Welcome to the College of Arts and Sciences!

The College of Arts and Sciences is home to the Fine Arts, Health Sciences, Sciences and Mathematics, Humanities, and Information Technology Departments.

You can learn more about each department and their respective programs by clicking below:

[Fine Arts Department](#)

[Health Sciences Department](#)

[Humanities Department](#)

[Science and Mathematics Department](#)

[Information Technology Department](#)

Personnel

A complete listing of full-time faculty for the College of Arts and Sciences is listed below. You can learn more about faculty by visiting faculty biographies [here](#).

College Dean

Dedra R. Woolfolk, Ph.D. in Pharmacology, M. S. in Biological and Biomedical Sciences—Dean of the College of Arts & Sciences, Professor of Natural Science

Department Chairs

- Jennifer Allen Craft, M.Litt. in Theology, Imagination and the Arts, Ph.D. in Divinity—Humanities Department Chair, Professor of Humanities and Theology
- Michael J. Elliott, Ph.D. in Chemistry/Chemical Education—Associate Professor of Chemistry, Sciences & Mathematics Department Chair
- Andrew Harry, M.Mus. in Piano Performance, Doctor of Music Education candidate—Fine Arts Department Chair, Assistant Professor of Fine Arts
- Christopher Simonavice, MBA, M.S. in Telecommunications Systems Management—Interim Information Technology Department Chair, Associate Professor of Information Technology

Other Full-Time Faculty

- Rebecca L. Aquino, D.O. in Osteopathy—Assistant Professor of Science
- JoAnn Bradley, M.A. in Christian Apologetics— Instructor of English
- Tammy Burch, M. S. in Education —Assistant Professor of Mathematics
- Taylor Douglas Bowman, Ph.D. in English Literature—Associate Professor of English
- Josh Dalessandro, Master of Biological Sciences, Doctorate of Chiropractic—Assistant Professor of Science
- Randall George Howell, M.Ed. in Biological Sciences—Assistant Professor of Biology
- Sarah G. Huxford, Master of Mass Communication—Associate Professor of Communication
- Scarlet Jernigan, M.S. in History Education, M.A. in History, Ph.D. in History—Assistant Professor of History
- Rae Leonard, M.S. in Early Childhood Education, Ed.S. in Educational Leadership & Administration—Assistant Professor of Online Education
- Allison M. Kemper, D.P.T. in Physical Therapy—Associate Professor of Exercise Science
- Kathryn Johnson Radunski, M.Ed. in Mathematics Education—Instructor in Mathematics and Science
- MaryAna McGee, M.A. in English—Assistant Professor of English
- Nick Palombo, M.A. in English, Ph.D. in English—Assistant Professor of English
- Matthew Portwood, M.Ed. with emphasis in English, Ed.S. in Educational Leadership—Assistant Professor of English
- Susan S. Ryan, M.A. in English, Ed.D. in Curriculum Studies—Dean of the College of Education, Professor of English and Education
- Raj Sampath, M.S. in Decision Science, Ph.D. in Management, - Assistant Professor of Mathematics
- Amy L. Schuler, M.S. in Biology—Instructor in Biology
- William Grant Vickery, Ph.D. in English—Assistant Professor of English
- Nicci Wooley, M.A. in Professional Communication—Assistant Professor of Communication
- Martha "Nan" Harrell, Ph.D. in Information Systems—Assistant Professor of Information Technology

The Point University Core Curriculum

[General Education Core Online](#)

[General Education Core Residential](#)

Background: The Point University Core Curriculum. All Point University associate's degree programs include courses in General Studies (Liberal Arts) and Character Formation. All Point bachelor's degree programs include a full 30+ credit General Studies Core and a 15-credit Character Formation Component. For *on-ground* baccalaureate students residing at Point's main campus, the Character Core takes the form of a 15-credit Biblical Studies Minor (or Biblical Studies Major). *Online* students fulfil this

requirement by completing either (1) a Theological Track that emphasizes a biblical approach to these issues; (2) a Character Formation & Leadership Track focused on issues of worldview and ethics; or (3) a customized track that combines elements of both. Together, the General Studies and Character Formation components form Point University's "Core Curriculum," a broad foundation for lifelong learning and more advanced professional studies.

Relationship of the Core Curriculum to Point's Gen Ed Competencies. Point University's mission and goals include facilitating students' intellectual, spiritual, and social growth. In accordance with these aims, Point's Core Curriculum develops certain broad General Education Competencies in all associate and baccalaureate degree students, regardless of program, location, or modality. The following table lists those competencies, along with instruments used to assess student attainment:

The student will be able to:	Assessment measure(s)
1. Communicate effectively.	<i>PAA Assessment</i> , subscores in Reading and Writing
2. Operate in the areas of humanities, social science, and natural science.	<i>ETS Proficiency Profile</i> , subscores in Humanities, Social Science, and Natural Science
3. Demonstrate skills in critical thinking and mathematics.	<i>PAA Assessment</i> , subscores in Critical Thinking and Mathematics

The student learning objectives for the General Education Core build on Point's General Education Competencies and directly contribute to students' ability to achieve those competencies.

Academic Policies Related to General Education

Undergraduate Mathematics Policy. Point University offers three levels of general math courses as shown below:

Higher Level	MTH 212 Calculus II
	MTH 210 Calculus I
	MTH 202 Basic Statistics
	MTH 191 Pre-Calculus
Mid-Level (Gen Ed minimum)	MTH/MATH 120 College Algebra
	MTH/MATH 117 Introductory Statistics
	MTH/MATH 115 Quantitative Reasoning
Lower Level	MTH/MATH 113 Intermediate Algebra
	MTH/MATH 111 Elementary Algebra

Each degree program has specified the "minimum" math course required for students pursuing that program. Students should review the degree sheet specific to their program for additional guidance. Students are encouraged to reach out to their faculty advisor or the advising center at advising.center@point.edu.

(1) *The mid-level courses are the lowest level math courses that can fulfil the General Education Core requirement to earn an associate's or bachelor's degree.* MTH/MATH 111 Elementary Algebra and MTH/MATH 113 Intermediate Algebra *do not* fulfil the minimum Core requirement for any program but may be used as General Electives. Some programs require higher-level math, so students should check program requirements.

(2) The minimum math course is not the only way to fulfil the degree requirement because students may substitute a higher level math course for the minimum. For example, students majoring in Public Health must, at minimum, complete MATH 117 Introductory Statistics to enter the major. However, MATH 120 College Algebra also qualifies them to enter the major since it is a higher level course than MATH 117.

(3) Students who need a review of foundational skills prior to entering their required math course may need to enroll in a lower-level course to prepare themselves. For example,

- MTH/MATH 111 Elementary Algebra prepares students for MTH/MATH 113 Intermediate Algebra.
- MTH/MATH 113 Intermediate Algebra prepares students for MTH/MATH 120 College Algebra.
- MTH/MATH 120 College Algebra and MTH 191 Pre-Calculus prepare students for MTH 210 Calculus I.

Students may use these lower-level courses as General Electives.

(4) Since mathematics lays the groundwork for many professional skills, full-time undergraduate students must enroll in an appropriate math course within the first two terms of enrollment at Point. If necessary, they must then enroll in an appropriate math course every term it is offered until they have successfully completed *the mathematics course required for their degree program with a grade of "C" or higher*.

Undergraduate Math Placement Test. The *Point Admission Assessment (PAA)* includes a math placement test. On-ground students usually complete the PAA before or during their "Starting Point" event. Online students either take the full PAA or complete the math placement part of the PAA during PASS 100 Online Orientation. Point places students in math courses based on their PAA score.

Undergraduate English Policy. Full-time students should complete ENG/ENGL 101 Critical Reading & Writing I and ENG/ENGL 102 Critical Reading & Writing II as early as possible in their programs. Passing these courses with a grade of “C” or higher is a prerequisite for many other courses.

Writing Emphasis Courses. In the Lower Division, undergraduate students gain university-level writing skills through ENG/ENGL 101-102 Critical Reading & Writing I-II, supported by metacognitive and career-readiness strategies taught in APSP 110/EFT 101 Effective Thinking. Point further develops those skills in the Upper Division through “Writing Emphasis” (WE) courses included in the Character Formation Component and each professional major. In the WE courses, students complete formal writing projects appropriate to their chosen career or discipline, which are evaluated using a University rubric.

Transfer Guidelines for the General Education Core, Character Core, and Biblical Studies Minor. The faculty of Point University has specifically designed each course in the General Education Core, Character Core, Biblical Studies Minor, and professional programs to serve the University mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be transfer friendly while remaining true to its mission, Point has established transfer guidelines. The Registrar applies these guidelines in consultation with the Chief Academic Officer and college deans. For the guidelines and full policy on course transfers, see “Credit for Prior Learning” in the section of this catalog focusing on “Academic Regulations.”

Dual Credit Enrollment Courses. Point University admits qualified high school students into its Dual Credit Enrollment program (DCE, also known as “joint enrollment”). In this program, students complete college-level courses that simultaneously fulfil requirements for both their high school diploma and a university degree from Point. For more information, see “Application Procedures for Dual Credit Enrollment Students” in the section of this catalog focusing on “Application & Admission.”

Point offers DCE courses in both on-ground and online formats. All Point DCE course curricula are approved by the State of Georgia. Virtually all DCE courses fall into the category of “General Education” and meet Point University General Education Core requirements.

Policy for Degree-Seeking Students with Undecided Major

For purposes of academic planning and financial aid, Point recommends that students seeking a bachelor’s degree declare their desired major as soon as possible. However, if they have not yet chosen a major, they should follow the policies outlined below.

If degree-seeking *on-ground* students have not yet decided their baccalaureate major, or if they desire to complete a bachelor’s degree at another university offering a major not found at Point, they should enroll in Point’s on-ground B.A. or B.S. in University Studies program (described below). This program keeps students’ options open for the future and allows them to apply for financial aid if needed.

If degree-seeking *online* students have not yet decided their baccalaureate major, or if they desire to complete a bachelor’s degree at another university offering a major not found at Point, they should enroll in Point’s online Associate of Arts in General Studies program (described below). This program consists almost entirely of General Education courses that will apply to any Point bachelor’s degree and will transfer to other universities. It keeps students’ options open for the future and allows them to apply for financial aid if needed.

Once students decide on a major, they should contact the academic advising center (telephone 706-385-1018, email Advising.Center@Point.edu) and follow the procedure for “Declaring Programs, Majors, and Minors” found in the section of this catalog devoted to “Academic Advising.”

Role of the Character Formation Component in the Point University Core Curriculum

Background: The Point University Core Curriculum. All Point University associate’s degree programs include courses in General Studies (Liberal Arts) and Character Formation. All Point bachelor’s degree programs include a full 30+ credit General Studies Core and a 15-credit Character Formation Component. For *on-ground* baccalaureate students residing at Point’s main campus, the Character Formation Component takes the form of a 15-credit Biblical Studies Minor (or Biblical Studies Major). *Online* students fulfil this requirement by completing the Character Core, which consists of either (1) a Theological Track that emphasizes a biblical approach to these issues; (2) a Character Formation & Leadership Track focused on worldview and ethics; or (3) a customized track that combines elements of both. Together, the General Studies and Character Formation components form Point University’s “Core Curriculum,” a broad foundation for lifelong learning and more advanced professional studies.

Adding Minors to Bachelor’s Degree Programs. All baccalaureate programs include the General Education Core and the Character Core. In *on-ground* programs that do not include a dual major in Biblical Studies, the Character Core takes the form of a Biblical Studies Minor.

Beyond the Biblical Studies Minor, students may add a minor(s) to any bachelor’s degree program that does not include that specific area of study as its major and/or as noted otherwise. (For example, a student graduating with a History Major will not also receive a History Minor even though all courses in the minor are included in the major.) Students may not add minors to associate’s degrees. For full policies concerning “Majors and Minors,” see the section of this catalog titled “Introduction to Academics.”

Transfer Guidelines for the General Education Core, Character Core, and Biblical Studies Minor. The faculty of Point University has specifically designed each course in the General Education Core, Character Core, Biblical Studies Minor, and professional programs to serve the University mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be transfer friendly while remaining true to its mission, Point has established transfer guidelines. The Registrar applies these guidelines in consultation with the Chief Academic Officer and college deans. For the guidelines and full policy on course transfers, see “Credit for Prior Learning” in the section of this catalog focusing on “Academic Regulations.”

Welcome to the College of Biblical Studies and Ministry!

The College of Biblical Studies and Ministry is home to the Biblical Studies and Christian Ministries Departments.

You can learn more about each department and their respective programs by clicking below:

[Biblical Studies Department](#)

[Christian Ministries Department](#)

Personnel

A complete listing of full-time faculty for the College of Biblical Studies and Ministry is listed below. You can learn more about faculty by visiting faculty biographies [here](#).

Salaries of faculty members who teach in the Biblical Studies Department are funded in part by the Mount Olive Christian Church Trust Endowment.

College Dean

Samuel W. ("Wye") Huxford, M.Div. in New Testament and Theology—Dean of the College of Biblical Studies & Ministry, Christian Ministries Department Chair, Professor of Biblical Studies

Department Chairs

- Holly J. Carey, Ph.D. in New Testament and Christian Origins—Biblical Studies Department Chair, Professor of Biblical Studies
- Samuel W. ("Wye") Huxford, M.Div. in New Testament and Theology—Dean of the College of Biblical Studies & Ministry, Christian Ministries Department Chair, Professor of Biblical Studies

Other Full-Time Faculty

- Jennifer Allen Craft, M.Litt. in Theology, Imagination and the Arts, Ph.D. in Divinity—Humanities Department Chair, Professor of Humanities and Theology
- Zechariah Eberhart, MATS in New Testament, Ph.D. in New Testament and Early Christianity—Assistant Professor of Biblical Studies
- Gordon E. Griffin, D.Min. in Ministry—Instructor of Biblical Studies and Ministry
- Nathan Jones, M.A. in History of Christianity, Ed.D. in Organizational Leadership—Associate Professor of Christian Ministry
- John H. Morris, Ph.D. in New Testament—Professor of Biblical Studies
- Rachel Nabulsi, M.A. in Hebrew Bible and Ancient Near Eastern History, Ph.D. in Hebrew Bible and Linguistics—Associate Professor of Biblical Studies
- Joshua F. Rice, Ph.D. in New Testament Studies—Assistant Professor of Biblical Studies

Academic Organization

Senior Academic Administrator. The Chief Academic Officer (CAO), Dr. Jon Ernstberger, leads the academic division of Point University. He reports to the president, who reports to the Board of Trustees. The CAO serves on the president's senior support team. His primary responsibility is to ensure alignment of every aspect of academic operations with the University mission and values, including programs, personnel, policies, facilities, and finances.

Five Colleges. Point has organized its faculty into five colleges focusing on particular academic fields or disciplines—namely, the (1) College of Arts & Sciences, (2) College of Biblical Studies & Ministry, (3) College of Business & Leadership, (4) College of Education, and (5) College of Social & Behavioral Sciences. Each college is led by a dean, who reports to the Chief Academic Officer. Within their respective colleges, the deans oversee faculty department chairs, who oversee program coordinators and remaining faculty. Faculty subject matter experts within each college oversee all academic programs related to their field, regardless of level (undergraduate or graduate), modality (on-ground, online, or hybrid), or location (main campus or other education sites).

Academic Programs and Organization. The list of colleges, departments, and academic programs can be found by navigating to the Colleges tab in the header. For information concerning a given program or area, contact the appropriate dean, department chair, or program coordinator.

Student Support Services. A professional staff works alongside the faculty to provide various types of academic support services for faculty and students. Examples include registrar, library, technical, instructional design, enrollment, advising, tutoring, counseling, disability, financial, and administrative services.

University Academic Council. Decisions that affect only students within a given department or program are generally made at the department or college level (e.g. course curricula, practicum requirements). Decisions that require a broader "University perspective" are made by the University Academic Council (e.g. admission standards, academic calendar, General Education Core requirements, new program development). Chaired by the Chief Academic Officer (CAO), the University Academic Council (UAC) focuses primarily on issues related to educational programs, policies, assessment, quality control, and accreditation. The UAC is composed of the Chief Academic Officer as its chair, the college deans, academic administrators, and others as appointed by the CAO.

Accreditation and Authorizations

This *Academic Catalog* presents the educational programs and policies of Point University for students entering in Fall Term 2024, Spring Term 2025, and Summer Term 2025. It describes programs offered at the main campus in West Point, Georgia, along with programs offered online and at other Point educational sites, including Dual Credit Enrollment (DCE).

Point University Accreditation. Point University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, telephone 404-679-4500, or <http://www.sacscoc.org> for questions about the accreditation of Point University. All other inquiries, such as for admission or academic information, should be made directly to the appropriate Point office.

SACSCOC is recognized by the United States Department of Education and the Council of Higher Education Accreditation (CHEA).

State Authorizations. For purposes of Title IV (financial aid), Point University is authorized to operate in Georgia by the Governor's executive order of June 28, 2013. Point offers online degree programs to students in 49 states with appropriate state authorization through GA-SARA, NC-SARA, and other arrangements. The process to review and appropriately act on complaints arising under state laws and NC-SARA is conducted by the Georgia Nonpublic Postsecondary Education Commission (GNPEC, 2082 East Exchange Place, Suite 220, Tucker, GA 30084, www.gnpec.ga.gov or call 770-414-3300). *However, out-of-state online students must first complete the complaint process through Point University and contact GNPEC only if the complaint is not resolved.*

GaPSC Teacher Education Accreditation. The Georgia Professional Standards Commission (GaPSC, www.gapsc.com) governs teacher certification in the State of Georgia. Within Point's College of Education, GaPSC has approved the Teacher Education Department and all educator programs that lead to state certification. Approved programs include the Elementary Education preparation program (preschool through fifth grades), the Middle Grades Education preparation program (fourth through eighth grades), the Secondary Education program in the areas of Biology, English, and History (sixth through twelfth grades), and the Special Education General Curriculum program (grades PreK-12).

CSWE Social Work Accreditation. Point University launched its Bachelor of Social Work (B.S.W.) program in 2019-2020 after receiving approval to offer the program from its SACSCOC institutional accrediting body. At the same time, Point began the process of seeking professional accreditation from the Council on Social Work Education (CSWE, <https://www.cswe.org>). Point aligned its Social Work Major with CSWE's nine Core Competencies and other standards, so that the program prepares students for licensure as social workers. In February 2020 the CSWE Commission on Accreditation granted candidacy status to Point's B.S.W. program. In November 2021 CSWE granted

Initial Accreditation through October 2029. In accordance with CSWE policy concerning retroactive accreditation status, any students who entered the program in Fall Term 2019 or later are considered to have graduated from a CSWE-accredited Social Work program. For further information concerning CSWE accreditation, contact Dr. Aisha Williams, BSW Program Coordinator and Chair of the Sociology & Social Work Department (Aisha.Williams@Point.edu).

U.S. Department of Education Recognition. Point University is recognized by the U.S. Department of Education and is listed in the Education Directory. For the purposes of Title IV (federal financial aid), Point University is authorized to operate in Georgia by the Governor's executive order of June 28, 2013.

USCIS Approval for Serving International Students. United States Citizenship and Immigration Services (USCIS) of the Department of Homeland Security has approved Point University for acceptance of foreign students. Students who are eligible for benefits under programs administered by the Veterans Administration, State of Georgia Rehabilitation and Social Security are approved to receive benefits while attending the University. Point University has been certified as a nonprofit institution by the Internal Revenue Service.

Georgia State Authorization and Student Complaint Process

As an institution that participates in the federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended, Point University is authorized to operate by the State of Georgia. Point is authorized by name to operate educational programs beyond secondary education in Georgia by the Governor's executive order of June 28, 2013.

In Georgia, the Georgia Non-Public Post-Secondary Education Commission (GNPEC) conducts the process to review and appropriately act on complaints arising under State laws, including damage or loss as a result of any act or practice by a nonpublic post-secondary educational institution. *However, out-of-state online students must first complete the complaint process through Point University and contact GNPEC only if the complaint is not resolved.*

A student who has an unresolved complaint may initiate the GNPEC's Authorized School Complaint Procedure by:

Submitting an Authorized School Complaint Form found on the GNPEC website (www.gnpec.ga.sara);

Calling the GNPEC at (770) 414-3300; or

Visiting the GNPEC at the following address during normal office hours with a scheduled appointment:

Georgia Nonpublic Postsecondary Education Commission
2082 East Exchange Place, Suite 220
Tucker, Georgia 30084-5305

State Authorization for Online Learning. Point University complies with all applicable state regulations governing online programs offered across state lines. Point is a member of SARA, the State Authorization Reciprocity Agreement, at both the state level in Georgia (GA-SARA, www.gnpec.ga.sara) and the national level (NC-SARA, <http://nc-sara.org>). SARA membership and other state authorizations currently allow Point to offer online programs in 49 states—all U.S. states except California.

Full details on accreditation, authorizations, and affiliations are available [here](#).

Consumer information is available [here](#).

Memberships. Point University is a member of the Council for Christian Colleges and Universities (CCCCU, www.cccu.org); the American Association of Collegiate Registrars and Admissions Officers (AACRAO, www.aacrao.org), and the National Academic Advising Association (NACADA, www.nacada.ksu.edu).

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Nondiscrimination Policies. In accordance with federal, state, and local laws and regulations, Point University does not discriminate on the basis of age, gender, color, race, nationality, national or ethnic origin, disability, status as a disabled veteran or veteran of the Vietnam era, or any other protected category in the administration of admission policies, educational policies, financial aid, employment, or any other University program or activity. Point admits qualified students who acknowledge the mission of Point University. It hires qualified faculty and staff who support the mission and goals of the University. The designated coordinator for compliance with Section 504 of the Rehabilitation Act of 1973 is Edward Clark, the Director of Disability Services (706-385-1432; Disability.Services@Point.edu).

How to Interpret and Use This Catalog. The *Academic Catalog* serves as a reference guide. The information contained in the catalog is accurate as of the date of publication. As part of its quality control systems, Point University constantly reviews, assesses, and revises its educational programs and policies to meet changing world needs. Accordingly, the statements set forth in the catalogs are not to be construed as the basis of a contract between the student and the institution. Point reserves the right to change any policy, procedure, provision, student expense, course, degree program, and/or graduation requirement at any time through appropriate processes. Every effort will be made to publicize changes. The University further reserves the right to require a student to withdraw at any time.

Candidates enrolling in a degree program enter under the catalog requirements in effect at the time they begin the program. The University permits students to complete their degrees *under the original catalog requirements* as long as they maintain continuous enrollment and finish the degree within a reasonable timeframe. For details, see "Maximum Timeframe for Completing Degrees" in the section of this catalog devoted to "Academic Policies & Procedures."

Students are responsible for knowing and following the policies, procedures, and regulations presented in the *Academic Catalog*. The *Point University Honor Code* (student handbook) provides additional guidelines for residential students on the main campus in West Point. It is also the student's responsibility to stay informed about program revisions and to be aware of the University calendar, critical deadlines, and all University mail delivered to the student's Point mailbox and/or email account.

Published Information

The primary sources of information about Point University are the institutional website (www.point.edu) and this *Academic Catalog*.

Education Sites

Sites. Point University operates on-ground academic programs at multiple locations, including its main campus in West Point, Georgia. Point also offers online programs through which it extends its educational mission across the nation and around the world. For further information on each Point location, see below.

Student Support Centers. Point's larger sites in West Point, Peachtree City, and Savannah, Georgia, include well-equipped classrooms, computer labs, and office spaces. These sites serve as support centers for both on-ground and online students. Students are generally served by personnel based at the site closest to their home.

Every site is equipped to serve as a support center for both on-ground and online students. Students are generally served by personnel based at the site closest to their home. Students may complete courses needed for graduation at any site offering those courses.

One University, Multiple Sites

Point University currently operates on-ground academic programs at multiple locations in Georgia and elsewhere. Point also offers online programs through which it extends its educational mission across the nation and around the world.

MAIN CAMPUS: West Point, Georgia (507 W. 10th Street, West Point, GA 31833; Telephone: 706-385-1000 or 855-37-POINT). In fall 2012, Point University relocated from its old campus in East Point, Georgia, to a new main campus in West Point. The site hosts on-ground residential programs while also offering support for students in online degree programs.

Founded in 1832, the idyllic town of West Point is home to 3,500 residents along a scenic stretch of the Chattahoochee River on the I-85 corridor, just an hour's drive from the capital cities of Atlanta and Montgomery, Alabama, and four hours from the Gulf Coast beaches and Georgia mountains. Part of the Greater Valley Area, West Point straddles Troup and Harris Counties in Georgia and sits just minutes from the Alabama cities of LaFayette, Lanett, and Valley.

Formerly a commercial hub for textile production, today's West Point has a thriving economy as home to KIA Motors' first U.S. automotive plant, which opened in 2010. West Point has a walkable, historic downtown with an eclectic assortment of shops—from antiques and unique home furnishings to quaint apparel and accessories boutiques—and eateries including Asian, Italian, Southern, and pub-style cuisine. Cultural opportunities in the area include a community theater, a 600-seat town auditorium, and a local outdoor amphitheater. The town sits just downstream from the 26,000-acre West Point Lake offering 500 miles of shoreline for fishing, camping, and water sports. The nearby Valley Community Center and Sportsplex offers tennis courts, baseball fields, soccer fields and a 64,000-square-foot aquatic Olympic Center with a walking track, basketball, racquet-ball, and football facilities.

Peachtree City, Georgia (800 Commerce Drive, Peachtree City, GA 30269; Tele-phone: 678-593-3100). Point's 13,500 square foot facility in Peachtree City is located 10 miles south of I-85 at the intersection of GA-54 and GA-74, directly adjacent to The Avenue, a large outdoor mall area featuring numerous shopping and dining options. The site hosts dual credit enrollment programs.

Savannah, Georgia (Compassion Christian Church, Adult Ministry Center, 55 Al Henderson Blvd., Savannah, GA 31419; Telephone: 706-784-3110). Located on the campus of Compassion Christian Church, this site offers core curriculum for on-ground students and dual credit enrollment courses for high school students.

Columbus, Georgia (North Highland Church, 7300 Whittlesey Blvd., Columbus, GA 31909; Telephone: 706-561-7777). The North Highland Church in Columbus hosts Point University's Columbus Ministry Practicum, a residential mentored ministry training experience. This site is also known as the Columbus Leadership Campus (CLC). Most CLC students are enrolled in the A.A. or B.S. in Applied Ministry programs. However, the practicum is also open to other students as a general elective or internship option.

Other Sites. Alongside the primary education sites, Point offers occasional courses at other locations, such as Dual Credit Enrollment (DCE) courses and ministry practica hosted by church partners. These sites include:

- Beach High School, 3001 Hopkins Street, Savannah, GA 31406
- Benedictine Military School, 6502 Seawright Drive, Savannah, GA
- Bethesda Academy, 9520 Ferguson Avenue, Savannah, GA
- Bright Futures Academy, 1300 Joseph E. Boone Boulevard NW #1000, Atlanta, GA
- Bryan County High School, 1234 Camellia Drive, Pembroke, GA
- Compassion Christian Church, 55 Al Henderson Boulevard, Savannah, GA 31419
- Coram Deo Classical School, 206 Willowbend Road, Peachtree City, GA 30269
- Groves High School, 100 Priscilla D. Thomas Way, Savannah, GA 31408
- Islands High School, 170 Whitemarsh Island Road, Savannah, GA 31408
- Jenkins High School, 1800 East Derenne Avenue, Savannah, GA 31406
- New Hampstead High School, 2451 Little Neck Road, Bloomingdale, GA 31302
- Newton College and Career Academy, 144 Ram Drive, Covington, GA
- North Highland Church, 7300 Whittlesey Boulevard, Columbus, GA 31909
- Point University, Peachtree City Site, 800 Commerce Drive, Peachtree City, GA 30269
- Prince Avenue Christian School, 2201 Ruth Jackson Road, Bogart, GA 30622
- Rockdale Career Academy, 1064 Culpepper Drive Southwest, Conyers, GA 30094
- Savannah Christian Preparatory School, 1599 Chatham Parkway, Savannah, GA
- South Effingham High School, 1220 Noel C Conway Road, Guyton, GA
- Strong Rock Christian School, 4200 Strong Rock Parkway, Locust Grove, GA 30248
- The Campus, 300 Tivoli Gardens, Peachtree City, GA 30269
- Trinity Christian School, 2564 Highway 154, Newnan, GA 30265
- Windsor Forest High School, 12419 Largo Drive, Savannah, GA
- Woodville-Tompkins High School, 151 Coach Joe Turner Street, Savannah, GA 31408
- Young Americans Christian School, 1701 Honey Creek Road S.E., Conyers, GA 30013

Online Campus. Point University offers over 40 online programs at the associate, baccalaureate, and master levels. These programs allow students to earn a degree from almost every state in the U.S. and many foreign countries—anywhere with a reliable Internet connection. The University provides a full array of “virtual” support services for such students.

Nondiscrimination Policies

Point University is committed to educating students for Christ-centered service and leadership throughout the world. To achieve that end, and to the extent that it does not conflict with constitutionally protected Christian principles to which Point University adheres, the institution must be a learning community that is free from discrimination regarding sex, age, disability, nationality, race, ethnicity, and other protected classifications. Student and employee conduct requirements are provided in the Honor Code and the Employee Handbook, respectively.

Inquiries about Title IX may be referred to Point University's Title IX Coordinator, the U. S. Department of Education's Office for Civil Rights, or both. Point University's Title IX Coordinator is Autumn Glenn (autumn.glenn@point.edu, 706-886-5417).

Point University's nondiscrimination policy and grievance procedures can be located at [Title IX - Point University](#). To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, refer to [Title IX - Point University](#).

Spiritual Formation

Freedom of Thought. A key component of Point's Christian mission is the recognition that the way of Christ is never coercive and does not employ compulsion or force. Although Point is a Christian institution, it welcomes all students regardless of their belief or religion. Furthermore, while the University provides ample opportunities for faith and spiritual formation, it does not require belief or adherence to a doctrinal standard or creed of any of its students. As with any institution of higher education, students may be exposed to new views or views with which they disagree. But, in keeping with the ethos of the pursuit of learning in higher education, Point does not require students to espouse any one view. The *Point University Honor Code* (the residential student handbook) includes certain behavioral standards for *residential students* living on campus. *Online students* are only required to abide by academic policies and procedures specified in this catalog (e.g. no academic dishonesty/plagiarism). Above all, the University asks that all students treat each other with dignity and respect, regardless of race, creed, or religion.

Spiritual Formation Goals. In accordance with its mission and goals, Point University promotes spiritual formation in its students, faculty, and staff. Spiritual formation includes being with Christ, becoming like Christ, and participating in the redemptive work of Christ. Point encourages all to confess “Jesus is Lord” and to live out that confession by growing in biblical knowledge, developing a Christian worldview, embracing Christian values, showing compassion, serving others, and applying their education in ways that impact the culture for Christ.

Point is focused on three important spiritual formation goals for students:

(1) Every student will see community ministry as an essential part of what it means to say, “Jesus is Lord.” This will be seen in areas such as:

- Concern for the poor
- Concern for social justice
- Seeing themselves first as citizens of God’s Kingdom;
- Racial reconciliation
- Concern for peacemaking, from personal disputes to world war
- Concern for victims of economic disparity
- Concern for educational issues such as literacy, high school dropout rates, and basic moral values
- Concern for health issues such as unwed pregnancies, abortion rates, and AIDS

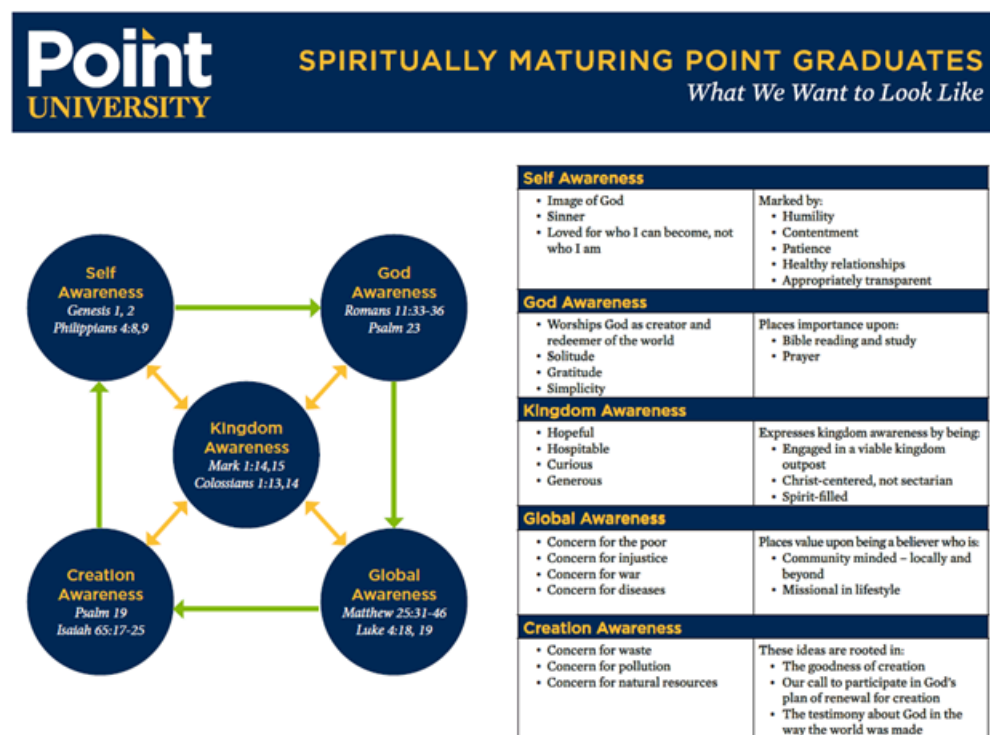

(2) Every student at Point University will see the importance of integrating faith and vocation. This means that they strive to:

- Practice the idea of the priesthood of all believers
- See vocation, regardless of what it is, as mission
- Learn how to effectively bear witness to their faith in any setting, without being overbearing
- Learn in every course the relationship of the subject at hand to Christian faith
- Ensure that no student graduates without having been exposed to the ideal of integration of faith and vocation

(3) Some students at Point University will sense that they are called to ordained ministry. Thus, some will find themselves in:

- Church settings as preachers, worship leaders, educational leaders, spiritual formation facilitators, student and children’s ministers, administrators, and in other roles;
- Global settings as missionaries, campus ministers, church planters, relief workers, educators, health workers, and in other roles; and
- Parachurch settings such as colleges, seminaries, camps, convalescent centers, orphanages, relief agencies, urban ministries, campus ministries, and other Kingdom endeavors.

The diagram below also highlights important aspects of spiritual maturity promoted by Point University.

Character Formation. All Point bachelor’s degree programs include a 15-credit Character Formation Component. For *on-ground* baccalaureate students residing at Point’s main campus, the Character Formation Component takes the form of a 15-credit Biblical Studies Minor (or Biblical Studies Major). *Online* students fulfil this requirement by completing the Character Core, which consists of either (1) a Theological Track that emphasizes a biblical approach to these issues; (2) a Character Formation & Leadership Track focused on worldview and ethics; or (3) a customized track that combines elements of both.

Learning objectives and required courses for the Character Core and Biblical Studies Minor appear in this catalog under “Biblical Studies Department.” Point promotes faith integration throughout the curriculum.

Types of Degree Programs

The American education system consists of “preschool” and “kindergarten” (typically ages 2-5), “elementary education” (grades 1-6, ages 6-12), “secondary education” (grades 7-12, ages 13-18), and “higher education” (college and university programs, ages 18+).

The higher education system awards “degrees”—that is, diplomas signifying that a student has successfully demonstrated the competencies associated with a prescribed course of study. There are four basic types of degrees—namely, associate’s, bachelor’s, master’s, and doctor’s degrees. Each degree lays a foundation for the next degree level above it (see diagram below). Point University defines these degree levels as follows:

Associate's Degrees

- The first degree beyond secondary education is the associate's degree, which includes a minimum of 60 credit hours.
- Point University associate's degrees typically include four major components: (1) a 31-32 credit General Education Core that lays a broad, coherent foundation for students' university studies and for lifelong learning as servants of Christ; (2) a 9-credit Character Formation Component that lays foundations for spiritual formation and character development; (3) a 15-credit Professional Component that develops foundational competencies related to the student's chosen vocation or discipline; and (4) 5 credits of General Electives, which enable students to explore additional areas of interest. All associate degree programs are aligned with the mission and goals of Point University, which facilitate students' intellectual, social, physical, professional, and spiritual growth.

Bachelor's Degrees

- The bachelor's or “baccalaureate” degree includes a minimum of 120 credit hours (60 hours beyond the associate's degree).
- Baccalaureate degrees typically include four major components: (1) a 31-32 credit General Education Core that lays a broad, coherent foundation for students' university studies and for lifelong learning as servants of Christ; (2) a 15-credit Character Formation Component that lays foundations for spiritual formation, character development, and integration of faith and vocation; (3) a 45+ credit Professional Major consisting of focused studies in a given academic discipline or professional field; and (4) General Electives, which enable students to explore additional areas of interest. All baccalaureate degree programs are aligned with the mission and goals of Point University, which facilitate students' intellectual, social, physical, professional, and spiritual growth.

Master's Degrees

A master's degree includes no fewer than 30 credit hours beyond the bachelor's degree. Graduates demonstrate further mastery of a specialized discipline resulting in high-level professional practice. All master's degree programs are aligned with the mission and goals of Point University, which facilitate students' intellectual, social, physical, professional, and spiritual growth. At the master's level, Point seeks to develop in students:

- Advanced experiential knowledge, skills, and competencies for one's chosen profession, which enable graduates to mentor others in that profession
- A highly developed philosophical and theoretical framework that enables students to exercise their professions in contextually appropriate ways
- A highly developed ethical and theological framework for exercising one's profession as a servant of Christ (integration of faith and vocation)
- Active involvement with professional tools and literature, along with advanced research skills
- Advanced practical experience in one's chosen discipline or profession
- Advanced expertise in a specialized discipline, which enables them to conduct research in the field
- Christian commitment displayed in active discipleship and participation in Christ's redemptive mission to the nations
- Knowledge, skills, and competencies needed to pursue a doctor's degree, a professional credential, and/or licensure

Undergraduate versus Graduate Degrees

Traditionally, the first degree earned at a college or university was the bachelor's degree. Accordingly, students who have *not yet graduated* with a bachelor's degree are referred to as "under-graduate students," and associate's and bachelor's degrees are called "undergraduate degrees." Students who graduate with a bachelor's degree and then continue with more advanced studies are "graduate students," and master's and doctoral degrees are called "graduate degrees."

First-, second-, third-, and fourth-year undergraduate students are traditionally called "freshmen, sophomores, juniors, and seniors."

Majors and Minors

A bachelor's degree must, by definition, include a "major"—that is, an integrated series of courses focusing on a particular field or discipline. At Point, a "major" must include a minimum of 30 credits. Majors typically include 45+ credits, with at least 30 credits in the Upper Division.

Students pursuing a bachelor's degree have the *option* of adding a minor(s) to that degree beyond the normal program requirements. A "minor" is a shorter series of courses focusing on a particular field or discipline. At Point, a "minor" includes 15+ credits, with at least 9 credits in the Upper Division. The sections of this catalog describing each academic department include descriptions of any minors offered by that department.

The following policies govern the offering of minors:

- All Point bachelor's degree programs include a 15-credit Character Formation Component. The Character Core *may* take the form of a Biblical Studies Minor. Learning objectives and required courses for the Character Core and Biblical Studies Minor appear in this catalog under "Biblical Studies Department."
- Students may add a minor to any bachelor's degree program that does not include that specific area of study as its major and/or as noted otherwise. Students may not add minors to associate's degrees.
- For a minor to appear on student transcripts as a "minor," at least 12 credits required for the minor must be beyond those required in the Core Curriculum (General Education and Character Formation Component) and professional major of the student's chosen degree program. A maximum of two courses may be used to satisfy both Core Curriculum and minor requirements. A maximum of two courses may be used to satisfy requirements for both the professional major and the minor. A maximum of two courses may be used to satisfy requirements of more than one minor.
- If a specific course required for the student's major is also required for the minor, students should substitute another course in the same discipline to fulfill the required minimum number of credits for the minor. Any course used to replace an upper division course should also be upper division (300 or 400 level).
- At least 6 credits within the minor must be completed at Point University.
- For purposes of academic planning and financial aid, Point recommends that students declare their desired minor(s) as soon as possible—preferably (but not necessarily) at the same time they declare their major. See the policy on "Declaring Programs, Majors, and Minors" in the section of this catalog devoted to "Academic Advising."
- Point awards minors and places them on transcripts only when the baccalaureate degree is awarded.
- The proper sequencing of courses to include a minor in a degree program is the student's responsibility.

Concentrations and Specializations

Some undergraduate majors and graduate programs include a "concentration" or "specialization," which consists of 12+ credits focusing on a particular field, discipline, or specialty. One example is the B.S. in Information Technology, for which students may choose a concentration in Information Systems Security or Network Administration.

Certificates

Point occasionally forms groups of courses into certificate programs. A "certificate" consists of 12-30 credit hours in a focused area of study. Guidelines for certificates appear below under "Academic Regulations."

Traditional versus Non-Traditional, On-Ground versus Online

In "traditional" academic programs, students typically complete several courses at one time, on-campus, in sessions lasting 10 weeks (quarter system) or 15-16 weeks (semester system). Traditional programs were originally designed with the expectation that students would live on campus ("residential programs") or commute from nearby, devoting most or all of their time to their studies. In contrast, "non-traditional" programs are designed for working adults. The academic year often consists of a series of shorter sessions in which students typically take only one or two courses at a time. Students study online or attend classes only once or twice per week.

Point University offers both "traditional" and "non-traditional" academic programs. However, *since Point's traditional programs often include non-traditional "virtual" elements, the University generally designates students and programs as primarily "on-ground" or "online."*

On-Ground, Point Online, and Point Hybrid Course Modalities. Point University offers coursework in three primary modalities:

On-Ground Courses—Students typically meet face-to-face with instructors at the main campus in West Point or another Point education site for about 3 hours each week.

Point Online—In this fully-online format, students engage in educational activities through a customized *Point Online* course website that facilitates interaction between students, their instructor, and their fellow learners. Students may access their *Point Online* courses at any time from any location with an Internet connection. Students *must* log into their course sites every week to register attendance and complete assignments. They *should* log in nearly every day to participate in ongoing class discussions and other interactive learning activities. However, *Point Online* courses are "asynchronous" in that they do not require all students to log in at the same time. This arrangement offers more flexibility for students who have different work schedules or live in different time zones.

Hybrid—This online format features a weekly live, synchronous, 2-hour class session supplemented by asynchronous learning activities offered through the online course website. For most *hybrid* courses, the live session takes the form of a "virtual meeting" or videoconference allowing two-way, face-to-face interactions between students, their instructor, and their fellow learners. For other *hybrid* courses, the live session takes the form of an on-ground session at a Point education site. Students *must* participate

in the weekly live sessions to register attendance and engage in interactive learning activities. They should also log into the course site regularly throughout the week—at the times of their choosing—to complete other assignments. This blend of synchronous and asynchronous elements offers students the “best of both worlds”—the flexibility of an online program with the benefit of a weekly gathering.

Students may enroll in fully online undergraduate programs while being an on-campus student. Students will be charged the on-campus tuition rate and are eligible for scholarships not available to fully online students. Student-athletes (including Marching Band) enrolled in any undergraduate program will be charged the on-campus tuition and fees rate. Student-athletes (including Marching Band) enrolled in any graduate program will be charged graduate tuition rates as well as on-campus fees. Please see Tuition & Fees page on website for more information.

Prerequisites and Corequisites

Some courses carry “prerequisites”—that is, courses students are required to complete *before* they enroll in the course in question. (For example, students must complete ENGL 101 Critical Reading & Writing I, or its equivalent, prior to enrolling in ENGL 102 Critical Reading & Writing II.) Some courses carry “corequisites”—that is, courses students must complete *either before or during* their enrollment in the course in question. When applicable, prerequisites and corequisites are listed at the end of each course description later in this catalog.

President and Senior Support Team

Point's President is Dean Collins, you can learn more about him [here](#). You can learn more about the university's senior support team leaders [here](#).

Board of Trustees

Marvin Bussey, Director, Teens at Work, Inc. (Atlanta, GA)

Khalilah Cooper, Executive Director, Design, Chick-fil-A (Fayetteville, GA)

Randy Cordell, Lead Pastor, Lakeshore Christian Church (Nashville, TN)

Robert M. Day, Covenant Company (Atlanta, GA)

David A. Deeter, Founding Partner, Frazier & Deeter, CPA (Atlanta, GA)

Jeremy Fine, Chief Financial Officer, Chicago Transit Authority (River Forest, IL)

J. Ross Greene, Founder and CEO, Greene Consulting (Peachtree City, GA)

T. Campbell Huxford, Sr. Pastor, Compassion Christian Church (Savannah, GA)

André T. Kennebrew (Chair), Director of Relationships, Lifeshape Foundation (Sharpsburg, GA)

David McDaniel (Treasurer/Secretary), Partner of Huntington Industrial Partners (Atlanta, GA)

Rob Raynor, Retired, Pastor, Lakepoint Community Church (Buckhead, GA)

Amory Scott, VP Strategic Management and Mission, Scott Bridge Company (Auburn, AL)

Derrick Shields, Lead Pastor, Christ Community Church (Columbus, GA)

Dr. Faith Simpson (Vice Chair), Retired, Assistant Principal, Gainesville Middle School (Gainesville, GA)

Dr. Jim Sloderbeck, Retired, Emergency Physician/Physician Advisor, Piedmont Hospital (Newnan, GA)

Trustees Emeritus

Gerald B. Andrews, Retired (West Point, GA)

Larry Bradberry, Retired (Bonneau, SC)

Billye Joyce Fine, Professor of Education, Milligan College (Elizabethton, TN)

Who We Are

Mission Statement

The mission of Point University is to educate students for Christ-centered service and leadership throughout the world.

Educational Goals

Point University believes that the goal of education is the development of the total person. The curriculum—biblical and theological studies, arts and sciences, professional studies—and the learning environment are designed to encourage students to grow spiritually, intellectually, socially, physically and professionally.

Spiritually—Point University seeks to encourage students to grow in faith in Jesus Christ, develop a Christian worldview, live by Christian virtues, and serve others.

Intellectually—Point University seeks to encourage students to think analytically and critically, communicate effectively, and demonstrate competence in biblical and theological studies, the arts and sciences, and professional studies in which they major.

Socially—Point University seeks to encourage students to respect and influence people of various cultures and live harmoniously in community.

Physically—Point University seeks to encourage students to develop lifestyles advantageous to good health.

Professionally—Point University seeks to encourage students to equip themselves with the knowledge and skills necessary to pursue a chosen vocation.

Church Identification

Point University is a private university that was founded by congregations and individuals of the Christian Churches and Churches of Christ. The educational program of the University is in harmony with the faith and practice of these churches. While a significant number of students come from various Christian groups, church affiliation is not required for Point students.

You can learn more about Point University’s history [here](#).

You can learn more about what we believe [here](#).

You can learn more about spiritual formation at Point [here](#).

Academic Calendar

You can access the academic calendar [here](#). The academic calendar is published prior to the fall term of each academic year, running from Fall (August) to Summer (July). *Academic calendars are subject to change and all changes will be communicated to the university community in advance.*

Future years are published as available.

University Calendar Structure. Point University operates year-round on an academic calendar organized as follows:

FALL TERM (16 WEEKS)		SPRING TERM (16 WEEKS)		SUMMER TERM (13 WEEKS)	
Fall 1 (8 weeks)	Fall 2 (8 weeks)	Spring 1 (8 weeks)	Spring 2 (8 weeks)	Summer 1 (5 weeks)	Summer 2 (8 weeks)
Traditional Academic Year					

- Each calendar year includes two 16-week “terms” and one 13-week “term” (excluding special events and school holidays). “Spring Term” typically extends from early January through early May, “Summer Term” from early May through late August, and “Fall Term” from late August through mid-December.
- Each 16-week term includes two 8-week “sessions” referred to as “Spring 1, Spring 2, Fall 1, and Fall 2.” The 13-week term includes one 5-week “session” referred to as “Summer 1” and one 8-week “session” referred to as “Summer 2.”

Within this common University framework, Point offers courses of varying lengths according to the needs of a given academic program:

- Traditional undergraduate students typically enroll in four to six courses during Fall 1-2 and Spring 1-2 (the traditional academic year), with optional “summer school” courses during the Summer Term. Traditional courses are 16 weeks in length.
- Dual Credit Enrollment (DCE) courses are also offered in a 16-week term-length format aligned with the calendar of the host school.
- Non-traditional students enrolled in undergraduate *Point Online* or *hybrid* programs typically complete two courses each session year-round. Non-traditional courses are 8 weeks in length, with the exception of the courses offered for 5 weeks in the Summer 1 session.
- Non-traditional students enrolled in online graduate programs typically complete one 8-week course each session *year-round*.

The first week of an 8-week session or 16-week term is called “Getting Started Week.” It always begins with new student orientations on Monday and Tuesday followed by a half week of courses extending from Wednesday through Sunday. During this half week students must attend on-ground class sessions and/or log onto their online course websites, introduce themselves to their instructor and fellow learners, review course syllabi, participate in course orientations, complete any initial assignments, and work ahead if they wish. Most instructors do not make *major* assignments during “Getting Started Week” to give students time to get oriented and plan their educational strategy.

- The remaining course “weeks” always begin on Monday and end on Sunday. They include a variety of focused learning activities.
- If a major holiday (most often July 4 or Independence Day) falls on a day of the week when a *Point Connect* live class session normally meets, Point cancels the synchronous class session and conducts all learning activities in asynchronous online format during that week (see calendar below).
- For purposes of state and federal financial aid, Point is an attendance-taking school and students are considered to be on a “standard term semester system.”
- For undergraduate students, 12 credits per term constitute “full-time” status for purposes of financial aid. For graduate students, 6 credits per term constitute “full-time” status.
- The Academic Calendar specifies course start and end dates, add/drop/ withdrawal deadlines, holidays and breaks, and key events for students operating within the 5- and 8-week session structure.
- 5-week courses offered in summer 1 start on a Monday, and incorporate “getting started” activities into the first week of the course.

FERPA Policy

In accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, Point University is committed to protecting the confidentiality of student records and the rights of students to (a) inspect and review their education records, (b) seek correction of inaccurate or misleading data through informal and formal hearings, (c) consent to disclosure of their educational records, and (d) file a formal complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the Act. For the full policy, see the "Consumer Information" section of the University website (<http://point.edu/disclosures>).

