**Additional comments**

Journey Christian Church is a growing congregation in the fastest growing county in Georgia. Our church is new to Cherokee County. We purchased our current property in 2021 where God planted us after five years of meeting in rented spaces. We now sit on 26 acres with room to grow, right in the heart of the Hickory Flat community outside of Canton, Georgia. Two hundred new families move within 2 miles of the church every month. Nearly 200,000 people live within fifteen minutes of the church. Our mission is to "bring the peace of Christ to every household in our community." We are gentle church, desiring to love people to Jesus.
