field Work in Psychology (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer.

PSYC: PSYCHOLOGY (online)**PSYC 103 Introduction to Psychology (3 credits)**

This study of psychological structures and functions helps students better understand themselves and others.

PSYC 204 Developmental Psychology (3 credits)

This study focuses on human growth and development from conception and the prenatal period through adulthood. *Prerequisite: PSYC 103 Introduction to Psychology.*

PSYC 325 Interpersonal Effectiveness (3 credits)

This course enhances the students' ability to be effective in interpersonal interaction, learning more about themselves and the skills necessary for quality communication, relationship building, problem solving, and working with difficult people.

PSYC 341 Abnormal Psychology (3 credits)

This course includes a study of the physiological, social, and psychological nature of abnormal behavior, as well as an understanding of the diagnosis and treatment of mental disorder. *Prerequisites: PSYC 103 Introduction to Psychology or PSYC 204 Developmental Psychology.*

PSYC 442 Personality Theory (3 credits)

This course surveys major theories of personality from Freud to the present, including psychodynamic theory, influences of genetic and biochemical factors on behavior, social

learning and environmental influences, and internal versus external locus of control. *Prerequisite: PSYC 204 Developmental Psychology.*

PSYC 497 Psychology Practicum (3 credits)

This course focuses on the assessment and continuing development of counseling and other human relations skills. Students have a variety of opportunities to receive feed-back and to evaluate their ability to integrate theory into practice. *Prerequisites: The faculty recommends that students enroll in the practicum only after completing all earlier courses in the Psychology Major. However, if they miss a course, the academic advising center (in consultation with the faculty department chair) may approve the practicum if students have completed the following minimum prerequisites: HREL 308 Life, Work & Ethics of the Helping Profession, and HREL 396 Counseling Theory & Procedures.*

PSYC 498 Psychology Internship—Fieldwork (3 credits)

Field education provides an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: PSYC 497 Psychology Practicum. Special Consideration: PSYC 498 is graded on a pass/fail basis using a point scale.*

SED: SECONDARY EDUCATION (on-ground)**SED 331 Secondary Methods (3 credits)**

This course focuses on the examination and application of methods and materials for teaching secondary subjects. Course projects are adapted to each student's chosen field of teaching.

SED 391 Block 1 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 1 education courses. *Special Consideration: SED 391 is a 16-week, term-length course.*

SED 392 Block 2 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 2 education courses. *Special Consideration: SED 392 is a 16-week, term-length course.*

SED 493 Block 3 Lab Experience (1 credit)

This course includes observation, participation, and directed teaching in an approved school setting coinciding with Block 3 education courses. *Special Consideration: SED 493 is a 16-week, term-length course.*

SED 497 Teaching Practicum: Student Teaching (12 credits)

Observation, participation, and directed teaching in an approved school setting will be carried out under the supervision of a selected supervising secondary education teacher and University personnel. A seminar with the university supervisor is scheduled throughout the term of the student teaching experience. Assessment will focus on preparation and teaching procedures. *Prerequisites: Completion of all other Teacher Education Program (TEP) courses and passing scores on the GACE examinations (Georgia Assessments for Certification of Educators) for Secondary Grades. Special Consideration: SED 497 is a 16-week, term-length course.*

SOC: SOCIAL SCIENCES (on-ground)**SOC 103 Introduction to Sociology (3 credits)**

This course includes study of the effects of group relations on human behavior with special emphasis on developing a Christian world view.

SOC 200/PSY 200 Social Psychology (3 credits)

This course is designed to integrate issues in psychology and sociology as they relate to human interaction. *Prerequisites: PSY 103 Introduction to Psychology and SOC 103 Introduction to Sociology.*

SOC 202/CHS 202 The Family (3 credits)

This course focuses on courtship, marriage, and family relationships from both a biblical and cultural perspective. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

SOC 203 Cultural Anthropology (3 credits)

This course includes study of the nature, functions, and manifestations of culture in diverse human societies.

SOC 215 Geography (3 credits)

This introduction to world regional geography focuses on the ways in which cultural groups around the world utilize and modify their landscapes and environments.

SOC 300 Social Theory (3 credits)

This course provides an introduction to the major theories and theorists in sociology. It includes an examination of the development of sociological theory and the influences of those theories on contemporary society. *Prerequisite: SOC 103 Introduction to Sociology.*

SOC 341 Introduction to Social Work (3 credits)

This course introduces students to the social work profession with a focus on historical foundations, professional licensure and continuing education unit (CEU) requirements, scope of practice and roles, and relationship to other disciplines and areas of service. As the introductory course, it takes a generalist approach to social work. Students begin to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world. *Prerequisite: PSY 103 Introduction to Psychology or SOC 103 Introduction to Sociology.*

SOC 350 Social Problems (3 credits)

This course provides an overview of contemporary problems in society including addiction, race relations, prejudice, overpopulation, mental health and ageism. It examines how sociological methods and analysis are applied to social problems in an effort to create solutions to the problems. *Prerequisite: SOC 103 Introduction to Sociology.*

SOCI: SOCIAL SCIENCES (online)**SOCI 103 Introduction to Sociology (3 credits)**

Students explore the effects of group relations on human behavior with special emphasis on developing a Christian worldview.

SOCI 350 Social Problems (3 credits)

This course provides an overview of contemporary problems in society, including addiction, race relations, prejudice, overpopulation, mental health, and ageism. Students examine how sociological methods and analyses are applied to social problems in an effort to create solutions to the problems.

