### Additional comments

Weiner Christian Church has been dedicated to worshipping and following Jesus Christ since 1962. We are a non-denominational Christian Church that developed as a result of the Restoration Movement. We maintain that the Bible alone dictates our rule of faith and practice. Our church is located in the small town of Weiner in northeast Arkansas. The area is predominantly agricultural with rice being the major crop grown. Weiner Christian Church participates in a Ministerial Alliance with other churches in the town to provide extra assistance to those in need and to collaborate on a couple of community-wide special services. Weiner Christian Church has developed a reputation through the years for a dedication in providing activities for youth in the community. The church views community needs and outreach as important services. The town's elementary school, Weiner Elementary School, has received national recognition as a Blue Ribbon School and many state awards. The school is part of the consolidated district of Harrisburg School District. The minister position for Weiner Christian Church became open in June of 2024. It is the only paid position other than a custodian, with other services provided by volunteers. The facilities are in top condition, as is the parsonage.