Directory information is information not generally considered harmful or invasive of privacy if disclosed. Point University may (but is not required to) release directory information to parties having a legitimate interest in the information. Point University defines directory information as the following: student name, University email address, telephone listing, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of athletes, dates of attendance, photographs, enrollment status, degrees and awards received, and most recent previous educational agency or institution attended by the student. Mailing lists of Point University students will not be provided outside the University community, except to the U. S. Department of Defense for military recruiting purposes as required by the Solomon Amendment. Students who wish to exercise their rights under the law to refuse to permit release of any or all of the categories of personally identifiable information with respect to themselves must notify the registrar in writing, preferably before completion of registration for the first term of enrollment for that academic year. Note that if any student exercises the right to refuse, the release of directory information will prevent the verification of degree or enrollment for job purposes. If a student has questions about the ramifications of this action, please consult the registrar for more information.

Grading System

Grades and Quality Points. The *standard* 4-point grade scale for Point University appears on the table below. All Point instructors use this scale unless the unique demands of their subject matter require a different approach. In such cases, the alternative grade scale appears in the course syllabus. Professors then convert final grades to the letter grade and quality point system found on this table. Grades and quality points are recorded as follows:

Grade	Scale	Points	Description	Attempted Hours for financial aid Considerations
A	90-100	4.00	Excellent. Clearly stands out. Unusually sharp insight. Initiates thoughtful questions. Sees multiple sides of an issue. Speaks and writes logically and clearly. Integrates ideas from previous courses and other disciplines. Anticipates the next step in progression of ideas. Accomplishes significantly more than the minimum requirements. Work is of the highest quality.	yes
B	80-89	3.00	Above Average. Displays a strong grasp of all subject matter and an above average understanding of all basic concepts. An active listener and participant in class discussions. Accomplishes more than the minimum requirements. Work is of high quality.	yes
C	70-79	2.00	Average. Displays a satisfactory comprehension of subject matter and a general understanding of all basic concepts. Accomplishes the minimum requirements. Oral and written communication skills consistent with those expected of a university student.	yes
D	60-69	1.00	Below Average. Quality and quantity of work are barely acceptable.	yes
F	0-59	0.00	Failing. Quality and/or quantity of work are unacceptable.	yes
S		N/A	Satisfactory (Passing). Does not affect GPA.	yes
U		N/A	Unsatisfactory (Failing). Does not affect GPA.	
A^		4.00	Transfer Course with grade of "A."	yes
B^		3.00	Transfer Course with grade of "B."	yes
C^		2.00	Transfer Course with grade of "C."	yes
P^		N/A	Passing Transfer Course. Does not affect GPA.	yes
AU		N/A	Audit. Not calculated in GPA (see policy on "Auditing Courses").	no
I (grade)		N/A	Incomplete. Not calculated in GPA until final grade is awarded (see below).	yes
CIP		N/A	Currently In Progress. Typically used for courses that continue beyond one session; replaced with a grade at course completion. Not calculated in GPA until final grade is awarded (see below).	yes
R		see at right	Repeat. Averaged with original grade for students receiving the Georgia HOPE scholarship; replaces original grade for others.	yes
W		N/A	Withdrawn with Attendance before dead-line. Not calculated in GPA.	yes
WF		0.00	Withdrawn Failing after deadline due to poor academic performance or other considerations. Treated as "F" for calculating GPA.	yes
WP		N/A	Withdrawn Passing before deadline. Not calculated in GPA.	no

Satisfactory/Unsatisfactory Grading. Some courses are designated as graded on a satisfactory/unsatisfactory basis. In such a course, instructors award a grade of "S" (Satisfactory) in lieu of "A" through "D" grades. The grade appears as an "S" on the student's transcript and does not affect the grade point average (GPA). Instructors award a grade of "U" (Unsatisfactory) in lieu of an "F" grade. It appears as a "U" on the student's transcript and does not affect the GPA. Adding or withdrawing from a satisfactory/unsatisfactory course is conducted on the same basis as other courses.

Credit hours for satisfactory/unsatisfactory courses carry full academic credit. They apply, for example, toward the satisfaction of degree requirements, the calculation of the student's academic load, and the required hours for graduation as otherwise appropriate. (*NOTE: This policy replaces the previous pass/fail policy*)

Incomplete ("I") Grade. All assignments not completed by the end of the term automatically receive the grade of "F" unless students successfully petition the instructor for the privilege of taking an Incomplete ("I") grade. The "I" grade is a temporary grade indicating that work for the course is not yet complete but is expected to be complete within a short period of time. This arrangement must be made *before* the end of the term.

Instructors *should* award an "I" when students are confronted with unavoidable life situations, such as a well-documented serious illness or a death in the family, that make it impossible for the student to complete their assignments before the end of the term. Instructors *should not* award an "I" merely to allow students to improve on a bad grade due to poor performance to that point. Nor should Incompletes serve as a remedy to laziness or poor planning on the part of the student. The instructor decides if the student's request for an Incomplete falls within these guidelines. Normally, the instructor will not approve an Incomplete unless the student has finished at least 75% of the coursework prior to the end date for the course.

The request must include a plan and timeline for completing the remaining course requirements. If the student submits missing assignments, the instructor adjusts the final grade accordingly. Students receive zero (0) points for any assignments not submitted.

Normally, instructors will grant an "I" for no more than 1-2 weeks. Ideally, students should plan to complete missing assignments by the end of the first week of the next session, so as not to be overly burdened for that session. An Incomplete may extend no more than 30 days beyond the last day of the course. The instructor and Registrar are not responsible for notifying or reminding the student regarding an Incomplete.

"I" grades are awarded within the framework of the Point's Attendance Policy (see below). This means that students who exceed the total allowed absences for a course may not file an *Incomplete Grade Form* but must withdraw from the course and retake it at a later time.

Change of Grade. Point may change an academic letter grade after the grade is submitted only if the case involves an instructor's error. Grades may also be amended following a successful academic appeal by the student (see below).

Academic Appeals Process. Students who believe an error has been made in grading or other academic rulings (e.g. academic dishonesty, unfair treatment by professor) have a right to appeal the decision. The academic appeals process will proceed as follows:

Informal. Students should informally seek a resolution with their instructor. If no resolution can be agreed upon, students may begin the formal process.

Formal. To initiate a formal appeal, students must complete in full the online Academic Appeal Form found on the Point website under "Consumer Information" (<https://point.edu/consumerinformation>). They must submit the form within 10 business days of the posting of the grade or other academic ruling. At the same time, students must submit to the Registrar (Point.Registrar@Point.edu) any supporting materials they wish considered in the appeal, such as assignments, instructor feedback, and correspondence with the instructor. In order to expedite the appeals process, additional supporting materials will not be accepted after submission of the formal appeal.

1. Demonstrate that the appeal meets one of the following criteria:
 1. Clear error in grading
 2. Non-responsive or non-communicative instructor
 3. Inconsistent application of policy
 4. Instructor not abiding by terms laid out in syllabus
 5. Account/access issues
 6. Clear bias against student
2. Registrar
 1. After the Registrar receives the completed appeal packet, the Registrar checks with instructor to make sure there were no errors of entry. If there were not, the appeal is forwarded to the department chair and dean.
 2. The Registrar's Office staff does not make rulings. They fact-check and facilitate the formal process.
 3. If either the department chair or dean is the instructor in question, the appeal goes to their supervisor to avoid conflict of interest.
3. Department Chair and Dean
 1. Review appeal packet and provide a decision to the student within 10 business days of the receipt of packet from the Registrar. Instructor, Registrar and CAO copied on decision to student.
 2. If the student considers the decision unjust, a second appeal may be submitted to the Academic Appeals Committee within 10 business days of receiving the decision (AcademicAppealsCommittee@Point.edu). In such a case, the Registrar will pass the appeal and decision of the department chair and dean to the Academic Appeals Committee.
4. Academic Appeals Committee
 1. Composition: Three faculty members from three different colleges and one member of Point Academic Support Services; the Chief Academic Officer (CAO) serves on the Committee *ex officio* (5 members total)
 2. Meet, review, and decide on academic appeals within 10 business days of receipt.
 3. The decision of AAC is final and cannot be appealed.
 4. CAO notifies student of decision in writing, copies dean of college and Registrar.
 5. Final decision and correspondence are added to academic appeals repository

How to Compute a Grade Point Average (GPA). The student's grade point average (GPA) is an important index to academic achievement. Students must maintain a minimum GPA to remain enrolled in the University or a given academic program (see below under "Academic Standing"). This average also determines the student's eligibility for academic honors and financial aid. In the example given below,

- The quality point value of the letter grade for each course (see above under "Grades and Quality Points") is multiplied by the number of credit hours in the course to determine the grade points for each course. Grades of "P," "R," "W," "WP," "WX" and the associated credit hours are not considered in calculating a student's institutional GPA.
- The total grade points for all courses divided by the total credit hours yields the grade point average or "GPA" ($42.0 \div 15 = 2.80$).

Course	Grade	Quality Points		Credit Hours	Grade Points for Course
ABCD 1001	A	4.00	x	3.0	12.0
ABCD 1002	B	3.00	x	3.0	9.0
ABCD 1003	C	2.00	x	3.0	6.0
ABCD 1004	C	2.00	x	3.0	6.0
ABCD 1005	B-	3.00	x	3.0	9.0
		Totals:		15.0	42.0
				GPA:	2.80

- The grade point average students earn in a single term is called the “term GPA,” while the GPA earned over the course of students’ entire career at Point is called the “cumulative GPA.”

Only credits and grades earned at Point University contribute to the student’s cumulative GPA; transfer credits and grades are not used in calculating the Point GPA. However, credits and grades for transfer courses used to satisfy degree requirements are considered in determining graduation honors (described below under “Undergraduate Academic Honors”).

Grade Information. Students may view their grades and transcripts at any time in the student portal in Colleague Self-Service, the online student information system used by Point University.

Transcripts

The Registrar’s Office maintains students’ educational records, including academic transcripts showing credits earned. The Registrar furnishes students with transcripts upon written request. A nominal fee is collected for sending official transcripts to third parties. *Transcript Request* forms are available on the Point University website. Point encourages students to settle all financial accounts with the University before requesting a transcript. More info can be found [here](#).

Course Level Policy

Summary. The determination of the level of credit hours awarded for courses is conducted by the faculty of Point University in accordance with the mission and goals of the University. This revision of the policy and procedures has been completed on the basis of Point’s previous statements and procedures (such as those in the Academic Catalog and Faculty Handbook), SACSCOC principles and policies, and commonly accepted practice. The definition of levels of credit, general criteria for each level, and process for determining the level of credit are hereby established. Compliance with this policy is mandatory for all courses in every program, modality, and location as offered by Point University.

The faculty is responsible for the content, quality, and effectiveness of the curriculum and, therefore, the responsibility for determining the level of credit awarded for a course resides with them.

Levels of Credit. The following are Point University’s three levels of credit for the purposes of determining the level of credit for a specific course.

- Lower-level undergraduate (numbered 100-299) – normally associated with the freshman and sophomore years
- Upper-level undergraduate (numbered 300-499) – normally associated with the junior and senior years
- Graduate (numbered 500-699) – associated with post-baccalaureate programs

Developmental courses (numbered 001-099) are to assist students who require additional foundational education to be successful in lower-level undergraduate courses.

All Point University courses beginning at the level of 100 are transferable to other institutions.

General Criteria for Levels of Credit. The following general criteria guide the determination of the level of credit awarded for a course.

Lower-level courses (numbered 100-299) have student learning outcomes, content, and instructional activity that meet an appropriate aggregation of the following:

- Knowledge and understanding of the facts, principles, terms, methods, literature, and perspectives of a discipline (breadth) as a basis for more study;
- Application of the basic facts and concepts related to a discipline in context and a variety of situations;
- Beginning analysis based on the understanding and application of the knowledge base;
- Development of the foundational skills, awarenesses, attitudes, and practices of a discipline;
- Understanding the extent of a discipline and how it relates to other fields of study; and
- Requirement of few if any college-level prerequisites.

Upper-level courses (numbered 300-499) have student learning outcomes, content, and instructional activity that meet an appropriate aggregation of the following:

- Understanding and application of a discipline’s theories and methods discerningly and in more challenging contexts (depth and/or specialization);
- Awareness and use of scholarly literature in the discipline;

- Analysis, problem-solving, and evaluation that integrate knowledge and insights from a variety of sources;
- Development of the values and priorities of a discipline;
- Intellectual and professional abilities necessary for success and progress in a given field, including those necessary for graduate studies in the field;
- Requirement of college-level prerequisites for progression in the educational program.

Graduate courses (numbered 500-699) have student learning outcomes, content, and instructional activity that meet an appropriate aggregation of the following:

- Advanced knowledge, skills, and competencies for a specific profession or discipline;
- Highly developed philosophical, theoretical, ethical, and/or theological frameworks for a profession or discipline;
- Advanced abilities of analysis, problem-solving, evaluation, integration, and synthesis in the profession or discipline;
- Active involvement with professional or disciplinary literature, practice, and/or research;
- Knowledge, skills, and competencies needed to pursue a professional credential, licensure, and/or doctoral degree; and
- Requirement of specific undergraduate- and/or graduate-level prerequisites for progression in the educational program.

Process for Determining Credit Level for New Course. The level of credit to be awarded for a new course is proposed by the academically qualified faculty member(s) who develops the course proposal.

The proposal usually includes:

1. Course name;
2. Course description – for publication in the academic catalog;
3. Student learning objectives;
4. Linkage to student learning objectives of an educational program and/or general education competencies;
5. Course requirements, learning activities, and information and learning resources (e.g., textbook, software, etc.);
6. Level of credit by means of the proposed discipline prefix and course number (e.g., ENG 315), based on the stated general criteria; and
7. Credit hours awarded – according to the University's Credit Hour Policy and Procedures.

The proposal is submitted in succession to each of the following, normally in this order:

1. The faculty who teach in the educational program(s) in which the new course will be utilized, in cooperation with the educational program coordinator(s), who may be from more than one academic department; and
2. The faculty of the degree program's academic department in cooperation with the academic department chair (which is subject to review by the appropriate College Academic Council).

When the approval process is completed, a course syllabus is developed by the instructor teaching the course for the first time. The syllabus is submitted to the college dean for approval prior to the first day of the semester/term/session for that course. The college dean assures all documentation is on file, including the level of credit awarded for the course, with the Chief Academic Officer's office.

Policy Administration and Maintenance.

The CAO is responsible for:

1. The approval of this policy and its revision by the faculty (or their appointed representatives);
2. The periodic review and revision of the Course Level Policy and Procedures to improve their efficiency and effectiveness; and
3. Compliance with this policy.

The faculty of Point University has participated in the development of this policy and its procedures and holds responsibility for the approval of this policy and its procedures, including any subsequent revisions, through normal faculty processes and procedures.

Credit Hour Policy and Procedures

Summary. The determination of the number of credit hours awarded for courses is conducted by the faculty and academic administration of Point University in accordance with the mission and goals of the University. These are determined through an aggregation of the Carnegie collegiate student hour, related Federal definitions and requirements of the credit hour, and the standards, policies, and guidelines of SACSCOC. This statement of credit hour policy and procedures directs and guides that process to ensure alignment to the Point University mission and goals.

Compliance with this policy is mandatory for all courses in every program offered by Point University.

Credit Hours Policy. The faculty is responsible for the content, quality, and effectiveness of the curriculum and, therefore, the responsibility for credit hour determination resides with them. The number of credit hours awarded for courses is determined based on the time spent in classroom instruction, direct instruction outside of class, and student work that occurs outside of class.

Instructional Types. The following are Point University's working definitions of the three primary designations of instructional types for the purposes of ascertaining course credit.

- Classroom instruction (CI) includes the traditional classroom, a supervised lab, private instruction, or any similar instructional meeting with an instructor and one or more students.
- Direct instruction (DI) includes instruction or student activity that is outside of class meeting times and that meets all the following criteria.
 1. Planned with education purpose/outcomes,
 2. Actively facilitated by an instructor or field supervisor (e.g. guided, monitored, observed), and

3. Graded and documented.

This includes (but is not limited to) online lectures/instruction (synchronous or asynchronous), video presentations, journal/blog writing, chat rooms, discussion boards, field trips (in-person or virtual), group- or team-based activities, online tests/quizzes, video conferencing, virtual labs, supervised field experiences, and online content modules.

- **Outside-of-class student work (OCSW)** includes activities related to the course that do not qualify as direct instruction, including (but not limited to) reading, writing, studying, preparing, practicing, and researching.

Determining Credit Earned in a Course. The following relationships guide the total calculation of minutes/hours for the purposes of calculating credit earned in a Point University course.

1. One semester hour of credit is granted for either:
 1. 750 minutes of classroom instruction and 1500 minutes of outside-of-class student work (the Carnegie collegiate student hour), or
 2. the equivalent combination of classroom instruction, direct instruction, and outside-of-class student work as defined by this policy.
2. Classroom and direct instruction times are equivalent for the purpose of credit hour determination at Point University.
3. The ratio of classroom/direct instruction and outside-of-class student work may vary according to the course type, with the value of classroom or direct instruction possessing twice the value as outside-of-class student work (i.e., two minutes of OCSW work equal one minute of CI/DI) and vice versa.

The determination is the same for all course formats, lengths, levels (undergraduate or graduate), locations, and modes of delivery, whether traditional classroom, laboratory, online, electronic, private lesson, internship, and practicum, independent study, senior thesis, or hybrid. The amount and level of credit hours awarded for a course will be determined according to these expectations and courses will be monitored to ensure that they meet or exceed these expectations.

Procedures for Calculating Credit in a Course. A course credit-hour audit is performed or updated by its instructor or the appropriate program coordinator when a Point University course is proposed or experiences a significant revision to determine that the course meets or exceeds the expectations of the University's credit hour policy. The standard course credit-hour audit uses the Master List of Non-Classtime Methods and Modalities and the Course Credit Hour Audit sheet as approved by the faculty.

The Master List of Non-Classtime Methods and Modalities identifies the variety of possible instruction methods and student activities utilized in direct instruction and outside-of-class student work with the "normal time to complete" for each. The "normal time to complete" for each method/modality is the estimated number of minutes that an average- to -below-average student would take to complete the method/activity to achieve the expected learning outcome, as determined and approved by the faculty of Point University.

The Course Credit Hour Curriculum and Development Tool enables the instructor to identify the following for each course.

1. Information regarding the course being audited (Section A),
2. Section B is a ledger where instructors can list all course activities, expected time, and instructional activity as listed in the syllabus that correlate to the Master List of Non-Classtime Methods and Modalities.
3. In Section C, the one completing the form receives ongoing notice of whether the course satisfies the requirements for a course at the specified level of credit. The spreadsheet calculates whether the identified content meets the minimum time engagement as both a percentage and balance of minutes.

Process for New or Revised Courses. For new or revised courses, the course credit hour audit is used during the course development and approval process to determine the amount of credit to be awarded. New or revised courses must meet or exceed the credit-hour expectations to be approved and offered.

Exceptions may be allowed in the methods and modalities utilized for a course (e.g., one not included in the Master List) and/or in the "normal time to complete" for a specified method/modality in a course credit hour audit. Exceptions must be marked as such in the Course Credit Hour Audit Form and approved by the Chief Academic Officer (CAO). If an exception is not approved by the CAO, the course credit-hour audit must be revised and resubmitted without that exception.

Maintenance. The Director for Institutional Effectiveness is responsible for the periodic review and revision of the Course Credit Hour Audit Form and the Master List of Non-Class time Methods and Modalities to improve their efficiency and effectiveness, to improve the categories and differentiation of the methods and modalities, and to modify the "normal time to complete" when necessary and appropriate.

The CAO is responsible for the approval of this policy by the faculty (or their appointed representatives) and its periodic review. Further, the CAO is responsible for the approval of course credit hour audits and compliance of the curriculum with this policy.

The faculty of Point University has participated in the development of this policy and its procedures and holds responsibility for the approval of this policy and its procedures, including any subsequent revisions, through normal faculty processes and procedures.

Academic Standing

Academic standing varies for undergraduate and graduate students. Click the appropriate link above to learn more.

Academic Standing

Academic Standing for Undergraduate Students

Academic Standing for Undergraduate Students

Good Academic Standing. To remain in "good standing," undergraduate students must earn the minimum cumulative grade point average (GPA) of 2.0 or higher on a 4-point scale. The University computes GPAs and academic standing at the end of each term.

To graduate with a certificate, associate degree, or bachelor's degree, students must have a minimum cumulative grade point average (GPA) of 2.0 ("C") on a 4-point scale. Students would do well to maintain their cumulative GPA at a level of 2.5 or above during their entire enrollment at Point for a variety of reasons, including athletic eligibility and financial aid.

Academic Warning. Undergraduate students whose *term GPA* falls below 2.00 receive an academic “warning” from the Registrar prior to the following term. Students receiving a warning may continue enrollment without interruption. The warning status serves as an aid in advisement, support services, and the scheduling of extra-curricular activities. Please note that this warning is separate from a Student Academic Progress (SAP) Warning or Appeal within financial aid.

Academic Probation. Students whose *cumulative GPA* falls below 2.0 are placed on academic probation for the following term. They may remain on probation as long as their *term GPA* is at least 2.0 or until they achieve a *cumulative GPA* of 2.0 or above. The Registrar notifies students in writing if they have been placed on academic probation. Such students are not eligible for an academic overload of more than 12 credit hours. The Advising Center (advising.center@point.edu) may impose other conditions, such as success planning and additional support services.

Academic Suspension and Readmission. Students on probation may be academically suspended for one term if both their *term* and *cumulative GPA* remain below 2.0. Academic suspension status bars a student from continued enrollment at Point University or any other institution for one term. After the one term suspension, the student is eligible to reapply for admission on academic probation with conditions. Failure to earn a *term GPA* of at least 2.00 for the first term after readmission results in suspension for one term. The Registrar notifies students in writing if they have been placed on academic suspension. Such students are not eligible for an academic overload of more than 12 credit hours. The Advising Center (advising.center@point.edu) may impose other conditions, such as success planning and additional support services.

PLEASE NOTE: *If undergraduate students enrolled in an online program operating year-round incur an academic suspension during Spring Term, then the following Summer Term counts as their “one term suspension.” If students enrolled in a traditional on-ground program (i.e. fall and spring classes with summers off) incur an academic suspension during Spring Term, then the following Fall Term counts as their “one term suspension.”*

Appeal of Probation or Suspension. Students who believe they have been mistakenly placed on academic probation or suspension may appeal to the Registrar in writing by submitting the Academic Appeal Form found on the Point website under “Registrar” (<https://point.edu/academics/registrar>). They must submit the form within 10 business days of the grade or academic ruling posting. The appeal should specify the suspected error and request what action they wish the University to take. If students contend that the Registrar’s response to the appeal is not correct, they should respond in writing and the appeal will be escalated to the Academic Committee chaired by the Chief Academic Officer. The Committee’s decision is final. Please note that this appeal is separate from Student Academic Progress (SAP) Warning or Appeal within financial aid.

Probationary Admission. A limited number of applicants who do not meet these GPA requirements may be admitted on probationary status if their application materials include other evidence of their ability to succeed at Point. Students who complete 12 undergraduate credit hours at Point with a 2.0+ GPA will be removed from probationary status. Students who do not meet these standards will be withdrawn from the program. For more information about probationary admission and the possibilities for documented evidence, contact the Admission Office.

Academic Standing

Academic Standing for Graduate Students

Academic Standing for Graduate Students

Good Academic Standing. Graduate students must earn a minimum cumulative grade point average (GPA) of 3.0 (“B”) on a 4-point scale to graduate from any degree program. Students are therefore in “good standing” when their cumulative GPAs are 3.0 or higher. Point University computes GPAs at the end of each term.

Academic Warning. Graduate students whose *term GPA* falls below 3.00, but whose *cumulative GPA* meets the minimum standard of 3.0, receive an academic “warning” from the Registrar prior to the following term. Students receiving a warning may continue enrollment without interruption. The warning status serves as an aid in advisement and the scheduling of extra-curricular activities.

Academic Probation. If graduate students’ *cumulative GPA* falls below 3.0, they are placed on probation but may enroll in the subsequent term. Students should contact the faculty department chair for their program and/or the Educational Resource Center (ER) for advice on improving academic performance. In most instances, graduate students should repeat courses for which they earned a grade lower than “B.”

Academic Suspension and Readmission. If the *cumulative GPA* remains below 3.0 at the end of the probationary term, graduate students are suspended from the University for one term. At the end of the suspension, students may re-enroll and have two terms to achieve the required GPA of 3.0 or higher. Failure to achieve a *cumulative GPA* of 3.0 or higher within this timeframe results in permanent suspension. Permanent suspension is reserved for students who continually fail to meet Point’s expected performance requirements as measured by GPA.

Notification of Probation or Suspension. The University makes every effort to notify students of probation. Suspension letters are mailed as certified mail. However, failure of the student to receive notification does not nullify the probation or suspension.

Probationary Admission. Applicants who do not meet GPA requirements for admission into the graduate program may be admitted on probationary status if their application materials include other evidence of their ability to succeed at Point. Students who complete 9 graduate credit hours with a 3.0+ GPA will be removed from probationary status. Students who do not meet these standards will be withdrawn from the program.

Academic Classifications

Undergraduate Classifications. Point University classifies *undergraduate* students according to the number of credits they have earned at Point and/or transferred from other institutions to fulfil degree requirements:

Academic Classification	Cumulative Credit Hours
Freshman	0 – 29 credits
Sophomore	30 – 59 credits
Junior	60 – 89 credits
Senior	90+ credits

Academic classification is important for determining the level of financial aid for which students may qualify.

Point University *recommends* that students not enroll in a course more than one level above their academic classification (e.g. freshmen should generally take 100- or 200-level courses, rather than 300- or 400-level courses). Undergraduate students may enroll in a 500-level graduate course only when they reach senior classification and only with written permission from the faculty department chair who oversees their major.

Graduate Students. Graduate students are enrolled for degree credit in courses at the 500 level or above.

Non-Degree Students. “Non-degree” student status is normally reserved for persons who are not seeking a degree, but who enroll in five or fewer credit hours per session for purposes of continuing education or personal enrichment. Non-degree students follow an abbreviated admission process described below under “Application & Admission.” If non-degree students decide to seek a degree, enroll in more than five credit hours per session, or accumulate 28 total undergraduate credits or 12 total graduate credits at Point, they must complete standard application procedures.

Transient Students. “Transient” status is reserved for students enrolled at one college or university temporarily studying at another institution. Point recognizes two types of transient students:

- Degree-seeking students from another college or university may temporarily attend Point to complete coursework required by the home institution. Typically, such enrollment is limited to one term—or two terms, including the summer term.
- Point University students may, with advance approval from the Registrar, complete one or more courses at another accredited institution of higher education in order to fulfil curricular requirements at Point (e.g. due to scheduling difficulties or a study abroad opportunity). Such persons are considered Point students while studying elsewhere. Point students may request this privilege using the *Transient Permission Form* found on the “Registrar” page of the Point website (<https://point.edu/academics/registrar>). Credits earned as a transient student, including online or correspondence courses, are subject to Point’s normal transfer credit policies (see below under “Credit for Prior Learning”). Normally, courses from institutions other than Point are completed and transcripts received prior to the beginning of the final term before graduation.

On-Ground and Online Student Status. Point University offers *full academic programs* in two primary modalities:

- *On-Ground Programs* offered at the main campus in West Point or another Point education site
- *Point Online Programs* offered fully-online

Point classifies students based on the type of *program* in which they are enrolled rather than the *courses* in which they are enrolled.

Undergraduate students enrolled in *Point Online programs* pay a lower tuition rate than students enrolled in *on-ground programs* at the main campus in West Point, Georgia. The rates differ because student services for on-ground and online students differ. *Point Online* undergraduate programs are less expensive than on-ground programs because online students do not require the dormitories, cafeterias, athletic facilities, chapel buildings, and certain other services used by on-ground residential students. For *Point Online* students the University provides “virtual” student services via the Internet.

In some cases, courses required for an online program are equivalent to those required for an on-ground program. Accordingly, students sometimes cross modalities. For example, on-ground students at West Point may enroll in an online course. However, they will pay the on-ground tuition rate because they are enrolled in an on-ground *program* and utilize on-ground student services. In other words, Point charges tuition and fees based on the student’s *program* (on-ground or online), rather than on the modality of a given course.

Transfer Policies

Students may fulfill degree requirements by successfully completing courses offered by Point University. Students may also secure credit for courses taken at previous institutions. Point accepts an unlimited number of transfer credits within the bounds of the University’s residency requirements (see below under “Residency Requirements and Transfer Credits”) and the policies outlined below. Decisions regarding the awarding of transfer credit are made by the Registrar Office staff in consultation with college deans and the Chief Academic Officer. The Registrar provides students with transcript evaluations and other documents specifying the type and amount of credit granted.

Note that students must normally complete the final 30 credits of degree requirements, including the majority of their professional requirements, during the five years immediately preceding the granting of the degree. This policy ensures that students’ knowledge and professional skills are reasonably up-to-date at the time Point awards the degree.

Credit by Transfer. Point University accepts transfer credits from the following types of institutions. Applicants must submit official transcripts from those institutions. A *tentative* evaluation of transfer credits may be made as part of the admission process. The Registrar *officially* transfers credits after the applicant has been accepted and has declared a degree program.

Credits earned at other institutions will be assessed for their applicability to a student's current degree program. Credits that fulfill general education or elective requirements will be accepted if the grade earned is C (C-) or higher. Courses relevant to the Character Core will also be evaluated for potential transfer credit. Due to evolving standards in various disciplines, transfer credits for specific professional majors and minors will be reviewed and may be accepted based on their alignment with Point University's current degree requirements. Courses that do not meet major or minor requirements but otherwise meet transfer credit criteria will be accepted as elective credits.

Other Colleges and Universities. Point University accepts academic credits transferred from other colleges or universities according to the following criteria:

- The college or university must be an institution of higher education accredited by an institutional accrediting body (e.g. SACSCOC, HLC, MSACS, WASC), national accrediting body (e.g. ABHE), or professional accrediting body (e.g. NASM, NCATE) recognized by the U.S. Department of Education and the Council for Higher Education Accreditation (CHEA) at the time the credits were awarded. These accrediting bodies mandate assessment and other quality control systems that give Point University a high level of confidence in their programs.

Other educational experiences will be evaluated on a case-by-case basis according to the following criteria: course/degree content and level, faculty credentials, and student performance. Applicants may be asked to provide course syllabi or other evidence needed to make those judgments. If experience shows that Point University can have confidence in a given institution, the Registrar may place it on a list of "approved" institutions, which will facilitate the transfer process. Point University reserves the right to withhold recognition of credits awarded by any college or university that does not, in the opinion of the administration, meet reasonable academic standards. Credits from non-accredited institutions are usually not transferable.

- Students must have completed the transferred courses, earning a minimum grade of "C-" for undergraduate credit or "B" for graduate credit (or "P" if the courses were offered on a Pass/Fail basis or "S" if offered on a Satisfactory/ Unsatisfactory basis). Only credits completed at Point University contribute to the student's cumulative grade point average (GPA); transfer credits and grades are not used in calculating the Point GPA. However, the University does use transfer credits and grades that satisfy Point degree requirements in determining graduation honors (see "Graduation Honors," which appears below under "Undergraduate Academic Honors").
- The transferred courses must apply to a Point University degree program as the equivalents of required courses (i.e. providing a similar knowledge base and/or competencies) or as appropriate electives. *Some fields (such as information technology) are constantly changing, so courses completed many years ago may be outdated and therefore ineligible for transfer. Departmental faculty will review transcripts and may require students to complete a newer version of a course. They will do this only when absolutely necessary for student success in the degree program and the professional field. This policy ensures that students' professional competencies are reasonably up-to-date at the time Point awards the degree.*
- Point's residency requirements (see below under "Residency Requirements and Transfer Credits") limit the number of transfer credits students may apply to a Point degree: For an associate's degree, students may transfer no more than 50% of the required courses (typically 30 credits) from another institution. For a bachelor's degree, students may transfer no more than 75% of the required courses (typically 90 credits), including a maximum 60 credits from 2-year colleges. For a master's degree, students may transfer no more than 33% of the required courses from an outside institution. These limits apply to all forms of Credit by Prior Learning, including AP, IB, CLEP, DSST, CDD, and military training, and demonstrated competency (described below).
- Students who transfer credits from non-U.S. or non-English-speaking institutions must provide Point University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive transcript evaluation. For the full policy, see the discussion of "International and Non-English Transcripts" in the section of this catalog devoted to "Application & Admission."
- Point University does not grant transfer credit for remedial coursework, college orientation, high school level courses (apart from the Advanced Placement program described below), or General Education Development (GED) tests.
- Point University does not grant credit for duplicated courses (e.g. Beginning Composition completed at one college *and* Freshman English completed at another).
- If a course has been repeated for credit, the last grade earned will be used in the transfer evaluation—even if it is a lower grade—because it represents the most recent measure of student competency.

Vocational Schools, Technical Colleges, or Institutes. Degree credits earned at vocational or technical institutions may be transferred to Point according to the policies stated above. Courses equivalent in content to required Point University courses may be used to fulfil General Education Core or professional major requirements. Others may be used as General Electives.

Point has partnership arrangements with certain colleges that allow students to transfer up to 36 credits as General Electives. In such cases, Point may allow substitutions for certain General Education Core courses in order to fulfil those commitments while still meeting accreditation requirements.

Concurrent Enrollment. Students may take courses at other institutions concurrently with studies at Point University, giving them the status of "transient students." To verify that credits are transferable to Point, students should follow this procedure:

- Complete the *Transient Permission Form* found on the "Registrar" page of the Point website (<https://point.edu/academics/registrar>). The form includes the name of the proposed course, the place and dates it is offered, an official course description, and the Point requirement the course will fulfil.
- Secure advance approval in the form of a signature from the Registrar and the appropriate faculty department chair.
- The Registrar will then place the signed *Petition* in the student's file as a binding agreement. If the student completes the proposed course, earning the appropriate grade, the Point requirement will be fulfilled.

Transfer Policies

Transfer Guidelines for the General Education Core, Character Core, and Biblical Studies

Transfer Guidelines for the General Education Core, Character Core, and Biblical Studies. The Point University faculty has specifically designed each course in the General Education Core, Character Core, Biblical Studies Minor, and professional programs to serve Point's mission and goals, including goals related to faith integration. Accordingly, the faculty prefers that students complete all their coursework at Point. At the same time, they do not wish to place unnecessary burdens on students who have earned academic credits elsewhere and desire to transfer those credits to Point. Therefore, in an effort to be "transfer friendly" while remaining true to its mission, Point has established transfer guidelines. The Registrar applies these guidelines in consultation with the dean of the College of Arts & Sciences and appropriate department chairs.

TRANSFER GUIDELINES FOR THE GENERAL EDUCATION CORE	
<p>IMPORTANT NOTE: The following table provides faculty-approved guidelines for transferring courses into the <u>General Education Core only</u>. A given course may be transferable into one Point program but not transferable into another based on the learning objectives for those programs. Departmental faculty make these determinations. <u>To illustrate:</u> A transfer course in Environmental Science may fulfil the Natural Science core requirement for the B.S. in Organizational Leadership, but it is no substitute for the Human Anatomy & Physiology course required for Point's B.S. in Exercise Science.</p>	
Point Requirement	Transfer Guidelines
Essential Skills	
ESCA 101 Essential Skills for College Success EFT 101 Effective Thinking	Point typically does not accept transfer credit for ESCA 101 or EFT 101, as these courses cover essential skills for student success in both college and career, as well as an introduction to Point University. Point may waive ESCA 101 or EFT 101 if students have completed 45+ college credits, including online courses.
ENG 101-102 Critical Reading/Writ I-II ENGL 101-102 Critical Reading/Writ I-II	Point accepts courses designed to improve students' <i>writing skills</i> . Examples include English Grammar (with writing emphasis), Freshman Composition, English Composition, College Writing, Research Writing, and Creative Writing.
COM 205 Public Speaking COMM 205 Public Speaking	Point accepts courses designed to improve students' <i>public speaking skills</i> . Examples include Speech, Debate, and Rhetoric.
Humanities & Fine Arts	
HUMA 101 Introduction to Humanities, ENG 202 American Literature to 1860 ENG 203 American Lit since 1860 ENG 204 British Literature to 1800 ENG 205 British Literature since 1800 ENG 207 World Literature ENGL 250 Modern Short Stories MUS 102 Music Appreciation MUSI 102 Music Appreciation PHL 201 Introduction to Philosophy PHL 225 History of Philosophy	<p>Point accepts courses that focus on:</p> <ul style="list-style-type: none"> · <i>Critical and historical examination of world cultures</i>. These may be broad survey courses or may focus on particular societies or aspects of human societies. Examples include History, Comparative Religion, Philosophy, Ethics, Ancient and Modern Languages, Archaeology, Political Science, and General Humanities. · <i>Critical analysis and interpretation of literary texts</i>. Examples include World Literature, Literature of the Western World, Shakespeare, or any introduction to a specific genre of literature (e.g. poetry, science fiction). · <i>Fine Arts</i> (e.g. painting, sculpture, art history or appreciation) <i>and Performing Arts</i> (e.g. theater, dramatic writing, dance, music history or appreciation, film history or appreciation).
Natural Sciences	
NSCI ___ Nat. Science Course w/Lab NSC 103-103L Biology I w/ Lab NSC 106-106L Environmental Sci w/ Lab NSC 110-110L Physical Science w/ Lab NSC 215-215L Human Anatomy & Physiology w/ Lab NSC 228-228L Gen Chemistry I w/ Lab	Point accepts courses focusing on the <i>physical universe</i> , such as Physics, Astronomy, Geology, Physical Geography, Oceanography, Ecology, Chemistry, Biology, Zoology, Botany, Anatomy, Physiology, and Health Sciences. To earn a bachelor's degree from Point University, students must complete at least one Natural Science course that includes a laboratory.
MATH ___ Mathematics Course	Point accepts courses designed to improve students' <i>quantitative reasoning skills</i> . Examples include college-level Mathematics, Algebra, Geometry, Trigonometry, and Calculus. (Note the specific math requirement for the student's chosen program.)
Social & Behavioral Sciences	
HIS 104 World History I HIS 105 World History II HIS 250 United States History I HIS 251 United States History II HIST 250 United States History	Point accepts courses that focus on <i>historical</i> examination of world cultures. These may be broad survey courses or may focus on particular societies or aspects of human societies. Examples include World History, American History, Euro-pean History, Chinese History and Culture.
PSY 103 Introduction to Psychology PSYC 103 Introduction to Psychology SOC 103 Introduction to Sociology SOCI 103 Introduction to Sociology SOC/HIS 210 Cultural Anthropology SOC/HIS 214 Geography	Point accepts courses in any branch of the Social and Behavioral Sciences. Examples include General Psychology, Human Development, Marriage & Family, Sociology, Anthropology, Cultural Geography, Political Science, and Economics.

General Electives	Point accepts any college-level course not equivalent to another course on the student's transcript (e.g. Point will not transfer both Beginning Composition from one college and Freshman English from another).
TRANSFER GUIDELINES FOR THE CHARACTER CORE AND THE BIBLICAL STUDIES MINOR, MAJOR, AND ELECTIVES	
Character Core	
BUSI 467 The S.E.R.V.E. Model of Leadership	Point accepts courses that focus on principles of leadership. Examples include Introduction to Leadership, Christian Leadership, and Servant Leadership.

CHAR 102 Where Am I? An Introduction to Worldview CHAR 202 Who Am I? Explorations in Human Flourishing CHAR 302 How Should I Live? Habit, Virtue, and the Formation of Character CHAR 402 What Should I Do? Beyond a Paycheck: Working for Good	Point accepts courses that focus on issues related to worldview, philosophy, ethics, virtue, and Christian living. For questions, contact the Biblical Studies Department Chair (Holly.Carey@Point.edu).
Biblical Studies	
BBS 102 The Drama of Scripture BIBL 103 The Drama of Scripture	Point accepts courses that offer broad exposure to major portions of the Christian Scriptures. Examples include Introduction to the Bible, Biblical Meta-narrative, Survey of the Old or New Testament, Pentateuch, Prophets, Wisdom Literature, Pauline Epistles, General Epistles.
BIB 202 Jesus: The Focus of Scripture BIBL 202 Jesus: The Focus of Scripture	Point accepts courses focusing on Jesus. Examples include New Testament Survey, Life of Christ, the Four Gospels, Matthew, Mark, Luke or Luke-Acts, John.
THEO 310 Spiritual Formation: Kingdom Living	Point accepts courses designed to contribute to student's spiritual development (i.e. being with Christ, becoming like Christ, and engaging in the work of Christ). Examples include Spiritual Formation, Spiritual Disciplines, Devotional Classics, and Christian Ethics.
BBS 304 Scripture: Reading & Interpretation BIBL 306 Scripture: Reading & Interpretation	Point accepts courses designed focusing on principles and skills for biblical interpretation. Examples include Hermeneutics, Exegetical Method, and Biblical Interpretation.
THE Christ, Culture & Career THEO 405 Christ, Culture & Career	Since THEO 405 integrates major elements of Point's curriculum, there are few courses that would transfer. The only course that might be considered is a senior-level integrative course.

Course Substitution Process for the Character Core and Biblical Studies Minor, Major, and Electives. Through the following process, students may seek a course substitution for a Point-required course in the Character Core, Biblical Studies Minor, Biblical Studies Major, or a Biblical Studies Elective:

- Students requesting a course substitution must do so in writing to the Biblical Studies Department Chair (Holly.Carey@Point.edu).
- Upon receiving the request, the Department Chair will evaluate its validity and, when possible, speak to the course instructor or course writer as to the nature of the course.
- The Department Chair will recommend to the Dean of the College of Biblical Studies & Ministry either approval or disapproval within three days of receiving the written request.
- The Dean will notify the Registrar Office and the student of the decision within one day of receiving the Department Chair's decision.

Credit by Examination

Credit by Examination. Point University recognizes credits earned by examination from sources with known validities and reliabilities, including Advanced Placement (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), and DSST (formerly DANTES Subject Standardized Tests, now by Prometrics). For more information regarding credit for these examination programs, see below.

The Educational Resource Center (ER) on the West Point Campus administers proctored, computer-based CLEP tests. (Students may also complete the *Point Admission Assessment* on a personal computer without the presence of a proctor.) For details, see “Standardized Testing” in the section of this catalog devoted to “Student Support Services.”

Students submit official copies of examination scores to the Point University Registrar, who determines their applicability to degree requirements at Point. Please note:

- Credits earned by external examination are placed on student transcripts and treated as transfer credits. Such credits are designated on the transcript by a grade of “Pass.”
- Credits by examination awarded by another institution of higher learning may be transferred to Point only if those credits are recorded on the student’s academic transcript in a manner similar to regular course credits—that is, the transcript must specify (1) the course requirements fulfilled by the examination, (2) the number of credits awarded, and (3) either a letter grade of “C-” or higher or that institution’s designated letter or symbol for credit-by-examination or credit earned without a letter grade, such as “CR” or “P.” Point does not transfer generic credit hours awarded by examination or course requirements waived on the basis of examination.
- A maximum of 25% of the credit hours required for a Point degree may be earned through external examinations.

Point University awards AP, IB, CLEP, and DSST credit according to the following guide-lines:

Advanced Placement (AP). Students who qualify through the Advanced Placement (AP) program may receive advanced standing and/or exemption from certain courses offered by Point University.

The American Council on Education (ACE) recommends that colleges and universities award credit for AP grades of “3” or higher on any AP Examination. Point follows this recommendation. Scores below “3” are not accepted. To apply AP credit to the professional major, students must earn a score of “4.” For purposes of computing grade point averages (GPA), Point assigns Advanced Placement credit a grade of “P” (Passing).

The following table lists available AP exams, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil:

International Baccalaureate (IB). Students who qualify through the International Baccalaureate (IB) program may receive advanced standing and/or exemption from certain courses offered by Point University.

The American Council on Education (ACE) recommends that colleges and universities award credit for IB grades of 5 or higher on any IB Examination. Point follows this recommendation. Scores below "5" are not accepted. To apply IB credit to the professional major, students must earn a score of "6." For purposes of computing grade point averages (GPA), Point assigns IB credit a grade of "P" (Passing).

The following table lists selected IB examinations, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil. For an evaluation of other exams, consult with the Registrar.

College Level Examination Program (CLEP). Students who qualify through the College Level Examination Program (CLEP) may receive advanced standing and/ or exemption from certain courses offered by Point University.

To allow time for processing before graduation, students should complete all CLEP examinations prior to their final term at Point. If a student fails a Point course and then passes a CLEP equivalent, the course grade remains on the transcript but the course requirement is fulfilled. The only way to remove the course grade is to retake the same course.

The table on the following pages lists available CLEP exams, the minimum scores required to earn Point University credit, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil. In setting its requirements, Point has taken into consideration guidelines published by the American Council on Education (ACE). For purposes of computing grade point averages (GPA), Point assigns CLEP credit a grade of "P" (Passing).

NOTE: Under "Minimum Scores," the numbers not in parentheses denote the minimum score students must earn to apply CLEP credit to Point General Education Core or General Elective requirements. The numbers in parentheses denote the minimum score students must earn to apply CLEP credit to their professional major.

DSST (DANTES Subject Standardized Tests). Students who enroll in Point University may also secure credit through DSST, the U.S. military's Defense Activity for Non-Traditional Educational Support tests (DANTES) now offered through Prometrics. The DSST tests cover more than 50 disciplines. The American Council on Education (ACE) recommends that universities award credit for the scores appearing on the table below. Point follows these recommendations.

To allow time for processing before graduation, students should complete all DSST exams prior to their final term at Point. If a student fails a Point course and then passes a DSST equivalent, the course grade remains on the transcript but the course requirement is fulfilled. The only way to remove the course grade is to retake the same course.

The following table lists available DSST exams, the minimum scores required to earn Point credit, the number of credits Point awards for successful completion of each exam, and Point course requirements those exams may fulfil.

NOTE: Under "Minimum Scores," the first set of numbers refers to older DSST exams completed prior to 2008. The second set of numbers refers to Updated Exams completed since 2008. The numbers not in parentheses denote the minimum score students must earn to apply DSST credit to Point General Education Core or General Elective requirements. The numbers in parentheses denote the minimum score students must earn to apply DSST credit to their Point professional major.

Transfer Policies

Credit for Military Training

Credit for Military Training. Point University evaluates military training courses according to the American Council on Education's (ACE) *Guide to the Evaluation of Educational Experiences in the Armed Services*. Students must submit all pertinent documentation to the Registrar for evaluation. Military transfer courses should be reported on an Army American Council on Education Registry Transcript (AART) or Sailor/Marine American Council on Education Registry Transcript (SMART) or, if not available, on form DD295 for personnel still in service or form DD214 for those discharged.

For more information about academic credit through the American Council on Education (ACE), see the *Student Guide to Credit for Prior Learning* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Student-Guide-to-Credit-for-Prior-Learning.aspx), the *Learner Transfer Guide* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Learner-Transfer-Guide.aspx), and frequently asked questions about the *Military Guide* (www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Military-Guide-FAQ.aspx). To see if a particular military examination or course has been evaluated by ACE, see the Course/Examination Search site.

Transfer Policies

Credit for Prior Learning

Students may fulfill degree requirements by successfully completing courses offered by Point University. Students may also secure credit for prior learning. Point accepts an unlimited number of credits for prior learning within the bounds of the university's residency requirements and the policies outlined below. To be eligible to earn Credit for Prior Learning (CPL), a student must be fully admitted to Point University and meet all the requirements of a student in good standing.

Students should contact the Professional Learning Director about receiving CPL. Students can reach the professional learning office at pla@point.edu. All materials submitted for review for CPL will be considered the property of the University and retained in the student's file and evaluated on a case-by-case basis.

The following general criteria and limitations apply to all CPL:

- Students must be fully admitted to Point University and meet all the requirements of a student in good standing.
- Students should consult with their academic advisor prior to seeking CPL.
- CPL will be awarded only for demonstrated learning, equivalent in content to a course. Faculty will determine whether a student's prior learning demonstrated the equivalency of the course based on meeting 75% of the learning outcomes.
- CPL will be awarded only for college-level learning that balances theory and practical application.
- CPL will not be awarded for the experience. A student must differentiate what he/she learned from the experience and align it with the course learning outcomes.

Enrollment

CPL will affect the enrollment of a specific term and the determination of part-time or full-time student enrollment status. CPL will be processed prior to initial enrollment and credit will be assigned to the following semester. If credit is received, the student will have the option to register for additional credits. Please note if credit for CPL is received, the credits will NOT be counted in the determination of part-time or full-time student enrollment for financial aid (see Fee policy below).

Faculty Discretion

Assessment of prior learning, including the course criteria, is the responsibility of credentialed faculty in the academic discipline of the course(s) of an academic award. CPL assessment may be limited by the availability of credentialed faculty or facility availability.

Fee

Non-traditional credits, like CPL, and standardized/challenge exams, do not qualify for financial aid. There will be a \$75 per credit hour rate assessed excluding exam fees. For additional information, see Professional Learning and Career Services Director.

Grading/Grade Point Average

Grading will be assigned by credentialed faculty. For each CPL course attempted the student will remain on the current grading scale assigned by the credentialed faculty and recorded with a CPL notation. Please note if a letter grade is assigned to the course, it will affect the student's GPA.

Number of CPL credits

Point's residency requirements limit the number of transfer credits students may apply to a Point degree. There is no limit to the total number of credits a student may earn through CPL so long as the total earned credits apply to their academic program and do not exceed the academic program credit limit. CPL credit will be awarded only for learning that matches the competencies of a current course in a student's declared program of study.

Certifications

CPL will be awarded for courses that contribute to an approved certification upon approval of the faculty. Once the certification has been obtained, the registrar's office will facilitate the transfer process.

Transcript

The student's transcript will reflect the grade earned in the course based on the grading scale assigned by credentialed faculty notating the grade was received by CPL. The CPL merely shows the student's experience and knowledge are sufficient for the course curriculum.

Appeal

If a student disagrees with the CPL evaluation outcome, an appeal process is available from the Professional Learning & Career Services Director. The student must submit an appeal within one week of notification of the CPL assessment decision.

Transferability

Point University does not guarantee that another college or university will accept CPL credit in transfer. Students planning to transfer to a college or university should contact the receiving institution to determine the acceptability of transferring CPL. Point University will not allow the transfer of credits earned through Prior Learning Assessment at another college or university institution.

ATTENTION HUMAN RELATIONS AND PSYCHOLOGY MAJORS: The College of Social & Behavioral Sciences does not grant credit for life experience or previous work experience in place of the following field education courses: HREL 497 Human Relations Practicum, HREL 498 Human Relations Internship—Fieldwork, PSYC 497 Psychology Practicum, and PSYC 498 Psychology Internship. Other forms of credit for prior learning may apply, such as transfer credits from other universities.