SOCI 355 Human Behavior & the Social Environment (3 credits)

This course provides an overview of theories on various aspects of human behavior and the social environment. Students examine how various social influences—economics, religion, politics, and other social institutions—may influence individuals, families, groups, organizations, and communities. Students critically evaluate and apply these insights in assessing diverse clients and constituencies. *Prerequisite: SOCI 103 Introduction to Sociology. Special Consideration: SOCI 355 is a Writing Emphasis Course.*

SOCI 390 Special Topics in Social & Behavioral Sciences (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the Social and Behavioral Sciences. *Special Considerations: Requires approval by the Criminal Justice, Psychology & Counseling, or Sociology & Social Work department chair. The chosen topic may appear on the student's transcript. Since topics vary from session to session, students may repeat this course for credit.*

SOCI 420 Race, Ethnicity & Gender (3 credits)

This course provides a survey of sociological theories and problems surrounding race, ethnicity, and gender in contemporary society, including stereotypes of each classification.

SOWK: SOCIAL WORK (online)**SOWK 301 Introduction to Social Work (3 credits)**

This course introduces students to the social work profession with a focus on historical foundations, professional licensure and continuing education unit (CEU) requirements, scope of practice and roles, and relationship to other disciplines and areas of service. As the introductory course in the baccalaureate Social Work Major, it takes a generalist approach to social work. Students begin to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world. During the course, students are required to submit to a criminal background check and fingerprinting in preparation for work in the field. Students may complete the background check through Point University's human resources (HR) department.

SOWK 304 Social Work Statistics (3 credits)

This course introduces students to statistical tests and analyses frequently encountered by social workers and researchers. It emphasizes foundational concepts and principles of statistical analyses.

SOWK 306 Research Methodologies for Social Workers (3 credits)

This course focuses on quantitative and qualitative research methodologies and their respective roles in evaluating and advancing social work theory and practice. It emphasizes principles of logic and critical thinking, scientific inquiry, culturally informed and ethical approaches to building knowledge, multidisciplinary ways of knowing, and

practical applications. The course also includes an orientation to Point's extensive online library resources related to the field of social work. *Prerequisite: SOWK 301 Introduction to Social Work. Special Consideration: SOWK 306 is a Writing Emphasis Course.*

SOWK 308 Social Work Ethics (3 credits)

This course introduces aspiring social workers to ethical decision making by applying the standards of the NASW (National Association of Social Workers) Code of Ethics, models for ethical decision making, ethical conduct of research, ethical use of technology, and relevant laws and regulations.

SOWK 401 Social Welfare Theory (3 credits)

This course introduces theories and structures undergirding social work, including historical, cultural, and philosophical roots; theories of human need and concepts of social and economic justice; and major social welfare structures and policies. Students critically examine the philosophy that every person regardless of position in society has fundamental human rights, such as freedom, safety, privacy, an adequate standard of living, health care, and education. The course introduces strategies designed to advance human rights and civil, political, environmental, economic, and social justice. *Prerequisites: SOWK 301 Introduction to Social Work, SOCI 350 Social Problems. Special Consideration: SOWK 401 is a Writing Emphasis Course.*

SOWK 402 Social Welfare Policy (3 credits)

Building on SOWK 401 Social Welfare Theory, this course focuses on contemporary social policies, structures, and services; the role of policy in service delivery; and the role of practice in policy development. Students explore practical strategies for promoting social justice and human rights, and how those strategies are mediated by policy implementation at federal, state, and local levels. *Prerequisite: SOWK 401 Social Welfare Theory.*

SOWK 412 Social Work & Diversity (3 credits)

This course broadens students' understanding and skills for working with diverse individuals, families, groups, organizations, and communities. It assists students in effectively using empathy, reflection, and interpersonal skills to engage diverse clients and constituents using knowledge of human behavior and the social environment, along with person-in-environment and other multi-disciplinary frameworks. *Prerequisites: SOWK 440 Social Work Practice I.*

SOWK 440 Social Work Practice I: Individuals & Families (3 credits)

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This first course in the sequence provides foundations for social work practice at the micro level, including interviewing and relationship-building skills, case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course emphasizes the value of inter-professional collaboration in addressing human needs. *Prerequisites: SOWK 301 Introduction to Social Work, SOWK 401 Social Welfare Theory, SOWK 402 Social Welfare Policy.*

SOWK 450 Social Work Practice II: Groups & Organizations (3 credits)

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This second course in the sequence provides foundations for social work practice at the mezzo level, including case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course builds skills in facilitating group bonding, decision making, and functionality. It also highlights the value of inter-professional collaboration in addressing human needs. *Prerequisite: SOWK 440 Social Work Practice I.*

SOWK 460 Social Work Practice III: Communities (3 credits)

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This third course in the sequence provides foundations for practice at the macro level, at which social workers assist vulnerable populations indirectly and on a much larger scale. Emphases include case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course emphasizes the value of inter-professional collaboration in addressing human needs. *Prerequisites: SOCI 355 Human Behavior in the Social Environment, SOWK 440 Social Work Practice I, SOWK 450 Social Work Practice II.*

SOWK 497 Social Work Field Seminar (3 credits)

The seminar experience for the Bachelor of Social Work Program is designed to provide educational direction and support for the field placement. The seminar will assist students in the successful preparation for the field experience. Discussion and activity is focused around the integration, mastery, and application of practice theory in conjunction with completing field-related paperwork, a criminal background check, securing liability insurance, arranging and participating in interviews, and designing specific learning experiences that build skills for working with individuals, families, groups, organizations, and communities. Students' participate in weekly activities that include but are not limited to discussion forums, presentations, and paperwork completion. Additionally, students explore topics such as dealing with conflict in the field and navigating a successful internship. *Prerequisites: All other courses in the Social Work Major with the exception of SOWK 498A-B Social Work Internship. Special Consideration: SOWK 497 is graded on a pass/fail basis using a point scale.*

