**We are a fast growing, fast paced church that is moving from a building campaign (fully paid off in 2 1/2 years) into a sending season. We look to develop the next generation of pastors and equipping them well. We are technically Southern Baptist, but are essentially non-denominational (with the lead and exec coming from Johnson and Point). Our staff is close knit and truly cares for one another. We are in a more rural/lake setting that is fast growing with young adults and families. Our student ministry averages about 90 a week and we have just started groups for Young Adults and are looking to expand on that work.**