ATTENTION SOCIAL WORK MAJORS: In accordance with the policy of the Council on Social Work Education (CSWE), Point University does not grant course credit for life experience or previous work experience for any professional courses in the Social Work Major. Other forms of credit for prior learning may apply, such as transfer credits from other universities.

Residency Requirements and Transfer Credits

Rationale. To receive a degree from Point University, students must complete a significant portion of the required coursework at Point. These “residency requirements” ensure that academic programs reflect Point’s distinctive mission, ethos, values, and educational aims, so that the student’s degree may reasonably be called a “Point University degree.”

Residency Requirements. Accordingly, Point University has set the following residency requirements:

- To receive an associate’s degree from Point University, students must complete at least 50% of the required coursework at Point (typically 30 credits).
- To receive a bachelor’s degree, students must complete at least 25% of the required coursework at Point (typically 30 credits)—including at least 30 credits in the professional major. Students may transfer a maximum of 60 credits from 2-year colleges.
- To receive a master’s degree, students must complete at least 66% of the required coursework at Point.
- To receive a certificate or credential, students must complete at least 25% of the required coursework at Point.
- All types of Point University courses—on-ground, *Point Online*, *Hybrid*, residential, commuter, and dual credit enrollment courses—count toward meeting these residency requirements. Normally, the minimum number of credits required at Point are the last credits earned for the degree.

Implications for Transfer Courses. Point’s residency requirements limit the number of transfer credits students may apply to a Point degree: For an associate’s degree, students may transfer no more than 50% of the required courses (typically 30 credits) from another institution. For a bachelor’s degree, students may transfer no more than 75% of the required courses (typically 80 credits), including a maximum 60 credits from 2-year colleges. For a master’s degree, students may transfer no more than 33% of the required courses from an outside institution. These limits apply to all forms of Credit by Prior Learning, including AP, IB, CLEP, DSST, CDD, and military training (detailed below).

Undergraduate Academic Honors

Dean’s List. As an incentive to academic achievement, the Registrar publishes an undergraduate Dean’s List at the end of each term. Full-time, degree-seeking under-graduate students who earn a Point University term grade point average (GPA) of 3.50 or higher are recognized on the Dean’s List for that term. The student must complete at least 12 credit hours at Point University in a given term to qualify for this honor.

Graduation Honors. Point University awards graduation honors to students who demonstrate academic excellence throughout their undergraduate career. In recognition of this achievement, they receive a gold cord to wear at Commencement.

- Students earning a cumulative grade point average (GPA) of 3.50 to 3.699 graduate *cum laude* (“with honors”).
- Students earning a GPA of 3.70 to 3.899 graduate *magna cum laude* (“with high honors”).
- Students earning a GPA of 3.90 to 4.00 graduate *summa cum laude* (“with highest honors”).

In determining graduation honors, Point computes students’ cumulative GPAs based on *all Point credits and all transfer credits used to fulfil Point degree requirements*. The University does not include additional credits earned elsewhere but not applied to the Point University degree.

Since final grades may not arrive in the Registrar Office until after the commencement ceremony, Point calculates graduation honors and awards gold cords based on grades earned through the student’s next-to-last term prior to graduation. If grades from the final term later show that the student has qualified for honors, Point will note that fact on the student’s official transcript.

Point does not award graduation honors to master’s degree students. Since such students must perform at a high level simply to graduate (3.0 cumulative GPA), graduation itself is considered honor enough.

Honor Society for Online Students - Omega Nu Lambda

Point University sponsors the Delta Chapter of Omega Nu Lambda (ONL), the only national collegiate honor society exclusive to online students (www.omeganulambda.org). The society is dedicated to enhancing the online experience by encouraging online students, acknowledging their achievements, and connecting the online student community. To qualify for membership, students must:

- Be a non-campus, fully online, degree-seeking, undergraduate or graduate student;
- Complete at least 15 credit hours of online learning; and
- Hold a minimum cumulative grade point average (GPA) of 3.2.

Some of the benefits of membership include a certificate and honor cords at graduation, nationwide networking, and scholarship opportunities. For more information, contact the campus sponsor, Ms. Valarie Williams (706-784-8509; Valarie.Williams@Point.edu).

Graduation and Commencement

Students *graduate* when Point University certifies they have completed all degree requirements and posts the degree on official student transcripts. *Commencement* is not the actual awarding of a degree, but a formal ceremony marking the actual or anticipated completion of that degree. Point holds commencement ceremonies once each year in April/May. The following policies govern graduation and commencement.

Graduation. Students nearing the end of their degree programs follow six steps to complete the graduation process:

Step 1: Students must submit the *Intent to Graduate* form two terms prior to graduation. This form is available on the “Registrar” page of the Point website (<https://point.edu/academics/registrar>).

Step 2: During their final term at Point University, students must register in GRAD 400 Graduation. This zero-credit “course” notifies the Registrar of their intent to graduate at the end of that term. The Registrar then verifies that the student will have met the academic requirements for graduation. Please be advised that GRAD 400 includes a \$100 fee to cover the cost of regalia for graduates, diploma covers, and other expenses related to the Commencement ceremony.

Step 3: Students must submit the **Application for Graduation** available on the “Registrar” page of the Point website (<https://point.edu/academics/registrar>). The *Application* includes a **Completion Plan** showing the courses remaining for students to fulfil all graduation requirements. Deadlines for submitting the *Application for Graduation* are September 30 for fall commencement and February 28 for spring commencement. Failure to submit the form in a timely fashion may cause the student to wait until the next commencement ceremony.

Step 4: The Registrar Office conducts a **preliminary degree audit** to verify students’ readiness for graduation. If students are not ready, the Registrar assists them in revising their *Completion Plan*. If students are ready, the Registrar approves the *Application for Graduation* and places the graduation fee on the student’s account.

Step 5: Students fulfil their **completion plans**.

If a student does not complete the requirements for graduation, a new *Application* will be required, along with the amount of any graduation fee increases since the initial *Application*.

Likewise, if the student’s enrollment is interrupted after an *Application for Graduation* is made, the student is subject to the University’s readmission processes and policies and a new *Application for Graduation* must be submitted.

Step 6: After final grades are received, the Registrar completes a **final degree audit** to verify that students have met all degree requirements. If so, the Registrar posts the degree at the next posting date. Once the degree is posted, students’ transcripts show that they have “graduated” from Point University.

Transcripts may be ordered immediately, and graduates should receive their diplomas shortly after posting via certified U.S. mail. However, *the University will not release diplomas or transcripts until students receive clearance from the Business Office for all financial obligations incurred up to the time of graduation.*

It is the student’s responsibility to complete all graduation requirements and to complete and submit the Application for Graduation.

Attendance at Commencement. Point invites all students—both on-ground and online—to participate in the commencement ceremony. All on-ground students on the West Point campus are expected to participate unless their written request for non-attendance is approved by the Chief Academic Officer. Those who cannot attend must nevertheless pay the graduation fee to cover the costs of diplomas and the ceremony.

Students may “walk”—that is, walk across the stage and receive their diplomas—only in the commencement ceremony immediately following the completion of their degree requirements. To illustrate: A student who completes all coursework in time for the spring commencement must walk at that ceremony and may not wait until the next commencement. Under certain circumstances, students may walk prior to completing degree requirements by exercising the “early commencement” option outlined below.

Early Commencement. Point students who, at the time of commencement, do not hold a posted degree may participate in the ceremony under the following conditions:

- Students must file an *Application for Graduation* for fall or spring commencement. The *Petition* must include a *Completion Plan* and the graduation fee.
- The Registrar must approve the students’ *Completion Plan*. To qualify for early commencement approval, the *Plan* must meet three criteria: (1) It must list specific coursework students will take to complete degree requirements, including the institution(s) offering those courses and the scheduled dates. (2) *It must show that students will be within 6 credits of completing all degree requirements at the time of commencement—or that they will be completing all other degree requirements simultaneously with those 6 credits.* (3) The anticipated completion date for all remaining coursework must be in reason-able proximity to the commencement ceremony—typically within one term of the ceremony.

PLEASE NOTE: *Students who take advantage of this “early commencement” privilege cannot qualify for graduation honors (described below) because, technically, they are not part of the graduating class. Such honors are based on students’ grade point average (GPA), and the final GPA remains unknown until all coursework is completed and the degree is posted.*

Students must notify the Registrar Office when degree requirements have been met. The degree will be posted at the end of the term in which the degree was completed.

If students do not complete their degree within one year of the commencement ceremony, they must meet the requirements of the current catalog in order to graduate.

Commencement Regalia Policy. Graduation is a great accomplishment and an occasion for celebration and rejoicing. It is also a formal academic ceremony that marks the closing of one chapter and beginning of another. In accordance with centuries-old tradition, graduates and faculty wear academic regalia (robes, caps, cords, stoles, and/or hoods). Because commencement is a formal academic ceremony and because the regalia denote certain honors, Point University does not permit modification of regalia. No cords or stoles not distributed by the Registrar’s Office are permitted. Likewise, students may not decorate their caps. Graduation staff will require the removal of any unauthorized modifications to regalia. If students’ attire is deemed inappropriate, they may not be allowed to participate in the commencement ceremony.

Traditionally, graduates wear the following business casual attire under their regalia:

Female Graduates

1. Black or navy-blue light weight dress, skirt, or slacks
2. White blouse or white collared blouse
3. Navy blue or black shoes.

Male Graduates

1. Black or navy-blue dress slacks (jackets are not required)
2. White shirt or white collared shirt
3. Necktie or bow tie of choice

4. Black or navy-blue socks and shoes

The appropriate cap for all degrees is the familiar black “mortarboard.” It is worn straight on the head with the point of the cap in the center of the forehead. For students receiving an associate or bachelor’s degree, the tassel should hang to the right of the face prior to graduation. They will move it to the left at the appropriate time during the commencement ceremony. Students receiving a master’s degree wear the tassel on the left from the beginning, which signifies they have already earned a baccalaureate degree.

Point recognizes that commencement is a joyous occasion for its students. However, the University requests that participants use discretion regarding conduct at the ceremony by, for example, not cheering so loudly for one graduate that it drowns out the names of others as they are read. Point University wishes to maintain the dignity the occasion deserves.

Graduation Requirements

To earn a degree, certificate, or other credential from Point University, students must complete all required coursework within the specified time limit, earn a sufficient grade point average, fulfil Point’s residency requirements, and be in good standing with the University. Students must meet all financial obligations in order to receive their diplomas and transcripts.

Degree Requirements. For course requirements for each Point degree program, see the program descriptions included in the sections of this *Catalog* devoted to the university’s five colleges (above).

Point University academic programs must, by definition, include a minimum 60 credits for an associate’s degree, 120 credits for a bachelor’s degree, and 30 credits for a master’s degree. In some cases, students must complete general electives to meet these standards.

Minimum Grade Point Average (GPA). To earn an associate’s or bachelor’s degree, students must earn a minimum cumulative grade point average (GPA) of 2.0 on a 4-point scale for the entire degree, including transfer courses. To earn a master’s degree, they must earn a minimum cumulative grade point average (GPA) of 3.0, including transfer courses.

Residency Requirements. To receive a Point University degree, students must meet the institution’s residency requirements, which are detailed above under “Residency Requirements and Transfer Credits.” In short,

- To receive an associate’s degree, students must complete at least 50% of the required coursework at Point (typically 30 credits).
- To receive a bachelor’s degree, they must complete at least 25% of the required course-work at Point (typically 30 credits)—including at least 30 credits in the professional major.
- To receive a master’s degree, students must complete at least 66% of the required coursework at Point (typically 24 credits).
- To receive a certificate or credential, students must complete at least 25% of the required coursework at Point.

All types of Point University courses—on-ground, *Point Online*, *Hybrid*, residential, commuter, and dual credit enrollment courses—count toward meeting these residency requirements. Normally, the minimum number of credits required at Point are the last credits earned for the degree.

Maximum Timeframe for Completing Degrees. Candidates enrolling in a degree program fulfil the catalog requirements in effect at the time they enter the program. Students are responsible for arranging their schedules to complete those courses when they become available. Students may choose to adopt a newer catalog and its curricular requirements, but they may not combine the requirements of two catalogs.

NOTE: An archive of past catalogs appears on the Point website (<https://point.edu/academics/catalogs>).

Point recognizes that not all students will be able to complete their degree requirements within the normal timeframe (2 years for an A.A. degree, 4 years for a bachelor’s degree, and 2 years for most master’s degrees). Accordingly, the University permits students to complete their degrees *under the original catalog requirements* as long as they do so within 150% of the normal timeframe (e.g. 3 years for an A.A., 6 years for a bachelor’s degree, and 3 years for most master’s degrees). If degrees are not completed within the allotted timeframe, students must fulfil the new degree requirements. Students who do not enroll in courses for 180 days return under the catalog requirements in force at the time of re-enrollment.

Students must normally complete the final 30 credits of degree requirements, including the majority of their professional requirements, during the five years immediately preceding the granting of the degree. This policy ensures that students’ knowledge and professional skills are reasonably up-to-date at the time Point awards the degree.

Senior Assessments. In order to graduate, senior undergraduates must complete required assessments of core education components.

To graduate, students must also complete any required departmental and institutional exit interviews, exams, and other assessments.

Graduates in Good Standing. Candidates for Point University degrees must meet both the academic requirements and the community standards. Accordingly, no student may graduate while on academic or disciplinary probation or suspension.

Changes in Degree Requirements. As part of its quality control systems, Point University constantly reviews, assesses, and revises its educational programs to meet changing world needs. Accordingly, this academic catalog should not be considered a contract between Point and its students. While the University fully intends to offer all the programs and courses described therein, it retains the right to alter programs and course offerings for the sake of improvement. In such cases, the faculty offers students reason-able substitutions or other accommodations if courses required under a given degree program are significantly altered or removed from the curriculum.

Second or Dual Degrees. To earn a second degree at the same level at Point, the student completes all the additional requirements of the second degree program with the following stipulations:

1. At the undergraduate level (associate and/or baccalaureate), the courses taken for the second degree must constitute 30 or more semester hours that are unique to that second degree (i.e., not used to fulfill any of the requirements for the first degree program), of which 30 or more semester hours (and no less than 25% of the semester hours normally required for the second degree) must be earned through instruction offered by Point.
2. At the graduate level, the courses taken for the second degree program must constitute at least 50% of the semester hours required for that degree program and no more than 50% of the coursework for one degree may be applied to completion of the other degree.
3. A given course may simultaneously fulfil requirements for both degree programs.
4. The use and limitation of transfer credits is governed by the appropriate policies (see "Credit for Prior Learning" and "Residency Requirements and Transfer Credits."
5. If additional semester hours are necessary to achieve the required minimums for the second degree, those semester hours would be selected from courses normally associated with that educational program and must be approved by the student's academic advisor.
6. If the student pursues and/or completes the two degree programs simultaneously, the student must declare both degree programs with the Registrar and designate them as primary and secondary degree programs. If the student declares an associate degree and a baccalaureate degree, the baccalaureate degree program is considered primary and the associate degree program is secondary.
7. The student is responsible to seek advisement from academic advisors in both fields of study.
8. The proper sequencing of courses to pursue and complete two degree programs at the same time is the responsibility of the student.
9. When earned, whether simultaneously or consecutively, both degrees and their majors are listed on the student's academic transcript and two diplomas are awarded.
10. Undergraduate graduation honors are based on the student's total cumulative academic record with Point and transfer hours for the degree(s) at the time of graduation for each degree, whether simultaneous or subsequent (see "Graduation Honors").

Dual Majors. If an undergraduate student completes all the required courses for two baccalaureate majors with less than 30 additional semester hours for the second major (e.g., less than 150 semester hours), then Point awards a single bachelor's degree with multiple majors. Dual majors are not possible at the associate and graduate levels. Stipulations 3-7 and 9 under "Second or Dual Degrees" are applicable, as appropriate.

Adding, Dropping, or Withdrawing from Courses

Policies regarding adding, dropping, or withdrawing from courses appear below. See the academic calendar for specific deadlines for a given term or session.

Adding a Course. Students may petition to add a course through the Registrar Office until the add/drop deadline shown on the academic calendar, which typically comes one week after the course start. Students should consult with the Academic Advising Center by telephone (email Advising.Center@Point.edu; telephone 706-385-1018) to make certain that the course meets credit hour requirements and academic goals. They should consult with a financial aid counselor regarding financial implications (email Financial.Aid@Point.edu; telephone 706-385-1018). Students receiving Veterans Administration (VA) benefits must contact Point University's VA Certifying Official before adding the course. Furthermore, students are responsible for securing required textbooks and materials in a timely fashion. If students add a course after the start of the term or session, they do not incur absences for the parts of the course missed prior to enrollment. However, they must "catch up" by completing any missed assignments.

Dropping a Course. Students may petition to drop a course through the Registrar Office until the add/drop deadline shown on the academic calendar, which typically comes one week after the course start. Students should be aware that dropping a course could affect full-time student status, financial aid, and VA benefits. Students should consult with the Academic Advising Center to evaluate how the dropped course affects credit hour requirements and academic goals (email Advising.Center@Point.edu; telephone 706-385-1018). They should consult with a financial aid counselor regarding financial implications (email Financial.Aid@Point.edu; telephone 706-385-1018). Students receiving VA benefits must contact Point University's VA Certifying Official before dropping the course. Dropped courses do not appear on student transcripts.

It is the student's responsibility to drop a course in which s/he decides not to participate. If a student decides to drop a course, but does not notify the Registrar Office, then the student is financially responsible for the course. If a student does not attend or participate at all during the first two course weeks, the registrar will cancel charges and implement an administrative withdrawal under the "no show" policy (described above).

NOTE: The student's enrollment at the end of the drop period is counted as that term's "attempted hours" in financial aid considerations, especially the HOPE Scholarship, even if a course is later dropped with a "W" or "WF."

WARNING: Point registers students for a full 16-week term (two 8-week sessions), and state and federal governments award financial aid for the full term. If students participate in session 1 but decide not to continue into session 2, they must notify the Registrar Office before session 1 ends. If they do so, Point will not charge tuition for session 2 and will return to the government any remaining financial aid awarded for that term. If students do not notify Point before session 1 ends, the University may charge session 2 tuition and then have to return financial aid. In either case, students will be responsible for any unpaid balances. Contact the Financial Aid Office for more information (email financial.aid@point.edu; telephone 706-385-1018).

Withdrawing from a Course. Students may voluntarily withdraw from a course prior to the "last day to withdraw from a course voluntarily with a 'W'" shown on the academic calendar. If they withdraw by the end of the first week of the course (the "last day to drop a course without notation"), they receive no grade and incur no charges. If they withdraw after this date but prior to the withdrawal deadline, they receive a grade of "W" (Withdrawal). If they withdraw after the deadline, they receive a grade of "F." Withdrawals are effective on the date the student delivers a completed *Withdrawal Form* to the Registrar Office. Forms are available in the Registrar Office or online.

Students are responsible for tuition and fees incurred for the course. Possible consequences of withdrawing include (1) loss of work-study hours, (2) loss of on-campus housing, (3) loss of some VA benefits, and/or (4) loss of current or future financial aid. Students should consult with the Academic Advising Center, a financial aid counselor, and the VA Certifying Official prior to withdrawing.

Administrative Withdrawal from a Course. Students who do not meet attendance requirements or who violate behavioral standards may be administratively withdrawn from a course at any time during the term or session. The Registrar Office notifies students of administrative withdrawals. Such students receive a grade of "W" prior to the withdrawal deadline or "F" after the deadline. Students are responsible for tuition and fees for the course. Possible consequences of withdrawing include (1) loss of work-study hours, (2) loss of on-campus housing, (3) loss of some VA benefits, and/or (4) loss of current or future financial aid.

Appeal of Administrative Withdrawal from a Course. Students who believe an error has been made in an involuntary administrative withdrawal from a course may appeal the decision to the Registrar. The appeal must be made in writing within 48 hours of notification of the administrative withdrawal, giving evidence of the alleged error. Students may and should continue attending and participating in class sessions while an official appeal is pending. The Registrar will respond in a timely manner with a decision to reverse or uphold the involuntary withdrawal. If students contend that the Registrar's response to the appeal is incorrect, they may appeal to the Chief Academic Officer (CAO) in writing, within 24 hours of the Registrar's notification, giving evidence of the alleged error. The decision of the CAO will be final.

Applying Graduate Courses to Undergraduate Degrees

Point University occasionally allows junior or senior undergraduate students to enroll in master-level courses. Enrollment in these "swing courses" must be approved by the appropriate college dean and departmental faculty. Please note:

- Course descriptions appear near the end of this catalog. Approved "swing course" substitutions appear under "Special Considerations." Students may also use "swing courses" as General Electives.
- To enroll in "swing courses," an undergraduate student must hold a minimum cumulative grade point average (GPA) of 3.00.
- Students enrolled in a bachelor's degree program complete such "swing courses" at the undergraduate tuition rate.
- The University allows a maximum of 12 graduate units to apply to a bachelor's degree and a maximum of 6 graduate units to apply to *both* a master's degree and a bachelor's degree.
- Students must earn a minimum grade of "B" to apply the graduate course to a master's degree.
- Completing "swing courses" does not exempt students from graduate admission requirements if they later decide to enroll in a master's degree program.

Auditing Courses

Audit Policy. Students may audit ("listen in on") Point University courses for personal enrichment without seeking academic credit. To audit a course, students must meet course prerequisites, secure written permission from the course instructor, register for the course, and pay the audit fee of \$70 per credit hour. *Financial aid is not offered for course audits.*

The University at its discretion may limit the number of audit students in a given course. Students may not change from audit to credit status, or from credit to audit status, except during the drop/add period and with the permission of both the instructor and the Registrar.

Audit students may attend class sessions, complete required readings, and participate fully in on-ground and online learning activities and group discussions. Written and/or graded assignments are optional. Instructors may voluntarily grade assignments submitted by auditing students and/or give feedback on progress, but they are under no obligation to do so. Students who audit a course do not receive a final letter grade. Instead, their transcripts indicate "Audit" (AU) in place of a grade. Audited courses may not be used to meet graduation requirements for any degree program.

Applying to Audit a Course. Students who are not already enrolled at Point and who wish to audit a course should begin by contacting the Admission Office (telephone 706-784-8609; email Admission@Point.edu) or Registrar (telephone 706-385-1018; email Point.Registrar@Point.edu). They must submit the following:

- The online *Application for Admission* available on the Point University website (<https://point.edu/apply>).
- A letter of intent explaining one's reason for auditing the course
- *Audit fee* of \$70 per credit hour
- *Fees for any textbooks or course materials* the auditing student wishes to purchase

Audit students must comply with the academic policies and procedures outlined above.

Changing Degree Programs, Majors, or Concentrations

Students who wish to change their degree program, major, or concentration must complete the *Degree Change Form* and submit it to the Registrar Office. The form appears on the "Registrar" page of the Point website (<https://point.edu/academics/registrar>). The Registrar Office will notify the Academic Advising Center, appropriate faculty advisors, and Financial Aid Director. They may want to discuss the implications of the change with the student. Program changes will only occur at the beginning of a term before the DROP/ADD deadline per the Academic Calendar.

Course Loads, Overloads, and Full-Time Student Status

The number of credits in which students are enrolled in a given term ("course load")—and whether or not they carry "full-time" enrollment status—determine the length of time to graduation, as well as the level of financial aid for which students may qualify.

On-Ground Undergraduate Students. For undergraduates in on-ground programs, such as those at West Point, 12 credits per 16-week term constitute "full-time" status while less than 12 represent "part-time" status. A normal full-time course load is five courses per term, or 15-16 credits. To enroll in an "overload" of more than 17 credits per term, students must have a 2.50 cumulative grade point average (GPA) and permission from their Academic advisor. Enrollment in more than 19 credits per term also requires approval by the Registrar.

Online Undergraduate Students. For undergraduates in *Point Online* and *Hybrid* programs, 12 credits per 16-week term constitute "full-time" status while less than 12 represent "part-time" status. A normal full-time course load is two 3-credit courses per 8-week session, or four 3-credit courses per 16-week term. To enroll in an "overload" of three courses per session (a 42 hour per week time commitment), students must have a 2.50 cumulative grade point average (GPA) and permission from the Registrar.

Graduate Students. For master's degree students, 6 credits per term constitute "full-time" status. A normal course load is one 3-credit course per 8-week session, or 6 credit hours per 16-week term. Due to course scheduling and workload issues, "overloads" are generally not available for graduate students. MBA students who have completed their most recent term with a grade point average of 4.0 may register for two courses per 8-week session.

Directed Independent Studies

Individual students or groups of students may request a Directed Independent Study (DIS) under the supervision of a Point University instructor. Such studies provide an opportunity to remedy unavoidable course scheduling conflicts or to explore an area of interest not covered by Point's standard curricula. They are not intended to remedy poor academic planning on the part of the student or merely as a personal convenience (e.g. enrolling in a DIS to avoid a late evening class). Students are responsible for arranging their schedules so as to complete required courses when they become available.

Students may request a DIS by contacting the Registrar (telephone 706-385-1018; email Point.Registrar@Point.edu). The Registrar then initiates the approval process with academic leadership. Point University can approve only a very limited number of DIS courses due to the already heavy demands on faculty members' time.

On-Ground Students Enrolled in Online Programs

On-Ground and Online Student Support Services. Since Point serves both on-ground and online students, the University makes all its essential support services available both on-ground and "virtually" via the Internet. Examples include admission, financial aid, advising, library, learning assistance, disability, counseling, career, and technical support services.

Point makes additional services available to on-ground residential and commuter students at the West Point campus. Examples include housing, parking, shuttle, food service, campus security, athletics, marching band, and social/spiritual formation programs.

For more detailed discussion of services, see the section of this catalog focusing on "Student Support Services."

Tuition Rates for On-Ground and Online Students. Undergraduate students enrolled in online programs pay a lower tuition rate than residential students enrolled in on-ground programs at West Point. The rates differ based on student services for the two modalities. Online undergraduate programs are less expensive than on-ground programs because online students do not require the dormitories, cafeterias, athletic facilities, chapel buildings, and certain other services used by on-ground students.

For more detailed discussion of tuition and fees, see the section of this catalog focusing on "Student Costs & Financial Aid."

On-Ground Students Taking Online Courses. With permission from the Registrar and their academic advisor, on-ground students sometimes enroll in online courses or programs. For example, the University currently offers its Information Technology Major only in online format. Thus, an on-ground student athlete living on the West Point campus might earn the B.S. in Information Technology degree by completing the General Education Core and Biblical Studies Minor on ground, and then completing the Informa-tion Technology Major online.

Tuition Rates for On-Ground Students Taking Online Courses. Point's student billing and payment center charges tuition and assigns students a "payment plan" *based on whether or not they use the on-ground support services in West Point*. Thus, if on-ground residential or commuter students include online courses in their schedule, they pay the on-ground rate for *all* courses because they utilize on-ground student services. In other words, Point charges tuition and fees based on the student's on-ground or online "payment plan," rather than on the modality of a given course.

Readmission after Withdrawal from Point

For Point's "General Readmission Policy" and policy for "Readmission of Veterans," visit the [admission website](#).

Retaking Courses

Retaking Courses. Students may repeat courses for personal enrichment or in an attempt to earn a higher grade. Students who fail a required course are encouraged to retake that course the next time it is offered.

Repeated courses and the new grades appear on student transcripts marked with an "R" for "Repeat." The grade earned the last time the student completed a given course will be used for grade point average (GPA) computations—even if it is a lower grade—because it represents the most recent measure of student competency.

Certain types of courses are not processed as repeats and cannot be used to better a grade. They include courses transferred from other colleges or universities, as well as courses applied toward a degree already conferred. Certain courses may be repeated for credit without being identified as "Repeats," including internships, applied music instruction, applied music ensembles, and 490-level "topical" courses with different content.

If a student completes a required course at Point earning a low or failing grade, and then completes an equivalent course at another institution earning a higher grade, and then transfers that course to Point to fulfil the degree requirement, the lower grade and credit hours remain on the Point transcript but are not calculated in the Point GPA. Note, however, that *all* courses taken at Point University apply in calculating student GPAs for purposes of the Georgia HOPE Scholarship.

Financial Aid Implications. According to federal regulation 34 CFR 668.2(b), financial aid eligibility depends on the grade earned for a given course. All courses for which students received a grade of "F" (Failure) may be repeated and count toward total enrollment for financial aid eligibility. In addition, all courses completed with a satisfactory grade may be repeated *once* and count toward total enrollment for financial aid eligibility if a higher grade is received the second time. If the student fails the course after earning a satisfactory grade on the previous attempt, that course may not be included in total enrollment during future attempts for financial aid eligibility.

Again, *all* courses taken at Point University apply in calculating student GPAs for purposes of the Georgia HOPE Scholarship.

All students are subject to policies regarding “Satisfactory Academic Progress for Financial Aid Eligibility” (found in the section of this *Catalog* devoted to “Student Finances”), which requires undergraduate students to complete successfully 67% (rounded from 2/3) of all courses attempted and maintain a cumulative grade point average of 2.0 for their degree programs. Graduate students must complete successfully 75% of all courses attempted and maintain a cumulative grade point average of 3.0 for their degree programs.

Veterans should consult with a financial aid advisor or their Veterans Administration (VA) representative regarding the latest regulations for retaking courses. As a general rule, financial aid does not pay for a course previously completed with a passing grade (“D” or above) unless a higher grade for that course is a requirement for graduation.

Withdrawing from Point University

Voluntary Withdrawal. It is the responsibility of students who have registered for courses to participate in them or, if that is impossible, to withdraw from the University and complete the official withdrawal form with signatures. All official withdrawals from the University are initiated through the Academic Advising Center and include an exit interview. *Failure to complete the entire withdrawal process—including the exit interview with a member of the academic advising team or other staff member—may cause the student to forfeit any potential refunds.*

Students who officially withdraw from the University receive a grade of “W” (Withdraw-al) for all courses if they complete the process prior to the deadline for withdrawing from courses (see the academic calendar for specific dates). If the deadline has passed, they receive a grade of “F” (Failure) for all courses.

Failure to complete withdrawal procedures results in a grade of “W” or “WF” (Withdrawn Due to Excessive Absences) for each course. Such students must complete a *Returning Student Application* before enrolling in subsequent terms.

Students should confer with a financial aid counselor prior to withdrawal to ensure that they fully understand the financial implications of their decisions. Withdrawal may, for example, cause Point to remove financial aid funds from student accounts and return them to the government, or it may trigger student repayment of loans.

Administrative Withdrawal. The Registrar Office may administratively withdraw a student from Point University in cases of:

- Academic suspension (described below under “Academic Standing”),
- Disciplinary suspension, or
- Failure to enroll or participate in courses for a period of more than one term without written notification of return to the Registrar Office and verification that they have not attended another institution as anything other than a transient student.

Attendance Policy

Attendance Philosophy. Point’s attendance regulations are based on the belief that students benefit from the discussion and interaction that take place within a community of learners. By missing live class sessions and/or online interactions, students experience a loss that may not be reflected in a final grade but is nevertheless real.

Attendance Policy and Maximum Allowed Absences. Students are expected to attend regularly and participate actively in each course in which they are enrolled. “Attendance” takes different forms in on-ground courses versus online courses:

On-Ground Courses. In on-ground, in-seat courses, instructors take attendance in each live class session. To be counted “present,” students must attend the entire session in-person and actively engage in the day’s learning activities.

If on-ground students miss more than 25% of a course, the registrar will automatically remove them from the course roster and implement an administrative withdrawal (described below under “Adding, Dropping, or Withdrawing from Courses”).

Online Courses. In fully-online courses, instructors record attendance at the end of each course week. To be counted “present,” students must submit at least one assignment due that week. Examples include discussion forums, projects, papers, presentations, case studies, quizzes, exams, and other assigned learning activities.

If online students miss more than 25% of a course, the registrar will automatically remove them from the course roster and implement an administrative withdrawal (described below under “Adding, Dropping, or Withdrawing from Courses”).

Students representing the University, such as athletes and members of the concert choir, remain responsible for submitting work within the week it is due. They are also responsible for ensuring that they do not exceed the maximum allowed absences. No student will be disadvantaged while representing the University. However, students bear responsibility for notifying faculty no later than one week before missing class for any reason. This advance notice allows time for content to be made available to them and for make-up work to be considered and arranged. It is expected that students will limit their absences outside of these required absences, as they will be withdrawn if they exceed the allowed number of absences.

WARNING: *If students are “absent” for two consecutive weeks (14 consecutive days), it may trigger loss of financial aid even if they remain in the course. Contact the Financial Aid Office for more information (email Financial.Aid@Point.edu; telephone 706-385-1018).*

“No Show” Policy. If a student does not attend or participate at all during the first two weeks of a course, the registrar will assume that the student is a “no show” who does not intend to complete the course—unless, because of exceptional circumstances, prior arrangements have been made with the professor and the Chief Academic Officer. The registrar will therefore remove them from the course roster, implement an administrative withdrawal, and cancel charges. For the full policy, see below under “Adding, Dropping, or Withdrawing from Courses.”

Absence Appeals. Occasionally, students must exceed the total number of allowed absences due to *extreme circumstances beyond their control*, such as a tornado, or a serious illness or injury that puts them in the hospital for several weeks. In such cases, students may submit a written *Absence Appeal* to the Registrar (Point.Registrar@Point.edu). Such petitions must include an explanation and appropriate documentation (e.g. a note from a physician) of the absences for which the students seek relief. If the Registrar (in consultation with the instructor, department chair, and Chief Academic Officer) grants the appeal, students incur no grade penalties for the absences.

Attendance after a Concussion or Surgery. Students may be temporarily disabled by, for example, a scheduled surgery or a concussion suffered at an athletic event. Policies and procedures governing those special circumstances appear under “Disability Services” in the section of this catalog describing “Support Services Available to All Students.”

Severe Weather Policy. If severe weather causes Point to cancel classes or close offices, administrators will post official notices on the University website and designated social media outlets. Students may also register online to receive text message alerts through Point's e2Campus® messaging system (<https://point.edu/campus-alert>). Weather conditions at one's home or workplace may differ from those at the education site. Accordingly, Point encourages commuters to use good judgment in deciding whether or not to travel to campus in severe weather conditions. Students should communicate with instructors in such circumstances.

Behavioral Standards and Disciplinary Procedures

Student Conduct. All Point University students, regardless of modality, must abide by Point University's academic policies and procedures.

Academic Integrity. Because Point seeks to develop mature Christian leaders and scholars, the University strictly upholds the principles of truth, honesty, diligence, and academic integrity. The primary rule of academic integrity is that all members of the University community must do their own work, executed to the best of their ability, exclusively for the assignment for which it is presented, in order to achieve the full development of each student's potential. Examples of academic misconduct include but are not limited to:

- **Plagiarism.** Students commit plagiarism when they deliberately submit the work of someone else as their own. This offense may involve either submission of work created by someone else or directly copying work from someone else without proper attribution. Plagiarism can also occur when paraphrasing the work of another without properly attributing and documenting the source. Reusing one's own work from other courses without explicit permission from the instructor is "self-plagiarism." For demonstrable plagiarism in an assignment, students receive a minimum penalty of a grade of "F" for that assignment. The penalty may also include failing the course. The matter will be reported to the Chief Academic Officer (CAO). Disciplinary action may lead to suspension or dismissal from Point University.
- **Unauthorized Collaboration.** In the preparation of any assignment, a student shall not receive assistance not authorized by the instructor. A student shall not give unauthorized assistance to another person in such preparation.
- **Other Violations of Academic Integrity.** Examples of other forms of academic dishonesty include, for example, (1) padding a bibliography by adding resources not actually used in the paper; (2) buying, selling, loaning, or sharing a copy of an examination or information about an examination, whether past or current; (3) copying another student's work on an exam; (4) giving answers to another student during an exam; (5) using unauthorized notes during an exam; and (6) working on the same homework with other students when the instructor does not allow it.

Other Forms of Misconduct. Point students should also refrain from other forms of detrimental behavior, such as (1) providing false or inaccurate information to an instructor or other academic personnel, including marking an attendance sheet for an absent student; (2) altering an academic transcript, grade report, or other University document; (3) disrupting a classroom, field trip, advising, or other academic activities on campus, off campus, or online; (4) being rude or disrespectful toward an instructor or fellow student; (5) inattentiveness or sleeping in class; (6) misusing technology in class by, for example, employing a cell phone or laptop computer for non-class-related purposes; (7) engaging in non-class-related work or activities during class; (8) having children in the classroom during class hours or unescorted children in Point University buildings at any time; and (9) other inappropriate, disruptive, or destructive behaviors. *The Point Community Honor Code* (student handbook) provides additional guidelines for residential students on the main campus in West Point. It includes examples of minor offences, major offenses, double major offences, and offences that may result in automatic suspension.

Reporting Misconduct. Point views violations of behavioral standards as a serious problem and an affront to the entire University community. When a faculty member, staff member, or student becomes aware of serious misconduct, that person should report the misbehavior to the course instructor or other appropriate University official.

Disciplinary Action for Academic Misconduct. Academic misconduct in a course is first addressed by the instructor. A professor has the prerogative to take a variety of actions, as appropriate, including but not limited to counting the student absent, requiring work to be redone in whole or part, requiring additional work, giving a lower or failing grade for an assignment or test, requiring the student to leave a class session or event, withdrawing the student from the course, and/or awarding an immediate failing grade for the course.

In all cases of academic misconduct, the instructor reports the misconduct to the Registrar using the *Academic Dishonesty Report Form*. The Registrar Office maintains records and documentation of all instances of academic dishonesty. If a student's academic dishonesty appears egregious or repeated, the CAO has the prerogative to pursue disciplinary action beyond that of the instructor, including adjudication by the Faculty Judiciary Committee and suspension of enrollment. For the first offense of academic dishonesty, the student is subject to disciplinary action by the instructor. For a second offense, the student typically receives a failing grade for the course in which the academic dishonesty occurred. In most cases of a third offence, the CAO suspends the student from Point University.

Appeals for Academic Misconduct. A student who believes an error has been made by an instructor in a case of misconduct (e.g., a student who denies the misconduct, disputes the facts of the case, or believes the sanction inappropriate) may appeal the decision and corrective action of an instructor using the academic appeal form found on the Point website under "Registrar" (<https://point.edu/academics/registrar>). The appeal will proceed using the normal academic appeals process. The student may continue attending class while an official appeal is pending.

Disciplinary Action and Appeals Process for Other Forms of Misconduct. Members of the Point staff, such as the Chief Academic Officer, Dean of Students, Athletic Director, and Faculty Judiciary Committee, are empowered to enforce policies and procedures found in this catalog. *The Point Community Honor Code* (student handbook) provides additional guidelines for residential students on the main campus in West Point. It includes examples of minor offences, major offenses, double major offences, and offences that may result in automatic disciplinary suspension from the University. It also outlines discipline procedures and the appeals process.

Late Assignment Policy

Students should submit all course assignments by the due dates to receive full credit and avoid falling behind. Later assignments often build on earlier assignments.

For online courses, all weekly assignments are due by 11:59 p.m. on Sunday unless stated otherwise in the course syllabus. Deadlines for all assignments are given in Eastern Standard Time (EST).

Individual professors may impose penalties for late assignments. Such penalties will be assessed according to the terms of the course syllabus. Late assignments may impact the student's final grade.

Student Communications

All electronic communications from the University are sent to students' official Point University email addresses. Students are responsible for checking their University email daily.

Student Grievance and Appeal Policies

Types of Grievances. Students who believe they have been unjustly treated may seek resolution of the issue through policies and procedures established by Point University:

Grade Appeals and Other Academic Appeals

- For policies and procedures, see the sections of this catalog labeled "Grading System" and "Academic Appeals Process."
- Submit the online Academic Appeal Form found on the Point website under "Registrar" (<https://point.edu/academics/registrar>).

Disability Services Grievances and Appeals

Point University offers disability services in compliance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. For more information, see the Point website under "Disability Support Services" (<https://point.edu/academics/academic-support/disability>). The site includes policies, procedures, frequently asked questions (FAQs), application forms, and the "Disability Services Grievance Policy and Procedure."

Sexual Harassment Grievances

Point University complies with federal Title IX requirements designed to prevent campus sexual harassment, violence, and other crime categories as directed by the Clery Act.

- For policies, procedures, and contact persons see the Point website under "Title IX" (<https://point.edu/title-ix>).
- Speak with one of the Title IX coordinators listed on the website or submit the online *Point University Grievances* form found in the "Consumer Information" section of the Point website (<https://point.edu/consumerinformation>) under "Student Grievance and Appeal Policies."

General Grievances

For other complaints or grievances related to the University or its employees (including faculty), students are urged first to address the issue with the employee on an informal basis because most issues may be resolved by this approach. However, if the issue is not resolved or students believe a hostile relationship with the employee makes this approach unfeasible, students may file a formal grievance.

Submit the online *Point University Grievances* form found in the "Consumer Information" section of the Point website (<https://point.edu/consumerinformation>) under "Student Grievance and Appeal Policies."

Grievance Form Process. When students submit a *Point University Grievances* form, it goes to the academic office (the Registrar in the case of academic appeals), who will send it to the appropriate supervisor or administrator based on the nature of the grievance. Students should email any supporting evidence or materials related to the grievance to grievance@point.edu. A formal grievance *MUST* be received within 10 business days from the date the grievance occurred regardless of whether the student attempted an informal resolution or not. The process proceeds as follows:

1. Upon receipt of the grievance, the supervisor/administrator may speak to the employee, the student, or both in an effort to resolve the issue. After investigating the appeal, the supervisor/administrator will make a written response to the student (either by letter or email) within seven days of receipt of the written grievance form and supporting evidence.
2. If the supervisor/administrator is not able to resolve the complaint, or the student is still not satisfied that the complaint has been resolved, the student may request that the written appeal be forwarded to the Chief Academic Officer (CAO), Dr. Jon Ernstberger (Jon.Ernstberger@point.edu).
3. The CAO will forward the appeal to the Grievance Appeals Committee for consideration. The Committee may convene a hearing in which the student may present his/her case for the appeal. Students are allowed to bring any documentation, witnesses, or other materials that support their case. The Committee may also speak to the employee with whom the grievance is held.
4. After hearing and considering all the information presented, the Grievance Appeals Committee will render a decision and inform the student in writing within 10 days of the hearing date. The decision of the Grievance Appeals Committee is final.

Satisfactory Academic Progress

Satisfactory Academic Progress for Financial Aid Eligibility. All students are subject to policies regarding Satisfactory Academic Progress for Financial Aid Eligibility (SAP), which requires undergraduate students to complete successfully 66.67% of all courses attempted and maintain a cumulative grade point average of 2.0 for their degree programs. Graduate students must complete successfully 66.67% of all courses attempted and maintain a cumulative grade point average of 3.0 for their degree programs. More information on SAP may be found in the Financial Aid Policies and Procedures found on the Point University website (<https://point.edu/admissions/tuition-aid/financial-aid/>).

Academic Support Overview

Academic Support teams aid students in reaching their educational goals.

Academic Catalog. The *Academic Catalog* provides detailed information on nearly every aspect of Point University including, for example, history and mission, accreditation, faculty and staff, academic organization, education sites and modalities, application and admission, student costs and financial aid, University policies and procedures, degree programs, course descriptions, and student support services. A digital version of the catalog is available online at <http://point.edu/catalogs>.

Student Services Office. The Student Services Office is located on the West Point campus in Suite 155 of the Lanier Academic Center. It serves as a "one-stop-shop" for students who have questions or need help with registration, academic advising, financial aid, student billing and payment, transcripts, and other matters. Staff address students' needs and connect them with the appropriate department. Students may meet with a Student Services representative by coming to the office or by telephoning 706-784-8766.

Registrar Services. The Registrar Office assists students with a variety of academic functions, such as course registration, course schedules and classroom assignments, enrollment verification, course and schedule changes ("drop-add" and withdrawal), transcript evaluations and transcript requests, credit transfer, assessing and enforcing academic statuses (e.g. probation and suspension), grade appeals, graduation audits, commencement, and academic records. Students may contact a registrar team member by telephone (706-385-1018), email (Point.Registrar@Point.edu), or by visiting the Student Services Office (see above). For more information, see the university website (<https://point.edu/academics/registrar>).

Academic Advising. Point University students receive academic advising from the Academic Advising Center (AAC) and their faculty advisor (usually an instructor with expertise in their major area of study). The AAC is located on the West Point campus in Rooms 122 and 123 of the Lanier Academic Center. Students may interact with an Academic Advisor by telephone, email, videoconference, or face-to-face at the Academic Advising Center:

Academic Advising Center
Lanier Academic Center, West Point Campus
Telephone: (706) 385-1018
Email: Advising.Center@Point.edu

Learn more about the advising center [here](#).

Standardized Testing: Point Admission Assessment (PAA). Point University provides the web-based *Point Admission Assessment* (PAA) for the purpose of determining applicants' readiness for university-level studies. If requested to take this assessment by the Admission Committee, the applicant:

- Pays a \$20 test fee to Point's Student Services Office;
- Receives an access code and instructions from the Enrollment Office; and
- Uses the access code to complete the web-based assessment, the results of which are automatically transmitted to Point. Students may complete the PAA on a personal computer without the presence of a proctor.

Point University Campus Store and Textbook Services. Textbook services are offered through the Point University Store, powered by eCampus and located at 817 3rd Avenue in West Point (telephone 706-784-8772). Students may order texts and other course materials online through the Store's website (<https://point.edu/bookstore>) or from other vendors. New, used, or eBooks are available based on supplies. Books will be shipped directly to the student's home, office, or other designated site. The Store also stocks Point apparel, schools supplies, computer accessories, and a variety of other products.

For questions concerning texts required for a given course, contact the Point University Store.

Library Services. In support of its academic programs, Point University makes a vast collection of library resources available to students and faculty working both online and on-ground. The library website provides a helpful overview of resources and services, including links to the library catalog and extensive online resources (<https://elibrary.point.edu>). Adam Solomon, M.L.I.S., serves as Director of Library Resources (Adam.Solomon@Point.edu; 706-784-8583). He supervises a trained staff dedicated to meeting student and faculty needs. Primary services include:

Library Resources. In light of the fact that Point operates on multiple campuses and online, the University has adopted a philosophy that prefers electronic information resources over physical resources. Accordingly, electronic resources are now considered the University's primary collections, and the physical collection now includes approximately 13,500 volumes housed mainly in the first-floor Learning Commons at the West Point campus. Additional materials are located in the Scott Fine Arts Center (413 W. 10th Street, West Point) for fine arts and in the Teacher Media Center (Room 222 of the Lanier Academic Center in West Point) for education.

The librarian reviews the library's collection of electronic databases annually in support of Point's academic programs. Students and faculty enjoy online access to (1) *GALILEO*, a collection of over 300 multidisciplinary databases, including many thousands of books, journals, reference works, and newspapers; (2) *eBooks* through *EBSCO* and *ProQuest*, which provide access to more than 500,000 electronic books in English across multiple disciplines; (3) the *JSTOR* scholarly journal archive devoted to history, literature, music, business, and science; (4) *Films on Demand*, which includes streaming video of over 43,000 titles; and (5) many other resources, tools, research guides, and tutorials.

Students and faculty may access the electronic learning resources on campus or remotely from any off-campus location with an Internet connection. They may access electronic materials directly using the *GALILEO* search interface on the library website (<https://elibrary.point.edu>). Or they may click on the Quicklinks tab or *GALILEO* link found in any Point University online course in the *Canvas* learning management system. Additional resources appear in the Point Knowledge Base under "Library."

Library Orientations. Rather than maintain a system of library instruction that depends on the direct provision of services only by library staff, Point has adopted a more decentralized approach. The Director of Library Resources trains the faculty, Educational Resource Center staff, and others to provide instruction and assistance to students in all locations and modalities. Faculty and library staff include formal library orientations and research training for all students in certain introductory courses (e.g. EFT 101 Effective Thinking, APSP 105 Introduction to Adult Learning, and BUSI 500 Graduate Business Orientation), intermediate courses in the undergraduate General Education Core (e.g. ENGL 101 Critical Reading & Writing I), and advanced professional courses in both undergraduate and graduate programs (e.g. HREL 304 Introduction to Research and BUSI 515 Business Intelligence). Faculty, staff, and coaches may also schedule group orientation for students.

Library Assistance. For library assistance, contact the staff by telephone (706-784-8583), email (library@point.edu), in-person at the Library Desk in the Learning Commons, or through a videoconference by appointment. Staff stand ready to help with checking out print materials, electronic database searches, reference questions, interlibrary loan, and other services. Students may also schedule tutoring sessions (described below).

Research Assistance. For assistance with advanced research and reference questions, contact the Director of Library Resources Adam Solomon (Adam.Solomon@Point.edu; 706-784-8583).

InterLibrary Loan. If patrons need books or articles not in the library collection, they may request these materials through the InterLibrary Loan service. Articles take about a week to arrive, and books shipped from other libraries take about 10 days. The Point University Library can get almost any book through InterLibrary Loan. However, many libraries do not loan certain kinds of materials, such as textbooks, CDs, DVDs, dissertations, and theses. To request an interlibrary loan, contact the library staff by telephone (706-784-8583), email (library@point.edu), or in-person at the main desk. Give them the citation of the material you need.

Tutoring Services. Point provides free *undergraduate* tutoring services for writing and mathematics through the Writing Center and Math Lab (described below). The University also employs specialty tutors in Accounting, Anatomy/Physiology, Biblical Studies, Biology, Business, Humanities, Psychology, and other disciplines. Students may schedule a tutoring session by contacting the library staff by telephone (706-784-8583), email (library@point.edu), or in-person at the Tutor Desk in the Learning Commons. Group study appointments are available. Walk-in assistance is also available during certain hours.

At the *graduate* level, Point University does not provide tutoring services as it does for undergraduates. Instead, learning assistance comes primarily from course instructors as part of Point's "high tech, high touch" educational model. However, the Writing Center is open to master's degree students (see below).

The Director of Library Resources, Adam Solomon, oversees tutoring services (Adam.Solomon@Point.edu; 706-784-8583). For more information, see the "Educational Resource Center" page on the Point website (<https://point.edu/academics/academic-support/educational-resource-center>).

Writing Center. The Writing Center is located in Room 119 in the first-floor Learning Commons of the Lanier Academic Center in West Point. The Center provides free, one-on-one support to undergraduate and graduate students at any stage of the writing process, including proper usage of style guides. Those enrolled in Writing Emphasis (WE) courses and first-year writing courses are especially encouraged to submit their work. The Center assists with many aspects of writing, such as interpreting assignments, brainstorming, organization, grammar and mechanics, argumentation, rhetorical styles, evaluating and integrating sources from research, citation and documentation, and avoiding plagiarism. Students may make appointments online (www.pointwritingcenter.as.me).