SOWK 498A Social Work Internship I: Fieldwork (3 credits)

In this capstone experience for the Bachelor of Social Work, students practice generalist social work competencies under the oversight of a Point instructor and a qualified field supervisor, demonstrating their ability to integrate theory into practice. Students are responsible for identifying potential sites (preferably near their home) and inquiring about internship opportunities. The field supervisor must be a licensed social worker who holds a bachelor's or master's degree in social work from a CSWE-accredited program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the social work program director two sessions (16 weeks) prior to the start of the internship. Point faculty assist with arrangements once the supervisor and site are confirmed. To receive credit for SOWK 498A-B, students must complete 400 hours of field education working with individuals, families, groups, organizations, and

communities (approximately 25 hours per week over two 8-week session). Toward this end, specific training models are designed by the student and program director in cooperation with the supervisor. During SOWK 498A-B, students also complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. *Prerequisites: All other courses in the Social Work Major, including SOWK 497 Social Work Field Seminar. Special Consideration: SOWK 498A is graded on a pass/fail basis using a point scale.*

SOWK 498B Social Work Internship II: Fieldwork (3 credits)

In this continuation of SOWK 498A, students practice and demonstrate generalist social work competencies under the oversight of a Point instructor and a qualified field supervisor. During SOWK 498A-B, students complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. *Prerequisites: All other courses in the Social Work Major, including SOWK 497 Social Work Field Seminar and SOWK 498A Social Work Internship I. Special Consideration: SOWK 498B is graded on a pass/fail basis using a point scale.*

SOWK 499 Social Work Internship Continuation (0 credits)

Bachelor of Social Work students continue the fieldwork begun in SOWK 498A or SOWK 498B beyond the end of 8-week session allotted for that experience. They enroll in this course and pay a \$100 continuation fee each session until the fieldwork is complete, at which time they receive a grade for the internship.

SPA: SPANISH (on-ground)**SPA 101 Spanish I (4 credits)**

This course includes an introduction to the four basic skills of listening, speaking, reading, and writing in Spanish with emphasis on speaking in everyday situations, an introduction to Hispanic culture(s), and a required lab component. It is designed for students with little or no previous language training.

SPA 102 Spanish II (4 credits)

This course focuses on continued development of listening, speaking, reading, and writing skills in Spanish within a cultural context. It includes a required lab component. *Prerequisite: SPA 101 Spanish I or instructor permission.*

SPA 201 Intermediate Spanish I (3 credits)

This course focuses on continued development of listening, speaking, reading, and writing skills in Spanish with a review of language fundamentals, practice in conversation, a study of Hispanic civilization, and a required lab component. *Prerequisite: SPA 102 Spanish II or instructor permission.*

SPA 202 Intermediate Spanish II (3 credits)

This course includes extensive oral and written work in Spanish, including an expansion of Spanish vocabulary and syntactical structures; an introduction to Spanish prose, poe-

try, drama, and essays of moderate difficulty; and a required lab component. *Prerequisite: SPA 201 Intermediate Spanish I or instructor permission.*

SPA 303 Spanish Conversation (3 credits)

This course provides practice in Spanish conversation skills integrated with listening comprehension, reading, and writing skills. *Prerequisite: SPA 202 Intermediate Spanish II or instructor permission.*

SPA 401 Spanish Literature (3 credits)

This course includes critical reading and interpretation of literature written in Spanish through the study of representative texts in various genres. It includes practice in listening, speaking, and writing skills. The course is taught in Spanish. *Prerequisite: SPA 202 Intermediate Spanish II or instructor permission.*

SPE: SPECIAL EDUCATION (on-ground)**SPE 201 Survey of Special Education (3 credits)**

This course provides an overview and history of individuals with special needs, including possible impact, causes, and characteristics of specific needs across life spans and cultural diversity. Topics include federal laws, Supreme Court cases, legal requirements, ethical implications, education strategies, collaboration between regular and special educators, inclusion, family involvement, and current issues relating to individuals with special needs.

SPE 210 Contemporary Issues & Collaboration in Special Education (3 credits)

Students explore topics related to services and instruction in the field of special education. The course focuses on school-related issues such as eligibility and placement, the importance and role of individual education plans, transition planning, special education policies, and response to intervention. Topics also include models for collaborating with families of individuals with disabilities, related service providers, mental health providers, and other professionals and paraprofessionals. The course places special emphasis on family systems, teaming, consultation, and diversity.

SPE 220 Characteristics of Mild Disabilities (3 credits)

This course focuses on cognitive, language, academic learning, and social-emotional characteristics of individuals with mild disabilities. Students explore issues surrounding assessment, identification, and placement, including cultural factors and issues relevant to non-native speakers of English. The course emphasizes serving and supporting the unique individual needs of students with mild disabilities within the general education curriculum and least restrictive settings. *Prerequisites: SPE 201 Survey of Special Education and SPE 210 Contemporary Issues & Collaboration in Special Education.*

SPE 301 Methods of Instruction for Mild Disabilities (3 credits)

This course focuses on effective teaching for students with or at risk for mild disabilities. It emphasizes research-based instructional methods, evidence-based practices, specially designed interventions, diversity, collaboration, instructional planning and supplementary aids and services spanning grades PreK-12. The course also emphasizes planning, integrating, and implementing the instruction of reading skills into all content areas. *Prerequisite: Admission to the Teacher Education Program (TEP).*

