Science Experiment Counselor

**Where is the job location?**

Freedom, New Hampshire

**How is the job classified?**

- Full-time

**What qualifications are desired?**

Who we are

Camp Cody is a co-ed Summer Camp in Freedom, New Hampshire. Since 1926, we have been providing unique experiences for campers and staff of all ages worldwide. Our Cody team is made up of teachers, athletes, coaches, creatives, hikers, bikers, travelers, and so much more. Together, we provide a safe and fun environment where campers and staff create life-long memories.

What you'll be doing

The Science Experiments Instructor will be part of the Individual Activities Team. As the Science Experiments counselor, you will bring your expertise in various aspects of the activity to provide a safe environment at all times. You will provide instruction on how to safely and efficiently create science experiments at all levels and abilities.

What we need from you

Develop and deliver engaging science experience programming appropriate for the age and ability for each session.

Supervise and support campers to ensure safety, development, growth, and general well-being.

Assist in the management and care of the facilities and equipment in the program area.

Communicate and collaborate with other camp staff members to facilitate positive camper experiences.

What skills & experience you'll bring to us

Proven experience in working with children and comprehensive knowledge of science.

Adaptability and flexibility in a fast-paced camp environment.

Strong communication, interpersonal, and leadership skills.

Physical ability to lead activities for 6 to 8 hours per day.

Displays an energetic and positive personality.

Salary & benefits

Camp Cody offers a competitive salary (\$400/per week), room and board, staff training, weekly laundry service, camp t-shirts, weekly day-off, access to our snack-stocked staff lounge, and lifelong friendships!