Dr. Grant Vickery, Assistant Professor of English, oversees the Writing Center (William.Vickery@Point.edu; 706-784-8583). For more information, see the "Writing Center" page of the Point website (<https://point.edu/academics/academic-support/educational-resource-center/writing-center>).

Math Lab. The Math Lab is located in Room 309 on the third floor of the Lanier Academic Center in West Point. The Lab provides free, in-person or Zoom, one-on-one or group math tutoring services. Tammy Burch, Assistant Professor of Mathematics, oversees the Math Lab. Students may contact her by telephone (706-784-8590), email (Tammy.Burch@Point.edu), or in-person in LAC Room 308. The Math Lab tutoring hours are posted outside LAC 309, along with the tutors' hours and contact information. For more information, see the "Educational Resource Center" page on the Point website (<https://point.edu/academics/academic-support/educational-resource-center>).

Educational Resource Center (ER). Point University's mission and focus is helping students achieve academic success. Toward this end, the University has established an on-ground Educational Resource Center (ER) in the first-floor Learning Commons of the Lanier Academic Center in West Point. Here, students will find library services, academic advising, tutoring services, the Writing Center, a computer lab, and the Helpdesk for tech support together in one convenient location. The Math Lab is on the third floor of the same building (LAC 309). For more information, see the "Educational Resource Center" page of the Point website (<https://point.edu/academics/academic-support/educational-resource-center>).

Teacher Media Center. Students enrolled in teacher education programs have exclusive use of the Teacher Media Center located on the West Point campus in Room 222 of the Lanier Academic Center. This large, well-stocked resource includes (1) curricula, including publications related to Elementary, Middle Grades, Secondary, and Special Education; (2) textbooks and teacher support publications; (3) a collection of children's books; (4) equipment such as computer terminals with educational soft-ware, a color printer, paper cutters, a binding machine, a laminator, and a die cut machine; and (5) office and craft supplies. Ms. Sara ("Sally") Clark serves as the Teacher Media Center Coordinator (Sara.Clark@Point.edu).

Study Abroad. Point University students can participate in study abroad opportunities around the world. Time in a foreign country provides valuable insight into other cultures as students prepare for their career or ministry. Whether it's a short-term trip or a semester-long experience, education abroad can be very rewarding. For more information, contact Associate Professor of Communication Sarah Huxford (706-784-8630; Sarah.Huxford@Point.edu).

Academic Advising

Declaring Programs, Majors, and Minors. Each degree-seeking student chooses a program of study, major, and/or minor when admitted or as soon as possible thereafter.

For purposes of academic planning and financial aid, Point recommends that students seeking a bachelor's degree declare their desired major and/or minor(s) as soon as possible. However, if they have not yet done so, on-ground students are placed in a "University Studies" track and online students are placed in a "General Studies" track until they declare their program. For more information, see the "Policy for Degree-Seeking Students with Undecided Major" discussed in the portion of this catalog focusing on the Humanities Department within the College of Arts & Sciences.

Students may change programs, majors, and minors by completing the *Degree Change Form* and submitting it to the Registrar Office. The form appears on the "Registrar" page of the Point website (<https://point.edu/academics/registrar>). Point recommends that students first discuss the proposed change with an academic advisor by contacting the Academic Advising Center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Academic Advising. Point University students receive academic advising from the Advising Center and their faculty advisor (usually an instructor with expertise in their major area of study). The Advising Center is located on the West Point campus in the student services area of the Lanier Academic Center. Students may interact with an academic advisor by telephone, email, videoconference, or face-to-face at the Academic Advising Center:

Academic Advising Center
Lanier Academic Center, West Point Campus
Telephone: (706) 385-1018
Email: Advising.Center@Point.edu

Academic Advisors—in conversation with faculty—assist students in developing their *initial* course schedule or “plan of study.” Once students are enrolled, the Advising Center and faculty advisors provide academic advising each term on request. Advising staff members guide students through their educational programs by providing on-ground and online student orientations, explaining requirements and procedures, suggesting coursework appropriate to students’ career as guided by the faculty, aiding with course registration, and recommending ways to improve academic performance. They also link students with other support services, such as financial counseling, learning assistance, disability services, and career services.

Alongside the Advising Center, faculty advisors provide guidance regarding academic matters such as course selection, progress in the student’s chosen degree program, professional development, and career preparation. [Skyhawk Career Services](#) also assists with career counseling—preferably by appointment.

Both Academic Advisors and faculty advisors are available to students via appointment. Academic Advisors maintain an especially high level of involvement during students’ time in the lower division (freshmen and sophomores). Faculty advisors maintain involvement during students’ time in the upper division (juniors and seniors) and graduate school.

For more information, see the “Student Success & Academic Support” page of the Point website under “Academic Advising.” See also the Point Knowledge Base under “Advising Center.”

The assistance of Academic Advisors does not relieve the student of responsibility for completing required work and following program and University procedures. In situations where student grades and evaluations indicate a student is unsuited for a given program, faculty advisors and the Academic Advising Center facilitate the student’s move to a more appropriate field.

Student Responsibilities. Prior to registration for each term, students communicate with the Academic Advising Center and/or their faculty advisors concerning their status and upcoming courses. However, *students are ultimately responsible for their own academic progress.* The following list outlines students’ responsibilities in the advising process:

- Read the *Academic Catalog* and other academic information provided by Point University.
- Know and comply with all current policies, procedures, and requirements for earning a degree—including internship and practicum requirements.
- Review the course schedule and discuss course options with faculty advisors and/or a member of the Academic Advising Center staff.
- Contact the Academic Advising Center in a timely fashion for creating a plan of study for registration, advising, and other necessary consultations.
- Obtain, complete, and submit all forms needed for registration, course changes (audit, add, drop), graduation, and related matters, according to the deadlines set by the Registrar.
- Contact the Academic Advising Center immediately with concerns about academic progress in particular courses or progress toward a degree.

Course Registration

On-Ground Student Course Registration. New on-ground students at West Point participate in Starting Point events on campus before registering for their first term. Returning students register online for the next term during the registration period. The Registrar Office staff notifies students of registration dates and processes through their Point email accounts. Registration dates also appear on the academic calendars in this *Catalog* or on the [University website](#). Students may contact the Registrar’s Office or Academic Advising Center for questions or directions on registration.

Students who have not registered previously may do so during the drop/add period. See the academic calendar for dates.

Depending on the student’s program, registration may also include other preparations, such as participating in orientation sessions and making financial arrangements. Students who do not complete necessary arrangements will be withdrawn from the University by the add/drop date.

During the first year, most undergraduate students schedule their courses in keeping with the General Education Core courses. In later years, they select courses appropriate for their major program of study. Students may consult with the Academic Advising Center and faculty advisors, but students themselves bear responsibility for enrolling in required courses at the appropriate times in order to reach graduation.

Through Colleague (the online enrollment management system used by Point University), students may track their degree progress, view courses scheduled for upcoming terms, and plan their course of study. If students have questions, they should contact the Academic Advising Center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Online Student Course Registration. Registration for the next term typically begins shortly after the midpoint of the current term. The Advising Center and/or Registrar’s Office register online students for courses prior to the beginning of each term or session. The Academic Advising Center can also answer questions about registration (706-385-1018; email Advising.Center@Point.edu or Point.Registrar@Point.edu).

Students who have not registered previously may do so during the drop/add period. See the academic calendar for dates.

Depending on the student’s program, registration may also include other preparations, such as participating in online orientation sessions and making financial arrangements. Students who do not complete necessary arrangements will be withdrawn from the University by the add/drop date.

At the time of their initial enrollment, Academic Advisors assist online students in developing a course schedule, or plan of study. Such advance planning is necessary to achieve optimum scheduling and course sequencing for a given student. Academic advisors check with students prior to each session before registering them for the next courses in their plan. Students typically complete foundational General Education Core courses first before progressing into more advanced professional courses and general electives.

Through Colleague (the online enrollment management system used by Point University), students may track their degree progress, view courses scheduled for upcoming terms, and plan their course of study. If students have questions, they should contact the Academic Advising Center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Course Loads and Student Time Commitments. When registering for courses, students should weigh multiple factors, such as the time required each week to complete those studies, the length of time to graduation under a lighter or heavier course load, and the number of credits required for full time status and financial aid. Helpful information appears under Credit Hour Definition and Time Commitments and Course Loads, Overloads, and Full-Time Student Status. Academic Advisors stand ready to assist students with their academic planning.

Changes in the Student's Plan of Study. Students may change their course schedule, or plan of study, during the registration period and at the beginning of the new session or term. To do so, they should contact the Academic Advising Center by telephone (706-385-1018) or email (Advising.Center@Point.edu).

Disability Support Services

Disability Services. Point University offers disability services in compliance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. The Director of Disability Services, who is based at Point's main campus in West Point, determines reasonable accommodations for students with documented disabilities. The director then communicates the approved accommodations to the student and the student's instructors. For more information, see the Point website under "Disability Support Services" (<https://point.edu/academics/academic-support/disability>). The site includes policies, procedures, frequently asked questions (FAQs), application forms, and the "Disability Services Grievance Policy and Procedure." Students may also contact Disability Services and college ADA/Section 504 services by email at Disability.Services@Point.edu. The Disability Services Office is located in the first-floor Learning Commons in the Lanier Academic Center on the West Point campus.

Students may be temporarily disabled by, for example, a concussion suffered at an athletic event or by a scheduled surgery. Policies governing those special circumstances appear below.

Post-Concussion Policy and Procedures

Point University is committed to reasonably accommodating qualified students with disabilities. The University, via the Office of Disability Services, may provide reasonable accommodation to provide students with post-concussive support. Accommodations will only be made by Disability Services once a student has met with an appropriate professional and has documentation to demonstrate that they have been appropriately diagnosed and are undergoing treatment. Medical consultation with and diagnosis by a professional with appropriate training is an essential component of care for immediate concussions as well as treatment of post-concussive symptoms.

A concussion is a brain injury best defined as a complex pathophysiological process affecting the brain, induced by biomechanical forces. Students with concussions are presumed to be in a state of brain energy crisis, where an increased need for brain glucose to facilitate healing is accompanied by a reduction in cerebral blood flow. The combination of increased brain energy need and decreased brain blood flow is referred to as a "mismatch" and results in a brain energy crisis. The foundation of a concussive injury is neurometabolic, where additional physical and cognitive activities during a period of attempted recovery may cause symptoms to reemerge. Concentration difficulties can often accompany concussion symptoms, in addition to, headaches, nausea, dizziness, emotional irritability, and sensitivity to light/sound.

In order to request and receive post-concussion assistance, students must provide the Office of Disability Services with documentation regarding their disability and need for accommodations. In consultation with the student, the Director of DSS will review the documentation to determine the appropriateness of the accommodation. Students requesting accommodations should contact DSS immediately at Disability.Services@Point.edu.

Procedure. Immediately following the injury:

New students must complete and submit a [Request for Accommodations](#) form via Disability Services.

Students must submit documentation from a qualified health care professional. Documentation should indicate need for accommodations due to a concussion and should include the following:

- Date of injury and initial diagnosis
- Date(s) of current and prior evaluation(s)
- Reason for evaluation
- Information regarding the presenting issues that significantly restrict functioning in an educational setting
- Discussion of evaluation instruments used
- Summary of evaluation findings including standard scores and percentiles such as tests of information processing/cognitive abilities, executive functioning, and academic achievement
- Statement of current medical diagnosis or impairment
- Explanation of the functional limitations to major life activities posed by the disability
- Specific recommendations regarding accommodations with evidence from evaluation results
- Identification of Evaluator (name, title, and signature)

Students should schedule a time to meet with the Director of Disability Services by email at Disability.Services@Point.edu. Once the appropriate information is received, DSS will review the request and the student will be contacted with next steps. Together, the student, DSS staff, and athletic trainer or medical professional will determine a "return to learn" plan, which includes accommodations and supports both inside and outside the classroom.

A temporary accommodation may be provided for cognitive rest. This includes excused absences on a case-by-case basis. The student is responsible for work missed and should work with the instructor and the Educational Resource Center on developing a plan for missed work. During this process, students are encouraged to have open communication with their instructors regarding coursework deadlines.

Weeks one and two following the injury:

- If symptoms remain, and with concurrent medical supervision, it may be helpful to explore further accommodations including extended time on examinations and written assignments. Staff in Disability Services and the Educational Resource Center will contact the student and, when appropriate, the initial evaluator of the student, to determine next steps.

Weeks three and beyond:

- If post-concussive symptoms persist beyond a third week, the student should consider the potential for a course incomplete, withdrawing from one or more courses, or taking a medical leave. A medical leave of absence would be a reasonable consideration if the student continues to experience post-concussive symptoms for greater than three weeks and if coursework missed becomes too onerous to make up.

Any questions regarding this post-concussive return to learn procedure should be directed to Disability Services, at Disability.Services@Point.edu.

Scheduled Surgery Policy and Procedure

Student engagement and academic success are closely correlated with regular attendance, classroom participation, and collaborative learning between faculty and students. Occasionally, students will need to undergo scheduled surgeries. In these circumstances, the Office of Disability Support Services works with the student to provide a reasonable assessment of how long they will be out of class and when they can resume their usual academic activities. Additionally, DSS may connect students to other campus resources such as Counseling Services, Sports Medicine, Student Life, and Housing when their unique health issue would benefit from their involvement.

Procedure. In order to qualify for accommodations while recovering from a scheduled surgery, requests should be made in advance. At the beginning of the term (or no later than two weeks prior to the date of surgery):

Students must submit documentation from a qualified health care professional. They may do so using [this link](#). Documentation should indicate need for a modification of the attendance policy due to surgery and should include the following:

- Date of injury (if applicable)
- Date(s) of current and prior evaluation(s)
- Date(s) of upcoming surgical procedure
- Student's anticipated return to campus date
- Information regarding the obstacles that significantly restrict functioning in an educational setting
- Identification of medical professional (name, title, and signature)

Students should schedule a time to meet with the Director of Disability Services by emailing disability.services@point.edu. Once the appropriate information is received, DSS will review the request and the student will be contacted with next steps.

A temporary accommodation plan will be provided. This may include a potential exception to the regular attendance policy, determined on a case-by-case basis. The student is responsible for missed work. During this process, students are encouraged to have open communication with their instructors and DSS regarding coursework deadlines.

Students should make every effort to attend class virtually and submit all coursework while recovering from surgery. Depending on the logistics surrounding post-operative care, DSS will work with both the student and his or her instructors on requesting incompletes for the term according to the University incomplete policy.

Note: students undergoing emergency surgery or other unexpected medical procedures should notify DSS as soon as they are able so that they may receive appropriate and timely assistance.

Online Learning

Canvas Online Learning Management System (LMS). All Point courses have a Canvas shell. Canvas is an online Learning Management System (LMS).

Point's Canvas course sites facilitate online presentations, the sharing of educational resources, communications with instructors and other students, course assignments, and assessments of student learning.

Students enter courses by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the Canvas icon, and then clicking on the desired course.

Online Instructional Design. Point University has developed an online course design model based on "best practices." Contemporary, tech-enhanced education has shifted away from a teacher-centered model focused on content delivery to a student-centered model focused on student learning. Point department chairs and professional instructional designers work closely with faculty subject matter experts (SMEs) to ensure every course meets Point standards and accomplishes program goals.

Online Course Andragogy. To deliver full "online courses," Point has adopted a "flipped classroom" or "high tech, high touch" model. In this model, faculty members move away from the traditional role of the "the sage on the stage," who spends class time delivering information through lectures ("chalk and talk"). Instead, most course-related information appears on the course website, where students can access it at will in the form of readings or audio-visual presentations ("high tech"). This frees online faculty to spend their time acting as educational "guides" and "facilitators" and "mentors" by engaging with students, discussing concepts, answering questions, offering timely feedback on assignments, and otherwise facilitating student learning ("high touch"). The goal is for instructors to offer (1) substantive interaction and feedback (2) to each and every student (3) each and every week. Thus, *the Point model emphasizes "faculty presence," which studies show is a key to educational effectiveness, student satisfaction, and student retention.*

Point's Center for Excellence in Teaching and Learning (CETL) provides mandatory training for all faculty in the "high tech, high touch" method of student engagement, course management, university mission and values, faith integration, and student privacy and other policies.

Course Weeks. All online courses are offered in either *Point Online* (fully-online) or *Hybrid* format (weekly live session supplemented by online learning activities). Most courses are 8 weeks in length, consisting of “Getting Started” Week plus Weeks 1-7 of additional learning activities. 5-week courses include 5 weeks of learning activities, with the “Getting Started” activities combined with week 1. Please note:

- “*Getting Started*” Week—For 8-week courses, the first week of a session always begins with new student orientations on Monday and Tuesday followed by a half week of learning activities extending from Wednesday through Sunday. During this half week students must log onto their online course websites, introduce themselves to their instructor and fellow learners, review course syllabi, participate in course orientations, complete any initial assignments, and work ahead if they wish. Most instructors do not make *major* assignments due during this half-week to give students time to get oriented and plan their educational strategy. 5-week courses include 5 weeks of learning activities, with the “Getting Started” activities combined with week 1.
- Online course sites open to students no later than Monday of “Getting Started” week when the half week of studies begins, or a few days ahead of 5-week courses.
- *Weeks 1-7 of the Session*—The remaining seven course “weeks” always begin on Monday and end on Sunday. They include a variety of focused learning activities.
- The first day of a course or session does not necessarily coincide with the first live videoconference of a *Hybrid* course. To illustrate: The first live class session may not take place until Thursday evening, but the course still starts on Wednesday. Accordingly, students should log into the course website and begin working early in the week because some course assignments may be due prior to Thursday.
- Unless stated otherwise in the course syllabus, all weekly assignments are due by 11:59 p.m. on Sunday, Eastern Standard Time (EST).
- *Point highly recommends that online students begin logging into the course website and working on assignments early in the week, doing a little each day. Waiting until the end of the week to complete assignments can be overwhelming.*
- Online course sites close 45 days after the course ends, allowing time for students to review course materials and final grades as desired. If students want to keep any of their research papers or other learning products, they should retrieve them from the course site during this 45-day period because they will no longer be accessible afterwards.

On-Site and Virtual Student Support

On-Site and “Virtual” Student Support Services. Since Point serves both on-ground and online students, the University makes most of its support services available both on-site and “virtually” via the Internet. The primary support services available to *all students* are outlined below. The next section of the catalog describes additional services available to on-ground residential and commuter students at the West Point campus. These on-ground students pay a higher tuition rate because they require physical classrooms, housing, food service, athletic facilities, parking, campus activities, and other services not used by online students. Further information about online academic support services also appears on the University website (<https://point.edu/academics/academic-support/support-services>).

Textbooks and Materials

Textbook Service. Textbook services are offered through the Point University Store, powered by eCampus and located at 817 3rd Avenue in West Point (telephone 706-784-8772). Students may order texts and other course materials online through the Store’s website (<https://point.edu/bookstore>) or from other vendors. New, used, or eBooks are available based on supplies. Books will be shipped directly to the student’s home, office, or other designated site. The Store also stocks Point apparel, schools supplies, computer accessories, and a variety of other products.

For questions concerning texts required for a given course, contact the Point University Store.

Additional Support Services Primarily for Residential and Commuter Students at Point’s Main Campus in West Point

Alongside the support services offered to all students (see above), Point provides additional services to meet the needs of on-ground residential and commuter students at the West Point campus. The tuition rated for on-ground programs helps cover costs for these additional services generally not used by online students.

Campus Services. Point cares for residential and commuter students through housing, meal plans, shuttle service, and other services distinct to the West Point campus. Jaunelle White oversees many of these areas as Chief Student Development Officer (Jaunelle.White@point.edu).

Housing. Living on the Point University campus allows students to be part of an authentic Christian community that supports each other academically, spiritually, and socially. Point provides campus housing for full-time students under the age of 26 enrolled in on-ground programs at the West Point campus. The University *requires* full-time freshmen and sophomores to live on campus unless they are married, have children, or are living with parents or legal guardians within 50 miles of the campus. To request an exception, please submit an appeal form found in the eRezLife portal. All appeals must be approved by the Residence Life and Housing Committee before housing/meal plan charges will be removed. If students fall under the stipulations of the housing policy, yet live off campus without an approved appeal or falsify information submitted in their appeal, they will be subject to a \$1,000 fine which will be assessed to their student account. To avoid these charges, and possibly other disciplinary sanctions, students should refrain from making alternative housing arrangements until they have received the results of their appeal.

University housing facilities include (1) the Living and Learning Community with two-person bedrooms, a shared bathroom, and a shared kitchen and living area; (2) the Lofts, a suite-style dorm featuring a two-person bedroom and shared bathroom with a common kitchen and living area; (3) Hawk Refuge, a suite-style dorm featuring 2-3 person bedrooms and shared bathroom with a common kitchen and living areas; (4) the Nest, a traditional dormitory-style residence hall with four-person bedrooms and a common bathroom; (5) the Summit, a dormitory featuring 3-4 person bedrooms and shared living area, kitchen, and restrooms; and (6) a new suite-style dorm, not yet named, featuring 2-3 person bedrooms and shared bathroom with common areas. In each facility, certain students serve as Campus Life Ministers (CLMs) who mentor residents, watch out for their safety and well-being, and host activities.

For more information on campus housing, see the Residence Life page of the Point website (<https://point.edu/student-experience/residence-life>); contact Ms. Myka Pinchom, Executive Officer Manager for Student Life and Athletics (MPinchom@point.edu@point.edu) or visit the Student Life Office in Suite 115 of the Lanier Academic Center in West Point.

Parking and Shuttle Service. Point requires all West Point based students, faculty, and staff to register their vehicles with the campus Safety and Security Office located in Room 260 of the Lanier Academic Center. All must park in their assigned lot—usually the lot nearest to their housing facility.

The University also operates a shuttle bus service that makes regular stops at the Lanier Academic Center, Skyhawks Hall, the field house, and the gymnasium.

For more information on parking and the shuttle schedule, contact the Student Life Office by email (StudentLife@Point.edu), telephone (706-784-8543), or in person (Suite 115 of the Lanier Academic Center in West Point).

Food Services. Point partners with SAGE Dining Services®, the leading food service provider for independent schools and colleges throughout North America (www.sagedining.com). SAGE's unparalleled expertise in nutrition, sustainability, and culinary trends produces exceptional dining experiences that delight the senses, inspire minds, and foster community. The West Point campus features three dining facilities:

- *The Dining Hall* is located at 817 3rd Avenue in West Point, in the same building that houses the Point University Campus Store. It provides full meals and meal plans. All freshmen living on campus are required to have a 15 or 19 meal plan.
- *McKinney's Coffeehouse* is also located at 817 3rd Avenue, adjacent to the Dining Hall and Campus Store. The menu includes Starbucks® products such as coffee, lattes, hot chocolate, smoothies, Tazo teas, and Frappuccinos. McKinney's also offers a range of Coca Cola products and snack items.

For more information on food services and meal plans, along with online menus, see the Dining page on the Point website (<https://point.edu/student-experience/residence-life/dining>). Point's Food Services Director for SAGE Dining Services, welcomes student questions (706-784-8507). Students may also contact the Student Life Office by email (StudentLife@Point.edu), telephone (706-784-8543), or in person (Suite 115 of the Lanier Academic Center in West Point).

Health Services. To serve students at the West Point main campus, Point University has established a partnership with Lanier Health Services in nearby Valley, Alabama (<https://www.eamc.org>). Lanier includes an urgent care facility, general medical offices (including family care, a primary care physician, multiple specialists, and more), and 24-hour emergency care services, including a level three trauma center.

Point requires full-time students and student athletes to have health insurance prior to enrollment. For information concerning affordable plans, students may contact the Student Life Office by email (StudentLife@Point.edu), telephone (706-784-8543), or in person (Suite 115 of the Lanier Academic Center in West Point). Information concerning student health insurance and immunization policies also appears in the "Consumer Information" section of the Point website under Campus Health, Safety, and Security (<https://point.edu/consumerinformation>).

Campus Safety and Security. Point's campus safety and Security Office is located in Room 260 of the Lanier Academic Center in West Point. Security personnel regularly patrol campus facilities and the surrounding area. Students may contact security at any time by email (Campus.Security@Students.Point.edu) or by telephone:

- 706-784-8771: Daytime on-duty officer
- 404-232-5420: 24-hour service

Point uses the Rave Alert text-messaging system to alert students, faculty and staff of emergency situations on campus. To register for this service, users must follow the instructions on the Point website (<https://point.edu/campus-alert>).

The Consumer Information section of the Point website contains further information on Campus Health, Safety, and Security (<https://point.edu/consumerinformation>). The site includes policies on campus crime prevention, campus crime reporting, missing persons, fire safety, and campus emergency procedures. Point's *Annual Security & Fire Safety Report* (<https://point.edu/wp-content/uploads/2019/09/2019-ASR-AFSR-Final.pdf>) and *Emergency Response Plan* (<https://point.edu/wp-content/uploads/2018/03/ERP3.19.2018.pdf>) are also published on this site.

Mail Service. The University's Mail Room is located at the Point University Store, powered by Slingshot and located at 817 3rd Avenue in West Point (telephone 706-784-8772; email point@slingshotedu.com). There students may pick up mail and be assigned a post office box on request. Students may contact the Mail Room by telephone (706-784-8547) or email (Mail.Room@Point.edu).

Lost and Found. The West Point campus provides a lost and found service. If students lose an item, they should visit the Security Office located in Room 260 of the Lanier Academic Center in West Point.

Campus Life. Point understands students as holistic beings. Accordingly, the Student Life Department supports students spiritually, emotionally, socially, and physically. University students make lifelong friends while studying, working, and living in the close-knit campus setting. Point urges students to take full advantage of the educational, social, and community service opportunities available on the West Point campus. Jaunelle White oversees many aspects of campus life as Chief Student Development Officer (Jaunelle.White@point.edu).

Authentic Christian Community. Point University takes seriously its mission to "educate students for Christ-centered service and leadership throughout the world." Accordingly, the University is very intentional about spiritual formation. It creates a supportive and enjoyable campus culture that encourage students to grow spiritually as they develop intellectually, socially, and professionally.

Members of the Point community strive to live and interact with others in ways that honor Christ. The *Point University Honor Code* (student handbook) outlines standards and policies that support a healthy campus community and move students and staff toward greater spiritual maturity.

Examples of opportunities for spiritual growth at Point University include chapel, Adventure Groups, Holy Communion, community ministry, special events, emphasis weeks, devotions, personal guidance and counseling, mentoring, and discipleship. The nearby Spring Road Christian Church also sponsors an excellent campus ministry called "Feast." The Feast House, which sits adjacent to the campus, has become a favorite student hangout. Other area churches also reach out to Point students, providing opportunities for nurture and service. For more information, see the "Spiritual Formation" section of the University website (<https://point.edu/student-experience/spiritual-formation>).

Skyhawks Athletics. Point University is a member of the National Association of Intercollegiate Athletics (NAIA, <https://www.naia.org>) and fields 13 NAIA teams—namely, baseball, men and women's basketball, cheerleading, women's flag football, football, men and women's golf, men's lacrosse, men and women's soccer, softball, and volleyball. Skyhawk spirit is an integral part of the Point community. Students can often be found cheering on their classmates, roommates, and friends at sporting events in the evenings and weekends. The University also sponsors many intramural sports.

For detailed information about athletic programs, coaches, staff, facilities, and events, see the Point Skyhawks website (<http://www.pointskyhawks.com>) and the Athletics & School Spirit page of the University website (<https://point.edu/student-experience/athletics-school-spirit>). Students may also contact the Vice President of Intercollegiate Athletics, Jaunelle White (Jaunelle.White@Point.edu).

Musical Performance Opportunities. The Point University Fine Arts Department offers musical performance opportunities to all students with high school experience, regardless of major. Concert and Chamber ensembles are also open to Point University faculty and staff. Opportunities include:

Marching Skyhawks (Fall only). The Marching Skyhawks were founded in 2015 and have quickly established a tradition of excellence and achievement in the Southeast. Each year the band performs for thousands of fans at home and away football games and in exhibition performances for high school band competitions.

All members of the Marching Skyhawks receive a performance scholarship for their participation. No audition is required, so students with high school experience in marching, brass, woodwinds, percussion, majorettes, and color guard are encouraged to join. For more information, visit the Marching Skyhawks website (<https://point.edu/band>) or email band@point.edu.

Concert Band (Spring only). The Point University Concert Band is a large instrumental ensemble open to all students with high school band experience. The goals of this ensemble are to explore the various styles and genres of concert band literature and to give participants an opportunity to develop their ability to listen critically to themselves as individuals and as members of an ensemble.

For more information about band scholarships, please visit point.edu/band or email band@point.edu.

Concert Choir (Fall and Spring). The Point University Concert Choir is a mixed vocal ensemble open to any student with vocal experience. The choir explores a wide variety of literature, including sacred and secular styles that range from medieval to contemporary works. An emphasis on expression and learning to respond to different musical styles provides members the opportunity to develop individually as vocalists, as well as participants in a performing ensemble.

Choir scholarships are available for full-time Point students with high school or church experience in choir, regardless of major. Email finearts@point.edu for more information.

Signature Voices (Fall and Spring). Signature Voices is a small, auditioned vocal ensemble that performs contemporary *a capella* music from both sacred and secular genres. This advanced group enjoys a busy tour season during fall and spring terms, performing for churches and schools across the Southeast.

Members selected for this group receive a stipend for their participation. For more information, email Andrew Harry at Andrew.Harry@point.edu.

String Ensemble (Fall and Spring). The Point University String Ensemble is open to all students with high school experience on violin, viola, cello, double bass, or electric bass. This small chamber ensemble performs both traditional string works and transcriptions of modern pop tunes for University concerts and recitals and for local community events. For more information, email Ms. Cindy Wilson at cynthia.wilson@point.edu.

Percussion Ensemble (Fall and Spring). The Point University Percussion Ensemble is open to all students with high school experience in marching or concert percussion. This chamber ensemble presents works that span music history, including contemporary premiers and classical transcriptions. For more information about this ensemble and possible band scholarships, email Andrew Harry at Andrew.Harry@point.edu.

For more information about ensembles or music scholarships, email finearts@point.edu or visit point.edu/finearts. Students may also contact Andrew Harry, Fine Arts Department Chair, at Andrew.Harry@point.edu.

Campus Organizations and Activities. Student Life and other departments sponsor many campus organizations, activities, and service opportunities that let students try new things, meet new people, develop their leadership skills, and enjoy an active, well-rounded, enjoyable university experience. There are many ways to get plugged in at Point, including:

- Leadership development opportunities, such as Connect Leader mentoring, student government association (SGA), Campus Activities Board (CAB), Campus Life Ministers (CLMs), Chapel Planning Committee, clubs, internships, campus employment, and service learning
- Chapel, student ministry, and other spiritual formation events and opportunities (described above)
- NAIA athletic teams (described above) and intramural sports
- Impact Days and other community service events
- Homecoming, Spring Formal, Dorm Wars, Finals Frenzy, emphasis weeks, residence hall activities, and other special events
- The Hub student lounge (409 W. 10th Street) and the Game Room (Lanier Academic Center, Room 145), both of which contain snack and drink machines
- Much more

For more information, see the sections of the Point website devoted to Groups & Organizations (<https://point.edu/student-experience/groups-organizations>) and Campus Activities (<https://point.edu/student-experience/groups-organizations/campus-activities>). Students may also contact the Chief Student Development Officer, Jaunelle White (706-784-8541, Jaunelle.White@point.edu).

Admission Services

Admission Services. Point provides enrollment information and services to new students entering the University. Admission Counselors and Academic Advisors help students assess institutional fit and assist them through admission processes. Students may communicate with Admissions staff through email (admission@point.edu), the Point University website (<https://point.edu/admissions> or <http://online.point.edu/online-admissions>), or by calling 706-784-8609 and asking for an Admission Counselor. Ms. Logan Gann oversees Admission Services as Director of Admission (Logan.Gann@Point.edu). Rusty Hassell serves as Chief Enrollment Officer (Rusty.Hassell@Point.edu).

Counseling and Telemental Health Services

Counseling and Telemental Health Services. Point offers all on-ground and online students personal counseling by trained professionals through a contract with The Virtual Care Group (VCG). Students gain full access to VCG's telehealth videoconferencing platform, so they can get the care they need anytime from anywhere. Services include 50-minute behavioral visits, life coaching, and on-demand crisis counseling. These services are free of charge and totally confidential.

As part of orientation, the Student Life Office provides students with "Mobile App Instructions" showing how to log in and make appointments on the VCG service platform (<https://thevirtualcaregroup.com/point-online>).

Residential students in West Point also have access to some limited in-person counseling on campus, along with unlimited medical visits with local board-certified physicians. Students seeing the Point residential counseling staff may be limited to six sessions. If further care is needed, the staff will refer them to VCG or external agencies.

Telemental Health Services (also called Telehealth, Online Counseling, Tele-behavioral Health, or Telepsychiatry) is the use of telecommunications technology to provide behavioral health services. Telemental Health is an integral part of the Telemedicine movement, which uses computer programs, video conferencing, Internet programs, teleconferencing, and smartphone applications for the remote delivery of mental health services, including assessment, diagnosis, system tracking, and treatment.

Providers follow all state and federal laws regarding licensure, confidentiality, and interjurisdictional requirements. Additionally, the technology utilized in providing Telemental Health Services meets and/or exceeds standards outlined by the American Telemedicine Association (www.americantelemed.org), the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and other professional associations. Students with questions or concerns may contact the Chief Student Development Officer, Ms. Jaunelle White (Jaunelle.White@point.edu).

Financial Services

Financial Services. Point provides financial aid and student account services that assist learners with the monetary side of university life:

Student Billing and Payments. The Student Billing and Payment Center provides students with individualized counseling and services related to billing for tuition, fees, housing, textbooks, and other school-related charges; payment options; stipends and refunds; Form 1098-T tax benefits; and other issues related to student accounts. Students may speak with an accounts representative by telephone (706-784-8620), email (Student.Billing@Point.edu), or by visiting the Student Services Office (Suite 155 of the Lanier Academic Center in West Point). For more information, see the "Student Billing and Payments" page on the Point website (<https://point.edu/admissions/tuition-aid/student-billing-and-payments>). Ms. Amanda Schmidt over-see the department as Director of Student Accounts (706-784-8545; Amanda.Schmidt@Point.edu).

Financial Aid. Staff members from the Financial Aid Office provide individualized counseling and services related to student scholarships, grants, loans, completing the FAFSA® (Free Application for Federal Student Aid), financial aid packaging and verification, and related issues. Students may speak with a financial aid counselor by telephone (706-385-1018), email (Financial.Aid@Point.edu), or by visiting the Student Services Office (Suite 155 of the Lanier Academic Center in West Point). For more information, see the "Financial Aid" page on the Point website (<https://point.edu/admissions/tuition-aid/financial-aid>). Ms. Holly Hardnett oversees the department as Director of Financial Aid (706-784-8532; Holly.Hardnett@Point.edu).

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Skyhawk Career Services

Skyhawk Career Services. Point University's Skyhawk Career Services is located in Room 147 of the Lanier Academic Center at the West Point campus. The Center helps students identify and boldly pursue their callings, equips them to communicate their gifts to potential employers and organizations, and serves as a relational link between employers seeking students for internships and job opportunities.

To meet the needs of today's students, the staff uses the Point website to schedule advising appointments, review résumés, post jobs, provide direct connections with employers, and more. Students may see available jobs by going to the "Community Job Postings" tab on the Skyhawk Career Services webpage (<https://point.edu/academics/academic-support/center-for-calling-career>), or they may contact the Center directly by email Career.Center@Point.edu or telephone (706-784-8764). For additional resources, students may also visit the "Virtual Career Bulletin" page on the Point website (<https://point.edu/academics/academic-support/center-for-calling-career/virtual-career-bulletin>). Dr. Jacoba Durrell (Jacoba.Durrell@Point.edu), Director of Prior Learning and Career Services, oversees Skyhawk Career Services.

Technical Services

Technical Services. Point University's Information Technology (IT) Department facilitates the services described below. Mr. Bill Dorminy supervises the IT team as Director of Technology (Bill.Dorminy@Point.edu). The IT Office is located on the West Point campus in Room 261 of the Lanier Academic Center.

Computer Hardware and Software. Point University requires all students enrolled in online programs to provide their own computer devices for online learning. The University recommends that on-ground students also purchase their own laptops or personal devices. *Technology Guidelines* and *Minimum System Requirements* appear below. However, computer labs (see below) are available for all students during facility business hours as a supplement. Through the Student Portal (described below), students gain free access to the Microsoft Office 365 software package.

Campus Wi-Fi Connectivity. Point provides free Internet access through the wireless network found in all University education sites and residence halls. During orientation, students receive instructions for logging into the University network using their Point passwords. For access instructions, guidelines, and the *Acceptable Use Policy*, see the Point Knowledge Base under "IT Support" or contact the helpdesk (ITSupport@Point.edu).

Computer Labs. Point University provides modern, well-equipped computer lab facilities for students at its education sites in West Point, Peachtree City, and Savannah. At the main campus in West Point, computers are available in the Learning Commons, the Computer Lab, and the Computer Classroom. Additional computer kiosks are available at various locations around campus. In the Scott Fine Arts Center (413 W. 10th Street), students have access to a Mac lab. All campus computers are connected to the Internet through the University's network, with access to Microsoft Office 365 software for word processing, spreadsheets, databases, presentations, web browsing and interactive course materials.

Tech Support and Helpdesk. The Information Technology (IT) staff provide 24/7 technical support via email, telephone, an online helpdesk, and an on-site helpdesk in Room 126 of the Learning Commons at West Point. They provide assistance with Point email, university software and databases, online courses offered through the *Canvas* learning management system, and other technology services.

- For help and technical support, send an email to ITSupport@Point.edu. Include as many details as possible in your message.
- Users may also telephone the helpdesk at any time (706-784-8683) to speak with a live representative who can assist with issues such as password resets and basic assistance with *Point Online* and other computer applications. After hours (5:00 p.m. – 8:00 a.m.), weekend, and holiday telephone support are currently limited to password resets and basic user functions for the Single Sign-On portal to ensure that users can access learning resources. Some support questions may require escalation from the afterhours support desk. In this case, a ticket will be created and a technician will contact the user the following business day.

For email and telephone support, students should have their Student ID number available to verify their identity. For information on where to find one's student ID, visit <https://sites.google.com/view/pitcrew/student-id-number?authuser=2>.

University Website. Point's main website (www.point.edu) gives students access to general information about the University, along with news and updates, academic catalogs, digital library resources, financial aid information, institutional policies, and a variety of other resources and services.

The Consumer Information section of the website (<http://point.edu/disclosures>) offers public disclosures required by the Higher Education Opportunity Act of 2008. It includes information on many aspects of University operations, such as accreditation, student achievement, campus security, emergency procedures, student privacy, and Title IX sex discrimination protections (<https://point.edu/title-ix>).

Student and Faculty Portal. The Point University Student & Faculty Portal provides convenient access to many services, such as (1) Colleague, through which students may view their final grades, degree audits, transcripts, financial aid status, account balance, and more; (2) "Office 365," where students may check their Point email and use a variety of office software; (3) *Canvas*, through which students enter online course sites; and (4) Zendesk, through which students may submit IT technology service requests. The portal also includes direct links to many of the student services described below. Users enter the portal by logging into the *MyPoint* Single Sign-On portal (<http://my.point.edu>) and entering their Point username and password.

Point Knowledge Base. The Point Knowledge Base offers direct links to (1) student resources, such as the academic catalog and consumer information; (2) a wide variety of student services, such as food services, health services, counseling, and other services described below; and (3) various forms and applications, such as the degree change form, academic appeal form, and transcript request form. Students may access this resource by logging onto their single sign-on account and clicking on the Point Knowledge Base icon.

Point University Email. Point email accounts facilitate communication between students, faculty, and support staff. *All student correspondence with instructors, participation in Point Online and Point Connect courses, and submission of course assignments must occur via the student's assigned Point University email account or through Point's online course platforms.* Students should check their Point email accounts daily for messages from the University. Users may access their email by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, and then clicking on the "Office 365" icon.

Online Course Websites. For online students, the University offers *Point Online* and *Hybrid* courses through the *Canvas* Learning Management System (LMS). Online course sites, which utilize the *Canvas* LMS, facilitate online presentations, the sharing of educational resources, communications with the instructor and other students, assignments, and assessments of student learning.

Students access *Point Online* and *Hybrid* courses by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the "Point Online" icon, and then clicking on the desired course.

Training for students enrolled in *Point Online* and *Point Connect* courses is provided by the Academic Operations Department and through an online Student Video Library featuring tutorials on *Canvas*, Zoom videoconferencing, writing style guides, library services, and other topics.

Online Course Companions. For on-ground courses, some instructors use online "Course Companions" developed in the *Canvas* Learning Management System. These "Course Companions" do not carry all the features of full online courses. However, they include supplementary materials and an electronic gradebook for the on-ground course.

Students access "Course Companions" by logging into the Single Sign-On portal (<http://my.point.edu>), entering their Point username and password, clicking on the "Point Online" icon, and then clicking on the desired course.

Technology Guidelines and Minimum System Requirements. Point University is dedicated to providing a high quality education and learner-centered experience while managing diverse instructional delivery modes and various academic technologies. The University strives to equip students, faculty, and staff with the development of technology skills and competencies needed within these modalities.

Point University requires all students enrolled in online programs to provide their own computer devices for online learning. The University recommends that on-ground students also purchase their own laptops or personal devices, but computer labs are available on campus for those who need access to computer technology. Point asks students, faculty, and staff to adhere to the following technology policies and guidelines to ensure optimum user experience.

Acceptable Use of Technology. Technology equipment, network connections, and resources are to be used for supporting the mission, instruction, and services of Point University. Any use which compromises or interferes with the mission, character, and security of Point University is prohibited, regardless of whether the equipment is Point University property or private property. This policy applies to all physically present, virtual, and/or remote transmissions of data within any Point University network or resource. Participation in activities that are disruptive, illegal, or destructive to the Point University mission, students, faculty, or employees will result in disciplinary action, revocation, and/or referral to appropriate law enforcement agencies and authorities.

Point reserves the right to define and apply what is considered to be acceptable use of technology and its resources under these policies and guidelines.

Minimum System Requirements. Canvas is the current Learning Management System (LMS) used for Point's online courses and for on-ground "course companions."

For best user results, Point recommends that students and faculty evaluate their computer or device with the following checklist prior to logging into courses:

- Windows PC or Mac with the most recent version of these browsers: (1) Google Chrome (www.google.com/intl/en/chrome) and (2) Mozilla Firefox (www.mozilla.org/en-US/firefox/new).
- Windows PC or Mac with audio (sound card with speakers or headphones/ear buds). Typically found in most computers by clicking on the Start icon, then Control Panel, and/or Sound.
- Windows PC or Mac with video capabilities (webcam and microphone within device or stand-alone)
- High speed Internet access. Typically found in most computers by clicking on the Start icon, then Control Panel, and Network or Internet.
- Adobe Reader (<https://get.adobe.com/reader>)
- Access to a printer or scanner (depending on course activities)

It is the users' responsibility to maintain their personal Internet connection, computer, or device with the necessary hardware, software, and browser updates.

Alternate Technology Plans. There may be occasions in which students need an alternate technology plan due to unforeseen circumstances, such as Internet outages at home. In preparation for such circumstances, students should identify an alternate location with free Wi-Fi, a computer lab, and/or other needed accommodations. Examples include a Point University education site during facility hours, public library, or restaurant.

Title IX

The Point website includes a section on "Title IX" (<https://point.edu/title-ix>), which articulates the University's commitment to be "a learning community that is free from discrimination regarding sex, age, disability, nationality, race, ethnicity, and other protected classifications." This includes a commitment to reporting and preventing campus sexual violence and other crimes in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. For more information concerning any Point University Title IX issues, contact the lead Title IX officer (Autumn.Glenn@point.edu), and/or those assisting in the areas of Students (Jaunelle.White@point.edu), Staff (human.resources@Point.edu), or Athletics (Jaunelle.White@point.edu).

Consumer information is available [here](#).

All Programs

ODP.AAAC - AA Accounting (online)

General

Program Description

The Associate of Arts in Accounting equips students with a broad grounding in the Liberal Arts, along with foundational elements of business and accounting. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Bachelor of Science degree in Accounting with a Concentration in Forensics & Fraud.

Modality. Point University offers the A.A. in Accounting in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Purpose. The A.A. in Accounting equips students with a broad grounding in the Liberal Arts, along with foundational elements of business and accounting.

The A.A. in Accounting builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation Component) to accomplish the following student learning objectives:

Objective 1: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 2: Graduates prepare and interpret basic financial statements.

Objective 3: Graduates apply sound accounting principles.

Objective 4: Graduates apply sound principles in preparing individual income tax returns.

Objective 5: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 6: Graduates understand principles of mathematics and can apply them to aid in making business decisions.

Recommended Course Sequence

Choosing a Character Core Track. Online students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfill Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.AABA - AA Business Administration (online)

General

Program Description

The Associate of Arts in Business Administration equips students with a broad grounding in the Liberal Arts, along with foundational elements of business management and accounting. Graduates are prepared for entry-level positions in business organizations. They may also continue their studies to earn the Bachelor of Science degree in Business Administration, Management, Organizational Leadership, Marketing, or Social Media Marketing.

Modality. Point University offers the A.A. in Business Administration in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Business Administration equips students with a broad grounding in the Liberal Arts, along with foundational elements of business management and accounting.

The A.A. in Business Administration builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 2: Graduates apply sound accounting principles.

Objective 3: Graduates employ effective communication and organizational skills to promote high levels of organizational performance.

Objective 4: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Objective 5: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 6: Graduates understand principles of mathematics and can apply them to aid in making business decisions.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfill Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.AACD - AA Child Development (online)

General

Program Description

The Associate of Arts in Child Development provides students with foundational coursework in human development, education, and sociocultural contexts. Career possibilities include supervising infants, toddlers, preschoolers, and young children in day care centers, community-based programs such as the YMCA and Boys & Girls Club, and nonprofit early childhood programs such as church preschools.

Modality. Point University offers the A.A. in Child Development in Point Connect format, which features a live 2-hour videoconference each week. Apart from the video-conference, online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates throughout the week.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The A.A. in Child Development prepares Christian men and women to provide developmentally-appropriate, Christ-centered care and nurturing to young children.

The A.A. in Child Development builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Graduates articulate a basic knowledge of the proper growth and development principles as they apply to young children from birth through age 8.

Objective 2: Graduates demonstrate key understandings in the basic care and nurturing of infants, toddlers, preschoolers, and young children.

Objective 3: Graduates respond appropriately to the needs expressed by families with young children who have diverse ethnic and socio-economic backgrounds.

Objective 4: Graduates serve young children with developmentally-appropriate choices in nutrition, proper rest, movement, and other physical needs.

Objective 5: Graduates provide developmentally-appropriate contexts for young children's healthy social and emotional development.

Objective 6: Graduates plan developmentally-appropriate activities and environments to promote young children's cognitive development.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfill Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.AACJ - AA Criminal Justice (online)

General

Program Description

The Associate of Arts in Criminal Justice equips students with a broad grounding in the Liberal Arts, along with foundational knowledge and skills in human relations and Criminal Justice. Graduates are prepared for entry-level positions in helping professions. They may also continue their studies to earn the Bachelor of Science degree in Criminal Justice.

Modality. Point University offers the A.A. in Criminal Justice in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Criminal Justice equips students with a broad grounding in the Liberal Arts, along with foundational knowledge and skills in human relations and Criminal Justice.

The A.A. in Criminal Justice builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Graduates articulate principles for effective interpersonal interactions, including relationship building, problem solving, and dealing with difficult people.

Objective 2: Graduates articulate the powers and civil rights granted by the United States Constitution and Bill of Rights.

Objective 3: Graduates explain basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police.

Objective 4: Graduates identify and discuss the impact that societal, psychological, and environmental factors have on criminal behavior and how these may be addressed in the criminal justice system.

Objective 5: Graduates identify and discuss the differential effects and treatment of people by and/or within the criminal justice system based on racial, ethnic, gender, and age characteristics.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfil Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Police Academy Transfer Credit. Point University awards up to 9 hours of transfer credit to those who successfully complete the entire 9-week police academy training course offered by the State of Georgia (the *Georgia Peace Officer Standards and Training Council 408 Hour Basic Law Enforcement Training Course*) or the State of Alabama (the *Alabama Peace Officers Standards and Training Commission 520 Hour Basic Training Curriculum*).

- For students pursuing the A.A. in Criminal Justice, academy training fulfils the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits) and General Electives (6 credits).
- For students pursuing the B.S. in Criminal Justice or B.S. in Criminal Justice with Pre-Law Emphasis, academy training fulfils the following degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits), CJUS 400 or CJU 400 Criminal Law (3 credits), and CJUS 410 or CJU 410 Criminal Procedure (3 credits).
- For students enrolled in other degree programs, academy training fulfils the following degree requirements: General Electives and/or certain Social & Behavioral Sciences electives (9 credits).

ODP.AACM - AA Christian Ministries (online)

General

Program Description

The Associate of Arts in Christian Ministries equips students with a broad grounding in the Liberal Arts, along with foundational preparation for effective service in church and ministry environments. Graduates may continue their studies to earn the Bachelor of Science degree in Christian Ministries.

Modality. Point University offers the A.A. in Christian Ministries in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Christian Ministries equips students with a broad grounding in the Liberal Arts, along with foundational competencies for Christian ministry.

The A.A. in Christian Ministries builds on the mission and goals of Point University in order to attain Point’s general education competencies and accomplish the following student learning objectives:

Objective 1: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 2: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 3: Students assess and utilize people’s individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 4: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfil Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.AAGS - AA General Studies (online)

General

Program Description

The Associate of Arts in General Studies equips students with a broad grounding in the Liberal Arts and the Christian Scriptures as a foundation for life and learning. **Modality.** Point University offers the A.A. in General Studies in Point Online format. Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

Modality. Point University offers the A.A. in General Studies in *Point Online* format. Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in General Studies equips students with a broad grounding in the Liberal Arts and the Christian Scriptures as a foundation for life and for further studies at the baccalaureate level.

The A.A. in General Studies builds on the mission and goals of Point University in order to attain Point’s general education competencies and accomplish the following student learning objectives:

Lifelong Learning

Objective 1: Students develop a plan that analyzes and capitalizes on their strengths to achieve relational, academic, and professional success.

Objective 2: Graduates employ effective study habits and time management skills.

Objective 3: Graduates locate and use information resources

Objective 4: Graduates demonstrate basic computer literacy.

Objective 5: Graduates read with understanding, think critically, and develop reasoned arguments.

Objective 6: Graduates communicate effectively orally and in writing.

Objective 7: Graduates form, maintain, and enjoy healthy relationships with others, including persons from different backgrounds and cultures.

Objective 8: Graduates work effectively to accomplish tasks both independently and within teams.

