Admissions

Requirements for Admission

Admission policy and decisions are administered by the Chief Enrollment Officer and the Admission Committee of Point University. Admission is granted by the Admission Committee on the basis of satisfactory evidence that a student has the ability to succeed at Point University. In keeping with the Mission and Goals of the University, the admission process seeks reliable confirmation of a student's academic preparation, social development, and openness to spiritual formation in a Christian context.

Students can find the full list of the minimum requirements for admission [here](#).

Application

Students who want to apply for admission will begin by [creating an account](#) and completing the application. Students can contact the Office of Admissions with questions about the University and their applications.

Transfer Credits

Students may transfer credits to Point University for relevant courses with a C-minus or higher grades from institutions accredited as degree-granting by a regional accrediting body for higher education at the time the coursework was completed. Credits from colleges that are accredited by other accrediting bodies as recognized by the U.S. Department of Education, are considered

on a case-by-case basis. The number of credits that can be transferred varies according to the chosen degree program.

Satisfactory Academic Progress (SAP)

Federal and State financial aid regulations require that students meet specific Satisfactory Academic Progress (SAP) requirements to maintain eligibility for financial aid. Students' academic records are evaluated each semester to determine if these requirements are met.

1. Maintain a cumulative GPA of 2.0 or higher for undergraduate students or 3.0 or higher for graduate students.
2. Earn a passing grade for at least 66.67% of attempted credits.
3. Be able to complete the program within 150% of its published length. For example, a 120-credit-hour program must be completed within 180 credit hours.

Students who do not meet the SAP requirements for 1 term will be placed on Financial Aid Warning status and allowed an additional term with financial aid to improve their status. Students who do not meet the SAP requirements for 2 consecutive terms will be placed on Financial Aid Suspension. These students are not eligible for financial aid until they are determined to have met the SAP requirements, unless an appeal is approved.

Students on Financial Aid Suspension may appeal. Appeals can be filed in the Student Forms system at <https://point.studentforms.com> (the Campus Logic app through the mypoint.edu homepage). In addition to completing the SAP appeal request and providing supporting documentation, students will need to meet with an academic advisor to complete an academic success plan which their advisor will

submit to the appeals committee. Students who have an approved appeal are placed on Academic Probation for 1 term. If multiple terms are needed to meet SAP requirements, students may appeal again for future terms provided they show academic improvement towards meeting SAP requirements while on Probation.

Payments

Students can contact Student Billing about charges, balances, and payments on their account. Payment options include:

- Set up a payment plan and pay through the Touchnet Payment Center on mypoint.edu
- Pay in person at the Student Financial Services Desk in the Lanier Academic Center
- Send your payment by mail: 817 3rd Ave, West Point, Georgia 31833
- International payments can be made at point.flywire.com.

Withdrawal and Return to Title IV Funds (R2T4)

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws or ceases attending, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive.

The Return to Title IV Funds Policy applies to recipients of Title IV financial aid who withdraw or cease attending all classes for the payment period or term after aid has been disbursed. Repayment of aid is determined according to this policy. Financial aid recipients considering withdrawing from all coursework are advised to contact the Financial Aid Office prior to withdrawal.

When a student is considered to have totally withdrawn during a payment period or term in which he/she has begun attendance and received federal Title IV financial aid, the University is required to determine the amount of earned and unearned Title IV aid. A student is only eligible to retain the percentage of Title IV aid disbursed that is equal to the percentage of the payment period or term that was completed by the student. The unearned Title IV aid must then be returned to the appropriate federal aid program(s). If more than 60 percent of the payment period or term has been completed by the student, no Title IV aid needs to be returned.

In accordance with federal regulations, unearned Title IV aid shall be returned to these programs in the following order:

- Federal Direct Unsubsidized Stafford Loan
- Federal Direct Subsidized Stafford Loan
- Federal Direct Parent or Graduate PLUS Loan
- Federal Pell Grant
- Federal Supplemental Educational Opportunity
- Other Title IV Programs

The unearned portion of the aid will be charged back to the student's billing account and must be repaid by the student. A hold will be placed on the student's account by the Student Accounts Office if the outstanding balance is not repaid. The Financial Aid Office will send a notification to the student's University email account notifying the student of the withdrawal date, the percent of the payment period or term completed, the amount of aid returned to the federal program(s), and the balance the student currently owes.

There are three types of withdrawals that fall under the Return to Title IV Funds federal calculation regulations:

- **Official Withdrawals** — Student has completed the formal withdrawal process via the Withdrawal Authorization Form at the Registrar's Office in person, mail, fax or email. The withdrawal date is the date the student notifies the school of intent to withdraw (Withdrawal Authorization Form received by school) or the date the student resigns from all courses online.
- **Unofficial Withdrawals** — If a student begins to attend class, receives federal Title IV aid, but then ceases to attend class without providing official notification to the University, the federal government considers this to be an "unofficial withdrawal." This includes students who earn failing grades in all classes, if it is determined the student ceased attending classes prior to the end of the payment period or term. The withdrawal date for students who unofficially withdraw is the last date of attendance reported by the student's instructor(s). The refund rules for Title IV aid recipients who withdraw are then followed to determine the unearned portion of Title IV aid that must be returned to the appropriate aid program(s).
- **Module Withdrawals** — A module withdrawal refers to a course or courses in a program that does not span the entire length of the payment period or term. If a student withdraws from an individual module and does not complete all of the days he/she was initially scheduled to prior to ceasing attendance, a return of Title IV funds calculation must be performed to determine the percentage of financial aid earned and unearned.

If a student provides written confirmation of his/her intent to attend a future module within the semester, it is not necessary to perform the recalculation; however, the student's future attendance within the semester must be tracked. If it is determined that the student failed to attend a future module, a recalculation must be performed. Even if a student completes more than 60 percent of the payment period or term, Point University will complete the Return to Title IV Funds calculation to ensure that the student is not entitled to a post-withdrawal disbursement.

Title IX

Point University is committed to educating students for Christ-centered service and leadership throughout the world. To achieve that end, and to the extent that it does not conflict with constitutionally protected Christian principles to which Point University adheres, the institution must be a learning community that is free from discrimination regarding sex, age, disability, nationality, race, ethnicity, and other protected classifications. Student and employee conduct requirements are provided in the Honor Code and the Employee Handbook, respectively.

Inquiries about Title IX may be referred to Point University's Title IX Coordinator, the U. S. Department of Education's Office for Civil Rights, or both. Point University's Title IX Coordinator is David Sturgess (David.Sturgess@point.edu, 706-784-8541).

To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, refer to the policies and procedures at <https://point.edu/consumer-information/title-ix/>.

Voter Registration

Point University encourages all students, faculty, and staff to vote. Point University partners with the Troup County Voter Registration Office and Fulton County Voter Registration Office on an annual basis to provide opportunities for students to register to vote. Voter registration information can also be obtained for Georgia and other states at <https://www.usa.gov/state-election-office>.
