

HOW IT WORKS:

1. Student “raises hand”/expresses interest in the program.
2. Area supervisor or operator directs them to fill out the Team Member Agreement and the employment verification on [this webpage](#) (password: GOLD).
3. Team member [applies online](#).
4. Team member will need to request their own transcripts and send to Point University. *Please note that if a team member has a hold at a previous institution, they will need to work directly with the previous institution on the transcript release.*
5. Team member completes the [FAFSA at FAFSA.gov](#) (school code: 001547).
6. Team member continues to check emails and answer phone calls to ensure his or her file is completed.
7. Once the file is complete, the team member will be reviewed by our admission committee and will receive a decision within one week!
8. After being admitted, the team member will be registered for classes, given information on how to access course materials and where to buy books, etc.
9. Our advisors will stay engaged throughout the process and continue to provide resources and support! Contact CFAsupport@point.edu with any questions.