Content, principles, and methodologies of primary areas of knowledge

Objective 9: Graduates apply philosophical, literary, and artistic concepts to illuminate cultural artifacts and worldview issues.

Objective 10: Graduates apply religious, philosophical, psychological, social, political, economic, and cultural concepts to illuminate human behavior and social trends.

Objective 11: Graduates articulate and apply scientific concepts, principles, and methods.

Objective 12: Graduates apply mathematical concepts and methods to investigate and solve real-world problems and questions.

Biblical theology and worldview issues

Objective 13: Graduates demonstrate a basic understanding of the content of the Old and New Testaments.

Objective 14: Graduates demonstrate a basic understanding of a Christian worldview and the role of believers in the Body of Christ.

Recommended Course Sequence

As online students prepare to enter their program, Academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.AAHR - AA Human Relations (online)

General

Program Description

The Associate of Arts in Human Relations equips students with a broad grounding in the Liberal Arts, along with a foundational knowledge of the helping profession. Graduates are prepared for entry-level positions in helping professions. They may also continue their studies to earn the Bachelor of Science degree in Human Relations, Psychology or Criminal Justice.

Modality. Point University offers the A.A. in Human Relations in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Human Relations equips students with a broad grounding in the Liberal Arts, along with foundational knowledge of Human Relations and sociology.

The A.A. in Human Relations builds on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 3: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 4: Students analyze and utilize scholarly research to explore contemporary is-sues in psychology, sociology, and related fields.

Objective 5: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfil Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. ODP.AAML - AA Management and Leadership (online)

General

Program Description

The Associate of Arts in Management & Leadership equips students with a broad grounding in the Liberal Arts, along with first-level preparation for business leadership and management. Graduates may also continue their studies to earn the Bachelor of Science degree in Management & Leadership, Business Administration, Management, or Marketing.

Modality. Point University offers the A.A. in Management & Leadership in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Management & Leadership equips students with a broad grounding in the Liberal Arts, along with foundational elements of business leadership, management, and accounting.

The A.A. in Management & Leadership builds on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 2: Graduates apply sound accounting principles.

Objective 3: Graduates employ effective communication and organizational skills to pro-mote high levels of organizational performance.

Objective 4: Graduates effectively manage people, time, and resources.

Objective 5: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 6: Graduates understand principles of mathematics and can apply them to aid in making business decisions.

ODP.AAOL - AA Organizational Leadership (online)

General

Program Description

The Associate of Arts in Organizational Leadership equips students with a broad grounding in the Liberal Arts, along with first-level preparation for business leadership and management. Graduates may also continue their studies to earn the

Bachelor of Science degree in Organizational Leadership, Business Administration, Management, Marketing, or Social Media Marketing.

Modality. Point University offers the A.A. in Organizational Leadership in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

Effective fall 2023, this program is no longer accepting new enrollments.

Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved. Students will be enrolled in the newer degree, AA Management and Leadership or may choose a different program of interest.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

ODP.AAYM - AA Youth Ministry (online)

General

Program Description

The Associate of Arts in Youth Ministry equips students with a broad grounding in the Liberal Arts, along with foundational preparation for effective service in Christian ministry with an emphasis on youth. Graduates may continue their studies to earn the Bachelor of Science degree in Youth & Family Ministries.

Modality. Point University offers the A.A. in Youth Ministry in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Arts in Youth Ministry equips students with a broad grounding in the Liberal Arts, along with foundational competencies for Christian ministry to young people.

The A.A. in Youth Ministry builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Students demonstrate understanding of biblical concepts of ministry and servant leadership, along with the ability to apply those principles in ministry environments.

- Objective 2:** Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.
- Objective 3:** Students assess contemporary approaches to youth ministry in a variety of contexts from theological, philosophical, and practical viewpoints.
- Objective 4:** Students apply a basic working knowledge of human development to the task of helping young people grow to maturity in Christ.
- Objective 5:** Students demonstrate practical skills for ministry, such as assessing needs, planning, organizing, and implementing ministry programming.
- Objective 6:** Students apply interpersonal skills important for ministry, such as volunteer mobilization and classroom management.
- Objective 7:** Students utilize tools and resources appropriate for their ministry goals.
- Objective 8:** Students articulate principles for effective leadership and service in multi-cultural ministry environments.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfil Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. ODP.ASIT - AS Information Technology (online)

General

Program Description

The Associate of Science in Information Technology (IT) equips students with a strong foundation in core IT concepts and practical skills. This program covers essential areas including IT fundamentals, hardware and software applications, operating systems, and technical communication. Graduates are well-prepared for entry-level IT positions and various support roles in the field. Furthermore, the curriculum prepares students to earn industry-recognized certifications such as CompTIA (ITF+/Tech+ and A+), enhancing their employability and career prospects in the rapidly evolving IT sector. Graduates may continue their studies to earn the Bachelor of Science degree in Information Technology with a concentration in Network Administration or Information Systems Security.

Modality. Point University offers the Associate of Science in Information Technology (IT) in a fully online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Associate of Science in Information Technology (IT) aims to develop skilled and adaptable IT professionals with strong problem-solving abilities who are ready for entry-level and support role positions. It fosters the knowledge base for industry certifications, further academic advancement, and the capacity to evolve with changing technologies. The program seeks to meet the growing demand for qualified IT personnel who can effectively communicate and apply their skills ethically in businesses, schools, government agencies, non-profits, churches, or parachurch organizations globally.

The Associate of Science in Information Technology (IT) builds on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

- Objective 1.** Demonstrate knowledge and practical application of information technology best practices, safety protocols, security measures, preventive strategies, and operating systems.
- Objective 2.** Apply information technology principles and best practices to identify and solve real-world problems.
- Objective 3.** Evaluate current and emerging technologies.
- Objective 4.** Identify the impact of technology, including biblical, ethical, legal, and policy issues.
- Objective 5.** Apply critical thinking skills and communication skills required in a technical environment.

Recommended Course Sequence

Choosing a Character Core Track. *Online* students who continue past the associate degree to earn a baccalaureate degree must complete the 15-credit Character Core. The Character Formation courses listed above can fulfil Core requirements. Students must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. The goal of these customized plans is to speed students to the finish line in the shortest time possible, taking into account factors like degree requirements, transfer credits, and pace of study.

Special Considerations

Professional Certifications. Courses within the Associate of Science in Information Technology (IT) program are specifically designed to prepare students to earn up to two highly respected professional certifications from CompTIA. Point strongly urges students to complete the certification exams as they progress through the academic program because these high-demand industry certifications will give them a significant advantage in the job market. The certifications, supporting coursework, and the current exam costs appear below. Point does not guarantee that students will pass every exam. However, if they master the knowledge and skills taught in the courses, students should be well-prepared to complete the exams successfully.

Professional Certifications	Supporting Courses		Academic cost per exam (as of 2/ 2024)
CompTIA ITF+ (exam FC0-U61) or CompTIA Tech+ (exam FC0-U71)	CISM 100	Introduction to Information Technology	\$84.00
CompTIA A+ (exams 220-1101 and 220-1102)	CISM 210	Information Technology Applications I	\$115.00
	CISM 215	Information Technology Applications II	

ODP.BBALM - BBA Business Administration - Logistics Management (online)

General

Program Description

The Bachelor of Business Administration program with a Concentration in Logistics Management provides a broad foundation in the major facets of business, including planning, operations, management, marketing, communication, human resources, finance, accounting, law, and ethics. Students also gain special expertise in logistics management, including the planning, control, implementation, storage, and flow of goods moving into and out of a business. Applied learning is crucial, and class projects frequently involve solving real-world problems related to information, transportation, warehousing, inventory, materials handling, packaging, disposal, and security. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations-including specialized service as logistics and supply chain planners, managers, analysts, and consultants. They are also prepared to pursue graduate degrees in business, such as the Master of Management, M.B.A., M.S. in Operations Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.B.A. in Business Administration with a Concentration in Logistics Management in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major with a Concentration in Logistics Management prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions, with special emphasis on business logistics and supply chain management.

Business Administration Major with a Concentration in Logistics Management builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Accounting, finance, and strategic management principles and applications

Objective 8: Graduates apply sound accounting and financial principles.

Objective 9: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 10: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 11: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical, economic, and statistical concepts

Objective 12: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 13: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 14: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Operations and supply chain management

Objective 15: Graduates apply sound operational management principles.

Objective 16: Graduates demonstrate the capacity to formulate a supply chain network system.

Logistics management principles and applications

Objective 17: Graduates evaluate the physical flow of products and information throughout the entire supply chain.

Objective 18: Graduates apply principles and strategies used in transportation activities to support the logistics function of economic utilities of place and time.

Objective 19: Graduates critically examine the activities of exporting and importing goods, as well as involvement in international trade operations.

Objective 20: Graduates apply project management concepts and methods to investigate and solve real-world business issues.

Objective 21: Graduates determine methods of becoming an effective quality manager and decision maker focused on improving the quality of people, processes, products, and the work environment.

Objective 22: Graduates identify acquisition processes used both directly and indirectly to secure goods, services, and work from external sources in procurement.

Objective 23: Graduates develop a marketing channel structure that integrates activities, strategies, and research focused on sustainable competitive advantage.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BBS.CERT - Biblical Studies Certificate

General

ODP.BSAFF - BS Accounting - Forensics and Fraud (online)

General

Program Description

The B.S. in Accounting with a Concentration in Forensics & Fraud provides a foundation by which forensic accounting principles may be applied in diverse financial transactions, such as mergers and acquisitions, bankruptcies, and contract disputes. It prepares students to enrich the accounting profession through examining, scrutinizing, inspecting, and investigating fraud. Applied learning is crucial, and course projects frequently involve identifying how forensic accounting findings are currently used in court cases to detect business scandals and prosecute white-collar criminals. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A. or Master of Accountancy.

Modality. Point University offers the B.S. in Accounting/Forensics & Fraud in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

Professional Memberships. Accounting majors are assessed a \$25 annual fee for student membership in the Institute of Management Accountants (IMA), a leading professional organization in the field (www.imanet.org). IMA offers the Certified Management Accountant (CMA) certification, the global benchmark for management accountants and financial professionals.

The faculty also urges Accounting majors to join the American Institute of Certified Public Accountants (AICPA), the professional organization that sets ethical standards, auditing standards, and develops the CPA exam (www.aicpa.org). Membership is free for full- and part-time students enrolled in a domestic or Non-U.S. college or university.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Accounting Major with a Concentration in Forensics & Fraud prepares students to glorify God through Christ-centered ethical leadership and vocational excellence in the accounting profession, with an emphasis on forensics and fraud aimed at improving and optimizing organizational performance across business functions.

The Accounting Major with a Concentration in Forensics & Fraud builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Theoretical foundations, principles, and practical skills for accounting

Objective 1: Graduates demonstrate broad understanding of the accounting field and career opportunities it holds, including the role played by each accounting specialty.

Objective 2: Graduates articulate, interpret, and apply sound financial management and accounting concepts and principles, including the Generally Accepted Accounting Principles (GAAP).

Objective 3: Graduates effectively perform essential accounting functions, such as processing transactions, reconciling accounts, computing assets and liabilities, analyzing cash flow, producing and interpreting financial statements, assessing organizational performance, and creating reports that inform managerial decision making.

Objective 4: Graduates develop and implement processes, procedures, and models useful for forecasting, planning and control, cost analysis, performance evaluation, and other managerial functions.

Objective 5: Graduates demonstrate the capacity to develop, communicate, and execute an integrated financial plan for an organization based on sound accounting principles.

Objective 6: Graduates apply sound auditing standards and financial controls.

Objective 7: Graduates distinguish between government, for-profit, and nonprofit accounting, including procedures associated with internal and external reviews and reporting.

Objective 8: Graduates apply sound principles for preparing individual income tax returns.

Objective 9: Graduates apply quantitative, technological, analytical, and critical thinking skills to problem solving and decision making in the accounting field.

Forensic accounting

Objective 10: Graduates articulate theoretical foundations for forensic accounting, including crime causation theories.

Objective 11: Graduates apply strategies and tools to detect and deter fraud, such as the fraud triangle, internal controls, and various investigative techniques.

Communication and collaboration

Objective 12: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Objective 13: Graduates engage constructively and collaboratively with others.

Technological skills

Objective 14: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 15: Graduates demonstrate proficiency with hardware and software utilized in current accounting practice, including the Financial Accounting Standards Board (FASB) Codification Database.

Objective 16: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Objective 17: Graduates apply theoretical concepts of information systems.

Ethical, legal, regulatory, and professional considerations

Objective 18: Graduates comply with legal and regulatory requirements governing the accounting field.

Objective 19: Graduates integrate God-honoring ethical and professional standards, informed by Christian perspectives, into their accounting practice.

Objective 20: Graduates effectively utilize professional literature, tools, and resources, including those available through the Financial Accounting Standards Board (FASB) and the Association of Certified Fraud Examiners (ACFE).

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSAM - BS Applied Ministry (CLC)

General

Program Description

Point University offers the Bachelor of Science in Applied Ministry in cooperation with church partners committed to educating the next generation of Christian leaders. The program equips students with a broad grounding in the arts and sciences, along with foundational preparation for effective service in church and ministry environments. It includes an extended ministry practicum under the mentorship of Point instructors and professional staff of partner churches. All courses in the program are intended for transfer.

Modality. Point University offers the B.S. in Applied Ministry in fully-online format, excluding the on-ground ministry practicum. Various church partners host the practicum components. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

Required Ministry Practicum. The B.S. in Applied Ministry also includes a required ministry practicum either as part of the A.A. in Applied Ministry, which forms the foundation for the B.S. program, or in place of certain General Electives in the B.S. degree. The practicum includes the following components:

Columbus (GA) Ministry Practicum—North Highland Church

MINI 105A	Columbus Ministry Practicum 1A	1.5
MINI 105B	Columbus Ministry Practicum 1B	1.5
MINI 105C	Columbus Ministry Practicum 1C	1.5
MINI 105D	Columbus Ministry Practicum 1D	1.5
MINI 205A	Columbus Ministry Practicum 2A	1.5
MINI 205B	Columbus Ministry Practicum 2B	1.5
MINI 205C	Columbus Ministry Practicum 2C	1.5
MINI 205D	Columbus Ministry Practicum 2D	1.5

In Columbus, the following 3rd- and 4th-year practicum courses are available as electives:

MINI 305A	Columbus Ministry Practicum 3A (1.5)
MINI 305B	Columbus Ministry Practicum 3B (1.5)
MINI 305C	Columbus Ministry Practicum 3C (1.5)
MINI 305D	Columbus Ministry Practicum 3D (1.5)
MINI 405A	Columbus Ministry Practicum 4A (1.5)
MINI 405B	Columbus Ministry Practicum 4B (1.5)
MINI 405C	Columbus Ministry Practicum 4C (1.5)
MINI 405D	Columbus Ministry Practicum 4D (1.5)

TOTAL CREDITS IN PRACTICUM: 12

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Applied Ministry Major provides an undergraduate knowledge base, foundational skills, and practical experience for careers in church and ministry organizations.

The Applied Ministry Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Use of scripture in ministry

Objective 1: Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 2: Students apply appropriate methods of interpretation to the study, teaching, and preaching of the Old and New Testaments.

Foundational competencies for Christian ministry

Objective 3: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 4: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 5: Students assess and utilize people's individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 6: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 7: Students apply biblical principles of worship in planning meaningful worship experiences.

Objective 8: Students demonstrate an understanding of counseling principles and techniques appropriate for ministry settings, including referral.

Objective 9: Students demonstrate an understanding of accounting and financial principles pertinent to church ministry.

Objective 10: Students demonstrate foundational competencies for Christian ministry through a mentored ministry practicum.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSBA - BS Business Administration (online)

General

Program Description

The online B.S. in Business Administration provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the Master of Management, M.B.A., M.S. in Human Resource Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Business Administration in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions.

The Business Administration Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Objective 9: Graduates demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Accounting, finance, and marketing principles and applications

Objective 10: Graduates apply sound accounting and financial principles.

Objective 11: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 12: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 13: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 14: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 15: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical, economic, and statistical concepts

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 18: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2],

and then one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSBAHL - BS Business Administration Hospitality Concentration (online)

General

Program Description

The B.S. program in Business Administration with a Concentration in Hospitality Leadership provides a broad foundation in the major facets of business, including organizational leadership, management, planning, communication, marketing, finance, law, and ethics, with an emphasis on the hospitality industry. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in hospitality, corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the Master of Business Administration (M.B.A.).

Information and Additional Notes

This program of study has been closed effective fall 2024. Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Business Administration Major with a Concentration in Hospitality Leadership prepares students to glorify God through Christ-centered leadership and vocational excellence in business professions with special focus on the hospitality industry.

The Business Administration Major with a Concentration in Hospitality Leadership builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Business communication

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Objective 9: Graduates demonstrate understanding of fundamental microeconomic and macroeconomic principles and how they relate to business performance and societal well-being.

Accounting, management, and marketing

Objective 10: Graduates apply sound accounting and financial principles.

Objective 11: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 12: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 13: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 14: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 15: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical, economic, and statistical concepts

Objective 16: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 17: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 18: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Hospitality Leadership

Objective 19: Graduates describe the key drivers, accountability, roles, and interests in the retail business environment.

Objective 20: Graduates develop, implement, and follow effective marketing strategies for both products and services.

Objective 21: Graduates apply Lean principles and relevant tools for eliminating waste and improving organizational efficiency.

Objective 22: Graduates apply Six Sigma principles and relevant tools for eliminating process deficiencies and solving real-world problems.

Objective 23: Graduates articulate and apply Christ-centered principles of servant leadership and stewardship.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions

from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Eligible Students and Hospitality Practicum Elements. The primarily online B.S. program includes on-ground practicum experiences completed in a hospitality business setting under a Point instructor and Point University-approved field supervisor—usually the owner or manager of the business. Practica often integrate corporate training programs of the host organization. For this reason, applicants for the B.S. degree program must be employed by and recommended by hospitality managers approved by Point University.

Point faculty designed the program in conversation with representatives of Chick-fil-A. However, other hospitality businesses may also meet the criteria for participation. For more information contact Dr. Todd Weaver, Dean of the College of Business & Leadership (Todd.Weaver@Point.edu).

Modality. Point University offers the B.S. in Business Administration with a Concentration in Hospitality Leadership in fully-online format, excluding the on-ground hospitality practica (described above). *Point Online* students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

ODP.BSCD - BS Child Development (online)

General

Program Description

The Child Development Major equips students to work with very young children (birth through age 8) in a variety of settings, preparing activities and environments that foster children's development physically, socially, emotionally, spiritually, and cognitively. Coursework is designed to lead students toward becoming Christ-centered, service-focused mentors to young children and their families. Constructivist philosophy is emphasized, which focuses on learners as individuals with unique skills, needs, and learning styles. Graduates of the program are equipped to work in preschools, camps, daycare centers, private Christian schools, churches, non-profit programs, community organizations, and other settings that serve children and their families.

Teacher Certification and Non-Certification. Please note the following important information. Direct questions to the B.S. in Child Development Program Coordinator, Dr. Lacey Southerland (Lacey.Southerland@Point.edu). The online B.S. in Child Development does not meet requirements for Georgia state teacher certification at the elementary level (PreK-5th grade). Students who desire such certification should enroll in Point's on-ground B.A. or B.S. program in Elementary Education. For more information about the Elementary Education program, contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu). The online B.S. in Child Development does meet the minimum education requirement to be a Lead Teacher in a Georgia PreK classroom. For more information, contact the Georgia Department of Early Care and Learning (www.dec.ga.gov). The online B.S. in Child Development does satisfy course requirements for an Early Education (birth through PreK) teacher certificate from the Association of Christian Schools International (www.acsi.org) (<http://www.acsi.org>). Upon graduation, students may choose to apply for this certificate from ACIS.

Modality. Point University offers the B.S. in Child Development in Point Connect format, which features a live 2-hour videoconference each week. Apart from the videoconference, online students engage in asynchronous learning through a course web-site that facilitates interaction with their instructor and classmates throughout the week.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Child Development Major prepares students to be Christ-centered, service-focused mentors to young children, focused on fostering their development physically, socially, emotionally, spiritually, and cognitively.

The Child Development Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Objective 1: Develop professionals who can evaluate and respond to young children's behavior, communication, and characteristics in the context of developmentally-appropriate expectations.

Objective 2: Develop professionals who use constructivist philosophy in preparing materials, environments, curricula, and activities to foster and enhance young children's growth and development.

Objective 3: Develop professionals who are familiar with and able to apply knowledge about the key elements of history, philosophical models, laws, trends, and issues related to young children's development and education.

Objective 4: Develop professionals who act as mentors and role models as they minister to children and their families, demonstrating a Christ-centered, service-focused attitude of collegiality, professionalism, reflection, and ethical behavior.

Objective 5: Develop professionals who are prepared to respond appropriately, lovingly, and non-judgmentally to the diverse needs, abilities, individual characteristics, and cultural practices of the young children and families they serve.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Practicum. The Child Development program culminates with a combination of two practicum experiences. Students may complete the two experiences in one setting, or they may opt to complete each experience in a different setting. Child Development Practicum I (6 credits) consists of about 16 hours per week at the site and 16 hours per week of online learning activities. Child Development Practicum II (6 credits) consists of about 25 hours per week at the site and 7 hours per week of online learning activities. For both practica, students have the option of replacing some of the online activities with more time at the site. Students will be supervised, observed, and evaluated by a Point University professor and an on-site supervisor. Proof of tort liability and a background check will be required one term before the practicum begins.

Students must apply in advance to give the supervising professor time to make arrangements for the practicum experience, which begins in January. The deadline for applying is December 1.

ODP.BSCJ - BS Criminal Justice (online)

General

Program Description

The Criminal Justice Major takes an interdisciplinary approach to the field of law enforcement that focuses on human relations, crime, criminal law, criminal procedures, and criminal behavior. The program emphasizes the social and

psychosocial context of criminal behavior, and its impact on individuals and society, to provide students with a balanced approach to understanding and effectively addressing criminal behavior. Spiritual principles embedded in the program assist students to grow personally and spiritually, enabling them to live out their faith in their chosen profession. Graduates are prepared to assume a variety of positions in law enforcement organizations and to pursue graduate studies in related disciplines. Potential career paths include local, state, or federal law enforcement officer; department of corrections; private law enforcement agency; executive law enforcement leadership; protection and security; and crime scene technician.

Modality. Point University offers the B.S. in Criminal Justice in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Criminal Justice Major equips students with a working knowledge and professional skills in human relations and Criminal Justice.

The Criminal Justice Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Theoretical foundations for human relations and criminal justice

Objective 1: Graduates articulate principles for effective interpersonal interactions, including relationship building, problem solving, and dealing with difficult people.

Objective 2: Graduates evaluate the nature, extent, causation, and prevention of crime and other social problems, including the ability to apply and critique the major theories relevant to those causes.

U.S. criminal justice system and professional skills in this field

Objective 3: Graduates articulate the powers and civil rights granted by the United States Constitution and Bill of Rights.

Objective 4: Graduates explain basic concepts of criminal justice and the structure of the American criminal justice system, including the roles of the courts and police.

Objective 5: Graduates apply the philosophy, theories, and principles of substantive, procedural, and evidentiary criminal law that regulate and guide the criminal justice system and its primary participants

Objective 6: Graduates explain the tools and procedures used by various agencies within the criminal justice system.

Objective 7: Graduates identify and discuss the impact that societal, psychological, and environmental factors have on criminal behavior and how these may be addressed in the criminal justice system.

Objective 8: Graduates identify and discuss the differential effects and treatment of people by and/or within the criminal justice system based on racial, ethnic, gender, and age characteristics.

Objective 9: Graduates articulate and apply biblically-based ethical principles pertinent to social problems and the criminal justice system.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions

from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Police Academy Transfer Credit. Point University awards up to 9 hours of transfer credit to those who successfully complete the entire 9-week police academy training course offered by the State of Georgia (the *Georgia Peace Officer Standards and Training Council 408 Hour Basic Law Enforcement Training Course*) or the State of Alabama (the *Alabama Peace Officers Standards and Training Commission 520 Hour Basic Training Curriculum*).

- For students pursuing the A.A. in Criminal Justice, academy training fulfils the follow-ing degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits) and General Electives (6 credits).
- For students pursuing the B.S. in Criminal Justice, academy training fulfils the follow-ing degree requirements: CJUS 200 or CJU 300 Criminal Justice (3 credits), CJUS 400 or CJU 400 Criminal Law (3 credits), and CJUS 410 or CJU 410 Criminal Proce-dure (3 credits).
- For students enrolled in other degree programs, academy training fulfils the following degree requirements: General Electives and/or certain Social & Behavioral Sciences electives (9 credits).

ODP.BSCM - BS Christian Ministries (online)

General

Program Description

The Bachelor of Science in Christian Ministries program provides a broad preparation for positions of leadership and service in churches and ministry organizations. The program also equips students for graduate studies in related disciplines.

Modality. Point University offers the B.S. in Christian Ministries in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Christian Ministries Major provides an undergraduate knowledge base and foundational skills for careers in church and ministry organizations.

The Christian Ministries Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Objective 1: Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 2: Students apply appropriate methods of interpretation to the study, teaching, and preaching of the Old and New Testaments.

Objective 3: Students demonstrate an understanding of New Testament concepts of ministry and the application of those principles in ministry environments.

Objective 4: Students demonstrate an understanding of the requirements of leading or serving in a ministry environment.

Objective 5: Students assess and utilize people's individual strengths to form teams to accomplish the goals of a particular ministry.

Objective 6: Students apply the central theological themes of the Old and New Testaments to current issues for teaching and preaching.

Objective 7: Students apply biblical principles of worship in planning meaningful worship experiences.

Objective 8: Students demonstrate an understanding of counseling principles and techniques appropriate for ministry settings, including referral.

Objective 9: Students demonstrate an understanding of accounting and financial principles pertinent to church ministry.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSHR - BS Human Relations (online)

General

Program Description

The Human Relations Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions, such as behavioral health agencies, education, human resources, law enforcement, and social services. It also prepares students for graduate studies in Human Relations and related fields.

Modality. Point University offers the A.A. in Human Relations in Point Online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Human Relations Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions.

The Human Relations Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Theoretical foundations for human relations and related fields

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students demonstrate an understanding of the fundamentals of individual and social dynamics and ways to address human and social needs.

Objective 3: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 4: Students integrate psychological and sociological theory with biblical and theological insights. (*Alongside the Human Relations Major, the following interdisciplinary course from the General Education Core also supports this learning objective: THEO 405 Christ, Culture & Career.*)

Objective 5: Students distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Skills and professional attitudes pertinent to helping professions

Objective 6: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Objective 7: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 8: Students assess client needs and recommend services designed to meet those needs.

Objective 9: Students analyze and utilize scholarly research to explore contemporary issues in Human Relations and related fields.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate’s academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

ODP.BSITIS - BS Information Technology - Information Systems Security (online)

General

Program Description

The Bachelor of Science in Information Technology (IT) with a concentration in Information Systems Security offers a comprehensive education in networks, database management, risk management, disaster recovery, server administration, and security assessment. Through a blend of theoretical instruction and hands-on practical experience using virtual simulations, students develop the skills to address real-world cybersecurity challenges. Graduates are well-prepared for roles in system administration, information systems security, security operations, and cybersecurity. The curriculum aligns with industry standards and prepares students for certifications such as CompTIA (ITF+/Tech+, A+, Network+, and Security+) and ISACA (IT Risk Fundamentals), enhancing their employability and career prospects. This program equips students with the adaptability and critical thinking skills necessary to thrive in the rapidly evolving IT sector, positioning them as valuable assets in safeguarding digital infrastructures across various industries.

Modality. Point University offers the Bachelor of Science in Information Technology (IT) with a concentration in Information Systems Security in a fully online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Bachelor of Science in Information Technology (IT) with a concentration in Information Systems Security aims to develop skilled and adaptable IT professionals with expertise in cybersecurity. This program builds a

strong knowledge base for industry certifications, further academic advancement, and the ability to adapt to evolving technologies. It seeks to meet the growing demand for qualified IT personnel who can effectively communicate and ethically apply their skills in various sectors, including businesses, schools, government agencies, non-profits, churches, and parachurch organizations globally.

The Bachelor of Science in Information Technology (IT) with a concentration in Information Systems Security builds on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1. Demonstrate knowledge and practical application of information technology best practices, safety protocols, security measures, preventive strategies, and operating systems.

Objective 2. Apply information technology principles and best practices to identify and solve real-world problems.

Objective 3. Evaluate current and emerging technologies.

Objective 4. Identify the impact of technology, including biblical, ethical, legal, and policy issues.

Objective 5. Apply critical thinking skills and communication skills required in a technical environment.

Objective 6. Employ IT methodologies in selecting, developing, applying, integrating, and administering secure computing technologies.

Objective 7. Apply security policies and procedures for troubleshooting, maintaining, and preventing issues in networks and systems.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. The goal of these customized plans is to speed students to the finish line in the shortest time possible, taking into account factors like degree requirements, transfer credits, and pace of study.

Special Considerations

Professional Certifications. Courses within the Bachelor of Science in Information Technology (IT) with a concentration in Information Systems Security are specifically designed to prepare students to earn five highly respected professional certifications from CompTIA and ISACA. Point strongly urges students to complete the certification exams as they progress through the academic program because these high-demand industry certifications will give them a significant advantage in the job market. The certifications, supporting coursework, and the current exam costs appear below. Point does not guarantee that students will pass every exam. However, if they master the knowledge and skills taught in the courses, students should be well-prepared to complete the exams successfully.

Professional Certifications	Supporting Courses		Academic cost per exam (as of 2/2024)
CompTIA ITF+ (exam FC0-U61) or CompTIA Tech+ (exam FCU-071)	CISM 100	Introduction to Information Technology	\$84.00
CompTIA A+ (exams 220-1101 and 220-1102)	CISM 210	Information Technology Applications I	\$115.00
	CISM 215	Information Technology Applications II	
CompTIA Network+ (exam N10-008 or N10-009)	CISM 300	Networking Fundamentals	\$178.00
CompTIA Security+ (exam SY0-601 or SY0-701)	CISM 320	Introduction to Network Security	\$262.00
	CISM 325	Network Security Applications	
ISACA IT Risk Fundamentals	CISM 315	Fundamentals of IT Risk Management	\$260.00

ODP.BSITNA - BS Information Technology - Network Administration (online)

General

Program Description

The Bachelor of Science in Information Technology (IT) with a concentration in Network Administration offers a comprehensive education in networking, database management, project management, web design, server administration, and network security. Through a blend of theoretical instruction and hands-on practical experience using virtual simulations, students develop the skills to address real-world network infrastructure challenges. Graduates are well-prepared for roles in network administration, network engineering, network operations, and project management. The curriculum aligns with industry standards and prepares students for certifications such as CompTIA (ITF+/Tech+, A+, Network+, Project+, and Security+), enhancing their employability and career prospects. This program equips students with the adaptability and critical thinking skills necessary to excel in network administration, making them invaluable assets in maintaining and securing digital infrastructures across various industries.

Modality. Point University offers the Bachelor of Science in Information Technology (IT) with a concentration in Network Administration in a fully online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Bachelor of Science in Information Technology (IT) with a concentration in Network Administration aims to develop skilled and adaptable IT professionals with expertise in network administration and network security. This program builds a strong knowledge base for industry certifications, further academic advancement, and the ability to adapt to evolving technologies. It seeks to meet the growing demand for qualified IT personnel who can effectively communicate and ethically apply their skills in various sectors, including businesses, schools, government agencies, non-profits, churches, and parachurch organizations globally.

The Bachelor of Science in Information Technology (IT) with a concentration in Network Administration builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1. Demonstrate knowledge and practical application of information technology best practices, safety protocols, security measures, preventive strategies, and operating systems.

Objective 2. Apply information technology principles and best practices to identify and solve real-world problems.

Objective 3. Evaluate current and emerging technologies.

Objective 4. Identify the impact of technology, including biblical, ethical, legal, and policy issues.

Objective 5. Apply critical thinking skills and communication skills required in a technical environment.

Objective 6. Apply IT methodologies, incorporating networking techniques and principles, in designing, implementing, and administering network infrastructures.

Objective 7. Apply security policies and procedures to troubleshoot, maintain, and prevent issues in networks.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. ODP.BSMG - BS Management (online)

General

Program Description

The Bachelor of Science program in Management provides a broad foundation in the major facets of business, including organizational leadership, business administration, planning, communication, marketing, finance, law, ethics, supply chain management, operations management, and business policy. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A., Master of Management, M.S. in Human Resource Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Management in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

This program of study has been closed effective fall 2023. Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The B.S. in Management program prepares students to glorify God through Christ-centered leadership and vocational excellence in business management.

The Management Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Business communication and relational skills

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 5: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 6: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 7: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Objective 8: Graduates manage people, time, and resources by effectively communicating and utilizing judicious employment practices, encouraging team building, and mentoring junior members of the staff.

Accounting, finance, and marketing principles and applications

Objective 9: Graduates apply sound accounting and financial principles.

Objective 10: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 11: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 12: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 13: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 14: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology and mathematical and economic concepts

Objective 15: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 16: Graduates understand principles of probability and can apply them to make business decisions.

Objective 17: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Operations management, supply chain management, and business policy

Objective 18: Graduates apply sound operational management principles.

Objective 19: Graduates demonstrate the capacity to formulate a supply chain network system.

Objective 20: Graduates understand the nature, functions and realities of business policies.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSMK - BS Marketing (online)

General

Program Description

The B.S. in Marketing program provides a broad foundation in business disciplines, including management, communication, accounting, law, and ethics, while also providing in-depth training in various aspects of marketing, such as retailing, services marketing, digital marketing, global marketing, and marketing analytics. It develops in students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of marketing positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A., Master of Management, or Master of Science in Marketing.

Modality. Point University offers the B.S. in Marketing in fully online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Marketing Major prepares students to glorify God through Christ-centered leadership and vocational excellence in marketing and business.

The Marketing Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Communication and collaboration

Objective 1: Graduates practice self-reflection, contemplation, prayer, and discernment to facilitate self-awareness and become more authentic leaders.

Objective 2: Graduates recognize, appreciate, and cultivate God-honoring diversity in their cultural contexts.

Objective 3: Graduates engage constructively and collaboratively with others.

Objective 4: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Managerial and financial principles and best practices

Objective 5: Graduates apply sound management principles.

Objective 6: Graduates apply sound accounting principles in managing organizational resources.

Objective 7: Graduates understand the interplay and integration of business functions, including marketing.

Objective 8: Graduates employ critical thinking, analysis, and decision making to assess and improve organizational performance.

Math and technology skills

Objective 9: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 10: Graduates understand principles of statistics and probability, and can apply them to make business decisions.

Objective 11: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Marketing theories, principles, and tactics

Objective 12: Graduates explain essential theories, principles, and concepts of consumer behavior developed in psychology, economics, sociology, and anthropology.

Objective 13: Graduates describe the key drivers, accountability, roles, and interests in the retail business environment.

Objective 14: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 15: Graduates develop, implement, and follow effective marketing strategies for both products and services.

Objective 16: Graduates demonstrate understanding of the unique demands and requirements for global marketing, including cross-cultural differences in consumer behavior and business practices.

Objective 17: Graduates utilize current digital marketing technologies to understand and interact with business and consumer buyers.

Objective 18: Graduates employ critical thinking, research techniques, analytics, and decision making to evaluate qualitative and quantitative marketing data to assess marketing performance.

Ethical, legal, regulatory, and professional considerations

Objective 19: Graduates integrate biblical ethical principles into the conduct of their business and marketing activities.

Objective 20: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 21: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

American Marketing Association (AMA) Membership. Students pursuing the B.S. in Marketing are assessed an annual fee of \$50.00 for membership in the National Chapter of the American Marketing Association (AMA, www.ama.org). The AMA is one of the largest marketing associations in the world, with over 30,000 members who work, teach, and study in the field. By becoming a member, students gain access to a vast body of marketing knowledge, high-quality training programs, the latest tools and tactics, exposure to leading-edge thinking, and opportunities to interact with marketing peers around the world.

ODP.BSML - BS Management and Leadership (online)

General

Program Description

The Bachelor of Science program in Management & Leadership provides a broad foundation in the major facets of business, including organizational leadership, business administration, planning, communication, marketing, finance, law, ethics, supply chain management, operations management, and business policy. It is designed to give students the business acumen and personal capabilities necessary to succeed both personally and professionally. Applied learning is crucial, and class projects frequently involve solving real-world problems for local companies. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations. They are also prepared to pursue graduate degrees in business, such as the M.B.A., Master of Management, M.S. in Human Resource Management, or M.P.A. in Public Administration.

Modality. Point University offers the B.S. in Management & Leadership in a fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The B.S. in Management & Leadership program prepares students to glorify God through Christ-centered leadership and vocational excellence in business management.

The Management & Leadership Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Business communication and relational skills

Objective 1: Graduates engage constructively and collaboratively with others.

Objective 2: Graduates communicate effectively across modes and platforms, including letters, reports, emails, speeches, and presentations.

Management of human, financial, and physical resources

Objective 3: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 4: Graduates employ critical thinking, analysis, and decision making to evaluate qualitative and quantitative information to assess organizational performance.

Objective 5: Graduates develop, implement, and follow policies and procedures that inform and guide operations to manage cost and organizational risk while promoting ethical practices.

Accounting, finance, and marketing principles and applications

Objective 6: Graduates apply sound accounting and financial principles.

Objective 7: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Ethical, legal, and regulatory considerations

Objective 8: Graduates integrate biblical ethical principles into the conduct of their business activities.

Objective 9: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

ODP.BSOL - BS Organizational Leadership (online)

General

Program Description

The Bachelor of Science in Organizational Leadership program provides a broad preparation for Christians to lead and serve in business and society. Graduates are prepared to assume a variety of positions in corporate, private, government, and nonprofit organizations, exemplifying Christian character and influence. They are also prepared to pursue graduate degrees in business, such as the M.B.A.

Modality. Point University offers the B.S. in Organizational Leadership in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

Effective fall 2023, this program is no longer accepting new enrollments.

Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved. Students will be enrolled in the newer degree, BS Management and Leadership or may choose a different program of interest.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The Organizational Leadership Major prepares students to glorify God through Christ-centered leadership in for-profit and non-profit environments.

The Organization Leadership Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Management of human, financial, and physical resources

Objective 1: Graduates apply sound principles of planning, decision making, entrepreneurship, and change navigation.

Objective 2: Graduates demonstrate a biblical approach to stewardship and responsibility with regard to organizational practices.

Objective 3: Graduates employ effective communication and organizational skills to promote high levels of organizational performance.

Objective 4: Graduates effectively manage people, time, and resources.

Accounting, finance, and marketing principles and applications

Objective 5: Graduates apply sound accounting and financial principles.

Objective 6: Graduates demonstrate the capacity to develop, communicate, and execute an integrated marketing plan for an organization.

Objective 7: Graduates understand the interplay and integration of business functions, including management.

Ethical, legal, and regulatory considerations

Objective 8: Graduates integrate biblical ethical principles and missional concerns into the conduct of their business activities.

Objective 9: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Objective 10: Graduates demonstrate knowledge of business law and key regulations that impact the conduct of business.

Computer technology

Objective 11: Graduates demonstrate proficiency with hardware and software utilized in current business practice.

Objective 12: Graduates utilize computer technology and analytical skills to apply mathematical, economic, and statistical concepts for problem solving and decision making in business enterprises.

Objective 13: Graduates demonstrate knowledge of the sources and ethical uses of business data across business functions.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.BSPH - BS Public Health

General

Program Description

Public health professionals focus on helping individuals and communities improve and maintain their overall health and wellness using a holistic approach. In contrast to the "clinical" approach doctors and other healthcare professionals take to cure disease, public health educators focus on "preventive" measures designed to minimize illness and promote long-term wellbeing. The Bachelor of Science in Public Health equips students to influence and empower others by providing the education, skills, and resources needed to make healthy lifestyle decisions. Students who successfully complete the program may pursue graduate studies in the field or choose from a variety of career paths, including entry-level employment in a variety of settings, such as community-based health programs, state and local health departments and agencies, hospitals, nursing homes, voluntary health agencies, religious organizations, and mission agencies. The bachelor's program also prepares students to see graduate degrees, such as the Master of Public Health.

Modality. Point University offers the B.S. in Public Health in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Information and Additional Notes

This program of study has been closed effective fall 2023. Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Public Health Major prepares students for entry-level positions in a variety of settings, such as state and local health departments, nursing homes, hospitals, voluntary health agencies, fitness centers, community-based health programs, religious organizations, and mission agencies.

The Public Health Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Principles of lifetime health and fitness

Objective 1: Students articulate a biblical and theological perspective on lifetime health and fitness and its impact on individual and community wellness.

Objective 2: Students demonstrate a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion.

Objective 3: Students identify the principal factors contributing to diseases and health-related conditions affecting one's lifetime health and wellness, and develop strategies for practicing healthy lifestyle behaviors.

Objective 4: Students acquire and apply principles of physical fitness in pursuit of achieving optimal health and wellness.

Objective 5: Students acquire and apply principles of nutrition and weight management in pursuit of achieving optimal health and wellness.

Objective 6: Students acquire and apply effective methods and strategies for preventing the spread of infectious diseases.

Objective 7: Students acquire and apply effective drug abuse prevention methods and strategies in pursuit of achieving optimal health and wellness.

Objective 8: Students assess the social, cultural, economic, political, and physical environments in applying holistic approaches to community health and wellness.

Health literacy

Objective 9: Students critically evaluate the validity of health information, consumer products, and services in light of sound research methodologies.

Objective 10: Students examine different sources of health information and determine appropriate materials to be used when working with diverse groups of individuals.

Disease prevention and health promotion programs

Objective 11: Students assess need, plan, implement, and evaluate disease prevention and health promotion programs utilizing evidence-based strategies.

Objective 12: Students employ instructional methods and strategies appropriate for the context, considering factors such as age, gender, ethnicity, culture, and physical environment.

Utilizing health care systems

Objective 13: Students demonstrate a foundational working knowledge of health care systems within the United States, including similarities and differences to the systems employed in other countries.

Objective 14: Students demonstrate a working knowledge of leadership and management skills appropriate for public health organizations, such as budgeting, resource management, and grant writing.

Objective 15: Students critically examine issues related to the intersection of public health, legal standards, faith, and ethics in professional practice.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled

[2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

CHES Certification. The National Commission for Health Education Credentialing (NCHEC, www.nchec.org) offers an exam through which public health professionals may earn the designation Certified Health Education Specialist (CHES). Applicants must hold a bachelor's, master's or doctoral degree from an accredited college or university. They must also send NCHEC an official transcript detailing their health education coursework. After health educators pass the CHES exam, they must complete 75 hours of continuing education during a 5-year timeframe in order to maintain certification. The B.S. in Public Health prepares graduates to meet some of the requirements for this certification.

ODP.BSPS - BS Psychology (online)

General

Program Description

The Psychology Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions, such as behavioral health agencies, education, human resources, law enforcement, and social services. It also prepares students for graduate studies in Psychology and related fields. Coursework included in the Psychology Major aligns with the content areas of the National Counselor Examination for Licensure and Certification (NCE) developed by the National Board for Certified Counselors.

Modality. Point University offers the B.S. in Psychology in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Psychology Major provides an undergraduate knowledge base and foundational skills for careers in academia, research, and various helping professions.

The Psychology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Theoretical foundation for psychology and related fields

Objective 1: Students explain major elements of the psychological, physiological, developmental, and spiritual make-up of human beings.

Objective 2: Students compare and contrast the varieties of theories and techniques employed in psychology, sociology, and counseling.

Objective 3: Students integrate psychological and sociological theory with biblical and theological insights. (*Alongside the Psychology Major, the following interdisciplinary course from the General Education Core also supports this learning objective: THEO 405 Christ, Culture & Career.*)

Objective 4: Students distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Skills and professional attitudes pertinent to psychology and helping professions

Objective 5: Students demonstrate an integration of personal strengths and the application of professional standards and principles for helpers.

Objective 6: Students demonstrate effective listening and other basic counseling skills utilized in helping relationships.

Objective 7: Students analyze and utilize scholarly research to explore contemporary issues in psychology, sociology, and related fields.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

ODP.BSWSW - Bachelor of Social Work (online)

General

Program Description

The Bachelor of Social Work (B.S.W.) program prepares students through the Generalist Social Work model to effect positive change within individuals, groups, organizations, and communities by engaging those systems to promote the well-being of individuals and society as a whole. In accordance with Point's mission to "educate students for Christ-centered service and leadership," the program encourages students to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world.

Building on the liberal arts foundation provided by the General Education Core, the Social Work Major employs the person-in-environment framework to prepare students to recognize, support, and build resiliency in all human beings. Graduating students are prepared to engage in research-informed generalist social work practice and to advocate for human rights and social and economic justice. They may work with diverse populations in a variety of helping professions as advocates, mediators, negotiators, community liaisons, human service workers, group workers, program coordinators, community organizers, and mental health workers. The B.S.W. program also prepares students for state licensure (see below), for developing a specialization, and for graduate studies in Social Work and related fields (for which B.S.W. graduates often receive advanced standing).

Accreditation. Point University launched its Bachelor of Social Work (B.S.W.) program in 2019-2020 after receiving approval to offer the program from its SACSCOC institutional accrediting body. At the same time, Point began the process of seeking professional accreditation from the Council on Social Work Education (CSWE, <https://www.cswe.org>). In February 2020 the CSWE Commission on Accreditation granted candidacy status to Point's B.S.W. program. In November 2021 CSWE granted Initial Accreditation through October 2029. In

accordance with CSWE policy concerning retroactive accreditation status, any students who entered the program in Fall Term 2019 or later are considered to have graduated from a CSWE-accredited Social Work program. For further information concerning CSWE accreditation, contact Dr. Aisha Williams, BSW Program Coordinator and Chair of the Sociology & Social Work Department (Aisha.Williams@Point.edu).

Social Work Licensure. Many states require licensure or certification to operate as a social worker. Requirements vary depending on state regulations, the social worker's chosen scope of practice and specialization, and other factors. Before beginning a social work program, students should familiarize themselves with requirements for their desired area of practice. The website www.SocialWorkLicensure.org provides a state-by-state licensure guide, including state licensure and certification requirements, education requirements, exam requirements, reciprocity licensure information, and professional organization contacts. The student's chapter of NASW, the National Association of Social Workers (<https://www.socialworkers.org>), may also be a helpful resource. The NASW offers several specialty certifications for social workers, including four at the bachelor's level (<https://www.socialworkers.org/Careers/Credentials/Certifications>).

Many states require social workers to hold a degree from a social work program professionally accredited by the Council on Social Work Education or CSWE (<https://cswe.org>). Point has aligned its B.S.W. program with CSWE standards (see above under "Accreditation") and licensure requirements set by the Georgia Board of Professional Counselors, Social Workers, and Marriage and Family Therapists (<http://sos.ga.gov/index.php/licensing/plb/43>). One of the first courses in the Social Work Major (SOWK 301 Introduction to Social Work) includes an overview of licensure requirements. Students may also seek information from Point's B.S.W. Program Director (Aisha.Williams@Point.edu).

Modalities. Point University offers the Bachelor of Social Work program in fully-online asynchronous format, with the exception of the on-ground internship at the end of the program. Point Online students engage in asynchronous learning through a website that facilitates interaction with their instructor and classmates throughout the week. Students may complete the seminar and internship at a Point-approved site near their home under a Point-approved field supervisor.

Learning Outcomes

Program Mission and Purpose, Goals, and Student Learning Objectives

Mission. The mission of Point University's Bachelor of Social Work (B.S.W.) program is to prepare students through the Generalist Social Work model to effect positive change and improved physical, psychological, material, relational, and spiritual well-being within diverse individuals, families, groups, organizations, and communities. Building on the liberal arts foundation provided by the General Education Core and spiritual formation supported by the Character Core, the Social Work Major employs the person-in-environment framework to prepare students to recognize, support, and build resiliency in all human beings. Graduating students apply research-informed, legally and ethically sound, highly contextualized prevention and intervention strategies that promote human rights and human dignity, respect for human differences, and social and economic justice. In accordance with Point's mission to "educate students for *Christ-centered* service and leadership," the program encourages students to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world.

The Social Work Major, the professional component of the B.S.W. degree, builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following program goals and student learning objectives:

Goal 1: The program will equip students with theoretical and philosophical foundations for generalist social work practice, including a legal, ethical, and theological framework for service.

Objective 1.1: Students explain major elements of the physiological, psychological, sociological, and spiritual development of human beings.

Objective 1.2: Drawing upon major theories and research into human behavior in their social environment, students distinguish between healthy and unhealthy patterns of life that contribute to social problems and community success.

Objective 1.3: Students demonstrate a foundational working knowledge of major theories undergirding the social work profession, including person-in-environment and other multidisciplinary frameworks, theories of human need and human rights, and concepts of social and economic justice.

Objective 1.4: Students demonstrate a foundational working knowledge of the legal and regulatory environment for social work, including scope of practice and licensure issues, relationship to other disciplines, and social welfare structures and policies at the federal, state, and local levels.

Objective 1.5: Students demonstrate a foundational working knowledge of models for ethical decision making in social work, including the NASW (National Association of Social Workers) Code of Ethics.

Objective 1.6: Students develop their personal philosophy of generalist social work practice, integrating faith and vocation. (*Alongside the Social Work Major, the Character Core also supports this learning objective—particularly THEO 405 Christ, Culture & Career.*)

Goal 2: The program will develop professional skills, attitudes, and behaviors essential for effective generalist social work practice.

Objective 2.1: Students practice reflection and self-regulation to manage personal values and maintain professionalism in practice situations.

Objective 2.2: Students demonstrate effective engagement skills—such as listening, reflection, interviewing, counseling, group facilitation, and relationship-building—in serving diverse individuals, families, groups, organizations and communities.

Objective 2.3: Students demonstrate effective assessment and case management skills by designing appropriate packages of services to meet the needs of diverse individuals, families, groups, organizations and communities.

Objective 2.4: Students implement effective evidence-informed intervention strategies for positive change in diverse individuals, families, groups, organizations and communities.

Objective 2.5: Students evaluate processes and outcomes to advance practice, policy, and service delivery to diverse individuals, families, groups, organizations and communities.

Objective 2.6: Students critically evaluate and apply quantitative and qualitative research methods and findings, including statistical analyses, to inform and improve generalist theory, practice, policy and service.

Objective 2.7: Students use supervision and consultation to guide their professional judgment and behavior, and they actively engage in appropriate inter-professional collaboration to address human needs and achieve the most beneficial outcomes.

Objective 2.8: Students advocate for the vulnerable and actively engage in practical strategies for promoting human rights and social and economic justice.

Objective 2.9: Students consistently conduct themselves in a legal and ethical manner in accordance with Christian values, the NASW (National Association of Social Workers) Code of Ethics, and other standards appropriate for the context.