**SPE 302 Reading & Writing Instruction
for Students with Mild Disabilities PreK-12 (3 credits)**

Participants study dynamics of the reading process and major issues in reading instruction for all grade levels. The course focuses on translating evidence-based teaching methods related to language and literacy instruction for individuals with dyslexia and other mild disabilities. Information and evidence-based strategies for identifying language and literacy difficulties are provided. The course emphasizes educational applications—i.e., designing and implementing interventions and instruction for students with reading disabilities. *Prerequisite: Admission to the Teacher Education Program (TEP).*

**SPE 303 Reading Interventions &
Programs for Students with Mild Disabilities (3 credits)**

This course focuses on the creation of reading interventions for students with disabilities. It strengthens the application of translating evidence-based teaching methods of reading into specially designed programs of instruction (and supplementary aids and services) for individuals with dyslexia and other mild disabilities. The course emphasizes the creation and successful implementation of interventions based on the unique, individual reading needs of students with disabilities as defined through individualized educational programs (IEPs). *Prerequisite: SPE 302 Reading & Writing Instruction for Students with Mild Disabilities PreK-12.*

SPE 305 Math Instruction for Students with Mild Disabilities (3 credits)

This course deals with concepts and materials appropriate for cognitive development for all grade levels, with a portion of the course devoted to mathematics principles. It focuses on translating evidence-based teaching methods related to individuals with mild disabilities. Information and evidence-based strategies are provided. The course emphasizes educational applications—i.e., designing and implementing interventions and instruction for students with math disabilities. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP).*

SPE 308 Positive Behavior Supports & Behavior Management (3 credits)

This course focuses on positive behavior supports, behavior management, and behavior interventions for students with or at-risk for mild disabilities. It emphasizes determining antecedents to behaviors, functions of behavior, replacement behaviors, positive reinforcements, evidence-based practices, functional behavior assessment, and behavior intervention plans appropriate for inclusive and least restrictive settings. *Prerequisite: Admission to the Teacher Education Program (TEP).*

SPE 325 Special Education Policies & Procedures (3 credits)

This course focuses on the entire special education process, referrals, eligibility, Individual Education Programs (IEPs), re-evaluations, progress monitoring, least restrictive environment, free appropriate public education, as well as substantial and meaningful educational benefit based on a student's disability. *Prerequisite: Admission to the Teacher Education Program (TEP).*

SPE 330 Assessment of Individuals with Disabilities (3 credits)

This course focuses on educational, behavioral, and adaptive behavior assessment of individuals with disabilities. Emphases include basic measurement concepts and procedures for administering standardized, informal, and curriculum-based tests;

directed experiences in observing and recording behavior; and practice in analyzing assessment results and determining eligibility of a disability. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP).*

SPE 340 Characteristics & Methods of Instruction for Students with Mild Autism (3 credits)

Introduction to children with autism spectrum disorders (ASD). Social, behavioral, and other characteristics; evidence-based assessment and intervention strategies. Emphasis is placed on serving and supporting the unique individual needs of the students with mild autism within the general education curriculum and least restrictive settings. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP).*

SPE 350 Inclusion of Students with Mild Disabilities PreK-5 (3 credits)

This course focuses on students with special needs in preschool through grade 5. Topics include legal requirements, collaboration between general and special educators, family partnerships, Response to Intervention, positive behavior support, evidence-based instructional strategies, progress monitoring, the Individual Education Programs (IEP) process, accommodations, and other supplementary aids and services for students with disabilities in the general education classroom. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP).*

SPE 391 Block 1 Lab Experience: Elementary Grade Span (1 credit)

This lab provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 1 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing Individual Education Programs (IEPs), designing a general education collaborative project, and participating in meetings involving decision making processes for students with disabilities. *Prerequisite: Admission to the Teacher Education Program (TEP). Corequisites: All other Block 1 courses in the TEP. Special Consideration: SPE 391 is a 16-week, term-length course.*

SPE 392 Block 2 Lab Experience: Middle Grade Span (1 credit)

This lab provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 2 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing Individual Education Programs (IEPs), designing a general education collaborative project, and participating in meetings involving decision making processes for students with disabilities. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP). Corequisites: All Block 2 TEP courses. Special Consideration: SPE 392 is a 16-week, term-length course.*

SPE 405 Integration of Technology for Mild Disabilities (3 credits)

Students gain practical training in the integration of technology in the classroom for students with mild disabilities. Emphases include assistive technology software and devices for students with several types of disabilities, universal design, exploration of extensions, apps, multiple types of software programs, organization and productivity options, and how to use available options to meet the unique individual needs of the student with a disability in the general education curriculum and least restrictive settings. *Prerequisites: All Block 1 courses in the Teacher Education Program (TEP).*

SPE 409 Student Advocacy & Transition Services (3 credits)

Student advocacy development, instructional procedures, social policies, and school and post-school factors that predict successful transitions for individuals with disabilities. Collaborative transition models, independent living, education/training, and community-based instruction are emphasized, as are service-delivery issues related to diverse populations. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP).*

SPE 420 Inclusion of Students with Mild Disabilities Grades 6-12 (3 credits)

This course focuses on students with special needs, grades 6 through 12, including causes and characteristics. Topics include legal requirements, co-teaching, supporting students with disabilities in middle and high school classes, response to intervention, evidence-based instructional strategies, the Individual Education Program (IEP) process, family partnerships, current issues, and providing students with disabilities access to state standards through accommodations and other supplementary aids and services. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP).*

SPE 493 Block 3 Lab Experience: Secondary Grade Span (1 credit)

This lab provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 3 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing Individual Education Program (IEPs), designing a general education collaborative project, and participating in meetings involving decision making processes for students with disabilities. *Prerequisites: All Block 2 courses in the Teacher Education Program (TEP). Corequisites: All other Block 3 courses in the TEP. Special Consideration: SPE 493 is a 16-week, term-length course.*