Goal 3: The program offers students educational and professional support through (1) ongoing faculty mentoring, (2) career counseling and placement assistance in cooperation with Point's Skyhawk Career Services, (3) encouraging membership in professional organizations consistent with students' career goals, and (4) professional development workshops and other opportunities for continuing education.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2],

and then one course labeled [3], and then one course labeled [4], and then one course labeled [5]. For details, see the "Character Core" described under the "Biblical Studies Department."

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or "plan of study," mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

Special Considerations

Satisfactory Academic Progress. Students must earn a minimum cumulative grade point average of "C" (2.00) for all courses in the degree and "B" (3.00) for all courses in the *Social Work Major* in order to graduate with the Bachelor of Social Work (B.S.W.) degree.

Credit for Prior Learning. In accordance with the policy of the Council on Social Work Education (CSWE), Point University does not grant course credit for life experience or previous work experience for any professional courses in the Social Work Major. Likewise, the BSW program does not accept transfer credits in place of the following practice courses because faculty must personally assess students' knowledge base and skill level before approving them for field education among the public: SOWK 440 Social Work Practice I: Individuals & Families, SOWK 450 Social Work Practice II: Groups & Organizations, SOWK 460 Social Work Practice III: Communities, SOWK 497 Social Work Field Seminar, SOWK 498A Social Work Internship I: Fieldwork and SOWK 498B Social Work Internship II: Fieldwork. Other forms of credit for prior learning may apply, including transfer credits from other universities for other types of courses. (See "Credit for Prior Learning" in the section of this catalog focusing on "Academic Policies & Procedures.")

Social Work Field Seminar and Internship. The B.S.W. program concludes with a Social Work Field Seminar, in which students are provided educational direction and support in preparation for the field experience, followed by a Social Work Internship in which students practice generalist social work competencies and demonstrate their ability to integrate theory into practice. Students complete these experiences under the mentorship of a Point instructor and a licensed social worker serving as field supervisor. Students are responsible for identifying potential sites (preferably near their home) and inquiring about potential field seminar and internship opportunities. The supervisor must be a licensed social worker who holds a bachelor's or master's degree in social work from a CSWE-accredited program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the Social Work Program Director two sessions (16 weeks) prior to the start of the seminar. Point faculty assist with arrangements once the supervisor and site are confirmed. During the Internship, students complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. For more information, see the *BSW Field Education Manual*, available from the Social Work Program Director (Aisha.Williams@Point.edu).

Social Work Professional Organizations. The faculty strongly encourages all students enrolled in social work programs to join (as student members) the professional organizations that most closely align with their career goals and interests. Examples include:

- National Association of Social Workers (www.socialworkers.org)
- North American Association of Christian Social Workers (www.nacsw.org)
- National Association of Black Social Workers (<http://nabsw.org>)
- Latino Social Work Organization (<http://lswo.org>)
- National Association of Puerto Rican and Hispanic Social Workers (<http://www.naprhsw.com>)
- Association for the Advancement of Social Work with Groups (<http://www.iaswg.org>)
- American Case Management Association (<https://www.acmaweb.org>)

- Social Welfare Action Alliance (<http://www.socialwelfareactionalliance.org>)

ODP.BSYFM - BS Youth and Family Ministries (online)

General

Program Description

The Bachelor of Science program in Youth & Family Ministries provides a broad preparation for Christ-centered leadership and service in churches and ministry organizations, with primary emphasis on promoting healthy spiritual, emotional, and social development of parents and their children. The program also equips students for graduate studies in related disciplines.

Modality. Point University offers the B.S. in Youth & Family Ministries in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. Students may complete the required ministry practicum at a Point-approved site near their home under a Point-approved field mentor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Youth & Family Ministries Major equips students with biblical and theological foundations, theoretical frameworks, and practical skills for promoting healthy relationships and spiritual formation in families.

The Youth & Family Ministries Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Core) to accomplish the following student learning objectives:

Scripture in Ministry

Objective 1: Students demonstrate awareness of the basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 2: Students apply appropriate methods of interpretation to the study, application, teaching, and preaching of the Old and New Testaments.

Objective 3: Students apply central theological themes of the Old and New Testaments, including a biblical theology of the family, in ministering to families and youth.

Parents and Children

Objective 4: Students explain major elements of the spiritual, psychological, physiological, and social development of human beings, including how parents influence, teach, guide, and disciple children and adolescents.

Objective 5: Students demonstrate a working knowledge of family dynamics, including biblical and scholarly insights into human nature, as well as cultural and societal influences, such as mass media and contemporary courtship and marriage trends.

Objective 6: Students distinguish between healthy and unhealthy approaches to parenting throughout the lifespan, explaining common spiritual, psychological, social, and behavioral outcomes of different parenting styles and family structures.

Youth and Family Ministry

Objective 7: Students demonstrate understanding of biblical concepts of holistic ministry and servant leadership, along with the ability to apply those principles in multicultural ministry environments.

Objective 8: Students assess contemporary approaches to youth and family ministry in a variety of contexts from theological, philosophical, and practical perspectives.

Objective 9: Students offer sound principles, resources, and practical support to parents as they implement strategies to promote healthy physical, emotional, social, and spiritual growth in their families.

Objective 10: Students demonstrate practical skills for youth and family ministry, such as assessing needs, planning, organizing, and implementing ministry programming.

Objective 11: Students apply interpersonal skills important for ministry, such as volunteer mobilization, team assessment and formation, classroom management, and pastoral care for youth and families.

Objective 12: Students utilize tools and resources appropriate for their ministry goals.

Objective 13: Students consistently conduct themselves in a legal and ethical manner as Christian ministry professionals.

Objective 14: Students demonstrate mastery of foundational competencies for youth and family ministry through a mentored ministry practicum.

Recommended Course Sequence

Choosing a Character Core Track. Students who complete *all* courses in the Theological Track graduate with a Biblical Studies Minor. If students want to combine elements of both tracks while meeting the program learning objectives, they must complete *one course in each numbered category in sequence*. In other words, they must complete one course labeled [1], *and then* one course labeled [2], *and then* one course labeled [3], *and then* one course labeled [4], *and then* one course labeled [5]. For details, see the “Character Core” described under the “Biblical Studies Department.”

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.CM.CERT - Certificate in Campus Ministry

General

Program Description

The Certificate in Campus Ministry is designed for those who desire to work in campus ministries, both in the United States and abroad. The program equips students with foundational knowledge about primary biblical concepts, equips them for better use of Scripture in ministry settings, acquaints them with basic ministry skills as they relate to campus ministry, and prepares them for deeper understanding of the various cultural contexts in which they will do ministry.

ODP.MBA - Master of Business Administration (online)

General

Program Description

The M.B.A. degree prepares business professionals to manage and lead profit and non-profit organizations in ways consistent with Judeo-Christian ethics and principles of wise stewardship of the resources entrusted to them. Graduates are prepared to assume leadership roles across functional areas in a wide range of for-profit and non-profit organizations. Examples include service as a business consultant, management analyst, operations research analyst, market research analyst, actuary, logistician, administrative service manager, industrial production manager, director of operational excellence, business continuity planner, senior project manager, operating system specialist, warehouse operations manager, manufacturing engineer, and entrepreneur.

Modality. Point University offers the M.B.A. in fully-online format. Point Online

students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates. Students typically complete the program by taking one course per session over a two-year period.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The M.B.A. prepares students to glorify God in business vocations by enabling them to lead and manage organizational performance across business functions effectively and ethically.

The master’s program builds on undergraduate foundations to accomplish the following student learning objectives:

Objective 1: Graduates effectively design and execute quantitative and qualitative research to answer business questions.

Objective 2: Graduates use appropriate statistical tests to analyze business data.

Objective 3: Graduates interpret research results to make sound business decisions.

Objective 4: Graduates apply appropriate techniques to create productive work culture and to facilitate employee engagement.

Objective 5: Graduates use effective persuasion and negotiation techniques to achieve business objectives.

Objective 6: Graduates demonstrate knowledge of current marketing strategy and practice, including mobile and social media marketing.

Objective 7: Graduates use marketing research to uncover unmet consumer needs and to evaluate marketing programs intended to satisfy them.

Objective 8: Graduates execute new product/service development processes to satisfy unmet consumer needs.

Objective 9: Graduates apply sound analytical techniques to understand and interpret financial data.

Objective 10: Graduates use data analytics to make financial decisions that increase economic value and improve financial results.

Objective 11: Graduates integrate Judeo-Christian ethical principles into their organizational leadership.

Objective 12: Graduates critically examine the values, assumptions, biases, cultural norms, and worldviews of themselves and others in order to work and lead effectively in multicultural environments.

Recommended Course Sequence

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

MBA students are only permitted to take one course per 8-week session during their first two 8-week sessions in the program. To enroll in more than one course per 8-week session, a student must have a cumulative GPA of 3.0 after the most recent GPA evaluation (evaluated at the end of the 16-week fall, spring, and summer terms). The student may request an additional course for the upcoming session provided the GPA requirement is met and the additional course is already on the academic schedule with a seat available. Students are not permitted to add additional courses during the 5-week Summer 1 session due to the condensed curriculum.

Due to course requirements, MKTG 515 Business Intelligence, ACCT 555 Cost Management & Decision-Making and ACCT 535 Financial Statement Analysis & Valuation may not be paired with an additional course in an 8-week session without approval from the MBA Program Coordinator.

Special Considerations

Requirement for course credit. In addition to the requirements for academic standing for graduate listed [here](#), students must pass graduate classes with a grade of “C” or above. If a student earns a “D” in a class, the student must repeat the class.

ODP.MTM - Master of Transformative Ministry (online)

General

Program Description

The interdisciplinary Master of Transformative Ministry program equips students for dynamic leadership roles in churches and parachurch organizations. Under the guidance of experienced ministry professionals, students learn to partner with the Holy Spirit to transform individuals, communities, and organizations as they embrace the emerging Kingship of God. Course and project options allow students to explore personal interests, applying course insights to their own ministry contexts. The program is designed for men and women entering Christian leadership as a second career, experienced pastors who desire to upgrade their knowledge and skills, and young ministers seeking a deeper foundation for effective Kingdom work.

Modality. Point University offers the Master of Transformative Ministry degree in fully-online format. Point Online students engage in asynchronous learning through a course website that facilitates interaction with their instructor and classmates.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The Master of Transformative Ministry program equips students for dynamic leadership roles in churches and parachurch organizations that embrace the emerging Kingship of God. The master’s program builds on undergraduate foundations to accomplish the following student learning objectives:

Theology of Transformation

Objective 1: Students summarize the biblical metanarrative and Christians’ role in it.

Objective 2: Students perceive the redemptive movement of God’s Spirit in large and small manifestations of God’s Kingship.

Objective 3: Students describe biblical and historical examples of holistic ministry and social action that embody God’s Kingship.

Objective 4: Students articulate a personal philosophy of ministry rooted in the Christian Scriptures and the *Missio Dei*.

Objective 5: Students employ sound exegetical and hermeneutical principles in interpreting and applying the Christian Scriptures.

Objective 6: Students promote the Kingship of God through biblically-grounded teaching and preaching.

Personal Transformation

Objective 7: Students engage with classic spiritual disciplines and writings that promote spiritual formation (i.e. being with Christ, becoming like Christ, and engaging in the work of Christ).

Objective 8: Students articulate and apply principles of servant leadership after the model of Christ.

Objective 9: Students articulate and apply strategies for developing spiritually mature Christian leaders.

Objective 10: Students demonstrate a working knowledge of legal and ethical standards for ministry professionals.

Community Transformation

Objective 11: Students demonstrate understanding of human development across the lifespan and the characteristics of “healthy” relationships.

Objective 12: Students apply basic family systems theory to analyze interpersonal dynamics and nurture healthy relationships in common ministry situations.

Objective 13: Students demonstrate “cultural agility” by articulating the key elements of a “culture,” analyzing the culture of a given community, and forming ministry strategies appropriate for the cultural context.

Objective 14: Students analyze and explain contemporary models of holistic ministry employed by “missional” churches and parachurch organizations.

Objective 15: Students demonstrate basic counseling and referral skills needed to help others interface with social services, such as relief agencies and counseling services.

Organizational Transformation

Objective 16: Students reflect on trends that may shape the future of the Church and the world.

Objective 17: Students practice essential leadership functions that prepare organizations for the future, including analyzing organizational culture, vision casting, renewing the organizational life cycle, strategic planning, project management, and change management.

Objective 18: Students employ best practices in management in areas such as organizational development, employee and volunteer recruitment and engagement, and budget development and monitoring.

Objective 19a: Students reflect on models and best practices for church reproduction.

OR

Objective 19b: Students employ key principles for developing and supporting nonprofit organizations in areas such as marketing, fundraising, and public relations.

Lifelong Learning

Objective 20: Students critically engage thought leaders in key areas of ministry.

Objective 21: Students research issues and formulate practical, contextualized approaches to ministry challenges.

Objective 22: Students sharpen their skills and strengthen their character through mentored ministry experiences.

Recommended Course Sequence

Recommended Course Sequence. As online students prepare to enter their program, academic advisors prepare a customized course schedule, or “plan of study,” mapping out which courses students should complete in which sessions from start to graduation. These customized plans take into account degree requirements, transfer credits, pace of study, and other factors toward the goal of speeding students to the finish line in the shortest time possible.

ODP.MTMC - Master of Transformative Ministry (CCV option)

General

Program Description

CCV Option for the MTM Program. For several years Point University has enjoyed a fruitful ministry training partnership with Christ’s Church of the Valley (<http://ccv.church>) in the Greater Phoenix area of Arizona. CCV’s Leadership Institute hosts a 1-year ministry apprenticeship program that features hands-on ministry experience under the mentorship of CCV pastoral staff. The apprenticeship offers opportunities to share in many types of ministry, such as children and family ministry, church administration, church planting, intercultural ministry, pastoral ministry, special needs ministry, sports ministry, worship ministry, and youth ministry. Interested students should apply through the CCV

Leadership Institute. For application materials and further information, see the Institute website or email: leadership@ccv.church.

RDP.AABU - AA Business (residential)

General

Program Description

The Associate of Arts degree program in Business provides a first level of preparation for students to function with effectiveness in a business environment. Graduates with A.A. degrees in Business are engaged in entry-level management positions, office positions, and baccalaureate level study.

Modality. Point University offers the A.A. in Business in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the A.A. in Business degree program is to provide a first level of preparation for students to function with effectiveness in a business environment.

The A.A. in Business builds on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Utilize written and oral communication in a business environment.

Objective 2: Utilize information systems using current software for word processing, data management, and business presentations.

Objective 3: Demonstrate knowledge of accounting, management, and marketing principles.

Objective 4: Demonstrate effective interpersonal skills in relationships in one-on-one and group situations.

RDP.BABS - BA Biblical Studies (residential)

General

Program Description

In accordance with Point University’s Christian mission and values, all on-ground bachelor’s degree programs include the Character Core. For on-ground students, the Core takes the form of a Biblical Studies Major or Minor. The full Biblical Studies Major is currently available only in certain on-ground programs offered at the University’s main campus in West Point, Georgia. The Biblical Studies Department has partnered with other University departments to embed the Biblical Studies Major.

Information and Addendum to the B.A. in Biblical Studies with a specialization in Children’s Ministry, Christian Ministry of Acts (B.A.), Missions, Preaching Ministry, Seminary Preparation, Church Administration, Intercultural Missions, Music and Worship Ministry, Preaching Ministry, Ministry Core, or another area proposed by the student. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Ministry Core develops foundational competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Specialization develops additional competencies in the student’s chosen area of interest. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.A. in Biblical Studies with a specialization typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies with a Specialization in on-ground format at its main campus in West Point, Georgia. An online “course companion” includes a gradebook and supplementary materials. Some ministry courses are also available in fully-online format.

Learning Outcomes
Program Purpose and Student Learning Objectives

Purpose. The B.A. program in Biblical Studies with a Specialization prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on the student’s chosen area of specialization.

The Biblical Studies Major and Specialization build on Point University’s mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Biblical Studies Major

- Objective 1:* Exegete specific texts in the Old and New Testaments.
- Objective 2:* Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.
- Objective 3:* Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.
- Objective 4:* Communicate the theological themes of the Old and New Testaments.
- Objective 5:* Explain and apply biblical concepts of church and ministry.
- Objective 6:* Utilize biblical Greek or a combination of biblical Greek and Hebrew.

Ministry Core

- Objective 7:* Apply an exegetical understanding of a scriptural text in writing biblical sermons and lessons.
- Objective 8:* Apply theological themes of the Old and New Testaments to current life issues through preaching.
- Objective 9:* Plan, prepare, and deliver biblically and theologically sound sermons.
- Objective 10:* Understand and apply biblical concepts of church and ministry in a variety of contexts.
- Objective 11:* Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Specialization

For the student learning objectives for a given specialization, see departmental guidance on “Specializations.”

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

RDP.BABSP - BA Biblical Studies and Preaching Ministry (residential)

General

Program Description

In this Bachelor of Arts (B.A.) program, students complete both a Biblical Studies Major and a Preaching Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Preaching Ministry Major develops competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.A. in Biblical Studies and Preaching Ministry typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.A. in Biblical Studies and Preaching Ministry in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The B.A. program in Biblical Studies and Preaching Ministry prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on preaching ministry.

The dual major in Biblical Studies and Preaching Ministry builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Objective 6: Utilize biblical Greek or a combination of biblical Greek and biblical Hebrew.

Preaching Ministry Major

Objective 7: Apply an exegetical understanding of a scriptural text in writing biblical sermons.

Objective 8: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 9: Plan, prepare, and deliver biblically and theologically sound sermons of a variety of forms.

Objective 10: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 11: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Program Description

The B.A. in Counseling & Human Services program develops necessary skills for careers in the helping professions and prepares students for graduate studies in associated disciplines. It focuses on undergraduate preparation for the field of professional counseling and for other human services requiring courses in psychology, counseling, and related disciplines. An internship provides an opportunity for the integration of theory and practice. Because a graduate degree is expected in the field of counseling, the program has the preparation of students for graduate school as a primary goal. The Bachelor of Arts (B.A.) version of the Counseling & Human Services program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with degrees in Counseling and Human Services are engaged in graduate study and entry-level counseling positions. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.A. in Counseling & Human Services program in on-ground format at its main campus in West Point, Georgia. An online "course company-ion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Counseling & Human Services program is to provide skills necessary for careers in the helping professions and to prepare students for graduate studies in associated disciplines.

The Counseling & Human Services Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology and counseling.

Objective 2: Explain the intricacies of the psychological, physiological, developmental and spiritual makeup of human beings.

Objective 3: Distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Objective 4: Integrate psychological theory and theology.

Objective 5: Demonstrate an integration of personal strengths, the analysis and utilization of current research, and the application of good helper principles.

Objective 6: Pursue advanced studies in graduate school.

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Special Considerations

Counseling & Human Services Internship. The major in Counseling & Human Services requires students to complete at least 3 credits of CHS 497 Counseling & Human Services Internship, which provides an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. Prior to enrolling in CHS 497, students must:

- Be a junior or senior;
- Have successfully completed CHS 211 Introduction to Counseling, CHS 396 Counseling Theories & Procedures, and PSY 103 Introduction to Psychology; and

- Have successfully completed at least nine additional credits in the Counseling & Human Services Major, including at least one of the following four courses: CHS 202 The Family, CHS 312 Counseling Diverse Populations, CHS 415/MIN 317 Pastoral Counseling, and/or CHS 396 Counseling Theory & Procedures.

Students may not do internships during their final term at Point University.

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

RDP.BAEE - BA Elementary Education (residential)

General

Program Description

The B.A. in Elementary Education (ELE) program develops and trains early childhood educators equipped to teach at the pre-kindergarten through 5th grade levels (PreK-5), who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student teaching experience in a local public elementary school. The Bachelor of Arts (B.A.) version of the Elementary Education program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not. For information on additional procedures and guidelines for this program, contact the Program Coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Georgia Teacher Certification. The B.A. in Elementary Education (ELE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia PreK-5th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The ELE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.A. in Elementary Education in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Elementary Education program is to develop and train early childhood educators equipped to teach at the PreK-5 level who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Elementary Education Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of PreK-5 general content and pedagogy.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate constructivist instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective mentor teacher with all students.

Objective 8: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

Mandatory Background Check. Students majoring in Elementary Education will be subject to a background check before entering schools for laboratory experiences.

RDP.BAENG - BA English (residential)

General

Program Description

The B.A. in English program prepares students with an understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview. It focuses on the study of English language and literature, writing and literary analysis. Graduates with degrees in English are prepared to engage in graduate study in a variety of disciplines, including seminary studies, and in an array of entry-level roles such as copy writer and editorial assistant.

Modality. Point University offers the B.A. in English in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The B.A. in English program prepares students with an understanding of language and literature so that they engage their culture, professionally and intellectually, promoting the Christian worldview.

The English Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Read and write with an advanced level of reflective, critical, and original thinking.

Objective 2: Demonstrate knowledge of a broad range of literature.

Objective 3: Demonstrate an understanding of the grammatical, literary, and linguistic foundations of English.

Objective 4: Demonstrate an advanced development in writing and literary analysis.

Objective 5: Utilize a modern foreign language, biblical Greek, or a combination of biblical Greek and biblical Hebrew.

RDP.BAHIS - BA History (residential)

General

Program Description

The B.A. in History program creates an important framework for understanding the present and influencing the future. Students begin with foundational courses in American and world history. A variety of in-depth upper-level courses are available for students in U.S. history and world history. Research and writing are emphasized in the program, as well as hands-on experiences through internships and study abroad. Graduates are prepared to pursue advanced studies in individual or interdisciplinary programs within history. For information on additional

procedures and guidelines for this major, see the Registrar or an academic advisor in the department.

Modality. Point University offers the B.A. in History in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in History program is to create an important frame-work for understanding the present and influencing the future.

The History Major builds on Point University's mission, values, and Core Curriculum (General Studies and Biblical Studies) to accomplish the following student learning objectives:

Objective 1: Demonstrate an advanced level of reflective, critical and original thinking.

Objective 2: Develop an appreciation for history and the craft of the historian.

Objective 3: Describe the important institutional and cultural developments in world history.

Objective 4: Demonstrate an understanding of a comprehensive Christian worldview.

Objective 5: Identify the events and people that have shaped history.

Objective 6: Pursue advanced studies in individual or interdisciplinary programs within history.

RDP.BAMU - BA Music (residential)

General

Program Description

The B.A. in Music program gives students a foundation in the competencies expected of a musician. Students complete a professional core of Music courses and select a specialization in Music Performance & Pedagogy, Music Production (sound reinforcement and recording), or Worship & Music Ministry. Students declare a primary area of applied music instruction and receive secondary training in piano and voice. Graduates with degrees in Music are prepared to engage in music ministry, private music instruction, music production, professional performance, and continued studies in graduate school. The Bachelor of Arts (B.A.) version of the Music program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Modality. Point University offers the B.A. in Music in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The B.A. in Music program gives students a foundation in the competencies expected of a musician.

The Music Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate competence in sight singing and ear training, music theory, and music history and literature.

Objective 2: Perform solo with appropriate techniques in the student's primary applied music area and with basic skills in a secondary area.

Objective 3: Perform in an ensemble with appropriate musical and social skills.

Music Performance & Pedagogy Specialization only

Objective 4: Demonstrate advanced performance and teaching skills in the primary applied music area.

Music Production Specialization only

Objective 5: Support the requirements of programming for sound reinforcement and recording.

Worship & Ministry Specialization only

Objective 6: Organize and lead the music program of a local church.

RDP.BAPS - BA Psychology (residential)

General

Program Description

The B.A. in Psychology program provides an undergraduate knowledge base for careers in academia and research. It prepares students for graduate studies in associated fields that require studies in Psychology and related disciplines. The Bachelor of Arts (B.A.) version of the Psychology program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Modality. Point University offers the B.A. in Psychology in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a grade-book and supplementary materials. Point also offers a fully-online version of the B.S. in Psychology program.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. in Psychology program is to provide a knowledge base for careers in academia and research and to prepare students for graduate studies in associated fields.

The Psychology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology.

Objective 2: Explain the intricacies of the psychological, physiological, developmental, and spiritual makeup of human beings.

Objective 3: Communicate knowledge and comprehension of psychology in written and verbal media.

Objective 4: Integrate psychological theory and theology.

Objective 5: Pursue advanced studies in graduate school.

Recommended Course Sequence

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements, and procedures of the Honors Program.

RDP.BAUS - BA University Studies (residential)

General

Program Description

The B.A. in University Studies allows students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

A specific program of study is developed by the student in consultation with the program coordinator and one or more academic advisors who are academically qualified to oversee the student's program of study with the program coordinator.

Modality. Point University offers the B.A. in University Studies in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Information and Additional Notes

The student's program of study proposal must be approved by the Chief Academic Officer and must include:

- Stated student learning outcomes that are aligned with the Mission and Goals of the University and the student's personal/career goals;
- A coherent, college-level course of study that is designed to achieve those student learning outcomes;
- Point University's General Education Core, Character Formation Component, and University Studies Core (see below);
- One concentration of 30 credits or two concentrations that average 15 credits each;
- Two years of foreign language study for the Bachelor of Arts degree (the Bachelor of Science program in University Studies, described below, lacks the foreign language requirement);
- Two appropriate Writing Emphasis (WE) courses;
- A baccalaureate progression with appropriate 300- and 400-level courses and no fewer than 120 credit hours for the entire degree; and
- One or more academic advisors who are academically qualified regarding that program of study.

The courses to be taken by the student for the University Studies Core and the concentration(s) are normally selected from the University's curriculum of courses. The student is responsible for the proper sequencing of the courses included in the program of study. A limited number of courses may be transferred from other institutions of higher education, subject to approval by the Chief Academic Officer and to the University's normal transfer of credit practices. In all cases, no more than 33% of the University Studies Core and of each concentration may be satisfied with transferred courses.

Students enrolled in the University Studies program must design a customized major prior to completion of 38 credits, including transfer credits. Students are encouraged to use the first year of the program to complete General Education core courses and clarify their interests.

Graduates with the B.A. in University Studies would be prepared to pursue personal and/or professional goals, which could include graduate-level study.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.A. program in University Studies is to allow students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

The student develops written learning goals and objectives for the University Studies Major in cooperation with the program coordinator and academic advisor(s). To receive final approval by the department chair and Chief Academic Officer, the stated student learning objectives must:

- Align with and build upon Point University's mission, values, and Core Curriculum (General Studies and Character Formation);
- Be aimed at achievement of the student's personal and career goals; and
- Be appropriate for a baccalaureate program of study.

RDP.BBAAC - BBA Accounting (residential)

General

Program Description

The B.B.A. degree program in Accounting prepares students to glorify God through Christ-centered leadership and vocational excellence in accounting professions. It is designed to provide a solid background in business fundamentals, followed by an in-depth study and application of accounting practices and concepts. Students prepare for a variety of roles in high-demand fields that spans every area of commerce. The B.B.A. in Accounting also provides a solid foundation for considering the certified public accountants exam (CPA).

Modeling Outcome: Point University offers the B.B.A. in Accounting in on-ground format at **Point University**. The **Program Purpose and Student Learning Objectives** course companion" includes a gradebook and supplementary materials.
Purpose. The purpose of the B.B.A. degree program in Accounting is to prepare students to glorify God through Christ-centered leadership and vocational excellence in account-ing professions.

The Accounting Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Utilize written and oral communication in a business environment with an emphasis on effective interpersonal skills.

Objective 2: Demonstrate competence in the business core including management, marketing, business law, and ethics.

Objective 3: Prepare and analyze financial statements and managerial reports using various accounting standards, theories and techniques.

Objective 4: Evaluate and perform all steps in the financial accounting cycle for profit-oriented businesses using the guidelines as prescribed by Generally Accepted Accounting Principles (GAAP).

Objective 5: Use technology to solve accounting problems and improve decision making skills.

Objective 6: Identify the ethical and social responsibilities of accounting professionals and apply professional judgment to present financial statements fairly.

Recommended Course Sequence

RDP.BSBI - BS Biology (Pre-professional) (residential)

General

Program Description

The B.S. in Biology program with the Pre-Professional Option provides a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences. The program introduces majors to the concepts and role of biology as an integrative science, helping them to discover and interpret the characteristics of nature as part of God's creation. Students who take courses in the Biology curriculum are expected to understand the concepts and processes of biology as a scientific discipline. Students are provided a depth of classroom instruction and laboratory and field work in a breadth of science courses.

Like most higher education institutions, Point University does not offer pre-medical, pre-dental, or pre-veterinary as undergraduate majors. Students interested in pursuing careers as physicians, dentists, or veterinarians may choose any number of majors. However, it is critical that they choose appropriate science courses in order to meet the course prerequisites for admission to medical, dental, or veterinary schools and to achieve higher scores on standardized admission tests for those professional graduate programs.

The B.S. in Biology program with the Pre-Professional Option is designed to assist students in preparing for that graduate study. Admission to most professional programs of study after the completion of a bachelor's degree is a highly competitive process. In addition to the selected program and courses at Point, the successful applicant would need to be competitive in overall grade point average (GPA), science GPA, Medical College Admission Test (MCAT) or Dental Admission Test (DAT) score, number of hours worked in a medical setting and types of experiences, strength of recommendation letters, and interview quality. See a faculty academic advisor for assistance if interested in that process.

Modality. Point University offers the B.S. in Biology with Pre-Professional Option in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials

Information and Additional Notes

Effective Fall 2023: The **BS Biology (Pre-professional)** degree program has been discontinued and is no longer a separate degree program from the BS Biology degree program. Please note that students already enrolled in the BS Biology (Pre-professional) program at the time of discontinuation will still be able to take the same courses as outlined in the degree map. Going forward, all students declaring the biology major will be enrolled in the BS Biology degree program and will have the option of following a pre-professional track.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Biology program with the Pre-Professional Option is to provide a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences.

The Biology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate a knowledge base within the study of biology.

Objective 2: Understand the process by which biological data is gathered, analyzed, and interpreted.

Objective 3: Develop a foundation for understanding humans in relation to the living environment.

Objective 4: Demonstrate personal integrity and an awareness of the ethical issues in the life sciences.

Objective 5: Develop an internally consistent philosophy of life that integrates science and Scripture.

Objective 6: Prepare to take entrance exams and fulfil the entrance requirements of the student's chosen graduate or professional school.

Program Description

The B.S. in Biology program provides a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian world-view, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences. The program introduces majors to the concepts and role of biology as an integrative science, helping them to discover and interpret the characteristics of nature as part of God's creation. Students who take courses in the Biology curriculum are expected to understand the concepts and processes of biology as a scientific discipline. Students are provided a depth of classroom instruction and laboratory and field work in a breadth of science courses.

Modality. Point University offers the B.S. in Biology in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Biology program is to provide a comprehensive foundation of the concepts and methodologies of biology (and related sciences) within a Christian worldview, preparing graduates to pursue careers in biology-related vocations and/or graduate degrees in science-related disciplines, medicine, and other health sciences.

The Biology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate a knowledge base within the study of biology.

Objective 2: Understand the process by which biological data is gathered, analyzed, and interpreted.

Objective 3: Develop a foundation for understanding humans in relation to the living environment.

Objective 4: Demonstrate personal integrity and an awareness of the ethical issues in the life sciences.

Objective 5: Develop an internally consistent philosophy of life that integrates science and Scripture.

Objective 6: Outline a basic foundation for employment in biology-related vocations.

RDP.BSBS - BS Biblical Studies (residential)

General

Program Description

In accordance with Point University's Christian mission and values, all on-ground bachelor's degree programs include the Character Core. For on-ground students, the Core takes the form of a Biblical Studies Major or Minor. The full Biblical Studies Major is currently available only in certain on-ground programs offered at the University's main campus in West Point, Georgia. The Biblical Studies Department has partnered with other University departments to embed the Biblical Studies Major.

Students may choose the BS in Biblical Studies with a specialization in Children's Ministry, Christian Ministry, Intercultural Missions, Preaching Ministry, Seminary Preparation, or Youth & Family Ministries.

Information and Additional Notes

Overview. In this Bachelor of Science (B.S.) program, students complete a Biblical Studies Major, a Ministry Core, and a specialization in one of the following areas: Children's Ministry, Christian Ministry, Church Administration, Intercultural Missions, Music and Worship Ministry, Preaching Ministry, Seminary Preparation, or another area proposed by the student. The Biblical Studies Major includes textual studies in New Testament and Old Testament, along with historical-theological studies. The Ministry Core develops foundational competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Specialization develops additional competencies in the student's chosen area of interest. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies with a specialization typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.S. in Biblical Studies with a Specialization in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials. Some ministry courses are also available in fully-online format.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The B.S. program in Biblical Studies with a Specialization prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on the student's chosen area of specialization.

The Biblical Studies Major and specialization build on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Ministry Core

Objective 6: Apply an exegetical understanding of a scriptural text in writing biblical sermons and lessons.

Objective 7: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 8: Plan, prepare, and deliver biblically and theologically sound sermons.

Objective 9: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 10: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

Specialization

For the learning objectives for a given specialization, see departmental guidance on "Specializations."

RDP.BSBSP - BS Biblical Studies and Preaching Ministry

General

Program Description

In this Bachelor of Science (B.S.) program, students complete both a Biblical Studies Major and a Preaching Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Preaching Ministry Major develops competencies essential to leadership ministry in church and parachurch settings, including preaching and teaching, pastoral care and counseling, spiritual formation, and church administration. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies and Preaching Ministry typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.S. in Biblical Studies and Preaching Ministry in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The B.S. program in Biblical Studies and Preaching Ministry prepares students for effective leadership ministry in church and parachurch settings, with an emphasis on preaching ministry.

The dual major in Biblical Studies and Preaching Ministry builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Preaching Ministry Major

Objective 6: Apply an exegetical understanding of a scriptural text in writing biblical sermons.

Objective 7: Apply theological themes of the Old and New Testaments to current life issues through preaching.

Objective 8: Plan, prepare, and deliver biblically and theologically sound sermons of a variety of forms.

Objective 9: Understand and apply biblical concepts of church and ministry in a variety of contexts.

Objective 10: Lead and serve in order to facilitate purposeful, growing, and healthy congregational life.

RDP.BSBYFM - BS Biblical Studies and Youth and Family Ministry (residential)

General

Program Description

In this Bachelor of Science (B.S.) program, students complete both a Biblical Studies Major and a Youth & Family Ministries Major. The Biblical Studies Major includes textual studies in New Testament and Old Testament, historical-theological studies, and studies in biblical languages (Greek or a combination of Greek and Hebrew). The Youth & Family Ministries Major provides a broad preparation for Christ-centered leadership and service in churches and ministry organizations, with primary emphasis on promoting healthy spiritual, emotional, and social development of parents and their children. The Bachelor of Arts (B.A.) version of this program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with the B.S. in Biblical Studies and Youth & Family Ministries typically enter church-related professions and many go on to pursue graduate studies. Alumni of Point University are engaged in ministries throughout the country and the world as preaching ministers, missionaries in foreign countries, student ministers, evangelists, prison ministers, chaplains, Christian university professors and administrators, campus ministers, Christian camp directors, church administrators, parachurch leaders, church planting ministers, inner-city ministers, and educational ministers who work with children, youth, singles, adults, and families.

Modality. Point University offers the B.S. in Biblical Studies and Youth & Family Ministry in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Information and Additional Notes

This program of study has been closed effective fall 2023. Students enrolled at the time of closure are able to finish their program, no new enrollments are being approved.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The B.S. program in Biblical Studies and Youth & Family Ministries equips students with biblical and theological foundations, theoretical frameworks, and practical skills for promoting healthy relationships and spiritual formation in families.

The dual major in Biblical Studies and Youth & Family Ministries builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Biblical Studies Major

Objective 1: Exegete specific texts in the Old and New Testaments.

Objective 2: Demonstrate an awareness of basic matters of critical introduction and historical background necessary to a proper understanding of the Old and New Testaments.

Objective 3: Participate in critical engagement with the various interpretations that have been assigned to the Old and New Testaments.

Objective 4: Communicate the theological themes of the Old and New Testaments.

Objective 5: Explain and apply biblical concepts of church and ministry.

Youth & Family Ministries Major

Objective 6: Students explain major elements of the spiritual, psychological, physiological, and social development of human beings, including how parents influence, teach, guide, and disciple children and adolescents.

Objective 7: Students demonstrate a working knowledge of family dynamics, including biblical and scholarly insights into human nature, as well as cultural and societal influences, such as mass media and contemporary courtship and marriage trends.

Objective 8: Students distinguish between healthy and unhealthy approaches to parent-ing throughout the lifespan, explaining common spiritual, psychological, social, and behavioral outcomes of different parenting styles and family structures.

Objective 9: Students demonstrate understanding of biblical concepts of holistic minis-try and servant leadership, along with the ability to apply those principles in multicultural ministry environments.

Objective 10: Students assess contemporary approaches to youth and family ministry in a variety of contexts from theological, philosophical, and practical perspectives.

Objective 11: Students offer sound principles, resources, and practical support to parents as they implement strategies to promote healthy physical, emotional, social, and spiritual growth in their families.

Objective 12: Students demonstrate practical skills for youth and family ministry, such as assessing needs, planning, organizing, and implementing ministry programming.

Objective 13: Students apply interpersonal skills important for ministry, such as volunteer mobilization, team assessment and formation, classroom management, and pastoral care for youth and families.

Objective 14: Students utilize tools and resources appropriate for their ministry goals.

Objective 15: Students consistently conduct themselves in a legal and ethical manner as Christian ministry professionals.

Objective 16: Students demonstrate mastery of foundational competencies for youth and family ministry through a mentored ministry practicum.

RDP.BSCHS - BS Counseling and Human Services (residential)

General

Program Description

The B.S. in Counseling & Human Services program develops necessary skills for careers in the helping professions and prepares students for graduate studies in associated disciplines. It focuses on undergraduate preparation for the field of professional counseling and for other human services requiring courses in psychology, counseling, and related disciplines. An internship provides an opportunity for the integration of theory and practice. Because a graduate degree is expected in the field of counseling, the program has the preparation of students for graduate school as a primary goal. The Bachelor of Arts (B.A.) version of the Counseling & Human Services program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Graduates with degrees in Counseling and Human Services are engaged in graduate study and entry-level counseling positions. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.S. in Counseling & Human Services program in on-ground format at its main campus in West Point, Georgia. An online "course com-panion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Counseling & Human Services program is to provide skills necessary for careers in the helping professions and to prepare students for graduate studies in associated disciplines.

The Counseling & Human Services Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology and counseling.

Objective 2: Explain the intricacies of the psychological, physiological, developmental and spiritual makeup of human beings.

Objective 3: Distinguish between healthy and unhealthy patterns in the life, work, and ethics of professional helpers.

Objective 4: Integrate psychological theory and theology.

Objective 5: Demonstrate an integration of personal strengths, the analysis and utilization of current research, and the application of good helper principles.

Objective 6: Pursue advanced studies in graduate school.

RDP.BSCJ - BS Criminal Justice (residential)

General

Program Description

The degree program in Criminal Justice is designed to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system. It focuses on studies in criminal justice, sociology and related fields, the causes and consequences of criminal behavior, the justice system and how it relates to other institutions within society. Graduates with degrees in Criminal Justice are engaged in work in government agencies, law enforcement, private security and homeland security.

Modality. Point University offers the B.S. in Criminal Justice in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Criminal Justice is to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system.

The Criminal Justice Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Develop a foundational knowledge of criminal investigation and law enforcement.

Objective 2: Demonstrate knowledge and understanding of criminal law and the legal process.

Objective 3: Illustrate knowledge of corrections and its alternatives.

Objective 4: Work within the dynamics and culture of the legal system.

Objective 5: Explain the rights of individuals and recognize legal limitations.

Objective 6: Exhibit professional behavior and meet high ethical standards.

Objective 7: Identify issues that impact impressions of objectivity, impartiality, fairness, and justice.

Special Considerations

Police Academy Transfer Credit. Point University awards up to 9 hours of transfer credit to those who successfully complete the entire 9-week police academy training course offered by the State of Georgia (the *Georgia Peace Officer Standards and Training Council 408 Hour Basic Law Enforcement Training Course*) or the State of Alabama (the *Alabama Peace Officers Standards and Training Commission 520 Hour Basic Training Curriculum*).

• For students pursuing the A.A. in Criminal Justice, academy training fulfils the following degree requirements: CJUS 200 or CJU 300 Introduction to Criminal Justice (3 credits) and General Electives (6 credits).

- For students pursuing the B.S. in Criminal Justice or B.S. in Criminal Justice with Pre-Law Emphasis, academy training fulfils the following degree requirements: CJUS 200 or CJU 300 Introduction to Criminal Justice (3 credits), CJUS 400 or CJU 400 Criminal Law (3 credits), and CJUS 410 or CJU 410 Criminal Procedure (3 credits).
- For students enrolled in other degree programs, academy training fulfils the following degree requirements: General Electives and/or certain Social & Behavioral Sciences electives (9 credits).

RDP.BSCJU - BS Criminal Justice - Pre-Law (residential)

General

Program Description

The degree program in Criminal Justice with Pre-Law Emphasis is designed to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system, emphasizing the judicial processes. It focuses on studies in criminal justice, sociology and related fields, the justice system and how it relates to other institutions within society. Graduates with the degree in Criminal Justice with Pre-Law Emphasis are prepared to engage in work in government agencies, law enforcement, private security homeland security, and emergency management. They are also prepared for admission to graduate school in the field.

Students interested in pursuing careers in legal professions need to meet the course prerequisites and admission requirements for graduate schools of law and their professional graduate programs. The B.S. in Criminal Justice with Pre-Law Emphasis takes those considerations into account and has been designed to assist the student in preparing for that graduate study. Admission to law school after the completion of a bachelor's degree is usually a highly competitive process. The successful applicant would need to be competitive, as determined by the graduate school, in overall undergraduate grade point average (GPA); GPA for pertinent professional courses; admission test scores, such as the Law School Admission Test (LSAT); types of experiences and number of hours worked in legal settings; strength of recommendation letters; and writing and/or inter-view quality. See a faculty academic advisor for assistance if interested in that process.

Modality. Point University offers the B.S. in Criminal Justice with Pre-Law Emphasis in on-ground format at its main campus in West Point, Georgia. An online "course company-ion" includes a gradebook and supplementary materials.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Criminal Justice with Pre-Law Emphasis is to provide students with a broad education based in the social sciences and the goals and processes of the criminal justice system, emphasizing the judicial processes.

The Criminal Justice Major with Pre-Law Emphasis builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Develop a foundational knowledge of criminal investigation and law enforcement.

Objective 2: Demonstrate knowledge and understanding of constitutional law, criminal law, and the legal process.

Objective 3: Illustrate knowledge of corrections and its alternatives.

Objective 4: Work within the dynamics and culture of the legal system.

Objective 5: Explain the rights of individuals and recognize legal limitations.

Objective 6: Exhibit professional behavior and meet high ethical standards.

Objective 7: Apply critical thinking to skills to identify issues that impact impressions of objectivity, impartiality, fairness, and justice

RDP.BSCOM - BS Communication (residential)

General

Program Description

The B.S. in Communication program equips students to serve as professional communicators in a variety of ministry and marketplace settings, developing a broad base of skills in oral, written, and visual communication. Coursework is designed to lead students to develop the skills required to be Christ-centered communicators who prepare and deliver high-quality messages to audiences with integrity and professionalism. Students majoring in communication learn to communicate in both oral and written modalities; to understand the mass media and their audiences; and to utilize a variety of media skills. Graduates of the program are equipped to work in the fields of communication or public relations in both non-profit and for-profit organizations, or to pursue graduate study in Communication or related fields.

Learning Outcomes

Modality. Point University offers the B.S. in Communication primarily in on-ground format at its main campus in West Point, Georgia. The faculty offers some courses in fully-online format.

Program Purpose and Student Learning Objectives

Purpose. The Communication Major equips students to serve as professional communicators in a variety of ministry and marketplace settings, developing a broad base of skills in oral, written, and visual communication.

The Communication Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Mass communication

Objective 1: Graduates demonstrate familiarity with the process of communication at the interpersonal, organizational, and mass communication levels.

Objective 2: Graduates can use a variety of methods for reaching audiences through mass communication.

Objective 3: Graduates accurately assess the effectiveness of communication campaigns to mass audiences.

Objective 4: Graduates are familiar with significant laws that govern mass communication, including issues surrounding the First Amendment, copyright law, and privacy law.

Written, oral, and visual communication

Objective 5: Graduates prepare and deliver effective oral presentations, virtually and in-person.

Objective 6: Graduates demonstrate the ability to write using Associated Press (AP) style.

Objective 7: Graduates think critically and write effectively for a variety of communication channels.

Objective 8: Graduates demonstrate basic graphic design skills, including familiarity with Adobe Creative Cloud software.

Objective 9: Graduates are able to use changing technology to communicate with a variety of audiences.

Legal, ethical, professional, and Christ-centered principles in communication

Objective 10: Graduates are able to describe a variety of communication theories and apply Christian principles when relevant.

Objective 11: Graduates develop a personal code of ethics, preparing them to apply Christian principles to mass communication in the marketplace and in ministry.

Objective 12: Apply the legal principles of mass communication to their area of interest in the communication field. Examples include a student interested in journalism completing an internship at a local newspaper, or a student interested in public relations interning with a PR firm.

Recommended Course Sequence: A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Recommended Course Sequence for B.S. in Communication	
FIRST YEAR BBS 102 The Drama of Scripture (3) COM 208 Interpersonal Communication (3) EFT 101 Effective Thinking (1) <i>ENG 101 Critical Reading & Writing I (3)+</i> <i>ENG 102 Critical Reading & Writing II (3)+</i> HIS ___ History core elective (3) NSC ___/L Natural Science course w/Lab (4) MTH 117 Introductory Statistics [or higher] (3) PSY 103 Introduction to Psychology (3) SOC ___ Sociology core selection (3) <u>General Elective (3)</u> TOTAL CREDITS: 32	SECOND YEAR BBS 202 Jesus: The Focus of Scripture (3) MGM 238 Business Communication (3) <i>[WE]</i> MKTG 247 Principles of Marketing (3) MKTG 271 Social Media Marketing Strategy (3) COM 205 Public Speaking (3) COM 305 Media Effects on Children & Adolescents (3) COM/ENG 361 Intro to Mass Communication (3) HFA core selections 1-2 (6) <u>General Elective (3)</u> TOTAL CREDITS: 30

Special Considerations

Communication Internship. The Communication Major culminates with an internship which students may complete with the program coordinator's permission during the summer term or other term. Students must complete the internship in a

professional setting related to their area of interest in the communication field. Examples include a student interested in journalism completing an internship at a local newspaper, or a student interested in public relations interning with a PR firm.

RDP.BSCYD - BS Child and Youth Development (residential)

General

Program Description

The B.S. in Child & Youth Development program prepares servant leaders of children and youth who demonstrate the knowledge and skills necessary to effectively lead a variety of young learners in a diversity of settings. It is designed to prepare students to enter child and youth care settings, including day care centers, community-based programs such as the YMCA and Boys & Girls Club, youth corrections programs, children's ministry, and nonprofit early childhood programs such as church preschools. Students take foundational coursework in human development, education, and socio-cultural contexts. Students select an area of specialization-Children's Ministry, Early Childhood (non-licensure), Special Education (non-licensure), or Youth Programs Administration-and complete a 12-credit internship in the area of specialization.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Child & Youth Development program is to prepare servant leaders of children and youth who demonstrate the knowledge and skills necessary to effectively lead a variety of young learners in a diversity of settings.

The Child & Youth Development Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate an understanding of the theories that underlie the study of child and adolescent growth and development.

Objective 2: Explain the developmental changes which take place from conception through puberty, examined through various developmental perspectives.

Objective 3: Demonstrate an understanding of the linkages between physical, cognitive, emotional, and social development.

Objective 4: Demonstrate an understanding of how the environment (cultural, community, family, physical, etc.) affects and interacts with an individual's growth and development.

Objective 5: Utilize the knowledge, skills, attitudes, Christian behaviors, and positive interpersonal relationships associated with a selected specialization within the field of Child and Youth Development (Children's Ministry, Early Childhood, Special Education, or Youth Programs Administration).

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Special Considerations

Mandatory Background Check. Students majoring in Child & Youth Development will be subject to a background check before entering schools for laboratory experiences.

RDP.BSEE - BS Elementary Education (residential)

General

Program Description

The B.S. in Elementary Education (ELE) program develops and trains early childhood educators equipped to teach pre-kindergarten through 5th grade levels (PreK-5), who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student-teaching experience in a local public elementary school. The Bachelor of Arts (B.A.) version of the Elementary Education program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not. For information on additional procedures and guidelines for this program, contact the Program Coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Georgia Teacher Certification. The B.S. in Elementary Education (ELE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia PreK-5th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The ELE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Elementary Education in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Elementary Education program is to develop and train early childhood educators equipped to teach pre-kindergarten through 5th grade levels (PreK-5) who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Elementary Education Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of PreK-5 general content and pedagogy.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate constructivist instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective mentor teacher with all students.

For information on additional procedures and guidelines for this major, contact the Program Coordinator, Dr. James Donovan (Jim.Donovan@Point.edu).

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Special Considerations

Mandatory Background Check. Students majoring in Elementary Education will be subject to a background check before entering schools for laboratory experiences.

RDP.BSES - BS Exercise Science (residential)

General

Program Description

The B.S. in Exercise Science program provides a foundational, scientifically-based preparation for entry-level careers in healthcare or related fitness industries, successful completion of national certifications, and/or the pursuit of advanced or professional degrees in related fields of study. It provides a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

Students may also pursue the B.S. in Exercise Science with a Pre-Professional Option (described below). The faculty encourages students to complete the Pre-Professional Option if they intend to pursue admission to a graduate professional program to become, for example, a physical therapist.

Modality. Point University offers the B.S. in Exercise Science in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The purpose of the B.S. in Exercise Science program is to provide a broad-based approach to the science of exercise and fitness, including strategies used to design and implement comprehensive health programs for the public and private sectors.

The Exercise Science Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Read and write with an advanced level of reflective, critical and original thinking.

Objective 2: Demonstrate a knowledge base within the study of exercise science.

Objective 3: Identify critical elements of the bones and muscles involved in human movement and combine the concepts related to anatomy and physiology with biomechanics.

Objective 4: Describe physiological concepts related to exercise testing (e.g., maximal aerobic testing, anaerobic testing, and body composition analysis).

Objective 5: Demonstrate the ability to develop safe and effective exercise programs for normal and special populations.

Objective 6: Demonstrate a basic understanding of sound nutritional concept sand safe weight management techniques.

Objective 7: Understand and debate current exercise physiology principles based on historical and technological changes.

RDP.BSME - BS Music Education**General**

Program Description

The Music Education degree equips students to serve in music education settings at the PreK - 12 level (preschool through 12th grade). Students must be admitted to the Teacher Education Program (TEP), as well as gain acceptance as a music major in the Fine Arts Department. The music curriculum component requires a student to choose a major instrument as their emphasis. The Music Education program promotes best practices in music education, along with specialized knowledge, skills, professional dispositions, and Christian attitudes associated with effective musicians and teachers.

The B.S. in Music Education program includes the courses and field experiences necessary for the successful student to serve in music education settings at the PreK-12 level in Georgia classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification.

Modality. Point University offers the B.S. in Music Education in on-ground format at its main campus in West Point, Georgia. Throughout the degree, the student will complete 60 hours in all levels of PreK - 12th grade music classrooms both observing and teaching. Music education students also complete Student Teaching that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

RDP.BSMGE - BS Middle Grades Education (residential)

General

Program Description

The B.S. in Middle Grades Education (MGE) program develops and trains middle grades educators equipped to teach 4th through 8th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences. Students choose two of the following four areas as a primary concentration and secondary concentration: Language Arts, Math, Science, and Social Studies. For information on additional procedures and guidelines for this program, contact the Program Coordinator, Associate Professor Edward W. Clark (Eddie.Clark@Point.edu).

Georgia Teacher Certification. The B.S. in Middle Grades Education (MGE) program includes the courses and field experiences necessary for the successful student to teach children in Georgia 4th through 8th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The MGE program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Middle Grades Education in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Middle Grades Education program is to develop and train educators equipped to teach 4th through 8th grades who demonstrate the know-ledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Middle Grades Education Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of general content and pedagogy for grades 4-8, as well as selected specializations in Language Arts, Math, Science, or Social Studies.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate classroom instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with all students.

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Recommended Course Sequence for B.S. in Middle Grades Education	
FIRST YEAR	
BBS 102 The Drama of Scripture (3)	
EDU 102 Educational Foundations (3)	
EFT 101 Effective Thinking (1)	
ENG 101 Critical Reading & Writing I (3)+	
ENG 102 Critical Reading & Writing II (3)+	
HUM 101 Introduction to Humanities (3)	
MTH ____ Mathematics core selection (3)	
NSC 103/103L Biology I w/Lab (4)	
NSC ____ Approved Natural Science elective (3)	
PSY 103 Introduction to Psychology (3)	
<u>Concentration elective (3)</u>	
TOTAL CREDITS: 32	
	SECOND YEAR
	BBS 202 Jesus: The Focus of Scripture (3)
	COM 205 Public Speaking (3)
	EDU 204 Developmental Psychology (3)
	EDU 300 Educational Psychology (3) [WE]
	ENG 207 World Literature (3)
	HIS 250 United States History I (3)
	SOC/HIS 214 Geography (3)
	<u>Concentration electives (9)</u>
	TOTAL CREDITS: 30

THIRD YEAR	
Fall Term (TEP Block I)	
ESL 442 Culture & Education (3) [WE]	
MGI 300 Adolescent Literature (3)	
MGI 302 Reading Skills (3)	
MGI 305 Math for MG or conc. course (3)	
MGI 330 Language Arts/MG or conc. course (3)	
<u>MGI 391 Block 1 Lab Experience (1)** #</u>	
TOTAL CREDITS: 16	
Spring Term (TEP Block II)	
BBS 304 Scripture: Reading & Interpretation (3)	
EDU 405 Integration of Technology (3)	
EDU 433 Differentiated Instruction (2)	
ESL 240 Linguistic Theory (3)	
MGI 321 Social Studies/MG or conc. course (3)	
MGI 392 Block 2 Lab Experience (1)** #	
	FOURTH YEAR
	Fall Term (TEP Block III)
	BBS ____ Biblical Studies elective (3)
	EDU 350 Curriculum & Assessment (2)
	EDU 401 The Exceptional Child (3)
	EDU 407 Classroom Management (3)
	ESL 441 Methods for ESOL (3)
	MGI 493 Block 3 Lab Experience (1)**
	<u>THE 405 Christ, Culture & Career (3) [WE]</u>
	TOTAL CREDITS: 18
	Spring Term (Student Teaching)
	<u>MGI 497 Teaching Practicum (12)**</u>
	TOTAL CREDITS: 12
	+Take these courses in consecutive terms
	# For students who pair the Language Arts and Mathematics concentrations or who pair the Science and Social Studies concentrations, the Block 1 and Block II Lab Experiences occur in the same term.

MGI 421 Science for MG or conc. course (3) TOTAL CREDITS: 18	
--	--

Special Considerations

Mandatory Background Check. Students majoring in Middle Grades Education will be subject to a background check before entering schools for laboratory experiences.

RDP.BSMU - BS Music (residential)

General

Program Description

The B.S. in Music program gives students a foundation in the competencies expected of a musician. Students complete a professional core of Music courses and select a specialization in Music Performance & Pedagogy, Music Production (sound reinforcement and recording), or Worship & Music Ministry. Students declare a primary area of applied music instruction and receive secondary training in piano and voice. Graduates with degrees in Music are prepared to engage in music ministry, private music instruction, music production, professional performance, and continued studies in graduate school. The Bachelor of Arts (B.A.) version of the Music program includes a foreign language requirement while the Bachelor of Science (B.S.) version does not.

Modality. Point University offers the B.S. in Music in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The B.S. in Music program gives students a foundation in the competencies expected of a musician.

The Music Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate competence in sight singing and ear training, music theory, and music history and literature.

Objective 2: Perform solo with appropriate techniques in the student's primary applied music area and with basic skills in a secondary area.

Objective 3: Perform in an ensemble with appropriate musical and social skills.

Music Performance & Pedagogy Specialization only

Objective 4: Demonstrate advanced performance and teaching skills in the primary applied music area.

Music Production Specialization only

Objective 5: Support the requirements of programming for sound reinforcement and recording.

Worship & Music Ministry Specialization only

Objective 6: Organize and lead the music program of a local church.

RDP.BSPS - BS Psychology (residential)

General

Program Description

The B.S. in Psychology program provides an undergraduate knowledge base for careers in academia and research. It prepares students for graduate studies in associated fields that require studies in Psychology and related disciplines. The Bachelor of Arts (B.A.) version of the Psychology program includes a foreign language requirement while t

Modality. Point University offers the B.S. in Psychology in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a grade-book and supplementary materials. Point also offers a fully-online version of the B.S. in Psychology program.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Psychology program is to provide a knowledge base for careers in academia and research and to prepare students for graduate studies in associated fields.

The Psychology Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Compare and contrast the varieties of theories, issues, and techniques in psychology.

Objective 2: Explain the intricacies of the psychological, physiological, developmental, and spiritual makeup of human beings.

Objective 3: Communicate knowledge and comprehension of psychology in written and verbal media.

Objective 4: Integrate psychological theory and theology.

Objective 5: Pursue advanced studies in graduate school.

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

Recommended Course Sequence for B.S. in Psychology

Special Considerations

Honors Program. The Honors Program of the Psychology & Counseling Department challenges students to attain a higher level of preparation, recognizes student productivity and achievement, and provides a vehicle for students to compete for admission to graduate schools. Students choose and complete the Honors Program through a combination of grade point average (GPA), internship(s), senior portfolio, senior interview, comprehensive examination, and final essay. The Honors Program is available in the Counseling & Human Services, Psychology, and Sociology with Social Work Specialization programs. Notation of the Honors Program appears on the graduate's academic transcript. See a faculty advisor for the policies, requirements and procedures of the Honors Program.

RDP.BSSE - BS Secondary Education (residential)

General

Program Description

The B.S. in Secondary Education (SED) program develops and trains educators equipped to teach 6th through 12th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher. Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which includes three terms of teacher education courses with field experiences and one term of student teaching experience in a local public middle or high school. Students select one of the following three concentrations toward the goal of teaching that subject at the secondary level: Biology, English, or History. For information on additional procedures and guidelines for this program, contact the Program Coordinator, Susan S. Ryan, Ed.D. (Susan.Ryan@Point.edu).

Georgia Teacher Certification. The B.S. in Secondary Education (SED) program includes the courses and field experiences necessary for the successful student to teach children in Georgia 6th through 12th grade classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. The SED program also includes the courses which lead to the GaPSC endorsement in English to Speakers of Other Languages (ESOL). For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Secondary Education in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. The purpose of the B.S. in Secondary Education program is to develop and train early educators equipped to teach 6th through 12th grades who demonstrate the knowledge, skills, professional dispositions, and Christian attitudes associated with being an effective teacher.

The Secondary Education Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge of general content and pedagogy for grades 6-12, as well as specialized knowledge developed through a selected concentration in Biology, English, or History.

Objective 2: Design and implement integrated lesson plans that utilize Georgia standards, a variety of instructional strategies, learning resources, and formal and informal assessments.

Objective 3: Plan and implement an effective classroom management system.

Objective 4: Demonstrate proficiency in the use of technology as a teaching and learning tool.

Objective 5: Use reflection, inquiry and critical analysis to improve teaching practices and professional behaviors.

Objective 6: Demonstrate classroom instructional strategies that reflect InTASC standards.

Objective 7: Use skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with all students.

Special Considerations

Mandatory Background Check. Students majoring in Secondary Education will be subject to a background check before entering schools for laboratory experiences.

RDP.BSSO - BS Sociology (residential)**General****Program Description**

The B.S. in Sociology with Social Work Specialization program equips students with skills for entry-level positions in the helping professions. The program requires studies in Sociology, Social Work, and related fields. Graduates are prepared for post-graduate education in Sociology or related fields. For information on additional procedures and guidelines for this major, contact the program coordinator or a faculty advisor in the department.

Modality. Point University offers the B.S. in Sociology with Social Work Specialization in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

Information and Additional Notes

Pont University is undertaking steps to close this program of study, effective fall 2023. Students enrolled at the time of closure are able to finish their program, but no new enrollments are being approved.

Reach out to your faculty advisor or advising.center@point.edu for guidance in selecting the right program for you.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The purpose of the B.S. in Sociology with Social Work Specialization program is to equip students with skills for entry-level positions in the helping professions and to prepare students for graduate-level studies.

The Sociology Major with Social Work Specialization builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Understand the history and evolution of the discipline of sociology.

Objective 2: Demonstrate a knowledge of the core concepts and theories in the field of sociology.

Objective 3: Think sociologically, to identify the various social forces or conditions which hinder or help.

Objective 4: Analyze the relationships among the various social institutions.

Objective 5: Demonstrate the actions of a competent professional who respects and appreciates social and cultural diversity.

Objective 6: Communicate effectively in written and oral presentations in academic and business settings.

Recommended Course Sequence

Recommended Course Sequence. A recommended course sequence for full-time on-ground students appears below. Academic advisors will help students adjust the sequence if, for example, they have transferred credits from other universities.

includes three terms of teacher education courses with field experiences at different levels plus one term of student teaching experience in a local public school. The Special Education General Curriculum Major includes a Content Concentration in Reading. The program promotes best practices in special education, along with specialized knowledge, skills, professional dispositions, and Christian attitudes associated with effective teachers. For information on additional procedures and guidelines for this program, contact the Program Coordinator, Associate Professor Edward W. Clark (Eddie.Clark@Point.edu).

Georgia Teacher Certification. The B.S. in Special Education General Curriculum (SPE) program includes the courses and field experiences necessary for the successful student to serve in special education settings at the PreK-12 level in Georgia classrooms. If all criteria are met, the Teacher Education Department recommends the graduate to the Georgia Professional Standards Commission (GaPSC, www.gapsc.com) for state certification. For more information on teacher certification, see the description of the "Point University Teacher Education Program (TEP)" that appears earlier in this catalog. Students may also contact Dr. James Donovan, Chair of the Teacher Education Department (Jim.Donovan@Point.edu).

Modality. Point University offers the B.S. in Special Education General Curriculum in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a gradebook and supplementary materials.

In the later Teacher Education Program (TEP) courses, students typically meet face-to-face with instructors for about ten weeks and then spend the last 6 weeks of the term in public school classrooms practicing teaching. Teacher Education students also complete a Teaching Practicum (student teaching) that combines on-ground experiential learning in a public school setting and live interactions with peers and a Point instructor.

Learning Outcomes

Program Purpose and Student Learning Objectives

Purpose. Point University's B.S. in Special Education General Curriculum program develops effective, Christ-centered PreK-12 special education professionals who demonstrate knowledge, skills, professional dispositions, and Christian attitudes associated with effective certified teachers.

The Special Education General Curriculum Major builds on Point University's mission, values, and Core Curriculum (General Studies and Character Formation) to accomplish the following student learning objectives:

Objective 1: Demonstrate knowledge and skills related to the foundations of Special Education.

Objective 2: Demonstrate knowledge and skills related to development and characteristics of learners.

Objective 3: Demonstrate knowledge and skills related to individual learning differences of children with disabilities.

Objective 4: Demonstrate knowledge and skills related to instructional strategies for learners with disabilities.

Objective 5: Demonstrate knowledge and skills related to providing appropriate learning environments and social/emotional interactions for learners with disabilities.

Objective 6: Demonstrate knowledge and skills related to understanding and enhancing language skills of learners with disabilities.

Objective 7: Demonstrate knowledge and skills related to instructional planning for learners with disabilities.

Objective 8: Demonstrate knowledge and skills related to assessment of learners with disabilities.

Objective 9: Demonstrate knowledge and skills related to professional and ethical practice of special educators.

Objective 10: Demonstrate knowledge and skills related to collaboration designed to enhance understanding of and services to learners with disabilities.

RDP.BSSPE - BS Special Education (residential)

General

Program Description

The B.S. in Special Education General Curriculum develops professional educators equipped to serve in special education settings at the PreK-12 level (preschool through 12th grade). Students progress from General Education courses and Foundational Education courses into the Teacher Education Program (TEP), which

Objective 11: Demonstrate their knowledge and skills related to effective instruction of learners with disabilities.

Objective 12: Demonstrate appropriate professional dispositions.

Objective 13: Demonstrate the use of skills, attitudes, Christian behaviors and positive interpersonal relationships associated with being an effective teacher with students with disabilities.

Special Considerations

Mandatory Background Check. Students majoring in Special Education will be subject to a background check before entering schools for laboratory experiences.

RDP.BSUS - BS University Studies (residential)

General

Program Description

The B.S. in University Studies allows students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

A specific program of study is developed by the student in consultation with the program coordinator and one or more academic advisors who are academically qualified to oversee the student's program of study with the program coordinator.

Modality. Point University offers the B.S. in University Studies in on-ground format at its main campus in West Point, Georgia. An online "course companion" includes a grade-book and supplementary materials.

Information and Additional Notes

The student's program of study proposal must be approved by the Chief Academic Officer and must include:

- Stated student learning outcomes that are aligned with the Mission and Goals of the University and the student's personal/career goals;
- A coherent, college-level course of study that is designed to achieve those student learning outcomes;
- Point University's General Education Core, Character Formation Component, and University Studies Core (see below);
- One concentration of 36 credits or two concentrations that average 18 credits each;
- Two appropriate Writing Emphasis (WE) courses;
- A baccalaureate progression with appropriate 300- and 400-level courses and no fewer than 120 credit hours for the entire degree; and
- One or more academic advisors who are academically qualified regarding that program of study.

The courses to be taken by the student for the University Studies Core and the concentration(s) are normally selected from the University's curriculum of courses. The student is responsible for the proper sequencing of the courses included in the program of study. A limited number of courses may be transferred from other institutions of higher education, subject to approval by the Chief Academic Officer and to the University's normal transfer of credit practices. In all cases, no more than 33% of the University Studies Core and of each concentration may be satisfied with transferred courses.

Students enrolled in the University Studies program must design a customized major prior to completion of 38 credits, including transfer credits. Students are encouraged to use the first year of the program to complete General Education core courses and clarify their interests.

Graduates with the B.S. in University Studies would be prepared to pursue personal and/or professional goals, which could include graduate-level study.

Learning Outcomes**Program Purpose and Student Learning Objectives**

Purpose. The purpose of the B.S. program in University Studies is to allow students to pursue an individualized program of study in order to accomplish a range of personal and vocational goals, including the ability to combine differing fields of interest to achieve the desired student learning outcomes.

The student develops written learning goals and objectives for the University Studies Major in cooperation with the program coordinator and academic advisor(s). To receive final approval by the department chair and Chief Academic Officer, the stated student learning objectives must:

- Align with and build upon Point University's mission, values, and Core Curriculum (General Studies and Character Formation);
- Be aimed at achievement of the student's personal and career goals; and
- Be appropriate for a baccalaureate program of study.

Recommended Course Sequence**Program Purpose and Student Learning Objectives**

All Courses

ACCT211 - Financial Accounting

General

Description
This course provides an introductory study of accounting with emphasis on accounting cycle, accounting terminology, collection of accounting data, the recording of data into the accounting system, and the preparation and interpretation of basic financial statements.

Credit Hours
Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ANY of the following Courses:

- MATH117 - Introductory Statistics
- MATH120 - College Algebra

Additional Comments:

ACCT212 - Managerial Accounting

General

Description
Building on BUSI 211 Financial Accounting, this course includes an introductory study of accounting concepts that furnish management with the necessary tools to plan and control activities. Special Consideration: Qualified undergraduates may complete MGMT 560 Managerial Accounting & Decision-Making as a 'swing course' in place of BUSI 212.

Credit Hours
Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Complete ALL of the following Courses:

- ACCT211 - Financial Accounting

- Be aimed at achievement of the student's personal and career goals; and
- Be appropriate for a baccalaureate program of study.

Additional Comments:

ACCT261 - Legal & Ethical Responsibilities in Professional Accounting

General

Description
Students gain a foundational working knowledge of professional, ethical, and legal responsibilities in the accounting field. Case studies provide practice in analyzing issues accountants face on a daily basis, applying relevant federal and state laws, and making ethical decisions informed by Christian perspectives. Special Consideration: BUSI 261 is a Writing Emphasis course.

Credit Hours
Min
3

ACCT311 - Intermediate Accounting I

General

Description
This course focuses on the theoretical structure of financial accounting relevant to the presentation of financial information for use in decision making. Students learn the various forms of business, the accounting system, the accounting cycle, standard setting, the Generally Accepted Accounting Principles (GAAP), and the economic consequence on the users of financial statements. Topics include identifying, classifying and measuring assets, liabilities, equity, revenue, and expenses; recording these items; constructing financial statements; and the relationship between the income statement, balance sheet, statement of cash flows and statement of retained earnings. Students practice researching financial accounting issues using the Financial Accounting Standards Board (FASB) Codification Database. Prerequisite: BUSI 212 Managerial Accounting

Complete ALL of the following Courses:

- ACCT211 - Financial Accounting
- ACCT212 - Managerial Accounting

Additional Comments:

ACCT395 - Cost Accounting

General

Description

Students learn to conduct cost analyses for effective decision-making in areas such as capital investments and cost control. They employ measurable and quantifiable models for forecasting, planning and control, performance valuation, and assessment. Students also learn how to strategize various control systems.

Credit Hours

Min
3

ACCT425 - Auditing

General

Description

This course introduces the discipline of auditing, accounting systems, and internal controls in public and private sectors, as well as the auditing profession and the audit process. Topics include professional ethics and responsibilities, planning, internal controls and risks, audit evidence and reports, and legal liability.

Credit Hours

Min
3

ACCT433 - Fraud Examination and Fraud Schemes

General

ACCT339 - Investment Analysis

General

Description

An in-depth introduction to investment analysis and portfolio management. The major topics include portfolio theory, CAPM, equity valuation, and derivatives. Pre: BUS 202, BUS 209, and BUS 336. (alternate year, Fall)

Credit Hours

Min
3

ACCT342 - Real Estate Finance

General

Description

This course surveys the concepts, methods, and techniques of financing real estate transactions. The major topics include real estate markets, valuing properties, mortgage analysis, and securitization. Pre: BUS 209 and BUS 336

Credit Hours

Min
3

ACCT364 - Income Tax Accounting

General

Description

This course offers an introduction to the field of forensic accounting. Topics include the history of forensic accounting, the fraud triangle theory, financial statement misrepresentation, and fraud examination techniques, including fraud prevention and control. Students examine real-world cases in the area of forensic accounting and complete a realistic learning project as part of the course. Special Consideration: ACCT 433 is a Writing Emphasis course.

Credit Hours

Min
3

ACCT448 - Governmental & Nonprofit Accounting

General

Description

This course focuses on fundamental principles of accounting for governmental units, colleges, healthcare providers, hospitals, clinics, health and welfare organizations, and other non-profit organizations. Students compare and contrast non-profit accounting processes with those of for-profit entities by evaluating the different regulations for budgeting, funding options, revenue recognition, recording transactions, and financial reporting.

Credit Hours

Min
3

ACCT451 - Detection & Prevention of Fraudulent Financial Statements

General

Description

Students analyze various types of fraud and how crime causation is established. Topics include the white-collar crime theory of fraud, work-related schemes, fraudulent financial transactions, fraud risk assessment, internal controls to deter fraud, and accounting and auditing theory. The course acquaints students with the Association of Certified Fraud Examiners (ACFE) Code of Professional Ethics and prepares them for two sections of the Certified Fraud Examiner (CFE) exam- namely, Fraud Prevention & Deterrence and Financial Transactions & Fraud Schemes.

Credit Hours

Min
3

ACCT456 - Forensic & Investigative Accounting

General

Description

This capstone course addresses the substance of forensics, litigation, criminology and the investigative auditing expertise of accounting. Topics include basic accounting fraud schemes, theories of crime causation related to fraud (classical theories, routine activities theory, psychological theories, biological theories, social structure theories, and social process theories), regulations related to fraud, and investigative techniques related to white-collar crime. Students synthesize crime

causation theories, theories of human behavior, and the fraud triangle practice.

Prerequisites: Completion of all other courses in the Accounting Major with a Concentration in Forensics & Fraud.

Credit Hours

Min
3

- ACCT312 - Intermediate Accounting II
- ACCT313 - Intermediate Accounting III
- ACCT395 - Cost Accounting
- ACCT425 - Auditing
- ACCT433 - Fraud Examination and Fraud Schemes
- ACCT448 - Governmental & Nonprofit Accounting
- ACCT451 - Detection & Prevention of Fraudulent Financial Statements

Additional Comments:

ACCT535 - Financial Statement Analysis & Valuation

General

Description

Students integrate concepts from accounting, economics, finance, and business strategy to evaluate financial statements and value firms. In doing so, they quantitatively evaluate firm strategies, forecast financial statements, and apply sensitivity analysis techniques. The course utilizes business case studies from professional literature, along with appropriate technologies, to enable students to practice various analysis and valuation techniques.

Credit Hours

Min
3

ACCT555 - Cost Management & Decision-Making

General

Description

This course covers cost accounting concepts so vital in a changing business environment. Topics include, but are not limited to, activity-based costing, strategic cost management, balanced scorecard, environmental cost management, lean

accounting, pricing and profitability analysis, and capital budgeting. Integrative exercises enable students not only to perform the necessary calculations, but also to understand how applicable cost concepts help managers make decisions that transform the organization.

BIBL420 - Advanced Hermeneutics

General

Description

This course includes a survey of the history of interpretation and a review of basic issues related to genre, figurative and literal language, the relationship between the Old and New Covenants, and the importance of historical and literary contexts. Students learn and apply important exegetical principles for understanding biblical texts and important hermeneutical principles for applying biblical texts in the current culture.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- BIBL306 - Scripture: Reading & Interpretation

Additional Comments:

BIBL425 - Genesis

General

Description

An exegesis of the biblical book of Genesis with emphasis given to the origin, purpose and major theological themes of the text.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ANY of the following Courses:

- BBS201 - Biblical Interpretation
AND OTS210 - The Story of Israel
- BBS202 - Jesus: the Focus of Scripture
AND BBS304 - Scripture: Reading & Interpretation

Additional Comments:

BIBL490 - Jonah

General

Description

This course is a study of the prophetic book of Jonah using its historical, cultural, literary, and prophetic context as a tool for correct interpretation and contemporary application.

Credit Hours

Min
3

BUS310 - Process Improvement and Org Change

General

Description

The scientific study of behavioral processes that occur in work settings. Prerequisite: BUS225 or 325 (Spring)

Credit Hours

Min
3

BUS326 - Survey of Music Business

General

Description

An overview of the music industry including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities. Same as MUS 325. (Spring)

Credit Hours

Min
3

BUS411 - Marketing Analytics

General

Description

Marketing is evolving from an art to a science. Many firms have extensive information about consumers' choices and how they react to marketing campaigns, but the challenge is analyzing this data to produce actionable insights to guide marketing decisions. In this course, students learn analytical techniques to take advantage of Big Data. While students employ quantitative methods, the focus of the course is not statistics; rather, students receive an accessible overview of the most widely-used analytical techniques and tools to see how they drive better marketing decisions. Prerequisite: BUS 247 Principles of Marketing.

Credit Hours

Min
3

BUS435 - Sports Law

General

Description

A presentation of the basic legal system, its terminology, and its principles, as applied to professional, amateur and recreational sports.

Credit Hours

Min
3

BUS465 - Strategic Management & Planning

General

Description

The integration of business concepts, methods, and skills for the formulation of strategy and policy within an organization, emphasizing analysis, decision making, and ethical considerations. Prerequisite: BUS 225 and Senior standing. (Spring)

Credit Hours

Min
3

BUSI256 - Case Studies in Business

General

Description

An integration of business principles, concepts, and skills applied to an actual business problem case study.

Credit Hours

Min
3

BUSI396 - Lean 365

General

Description

A practical introduction to LEAN principles via Chick-fil-A's LEAN365 program.

Credit Hours

Min
3

BUSI520 - Quantitative Analysis for Decision Makin

General

Credit Hours

Min
3

BUSI527 - Lean Six Sigma Methodology for Business Transformation II

General

Description

In BUSI 526 and BUSI 527, students receive instruction in Lean Six Sigma continuous improvement methodologies. They apply the DMAIC methodology (Define- Measure- Analyze -Improve -Control) and the DFSS (Design for Six Sigma) approach to designing products and services, along with the relevant tools, to solve real world problems. At the conclusion of this two -course sequence, students are prepared to sit for the Lean Six Sigma Green Belt (LSSGB) certification exam. Students may then pursue Lean Six Sigma Black Belt (LSSBB) certification as they complete BUSI 690 and BUSI 695 Capstone Transformation Project I -II. Prerequisite: BUSI 526 Lean Six Sigma Methodology for Business Transformation I. Special Consideration: Students who have already earned the LSSGB elsewhere may test out of BUSI 526 and BUSI 527 or take them as refresher courses.

Credit Hours

Min
3

BUSI544 - Nonprofit Management

General

Credit Hours

Min
3

BUSI690 - Capstone Transformation Project I

General

Description

In BUSI 690 and BUSI 695 students prepare —and in some cases execute —a substantive project demonstrating in a real -world context the transformation techniques learned in the M.B.A. program: (1) Students desiring to pursue the Lean Six -Sigma Black Belt (LSSBB) certification identify, engage in, and complete a Lean Six Sigma DMAIC [Define- Measure -Analyze -Improve -Control] or DFSS [Design for Six Sigma] project. Projects vary from student to student, but must demonstrate mastery of Lean Six Sigma methodologies and tools. Students are encouraged to conduct a project within their home organization, but are not limited to projects within a professional business environment. Students complete the project and submit a presentation in the form of a PowerPoint deck for final approval by the Point University Six Sigma Certification Board. If the project cannot be completed within one session, the Board evaluates student progress at the end of the session for purposes of assigning a course grade. However, the Lean Six Sigma Black Belt (LSSBB) will not be conferred until the project is completed to the satisfaction of the Board. (2) Students who do not desire to pursue the Lean Six Sigma Black Belt, and/or desire to work on a transformation project tailored to their specific interests or job demands, will identify, engage in, and complete a project approved by their faculty advisor. Projects will vary from student to student, but must demonstrate mastery of transformation techniques learned in the M.B.A. program. The project may be focused on functions such as marketing, financial decision -making, change management, or leadership/human capital. The project must be completed by the end of the second session and will be evaluated by the faculty advisor. Prerequisites: All other courses in the M.B.A. in Business Transformation program are prerequisites for BUSI 690 Capstone Transformation Project I. Special Consideration: Students who do not finish their capstone projects by the end of the

second 8 -week session must enroll in BUSI 699 Capstone Transformation Project Continuation (0 credits) and pay a \$100 continuation fee each session until the project is complete.

Credit Hours

Min

Credit Hours

Min
3

CHAR102 - Where Am I? an Introduction to Worldview

General

Description

This course introduces students to major contemporary worldviews, with a pronounced emphasis on the thought history of the west. Emphasis is placed on varying conceptions of the human person within each worldview and the historical relationship between science and anthropology. Students begin to critique the trajectory and present status of western culture.

Credit Hours

Min
3

CHAR202 - Who Am I? Explorations in Human Flourishing

General

Description
This course engages students in exploring the nature and purpose of human beings. Special emphasis is given to western philosophical and theological traditions of the good life along with insights into human flourishing from various disciplines.

Credit Hours
Min
3

CHAR302 - How Should I Live? Habit, Virtue & Formation of Character

General

Description
This course introduces students to the subject of human ethics through the lens of the formation of habits, virtues and character. This includes grasping a history of virtues beginning with the classical world. Special emphasis is placed on the implications of character formation within leadership and/or professional environments.

Credit Hours
Min
3

CHAR402 - What Should I Do? Beyond a Paycheck: Working for Good

General

Description
This course applies issues of worldview, human purpose, and character development to professional advancement. Special focus is given to the opportunities and pitfalls of work, including work-life balance and sustainability. Questions of positive psychology, meaning, and fulfillment are emphasized.

Credit Hours
Min
3

CHED301 - Educational Ministries

General

Description
A course emphasizing the principles of teaching, learning and providing insight into various methods of teaching and their effective use in the church.

Credit Hours
Min
3

CHS202 - The Family

General

Description
The study of courtship, marriage, and family relationships from both a biblical and cultural perspective. Same as SOC 202. Prerequisite: PSY 103 or SOC 103. (Fall, Spring)

CISM100 - IT Fundamentals

General

Description

This course introduces fundamental information technology concepts through a comprehensive exploration of key topics related to computer hardware and software, operating systems, information systems, databases, networking, programming, and data security. This course prepares students for the CompTIA IT Fundamentals certification exam.

Credit Hours

Min
3

CISM210 - Information Technology Applications I

General

Description
This course explores hardware, storage, peripheral devices, networking, mobile devices, and printer topics. Students will develop hands-on expertise, honing practical skills in installing, configuring, and troubleshooting these components. This course and CISM 215 prepare students for the CompTIA A+ Core 1 and Core 2 certification exams. Prerequisite: CISM 100 IT Fundamentals.

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

• CISM230 - Technical Communication

• CISM320 - Introduction to Network Security

Additional Comments:

CISM320 - Introduction to Network Security

General

Description
This course introduces students to the components of a computer network, along with the concept and role of communication protocols. It covers widely used categorical classifications of networks (i.e. CAN, LAN, MAN, WAN), as well as network topologies, physical devices, and layered abstraction. Students also learn basic concepts of security, vulnerabilities of networks and mitigation techniques, security of physical media, security policies and procedures, and how to track performance for optimization. Prerequisite: CISM 300 Networking Fundamentals.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

• CISM300 - Networking Fundamentals

Additional Comments:

CISM325 - Network Security Applications

General

Description
This course builds upon CISM 320 Introduction to Network Security with a focus on developing and implementing security strategies within a network, diagnosing and troubleshooting to prevent security threats, and procedures for authenticating and accessing data. Prerequisite: CISM 320 Introduction to Network Security.

Credit Hours

CISM475 - Capstone Project in Secure Information Systems

General

Description
Students complete an IT capstone project with a security component under the mentorship of an experienced IT professional. The capstone consists of a project plan approved by the student's mentor, the technical work product itself, a report detailing the various aspects of the product, and a journal that contemporaneously describes the candidate's experience in developing the capstone. Requirements and instructions for completing the capstone are available from the IT Program Coordinator. Examples of projects include, but are not limited to, developing an organizational security policy and/or disaster recovery plan; designing, installing, and maintaining a secure network environment; installing and maintaining authentication systems; and projects related to troubleshooting and support. Prerequisites: All other Information Technology/ Information Systems Security Major courses or permission from the IT Program Coordinator. Special Consideration: With permission from the Coordinator, students may extend the 3-credit Capstone Project to a 4-, 5-, or 6-credit project. They may apply the extra credits to the bachelor's degree in place of General Electives

ICST300 - Introduction to Applied Christian Missions**General****Description**

Introduction to Applied Christian Missions provides an overview of Christ's Great Commission and its practical application. Emphases include biblical foundations, contemporary methods, and current progress. The course also focuses on healthy individual and team dynamics among missionary teams. During this course, students participate in both group and one-on-one mentorship. Mentors focus on personal, spiritual, cultural, relational, and leadership maturity. They help students discern their role in fulfilling the Great Commission and equip them for that role. Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 310 Intercultural Communication & Engagement, ICST 320 Introduction to Cross-Cultural Living, and ICST 330 Global Studies Practicum. These courses are part of an 85-day cultural immersion experience hosted by Café 1040, an international missions mentorship ministry, at one of its international bases in North Africa, Southeast Asia, Europe, and elsewhere.

Credit Hours

Min

3

ICST305 - Introduction to Campus Ministry**General****Description**

This course assists students in learning basic concepts of cross-cultural ministry in the context of a college or university campus, either in the United States or in international settings. Instruction will focus on basic concepts and skills with opportunities for application of those principles in appropriate settings.

Credit Hours

Min

3

ICST310 - Intercultural Communication & Engagement**General****Description**

Intercultural Communication & Engagement develops transferrable skills for interacting with people of different cultures. The course gives special attention to the process of language acquisition and communication technology. Students spend time both in the classroom learning a local language and in the community practicing their language skills on a daily basis. They also receive hands-on training in communication technology and its applications in an overseas environment. Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 320 Introduction to Cross-Cultural Living, and ICST 330 Global Studies Practicum. These courses are part of an 85-day cultural immersion experience hosted by Café 1040, an international missions mentorship ministry, at one of its international bases in North Africa, Southeast Asia, Europe, and elsewhere.

Credit Hours

Min

3

ICST320 - Introduction to Cross-Cultural Living**General****Description**

Introduction to Cross-Cultural Living equips students for being overseas on a short- or long-term basis in a culture vastly different from one's own. It teaches students how to navigate a new community safely and effectively. Students learn in the classroom about travel security, logistics, travel fitness, and culture shock through dialogues, case studies, video lessons, and practical exercises. They also experience daily life in a new culture for 85 consecutive days. Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 310 Intercultural Communication & Engagement, and ICST 330 Global Studies Practicum. These courses are part of an 85-day cultural immersion experience hosted by Café 1040, an international missions mentorship ministry, at one of its international bases in North Africa, Southeast Asia, Europe, and elsewhere.

Credit Hours

Min

3

ICST330 - Global Studies Practicum

General

Description
Global Studies Practicum introduces students to the history of a local people as a means to understanding their historical context and mindset. Classroom sessions cover the lives of significant figures in the local religion, the history of their holy books, and the rich history of the people and their land. Outside the classroom, students experience the living history of the country by traveling throughout the host nation and interacting with the contemporary culture. Trips include various topographies and people groups, such as metro cities, rural villages, ancient sites, religious centers, and wilderness excursions. Special Consideration: This cross-cultural immersion course is taught by a Point instructor in conjunction with three other courses: ICST 300 Introduction to Applied Christian Missions, ICST 310 Intercultural Communication & Engagement, and ICST 320 Introduction to Cross-Cultural Living. These courses are part of an 85-day cultural immersion experience hosted by Café 1040, an international missions mentorship ministry, at one of its international bases in North Africa, Southeast Asia, Europe, and elsewhere.

ICST410 - Reading and Redeeming Culture

General

Description
This course prepares students to apply insights from cultural anthropology, sociology, and theology to understand, adapt, and transform culture. Students demonstrate "cultural ability" by articulating the key elements of a "culture," analyzing the culture of a given college/university community, and forming ministry strategies appropriate for the cultural context through the conceptual framework of practical theology.

MAP368D2 - Private Instruction: Saxophone

General

Description

Advanced private instruction in techniques and repertoire. Student must perform 10-12 minutes of music from memory on a jury exam at the end of the semester. Pre: audition and permission.

Credit Hours

Min
1

MAP368E1 - Private Instruction: Double Reed

General

Description

Students receive advanced private instruction in techniques and repertoire for their chosen musical instrument. They must perform 10-12 minutes of music from memory on a jury exam at the end of the term. Prerequisites: Audition and permission from the Fine Arts Department Chair. Special Considerations: The second and third numerals in the MAP 36_ or 37_ course number will designate the category of instrument. The student's specific instrument will be offered as a "section" of the course category. For example, oboe will be treated as a section of the woodwinds course.

MATH100 - Foundations of Mathematics

General

Credit Hours

Min
3

MATH103 - College Mathematics

General

Description

This course presents a comprehensive survey of college-level mathematics and emphasizes practical applications and problem-solving strategies.

Credit Hours

Min
3

MATH110 - College Algebra

General

Description

Topics include equations and inequalities with an emphasis on problem-solving; graphing; functions; exponential and logarithmic functions; polynomial functions; systems of equations; matrices; and sequences.

Credit Hours

Min
3

MATH111 - Elementary Algebra

General

Description

This foundational course develops skills such as performing basic operations on real numbers; simplifying algebraic expressions; solving linear equations in one variable;solving algebraic formulas; using scientific notation; and solving application problems involving proportions, percentages, and ratios. Prerequisite: An appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher level mathematics course. MATH 111 does not meet the General Education Core math requirement, but may be used as a General Elective. The course is designed to prepare students for MATH 113Intermediate Algebra, MATH 115 Quantitative Reasoning, and MATH 117 Introductory Statistics.

Credit Hours

Min
3

MATH113 - Intermediate Algebra

General

Description

Building on MATH 111 Elementary Algebra, thiscourse develops many types of inter-mediate skills. Examples include solving and graphing linear equations in one and two variables, solving word problems using geometric formulas, solving problems through the use of a coordinate plane, solving quadratic and basic cubic equations by factoring, using polynomials, and performing operations on complex numbers. Prerequisite: Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent,or appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher level mathematics course.MATH 113does not meet the General Education Core math requirement, but may be used as a General Elective.The course is designed to prepare students for MATH 120 College Algebra.

MATH117 - Introductory Statistics

General

Description

Introductory Statistics is a first course in statistics for students whose college and career paths require knowledge of the fundamentals of the collection, analysis and interpretation of data. Topics include the presentation and interpretation of univariate data using graphical and numerical methods, probability, discrete and continuous probability distributions, linear regression, an understanding of good practice in study design, statistical inference, confidence intervals, and hypothesis testing. The course emphasizes the development of statistical thinking. Prerequisite: Minimum final grade of 70% in MATH 111 Elementary Algebra or equivalent,or appropriate math placement score. Special Considerations: Not open to students who have successfully completed a higher level mathematics course.MATH 117 satisfies the General Education Core math requirement for degree programs that do not require MATH 120 College Algebra.

Credit Hours

Min
3

MEDM210 - Medical Systems & Procedures

General**Description**

This course offers an in-depth review of medical systems and procedures within the medical assistant's scope of practice. It includes front office operations, patient intake, infection control procedures, basic lab tests, and other aspects of medical office operations. Students work with electronic medical record systems in a virtual format to acclimate to technology currently used in healthcare.

Credit Hours

Min
3

MEDM220 - Medical Systems & Records Management

General**Description**

This course offers an in-depth review of medical systems and procedures within the context of medical practice management. Topics include front office operations, electronic medical records (EMRs), and other technologies that assist the function of the practice. Students work with electronic medical record systems in a virtual format to acclimate to technology currently used in healthcare.

Credit Hours

Min
3

MEDM250 - Leadership and Management for Medical Professionals

General**Description**

This course focuses on leadership principles from business and medicine, using case studies to prepare the graduate for complex issues found in the medical office settings. Topics include scheduling, personnel management, conflict resolution, crisis management, and leadership strategies. The course also gives attention to federal laws and regulations, such as the Health Insurance Portability and

Accountability Act (HIPAA). Students explore legal and ethical issues from a Christian worldview, including issues related to interaction with families, physicians, and legal documentation.

Min
3

MEDM298 - Clinical Externship in Medical Assisting

General

Description
In this capstone experience for the A.S. in Medical Assisting, students validate clinical skills in a hospital or agency environment under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified Medical Assistant holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and approved by Point's Health Sciences Department Chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed. . The externship must involve a minimum 64 hours of supervised clinical training.

Additional Comments:

MEDM298A - Clinical Extern in Medical Assisting A

General

Description
MEDM 298A-B together form the capstone experience for Point University's Medical Assisting programs. Students validate clinical skills in a clinical facility under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites and inquiring about externships. The preceptor must be a certified medical assistant holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and approved by Point's Health Sciences Department Chair one session (8 weeks) prior to the start of the externship. The student and perspective employer must complete the Health Sciences Student/ Employer Agreement Form as well as the Health Sciences Completed Work Form

to earn credit for the externship. Forms are located in the Health Science Hub. The Health Sciences Department Chair will assist with arrangements once the preceptor and site are confirmed and the Student/Employer Agreement Form has been submitted. The full externship (MEDM 298A-B) must involve a minimum 160 hours of supervised clinical training. In MEDM 298A students complete approximately 80 hours of training, or an average of 10 hours of training per week during the 8-week session. Prerequisites: All other courses in the AS-MOA professional component- namely, NSCI 214, MEDI 200, MEDC 200, MEDM 210, and MEDI 220.

Credit Hours

Min
3

MEDM298B - Clincial Extern in Medical Assisting B

General

Description
In this continuation of MEDM 298A, students validate clinical skills in a clinical facility under the supervision of a qualified instructor or preceptor. The full externship (MEDM 298A-B) must involve a minimum 160 hours of supervised clinical training. In MEDM 298B students will complete approximately 80 hours of training, or an average of 10 hours of training per week during the 8-week session. Prerequisites: All other courses in the AS-MOA professional component-namely, NSCI 214, MEDI 200, MEDC 200, MEDM 210, MEDI 220, and MEDM 298A.

Credit Hours

Min
3

MEDM299 - Clinical Externship in Medical Office Management

General

Description
In this capstone experience for the A.S. in Medical Office Management, students validate clinical skills in a hospital or office environment under the supervision of a qualified instructor or preceptor. Students are responsible for identifying potential clinical sites (preferably near their home) and inquiring about externships. The preceptor must be a certified Medical Office Manager holding a degree from an accredited institution and working full-time in a clinical setting. Both the site and the preceptor must be vetted and approved by Point's Health Sciences Department Chair two sessions (16 weeks) prior to the start of the externship. Point faculty assist with arrangements once the preceptor and site are confirmed.

MGMT442 - Business Policy

General

Description
This course provides an overview of all essential aspects of business policy. Students gain an appreciation of the nature, functions, and realities of organizational dilemmas. The course covers governing bodies, corporate governance, board structure, and various theories. Students also reflect on the purpose of business policies as it relates to strategy formulation and policy making.

Credit Hours

Min
3

MGMT443 - Entrepreneurship

General

Description
Students explore the process of starting a new business and effectively managing it. Emphases include traits of entrepreneurs, creating the business plan, start-up challenges, researching and evaluating markets, forms of ownership, market positioning, financial controls and sources of revenue, and promotion.

Credit Hours

Min
3

MGMT444 - Small Business Management

General

Description
This course focuses on opportunities and challenges distinctive to small businesses. It is designed for those who aspire to operate their own business and those who desire to upgrade their skills in their present business. It begins with a survey of the small business environment, risk taking and entrepreneurship, feasibility analysis, factors in starting or buying a small business, forms of ownership, raising capital, and how to prepare a business plan. Students then consider principles for operating a small business and essential management skills, such as planning and organizing, managing human resources, the use of business information, financing, and marketing products and services. The course also gives attention to legal and ethical issues, governmental regulation and taxation, international business, franchising, and other issues relevant to small business. Prerequisite: MGMT 230 Principles of Management. Recommended: Courses in other major facets of business, such as MGMT 238 Business Communication,

MGMT 214 Managing Information Systems, MGMT 230 Principles of Management, ACCT 336 Principles of Finance, MKTG 347 Principles of Marketing, and MGMT 450 Human Resource Management.

MGMT500 - Graduate Business Orientation

General

Description

In this online orientation, students are introduced to the courses in the M.B.A. program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.B.A. students.

Credit Hours

Min
0

MGMT510 - Ethics&professional Issues Bus

General

Description

Students are introduced to alternative ethical theories and learn how they relate to, and often support, Judeo-Christian ethics. Students then learn to apply an ethical framework to professional dilemmas common to business transformation, including hiring/firing, new product development, financial reporting, stakeholder relations, and environmental sustainability. Students also explore ways Christians have used their business skills to promote the Kingship of God and carry out His redemptive work in the world (e.g. "business as mission").

Credit Hours

Min
3

MGMT530 - Persuasion & Negotiation

General

Description

The ability to persuade and negotiate is essential to leading business transformation. In this course, students learn current best practices in persuasion and sales in order to enhance their ability to gain support for change efforts using currently available professional literature. Students also learn techniques for negotiating with parties that are unwilling or unable to volunteer their support in order to arrive at agreements that create value for both parties.

Credit Hours

Min
3

MGMT540 - Strategic Management & Leadership

General

Description

Students develop an understanding of best practices in management and leadership as they learn techniques and strategies that focus on leveraging leadership for realizing organizational goals. Students engage with practical leadership strategies that aim at developing high performance teams and building other future organizational leaders. Case studies obtained from professional literature, along with real-world examples of organizational leadership, are used to communicate essential attributes of exceptional leadership. Students are then challenged to apply the cognitive aspects of leadership learning to practical applications in their own professional and personal lives. At the conclusion of the course, students are able to apply leadership concepts and tools, so that they may more effectively lead their own organizations.

MINI500 - Graduate Ministry Orientation

General

Description
In this online orientation, students are introduced to the courses in the Master of Transformative Ministry program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.T.M. students.

Credit Hours

Min
0

MINI510 - Contemporary Models for Holistic Ministry

General

Description

This course addresses the importance of holistic ministry and social action from a global, decolonized theological perspective. Students research and evaluate missional churches and organizations in order to construct a biblical and theological approach to issues such as poverty, public health, relief, and community development.

Credit Hours

Min
3

MINI520 - Church Administration

General**Description**

This course develops advanced management skills for church-based ministry. Emphases include board development, leadership development for staff and volunteers, succession planning, budget development and monitoring, and professional ethics. Students research "best-practices" for managing real-world crises in congregational ministry.

Credit Hours

Min
3

MINI530 - Applied Family Systems Theory & Discipleship

General**Description**

This course focuses on principles of relationship building for leaders in light of sound psychological theories and common psychopathologies. Attention is given to family systems and church family systems, conflict resolution, basic counseling and referral skills, and interfacing with social structures and services relevant in the current ministry culture.

Credit Hours

Min
3

MINI544 - Nonprofit Management

General**Description**

This course develops management skills pertinent to the nonprofit sector of ministry. Areas of emphasis include board development, employee recruitment and management, volunteer recruitment and engagement, marketing and public relations, fundraising, grant writing, and professional ethics.

Credit Hours

Min
3

MINI552 - Organizational Innovation & Creativity

General**Description**

This course focuses on innovation and creativity in church and other nonprofit contexts. Students develop skills for researching and evaluating philosophical, cultural, and global trends that may shape the future. They formulate creative and innovative responses to those trends from the perspective of contextualized theology and ministry

Credit Hours

Min
3

MINI562 - Strategic Planning & Change Management

General**Description**

Students apply principles of strategic planning and change management in ministry contexts. Major emphases include analyzing the ministry context and organizational culture, vision casting, strategic planning, change management, and project management.

Credit Hours

Min
3

MINI591 - Mentored Practicum

General**Description**

As a capstone for the Master of Transformative Ministry program, students choose either MINI 591 Mentored Practicum, MINI 592 Supervised Project, or MINI 593 Research Project. In MINI 591 students plan and complete a mentored practicum in a church or Kingdom-oriented organization. The practicum should provide opportunities for demonstrating mastery of the over-arching ministry principles of the MTM degree. Prerequisites: All other courses required for the Master of Transformative Ministry degree.

MINI593 - Research Project

General

Description

As a capstone for the Master of Transformative Ministry program, students choose either MINI 591 Mentored Practicum, MINI 592 Supervised Project, or MINI 593 Research Project. In MINI 593 students propose an area of supervised research in an area germane to the over-arching ministry principles of the MTM degree. Prerequisites: All other courses required for the Master of Transformative Ministry degree.

Additional Comments:**MINI594A - Ccv Ministry Apprenticeship a****General****Description**

Students engage in an advanced ministry apprenticeship experience hosted by Christ's Church of the Valley (<http://ccv.church>) near Phoenix, Arizona. The apprenticeship focuses on developing, administering, and executing creative, innovative, transformative ministries appropriate for a given context. Students may gain hands-on experience in a variety of areas, such as children and family ministry, church administration, church planting, intercultural ministry, pastoral ministry, special needs ministry, sports ministry, worship ministry, and youth ministry. Students carry out the apprenticeship under the supervision of a Point instructor and under the mentorship of CCV pastoral staff. Prerequisites: Admission to the CCV Leadership Institute and permission from the Christian Ministries Department Chair (Joshua.Rice@Point.edu).

- MKTG372 - Social Media Video Marketing
- MGMT436 - Professional Ethics
- MGMT434 - Business Law
- MGMT465 - Strategic Management& Planning

Additional Comments:

MKTG430 - Marketing Channel Strategy

General

Description
This course introduces students to marketing channels, focusing on how to adopt and apply real-world channel strategies. Emphases include understanding market channel structures and strategies, and designing and implementing such strategies. Prerequisite: MGMT 301 Principles of Logistics.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- MGMT301 - Principles of Logistics

Additional Comments:

MKTG431 - Digital Marketing

General

Description

This course provides an introduction to digital marketing, which involves the intersection of marketing and technology. Students learn the effective use of digital communication channels, such as email, paid and organic search, mobile (text, QR codes, apps, localization, and geo-fencing), Internet, and social media. Students also analyze how integrated multi-channel marketing and e-commerce work, and they examine emerging digital media. Finally, students explore ethical and public policy issues involved in digital marketing. Prerequisite: MKTG 347 Principles of Marketing.