SPE 497 Teaching Practicum (12 credits)

Observation, participation, and directed teaching in an approved school setting will be carried out under the supervision of a selected supervising special education teacher and University personnel. A seminar with the university supervisor is scheduled throughout the semester. Assessment will focus on preparation and teaching procedures. *Prerequisites: Completion of all other courses required for the B.S. in Special Education degree and passing scores in two of the four GACE examinations (Georgia Assessments for Certification of Educators) for Special Education. Special Consideration: SPE 497 is a 16-week, term-length course.*

SPM: SPORTS MANAGEMENT (on-ground)**SPM 300/ PHE 300 Internship in Sports & Recreational Management (1 credit)**

This course is a supervised, structured work experience designed to augment and develop practical experience in sports record keeping and management. *Prerequisite: permission from the Exercise Science program coordinator.*

SPM 423 Sports Facilities Management (3 credits)

This course focuses on principles and procedures involved in the design and management of sports facilities as well as programming and events management. *Prerequisites: BUS 225 Principles of Management and junior standing.*

SPM 425 Team Management (3 credits)

This course provides an overview of the motivational, psychological and organizational considerations involved in the coaching of teams and individual athletes. *Prerequisites: BUS 225 Principles of Management and junior standing.*

SPM 427 Administration of Fitness & Wellness Programs (3 credits)

Students examine all phases of fitness and wellness programs including the administration of fitness tests, program planning and evaluation. *Prerequisites: BUS 225 Principles of Management and junior standing.*

SPM 429 Issues in Sports Management (3 credits)

This course focuses on finance, marketing and promotion, selected legal problems, and human relations in the field of sports management. *Prerequisites: BUS 225 Principles of Management and junior standing.*

SPM 497 Sports Management Internship (3 credits)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisites: Two Sports Management (SPM) courses and permission from the Management department chair.*

STMN: STRATEGIC MINISTRY (online and CCV sites)**STMN 500 Strategic Ministry Orientation (0 credits)**

In this online orientation, students are introduced to the Master of Strategic Ministry program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.S.M. students.

STMN 511A-D Strategic Leadership Practices (3 credits)

Graduate apprentices analyze and critique strategic leadership practices, with Christ's Church of the Valley (Phoenix, Arizona area) serving as a major case study. Students then apply sound leadership principles in a variety of ministry contexts throughout the apprenticeship. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an "IP" (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 521A-D Strategies for Church Expansion (3 credits)

Graduate apprentices identify, evaluate, and apply best practices for church expansion, including first impressions, communication, customer service, special events, and mobilizing volunteers. The course gives special attention to theological and philosophical factors that shape how the church attracts and welcomes the community. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an "IP" (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 522A-D Mobilizing Volunteers for Ministry (3 credits)

Graduate apprentices analyze, evaluate, and apply philosophical approaches and best practices for mobilizing non-paid volunteers for ministry. Areas of focus include recruiting, screening, assigning appropriate roles, training, resourcing, nurturing, evaluating, retaining, and replacing volunteers. Apprentices design, execute, and critique volunteer strategies for various congregational ministries. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an “IP” (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 523A-D Ministry Staff Development (3 credits)

Graduate apprentices evaluate and identify effective practices related to recruiting, hiring, training, managing, and developing paid staff members in churches and parachurch organizations. Topics include legal and ethical issues, and fostering a diverse community in a positive work environment. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an “IP” (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 524A-D Event & Project Management (3 credits)

Graduate apprentices observe, experience, and critique multiple aspects of ministry event and project management. Issues include strategizing, layered planning sessions, project planning tools, milestone forecasting, budgeting, promotion, facility space allocation, remodels, project supervision, volunteer management, and delegation. To demonstrate competence, students design, plan, manage, and evaluate a ministry project or event. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an “IP” (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 531A-D Advanced Strategic Leadership (3 credits)

Graduate apprentices analyze the philosophy and practice of effective North American churches, nonprofits, and Christian leaders. Based on this analysis, they create new strategies for their own leadership practice and apply those approaches during the apprenticeship. *Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions—Part A for 0.5 credits during Fall 1, Part B for 1 credit during Fall 2, Part C for 0.5 credits during Spring 1, and Part D for 1 credit during Spring 2, for a total of 3 credits. Student transcripts will include an “IP” (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.*

STMN 540 Character & Ministry of Jesus: Israel Study Tour (3 credits)

Graduate apprentices complete a study tour of Israel, reflecting on how Jesus' character and ministry philosophy were manifested in historical context. Against this background,

students formulate goals and benchmarks for their own spiritual growth, relationships, and approach to contemporary ministry. They monitor their progress throughout the remainder of the apprenticeship. *Special Consideration: This course is open only to Master of Strategic Ministry students.*

STMN 561A-D Children & Family Ministry (4.5 credits)

This intensive learning experience prepares apprentices to lead children and family ministries in churches, nonprofits, and similar organizations. The course features three primary learning modules: (1) Classroom Management focuses on motivating and managing child behavior while building effective partnerships with parents and volunteers. (2) Equipping Parents focuses on preparing adults to be the primary spiritual guides for their children from birth through 6th grade. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today, security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 562A-D Church Administration (4.5 credits)

This intensive learning experience prepares apprentices to provide administrative oversight and support in churches, nonprofits, and similar organizations. The course features three primary learning modules: (1) Creative Technologies develops a personal philosophy and working proficiencies in print and web graphic design; marketing and communication, including social media, writing for target audiences, and Information Technology services. (2) Finance & Stewardship equips students to create budgets, monitor adherence, and apply biblical principles of generosity and stewardship on a personal and congregational level. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today, security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 563A-D Church Planting (4.5 credits)

This intensive learning experience prepares apprentices to expand a church's ministry through multiple sites and/or the planting of new congregations. The course features three primary learning modules: (1) Finance & Stewardship equips students to create budgets, monitor adherence, and apply biblical principles of generosity and stewardship on a personal and congregational level. (2) Multi-site Strategies exposes students to the multi-site philosophy; factors involved in planning, launching, and developing a successful new campus; and the distinctive role of the campus pastor. (3) Practical Ministry focuses on personal evangelism and pastoral care during life transitions, such as baby/child dedications, baptisms, weddings, and funerals. Students also develop strategies for time management, life balance, and maintaining their personal walk with God. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 564A-D Intercultural Ministry (4.5 credits)

This intensive learning experience prepares apprentices to lead churches in partnering with local and global missions to expand the Kingship of God. The course features three primary learning modules: (1) Mission Strategies focuses on the best philosophical approaches and strategies for implementing a comprehensive global missions program in the local church context. Topics include leadership formation, targeted mission strategies, selecting mission partners, collaborating with international mission teams, leading congregational mission teams, reporting, marketing strategies, and resolving the tension between stewarding God's resources for foreign missions and congregational concerns. (2) Neighborhood Ministries focuses on assessing local needs and embracing neighborhood mission opportunities through service projects and other initiatives aimed at making a Kingdom impact. (3) Strategic Mission Implementation offers students the opportunity to design, communicate, lead, and evaluate a global outreach effort, such as a short-term mission trip or ministry project. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 565A-D Pastoral Ministry (4.5 credits)

This intensive learning experience prepares apprentices to provide pastoral leadership and service in the church and community. The course features three primary learning modules: (1) Applied Homiletics develops advanced abilities to write and deliver effective

sermons to large groups. Students synthesize skills in biblical interpretation, cultural interpretation, practical application, homiletical organization, and delivery. (2) Neighborhood Ministries focuses on assessing local needs and embracing neighborhood mission opportunities through service projects and other initiatives aimed at making a Kingdom impact. (3) Practical Ministry focuses on personal evangelism and pastoral care during life transitions, such as baby/child dedications, baptisms, weddings, and funerals. Students also develop strategies for time management, life balance, and maintaining their personal walk with God. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 567A-D Special Needs Ministry (4.5 credits)

This intensive learning experience prepares apprentices to provide leadership for meaningful ministries with people who have special needs in churches and similar organizations. The course features three primary learning modules: (1) Classroom Management introduces specific applications, methods, and strategies for teaching exceptional students with mild to moderate disabilities. It includes strategies for building relationships and partnerships with parents and volunteers. (2) Equipping Parents focuses on preparing adults to be the primary spiritual guides for their special needs children. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today, security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. (3) Special Needs Events focuses on assessing needs and designing programs and events for special needs people and their families, such as an Exceptional STARS (special needs sports) program. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 568A-D Sports Ministry (4.5 credits)

This intensive learning experience prepares apprentices to plan and direct sports-related ministries that extend the influence of a church or similar organization into its community. The course features three primary learning modules: (1) Sports Ministry Marketing & Promotion focuses on methods for publicizing church activities to both internal and external audiences—particularly through social media. (2) Sports Ministry

Program Administration focuses on how to develop and lead a high quality sports program that builds relationships between unchurched people and the faith community. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today, security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 569A-D Worship Ministry (4.5 credits)

This intensive learning experience prepares apprentices to lead ministries related to music, video, and special programs that facilitate the worship of a community of believers. The course features three primary learning modules: (1) Music & Performance focuses on spiritual preparation and practical skills for ministries of music, worship, and the arts. (2) Staging & Production focuses on planning and staging live productions to support corporate worship and other ministries. Elements include the philosophy of church production, stage design, lighting, audio, technical maintenance/engineering, volunteer recruitment and management, and other skills. (3) Media & Web trains students to create and produce video content for worship services, neighborhood small group curriculum, web/social media, and a variety of other church ministries. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 570A-D Youth Ministry (4.5 credits)

This intensive learning experience prepares apprentices to lead ministries for middle and high school students. The course features three primary learning modules: (1) Classroom Management focuses on designing and executing effective educational experiences for adolescent youth and families. Issues include classroom management, small group leadership, managing and motivating youth behaviors, and building effective partnerships with parents and volunteers. (Equipping Parents focuses on preparing adults to be the primary spiritual guides for their adolescent youth. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today,

security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. (3) Pastoral Care for Families focuses on assessing pastoral needs and implementing strategies for care and growth. Issues include intake, intervention, third-party referral, and ethical and legal boundaries. *Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an "IP" (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.*

STMN 590 Strategic Ministry Capstone (1 credit)

Master of Strategic Ministry students synthesize biblical and ecclesiological insights, congregational research, leadership and ministry experiences, and spiritual formation into a personal philosophy of strategic ministry for ongoing service. *Special Considerations: Point offers this course during Spring Session 2. It is open only to Master of Strategic Ministry students nearing completion of their degree program.*

SWK: SOCIAL WORK (on-ground)

SWK 401 Social Work Policy I (3 credits)

SWK 401-402 Social Work Policy I-II provide an introduction to the history, structure, and theories of social work, and the various policies of social welfare. This first course examines the theories and theorists of social work and the nature of society's need for social workers. *Prerequisite: SOC 300 Social Theory. Special Consideration: SWK 401 is a Writing Emphasis course.*

SWK 402 Social Work Policy II (3 credits)