Credit Hours

Min
3

MKTG441 - Marketing Analytics

General

Description
Marketing is evolving from an art to a science. Many firms have extensive information about consumers' choices and how they react to marketing campaigns, but the challenge is analyzing this data to produce actionable insights to guide marketing decisions. In this course, students learn analytical techniques to take advantage of Big Data. While students employ quantitative methods, the focus of the course is not statistics; rather, students receive an accessible overview of the most widely-used analytical techniques and tools to see how they drive better marketing decisions. Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- MKTG347 - Principles of Marketing

Additional Comments:

MKTG515 - Business Intelligence

General

Description
Acquiring data is essential to business transformation, not only to establish the current situation but also to identify areas for improvement and measure progress toward goals. In this course, students learn qualitative and quantitative research methods that can be employed to gather data on both internal (e.g. employees) and external (e.g. customers) stakeholders.

Credit Hours
Min
3

MKTG545 - Strategic Marketing

General

Description
This course introduces the strategic role marketing plays in business transformation. Students acquire models and frameworks for approaching marketing problems as they research leading-edge thinking on marketing strategy and state-of-the-art marketing tactics. Students also learn how to measure marketing performance and ensure accountability for marketing investments. Prerequisite: MKTG 347 Principles of Marketing.

Credit Hours
Min

Additional Comments:

MSEV302 - Church Growth & Evangelism

General

Description
An introduction to the philosophy of church growth as originally developed by Donald McGavran. The principles of church growth will be applied both to homogeneous and multiethnic churches.

Credit Hours
Min
3

MTH103 - College Mathematics

General

Description
This course presents a comprehensive survey of college-level mathematics and emphasizes practical applications and problem-solving strategies. Not open to students who have previously taken a higher-numbered MTH course. (Fall and Spring)

Credit Hours
Min
3

MTH104 - Math Modeling

General

Description
An introduction to mathematical modeling that uses elementary mathematics—numbers and measurement, algebra, geometry and data exploration—and graphing-calculator technology to investigate real-world problems and questions. Not open to students who have previously taken a higher-numbered MTH course.

Credit Hours
Min
3

MTH110 - College Algebra

General

Description
A college-level algebra course that includes these topics: equations and inequalities with an emphasis on problem-solving; graphing; functions; exponential and logarithmic functions; polynomial functions; systems of equations; matrices; and sequences. Pre: Lower-numbered MTH course or satisfactory math placement assessment. (Fall and Spring)

Credit Hours
Min
3

MTH111 - Elementary Algebra

General

Description

This course covers the mathematical knowledge and skills necessary for MTH 105 (Intermediate Algebra), including: algebraic expressions, equation s, and inequalities; scientific notation; properties of real numbers; radical expressions; and solving formulas and application problems. This course counts as a general elective course and does no t satisfy the Math course requirement for General Studies.

Credit Hours

Min
3

MTH113 - Intermediate Algebra

General

Description

This college-level course reviews, practices, an d expands algebraic knowledge and skills regarding: equations, formulas, and inequalities; scientific notation; solving application problems; graphing; exponents and radicals; systems of linear equation s; and polynomials. Pre: an appropriate Math placement score or MTH 111 with a grade of C or better.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Earn a minimum letter grade of C in the following:

- MTH111 - Elementary Algebra

Additional Comments:

MTH115 - Quantitative Reasoning

General

Description

Quantitative Reasoning studies the skills necessary to process and communicate quantitative information found in daily life. Specific topics include Probability, Statistics, Proportional Reasoning, Modeling Data, Financial Mathematics, Problem Solving, Voting Methods. This course will satisfy some degree requirements in Mathematics and should transfer to most four-year institutions.

Credit Hours

Min
3

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Earn a minimum letter grade of C in the following:

- MTH113 - Intermediate Algebra

Additional Comments:

MTH117 - Introductory Statistics

General

Description

Introductory Statistics is a first course in statistics for any student whose college and career paths require knowledge of the fundamentals of the collection, analysis and interpretation of data. It prepares students with a foundation for success in graduate-level statistics/research coursework but is not ideal for students pursuing a mathematics-focus graduate field of study. While this course requires some algebra and addresses similar topics to MTH 202 (Basic Statistics), this course focuses heavily on application of statistical methods and addressing the importance of statistics both in vitro and in vivo. Topics include the presentation of interpretation of univariate data using graphical and numerical methods, probability, discrete and continuous probability distributions, simple linear regression, an understanding of good practice in study design, statistical inference, confidence intervals and hypothesis testing. Emphasis is placed on the development of statistical thinking.

Credit Hours

Min

MUS105 - Survey of Popular Music

General

Description

An introduction to important styles and genres of American popular music and their important composers, artists, and leaders. The music will be studied for its formal and expressive content and as statements about diverse group and individual identities in a complex culture.

Credit Hours

Min
3

MUS112 - Survey of Music

General

Description

Survey of Music is an advanced study of the development of music literature throughout history. This course will examine the music, composers, political climate and culture of all artistic eras. This class is required of all music majors and minors and is a prerequisite for Mus 301-302.

Credit Hours

Min
3

MUS204 - Hymnology

General

Description

A survey of the development of congregational song and the use of various styles of congregational music in the worship and evangelism of a congregation. Prerequisite: MUS 102.

Credit Hours

Min
3

MUS205 - Music Theory III

General

Description

The study of contemporary and traditional theory applicable to the 21st century musician with emphasis on upper triad structures, pentatonic scale, blues scales and harmonies. Prerequisite: MUS 104 or satisfactory placement test score. Co-requisite: MUS 205L

Description

A continuation of the Music Technology course covering advanced applications of music sequencing, Finale and Sibelius notation systems, digital voice recording and additional applications of computers and digital keyboards. Pre: MUS216

Credit Hours

Min
3

MUS322 - Music Methods for Children

General

Description

A survey of the materials and techniques for using music to teach children.

Credit Hours

Min
3

MUS326 - Survey of Music Business

General

Description

An overview of the music industry including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities. Same as MGM 326.

Credit Hours

Min
3

MUS330 - Brass Skills

General

Description

This course teaches basic performance competency and pedagogical practices for all brass instruments of the concert band.

Credit Hours

Min
1

MUS331 - Percussion Methods

General

Description

Prepares students to teach proper playing technique on all percussion instruments through a lab-style course.

Credit Hours

Min
1

MUS332 - String Skills

General

Description

This course covers techniques for teaching string skills to beginners. Students develop basic playing skills on orchestral string instruments and gain a basic reference of teaching strings in a school setting. Pre req MUS112 Survey of Music. Special Consideration MEN332 is a 16-week course.

Credit Hours

MUS493 - Music Production Internship

General

Description
MUS 493 Music Production Internship (varies) Practical application of principles and techniques learned in the classroom in an approved and supervised setting. Pre: permission. Graded Pass/Fail. (Fall, Spring)

Credit Hours

Min
3

MUS495 - Worship Internship

General

Description
Practical application of principles and techniques learned in the classroom in a supervised church or other approved situation. Pre: permission. Graded Pass/Fail. (Fall, Spring)

Credit Hours

Min
3

MUS497 - Music Internship

General

Description
Practical application of principles and techniques learned in the classroom in a supervised church, school, or other approved situation. Prerequisite: permission. Graded Pass/Fail. (Fall and Spring)

Credit Hours

Min
3

MUSI102 - Music Appreciation

General

Description
Students survey various styles and forms of music, including non-western, popular, and art music. Emphasis is placed on the coordinated training of the ear, eye, memory, and mind for participatory listening.

Credit Hours

Min
3

MUSI105 - Survey of Popular Music

General

Description
Students survey various styles and forms of contemporary music, including popular and art music. Emphasis is placed on the coordinated training of the ear, eye, memory, and mind for participatory listening.

Credit Hours

Min
3

MUSI415 - Worship Leadership

General

Description
A coverage of the principles of worship from Scripture and their application in current worship styles.

Credit Hours

Min
3

NSC101 - Survey of Biology

General

Description

This course focuses on fundamental principles of modern biology. It begins with the basic chemistry of life, moves to the cell as the basic unit of life, then to tissues and an overview of human organ systems. DNA replication, protein synthesis, and Mendelian genetics are covered in the study of heredity. Special Consideration: This course will not satisfy the Natural Science requirement in the General Education Core for majors in Biology, Exercise Science, Elementary Education, Middle Grades Education, Secondary Education with Biology Concentration, and Special Education, which specify NSC 103 Biology I.

Credit Hours

Min
3

NSC101L - Survey of Biology Lab

General

Description

This laboratory course will complement the NSC 101 Survey of Biology lecture course and provide an opportunity to reinforce concepts learned in class through observation and experimentation. Corequisite: NSC 101 Survey of Biology. Special Consideration: See the course description for NSC 101 regarding majors which cannot use this course to satisfy the Natural Science Lab course requirement in the Core Curriculum.

Credit Hours

Min
1

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- NSC101 - Survey of Biology

Additional Comments:

NSC103 - Biology I

General

Description

The essential concepts and fundamental principles of modern biology with major emphasis on the basic chemistry of life, the cell as the basic unit of life, the fundamentals of DNA and genetics, and a general overview of bacteria, fungi, and protists. (Fall)

Credit Hours

Min
3

NSC103L - Biology I Lab

General

Description

This laboratory course emphasizes the scientific method, involving observation, experimentation, data analysis, and critical thinking, as applied in the study of the biology in NSC 103. Co-requisite or prerequisite: NSC 103. (Fall)

Credit Hours

Min
1

Simple Requisites

Prerequisites

Type

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- NSC103 - Biology I

Additional Comments:

NSC104 - Biology II

General

Description

A continuation of the study of the essential concepts and fundamental principles of modern biology with a focus on the animal kingdom, comparative animal biology, the plant kingdom and topics in ecology. (Spring)

Credit Hours

Min
3

Simple Requisites

Prerequisites

Complete ALL of the following Courses:

- NSC421 - Genetics

Additional Comments:

NSC432 - Introduction to Pharmacology

General

Description

This course will introduce students to the study of drugs (natural and synthetic chemical agents), their interactions with drug receptors and chemical-signaling pathways, and how these interactions produce effects in biological systems. Students will also learn about common drugs used to treat various diseases and conditions and will be introduced to the industry of drug development and discovery.

3

Simple Requisites**Prerequisites****Type**

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- NSC103 - Biology I
- NSC215 - Human Anatomy & Physiology I
- NSC216 - Human Anatomy & Physiology II

Students must have earned 60 credits before taking this course.

Additional Comments:

NSC440 - Biochemistry

General

Description

This course is designed as an introduction to the organic structure of living systems. Pre: NSC 330. (alternate Spring)

Credit Hours

Min

3

Simple Requisites**Prerequisites****Type**

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- NSC330 - Organic Chemistry I

Additional Comments:

NSC445 - Introduction to Neuroscience

General

Description

This course presents the key principles of neuroscience through a systematic survey of the organization and function of the nervous system. Course content includes the foundational study of neurobiology, neurophysiology, and gross neuroanatomy. Students then learn about the neuronal regulation of sensory and motor functions, followed by an examination of the brain systems that mediate cognition and human behavior. The course culminates with an analysis of the molecular and cellular mechanisms of learning and memory. Prerequisites: NSC 104 Biology II and NSC 215 Human Anatomy & Physiology I.

Credit Hours

Prerequisite

Prerequisites

Complete ALL of the following Courses:

- NSC104 - Biology II
- NSC215 - Human Anatomy & Physiology I

Additional Comments:

NSC495 - Senior Thesis: Science

General

Description

The Senior Thesis provides an opportunity for a senior majoring in Science to complete an extended independent study project in preparation for graduate school. The project includes a science rigorous research component on a topic of interest to the student and is supervised by a full-time faculty member. Pre-permission, based on a senior thesis proposal.

Credit Hours

Min
3

NSCI105 - Introduction to Biology W/Lab

General

Description

This course focuses on essential concepts and fundamental principles of modern biology. It begins with the basic chemistry of life, moves to the cell as the basic unit of life along with the fundamentals of DNA and genetics, and ends with an overview of human body systems. The course also compares and contrasts the theory of evolution with creation accounts in the Scriptures. The course includes a lab component.

Credit Hours

Min
4

NSCI214 - Human Anatomy & Physiology for Health Professionals

General

Description

Students develop a broad conceptual knowledge of human anatomy, physiology, and body systems as they relate to disease causation, disease prevention, and health promotion. Emphases include the function and role of the integumentary, skeletal, muscular, nervous, endocrine, cardiovascular, respiratory, digestive, excretory, reproductive, and immune systems, and related disease states. This course also includes an introduction to Point University healthcare programs, an orientation to online library resources pertinent to healthcare professions, and reflection on historical contributions of the Church to this field.

- PREA201 - Introduction to Preaching

Additional Comments:

PREA510 - Preaching & Teaching for Change

General

Description

This course equips students to apply exegetical and hermeneutical principles for contextually appropriate preaching and teaching. Students "exegete" (analyze) a ministry context and construct a transformative preaching and teaching ministry appropriate to that context. Special Consideration: Qualified undergraduates may complete PREA 510 as a "swing course" in place of PREA 320 Advanced Preaching.

SOWK301 - Introduction to Social Work

General

Description

This course introduces students to the social work profession with a focus on historical foundations, professional licensure and continuing education unit (CEU) requirements, scope of practice and roles, and relationship to other disciplines and areas of service. As the introductory course in the baccalaureate Social Work Major, it takes a generalist approach to social work. Students begin to develop their personal philosophy of service as they reflect on how Christians have worked within the helping professions to carry out God's redemptive purposes in the world. During the course, students are required to submit to a criminal background check and fingerprinting in preparation for work in the field. Students may complete the background check through Point University's human resources (HR) department.

Credit Hours

Min
3

SOWK302 - Human Behavior & the Social Environment I: Infancy Through Adolescence

General

Description
Human Behavior & the Social Environment I-II provide a foundation for understanding the interrelatedness of human behavior (actions, conduct, and responses) and the systems with which they engage: individuals, small groups (families, peers, work groups), and larger groups (organizations, social service agencies). Through the lens of human development students examine important concepts for understanding human behavior; use conceptual frameworks to understand the behavior within the context of the social environment; and consider persons' involvement with other systems to assess individual, group, and organizational or community needs. Students recognize the role(s) of generalist social workers and employ the knowledge, values, and skills of generalist practice in their assessments. The course also explores problems and issues existing within the social environment that often impact behavior and functioning, including racism, poverty, gender, abortion, politics, and religion. This first course in the sequence focuses on Infancy, Childhood, and Adolescence. Prerequisite: SOWK 301 Introduction to Social Work.

Credit Hours

Min
3

SOWK401 - Social Welfare Theory

General

Description
This course introduces theories and structures undergirding social work, including historical, cultural, and philosophical roots; theories of human need and concepts of social and economic justice; and major social welfare structures and policies. Students critically examine the philosophy that every person regardless of position in society has fundamental human rights, such as freedom, safety, privacy, an adequate standard of living, health care, and education. The course introduces strategies designed to advance human rights and civil, political, environmental, economic, social, and social justice. Prerequisites: SOWK 301 Introduction to Social Work, SOCI 350 Social Problems. Special Consideration: SOWK 401 is a Writing Emphasis Course.

SOWK412 - Social Work & Diversity

General

Description

This course broadens students' understanding and skills for working with diverse individuals, families, groups, organizations, and communities. It assists students in effectively using empathy, reflection, and interpersonal skills to engage diverse clients and constituents using knowledge of human behavior and the social environment, along with person-in-environment and other multi-disciplinary frameworks. Prerequisites: SOWK 440 Social Work Practice I.

Credit Hours

Min
3

SOWK440 - Social Work Practice I: Individuals & Families

General**Description**

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This first course in the sequence provides foundations for social work practice at the micro level, including interviewing and relationship-building skills, case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course emphasizes the value of inter-professional collaboration in addressing human needs. Prerequisites: SOWK 301 Introduction to Social Work, SOWK 401 Social Welfare Theory, SOWK 402 Social Welfare Policy.

Credit Hours

Min
3

SOWK445 - Case Assessment & Management

General**Description**

This course focuses on how generalist social work practitioners and other service providers assess the needs of a client and arrange, coordinate, advocate for, monitor, mediate, negotiate, and evaluate the package of services designed to meet the needs of diverse clients and constituents. The course emphasizes the use and importance of inter-professional collaboration to achieve beneficial outcomes and the facilitation of effective transitions that advance mutually agreed on goals. Prerequisites: Either SOWK 401 Social Welfare Theory and SOWK 402 Social Welfare Policy (for Social Work Majors) or HREL 396 Counseling Theory & Procedures and HREL 312 Counseling Diverse Populations (for Human Relations Majors). Special Consideration: HREL 445 is a Writing Emphasis course.

Credit Hours

Min
3

SOWK450 - Social Work Practice II: Groups & Organizations

General**Description**

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This second course in the sequence provides foundations for social work practice at the mezzo level, including case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course builds skills in facilitating group bonding, decision-making, and functionality. It also highlights the value of inter-professional collaboration in addressing human needs. Prerequisite: SOWK 440 Social Work Practice I.

Credit Hours

Min
3

SOWK460 - Social Work Practice Iii: Communities

General**Description**

Together, Social Work Practice I-III (SOWK 440, 450, 460) prepare students to engage in generalist practice at the micro (individuals and their families), mezzo (groups and organizations), and macro (communities) levels. This third course in the sequence provides foundations for practice at the macro level, at which social workers assist vulnerable populations indirectly and on a much larger scale. Emphases include case assessment, evidence-informed intervention strategies for positive change, and outcomes evaluation. The course emphasizes the value of inter-professional collaboration in addressing human needs. Prerequisites: SOCI 355 Human Behavior in the Social Environment, SOWK 440 Social Work Practice I, SOWK 450 Social Work Practice II.

Credit Hours

Min
3

SOWK497 - Social Work Field Seminar

General**Description**

The seminar experience for the Bachelor of Social Work Program is designed to provide educational direction and support for the field placement. The seminar will assist students in the successful preparation for the field experience. Discussion and activity is focused around the integration, mastery, and application of practice theory in conjunction with completing field-related paperwork, a criminal background check, securing liability insurance, arranging and participating in interviews, and designing specific learning experiences that build skills for working with individuals, families, groups, organizations, and communities. Students' participate in weekly activities that include but are not limited to discussion forums, presentations, and paperwork completion. Additionally, students explore topics such as dealing with conflict in the field and navigating a successful internship. Prerequisites: All other courses in the Social Work Major with the exception of SOWK 498A-B Social Work Internship. Special Consideration: SOWK 497 is graded on a pass/fail basis using a point scale.

SOWK498A - Social Work Internship I: Fieldwork

General

Description

In this capstone experience for the Bachelor of Social Work, students practice generalist social work competencies under the oversight of a Point instructor and a qualified field supervisor, demonstrating their ability to integrate theory into practice. Students are responsible for identifying potential sites (preferably near their home) and inquiring about internship opportunities. The field supervisor must be a licensed social worker who holds a bachelor's or master's degree in social work from a CSWE-accredited program, has a minimum of two years of post-social work degree practice, and currently works full-time in the profession. Both the site and the supervisor must be vetted and approved by the social work program director two sessions (16 weeks) prior to the start of the internship. Point faculty assist with arrangements once the supervisor and site are confirmed. To receive credit for SOWK 498A-B, students must complete 400 hours of field education working with individuals, families, groups, organizations, and communities (approximately 25 hours per week over two 8-week session). Toward this end, specific training models are designed by the student and program director in cooperation with the supervisor. During SOWK 498A-B, students also complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. Prerequisites: All other courses in the Social Work Major, including SOWK 497 Social Work Field Seminar. Special Consideration: SOWK 498A is graded on a pass/fail basis using a point scale.

Credit Hours

Min

SOWK498B - Social Work Internship II: Fieldwork

General

Description

In this continuation of SOWK 498A, students practice and demonstrate generalist social work competencies under the oversight of a Point instructor and a qualified field supervisor. During SOWK 498A-B, students complete the BSW Generalist Social Work Capstone Portfolio Project, which includes a reflection paper and supporting documents that display the extent to which the student understands and can apply the knowledge, skills, and values of generalist social work practice. Prerequisites: All other courses in the Social Work Major, including SOWK 497 Social Work Field Seminar and SOWK 498A Social Work Internship I. Special Consideration: SOWK 498B is graded on a pass/fail basis using a point scale.

Credit Hours

Min
3

SOWK499 - Social Work Internship Continuation

General

Description

Bachelor of Social Work students continue the fieldwork begun in SOWK 498A or SOWK 498B beyond the end of 8-week session allotted for that experience. They enroll in this course and pay a \$100 continuation fee each session until the fieldwork is complete, at which time they receive a grade for the internship.

SPA303 - Spanish Conversation

General

Description

Practice in conversation skills integrated with listening comprehension, reading, and writing skills. Prerequisite: SPA 202 or permission.

Credit Hours

Min
3

SPA401 - Spanish Literature

General

Description

Critical reading and interpretation of literature written in Spain through the study of representative texts in various genres. Includes practice in listening, speaking, and writing skills. Taught in Spanish. Prerequisite: SPA 202 or permission.

Credit Hours

Min
3

SPA490 - Studies in Spanish

General

Description

SPA 490 Studies in Spanish (credits vary) This course, flexible in procedure and content, focuses on selected studies in Spanish language and/or literature. Prerequisites: As announced.

Credit Hours

Min
3

SPAN101 - Beginning Spanish

General

Description

This highly interactive, introductory course is designed to help students develop a beginning level of competency of the Spanish language. The course follows a communicative approach utilizing 'real-life' language immersion rather than the more 'traditional' method of language learning that incorporates typical classroom

drills. Using language learning labs, students will practice listening and speaking skills as they participate in authentic conversations in Spanish that would be experienced when traveling or while interacting with native speakers. In addition, students will acquire rudimentary grammar and writing skills, all while learning fascinating aspects of Spanish, Latin and Hispanic cultures.

Course Attributes

Online (ONL)

SPE201 - Survey of Special Education

General

Description

Overview and history of Individuals with special needs, including possible impact, causes, and characteristics of specific needs across life spans and cultural diversity. Topics include federal laws, supreme court cases, legal requirements, ethical implications, education strategies, collaboration between regular and special educators, inclusion, family involvement, and current issues relating to individuals with special needs. GaPSC Standards: 1, 2, 3,9,10 InTASC Standards: 1(f), 1(h), 2(h), 2(j), 2(l), 3(a), 3(f), 3(n), 9(j), 9(m), 9(o), 10(l), 10(m), 10(o) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 6.0., 6.1, 6.2, 6.3

Credit Hours

Min
3

SPE210 - Contemporary Issues and Collaboration In Special Education

General

Description

Topics related to services and instruction in the field of special education. Emphasis is on school-related issues such as eligibility and placement, the importance and role of individual education plans, transition planning, special education policies, and response to intervention. Topics also include models for collaborating with families of individuals with disabilities, related service providers, mental health providers, and other professionals and paraprofessionals. Emphasis is on family systems, teaming, consultation, and diversity. GaPSC Standards:1, 3,9,10 InTASC Standards:1(c), 1(h), 1(i), 1(j), 1(k), 3(a), 3(c), 3(h), 3(k), 3(l), 3(n), 3(q), 3(r), 9(c-e), 9(i), 9(m), 10(b-e), 10(l-m), 10(q) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 4.0, 4.2, 4.3, 5.0, 5.5, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE220 - Characteristics of Mild Disabilities

General

Description

Cognitive, language, academic learning, and social-emotional characteristics of individuals with mild disabilities. Issues surrounding assessment, identification, and placement will be explored, including cultural factors and issues relevant to non-

native speakers of English. Emphasis is placed on serving and supporting the unique individual needs of students with mild disabilities within the general education curriculum and least restrictive settings. Pre-requisite: Survey of Special Education and Contemporary Issues; Collaboration in Special Education. GaPSC Standards: 1, 2, 3, 8, 9 InTASC Standards: 1(b), 1(d), 1(e), 1(f), 1(i), 2(g-i), 2(o), 3(a), 3(d), 3(i), 8(a), 8(c), 8(j), 9(a), 9(i), 9(j) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 5.0, 5.1, 6.0, 6.2, 7.0, 7.3

Credit Hours

Min
3

SPE301 - Methods of Instruction for Mild Disabilities

General

Description

Focuses on effective teaching for students with or at risk for mild disabilities. Emphasis is placed on research-based instructional methods, evidence-based practices, specially designed interventions, diversity, collaboration, instructional planning and supplementary aids and services spanning grades K-12. Emphasis is on planning, integrating, and implementing the instruction of reading skills into all content areas. Pre-requisite: Admission to TEP. GaPSC Standards: 1, 2, 4, 5, 7, 8 InTASC Standards: 1(b), 1(d-i), 2(a-c), 2(e), 2(g-h), 4(a-b), 4(d-h), 4(k-l), 5(b), 5(h), 5(j), 5(m), 7(b-d), 7(i-k), 8(a-b), 8(d-e), 8(g-h), 8(l) CEC Initial Preparation Standards: 3.0, 3.1, 3.2, 3.3, 5.0, 5.1, 5.4, 5.6, 5.7

Credit Hours

Min
3

SPE302 - Reading Instruction for Students With Mild Disabilities

General

Description

The study of the dynamics of the reading process and major issues in reading instruction for all grade levels. Focuses on translating evidence-based teaching methods related to language and literacy instruction for individuals with dyslexia and other mild disabilities. Information and evidence-based strategies for identifying language and literacy difficulties are provided. Emphasis is on educational applications-designing and implementing interventions and instruction for students with reading disabilities. (Section added to existing ECI/ MGI 302 Reading Skills) Pre-requisite: Admission to TEP. GaPSC Standards: 1, 2, 4, 5, 7, 8 InTASC Standards: 1(a-b), 1(d-g), 2(a-k), 4(a-h), 4(j-l), 4(n), 5(c-d), 5(f), 5(h), 7(a-f), 8(a-m) CEC Initial Preparation Standards: 3.0, 3.1, 3.2, 3.3, 4.0, 4.4, 5.0, 5.1, 5.4, 5.6

Credit Hours

Min
3

SPE303 - Reading Interventions & Programs for Students With Mild Disabilities

General

Description

Focuses on the creation of reading interventions for students with disabilities. Strengthens the application of translating evidence-based teaching methods of reading into specially designed programs of instruction (and supplementary aids and services) for individuals with dyslexia and other mild disabilities. Emphasis is on the creation and successful implementation of interventions based on the unique, individual reading needs of students with disabilities as defined through individualized educational programs (IEPs). Pre-requisite: SPE 302 GaPSC Standards: 1, 2, 4, 5, 7, 8 InTASC Standards: 1(a-b), 1(d-g), 2(a-k), 4(a-h), 4(j-l), 4(n), 5(c-d), 5(f), 5(h), 7(a-f), 8(a-m) CEC Initial Preparation Standards: 3.0, 3.1, 3.2, 3.3, 4.0, 4.4, 5.0, 5.1, 5.4, 5.6

Credit Hours

Min
3

SPE305 - Math Instruction for Students With Mild Disabilities

General

Description

A course dealing with the concepts and materials which are appropriate for the cognitive development for all grade levels, with a portion of the class devoted to mathematics principles. Focuses on translating evidence-based teaching methods related to individuals with mild disabilities. Information and evidence-based strategies are provided. Emphasis is on educational applications-designing and implementing interventions and instruction for students with math disabilities. (Section added to existing MGI 305 Math Course) Pre-requisite: TEP Block 2 courses. GaPSC Standards: 1, 2, 4, 5, 7, 8 InTASC Standards: 1(a-b), 1(d-g), 2(a-k), 4(a-h), 4(j-l), 4(n), 5(c-d), 5(f), 5(h), 7(a-f), 8(a-m) CEC Initial Preparation Standards: 3.0, 3.1, 3.2, 3.3, 4.0, 4.4, 5.0, 5.1, 5.4, 5.6

Credit Hours

Min
3

SPE308 - Positive Behavior Support & Behavior Management

General

Description

Positive behavior supports, behavior management and behavior interventions for students with or at-risk for mild disabilities. Emphasis is determining antecedents to behaviors, functions of behavior, replacement behaviors, positive reinforcements, evidence-based practices, functional behavior assessment, and behavior intervention plans appropriate for inclusive and least restrictive settings Pre-requisite: Admission to TEP. GaPSC Standards: 2, 3, 8 InTASC Standards: 2(a), 2(f-g), 3(a), 3(c), 3(e), 3(i-k), 8(a), 8(e) CEC Initial Preparation Standards: 2.0, 2.1, 2.2, 2.3, 5.0, 5.4, 5.6

Credit Hours

Min
3

SPE325 - Special Education: Policies and Procedures

General

Description

Focuses on the entire special education process, referrals, eligibility, Individual Education Programs (IEP), re-evaluations, progress monitoring, least restrictive environment, free appropriate public education, as well as substantial and meaningful educational benefit based on a student's disability. Pre-requisite: Admission to TEP. GaPSC Standards: 9, 10 InTASC Standards: 9(f), 9(j), 10(b), 10(d), 10(k), 10(l), 10(n) CEC Initial Preparation Standards: 6.0, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE330 - Assessment of Individuals With Disabilities

General

Description

Educational, behavioral, and adaptive behavior assessment of individuals with disabilities. Basic measurement concepts and procedures for administering standardized, informal, and curriculum-based tests. Directed experiences in observing and recording behavior. Practice in analyzing assessment results and determining eligibility of a disability. Pre-requisite: TEP Block 1 courses GaPSC Standards: 6 InTASC Standards: 6(a-p) CEC Initial Preparation Standards: 4.0, 4.1, 4.2, 4.3, 4.4, 5.0, 5.2

Credit Hours

Min
3

SPE340 - Characteristics and Methods of Instruction for Students With Mild Autism

General

Description

Introduction to children with autism spectrum disorders (ASD). Social, behavioral, and other characteristics; evidence-based assessment and intervention strategies. Emphasis is placed on serving and supporting the unique individual needs of the students with mild autism within the general education curriculum and least restrictive settings. Pre-requisite: TEP Block 1 courses. GaPSC Standards: 1, 2, 3, 4, 5, 6, 7, 8 InTASC Standards: 1(a-c), 1(e), 1(g), 2(a-k), 3(a), 3(d), 3(l), 4(a-b), 5(a-i), 5(n), 6(a), 6(e), 7(a-f), 8(a-i) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 2.3, 3.0, 3.2, 4.0, 4.1, 4.2, 4.3, 4.4, 5.0, 5.1, 5.2, 5.3, 5.4, 5.5, 5.6, 5.7, 7.0, 7.3

Credit Hours

Min
3

SPE350 - LRE for Students With Mild Disabilities Prek - 5th Grade

General

Description

Focuses on students with special needs in preschool through grade 5. Topics include legal requirements, collaboration between general and special educators, family partnerships, Response to Intervention, positive behavior support, evidence-based instructional strategies, progress monitoring, the IEP process, accommodations, and other supplementary aids and services for students with disabilities in the general education classroom. Pre-requisite: TEP Block 1 courses. GaPSC Standards: 1, 2, 3, 5, 6, 7, 8, 10 InTASC Standards: 1(a-k), 2(a-n), 3(a-r), 4(g), 5(n), 5(s), 6(e), 6(k), 7(b-c), 7(e), 7(i-k), 7(n-q), 8(a-c), 8(k-m), 10(a-b) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 3.0, 3.2, 4.0, 4.3, 4.4, 5.0, 5.1, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE391 - Block 1 Lab Experience

General

Description

This lab experience provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 1 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing IEP's, designing a general education collaborative project, and participating in meetings involving decision-making processes for students with disabilities. Pre-requisite: Admission to TEP program. GaPSC Standards: 1, 2, 3, 8 InTASC Standards: 1(a-c), 2(a-f), 3(a-h), 8(a-i) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 2.3, 3.0, 3.1, 3.2, 3.3, 6.0, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE392 - Block 2 Lab Experience

General

Description

This lab experience provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 2 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing IEP's, designing a general education collaborative project, and participating in meetings involving decision-making processes for students with disabilities. Pre-requisite: TEP Block 1 courses. GaPSC Standards: 1, 2, 3, 8 InTASC Standards: 1(a-c), 2(a-f), 3(a-h), 8(a-i) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 2.3, 3.0, 3.1, 3.2, 3.3, 6.0, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 7.0, 7.1, 7.2, 7.

Credit Hours

Min
3

SPE405 - Integration of Technology for Mild Disabilities

General

Description

Practical training in the integration of technology in the classroom for students with mild disabilities. Emphasis is placed on assistive technology software and devices for students with several types of disabilities, universal design, and exploration of extensions, apps, multiple types of software programs, organization and productivity options, and how to use those available options to meet the unique individual needs of the student with a disability in the general education curriculum and least restrictive settings. (Section added to existing EDU 405 Integration of Technology) Pre-requisite: TEP Block 1 courses. GaPSC Standards: 3, 4, 5, 6, 7, 8, 9, 10 InTASC Standards: 3(g), 3(h), 3(j), 3(m), 4(g), 5(c), 5(k-l), 6(i), 7(k), 8(g), 8(n-o), 8(q-r), 9(d), 9(f), 10(e), 10(g), 10(n) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 5.0, 5.2, 5.3, 5.4

Credit Hours

Min
3

SPE409 - Student Advocacy and Transition Services

General

Description

Student advocacy development, instructional procedures, social policies, and school and post-school factors that predict successful transitions for individuals with disabilities. Collaborative transition models, independent living, education/training, and community-based instruction are emphasized, as are service-delivery issues related to diverse populations. Pre-requisite: TEP Block 2 courses. GaPSC Standards: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 InTASC Standards: 1(a-c), 2(a-d), 2(f), 3(b-f), 3(h), 4(a-h), 5(b-e), 5(g-h), 6(b), 6(d), 6(e), 6(g), 7(b-c), 7(e-f), 8(a), 8(c), 8(e), 9(d), 10(d), 10(e), 10(g), CEC Initial Preparation Standards: 2.0, 2.1, 2.2, 3.0, 3.2, 4.0, 4.4, 5.0, 5.1, 5.5, 6.0, 6.3, 6.5, 7.0, 7.1, 7.3

Credit Hours

Min
3

SPE420 - LRE for Students With Mild Disabilities Grades 6-12

General

Description

Students with special needs grades 6 through 12, including causes and characteristics. Topics include legal requirements, co-teaching, supporting students with disabilities in middle and high school classes, response to intervention, evidence-based instructional strategies, IEP process, family partnerships, current issues, and providing students with disabilities access to state standards through accommodations and other supplementary aids and services. Pre-requisite: TEP Block 2 courses. GaPSC Standards: 1, 2, 3, 5, 6, 7, 8, 10 InTASC Standards: 1(a-k), 2(a-n), 3(a-r), 4(g), 5(n), 5(s), 6(e), 6(k), 7(b-c), 7(e), 7(i-k), 7(n-q), 8(a-c), 8(k-m), 10(a-b) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 3.0, 3.2, 4.0, 4.3, 4.4, 5.0, 5.1, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE493 - Block 3 Lab Experience

General

Description

This lab experience provides students with school-based experiences relevant to the needs of students with mild disabilities coinciding with Block 3 special education courses. Students act as observers and participants by planning for and teaching students with disabilities, developing IEP's, designing a general education collaborative project, and participating in meetings involving decision-making processes for students with disabilities. Pre-requisite: TEP Block 2 courses. GaPSC Standards: 1, 2, 3, 8 InTASC Standards: 1(a-c), 2(a-f), 3(a-h), 8(a-i) CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 2.3, 3.0, 3.1, 3.2, 3.3, 6.0, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 7.0, 7.1, 7.2, 7.3

Credit Hours

Min
3

SPE497 - Teaching Practicum

General

Description

Observation, participation, and directed teaching in an approved school setting will be carried out under the supervision of a selected supervising special education teacher and University personnel. A seminar with the University supervisor is scheduled throughout the semester. Assessment will focus on preparation and teaching procedures. Pre-requisite: Completion of all courses and passing scores in two of the four GACE tests for Special Education. GaPSC Standards: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 InTASC Standards: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 CEC Initial Preparation Standards: 1.0, 1.1, 1.2, 2.0, 2.1, 2.2, 2.3, 3.0, 3.1, 3.2, 3.3, 4.0, 4.1, 4.2, 4.3, 4.4, 5.0, 5.1, 5.2, 5.3, 5.4, 5.5, 5.6, 5.7, 6.0, 6.1, 6.2, 6.3, 6.4, 6.5, 6.6, 7.0, 7.1, 7.2, 7.3

SPM200 - Principles of Coaching

General

Description

This course offers a broad introduction to the profession of coaching in sports. Students explore various aspects of sport coaching, including recruiting, budgeting, athlete development, and leadership. The course introduces students to various coaching environments, including youth league, club and interscholastic teams, high school, college and high level amateur sport, professional and Olympic level, and Paralympic sport coaching.

Credit Hours

Min
3

SPM300 - Internship in Sports & Recreational Management

General

Description

This course is a supervised, structured work experience designed to augment and develop practical experience in sports record keeping and management. (Both) Approval required. Same as PHE 300.

Credit Hours

Min
3

SPM423 - Sports Facilities Management

General

Description

The principles and procedures involved in the design and management of sports facilities as well as programming and events management. Prerequisite: BUS 225 and Junior standing.

Credit Hours

Min
3

SPM425 - Team Management

General

Description

An overview of the motivational, psychological and organizational considerations involved in the coaching of teams and individual athletes. Prerequisite: BUS 225 and Junior standing.

Credit Hours

Min
3

SPM427 - Adm. of Fitness & Wellness Programs

General

Description

Designed to examine all phases of fitness and wellness programs including the administration of fitness tests, program planning and evaluation. Prerequisite: BUS 225 and Junior standing.

Credit Hours

Min
3

SPM429 - Issues in Sports Management

General

Description

An examination of finance, marketing and promotion, selected legal problems, and human relations in the field of sports management. Prerequisite: BUS 225 and Junior standing. (alternate Fall)

Credit Hours

Min
3

SPM497 - Internship in Sports & Recreational Management

General

Description

Students engage in field education providing an opportunity to learn through observation and participation. Specific training models are designed by the student and professor in cooperation with an approved field observer. Prerequisites: Two Sports Management (SPM) courses and permission from the Management Department Chair.

Credit Hours

Min
3

STMN500 - Strategic Ministry Orientation

General

Description

In this online orientation, students are introduced to the Master of Strategic Ministry program, the faculty, and their fellow students. Students are also oriented to Point University and the educational resources available to M.S.M. students.

Credit Hours

Min
3

STMN540 - Character & Ministry of Jesus: Israel Study Tour

General

Description

Graduate apprentices complete a study tour of Israel, reflecting on how Jesus' character and ministry philosophy were manifested in historical context. Against this background, students formulate goals and benchmarks for their own spiritual growth, relationships, and approach to contemporary ministry. They monitor their progress throughout the remainder of the apprenticeship. Special Consideration: This course is open only to Master of Strategic Ministry students.

Credit Hours

Min
3

STMN590 - Strategic Ministry Capstone

General

Description

Master of Strategic Ministry students synthesize biblical and ecclesiological insights, congregational research, leadership and ministry experiences, and spiritual formation into a personal philosophy of strategic ministry for ongoing service. Special Considerations: Point offers this course online during Spring Session 2. It is open only to Master of Strategic Ministry students nearing completion of their degree program.

Credit Hours

Min
3

STMN511 A - Strategic Leadership Practices

General

Description

Graduate apprentices analyze and critique strategic leadership practices, with Christ’s Church of the Valley (Phoenix, Arizona area) serving as a major case study. Students then apply sound leadership principles in a variety of ministry contexts throughout the apprenticeship. Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions— Part A for 0.5 credits during Fall 1

Credit Hours

Min
3

STMN511 B - Strategic Leadership Practices

General

Description

Graduate apprentices analyze and critique strategic leadership practices, with Christ’s Church of the Valley (Phoenix, Arizona area) serving as a major case study. Students then apply sound leadership principles in a variety of ministry contexts throughout the apprenticeship. Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions— Part B for 1 credit during Fall 2

Credit Hours

Min

STMN564 A - Intercultural Ministry

General

Description

This intensive learning experience prepares apprentices to lead churches in partnering with local and global missions to expand the Kingship of God. The course features three primary learning modules: (1) Mission Strategies focuses on the best philosophical approaches and strategies for implementing a comprehensive global missions program in the local church context. Topics include leadership formation, targeted mission strategies, selecting mission partners, collaborating with international mission teams, leading congregational mission teams, reporting, marketing strategies, and resolving the tension between stewarding God's resources for foreign missions and congregational concerns. (2) Neighborhood Ministries focuses on assessing local needs and embracing neighborhood mission opportunities through service projects and other initiatives aimed at making a Kingdom impact. (3) Strategic Mission Implementation offers students the opportunity to design, communicate, lead, and evaluate a global outreach effort, such as a short-term mission trip or ministry project. Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions —Part A for 2 credits during Fall 1, Part B for 2 credits during Fall 2, Part C for 2 credits during Spring 1, and Part D for 3 credits during Spring 2, for a total of 9 credits. Student transcripts will include an IP (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.

STMN565 A - Pastoral Ministry

General

Description

This intensive learning experience prepares apprentices to provide pastoral leadership and service in the church and community. The course features three primary learning modules: (1) Applied Homiletics develops advanced abilities to write and deliver effective sermons to large groups. Students synthesize skills in biblical interpretation, cultural interpretation, practical application, homiletical organization, and delivery. (2) Neighborhood Ministries focuses on assessing local needs and embracing neighborhood mission opportunities through service projects and other initiatives aimed at making a Kingdom impact. (3) Practical Ministry focuses on personal evangelism and pastoral care during life transitions, such as baby/child dedications, baptisms, weddings, and funerals. Students also develop strategies for time management, life balance, and maintaining their personal walk with God. Special Consideration: This course is one of nine Ministry Concentrations for the Master of Strategic Ministry program. MSM apprentices complete one Concentration during Fall Term for 4.5 credits and a different Concentration during Spring Term for 4.5 credits. For a Fall Concentration, they should enroll in Part A for 2 credits during Fall Session 1 and Part B for 2.5 credits during Fall Session 2. For a Spring Concentration, they should enroll in Part C for 2 credits during Spring 1 and Part D for 2.5 credits during Spring 2. Student transcripts will include an 'IP' (In Progress) for the first part until both parts are complete, at which time a final grade will be assigned for the 4.5 credit course as a whole.

STMN567 A - Special Needs Ministry

General

Description

This intensive learning experience prepares apprentices to provide leadership for meaningful ministries with people who have special needs in churches and similar organizations. The course features three primary learning modules: (1) Classroom Management introduces specific applications, methods, and strategies for teaching exceptional students with mild to moderate disabilities. It includes strategies for building relationships and partnerships with parents and volunteers. (2) Equipping Parents focuses on preparing adults to be the primary spiritual guides for their special needs children. (3) Safety & Security focuses on identifying threats and designing comprehensive safety and security strategies for specific ministry contexts. Topics include security issues facing churches today, security staff, employee security, building and grounds security, evacuation and lockdown, medical response, offering/financial security, and screening and training volunteers, especially for ministries involving children and youth. (3) Special Needs Events focuses on assessing needs and designing programs and events for special needs people and their families, such as an Exceptional STARS (special needs sports) program. Special Consideration: Master of Strategic Ministry apprentices complete this course over four sessions —Part A for 2 credits during Fall 1, Part B for 2 credits during Fall 2, Part C for 2 credits during Spring 1, and Part D for 3

credits during Spring 2, for a total of 9 credits. Student transcripts will include an IP (In Progress) for each part until the course is complete, at which time a final grade will be assigned for the course as a whole.

Credit Hours

Min
3

THE405 - Christ & Culture

General

Description

An integrated course that brings together knowledge gained from previous courses in Biblical Studies, Theology, and Humanities. This capstone course focuses on the integration of culture and the Christian worldview. The final section of the course involves discussion of one tangible outcome of the Christian worldview in contemporary culture, namely, the integration of students' faith and calling in their projected career field and place of work. Pre: Senior standing and either BBS 302 or THE 301. (Fall, Spring, Summer)

Credit Hours

Min
3

THE451 - Theology of Worship

General

Description

This course will assist the developing worship leader in balancing theory and praxis, emphasizing that worship constitutes much more than music and singing. To that end, this course is designed for the development of any pastoral roles who creatively present, teach or proclaim the Word of God for the purpose of spiritually forming the congregation. Biblical, historical, philosophical and theological aspects of corporate worship planning and presentation will be explored. Attention will be given to developing skills and resources for creative and meaningful worship leading from traditional to contemporary liturgies. Emphasis will also be placed upon the personal, spiritual development of the worship leader(s), and how the development of these personal practices impacts his/her effectiveness.

Credit Hours

Min
3

THE490 - Studies in Religion & Theology

General

Description

A course flexible in procedure and content focused on a selected study from the fields of Christian theology or contemporary religions. Prerequisite: THE 301 and as announced.

Credit Hours

Min
3

THEO301 - Theological Foundations for the Christian Life

General

Description

Students explore major theological ideas in Scripture with a focus on how they inform Christian thought. Designed to introduce how to think and live theologically, this study offers a solid theological basis for integrating biblical ideals into life, ethics, business and church community. Prerequisites: BIBL 103 The Drama of Scripture and BIBL 306 Scripture: Reading & Interpretation.

THEO310 - Spiritual Formation: Kingdom Living

General

Description

Students explore how God uses Scripture, people, contexts, events, literature, and historical Christian disciplines to form and transform believers through the work of the Holy Spirit. The course also introduces principles of congregational formation.

Prerequisites: BIBL 306 Scripture: Reading & Interpretation, CHAR 302 How Should I Live? Habit, Virtue, and the Formation of Character, or permission from the Biblical Studies Department Chair. Special Consideration: Qualified undergraduates may complete THEO 535 Promoting Spiritual Formation & Discipleship as a "swing course" in place of THEO 310.

Credit Hours

Min
3

THEO390 - Special Topics in Theological Studies

General

Description

Under faculty supervision, students conduct advanced studies and/or explore personal interests in the field of Theological Studies. Special Considerations: Requires approval of the student's academic advisor, faculty department chair, and the Assistant Vice President for Professional Studies. Since topics vary from session to session, students may repeat this course for credit.

THEO405 - Christ - Culture & Career

General

Description

THE 405 Christ, Culture & Career (3 credits) In this capstone course, students draw upon their University studies in Bible, Theology, Humanities, and the Sciences to integrate culture and a Christian worldview. In the final portion of the course, they pursue one tangible outcome of a Christian worldview in contemporary culture—namely, integration of their faith and calling in their projected vocation or place of service. Prerequisites: BBS 102 Drama of Scripture, BBS 202 Jesus: The Focus of Scripture, and BBS 304 Scripture: Reading & Interpretation, or permission from the Biblical Studies Department Chair. Recommended: Students should complete THE 405 as the final course in their Character Core, Biblical Studies Minor, or Biblical Studies Major. Special Consideration: THE 405 is a Writing Emphasis course.

Credit Hours

Min
3

THEO445 - Theology of Sin & Salvation

General

Description

Students explore biblical doctrines concerning the nature and effects of human sin and of God's provision of salvation, including the doctrines of grace, redemption and atonement, the person and work of Christ, the nature of saving faith, and the role of the Holy Spirit in the life of the believer.

Credit Hours

Min
3

THEO510 - The Emerging Kingship of God

General

Description

This course provides an overview of the biblical metanarrative, with focus given to the emerging Kingship of God (realized eschatology) and the Missio Dei (mission of God). Students analyze, evaluate, and apply historical, apostolic, and orthodox elements of Christianity in order to think biblically and theologically about God's redemptive movement throughout the world.

Credit Hours

Min
3

THEO525 - The Church As God's Agent of Transformation

General

Description

This course focuses on the role the church plays in God's redemptive story. Using the narrative of Luke-Acts (with its focus on breaking down barriers) as an interpretive center, students construct an ecclesiology that is biblical and holistic from a global perspective.

Credit Hours

Min
3

THEO530 - Life Together Retreat

General

Description

Students participate in a five-day retreat during which they explore and experience biblical concepts of corporate spirituality, well-being, and growth through the conceptual framework of Dietrich Bonhoeffer's Life Together.

Credit Hours

Min
3

THEO535 - Promoting Spiritual Formation & Discipleship

General

Description

Students research the biblical concept of holistic spirituality, the expectation of spiritual growth of the minister, and the means of spiritual well-being and growth through classic spiritual disciplines, such as meditation, prayer, Lectio Divina,

simplicity, solitude, and service. They integrate a holistic model of spirituality with discipleship strategies for spiritual well-being in the minister and for the ministry context. Special Consideration: Qualified undergraduates may complete THEO 310 Spiritual Formation: Kingdom Living.

Credit Hours

Min
3

YMIN205 - Contemporary Models for Youth & Family Ministry

General

Description

Students explore and critique a variety of contemporary approaches to youth and family ministry and discipleship in the local church and community. Examples include family-based models, mission-based models, sports ministry, and ministry through social media.

Credit Hours

Min
3

YMIN305 - Adolescent Growth & Maturation

General

Description

Building on PSYC 204 Developmental Psychology, students make a more in-depth investigation of adolescent psychology and the impact of social, cultural, and spiritual influences on growth and maturation. The course highlights approaches to helping adolescents put on their adulthood as they put on Christ.

Credit Hours

Min
3

YMIN310 - Practical Skills for Youth & Family Ministers

General

Description

This course focuses on essential skills, tools, and resources for youth and family ministers. Examples include designing effective educational experiences for youth, maintaining safety and security, budgeting, and event and project management. Students explore the wide range of resources available to leaders engaged in ministry and discipleship.

Credit Hours

Min
3

YMIN315 - Interpersonal Skills for Youth Family Ministers

General

Description

This course develops important interpersonal skills for youth and family ministers. Examples include elements of pastoral care, small group leadership, classroom management, volunteer mobilization, legal and ethical issues, and building effective partnerships with parents and volunteers.

Credit Hours

Min
3

YMIN405 - Ethics in Youth & Family Ministry

General

Description

This course focuses on ethics of professional practice for youth and family ministers, including appropriate personal and professional boundaries, ethical parameters of engaging in family dynamics, legal requirements in situations of risk, ethical implications of social and technological changes, and respect for diverse cultural values.

Credit Hours

Min
3

YMIN420 - Parent Education & Discipleship

General

Description

This course equips ministers with principles and practical skills for guiding and supporting parents. Areas of focus include how parents influence, teach, guide, and disciple children and adolescents; parental roles in spiritual formation and discipleship; psychological, social, and behavioral outcomes of different parenting styles and family structures; the impact of societal trends on parenting; changing parenting roles across the lifespan; and the influence of cultural differences and values.

Credit Hours

Min
3

YMIN497 - Practicum in Youth & Family Ministry

General

Description

Students engage in youth and/or family ministry in a local church or parachurch setting under the supervision of a seasoned minister. Students may complete the practicum at a Point-approved site near their home under a Point-approved field

mentor. Special Consideration: Students normally complete YMIN 415 as the final course in the Youth & Family Ministries Major. They may complete the practicum earlier with permission from the program coordinator.