SWK 401-402 Social Work Policy I-II provide an introduction to the history, structure, and theories of social work, and the various policies of social welfare. This second course examines the processes and analytic models used in social work, and how social workers can affect political processes for social justice. *Prerequisite: SWK 401 Social Work Policy I.*

SWK 410 Social Work Practice (3 credits)

This course is an introduction to evaluation techniques, problem-solving in a social work setting and the ethics of practicing as a social worker. *Prerequisite: SOC 300 Social Theory.*

SWK 497 Field Work in Social Work (6 credits)

This course is an introduction to evaluation techniques, problem-solving in a social work setting and the ethics of practicing as a social worker. *Prerequisite: SWK 410 Social Work Practice. Special Considerations: SWK 497 is a 16-week, term-length course.*

THE: THEOLOGY (on-ground)**THE 301 Theological Foundations for the Christian Life (3 credits)**

This course is a review of major theological ideas found in Scripture with a focus on how they inform Christian thought. Designed to introduce how to think and live theologically, this study offers a solid theological basis for integrating biblical ideals into life, ethics, business, and church community. *Prerequisites: BBS 102 The Drama of Scripture and BBS 201 Biblical Interpretation.*

THE 302 Apologetics (3 credits)

This course includes a study of the theological and philosophical defense of Christianity with an emphasis on the key aspects of a variety of models of apologetics. *Prerequisite: BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life. Special Consideration: THE 302 is a Writing Emphasis course.*

THE 392 Theology & the Arts (3 credits)

This is an interdisciplinary course on the relationship between theology and the arts in both theory and practice. This course will overview the recent major work on a theology of the arts, while also investigating how theology is done through the arts. *Prerequisites: HUM 101 Introduction to Humanities and either BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life. Special Consideration: THE 392 is a Writing Emphasis course.*

THE 401 Systematic Theology (3 credits)

This course will consist of an overview of the enterprise called systematic theology, followed by a systematic theological treatment of the sacraments of baptism and the Eucharist. *Prerequisite: BBS 304 Scripture: Reading & Interpretation or THE 301 Theological Foundations for the Christian Life. Special Consideration: THE 401 is a Writing Emphasis course.*

THE 405 Christ, Culture & Career (3 credits)

In this capstone course, students draw upon their university studies in Bible, Theology, Humanities, and the Sciences to integrate culture and a Christian worldview. In the final portion of the course, they pursue one tangible outcome of a Christian worldview in contemporary culture—namely, integration of their faith and calling in their projected vocation or place of service. *Prerequisites: BBS 102 Drama of Scripture, BBS 202 Jesus: The Focus of Scripture, and BBS 304 Scripture: Reading & Interpretation, or permission from the Biblical Studies department chair. Recommended: Students should complete THE 405 as the final course in their Biblical Studies Minor or Biblical Studies Major. Special Consideration: THE 405 is a Writing Emphasis course.*

THE 490 Studies in Religion & Theology (credits vary)

This course, flexible in procedure and content, focuses on a selected study from the fields of Christian theology or contemporary religions. *Prerequisites: As announced.*

THEO: THEOLOGY (online)**THEO 301 Theological Foundations for the Christian Life (3 credits)**

Students explore major theological ideas in Scripture with a focus on how they inform Christian thought. Designed to introduce how to think and live theologically, this study offers a solid theological basis for integrating biblical ideals into life, ethics, business and

church community. *Prerequisites: BIBL 103 The Drama of Scripture and BIBL 306 Scripture: Reading & Interpretation.*

THEO 310 Spiritual Formation: Kingdom Living (3 credits)

Students explore how God uses Scripture, people, contexts, events, literature, and historical Christian disciplines to form and transform believers through the work of the Holy Spirit. The course also introduces principles of congregational formation. *Prerequisites: BIBL 103 The Drama of Scripture and BIBL 202 Jesus: The Focus of Scripture, or permission from the Biblical Studies department chair. Special Consideration: Qualified undergraduates may complete THEO 535 Promoting Spiritual Formation & Discipleship as a “swing course” in place of THEO 310.*

THEO 390 Special Topics in Theological Studies (1-3 credits)

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Theological Studies. *Special Considerations: Requires approval by the Biblical Studies or Christian Ministries department chair. The chosen topic may appear on the student’s transcript. Since topics vary from session to session, students may repeat this course for credit.*

THEO 405 Christ, Culture & Career (3 credits)

In this capstone course, students draw upon their university studies in Bible, Theology, Humanities, and the Sciences to integrate culture and a Christian worldview. In the final portion of the course, they pursue one tangible outcome of a Christian worldview in contemporary culture—namely, integration of their faith and calling in their projected vocation or place of service. *Prerequisites: BIBL 103 The Drama of Scripture, BIBL 202 Jesus: The Focus of Scripture, BIBL 306 Scripture: Reading & Interpretation, and THEO 310 Spiritual Formation: Kingdom Living, or permission from the Biblical Studies department chair. Special Consideration: The online program schedules this course at the end of each professional major, so that each major flows directly into the capstone.*

THEO 445 Theology of Sin & Salvation (3 credits)

Students explore biblical doctrines concerning the nature and effects of human sin and of God’s provision of salvation, including the doctrines of grace, redemption and atonement, the person and work of Christ, the nature of saving faith, and the role of the Holy Spirit in the life of the believer.

THEO 510 The Emerging Kingship of God (3 credits)

This course provides an overview of the biblical metanarrative, with focus given to the emerging Kingship of God (realized eschatology) and the *Missio Dei* (mission of God). Students analyze, evaluate, and apply historical, apostolic, and orthodox elements of Christianity in order to think biblically and theologically about God’s redemptive movement throughout the world.

THEO 525 The Church as God’s Agent of Transformation (3 credits)

This course focuses on the role the church plays in God’s redemptive story. Using the narrative of Luke-Acts (with its focus on breaking down barriers) as an interpretive center, students construct an ecclesiology that is biblical and holistic from a global perspective.

THEO 530 “Life Together” Retreat (3 credits)

Students participate in a five-day retreat during which they explore and experience biblical concepts of corporate spirituality, well-being, and growth through the conceptual framework of Dietrich Bonhoeffer’s *Life Together*.

THEO 535 Promoting Spiritual Formation & Discipleship (3 credits)

Students research the biblical concept of holistic spirituality, the expectation of spiritual growth of the minister, and the means of spiritual well-being and growth through classic spiritual disciplines, such as meditation, prayer, *Lectio Divina*, simplicity, solitude, and service. They integrate a holistic model of spirituality with discipleship strategies for spiritual well-being in the minister and for the ministry context. *Special Consideration: Qualified undergraduates may complete THEO 310 Spiritual Formation: Kingdom Living.*

YMIN: YOUTH MINISTRY (online)**YMIN 205 Contemporary Models for Youth & Family Ministry (3 credits)**

Students explore and critique a variety of contemporary approaches to youth and family ministry and discipleship in the local church and community. Examples include family-based models, mission-based models, sports ministry, and ministry through social media.

YMIN 305 Adolescent Growth & Maturation (3 credits)

Building on PSYC 204 Developmental Psychology, students make a more in-depth investigation of adolescent psychology and the impact of social, cultural, and spiritual influences on growth and maturation. The course highlights approaches to helping adolescents “put on their adulthood” as they “put on Christ.” *Prerequisite: PSYC 204 Developmental Psychology.*

YMIN 310 Practical Skills for Youth & Family Ministers (3 credits)

This course focuses on essential skills, tools, and resources for youth and family ministers. Examples include designing effective educational experiences for youth, maintaining safety and security, budgeting, and event and project management. Students explore the wide range of resources available to leaders engaged in ministry and discipleship.

YMIN 315 Interpersonal Skills for Youth & Family Ministers (3 credits)

This course develops important interpersonal skills for youth and family ministers. Examples include elements of pastoral care, small group leadership, classroom management, volunteer mobilization, legal and ethical issues, and building effective partnerships with parents and volunteers.

YMIN 405 Ethics in Youth & Family Ministry (3 credits)

This course focuses on ethics of professional practice for youth and family ministers, including appropriate personal and professional boundaries, ethical parameters of engaging in family dynamics, legal requirements in situations of risk, ethical implications of social and technological changes, and respect for diverse cultural values.

YMIN 420 Parent Education & Discipleship (3 credits)

This course equips ministers with principles and practical skills for guiding and supporting parents. Areas of focus include how parents influence, teach, guide, and disciple children and adolescents; parental roles in spiritual formation and discipleship; psychological, social, and behavioral outcomes of different parenting styles and family

structures; the impact of societal trends on parenting; changing parenting roles across the lifespan; and the influence of cultural differences and values. *Prerequisites: PSYC 204 Developmental Psychology, HREL 202 The Family, BIBL 280 Biblical Theology of the Family.*

YMIN 497 Practicum in Youth & Family Ministry (3 credits)

Students engage in youth and/or family ministry in a local church or parachurch setting under the supervision of a seasoned minister. *Special Consideration: Students normally complete YMIN 497 as the final course in the Youth & Family Ministries Major. They may complete the practicum earlier with permission from the dean of the College of Biblical Studies & Ministry.*

YTH: YOUTH MINISTRY (on-ground)

YTH 220 Introduction to Youth Ministry (3 credits)

This course provides an overview of the field of youth ministry that covers the philosophy of youth work as well as practical methods and programming. *Prerequisite: MIN 202 Educational Ministries or MIN 313 The Practice of Christian Ministry.*

YTH 323 Programs in Youth Ministry (2 credits)

This course includes a study of the various programs in youth work occurring in the week-to-week operations of the local church. *Prerequisite: YTH 220 Introduction to Youth Ministry.*

YTH 324 Youth Leadership (2 credits)

This course includes a study of the recruitment, training, and nurturing of adults who work with the youth program of the local church. *Prerequisite: YTH 220 Introduction to Youth Ministry.*

YTH 360 Recreational Leadership (3 credits)

This course is designed to assist in the planning, promoting, and conducting of church-related recreation programs, stressing the needs of all ages and the variety of forms.

YTH 417/CHS 417 Counseling Adolescents (3 credits)

This course focuses on significant clinical issues facing adolescents in the areas of physical, emotional, social, and cognitive development. *Prerequisite: CHS 211 Introduction to Counseling or MIN 313 The Practice of Christian Ministry.*

YTH 426 Youth Ministry Seminar (credits vary)

This course includes an in-depth study of the youth ministry ministerial objective, adult relationships in the church, and youth program development. *Prerequisite: YTH 323 Programs in Youth Ministry.*

YTH 490 Studies in Youth Ministry (credits vary)

This course, flexible in procedure and content, focuses on a selected study in the field of youth ministry. *Prerequisites: YTH 220 Introduction to Youth Ministry and as announced.*

YTH 497 Youth Ministry Internship (credits vary)

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. *Prerequisite: permission from the Christian*

Ministries department chair. Special Considerations: YTH 497 is a 16-week, term-length course. It is graded on a pass/fail basis using a point scale.

MASTER COURSE LIST

The following master list includes every course used in academic programs *currently* offered by Point University. The faculty continues to teach a few other courses related to older programs that are being revised or discontinued. However, the master list only reflects *current* program requirements.

APSP: Adult & Professional Studies (online)
